Capital Improvements Program

City of Sandersville, Georgia
Mayor and Council City

The Mayor and City Council of the City of Sandersville are elected to serve four year terms. The Mayor and Mayor Pro tem are elected at large while the four remaining members of council are elected by district. Pictured here are Council Member Mayme Dennis (24 years), Council Member Martha Armstrong (14 years), Council Member Henry Watts (28 years), Mayor Pro tem Jeffrey Smith (14 years), Mayor Jimmy Andrews (24 years), and Council Member Neil Pittman (07 years).

Distinguished Budget Presentation Award

The Government of Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Sandersville, Georgia for its annual budget for the fiscal year beginning January 1, 2013.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, operations guide, financial plan, and communications device. This award is valid for a period of one year only.

We believe our proposed budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Introduction

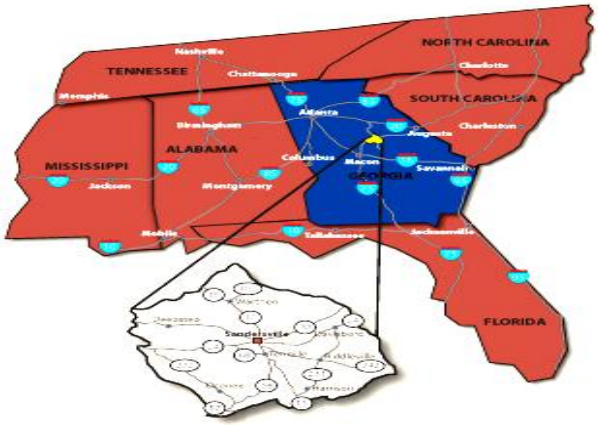

Sandersville, Georgia is known as the **"**Kaolin Capital of the World." One of Georgia's most important minerals, kaolin, is a white, alumina-silicate clay used in hundreds of products ranging from paper to cosmetics to the nose cones of rockets. Much of Sandersville's economic success in past years can be directly attributed to the Kaolin industry. Kaolin is also used in medicines, paints and many other products, all of which are shipped around the world. At the end of the 20th century, kaolin was an $800 million business and Georgia's largest volume export. The City of Sandersville and Washington County celebrates its heritage and the importance of this resource with an annual Kaolin Festival each fall.

Originally founded in 1796 as *Saundersville*, and first incorporated as a municipality by the State of Georgia in 1812, the City of Sandersville is a Georgia Municipal Association City of Excellence and Certified City of Ethics. The city provides a full range of municipal services to its residents including public safety (police and fire protection), building inspections and code enforcement, public works (streets and sidewalk construction and maintenance, storm drainage construction and maintenance, refuse collection) municipal court, and parks and cemeteries maintenance. In addition, the City also operates a water and wastewater collection, distribution, and treatment system, an electric utility and provides high speed internet access to our citizens with fiber optic technology.

Centrally located in the state, Sandersville is located 128 miles from Atlanta, 60 miles from Macon, 62 miles from Augusta, 89 miles from Athens, and 139 miles from Savannah. The city is 40 miles from Interstate 16, 47 miles from Interstate 20 and is located on State Routes 15, 242 and 88 and 24 which includes the Fall Line freeway, a four-lane connector between Columbus and Augusta.

As the county seat of Washington County, the City currently occupies approximately 12.72 square miles and serves a 2010 population of 5,912, which is a 3.8 percent decrease from the 2000 Census. The median resident age for Sandersville is 39.4 years compared to the State of Georgia at 40 years. The median household income is $21,824 in Sandersville, a decrease from $27,201 in 2000, with an estimated per capita income of $13,038. The median value of owner-occupied housing is $89,252, an increase from $63,900 in 2000. Compared to the rest of the country, Sandersville's cost of living is 15.70 percent lower than the U.S. average, making it a great place to live, work, own and operate a business and raise a family. The median home cost in Sandersville is $11800.

Sandersville has a diversified economy with several major industries located in the area, retail shopping, and a regional health care provider for surrounding Georgia counties. Approximately 33.4% of the Washington County labor force is employed by the government sector, including the City's largest employer, the Washington County Hospital Authority, while the remaining 66.6% is employed by the private sector. Major private sector employers in the City include Howard Sheppard, Inc. Thiele Kaolin Company, and Wal-Mart, Inc.

Sandersville is home to four industrial parks with close proximity to interstate highways 16 and 20, the Norfolk Southern and Sandersville Railroad companies, and the Washington County airport. Although agriculture continues to be important in rural Washington County, the timber industry plays a much more dominant role. Several manufacturing plants including Duraline and Trojan Battery as well as a district office of the Georgia Department of Transportation are also located in the area.

In 2010, Sandersville welcomed the opening of a "shared services center" for the University System of Georgia's 35 degree-granting institutions. This facility consolidates the University System's separate business functions, such as payroll, throughout its colleges and universities into one office. The City of Sandersville partnered with Washington County and the Development Authority of Washington County to develop a 21,000 sq. ft. office complex to house the "shared services center" which employs approximately 50 people.

Sandersville is a leader in health care in central Georgia with Washington County Regional Medical Center, located within the city limits, employing 508 employees and 30 physicians representing a wide range of specialties. WCRMC is a 56-bed, general acute care hospital featuring a 60 bed extended care facility. The hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations, a distinction that is awarded only to those healthcare facilities that maintain the highest standards of quality. Washington County Regional Medical Center offers a 24-hour physician-staffed emergency department and comprehensive outpatient services including same day surgery and ambulatory care.

There are two institutions of higher learning located within the city limits of the City of Sandersville: Georgia Military College located on Industrial Drive and Oconee Fall Line Technical located near Highway 88, the Fall Line Freeway.

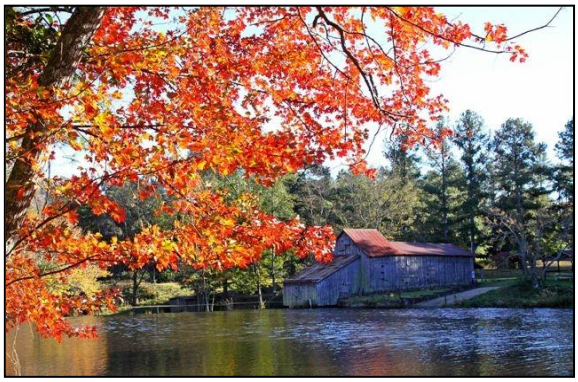

In 2010 the Georgia Legislature announced the merger of Sandersville Technical College with Heart of Georgia Technical College and on July 1, 2011 Oconee Fall Line Technical College opened its doors. A member of the Technical College System of Georgia and accredited by the Commission of the Council on Occupational Education, OFTC offers more than 100 associate degrees, diplomas and certificate programs to thousands of students annually while providing educational, career, and economic development opportunities throughout an 11 county service area. The continued growth of the College coupled with the Sandersville campus of Georgia Military College promotes Sandersville as a regional center for higher education and provides additional economic strength and vitality to the community. There are 4 public schools and 1 private school in Washington County that educate the area's 3,480 students. A total of 235 seniors graduated from these schools in 2013.

In 2012, the City of Sandersville partnered with the Georgia Department of Defense and the Georgia State Properties Commission to acquire the Georgia National Guard Armory property located in Sandersville for the purpose of providing a location for the Boys & Girls Club of the CSRA, Washington County Club. The Georgia National Guard has had a long tradition in Sandersville. For decades, the Armory was the home of engineers from the 878th Engineer Battalion. In 2004, Alpha Company of the 878th Engineer Battalion deployed to Afghanistan. Upon its return, the unit was assigned to Augusta while the Armory continued in use for a time as a recruiting office. The new Boys & Girls Club building measures approximately 15,000 square feet and features a dedicated game room, education center, gym, and center for teenagers. More than 100 children of Washington County have enrolled in the new club since it opened in August, 2012. The Boys & Girls Clubs of the CSRA provides the core programs, including arts and sports, fitness and recreation, that will promote the development of our children and youth allowing them to become productive citizens who will enrich the quality of life for all of the residents of our community.

The City of Sandersville is a progressive community that provides an exceptional quality of life to its residents and offers southern charm and hospitality to its visitors. The City offers a high standard of living with a commitment to ensure the most responsive and progressive public services to residents, businesses, and visitors. Tree-lined streets, beautiful historic homes and warm personalities welcome visitors to our serene community with genuine southern hospitality.

Recreational opportunities that enhance the quality of life for our citizens are plentiful in Sandersville and Washington County. Located just 14 miles north of Sandersville, Hamburg State Park offers a 225-acre lake trailer sites, a museum, a 1921 water-powered operational grist mill, boat ramp and lake fishing for largemouth bass, crappie and bream, as well as boat ramps, a fishing pier with boats and canoes available. A campground host, electrical hook-ups, hot showers and dump station are provided.

Sandersville has a culture rich in heritage and steeped in tradition. Three of Georgia's governors called Washington County home: Jared Irwin, Thomas W. Hardwick and Nathan Deal. About two dozen historical markers are placed throughout the county, most relating to the Civil War. Listed on the National Register of Historic Places are the Francis Plantation, Washington County Courthouse, the Old City Cemetery, North Harris Street Historic District, and Charles Edward Choate Historic District. The City of Sandersville, and particularly the Old City Cemetery, is featured in the March to the Sea Heritage Trail (a Civil War driving tour) that recognizes Union General William Tecumseh Sherman’s campaign in 1864.

Prominent among the many famous historic locations in Sandersville, including the Historical Society Genealogy Museum and the Old City Cemetery, is the Brown House Museum which housed Gen. W.T Sherman during his infamous "March to the Sea." When Sherman reached the town and learned of a skirmish and execution of Federal prisoners, he decided to burn the town of 500 to the ground but, instead was convinced to only burn the courthouse and downtown district, four cotton warehouses, and destroyed track. His men looted the county of all available food, creating hardship for the Georgians. But they were spared their homes. On Nov. 27, 1864 the Left Wing left town moving toward Louisville, and Sherman switched to the Right Wing in Tennille. Jefferson Davis, in his flight at the end of the War, arrived in Sandersville about noon on May 6, 1865, where the last official business of the Confederate States Treasury was transacted.

Today, in Sandersville there are 2 local radio stations, WSNT, WJFL and two weekly newspapers, the *Sandersville Progress* and the *Washington County Spotlight*. In addition, WMAZ (CBS) Channel 13 in Macon reports on the news in Sandersville. Sandersville is covered locally by Charter Communications, formerly Northland Cable TV, located within the city limits.

The Washington County Airport Authority owns the Kaolin Field Airport which is located approximately 40 minutes from Interstate 16, and 2 hours from the Savannah ports and the Savannah International Airport, which is serviced by 7 major airlines. In 2011 Kaolin Field welcomed the opening of a new 4200 square foot airport terminal building along with the planned completion of a parallel taxiway with the potential to serve corporate aircraft. These major improvements will foster the continued successful recruitment of industry and the promotion of economic development in Sandersville and Washington County for many years to come

The City has 56 miles of roads of which 55.8 are paved and 1,167 streetlights. Electricity is sold to 2,791 customers while the City provides water is to 2,686 customers with an average daily water consumption of 2.05 million gallons. Sewer service is provided to over 2,510 customers. Sandersville has 69.9 miles of sanitary sewer and 70.3 miles of water mains with 628 fire hydrants. The City maintains a class 5 ISO rating with one fire station.

Utilities are provided by the following within the City:

City of Sandersville	Water& Sewer, Electricity, Telecom and Sanitation
Washington EMC	Electricity
Georgia Power	Electricity
AT &T	Telecommunications
Charter Communications	Telecommunications & Cable Television

The City of Sandersville operates under a mayor-council form of government. The Mayor and Mayor Pro Tem are elected at large while the four remaining council members of the City Council are elected by district. All elections are non-partisan and the terms are for four years. The City Council appoints a City Administrator to manage the daily administrative functions of the city government. As authorized by its Charter and Code, the services provided by the City are General Government (Administration, Human Resources, Finance, Planning and Building Inspections), Judicial (Municipal Court), Public Safety (Police and Fire), Public Works (Streets, Sanitation, Water and Sewer and Electric Service).

.

City Boards and Authorities

DOWNTOWN DEVELOPMENT AUTHORITY of SANDERSVILLE

The Downtown Development Authority (DDA) of Sandersville, was established in 1994, consists of 7 members who are appointed by the Mayor and City Council to represent the owners of either real property or business establishments. The DDA is empowered with the authority to acquire, improve, sell, lease, and/or mortgage property for the development and improvement of property in the Downtown Development Authority District in Sandersville.

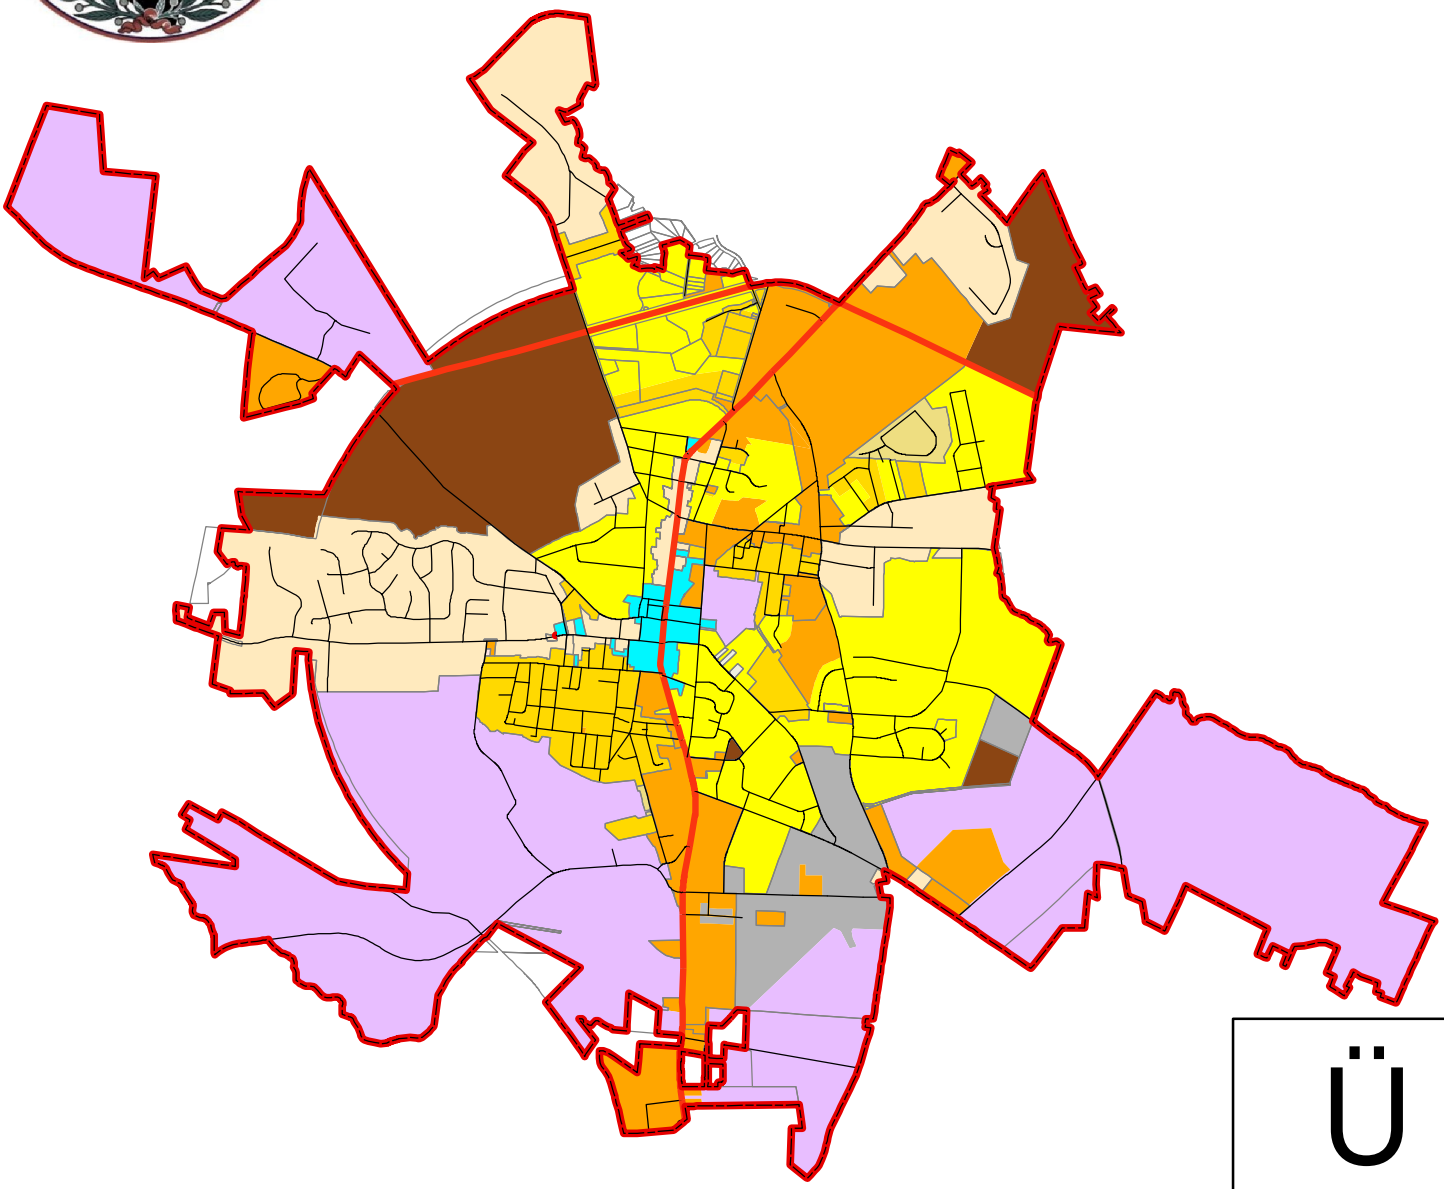

SANDERSVILLE PLANNING & ZONING BOARD

The Sandersville Planning & Zoning Board was established in 1979, and consists of 8 members who are appointed by the City Council. The Mayor or one council member may serve as ex-officio member without voting powers. The Board is vested with the duties to hear and make recommendations to the Mayor and City Council on matters regarding zoning ordinances, to promote the planning of the City of Sandersville with the preparation of the Master Plan, to prepare and recommend regulations for subdivisions and to administer those regulations, and to prepare and recommend a plat for the official map of the City showing the location of existing and proposed boundaries.

SANDERSVILLE TREE BOARD

The Sandersville Tree Board was established in 1991. The Board consists of 10 members appointed by the Mayor and City Council who are charged with the responsibility of developing and administering a City Tree Plan for the care and planting of street and park trees. Also, at the request of City Council, the Tree Board investigates, recommends, and reports on any special question within the scope of its work.

READER'S GUIDE TO THE BUDGET

While government budgets are usually complicated documents for citizens to read and understand, our goal in preparing this Budget was to make it user-friendly. Generally Accepted Accounting Principles (GAAP) for governments requires the use of multiple funds, grouped into seven categories. Some of those fund categories are budgeted and accounted for using the modified accrual basis of accounting, and some use the accrual basis of accounting. Most citizens are accustomed to private sector accounting, where a business has one balance sheet and one income statement, both kept on the accrual basis of accounting. Therefore, it is recommended that you take a few moments to review this Reader's Guide before reading the Budget. It should help you understand the framework of the City's fund structure and accounting system.

