Debt and Bonds

The primary goal of the City's debt management effort is to maintain the ability to incur debt at minimal interest rates without endangering the City's ability to finance essential City services. The policy focuses on a revenue/debt ratio approach and calls for the City to closely monitor the absolute amounts and year-to-year trends of key financial ratios.

The City currently has no outstanding debt associated with the General Fund.

Under the Water and Sewer Fund, the City currently has three (3) GEFA loans and 1 Revenue Bond issued in 1996.

General Fund

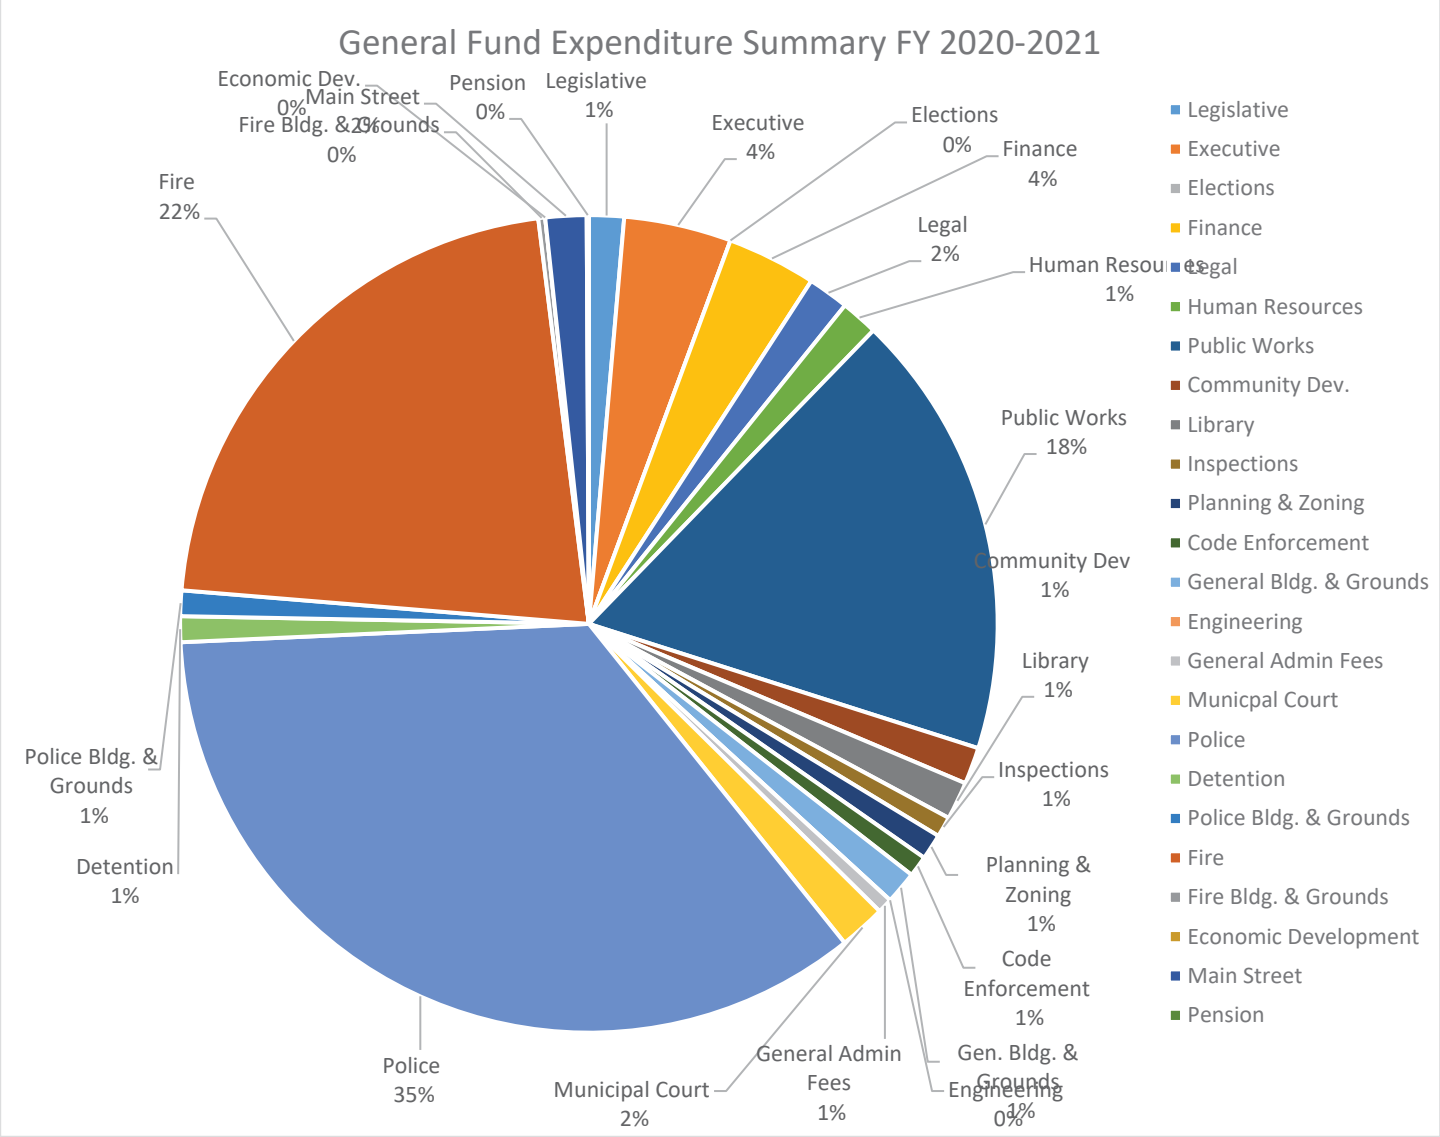

As is the case every year, the most significant challenge the Administration faces in formulating a budget for the coming year is projecting the condition of the local economy and the associated revenue to be collected. For the 2020-2021 Budget, the revenue estimates continue to be built on a conservative three-year trend analysis and foreseeable building permits. We believe the decline in the housing market and new construction has halted and a slight increase has been seen in new permit submissions. For Milledgeville, the slowing housing market and commercial restructuring has directly impacted a number of the City's larger revenue sources, including construction revenue, business permits, and sales tax. In addition, the number of foreclosure and the depreciation of the fair market value of residential and commercial properties directly impact the property taxes that represent a large portion of the City's revenue stream. However, in 2017 Baldwin County reassessed all properties in the county and the city's assessed values have increased therefore generating more property tax revenue.
General Fund revenues are projected to total $12,773,704. which is 7% or $926,745 less than the budgeted General Fund Revenues for the FY 2019/2020. The majority of general fund revenue comes from various taxes contributing 76%. The percentage of general fund revenues provided through sales tax is forecasted at 18%.

The General Fund provides a wide array of city services including police, fire, municipal court, street maintenance, general administration and other services. General Fund expenditures are budgeted at $12,773.704. contributing to a balanced budget.

Revenue and expenditures are rounded which will result in inconsequential variations among some of the totals.