The City of Sandersville operates with sixteen separate funds making municipal budgeting and accounting considerably different from that in the private sector. Although the City may in most cases legally transfer money from one fund to another, each fund is a separate accounting entity with assets, liabilities, equity, revenues, and expenditures (expenses). Therefore, there will be thirteen separate balance sheets and income statements. The funds fall into five different categories which are segregated into two types of funds, as required by Generally Accepted Accounting Principles for governmental entities. The funds by fund type that will be used in the fiscal year are as follows, and are summarized in the chart on the next page:

(1) Governmental Funds

General Fund – This is the principal fund of the city and is used to account for all activities of the City not included in other specified funds. The General Fund accounts for the normal recurring activities of the City (i.e., public safety, general government, engineering, planning, finance, and public works).

Special Revenue Funds – Funds used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Included in the Special Revenue Funds are the Confiscated Assets Fund, 2004 and 2008 TE Grant Funds, the Hotel-Motel Tax Fund and the 2012 Community Development Block Grant Fund and 2013 Community Housing Improvement Program Fund. The Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Capital Project Funds – Funds used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations. The City's Capital Project Funds include the 2005 SPLOST Fund, 2009 SPLOST Fund, 2013 SPLOST Fund, TSPLOST Fund and the Capital Improvements Program Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

(2) Proprietary Funds

Enterprise Funds – Funds used to account for operations that are financed and operated in a manner similar to private business enterprises - - where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has four Enterprise Funds: the Water and Sewer Fund, the Electric Fund, the Solid Waste Collection Fund, and the Telecom Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Internal Service Funds – Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to the other government units, on a cost reimbursement (internal fees and charges) basis. The City currently has no Internal Service Funds.

Basis of accounting is a system used by an individual government to determine when revenues have been realized and when expenditures have been incurred while basis of budgeting is a system used by an individual government to determine when budgetary revenues have been realized and when budgetary expenditures have been incurred. The City uses the modified accrual method for accounting and budgeting.

The second column of the funds chart shows the accrual and modified accrual accounting basis. Accrual accounting is similar to private sector accounting, in that revenues are accrued when earned, and expenses are accrued when the financial transaction takes place. Proprietary Funds and Fiduciary Funds are accounted for on this basis, as they are operated very similarly to private businesses. In the Budget, these types of funds have a Budgeted Income Statement and a Budgeted Cash Flow Statement. Any major capital expenses for these funds are budgeted in the Budgeted Cash Flow Statement, except for those receiving SPLOST funds. In that case, some projects may also be funded in the 2005 SPLOST Fund, the 2009 SPLOST Fund and/or the 2013 SPLOST Fund.

All Governmental Funds are accounted for using the modified accrual basis, which is a hybrid of cash and accrual, where some revenues and expenses are accrued, and some are on a cash basis. These funds reflect only available resources. In addition, this Budget shows all the major capital expenditures for these types of funds in the Capital Improvements Program Fund, or another capital projects fund. Major capital expenditures are defined as capital assets costing at least $5,000 and having a useful life of at least two years. This includes not only land, buildings, and infrastructure, but also vehicles and equipment.

Following this Reader's Guide to the Budget is the City Administrator's Budget Message. This message includes a listing of the assumptions used in developing the Budget. It also includes a discussion of the major issues requiring financing that the Mayor and City Council have considered, and how this Budget proposes to address them.

The next section, Summary Budget of All Funds, is a multi-sheet spreadsheet, which summarizes all funds of the City of Sandersville, and the projected fund balances or working capital, depending on the basis of accounting used. This summary includes all revenues and transfers into a fund, and all expenditures (expenses) and transfers out of a fund. It also shows the other sources and uses of cash in those funds using full accrual accounting. *In short, it is the entire budget in a condensed format.* This section also contains the Resolution to adopt the Budget. Should the Mayor and City Council wish to change any aspect of this proposed Budget, they will need to adopt this Resolution subject to those specific changes.

The following section contains the Resolution Adopting the Financial Policies, which directs the financial operations of the City. These policies are reviewed each year to determine if any changes need to be made.

The next section contains a List of Authorized Personnel Positions funded by this Budget. This lists the budgeted positions within each department and division of the City. This assures that only this number of personnel can be employed unless changed by the City Council during the fiscal year.

Afterwards, we have the section which contains the Proposed Position Classification and Compensation (Pay) Plan. The Plan was recommended by the Central Savannah River Area Regional

Commission in 2008 and updated by the City in FY 2010. In the years between Plan updates, salaries and wages are adjusted by a cost of living adjustment to offset inflation. There are four schedules: 1) for 40-hour per week hourly employees, 2) for salaried employees, 3) for firefighters on the "24 hours on/ 48 hours off" schedule, and 4) for non-salaried police officers who work a 43-hour per week schedule.

Following that are sections for each one of the sixteen funds.

After all funds are presented, there are two remaining sections. They provide the following information:

1) The Existing Debt Service Schedule for All Funds. Currently, the City of Sandersville has no General Fund debt and four GEFA loans in the water and sewer system. That is the extent of the City's indebtedness. These schedules show the amount of principal and interest due in each of the fiscal years until fully repaid for each individual debt instrument.

2) A Glossary of Terms used in governmental budgeting and accounting to assist the first-time reader. It should help clarify new terms that may not be familiar to the reader.

CITY OF SANDERSVILLE, GEORGIA
WASHINGTON COUNTY
THE KAOLIN CITY
ESTABLISHED 1796

December 16, 2013

Honorable Mayor and City Council
City of Sandersville
141 West Haynes Street
City of Sandersville, Georgia 31082

Re: Budget Message and Transmittal of the Proposed Budget for Fiscal Year 2014

Ladies and Gentlemen:

Transmitted herein for your consideration is the City Sandersville's proposed budget for the fiscal year 2014 (FY 2014). I would like to express appreciation to all City departments who contributed to the formulation of this budget. As a result of these efforts we present to you a balanced budget that meets all administrative and legal requirements. Our objective in the preparation of this budget was to meet the priorities established by the Mayor and City Council for the coming fiscal year and to continue to provide the highest quality of services to our citizens in a fiscally responsive manner.

As the City's financial and spending plan for the fiscal year, the adoption of the budget is one of the most important policy decisions made by the City Council each year. The budget document should provide useful information to elected officials and to the public. It identifies the revenues and expenditures necessary to maintain and in some areas improve the present levels of municipal services. As a planning tool the budget determines the priorities for service for the coming year, the staffing level of each service, the equipment and supplies to be purchased, and which major capital projects will be funded. The budget also serves as both an accounting tool and a management tool assuring that appropriations established by the governing body will not be exceeded while providing oversight and accountability in the disbursement of public funds.

Budget Assumptions

In preparing this Budget and the six-year Capital Improvements Program (CIP), your City staff has used several assumptions that are critical in projecting anticipated revenues and expenditures (expenses). Any budget and six-year capital plan by definition is a planning document, and not every issue will have been determined prior to its preparation and adoption. Therefore it is necessary to base the budget on certain assumptions. If changing circumstances affect those assumptions, the budget can be adjusted accordingly. Should the City Council wish

to change any of these assumptions, we would need to adjust the revenue or expenditure (expense) item accordingly.

These major assumptions are as follows:

- Assumes that there will be an ad valorem (property) tax increase from 4.5 to 4.525 mills. Assumes that the City will receive no growth in the tax digest.

- Assumes no increase in the residential sanitation fees and a 10% increase in the commercial sanitation fees to offset the increased cost as a result of inflation to provide this service.

- Assumes no increase in the City's current water and sewer rate schedule for residential or commercial customers.

- Assumes that the PCA component of the electric rates will be adjusted as necessary to accommodate the market demands on the City's electric fund and the ECCR component of the electric rates will be adjusted as necessary to fund the cost of regulatory environmental compliance. Assumes no increase in the actual winter and summer rates for the electric fund for FY 2014. Assumes a normal winter and summer.

- Assumes that the City will meet the fund reserve targets established by the Mayor and City Council in the Financial Policies.

- The Budget will be adopted, and accounted for, using generally accepted accounting principles, with Enterprise Funds budgeted and accounted for using full accrual accounting similar to private businesses, and all other funds budgeted and accounted for using modified accrual accounting.

- Assumes that the Position Classification and Compensation Plan proposed by the City Administrator in FY 2010 will be re-adopted for FY 2014.

- Assumes there will be no probationary or merit increases for eligible employees; however, there will be a cost of living adjustment (COLA) to the City's pay plan during the 2014 fiscal year in the amount of .05% in addition to one step increase for employees with one or more years of service effective January 1, 2014. Employees with less than one year of service on January 1, 2014 will receive one step increase on their one year employment anniversary with the City. Employees hired after January 1, 2014 will not be eligible for an increase in salary in FY 2014.

- Assumes that the life insurance benefit will be maintained at $10,000 for each full time permanent employee.

- Assumes the local economy will stabilize at the "new normal", with building permits and business licenses remaining at below pre-recession levels and declining sales tax revenues now primarily as a result of changes in state law with the Tax Reform HB 386.

- Assumes that the rate of inflation will remain constant or increase only slightly due to present market conditions and continued uncertainty with the federal government and the national economy.

- In projecting revenues city staff analyzed trends based on historical data over the course of several years and considered current economic conditions in the local economy and the possible impact of pending legislation on the city's budget. Revenues have been projected within the medium range, so that they are realistic, but not overly optimistic or pessimistic.

- Assumes that medical and dental insurance premiums will remain the same for the employee portion of the premium and decrease slightly for the City's portion of the premium due to an overall decrease in the premium from the provider. The City's portion of the premium for individual plans will remain at 90% with the employee paying the remaining 10% of the premium. In FY 2014, City staff will continue to review the City's insurance benefit and recommend possible changes in the benefit structure such as higher deductibles, higher co-pays, and other similar methods in order to reduce cost to the City.

- Assumes that the maximum deferred compensation match provided by the City to each employee will remain at 50% with a maximum of 3% of the employee's annual salary.

- Assumes that the City will transfer $150,000 to the General Fund from the Water and Sewer Fund and, $15,000 to the General Fund from the Hotel/ Motel Tax Fund for payment to the Washington County Historical Society, this fiscal year while still maintaining adequate reserve funds.

TRANSFERS BETWEEN FUNDS

Transfer In	General	CIP	Water/Sewer	Electric	Telecom	SWC	
Transfer Out							TOTALS OUT
General							$ -
CIP							$ -
Water/ Sewer	$ 150,000						$ 150,000
Electric							$ -
Telecom							$ -
SW Collection							$ -
Hotel/ Motel Tax	$ 15,000						$ 15,000
TOTALS IN	**$ 165,000**	**$ -**	**$ -**	**$ -**	**$ -**	**$ -**	**$ 165,000**

- Assumes that all Proprietary Funds will be self-supporting without assistance from the General Fund.

- Assumes that the City will enter into a new contract with Precision Waste Services, Inc for Solid Waste Collection for Commercial and Residential accounts with no inflationary increase in the contract for the next fiscal year.

- Assumes that Workers' Compensation insurance premiums and expenses will remain constant at current levels.

- Assumes that Retirement Benefits will not increase beyond the current contribution level of 10.49% of payroll.

- Assumes the hiring of one full time employee in the police department while eliminating three part-time positions in this department; and, that one part-time position will be eliminated in the Administration Department, and one position will be eliminated in the Electric Department.

- Assumes that the City will expend 39% of the Hotel/Motel Tax revenue to promote tourism with 17% of revenues allocated to the Washington County Chamber of Commerce and 14% of revenues allocated to the Washington County Historical Society. The City of Sandersville will contract with each of these entities for services for FY 2014 for a one-year term, as required by state law.

- Assumes that the City will continue to contract with the Washington County Historical Society to provide additional tourism services at the Old City Jail/ Genealogy Center and the Brown House Museum.

- Assumes that the payment to the Washington County Chamber of Commerce from the City's General Fund will be reduced from $45,000 to $30,000 for FY 2014.

- Assumes that the payments to the Washington County Recreation Department/ Senior Center, Rosa M. Tarbutton Library, DAR and Airport Authority will remain the same as in FY 2013.

Major Issues

Background

Since the 1940's much of Sandersville's economic success can be directly attributed to the Kaolin industry. However, even prior to the current economic recession much of this industry was declining as manufacturers have sought to import this resource from other countries at a reduced cost. The decline in the kaolin industry coupled with the 2008 recession have been the major contributing factors to the city's continued double digit unemployment rate of 11.2% , down from 15.4% in 2010, 13.5% in 2011 and 11.7% in 2012. During the recession Trojan Battery, along with other area industries, reduced or stopped production altogether as a result of the economic downturn. With evidence of improvement in the local labor market as indicated in the decrease in the unemployment rate over the last four years along with recent activity by industries in the City and Washington County we are optimistic about the continued improvement in the local economy. Trojan Battery is making considerable progress to re-open

their Sandersville plant in the coming months and to produce a new product line which will require higher skilled labor and offer increased salary levels. Also, Duraline, another local industry, has expanded their production line in the last year and continues to be a valuable asset to our community.

Although Sandersville offers an excellent quality of life for area residents and visitors with city wide recycling, a low crime rate, exceptional fire protection services and the availability of quality water and sewer resources, we are not immune to the economic pressures and challenges experienced by the rest of our state and the nation. Along with other local government providers, Sandersville city officials continue to be concerned about the state of the national economy and its impact on our local economy. Continued high unemployment rates along with declining property values translate into decreasing revenue streams and continued uncertainty regarding the long term fiscal impact on the City's budget. The City's gross property tax digest has declined four of the last five years since the 2008 recession. In an effort to balance this decline in the digest and the decrease in revenue from ad valorem taxes, the City Council adopted an increase in the millage rate from 3 mills in 2010 to 3.9 mills in 2011, and to 4.5 mills in 2012 and recently to 4.525 in 2013.

The decline in the industrial base in Sandersville resulted in a decline in the reliance on the City's utility services, particularly electricity. As in the previous budget year, the City remains extremely concerned about the performance of the Electric Fund where the operating income has decreased significantly over the past four years primarily due to the increase in the cost to purchase power resulting from increased market pressures and the City's excess power capacity. Measures have been implemented in the city's budget in each of these years to minimize the impact of these declining revenues including reducing expenses and eliminating transfers from the electric fund to supplement other funds. However, sustaining these measures to offset the deficits in revenues over a prolonged period will impact our service delivery. We will need to be proactive in economic development and the recruitment of new industry to supplement these revenue shortfalls. Carefully planned investments in water, sewer, electricity, and roads, in our community will position us to capitalize on our investments and to aggressively solicit new industrial prospects and opportunities in order to ensure our economic vitality in the future.

While the City budgets expenses conservatively and monitors budgets closely to absorb the impact of declining revenues Sandersville officials continue to have concerns regarding the escalating cost of health care and the impact of the Affordable Health Care Act passed by the Federal Government. The City also remains apprehensive about the impact of Georgia HB 386 which eliminates sales tax and ad valorem tax on vehicles and replaces it with a one-time title tax and also eliminates sales tax on energy used in manufacturing, agriculture and mining. During this challenging period the City will continue to adhere to sound financial policies to ensure that we remain financially stable.

The City will continue to focus on maintaining a healthy and expanding economic base supported by superior infrastructure in order to attract and retain quality employers. Expanding economic activity translates into growing needs for quality support services including improved transportation, water and sewer, electricity, solid waste, and public safety services. To effectively respond to growth and the increased demand for services with the continuing decline

of revenues the City will have to proactively plan in order to meet the challenges for financing major public works and utilities improvements. The funding initiatives in this proposed Budget attempt to address many of these challenges.

Future Initiatives

In March 2013, the voters of Washington County approved a referendum to continue the collection of the 1% sales tax which provides the necessary revenue for capital projects, many of which could not be funded without these SPLOST funds. Continued investments in water, sewer, electricity and roads in our community are vital to our success in attracting quality employers and just as important in the retention and expansion of the industries that we already have. The 2013 SPLOST will provide the City with an estimated $3 million in funding in addition to remaining 2005 and 2009 SPLOST funds for these capital projects for FY 2014 - FY 2019. During this period the City will continue to invest in infrastructure while funding a scheduled preventative maintenance program for vehicles, facilities and equipment. One of the most visible and costly of the traditional government services is public safety (police and fire) consuming 41.8% of the City's general fund budget. With the continued support of tax revenue for equipment and training our police department will attain the goal of becoming state certified which will significantly reduce our risk and liability insurance and also prepare us to fight crime in the City which has decreased since 2010 by 20.69% in violent crimes and by 3.7% in property crimes reported to the FBI. In FY 2014, the 2009 Special Purpose Local Option Sales Tax (SPLOST) will fund the scheduled replacement of police vehicles and conversions in the amount of $75,032 and continued construction of a fire training complex in the amount of $20,000. The 2005 SPLOST will fund $65,000 to purchase a fire ladder truck and $75,000 for the replacement of the roof at City Hall. 2005 SPLOST funds in the amount of $75,430 will also be used to purchase automated meter reading equipment (AMR) for the electric department which will provide for more efficient and accurate meter reading while eliminating at least one authorized position in the electric department.

In FY 2014, the 2009 SPLOST Fund also appropriates funding in the amount of $80,000 for matching funds for a 2012 Community Development Block Grant in the amount of $367,890 for roadway and drainage improvements in the Tybee Community in Sandersville. Other public works projects in FY 2014 include the purchase of a small track hoe in street construction in the amount of $46,000 and the purchase of a knuckle boom truck for solid waste collection in the amount of $135,000. The Water & Sewer Fund appropriates $411,999 to retrofit water meters to radio read during FY 2014, 2015 and 2016. Funds have also been appropriated in the 2005 SPLOST Fund and in the Electric Fund in FY 2014, 2015 and 2016 for capital projects totaling $226,290 over 3 the years for the purchase and implementation of an automated meter reading system that will provide more accuracy in reading the meters and promote more efficiency in the billing process.

Our City leadership has been proactive in financing major upgrades to infrastructure which provide quality water and sewer resources and improved transportation throughout the City. In FY 2013, the City Council approved an application to the USDA for funding to payoff and consolidate current water and sewer debt and to finance an additional $4.9 million for new water and sewer upgrades. In 2012, the voters of Sandersville, Washington County and other local governments in the Central Savannah Regional Area approved a regional 1% transportation

SPLOST in which 75% of the funding will be used for a pre-determined list of priority projects in the region while the remaining 25% will be provided to the local governments in the region as discretionary funds to be used on their individual transportation projects. A Transportation Fund was established in the FY 2013 budget to account for the receipt and disbursement of these funds as well as LMIG (Local Maintenance and Improvement Grant) funds from the Georgia Department of Transportation. Capital projects totaling $ $211,876 are included in this fund for FY 2014 including resurfacing four city streets and funding for an ongoing repaving/ resurfacing and milling program.

With each budget cycle the City continues to address the challenge of providing quality services to our residents with increasingly limited resources and we will continue to make every effort to improve service levels, reduce taxes and improve the financial integrity of the City of Sandersville. To accomplish the vision established by the Mayor and City Council of the City of Sandersville the FY 2014 budget links developed organizational goals and objectives with the financial resources available to fund them. The following goals and objectives have been developed by each City department for FY 2014.

Administration

Goal: Continue to improve the City's overall financial condition.
Objectives:
1. Prepare and administer a fiscally conservative operating and capital budget that stays within available resources. Build up the reserve funds to the targeted level in each fund.
2. Prepare accurate monthly financial reports for the governing body and management, so that decision-makers have timely financial information.
3. Obtain an unqualified (clean) audit opinion, and prepare a Comprehensive Annual Finance Report.
4. Continue to reduce the outstanding debt of the City, while incurring only a limited amount of new indebtedness.
5. Continue to aggressively collect all property taxes due, using tax lien sales as needed.
6. Continue to aggressively collect overdue utility bills, using account termination and collection agencies as needed.
7. Perform an audit of the hotel/motel operators to assure compliance with the hotel/motel tax ordinance and an audit of our utility franchisees to assure compliance with the franchise terms and payments.
8. Continue to monitor internal controls so that all funds are properly received and accounted for.
9. Adopt and implement a Purchasing Policies and Procedures Manual to assure budgetary compliance, and best pricing.
10. Monitor the City’s property damage claims and implement incentives to reduce at-fault incidents from prior years.

Goal: Continue to improve the City's capacity to provide quality customer service.
Objectives:
1. Implement an AMR (automated meter reading) system to improve efficiency and keep the number of misreads on utility accounts at a minimum.
3. Correct billing errors within a 24-hour time period.

4. Control fraudulent account set ups by customers where possible.
5. Remain aggressive with all collection accounts.

Goal: Continue to improve the City's records retention program.
Objectives:
1. Implement a system to scan all City records into a digitized, searchable database.
2. Continue to reduce paper copies whenever possible by using the server storage capability and making all City records available in an electronic format.
3. Destroy all records that have surpassed the City's adopted records retention schedule or that have been scanned and are not of historical value.

Goal: Assure that the City maintains a good work environment and has a competitive salary and fringe benefits structure to recruit and retain qualified employees.
Objectives:
1. Administer the Personnel Policies and Procedures Manual (Employee Handbook) which was adopted in December, 2013 in a fair, impartial manner.
2. Continue to recruit broadly to obtain a workforce that resembles the community.
3. Maintain the revised Classification and Compensation Plan developed by the Central Savannah River Area Regional Commission.
4. Monitor the City's workers compensation claims and implement incentives to reduce higher claims from prior years.

Planning & Building Inspections Department

Goal: Enhance the availability of parking in the downtown area.
Objectives:
1. Develop a plan for additional parking spaces in and around the downtown area.

Goal: Continue to encourage the development of housing ownership options for low- and moderate-income citizens.
Objectives:
1. Take the necessary steps to develop a Land Bank Authority to help provide buildable city lots for the City and non-profit organizations to help low and moderate income citizens.

Goal: Continue to deal effectively with the development community, while assuring that the City's development objectives are met.
Objectives:
1. Review subdivision plats and resolve any issues in a timely manner.
2. Continue to provide clear schedule deadlines for the Planning Commission submittals, public hearing advertisement requirements, and City Council public hearing dates.
3. Meet with developers before they begin design so that they are clearly informed of our criteria.
4. Meet with developers and others on rezoning requests and variance requests so that they understand possible compatibility issues.

Goal: To proactively plan for the growth of the community.
Objectives:
1. Ensure the follow through of the City's Comprehensive Plan.

Goal: To inform and train contractors, builders, and tradesmen of Adoption of the 2012 Building Codes for 2014
Objectives:
1. Send a letter regarding code requirements and encouraging training for contractors to become better informed on the code changes.
2. Offer a continuing education course for contractors and tradesman to become familiar with the code changes in the 2012 codes

Goal: Become more effective in code enforcement in an effort to improve the physical condition of all neighborhoods.
Objectives:
1. Identify all structures that are deteriorated and dilapidated, and notify the owners that they must be brought up to the minimum housing code or be demolished.
2. Identify all lots and tracts that need to be mowed and raked, and notify the owners that these nuisances must be abated.
3. Identify all junked or abandoned vehicles on lots and tracts, and notify the owners that these nuisances must be removed.
4. Adopt ICC Property Maintenance Code and Unfit Housing Ordinance.

Goal: Update the Zoning Ordinance to more current standards to meet the needs of the City and the citizens.
Objectives:
1. Research other cities zoning ordinances and procedures for assistance in updating the City of Sandersville's Zoning Ordinance.
2. Recruit a consultant for assistance in updating the Zoning Ordinance.
3. Recommend changes to the Zoning Ordinance to the Planning Commission and the City Council for adoption.

Police Department

Goal: Decrease the amount of traffic accidents within the City.
Objectives:
1. Provide planned license check points for safety enhancement within the community.
2. Conduct traffic operations at specific locations and during special dates and events to apprehend DUI offenders.
3. Encourage conservative but effective police patrol tactics.

Goal: Decrease the amount of drug-related crime within the City.
Objectives:
1. Work with the DEA and the Ocmulgee Drug Task Force to increase the number of convictions and drug seizures within the City.

2. Encourage the continued team work between our Narcotics Division and the Ocmulgee Task Force in order to conduct effective drug operations and prosecutions within the City of Sandersville.
3. Continue to reevaluate the effectiveness of our drug operations and make adjustments as needed to control the illegal use of drugs within the City.

Goal: Decrease the amount of crime related to physical assaults.
Objectives:
1. Work with DFACS and other agencies to identify and prosecute cases of physical abuse.
2. Continue to aggressively apprehend and prosecute offenders that commit physical assaults.
3. Identify and publicize the names and locations of known pedophiles within the City of Sandersville.
4. Research the Police Data Base for information on domestic abuse to better provide information and assistance to victims and to deter recidivism.

Goal: Continue to maintain high professional standards and improve the morale of the department.
Objectives:
1. Acquire and maintain the status of a Georgia Certified Police Department by reviewing and updating all operating policies.
2. Support the efforts of the Certification Manager by providing required documentation and maintaining records for certification compliance.
3. Continue in-house training program on all operating policies and procedures required to maintain the status as a Georgia Certified Police Department.

Animal Shelter

Goal: Improve the Animal Control officer's professional knowledge and skills level.
Objectives:
1. Register Animal Control officers to attend Animal Control training from the National Standards level.
2. Reevaluate current practices and implement more effective practices.
3. Research best practices in handling wild life and large domestic animals.

Goal: Increase the adoption rate of Dogs and Cats ten (10) per cent.
Objectives:
1. Notify the public of the availability of cats and dogs that are ready for adoption by media, web-sites, Facebook and hand-out literature at the Animal Shelter.
2. Continue to participate in scheduled events that will increase the community awareness of cats and dogs that are ready for adoption.
3. Schedule a minimum of six off-site Saturday adoption events to provide the public more accessibility to the animals available for adoption.
4. Research and negotiate the transfer and adoption of cats and dogs with other humane and adoption agencies that have demonstrated professional care and treatment of domestic animals.

Goal: Evaluate whether or not to designate an area for domestic animals.
Objectives:
1. Coordinate with other agencies to determine the need for an area for large domesticated animals.
2. Designate a location for large domesticated animals to be housed on the property of the Animal Shelter Facility.

Fire Department

Goal: Continue to have no loss of life or serious injury from a fire-related incident, and to keep fire-related property losses under 0.03% of the appraised value of the property within the City and the Fire District outside the City.
Objectives:
1. Prevent and reduce fire losses through annual inspections of businesses.
2. Stress fire safety through visits with school children in the public and private schools and by attending public events such as the annual Kaolin Festival and health fairs.
3. Continue to maintain an average response time under five minutes for calls inside the City.
4. Develop a safety program for the department and train firefighters to stress safety in their work.
5. Continue to work with ISO to meet the requirements to reduce the City's rating from Class 5 to Class 4.
6. Continue to build and develop the Fire Training Facility on Kaolin Road.
7. Continue to maintain an "on duty" strength of two Firefighters per shift.
8. Maintain and replace equipment and vehicles as needed.

Public Works Department- Administration

Goal: Provide customer satisfaction and completed zero backlogs.
Objectives:
1. Maintain a zero work order backlog.
2. 100% compliance with permitting agencies.
3. Maintenance of GPS data systems.
4. Provide training of staff and promote general morale of employees.
5. Maintain documents and drawings.
6. Maintenance of the Water Model.

Public Works Department -Streets

Goal: Maintain the street surfaces and drainage system so that they function properly.
Objectives:
1. Respond to work orders in a timely manner based upon the priority in which they are assigned.
2. Prioritize repairs and maintenance so that known safety hazards are repaired as soon as possible.
3. Educate employees on the necessity of performing the job correctly the first time. Strive to have zero repeat calls to same address.
4. Maintain the preventive and corrective work order system up to date with a zero backlog.

5. Maximize LMIG and TSPLOST funding to gain the most benefit and coverage for the city.

Goal: Improve both vehicular and pedestrian safety.
Objectives:
1. Complete construction of the Wal-Mart / Sun Hill Road Sidewalk Project.
2. Make application for an ISTEA Project which will improve the downtown section of East Haynes Street to match the streetscape of the existing city "square".
3. Use a combination of LMIG and T SPLOST funds in the resurfacing of city streets. Current major target streets are Hall Street, Ridgeland Drive, Cook Street and Peachtree Drive.
4. Improve pedestrian safety by maintaining current sidewalks and providing additional sidewalks and safer crossings where possible.
5. Complete construction of CDBG Phase I in the Tybee Community target area to improve roadways and drainage.
6. Complete planning and development of a multi-activity CDBG grant package for Phase II in the Tybee Community.
7. Meet the required compliance with GDOT Sign Retro- reflectivity Plan.

Goal: Decrease the possibility of damage from flooding in lower elevation areas.
Objectives:
1. Working towards making major improvements of the Tanyard Branch drainage basin. We have not found a funding source for this project. We are working on an in-house project to relieve the basin of some of the drainage issues and preparing the basin for ease of maintenance in the future.
2. We will continue to focus on storm basin rehabilitation throughout the city and take proactive measures as the seasons permit.

Public Works Department- Fleet Maintenance

Goal: Continue to maintain the City's fleet of vehicles at below market labor rates, and to reduce the number of breakdowns in the field.
Objectives:
1. Continue the average number of equipment pieces maintained by each mechanic.
2. Reduce the amount of work farmed out due to lack of training or equipment.
3. Continue to properly train the mechanics on all types of equipment.
4. Continue the preventive maintenance schedule so that equipment failures on the job are further reduced.
5. Support the connectivity to the city owned gas system that will flag work orders as vehicles fuel at the station.

Public Works Department- Parks & Cemetery

Goal: Maintain and beautify the Cemetery and the various public areas to enhance the City's appearance.

Objectives:
1. Provide training to employees on proper maintenance techniques and continue the seasonal lawn care and flower planting schedule.

Public Works Department- Solid Waste Collection

Goal: Maintain a healthy environment by the removal and disposal of commercial and residential garbage, yard waste, and other debris.
Objectives:
1. Work with Precision Waste to complete all assigned residential and commercial garbage routes with minimal missed locations.
2. Continue to complete the daily routes for yard waste collection.
3. Expand the existing recycling program.

Public Works Department- Water and Wastewater

Goal: Continue to provide safe drinking water with no disruptions.
Objectives:
1. Maintain all lines, pumps and water tanks so that breakdowns are avoided.
2. Completion of SCADA system in 2014.
3. Train and supervise the laboratory staff so that all required EPA/EPD testing is completed and reported as required, and that any quality issues are addressed immediately.
4. Continue the conversion to an AMR system.
5. Continue the expansion of the existing water and sewer system.
6. Bring Well #6 back into production.
7. Acquire a USDA loan to fund the rehabilitation of the South Water Plant.

Goal: Continue to collect and treat all wastewater on our system within the NPDES Permit issued by the Environmental Protection Division of the Georgia Department of Natural Resources.
Objectives:
1. Maintain the sewer lines, pump stations, and WWTP so that overflows are avoided.
2. Operate the WWTP and the laboratory so that all parameters of the NPDES Permit are met, and properly tested and reported to the State monthly.
3. Replace the bar screen and grit collector at the WWTP.
4. I&I work will increase capacity at the WWTP.
5. Acquire a USDA bond to fund the necessary upgrades to the MLK lift station and the Davisboro lift station and to perform upgrades to the head works of the WWTP.

Goal: Reduce the amount of infiltration and inflow into the wastewater collection system.
Objectives:
1. Use camera technology to systematically identify the areas of infiltration and inflow, particularly in heavy rains.
2. Develop a priority rating system for these problems and either contract for or repair in-house.

Goal: Install water and sewer lines in unserved areas within the City including fast-growth areas and new developments and immediately outside the City in areas to be annexed.
Objectives:
1**.** Focus on potential new growth on the Eastern and Northern side of the City.
2. Eliminate low pressure zones identified by the water model.
3. Use data contained in the water model to determine future needs.

Electric Department

Goal: Continue to operate the City's Electric system in compliance with all federal and state regulations in order to provide service to new and existing customers while avoiding any serious injuries or property damage.
Objectives:
1. Educate the public on conservation methods to reduce utility bills and promote a more energy efficient environment.
2. Continue to provide systematic training in operations and safety for all Electric employees.
3. Have no serious accidents during the year.
4. Continue to participate in the Municipal Electric Authority of Georgia (MEAG) for the purchase of power and in the Electric Cities of Georgia (ECG) for marketing and other support in the electric industry.

Goal: To expand the system in the most desirable locations to maximize both service and profitability.
Objectives:
1. Market the City's electric service to new residential customers and proposed commercial and industrial developments.
2. Work with MEAG to provide power for a potential new industry and to install substation #6 in the industrial park for a returning and expanding industry in FY 2014.
2. Continue to install services to new residential subdivisions and commercial developments.
3. Identify those areas within the City's electric territory that are without service for future expansion.

Goal: To provide the best service possible to our customers and to have a well maintained electric system with reliable power in a secure and safe environment.
Objectives:
1. To have properly trained employees with reliable equipment providing in a secure and safe environment for City employees, our community and our customers.
2. To meter all unmetered City owned facilities and install an AMR system.
3. To continue our tree trimming program throughout the City in order to minimize power outages and promote a safe environment.

Telecom Department

Goal: To keep the Telecom department a self-sufficient department non-reliant on any other City Fund for support.

Objectives:
1. To acquire the service of a Telecom Consultant to use the 2012 study of the Telecom system, including customer base and infrastructure, to determine the viability of the City remaining in the Telecom business and possible alternatives such as selling or leasing the system.

Goal: To provide the best service possible to our customers through a well maintained reliable telecom system that operates in a secure environment.
Objectives:
1. Determine the most cost efficient means of making reliable Telecom services available to our customers either by the City or through a partnership with a preferred provider.
2. Continue routine maintenance and scheduled replacement of our equipment.

Long Term Goals

The City's short term goals and objectives are linked to five long term goals established by the Mayor and City Council. They are:

1. Protect and improve the financial integrity of the City.
2. Maintain a safe and secure environment for our citizens and their property.
3. Provide excellent customer service in all service areas.
4. Encourage economic development and growth in our community.
5. Promote a healthy quality of life by being good stewards of our environmental resources.

ALIGNING SHORT TERM GOALS WITH LONG TERM GOALS

DEPARTMENT	SHORT TERM GOAL	I. PROTECT AND IMPROVE THE FINANCIAL INTEGRITY OF THE CITY	II. MAINTAIN A SAFE & SECURE ENVIRONMENT FOR OUR CITIZENS AND THEIR PROPERTY	III. PROVIDE EXCELLENT CUSTOMER SERVICE IN ALL SERVICE AREAS	IV. ENCOURAGE ECONOMIC DEVELOPMENT & GROWTH IN OUR COMMUNITY	V. PROMOTE A HEALTHY QUALITY OF LIFE BY BEING GOOD STEWARDS OF OUR ENVIRONMENTAL RESOURCES
Administration	1. Improve the City's overall financial condition	X				
	2. Improve the City's capacity to provide quality customer service.			X		
	3. Improve the City's records retention program.			X		
	4. Maintain a good work environment including a competitive salary a fringe benefits structure to recruit and retain qualified employees.			X		
Planning & Building Inspections	1. Enhance the availability of parking in the downtown area.				X	
	2. Encourage the development of housing ownership options for low moderate income citizens.				X	
	3. Deal effectively with the development community, assuring that the City's development objectives are met.				X	
	4. Inform contractors, builders, and tradesmen of the Energy Conserv Code and ensure compliance.		X			
	5. Proactively plan for the growth of the community.				X	
	6. Improve the physical condition of all neighborhoods.		X			
	7. Update City's Zoning Ordinance		X			
Police Department	1. Decrease the amount of traffic accidents within the City.		X			
	2. Decrease the amount of drug-related crime within the City.		X			
	3. Decrease the amount of crime related to physical assaults.		X			
	4. Continue to maintain high professional standards and improve the morale of the department.		X			
Animal Shelter	1. Improve Animal Control officers professional knowledge and skills			X

Water and Wastewater	1. Provide safe drinking water with no disruptions.					X
	2. Collect and treat all wastewater on our system within the NPDES I issued by the Environmental Protection Division of the Georgia De of Natural Resources.					X
	3. Reduce the amount of infiltration and inflow into the wastewater system.					X
	4. Install water and sewer lines in unserved areas within the City including new developments and immediately outside the City.				X	
Electric Department	1. Operate the City's Electric system in compliance with all federal and state regulations in order to provide service to new and existing custome avoiding any serious injuries or property damage.			X		
	2. Expand the system in locations which will maximize service and pr	X				
	3. Provide the best service possible to our customers from a well main electric system with reliable power provided in a secure, safe envir			X		
Telecom Department	1. Keep the Telecom department a self-sufficient department that isl not reliant on any other City Fund for support.	X				

Outside Agencies

Other agencies are impacted by the City of Sandersville's Budget including the Sandersville Downtown Development Authority (DDA), the Washington County Chamber of Commerce, the Washington County Historical Society, the Washington County Recreation Department/ Senior Center, the Washington County Airport Authority and the Rosa M. Tarbutton Library.

Impact of the Capital Improvements on the Operating Budget

In this budget process, our goal has been to respond to the needs of a thriving City while funding the priorities established by the City Council to respond to those needs. We believe this capital budget addresses the declining revenue base along with increasing demands for services and aging infrastructure in a fiscally responsive manner. The capital improvements recommended in the FY 2014 Budget will have differing affects on the operating side of the Budget. The infrastructure improvements (streets, drainage, and sidewalks), primarily funded by SPLOST and CDBG grant funds, inside the City will increase our maintenance and operating costs over time. However, the increased value to the tax base that will be generated should offset these costs. If properly constructed and inspected this infrastructure should not require considerable maintenance for a number of years.

The vehicle and equipment purchases are all for routine replacement of older, worn out equipment that have outlived useful life. This will decrease the operating expenses to maintain these capital assets; however, this decrease will likely be offset by the increased cost to insure the newer vehicles and equipment. The direct impact on the operating budget of each capital project is presented on the reverse side of each project sheet in the Capital Improvements Budget.

Conclusion

The FY 2014 budget considers current economic conditions while reviewing historic data and revenue trends and, particularly in the electric fund, the purchase of power and electric sales. Spending cutbacks and generally conservative financial policies were taken into consideration in projecting revenues for all funds as well as other local and broader economic indicators that will influence the revenue stream. The City of Sandersville's FY 2014 operating and capital budgets exceed $26.1 million (including transfers and $4.9 million in water & sewer projects to be funded by a USDA loan), an increase of 18.8% from the $22.2 million budget adopted in FY 2013 and an increase of 27.5% from the $20.5 budget adopted in FY 2012. The City's General Fund which decreased from $4,494,821 in FY 2012 to $4,388,454 in FY 2013 increased by .6% in FY 2014 to $4,414,227. This increase is primarily related to 3% salary increases provided to employees for the first time since 2009. The budget process is challenging every year and always requires difficult decisions to be made. In addition to the millage rate increase in the General Fund and commercial rate increases in the Solid Waste Collection Fund, in December 2013 the City Council adopted a completely revised Personnel Policies and Procedures Manual (Employee Handbook) that continues to offer incentives that will allow the City to recruit and retain quality employees while also providing new employee programs including an insurance buy-out plan which should reduce the City's health care liability and provide the employee with an alternative to their health care benefit.

The General Fund, the second largest of the City's 16 funds comprising 22.24%, or $4.4 million of the total operating budget, funds the traditional government services such as Planning and Zoning, Public Safety, and Public Works. The FY 2014 budget as presented continues to provide these crucial services to our population while still maintaining one of the lowest millage rates in the state, at 4.525 mills. The City's primary enterprise funds, Water/ Sewer and Electric have operating budgets of $1,575,454 and $12,871,746 respectively. In an effort to reduce expenses totaling $825,380 in the City's Solid Waste Collection Fund the City re-bid the contract for the collection and disposal of household and commercial solid waste in FY 2013 and awarded the bid to Precision Waste. Our SPLOST Funds and Capital Improvements Program Fund presents a 6 year plan for the acquisition, expansion and maintenance of the City's major assets totaling $9.3 million. In the preparation of this FY 2014 budget every effort has been made to continue to improve service levels, reduce taxes and improve the financial integrity of the City.

The City of Sandersville is dedicated to improving the quality of life for our residents while still maintaining the financial integrity of the City. We will continue to strive to keep our fees and millage rate low through prudent fiscal spending and by searching for alternate sources of revenue. We will work to provide our citizens with better government, not more government. We encourage our citizens to become involved in our local government by attending council meetings, participating in our citizen volunteer boards, and visiting our web site often at www.sandersville.net for updates on our City government. .

I would like to express appreciation to city department managers for their participation and cooperation in preparing the FY 2014 Budget and Capital Improvements Plan. Every department made efforts to cut expenditures while pledging to continue to maintain exceptionally high levels of service to our citizens. I would also like to thank our City Finance Officer Cynthia Maddox and Accounting Technician Brianna Wiley for the numerous hours of staff time that have gone into the preparation of this budget. They are to be commended for their work. The preparation of this year's Budget and CIP was truly a team effort. Finally, I would like to say thank you to the Mayor and City Council for your support during this budget process.

Copies of the proposed Budget and Capital Improvements Program will be on file in the City Clerk's Office and on the City's web site at www.Sandersville.net. The public hearing on the Budget was held on December 9, 2013. Adoption of the Budget Resolution will be on the December 16, 2013 City Council agenda with an effective date of January 1, 2014, subject to any changes that you might make in its adoption.

Please let me know if I can provide any further information as you review this proposed Budget and Capital Improvements Program.

Respectfully submitted,

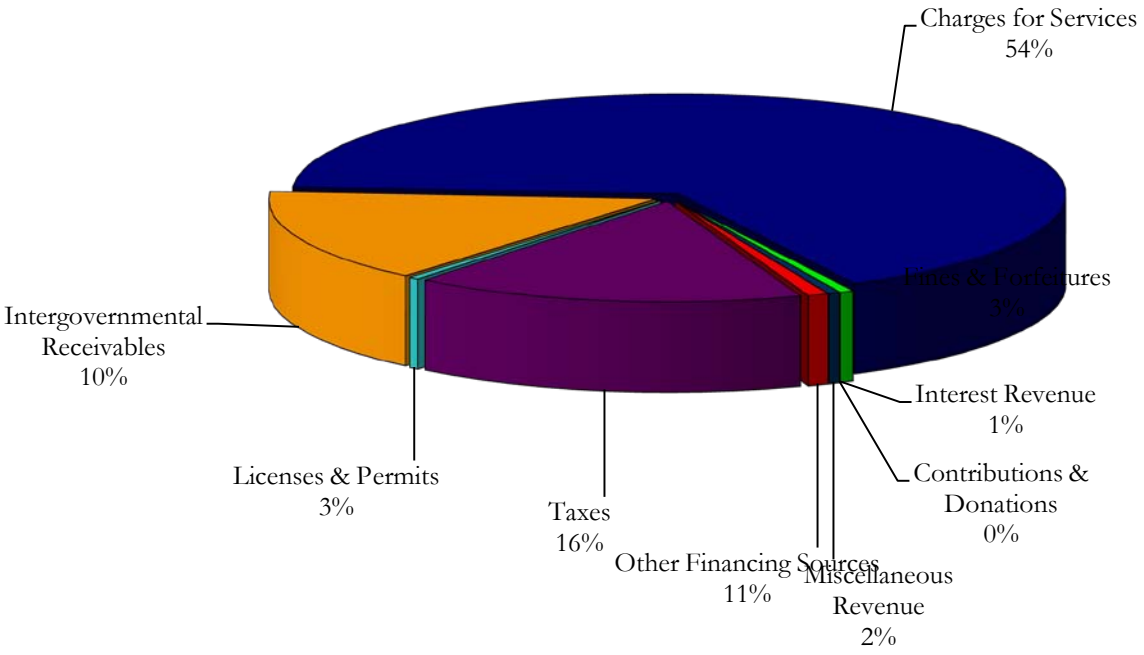

Judy M. McCorkle
City Administrator

City of Sandersville Summary of All Funds

This section consists of a consolidated summary of all funds used to provide city services. The revenue sources and expenditures of the City of Sandersville may be more easily understood by reviewing the charts on the next pages. Also included in this section are three-year budget spreadsheets (FY 2012 actual, FY 2013 budgeted, and FY 2014 recommended budgets) for each of the fund categories.

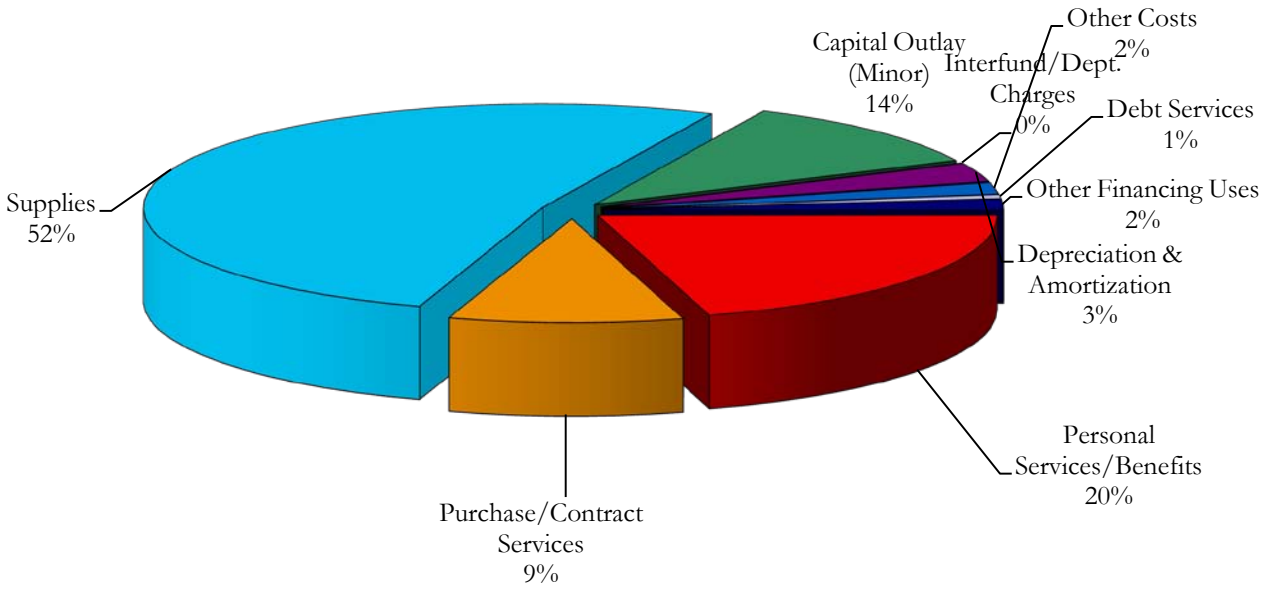

Please see the individual tabs for detailed budget information and the services provided by the various fund.

RESOLUTION #2013-27: A RESOLUTION TO ADOPT THE FISCAL YEAR 2014 BUDGET FOR EACH FUND OF THE CITY OF SANDERSVILLE, GEORGIA, APPROPRIATING THE AMOUNTS SHOWN IN EACH BUDGET AS EXPENDITURES/EXPENSES, ADOPTING THE SEVERAL ITEMS OF REVENUE ANTICIPATIONS, AND PROHIBITING EXPENDITURES OR EXPENSES FROM EXCEEDING THE ACTUAL FUNDING AVAILABLE FOR APPROPRIATION

WHEREAS, Title 36, Chapter 81, Article 1 of the Official Code of Georgia Annotated (OCGA) requires a balanced Budget for the City's fiscal year, which runs from January 1st to December 31st of each year; and

WHEREAS, the Mayor and City Council have reviewed the proposed FY 2014 Budget as presented by the City Administrator; and

WHEREAS, each of these funds is a balanced budget, so that anticipated revenues and other financial resources for each fund equal the proposed expenditures or expenses; and

WHEREAS, the Mayor and City Council wish to adopt this proposal as the Fiscal Year 2013 Annual Budget;

NOW THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Sandersville, Georgia as follows:

Section 1. The proposed Fiscal Year 2014 Budget, attached hereto and incorporated herein as a part of this Resolution, is hereby adopted as the Budget for the City of Sandersville, Georgia for Fiscal Year 2014, which begins January 1, 2014 and ends December 31st, 2014.

Section 2. The several items of revenues, other financial resources, and sources of cash shown in the budget for each fund in the amounts shown anticipated are hereby adopted, and that the several amounts shown in the budget for each fund as proposed expenditures or expenses, and uses of cash are hereby appropriated to the departments named in each fund.

Section 3. The "legal level of control" as defined in OCGA 36-81-2 is set at the departmental level, meaning that the City Administrator in her capacity as Budget Officer is authorized to move appropriations from one line item to another within a department, but under no circumstances may expenditures or expenses exceed the amount appropriated for a department without a further Budget amendment approved by the Mayor and City Council.

Section 4. All appropriations shall lapse at the end of the fiscal year.

Section 5. The Authorized Personnel by department and division shown in this Budget are hereby formally adopted as the number of authorized positions within each

department and division, until and unless amended by resolution of the Mayor and City Council.

Section 6. The Proposed Pay Plan for FY 2014 shown in this Budget, as amended, is hereby formally adopted as the City's Pay Plan effective on January 1, 2013, unless further amended by resolution of the Mayor and City Council.

Section 7. The proposed Capital Improvements Program presented is hereby adopted as the City of Sandersville's Capital Improvements Program for FY 2014-FY 2019. This Program is hereby adopted as the City's long-term financial plan unless further amended by resolution of the Mayor and City Council.

Section 8. This Resolution shall be and remain in full force and effect from and after its date of adoption.

Adopted this 16th day of December, 2013.

RESOLUTION #2013-26:
A RESOLUTION ADOPTING FINANCIAL POLICIES FOR THE CITY OF SANDERSVILLE, GEORGIA

WHEREAS, the City of Sandersville has developed a number of financial policies which guide the preparation and administration of the budgeting, accounting, investment, risk management, debt, auditing, and financial reporting functions of city government; and

WHEREAS, the Mayor and City Council have reviewed the Financial Policies proposed by the City Administrator, and desire to adopt those policies;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Sandersville, Georgia in regular session assembled this 16th day of December 2013 that the financial policies included on the attached pages are hereby adopted as the Financial Policies for the City of Sandersville.

BE IT FURTHER RESOLVED that the City Administrator is hereby directed to develop the annual proposed Budget and Capital Improvements Program, and to administer them in conformance with these policies.

This Resolution shall be effective from and after its date of adoption.

Adopted this 16th day of December, 2013.

CITY OF SANDERSVILLE, GEORGIA

_____
By: James W. Andrews, Mayor

_____
Attest: Karrie Brown, City Clerk

Financial Policies and Budget Preparation

The City Council has adopted policies in all areas of financial management, which guide the preparation, adoption, amendment, and administration of the Operating Budget, the Capital Budget, and the Capital Improvements Plan. Below is a listing of those policies in the areas of:

Operating Budget Policies
Capital Budget/ Long Term Planning Policies
Revenue Policies
Reserve Policies
Cash Management and Investment Policies
Risk Management Policies
Debt Policies
Accounting, Auditing, and Financial Reporting Policies

Operating Budget Policies

The City Council shall hold an annual Planning Session each year in order to establish priorities for funding in the next fiscal year; and discuss long-range planning of major capital improvements.

The City shall annually adopt a balanced budget in which planned revenues available equals planned expenditures; and, any subsequent amendment must identify the revenues or other financing sources necessary to maintain said balance.

The City will not appropriate fund balance or retained earnings in any fund that would hinder meeting the reserve targets established herein. Once those targets are met in a particular fund, any amount over the target may be appropriated either for capital improvements or unexpected operating expenses.

The City will pay competitive wages and fringe benefits in order to attract and retain quality personnel.

All Enterprise Funds shall be self-supporting from their fees and charges, without any subsidy from the General Fund. Transfers to the General Fund from the Enterprise Funds shall be made only after sufficient net income is retained to cover debt service and capital improvements essential to properly maintain and expand these utility services.

The Solid Waste Collection Fund should reflect the true costs to provide residential and commercial garbage collection, disposal and recycling; brush collection and disposal; bulk (white goods) collection and disposal; and leaf collection and disposal. The City Council shall evaluate annually the extent to which this service is supported by service charges rather than a subsidy from the General Fund.

The City shall aggressively pursue improvements in technology and work methods that will improve service levels and/or reduce operating costs.

The City shall use one-time revenues only for capital items, unexpected operating expenses or to build reserves, instead of operating expenditures/expenses.

The City shall raise property taxes only when absolutely necessary to balance the Budget and maintain adequate reserves. Any property tax increase should be used only for the purchase of additional capital improvements or to increase needed personnel.

All appropriations and expenditures shall be made in full compliance with applicable State laws and the City's Purchasing Manual.

The City will follow the Budget Preparation Calendar prepared by the City Administrator each year.

The Budget shall be prepared in full compliance with the State's Uniform Chart of Accounts, and with Generally Accepted Accounting Principles (GAAP) for Governments as promulgated by the Government Accounting Standards Board. This means the General Fund, Capital Projects Fund, Debt Service Fund, Expendable Trust Funds, and Special Revenue Funds will be budgeted on the modified accrual accounting basis. Enterprise Funds and Internal Service Funds will be budgeted on the full accrual accounting basis. The basis of budgeting is used to determine when budgetary revenues have been realized and when budgetary expenditures have been incurred.

All Budgets shall be adopted at the legal level of budgetary control, which is the fund/department level (ie., expenditures/expenses may not exceed the total appropriation for any department within a fund without the City Council's approval).

The City Administrator shall prepare an annual Budget that meets the requirements to receive the Distinguished Budget Presentation Award from the Government Finance Officers Association.

Capital Budget/ Long Term Financial Planning Policies

The City shall adopt a Capital Improvements Plan (CIP) annually which will include the next fiscal year's Capital Budget, plus planned improvements for the following five years.

The City shall make every effort not to add additional programs and services until both the Operating Budget and the CIP are adequately funded.

The City shall provide resources from current revenues to fund an adequate maintenance and replacement schedule for infrastructure, and the vehicle and equipment fleet.

The City will aggressively pursue state and federal funding, as well as other sources of funding for capital improvements.

All operating budget appropriations shall lapse at the end of a fiscal year. Appropriations for Capital Projects which have not been completed by fiscal year-end must be re-appropriated for the balance due on the project in the next fiscal year.

Revenue Policies

The City will budget revenues conservatively so that the chance of a revenue shortage during the year is remote. This also will help finance contingencies and Budget amendments that were unforeseen when the Budget was first adopted.

The City will review annually all fees and charges to assure that they maintain their inflation-adjusted purchasing power.

Since different revenue sources impact classes of taxpayers differently, the City Council recognizes that the only way to minimize these different impacts is to have a diversified revenue system. These impacts will be considered in making any needed adjustments to the various sources of revenue.

The City will make every effort not to become too dependent on one source of revenue in order to minimize serious fluctuations in any year.

The City will consider market rates and rates of comparable cities in the region when changing tax rates, fees, and charges. The City will make every effort to maintain its favorable comparative position with other Georgia cities in this regard, which will contribute to our economic development success.

All cash donations to any department or agency of the City must be deposited with the Finance Officer's Office. All purchases using such donations must be budgeted and will comply fully with the City's purchasing policies. The City cannot accept donations on behalf of an outside agency or group. Donations of equipment or supplies may be made directly to a department or agency of the City. Donated equipment meeting the definition of a fixed asset must be reported to the Purchasing Agent, for tagging and listing.

Reserve Policies

The City Council recognizes the need to set reserve targets for every operating fund of the City. The targets for those funds using the modified accrual basis of accounting are set as the percentage that the undesignated fund balance is to the combined budgeted expenditures and transfers to other funds. The targets for those funds using the accrual basis of accounting are set as the percentage that the working capital is to the budgeted operating expenses and transfers to other funds. The targets are as follows:

Fund Title	*Undesignated Fund Balance (or Working Capital) as a % of Expenditures (or Operating Expenses) and Transfers Out*
General Fund	25% Fund Balance
Water/Wastewater Fund	17% Working Capital
Electric Fund	17% Working Capital
Telecom Fund	17% Working Capital
Solid Waste Collection Fund	17% Working Capital

These reserve targets shall be reviewed annually by the City Administrator who shall report to the City Council on their continued adequacy.

Cash Management and Investments Policies

The City will make all deposits of cash within the time period required by State law. All deposits must be fully collateralized as required by State law.

The City will aggressively pursue all revenues due, including past due utility bills, court tickets and fines, and property taxes, using whatever legal means are available.

The City will pay all obligations on or before the due date.

The City will continue the current cash management and investment policies, which are designed to emphasize safety of capital first, sufficient liquidity to meet obligations second, and the highest possible yield third. Those policies are outlined below:

The City will operate with the least number of bank accounts required by federal and state statutes and regulations and GAAP for governments. Consolidation of bank accounts makes investment decisions easier, and reduces staff time needed to reconcile monthly bank statements.

The City Administrator will make a twelve-month cash flow projection, and from that develop a schedule of long-term investments. These investments could be any type authorized by State law. All investments shall be made using competitive bidding and must fully comply with State collateralization of deposits. Such investments shall be pooled from among the various funds, and bid out no more frequently than once a quarter. This keeps the investment process manageable with limited staff.

Risk Management Policies

The City will minimize potential losses through employee safety training, inspections of the workplace, risk analysis, and OSHA compliance. The City Clerk/ Human Resources Director shall be responsible for these programs.

A drug-testing program shall continue for all potential employees, as well as random testing of all federally-required employees.

The City will continue to participate in the Georgia Municipal Association's Risk Management Pool for virtually all necessary coverages, including General Liability, Automobile Liability, Errors and Omissions, Property, Boiler and Machinery, Inland Marine, Special Events and Worker's Compensation.

Annual inspections of premises and work practices shall be performed by the risk management staff of the GMA Pool, and the City will correct any deficiencies noted.

Debt Policies

The City will issue bonds and capital outlay notes only for capital improvements and moral obligations. The City will attempt to fund capital improvements through net income of the utility systems, general revenues, and its portion of any SPLOST (Special Purpose Local Option Sales Tax) funds before resorting to long-term debt issuance. This will reduce the overall indebtedness and strengthen the City's creditworthiness.

The City will not issue notes or bonds to finance operating deficits. Adequate reserves will be maintained to assure this doesn't become necessary. No bond or note will be issued to purchase a fixed asset that has a shorter useful life than the term of the debt instrument.

The City will issue general obligation bonds or capital outlay notes for necessary general government projects and either general obligation or revenue bonds for enterprise fund projects. The City may also use pooled capital lease funds from GMA and loans from the Georgia Environmental Facilities Authority (GEFA).

No debt will be issued which would increase the outstanding amount of debt above ten (10%) percent of the total assessed value of property within the City. The outstanding amount of debt in this calculation shall not include debt issued for improvements in the utility systems, because that debt will be repaid from charges for services, not from property taxes. These limitations are found in Article IX., Section V, Paragraph 1 and Article IX., Section VI, Paragraph 1 of the Georgia Constitution.

A firm source of revenue sufficient to make the anticipated debt service payments must be identified by the City Council before any capital outlay note, GEFA loan, GMA capital equipment lease, general obligation bond, or revenue bond is issued.

Accounting, Auditing, and Financial Reporting Policies

The City Council will receive a monthly finance report showing Income Statements, Cash Flow Statements where appropriate, and all Investments.

The City shall have a qualified certified public accounting firm conduct an independent audit annually, as required by OCGA 36-81-7 (a)(1).

The City will maintain its accounting records in full accord with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board. The City Administrator is expected to obtain clean (unqualified) Audit Opinions each year.

The Annual Audit shall be submitted to the State Auditor before June 30th of each year, so that the City complies with OCGA 36-81-7 (d)(1). Any deficiencies noted by the Auditors shall be corrected immediately by the City Administrator.

The Budget Process

The City's Budget process shall begin in early July when department heads will be given electronic format forms upon which to submit their operating and capital budget requests. The City Council is also notified to give the City Administrator any requests they might have, so that costs may be researched. Departmental requests for the Capital Improvements Program are to be turned in to the City Administrator by August 1st, and all Operating Budget requests are turned in to the City Administrator by September 1st.

The Finance Officer and City Administrator develop the revenue estimates for the Operating Budget, and the amount to be transferred to the CIP and the amount of any proposed bond issues. Then, the review of the operating expenditures and the CIP preparation begins. After the City Administrator and Finance Officer have prepared a preliminary Budget, the City Administrator reviews it to determine whether further cuts are possible, or if additional revenues are necessary. Those decisions are made prior to the first week in November, when a Budget Planning Retreat will be held by the City Council.

At that meeting, the City Administrator will present projections of the current fiscal year's Budget, and the preliminary Operating Budget for Council review. In addition, the City Administrator presents the Council with recommendations for a six-year Capital Improvements Program. The City Council then debates any changes in suggested priorities in both the preliminary Operating Budget and the Capital Improvements Program. Once those priorities are established, the City Administrator finalizes the CIP, and the Operating Budget. The narrative portions of the documents are then prepared. The City Administrator prepares the Budget Message and CIP Letter of Transmittal detailing the major issues, initiatives, and goals and objectives contained in both documents. The Finance Officer prepares the spreadsheets detailing the line item budgets proposed for each fund.

The budget document will be printed in late November, for distribution to the Mayor, City Council, and public by early December. Copies shall be available to the public in the City Clerk's Office. A public hearing will be scheduled for December 14, 2011, after which the Budget will be adopted at the called council meeting on December 21, 2011. The Budget shall become effective January 1st. In the event the Council cannot agree on a Budget before January 1st, an Interim Budget will be adopted, which is simply a continuation Budget from the previous year. Once a Budget is adopted, the Finance Officer will enter the adopted Budget into the accounting system.

Budget amendments may be made at any time throughout the fiscal year. Any amendment request is reviewed by the City Administrator, who makes a recommendation on whether the expenditure should be made, and what revenue source will be used to finance it. All amendments require a Budget amendment resolution, since the original Budget is adopted by resolution. After passage, the City Administrator will authorize the City Finance Officer to enter the amended amounts in the budgetary accounting system.

City of Sandersville, Georgia
Calendar for FY 2014 Budget and CIP Preparation

July 3	City Administrator notifies all Department Heads to begin preparation of CIP Requests.
July 3	City Administrator reviews the Budget Calendar with all Department Heads.
August 5	City Council Sets the Date of October 7 for the Budget Planning Session.
August 5	City Council asked to submit any CIP requests to the City Administrator. (Staff will prepare cost estimates.)
August 12	City Administrator notifies all Department Heads of the Planning Session, and the Deadline for Budget Requests.
August 12	City Clerk schedules the location for the Planning Session.
August 16	Departmental CIP Requests must be turned in to the City Administrator's Office.
August 30	Finance Department prepares Personnel costs for all departments.
August 30	All CIP Forms completed by City Administrator's Office.
August 30	All Revenue Projections are due in Finance Director's Office.
August 30	All Budget Requests must be turned in to the City Administrator's Office.
August 30	City Administrator and Finance Director complete all Revenue projections for the current and next fiscal year.
August 30	City Council holds required Public Hearings and Adopts the Millage Rate Resolution, after receiving the Tax Digest from the County Tax Assessor's Office.
September 3-10	City Administrator and Finance Director review each departmental budget with the Department Heads. Also, discuss the presentation of the proposals by each Department Head.
September 11-13	Finance Director and City Administrator finalize Expenditure/Expense estimates for each department and outside agency for current fiscal year and next fiscal year.

September 17 City Administrator prepares comments on current year's financial projections and an update on the proposed program of work for the current year. Then, prepares comments on the projected fiscal year.

September 19 City Administrator completes draft of CIP priorities for Planning Session.

September 26 City Administrator prepares detailed agenda for Planning Session, including time slots for presentations.

October 3 City Clerk's Office prepares Agenda packets, including Budget requests, and distributes to the City Council.

October 7 City Council Budget Planning Session.

October 21 City Council schedules a Public Hearing on the Budget for December 9th at 5:00 p.m.

November 15 City Administrator finishes the Budget and CIP preparation, writes Budget Message, Budget Resolution, and has the Budget and CIP printed.

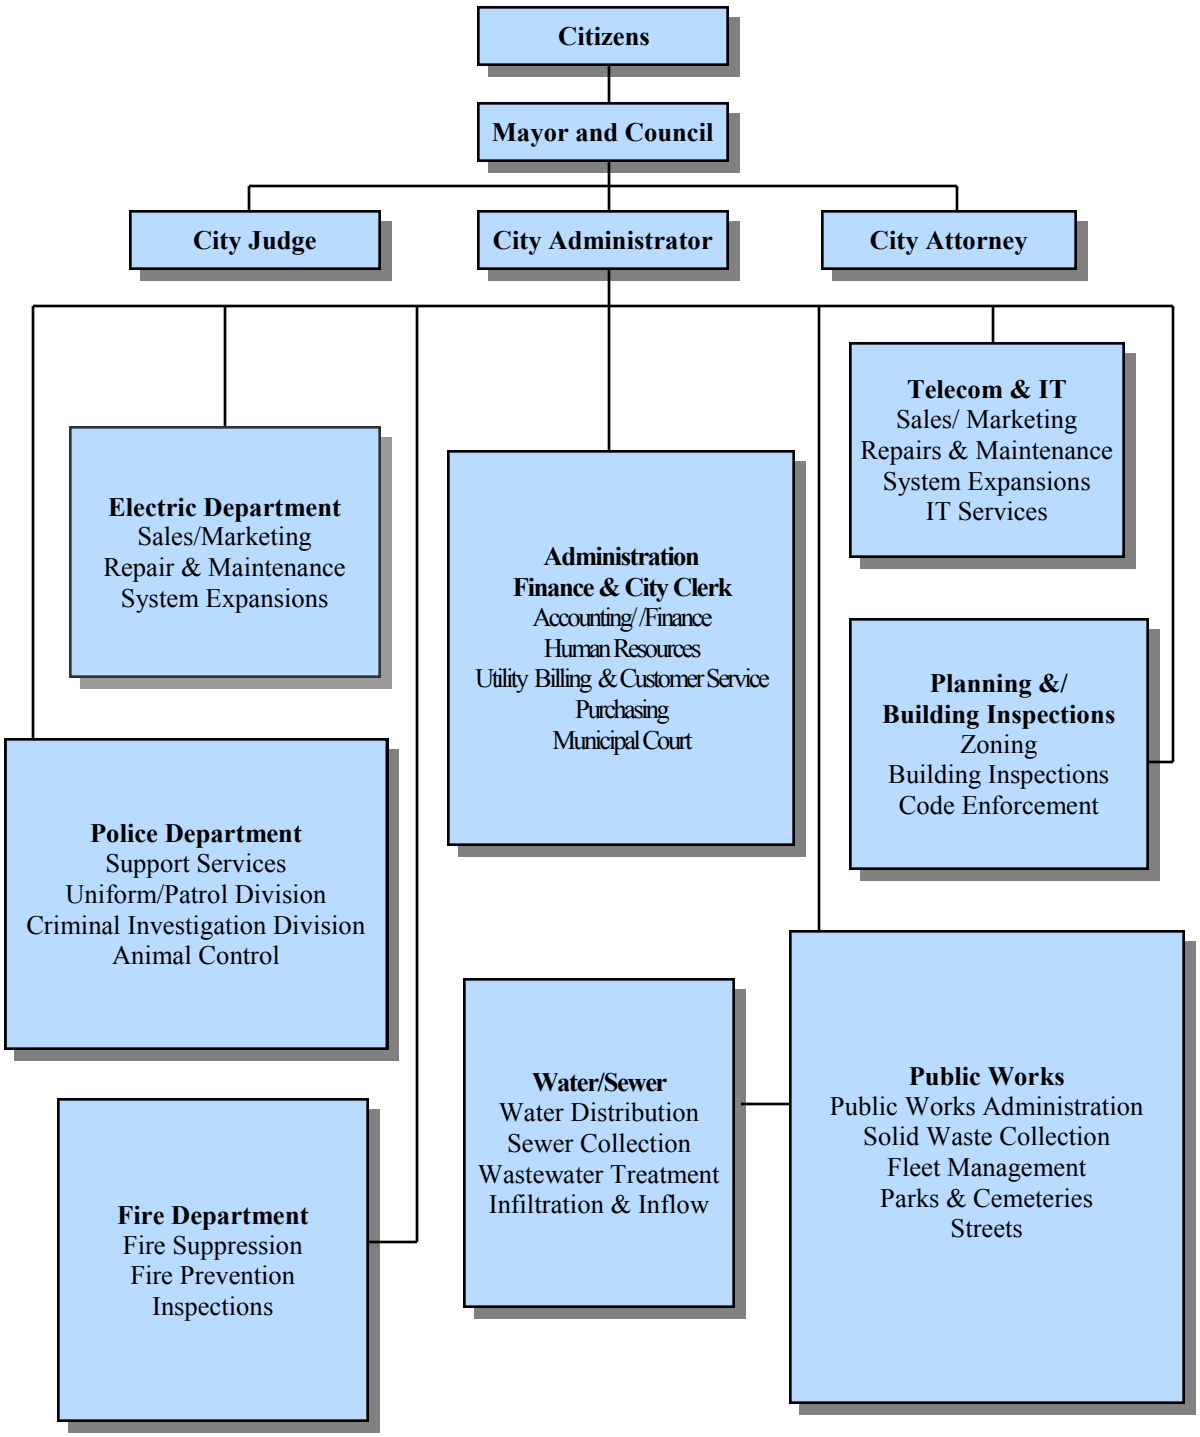

December 5 Budget and Capital Improvement Program are distributed to the Mayor and City Council, Department Heads, and News Media.

December 9 Public Hearing on the Proposed Budget.

December 16 City Council adopts the Budget Resolution.

Fringe Benefits Summary

The City of Sandersville provides a comprehensive package of fringe benefits for employees. The package includes the following.

Health/Dental Insurance Coverage:

City employees are provided Health and Dental Insurance coverage by the City of Sandersville through Blue Cross & Blue Shield which is administered by the Georgia Municipal Association. The City and its employees are currently paying the following rates for their Benefit Package.

Coverage	Employee Rates	City Rates	Total Cost
Individual	$ 45.71	$ 390.39	$ 436.10
Family	$ 384.01	$ 649.69	$1,033.70

Details of the coverage are available in the employee benefit handbook.

Life Insurance Coverage:

City employees are provided with $25,000 of life insurance coverage at no cost to the employee.

Short-Term Disability:

City employees are provided with short-term disability insurance that pays 60% of the employee's regular earnings for up to 12 weeks. This benefit begins after the exhaustion of leave and an 8 day waiting period.

Paid Sick Leave:

Employees are credited with one day of sick leave for each month of employment and may use up to 25 days per year. Unlimited accumulation is allowed. Unused sick leave is not paid at termination of employment; credit is given for unused sick leave for employees retiring under the City's retirement plan.

Special Leave With/Without Pay:

Employees are granted time off from work with or without pay at the discretion of the Department Head and the City Administrator for various occasions. Bereavement Leave is granted with pay for a maximum of three days for the death of a member of the immediate family. Jury service is granted with pay. Military Leave is granted with pay for a period not to exceed 18 calendar days in a 12 month period.

Paid Vacation Leave:

Employees earn vacation on a monthly accrual basis based on length of service and may carry up to one week over to be used in the next year. The following days of vacation are earned on an annual basis and are based on a forty hour per week work schedule.

Years of Service	Days Vacation per Year
0 - 6 months	5
1 - 5 years	10
5 - 10 years	12
10 -15 years	15
Over 15 years	20

Paid Holidays:

Employees receive 11 paid holidays per year. The holidays are:

New Year's Day	**Martin Luther King's Birthday**
Memorial Day	**July 4th**
Labor Day	**Veterans Day**
Thanksgiving –2	**Christmas –2**
Floating Holiday -1	

Retirement Plan:

City employees are covered under the Georgia Municipal Association Retirement System. The City pays the full contribution for employees and the employees are vested with 5 years of service with the city.

Deferred Compensation Plan:

City employees are eligible for a 457b Deferred Compensation Program administered by Citistreet through the Georgia Municipal Association. This is a voluntary tax-favored program that allows employees to contribute a portion of their salary before federal taxes into a supplemental retirement account. Various options are available including fixed rate annuities, publicly available mutual funds and life insurance. After one year of employment with the City, the City will match the employee's contribution to the Deferred Comp Plan up to 3% of their annual salary.

Workers Compensation Plan:

The City participates in the GMA Workers' Compensation Self-Insurance Fund which is a group self-insured program authorized by state statue and administered by the Georgia Municipal Association. City employees are covered for occupational injury according to the state worker's compensation laws.

Year End Incentive Payment:

Full time employees who are employed before July 1st of the calendar year receive a Year End Incentive Payment in the amount of $250.00 and $250.00 in Chamber of Commerce Shop at Home gift certificates in December of each year. Full time employees who are employed after July 1st of the calendar year receive a Year End Incentive Payment in the amount of $125.00 and $125.00 in Chamber of Commerce Shop at Home gift certificates in December of each year. Part time employees receive a Year End Incentive Payment in the amount of $50.00 in December of each year.

Competitive Wages, Overtime Pay, and Compensatory Time:

City employees are paid competitive wages, which are evaluated periodically to insure they are comparable to wages paid for similar duties in both the public and private sectors. Employees will receive annual pay increases, if job performance is satisfactory, subject to the approval of the Mayor and City Council. The City's compensation plan gives employees a 2.5% step in pay each year, in addition to the any annual cost of living increase that the Mayor and Council may approve each year with the adoption of the annual budget. Employees are compensated for any overtime worked according to the Fair Labor Standards Act, either with pay at time and one half or compensatory time off, also calculated at one and one half.

Uniforms and Cleaning Services:

Uniforms are provided for city employees, other than clerical and others wearing normal street clothes, in Public Works, Police, Fire, Wastewater, Water/Sewer, Electric and Building Inspections.

THE GENERAL FUND

The General Fund is the principal fund of the City, accounting for all activities not included in other specified funds. This fund contains the operational budgets for the Mayor and City Council, General Administration (including the City Administrator's Office, the City Attorney, City Clerk's Office, Human Resources, and the Finance Department), the Municipal Court, the Police Department, Fire Department, Animal Control, the Planning and Building Inspections Department and the Public Works Department (including Public Works Administration, Streets Division, Fleet Maintenance and Parks & Cemeteries Division). It also includes the funding for several outside agencies other than those financed by the Hotel/Motel Tax Fund. Finally, it covers the Debt Service for any outstanding debt used to acquire general fixed assets. Debt Service payments used to acquire fixed assets of the Proprietary Funds are accounted for within those respective funds rather than the General Fund.

REVENUES AND OTHER FINANCING SOURCES

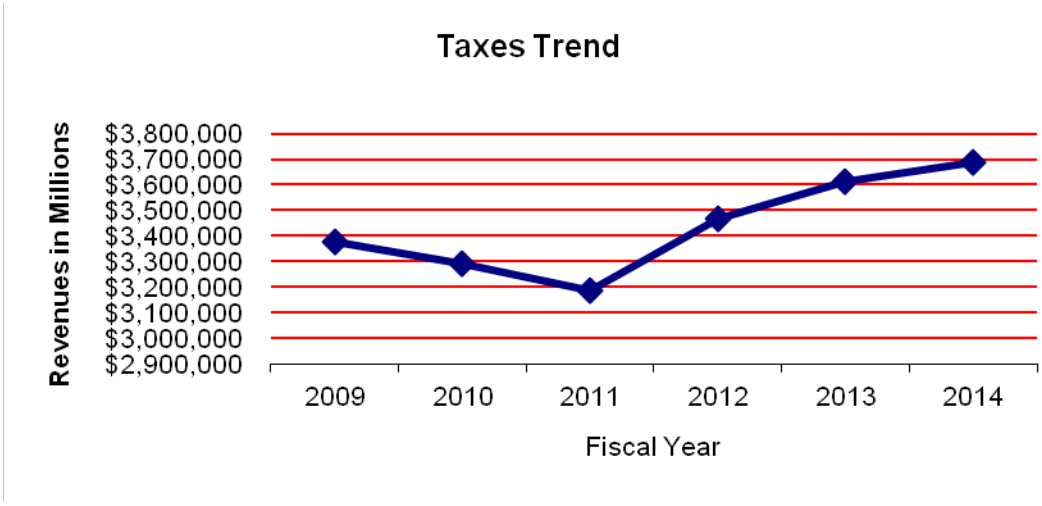

The General Fund's Revenues can be segregated into six major categories:

1. **Taxes** This category provides $3,688,392 of the $4,265,082 General Fund revenues, or 86.48%. The major source of tax revenue is the Property Tax which is budgeted to generate $930,000 in FY 2014. As a result of the 2008 economic recession the City's net tax digest has decreased five of the last six years. In 2011 the millage rate was increased for the first time in thirty years from 3.0 mills to 3.9 and again in 2012 and 2013 to 4.5 and 4.525 respectively. The City has an excellent collection ratio on this tax, which has been further improved by the use of annual tax lien sales. The projected collection rate for the current year's taxes is 99.0%. The other 1.0% will be collected during the following fiscal year. Prior Year's Taxes is the revenue line item for property taxes due from a previous year.

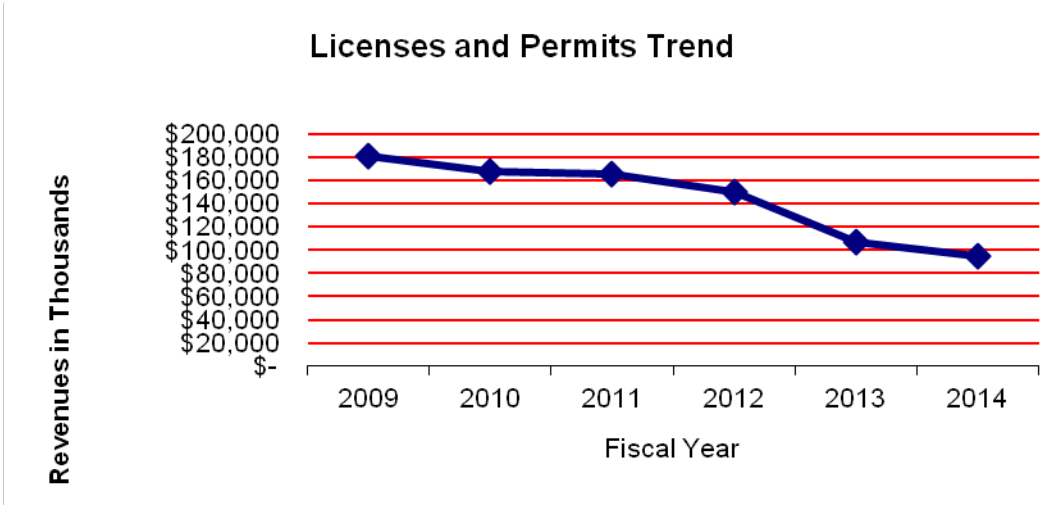

Motor vehicle taxes, budgeted at $96,000, are collected by the Washington County Tax Commissioner based upon the renewal date (usually the owner's birthday). The portion of those property taxes due to the City is remitted to the City on a monthly basis. However, in 2012 the Georgia General Assembly passed HB 386, a tax reform bill, which will replace the sales tax and ad valorem tax on automobiles with a one-time title tax fee. The fiscal impact on this revenue source is unknown at this time; therefore, these taxes are projected to equal the current years' collections. The Real Estate Transfer Tax ($1.00 per every $1,000 of value on such sales) is projected to remain stable at the current FY 2013 level.

The other major source of taxes are Franchise Fees in the amount of $631,720 which are paid by Georgia Power Company, Washington Electric Membership Cooperative, Charter/ Northland Cable, Atlanta Gas Light and BellSouth/AT&T in addition to $479,710 from the city's Electric Fund. These revenues are projected to remain stable and in line with FY 2013 except for the city's Electric Fund Franchise Fee which is projected to see an increase of $86,910 or 22.13%. In the aggregate, all franchise fees are projected to increase by 12.17%. In FY 2014 Insurance Premium Taxes are projected to remain at the current FY2013 level while LOST (Local Option Sales Tax) is budgeted in to remain where we project we will end FY 2013, which

is 7.2% lower than where we originally budgeted for FY 2013. Although HB 386 was adopted in 2012 and implemented 2013, the full impact of this law which eliminates the sales tax on energy used in manufacturing, the sale of construction material, and broadens exemptions for the agriculture industry is still unknown at this time. Total Taxes as a category is projected to grow by 2.05%. This is primarily a result of an increase in the city's ad valorem tax millage rate from 3.90 mills to 4.50 mills in FY 2013 and from 4.50 to 4.525 in FY 2014. .

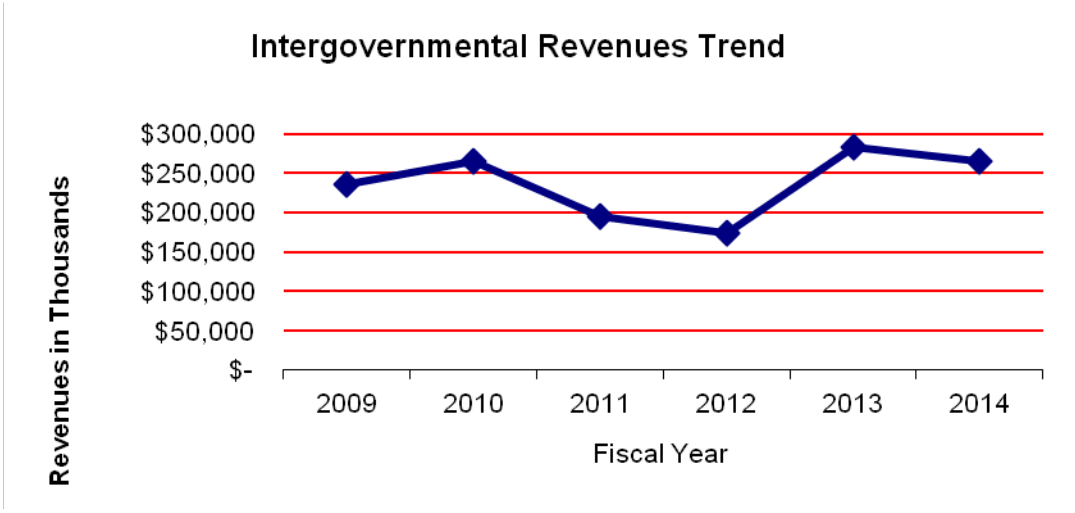

2. **Licenses and Permits.** This category provides $94,450 of the General Fund revenues or 2.21%. The primary sources of revenue are Occupational Taxes, Alcoholic Beverages Licenses, and Building Permits, which include building, plumbing, electrical, HVAC, and similar permits. Alcoholic Beverages Licenses and General Business Licenses/ Occupational Taxes are projected to remain stable at current FY 2013 levels while Building and related permits and fees are projected to decrease slightly as they have for the last several years.

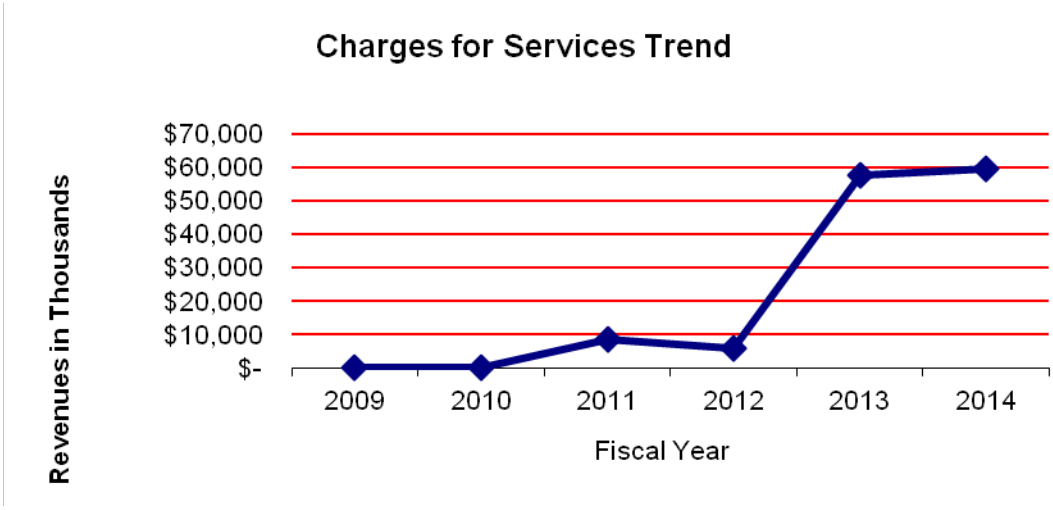

3**. Intergovernmental Revenues.** This category provides $264,950 or 6.21% of the General Fund revenues. The primary sources of revenue are Washington County and Tennille Animal

Control, A-D Technologies Rent, Payment in Lieu of Taxes-Housing Authority, and Shared Cost E-911/EMA/SFD. This is a 6.47% increase from FY 2013.

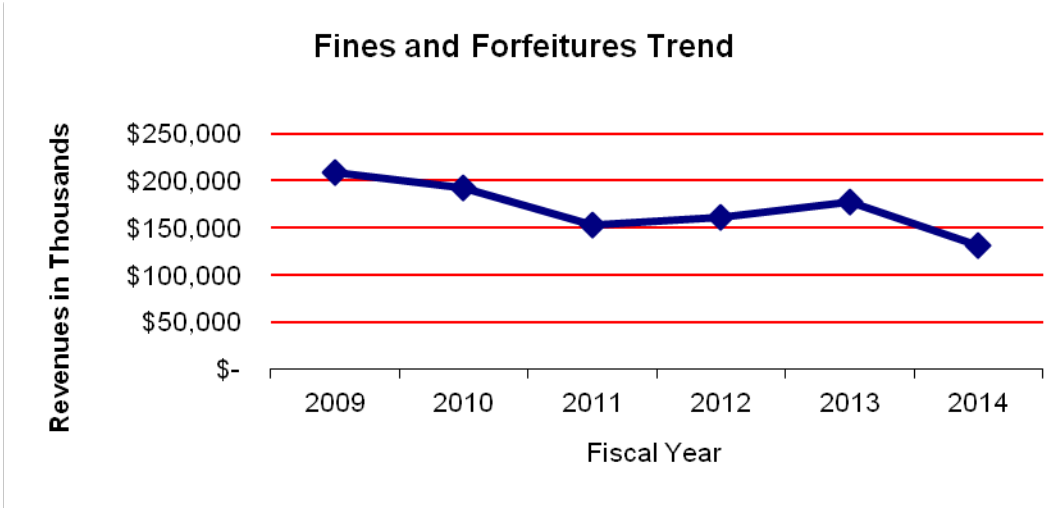

4. **Charges for Services.** This category provides $59,590 or 1.40%, of the General Fund revenues. The primary sources of revenue are Fire Calls, Animal Control and Shelter Fees, and Cemetery Fees. This source is projected to remain stable in FY 2014.

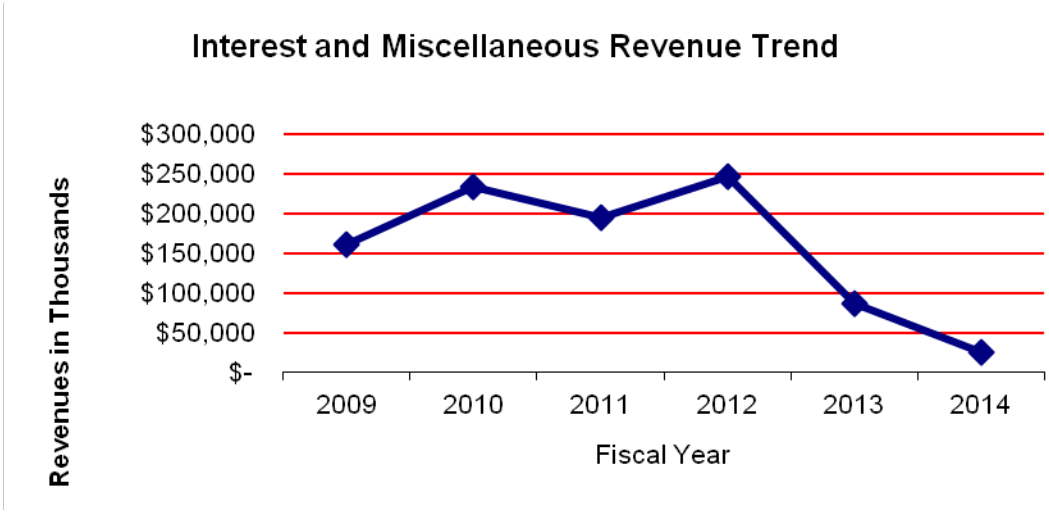

5. **Fines and Forfeitures.** This category provides $132,000 of the General Fund revenues, or 3.09% and includes the fines and forfeitures imposed by the Municipal Court for violations of the Municipal Code and minor violations and infractions of State law dealing with traffic citations, DUI, and similar offenses. This source is projected to decrease in FY 2014 by 25.93%

due to the purchase of implementation of new software that will be paid for from the fines collected.

6. **Earned Interest and Miscellaneous Revenues.** As a result of the City's current banking affiliate eliminating the interest rate paid on the City's funds beginning in FY 2011, this category provides no revenue to the General Fund from Interest or from Contributions but does include $25,700 projected from miscellaneous revenue.

In addition to these six revenue categories, there is the **Other Financing Sources**, which is primarily made up of the *Transfers from Other Funds*. This source of financing which was counted as revenue in the transferring fund, contributes $173,500, or 4.07% of the General Fund's total funding. The transfer from the Water & Sewer fund remains stable at the FY 2013 level of $150,000. A significant portion of these transfers is for indirect cost allocation to account for cost and services provided to enterprise funds by the General Fund. This includes services provided by the City Administrator, personnel division, accounting division, utility collections, purchasing, risk management, and other similar services. If these utilities were

private companies, they would have to pay property taxes, business licenses and franchise fees to the local government.

Fund Balance Appropriated. Assuming the fund balance of the General Fund is sufficient, the City can use some of the fund balance to balance the General Fund when necessary, however: the proposed FY 2014 Budget is projected to use no fund balance. The City's goal continues to be to work towards attaining the fund balance required to meet the reserve target established in the financial policies that have been adopted by the Mayor and City Council.

The line item budget that follows shows the individual sources of revenue that make up these six major revenue categories, the other sources of financing, and any fund balance appropriation.

Property Taxes

Property Value of $100,000

For residents of the City of Sandersville the total property tax is $4.5250 per $1,000 of taxed value. The taxed value is calculated as 40% of the Market Value after homestead exemptions. Assuming property with a market value of $100,000, after the regular homestead exemptions, the result would be:

Projected Tax Bill: $181

EXPENDITURES

The General Fund Expenditures are divided into several major departments and divisions to account for the cost of their operations. These expenditures support most of the City's operations other than the utility operations. The Expenditures are summarized on the next page, followed by the line item budgets for each division.

The largest operating expenses are most often the cost of personnel and fringe benefits. A list of approved personnel positions by department and division is provided behind the tab entitled "Authorized Personnel". In addition, the Pay Plan for those positions is provided behind the tab entitled "Proposed Pay Plan and Fringe Benefits". A .05% annual cost of living adjustment (COLA) to the pay plan is proposed for FY 2014 along with a 2.5% merit (or step) increase for employees.

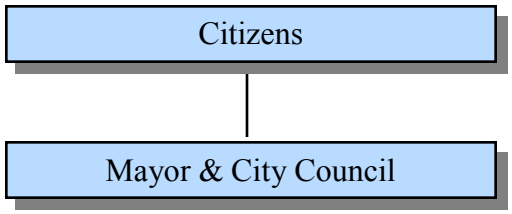

The city's administration continues to express concern over the impact of the rising cost of health care and the uncertainty of the fiscal impact of the HB 386 Tax Reform Bill adopted by the State of Georgia which imposes an automobile title tax fee to replace the sales tax and ad valorem tax on automobiles and eliminates the sales tax on energy used in manufacturing, construction materials and agriculture. In the preparation of the annual budget each year the City reviews the health care benefits provided to city employees and makes adjustments to the benefit structure and premium cost to the individual employee. No changes were made in the employee's health care benefits for FY 2014.

Additionally, individual line items in the operational budgets of each department or division within the General Fund were closely scrutinized in an effort to control or reduce cost as a measure to offset expected decreases in revenue in FY 2014. The General Fund budget expenditures for FY 2014 totals $4,425,852, an increase of 37,398, or 0.85% over the FY 2013 Budget of $4,388,454.

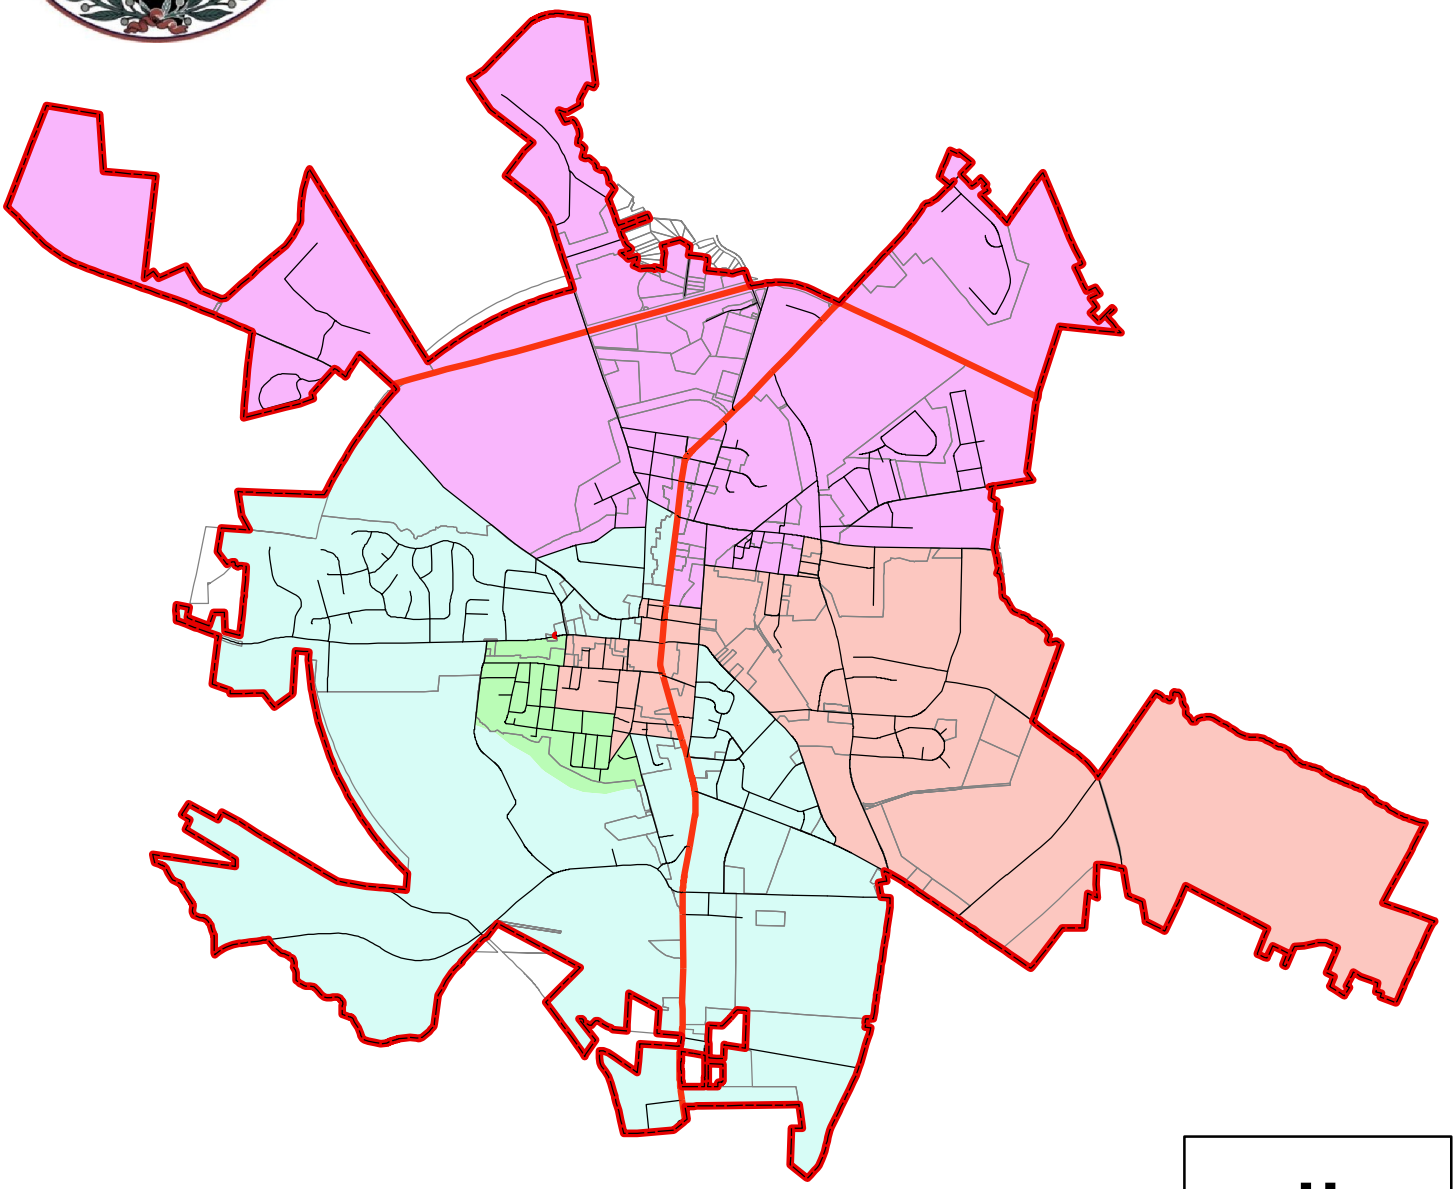

General Fund Budget Summary

	FY 2011 ACTUAL	FY 2012 ACTUAL	FY 2013 BUDGETED	FY 2014 PROPOSED	% OF TOTAL
Revenues and Other Financial Resources

GOVERNING BODY

City of Sandersville, Georgia

GOVERNING BODY

The City of Sandersville's Governing Body operates under a Council-Administrator form of government, with a Mayor and five Council Members. Both the Mayor and the Mayor Pro-Tem are elected at large while the four remaining council members are elected by district. All six council members serve four year terms.

The Mayor and Council are responsible for approving all major city policies, all local ordinances, the annual budget, and the 6-year capital improvements program. They also appoint the City Administrator, City Attorney, Municipal Court Judge and all department heads.

OFFICE OF ADMINISTRATION

GENERAL ADMINISTRATION

General Administration includes the City Administrator's office, the City Clerk's office, the Finance Division and utility billing. The City Administrator oversees the administrative functions and daily operations of the city government. She is responsible for preparing the annual budget and capital improvements program, evaluating and supervising all department heads, ensuring that all policies and ordinances are enforced, and recommending policy changes to the mayor and city council.

The City Clerk handles property tax billing and collection, and issuing and collecting occupation taxes and licenses. This office is also responsible for maintaining all official codes, ordinances, records and documents. The City Clerk also serves as the city's human resources director who administers employee benefits and keeps the classification/ compensation plan current and the personnel policies manual current.

The Finance Division is responsible for assisting the City Administrator in the preparation of the Budget and the the Capital Improvements Program. This division prepares the monthly finance reports and works with the auditor to prepare the annual CAFR. It also responsible for accounts payable, payroll, keeping the fixed assets current and administering the city's purchasing policies and procedures.

POLICE DEPARTMENT

POLICE DEPARTMENT

This department is headed by the Chief of Police who oversees 19 sworn officers and 2 civilian personnel. The Police Department provides the customary policing services to our citizens including preventive patrol, traffic enforcement, criminal investigations, crime prevention and drug prevention. The department has two main divisions: patrol division and criminal investigations division.

The patrol division is responsible for preventive patrol, traffic enforcement, and response to calls for service. This division is divided into four shifts so that protection is provided 24 hours per day, 7 days per week. Officers typically work a 43-hour work-week, counting time spent writing reports and attending the various courts in which their cases are presented.

The criminal investigations division is responsible for in-depth investigations of crimes in order to build successful cases for prosecution. The division works closely with the district attorney's office and and investigators from the Georgia Bureau of Investigation, Federal Bureau of Investigation, and the Washington County Sheriff's Office.

The Police Department also oversees the operation of the City's Animal Control division.

EXPENDITURES SUMMARY

	FY 2012 Actual	FY 2013 Budgeted	FY 2014 Proposed	Percentage Increase

FIRE DEPARTMENT

FIRE DEPARTMENT

This department is headed by the Fire Chief and is located at 125 Warthen Street. The department provides fire and rescue services while EMT and paramedic services are provided by the Washington County Emergency Medical Services, located next to Washington County Regional Medical Hospital. The department backs up the EMS as medical first responders The department operates with 7 Career personnel, 6 part-time employees and 25 volunteers.

The department operates with three 24-hour shifts. This "24 on\48 off" schedule is the industry standard prioviding 2 personnel on each shift. The Fire Chief works a normal 40-hour per week schedule. The Fire Inspector Captain and Training Captain work a 24 / 48 shift but work as needed on their off days. The Fire Chief is on call and responds to major calls where a more complex incident command system is deployed.

The department is equipped with fire pumpers, fire tankers, hazmat equipment, support trucks, and the usual firefighting equipment. The department has two thermal imaging cameras to aid in search and rescue situations. All units are radio dispatched by the E-911 Center, and all personnel have pagers and 2-way radios. The level of personnel, upgraded equipment, emergency communications, and the City's water system have resulted in a Class 5 ISO fire insurance rating.

The department also covers, by contract with Washington County, an area of approximately 85 square miles as designated by the 911 coverage map. The County pays the City a flat fee each year for this fire protection along with SPLOST funds to cover equipment purchases. The County also provides one pumper/ tanker that is used in this response area.

The department also responds to other incidents within the unincorporated areas and into other Cities to assist the volunteer fire departments in Washington County and provides rescue and haz-mat services for the whole county.

The Sandersville Fire Department is heavily involved in fire prevention. The Fire Inspector reviews building plans for compliance with the Life Safety Code and the Fire Code. He works closely with the City's Building Inspector in the Planning & Building Inspections Department in the review of these plans. In addition, the department presents programs to many groups including hundreds of school children throughout Washington County each year.

EXPENDITURES SUMMARY

	FY 2012 Actual	FY 2013 Budgeted	FY 2014 Proposed	Percentage Increase
Personal Services/Benefits	$ 471,688	$ 507,007	$ 473,913	-6.53%

STREET DEPARTMENT

STREET DIVISION

The Street Division is responsible for maintaining streets, curb and gutter, drainage ditches, road shoulders and mowing any vacant City properties. This division is also responsible for street sweeping, pothole patching, crack sealing, repairing utility cuts in the pavement, installing all street signs and managing the City's mosquito abatement program. They construct minor catch basins and similar drainage structures, while the large projects are contracted out.

EXPENDITURES SUMMARY

PLANNING & BUILDING INSPECTIONS

PLANNING & BUILDING INSPECTIONS

This division in the General Fund is staffed by the City Planner and Building Inspector who is responsible for land use planning and property maintenance code enforcement including building inspections and nuisance abatement.

The City Planner processes applications for items to be considered by the City's Planning and Zoning Board including zoning changes, subdivision plats, conditional use and variance request. In addition to building permits, this division also reviews applications processed by other departments, such as business licenses and alcoholic beverage permits. The City Planner serves as the zoning administrator and is responsible for the interpretation and enforcement of the City's zoning and subdivision regulations.

The division also works with the Regional Commission to prepare and update the City's comprehensive land use plan as well as the short-term work program.

EXPENDITURES SUMMARY

	FY 2012 Actual	FY 2013 Budgeted	FY 2014 Proposed	Percentage Increase

CITY OF SANDERSVILLE, GEORGIA
WASHINGTON COUNTY
THE KAOLIN CITY
ESTABLISHED 1796

CONFISCATED ASSETS FUND

This fund accounts for funds seized for possible illegal activity. When the court adjudicates a case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Washington County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Police Department, usually with the purchase of additional equipment. This helps supplement the minor capital budget for the department.

2009 SPECIAL PURPOSE LOCAL OPTION SALES TAX (SPLOST) FUND

In March, 2009, the voters of Washington County approved a referendum to continue imposing this 1% local sales tax for the purpose of funding capital projects for a period of four years when the 2005 SPLOST ended in September, 2009. The proceeds of this tax are disbursed pursuant to intergovernmental agreements negotiated between the seven cities located in Washington County, including the City of Sandersville, and Washington County prior to the referendum.

This is not an additional tax, but an extension for four years of the 2005 SPLOST. This means that the sales tax rate in Washington County remained at 7%: 4% State of Georgia sales tax, 1% Local Option Sales Tax (LOST) which is also distributed to the seven cities and Washington County based on intergovernmental agreements, and 1% Special Purpose Local Option Sale Tax for Education (E-LOST) for the Washington County Board of Education which will fund major school construction and renovation projects.

CAPITAL IMPROVEMENTS PROGRAM FUND

This fund accounts for the receipt and disbursement of funds to acquire major general fixed assets for the City. The projects are derived from the first year's listing within the 6-year Capital Improvements Program for the CIP Fund. Other capital projects are funded in the individual utility funds such as the Water and Sewer Fund, the Electric Fund, the Solid Waste Collection Fund, and the Telecom Fund. Some projects are also funded in the 2005 SPLOST Fund, the 2009 SPLOST Fund and the 2013 SPLOST Fund.

Funding is usually provided by transfers from the Water and Sewer Fund, the Electric Fund, federal and state grants, and Georgia Department of Transportation (GDOT) grants. Projects funded here cost at least $5,000 and have a useful life of at least two years. Some projects may have a smaller dollar amount if they are a carryover from the previous year when a project was not finished by year-end. Some capital projects take longer than one fiscal year to complete, requiring the remainder of the project to be funded in the following fiscal year(s). Projects retain the same Project Number and accounting line item in subsequent years in order to easily track a multiple-year project.

The savings from projects or purchases that come in under the budgeted amount in any line item at fiscal year-end go into the fund balance, which can be appropriated in a subsequent year for other projects.

A summary of the six-year Capital Improvements Program to be financed from the Capital Improvements Fund is included at the beginning of this section, with more detailed information on each project following thereafter. The annual impact on the operating budget is included on the back of each project sheet.

SUMMARY OF PROJECTS BY FISCAL YEAR:
CAPITAL IMPROVEMENTS PROGRAM FUND

Project Number	Project	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	TOTALS

CITY OF SANDERSVILLE, GEORGIA

JUSTIFICATION

ADMIN 05

The current city hall roof is currently leaking and damaging the ceiling tiles on the top floor of City Hall. The new pitch roof will resolve this issue and also keep further damages to the building from happening.

TOTAL FUNDS	$ 150,000.00	$ -	$ -	$ -	$ -	$ -	$ 150,000.00

CITY OF SANDERSVILLE, GEORGIA

JUSTIFICATION

1 The ISO surveys of the Fire Department are requiring the City to have a Ladder truck response to all structure fire calls
> if 5 or more structures are 3 story or 35ft to eaves or needed fire flow is 3500 gpm or more - Sandersville has 12<
2 The 75 foot ladder will be able to provide rescue of victims out of 2 and 3 story buildings and give the Firefighter a safer way to reach roof tops for ventilation purposes therefore reducing the risk for Firefighters inside the structure doing fire attack operations
3 This ladder truck provides the capability to reach up and over large buildings with a large capacity water nozzle up to 1000 gpm.
4 The truck would carry other ground ladders, tools, and equipment required by ISO therefore reducing the ISO rating from the current Class 5 to a Class 4 causing insurance premium reductions for property owners
5 The truck would also have a 1500 gpm pump and carry 5 inch LDH hose for use on large structure fires
6 We must discontinue using the Electrical Dept. bucket trucks as fire apparatus because of safety and liability
    1 Elect dept personnel are not trained firefighters
    2 Firefighters are not trained to operate in their bucket trucks

PROJECT	FD-05	Fire Training Complex and Props	
DEPARTMENT	FIRE	**FUNCTION**	Training area for Firefighters
DESCRIPTION	A complex to include a structure with props designed to: conduct live burns and to give the Firefighters a place to practice fire attack. It would also simulate: forceable entry, ventilation, SCBA maze, search & rescue. A 4 story structure for ladder practice along with below grade fire attack practice. A storage building or container for prop storage.		
STATUS	2012 - 6 containers purchased - Broken Shackle Ranch building the burn rooms in the containers Numerous welding supplies and materials donated		

PROJECT BUDGET	**PROPOSED FY 2014**	**PROJECTED FOR FUTURE YEARS**					
		FY 2015	**FY 2016**	**FY 2017**	**FY 2018**	**FY 2019**	**TOTAL**
EXPENDITURE ALLOCATION							
Fire Training Complex - 2014	$ 20,000.00	$ 25,000.00					$ 45,000.00
TOTAL ALLOCATION	$ 20,000.00	$ 25,000.00	$ -	$ -	$ -	$ -	$ 45,000.00
SOURCES OF FUNDS							
2009 SPLOST	$ 20,000.00						$ 20,000.00
2009 SPLOST		$ 25,000.00					$ 25,000.00
TOTAL FUNDS	$ 20,000.00	$ 25,000.00	$ -	$ -	$ -	$ -	$ 45,000.00

CITY OF SANDERSVILLE, GEORGIA

JUSTIFICATION

By providing a local training facility, Firefighters would be able to train more frequently and not have to travel, therefore reducing travel expenses

Skill levels and safety would be improved on

Having such a facilty would help to reduce the ISO rating, therefore reducing insurance premiums paid by the residents

Facilities could be shared with other agencies

CITY OF SANDERSVILLE, GEORGIA **CAPITAL IMPROVEMENTS PROGRAM**

PROJECT	FD-06	FIRE STATION IMPROVEMENTS	
DEPARTMENT	FIRE	**FUNCTION**	HOUSE FIRE EQUIPMENT AND PERSONNEL

DESCRIPTION

This project involves improving the exterior of the Sandersville Fire Station

> Paint the exterior walls, doors, and trim - pressure wash brick
> Replace the front windows with solid glass (panes are leaking air - fogging glass)
> Replace the current sign on front of building (cracked)
> Paint parking lot striping
> Remove old hose pole and retrofit the remaining pole with a canopy and grill area
> Upgrade the water fill station piping

CITY OF SANDERSVILLE, GEORGIA

JUSTIFICATION Building is 33 years old and has had no exterior paint since constructed

Maintenance of building increases the longevity of the facility. Without ongoing maintenace the building will become unuseable

A well kept appearance demonstrates to the taxpayer that we are using their funds to maintain the infrastructure and therefore a state of readiness necessary to give them a high level of public safety service

CITY OF SANDERSVILLE, GEORGIA **CAPITAL IMPROVEMENTS PROGRAM**

PROJECT	FD-07	FIRE HOSE & APPLIANCES REPLACEMENT	
DEPARTMENT	FIRE	**FUNCTION**	WATER SUPPLY FOR FIRE SUPPRESSION

DESCRIPTION

This project involves replacing fire hose that has failed the annual pressure tests from years past & adding 5" supply line

> add 12 - 5" supply hose & move 12 existing 3" onto rack
> add the necessary tools, fittings, and appliances for the 5 " hose
> replace 2 - 95 gpm nozzles with 2 - 65 > 200 gpm multi select nozzles
> replace 12 - 2.5" attack line
> add 7 - 1.75 attack hose to rack

PROJECT BUDGET	PROPOSED FY 2014	PROJECTED FOR FUTURE YEARS FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	TOTAL
EXPENDITURE ALLOCATION							
Hose/appliances	$12,000.00						$ 12,000.00
> 12 - 5" hose							
> 12 - 2.5" hose							
> 7 - 1.75" hose							
> Multiple nozzles & appliances							
TOTAL ALLOCATION	$12,000.00	$ -	$ -	$ -	$ -	$ -	$ 12,000.00
SOURCES OF FUNDS							
2009 SPLOST	$12,000.00						$ 12,000.00
TOTAL FUNDS	$12,000.00	$ -	$ -	$ -	$ -	$ -	$ 12,000.00

CITY OF SANDERSVILLE, GEORGIA

JUSTIFICATION

A sufficient supply of backup hose must be kept to re-load apparatus after working fires and to use in addition to carried hose on large structure fires. ISO and NFPA recommend quantities to have in reserve and our count is down due to older hoses failing the pressure tests over the years.

Hoses that have been taken out of service were handed down to the water dept for use in repair operations

This CIP project also involves upgrading to a 5 inch supply line to better prepare us for the larger structure fires

Over 20 sections of 2.5 inch hose will be retired because they are all over 25 years old

TOTAL FUNDS		$1,000,000.00	$ -	$ -	$ -	$ -	$ 1,000,000.00

CITY OF SANDERSVILLE, GEORGIA

JUSTIFICATION

East Haynes Street has been approached for rehabilatation in the past. It has failed due to the fact that it will require utility work amd has who operate buisnesses on E. Haynes Street. Revitalization will bring a new life into this blighted area. The section of the city located on E.Haynes Street is in desperate need of repair to sidewalks and roads. This commerical area fails to match the sister sections of the downtown area in beauty and quality of service. There is very limited parking available to the merchants who operate buisnesses on E. Haynes Street. Revitalization will bring a new life into this blighted area.

TOTAL FUNDS	98,400.00	$ -	$ -	$ -	$ -		$ 98,400.00

CITY OF SANDERSVILLE, GEORGIA

JUSTIFICATION

The City of Sandersville is in need of a SCADA (SUPERVISORY CONTROL AND DATA ACQUISITION) system. The purpose of a SCADA system is to control and monitor the various operations of the city's water and sewer infrastructure through a central location. This can be done now through internet access. SCADA systems have been in use for many years. The system will alarm the operator to alert conditions and allow the operator to control various functions from any point in the world through a computer terminal. The potential for SCADA is unlimited in it's use and is expandable. It is not dependent on an operator being on site 24 hours a day / 7 days a week to monitor each area. It will also maintain a history of events and records. Alarm conditions will automatically be sent to an operator and continue until the problem is resolved. This is a different system that the one originally proposed. It is more basic, but offers the same functionality.

TOTAL FUNDS	$ 137,333.00	$ 137,333.00	$ 137,333.00	$ -	$ -	$ -	$ 411,999.00

CITY OF SANDERSVILLE, GEORGIA

JUSTIFICATION

The City of Sandersville has been in the process of converting to radio read technology for the past 3 years. However over the past three years only 430 new Itron equipped meters have been installed. We still have 2,404 meters which are not radio compliant.

By January 2014 all new water meters must comply to EPD's new standards on lead. This is expected to increase the cost of water meters an additional $50 - 75.00 per unit. Meters installed prior to 2014 will be grandfathered in and will not have to meet these standards. It is recommended that we proceed with the replacement program and installed the meters before the end of 2013.

LOCATION MAP

ANNUAL OPERATING BUDGET IMPACT:

$ -	Personnel
TBD	Operations and Maintenance *There should be a significant reduction. Elimination of manual meter reading, reduction of re-reads and recovery of loss revenues due to faulty reading meters.

WATER DEPARTMENT

WATER AND SEWER FUND

This fund accounts for the receipts and disbursements to finance the City's Water and Sewer Department. This department is responsible for water treatment, storage, and the distribution system as well as the wastewater collection, pumping, and treatment system. This fund also supports the Infiltration & Inflow Division which inspects and repairs the City's sewer lines.

SPLOST funds and GEFA loans are used to finance major projects in this fund. Any SPLOST funds used for water and wastewater projects are spent within the SPLOST Fund, with the completed project then transferred to this fund as a fixed asset. The City charges fees for service based upon actual consumption with rates set to cover the cost of personnel, operations, equipment and improvements, debt service, and extensions of the systems.

EXPENSES SUMMARY

Inflow & Infiltration

PROJECTED CASH AT December 31, 2014	$4,162,600.56

ELECTRIC DEPARTMENT

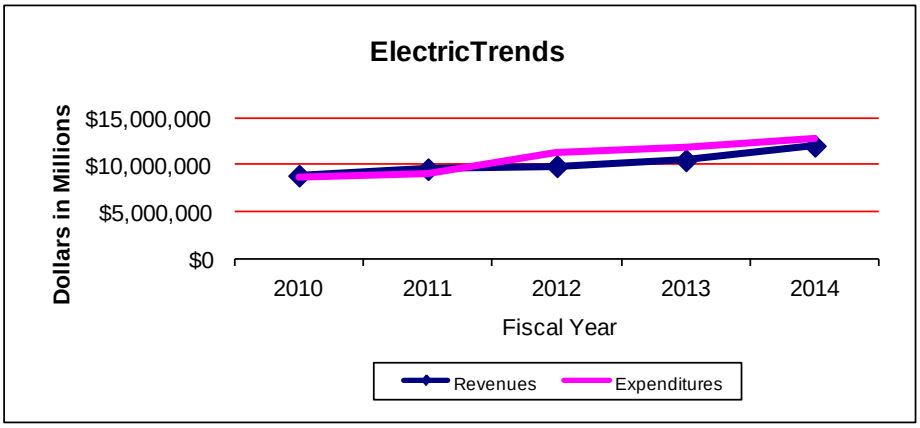

ELECTRIC FUND

This fund is used to account for the receipts and disbursements in the City's electric utility. In 1976, the City along with 45 other cities and one county entered into a power sales contract with the Municipal Electric Authority of Georgia (MEAG). Under the terms of the agreement which was extended in 2004, MEAG provides and the cities are obligated to purchase, all of their bulk power supply requirements for a period not to exceed 50 years.

In 2007, the City purchased additional interest in MEAG's power sales contract from the City of College Park Georgia. This obligation is paid as a part of the City's monthly power purchases from MEAG.

EXPENSES SUMMARY

	FY 2012 Actual	FY 2013 Budgeted	FY 2014 Proposed	Percentage Increase
Personal Services/Benefits	$ 593,050	$ 610,626	$ 585,569	-4.10%
Purchase/Contract Services	$ 672,228	$ 667,310	$ 733,592	9.93%
Supplies	$ 9,611,317	$ 10,344,928	$ 11,397,514	10.17%
Capital Outlay (Minor)	$ -	$ -	$ 200	0.00%
Interfund Dept. Charges	$ -	$ -	$ -	0.00%
Depreciation	$ 161,345	$ 147,246	$ 136,787	-7.10%
Other Costs	$ 344,383	$ 23,400	$ 17,700	-24.36%
Debt Service	$ -	$ 312	$ 385	23.40%
Non-Operating Expenses	$ 481,807	$ 27,100	$ -	-100.00%
Total Expenses	$ 11,864,129	$ 11,820,921	$ 12,871,746	8.89%

PERFORMANCE MEASURES

	FY 2012 Actual	FY 2013 Budgeted	FY 2014 Projected
Number of residential customers	2,299	2,300	2,305
Number of commercial non-demand customers	398	400	401
Number of commerical demand customers	120	118	119
Number of industrial customers	8	8	8
Total kWh purchased from MEAG and SEPA	63,379,134	68,025,000	88,975,000

SOLID WASTE COLLECTION

SOLID WASTE COLLECTION FUND

This fund accounts for the receipts and disbursements to operate the City's solid waste collection systems for commercial, residential and yard waste. It is financed by the monthly sanitation fees paid by the customers. The City contracts with Precision Waste Services to provide commercial collection services using front-end loading trucks and dumpsters picked up on a schedule agreed to by the customer and City. Customers are charged an amount determined by the cubic yard size of the dumpster used, and the number of times per week it is serviced.

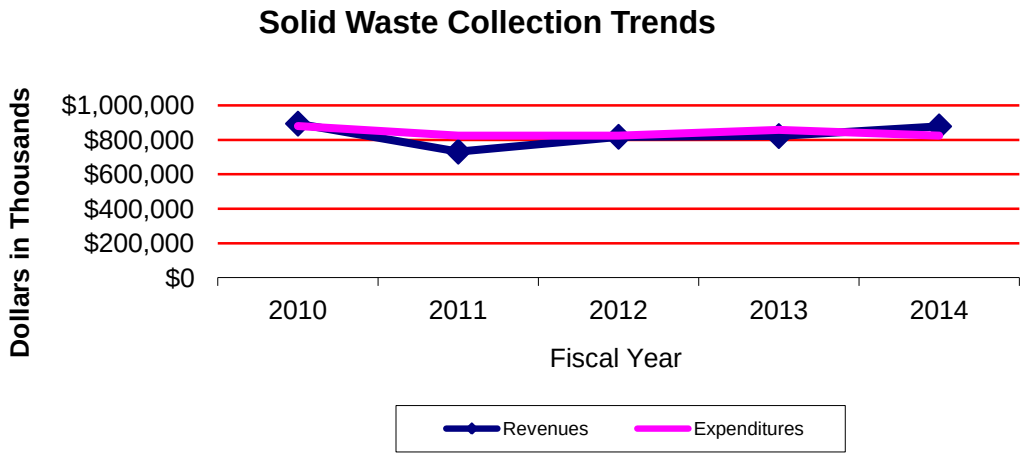

The City also contracts with Precision Waste Services to provide residential collection using polycarts that citizens take to the curbside for once per week service. White goods are collected curbside throughout the City following a route system.

Yard waste and leaf and limbs are picked up by city workers curbside one time each week following a route system. This service is included in the residential fee paid by the customer.

In FY 2010, the City contracted with Attaway Waste Disposal for curbside pickup of residential recyclables at no cost to the customer. Beginning in FY 2011, this service is provided in-house by city workers.

EXPENSES SUMMARY

	FY 2012 Actual	FY 2013 Budgeted	FY 2014 Proposed	Percentage Increase
Personal Services/Benefits	$ 78,800	$ 80,110	$ 83,376	4.08%
Purchase/Contract Services	$ 670,949	$ 710,705	$ 660,867	-7.01%
Supplies	$ 19,900	$ 18,400	$ 19,600	6.52%
Capital Outlay (Minor)	$ -	$ -	$ -	0.00%
Interfund Dept. Charges	$ -	$ -	$ -	0.00%
Depreciation	$ 13,594	$ 13,506	$ 13,036	-3.48%
Other Costs	$ 40,851	$ 35,500	$ 48,500	36.62%
Non-Operating Expenses	$ -	$ -	$ -	0.00%
Total Expenses	$ 824,093	$ 858,221	$ 825,380	-3.83%

PERFORMANCE MEASURES

	FY 2012 Actual	FY 2013 Estimated	FY 2014 Projected
Number of residential customers (housing units) at FY end	2,145	2,162	2,155

TELECOM

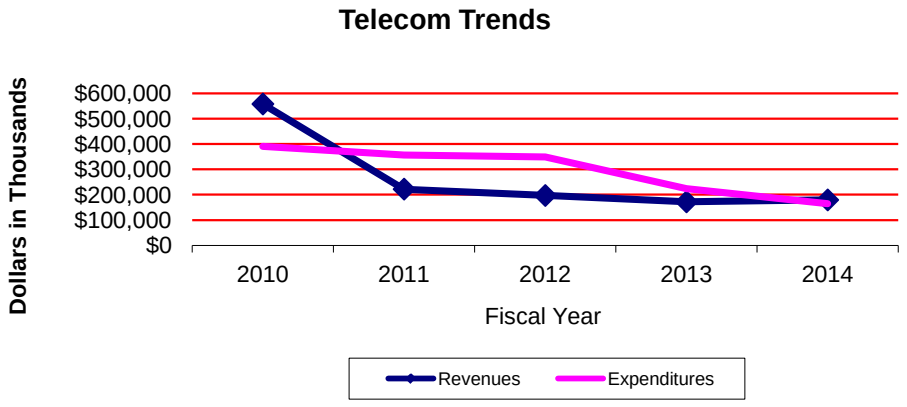

TELECOMMUNICATIONS (TELECOM) FUND

The Telecommunications (Telecom) Department funds the City's inhouse needs for information technology services including standardizing software and hardware purchased to allow employees to to share files electronically and to provide for a backup and disaster recovery plan for the City's vital records. This department is responsible for network design, installation and maintenance of the City's technology information systems.

The Telecom Department is also responsible for marketing and maintaining the City's fiber network and providing service to telecom and dial-up customers. Fiber optic communication exchanges information from one place to another by sending pulses of light into an optical fiber. Fiber optic communication and related technology represents the foundation of fiber high speed Internet connections.

DEBT SERVICE SCHEDULE

The Debt Service Schedules presented in this section provide a summary of the debt service obligations of the City at the beginning of FY 2014. Listed are the City's annual installment payments of principal and interest for previous capital improvement projects or acquisitions funded through debt financing.

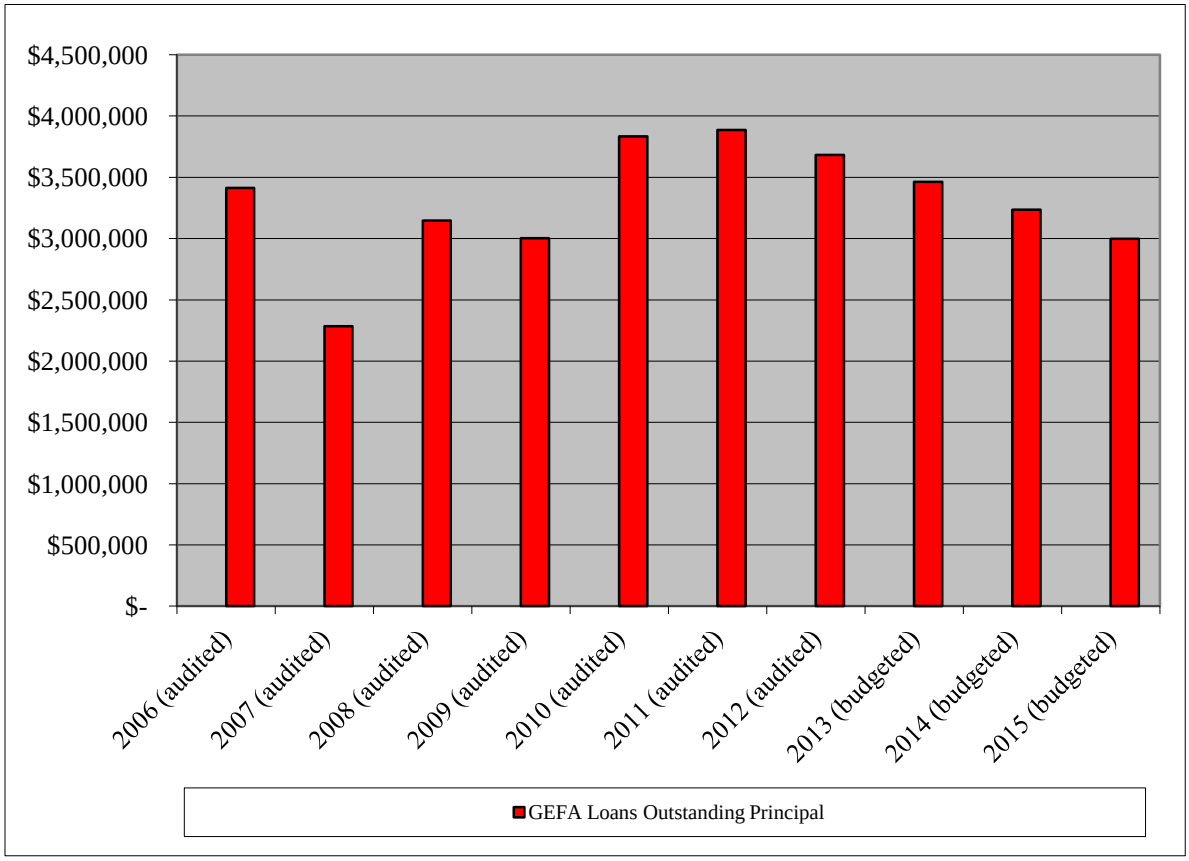

According to the Georgia Constitution, a city's legal debt margin for general obligation debt is ten percent (10%) of the total assessed property values within the city limits. Currently, the City has no outstanding general obligation debt.

In the Electric Fund, there are currently no debt obligations reflected on the City's financial statements; however, Sandersville, along with 45 other cities and one county, has contractual agreements with the Municipal Electric Authority of Georgia (MEAG) to guarantee a portion of debt for the output and services of generating units acquired or constructed by MEAG for the generation of power. The City also is obligated for the purchase of additional interest in MEAG's power sales contract from the City of College Park, Georgia.

In the Water and Sewer Fund, the City currently has four loans with the Georgia Environmental Facilities Authority.

CITY OF SANDERSVILLE, GEORGIA
WASHINGTON COUNTY
THE KAOLIN CITY
ESTABLISHED 1796

Glossary of Terms

Accrual Basis - A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity - Departmental efforts which contribute to the achievement of a specific set of program objectives; the smallest unit of the program budget.

Ad Valorem Taxes - Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Allot - To divide an appropriation into amounts, which may be encumbered or expended during an allotment period.

Annualize - Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation - A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation - The valuation set upon real estate and certain personal property by the Assessor as a basis for levying property taxes.

Assessment Ratio - The ratio at which the tax rate is applied to the tax base.

Asset-- Resources owned or held by a government which have monetary value.

Attrition - A method of achieving reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

Authorized Positions - Employee positions, which are authorized in the adopted budget, to be filled during the year.

Available (Undesignated) Fund Balance - This refers to the funds remaining from the prior year which are available for appropriation and expenditure in the current year.

Base Budget - Cost if continuing the existing levels of service in the current budget year.

Bond - A long-term I.O.U. or promise to pay. It is a promise to repay a specified

amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

General Obligation (G.O.) Bond - This type of bond is backed by the full faith, credit and taxing power of the government.

Revenue Bond - This type of bond is backed only by the revenues from a specific enterprise or project, such as a hospital or toll road.

Balanced Budget - A budget in which planned revenues available equals planned expenditures.

Basis of Accounting - A system used by an individual government to determine when revenues have been realized and when expenditures have been incurred. The City uses the modified accrual method.

Basis of Budgeting – A system used by an individual government to determine when budgetary revenues have been realized and when budgetary expenditures have been incurred. The City uses the modified accrual method.

Bond Refinancing - The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget - A plan of financial activity for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

Budgetary Basis - This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budget Calendar - The schedule of key dates that a government follows in preparation and adoption of the budget.

Budgetary Control- The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Capital Assets - Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets. The City of Statesboro defines them as assets costing at least $5,000 and a useful life of two or more years.

Capital Budget - The appropriation of bonds or operating revenue for improvements to facilities, and other infrastructure.

Capital Improvements - Expenditures related to the acquisition, expansion or rehabilitation of an element of the government's physical plant; sometimes referred to as infrastructure. It also includes vehicle and equipment replacement.

Capital Improvements Program (CIP) - A plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term needs.

Capital Outlay - Fixed assets which have a value of $500 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as fixed asset.

Capital Project - Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Capital Reserve - An account used to segregate a portion of the government's equity to be used for future capital program expenditures. The amount of capital reserve is roughly equal to the government's annual equipment depreciation and an amount identified as being needed for future capital acquisition.

Commodities - Expendable items that are consumable or have a short life span. Examples include office supplies, gasoline, minor equipment, and asphalt.

Constant or Real Dollars - The presentation of dollar amounts adjusted for inflation to reflect the teal purchasing power of money as compared to a certain point in time in
the past.

Consumer Price Index (CPI) - A statistical description of price levels provided by the U.S. Department of Labor. The index issued as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency - A budgetary reserve set-aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services - Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

Cost-of-living Adjustment (COLA) - An increase in salaries to offset the adverse effect of inflation on compensation.

Debt Service - The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Dedicated Tax - A tax levied to support a specific government program or purpose. .

Deficit - The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Department - The basic organizational unit of government which is functionally unique in its delivery of services.

Depreciation - Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development-related Fees - Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees and zoning, platting and subdivision fees.

Disbursement - The expenditure of monies from an account.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Employee (or Fringe) Benefits - Contribution made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Social Security and the various pension, medical and life insurance plans.

Encumbrance - The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

Entitlements - Payments to which local governmental units are entitled, pursuant to and allocation formula determined by the agency providing the monies, usually the state or the federal government.

Expenditure - The payment of Cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Expense - Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

Fiscal Policy - A government' s policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year - A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The City's fiscal year is July 1st through June 30th.

Fixed Assets - Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Fun Faith and Credit - A pledge of a government's taxing power to repay debt obligations.

Full-time Equivalent Position (FTE) - A part-time position converted to the decimal equivalent of a full-time position based on 2080 hours per year. For example, a part-
time typist working for 20 hours per week would be the equivalent to .5 of a full-time position.

Function - A group of related activities aimed at accomplishing a major service of regulatory program for which a government is responsible (e.g., public safety).

Fund - A fiscal entity with revenues and expenses which are segregated for the purpose of carrying out a specific purpose or activity.

Fund Balance - The excess of the assets of a fund over its liabilities, reserves, and carryover.
GAAP - Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Goal - A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Grants - A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Indirect Cost - A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Infrastructure - The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Interfund Transfers - The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Internal Service Charges - The charges to user departments for internal services provided by another government agency, such as data processing, or insurance funded from a central pool.

Lapsing Appropriation - An appropriation made for a certain period of time, generally for the budget year. At the end of the specified period, any unexpected or unencumbered balance lapses or ends, unless otherwise provided by law.

Levy - To impose taxes for the support of government activities.

Line-item Budget - A budget prepared along departmental lines that focuses on what is to be bought.

Long-term Debt - Debt with at maturity of more than one year after the date of issuance.

Materials and Supplies - Expendable materials and operating supplies necessary to conduct departmental operations.

Mill - The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each $1,000 of assessed property valuation.

Modified Accrual – Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Net Budget - The legally adopted budget less all interfund transfers and interdepartmental charges.

Nominal Dollars - The presentation of dollar amounts not adjusted for inflation. Adjusting for inflation would be done to reflect the real purchasing power of money today.

Object of Expenditure - An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture.

Objective - Something to be accomplished in specific well-defined, and measurable terms and that is achievable within a specific time frame.

Obligations - Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Revenue - Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Expenses - The cost of personnel, materials and equipment required for a department to function.

Output Indicator - A unit of work accomplished, without reference to the resources required to do the work (e.g., number of permits issued, number of refuse collections made, or number of burglary arrests made). Output indicators do not reflect the effectiveness or efficiency of the work performed.

Pay-as-you-go-Basis - A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Budget - A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

Performance Indicators - Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

Performance Measure - Data collected to determine how effective or efficient a program is in achieving objectives.

Personal Services - Expenditures for salaries, wages, and fringe benefits of a government's employees.

Prior- Year Encumbrances - Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. The cease to be encumbrances when the obligations are paid or otherwise terminated.

Program - A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Program Budget - A budget which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments.

Program Performance Budget - A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and objectives to effectively provide the service. The effectiveness and efficiency of providing the service by the program is measured by performance indicators.

Program Revenue (Income) ~ Revenues earned by a program, including fees for services, license and permit fees, and fines.

Purpose - A broad statement of the goals, in terms of meeting public service needs that a department is organized to meet.

Reserve - An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resolution - A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources - Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Retained Earnings - The accumulated earnings of an Enterprise or Internal Service Fund which have been retained or held in the fund and which are not reserved for any specific purpose.

Revenue - Sources of income financing the operations of government.

Service Level - Services or products which comprise actual or expected out-put of a given program. Focus is on results, not measures of workload.

Source of Revenue - Revenues are classified according to their source or point of origin.

SPLOST - Special Purpose Local Option Sales Tax – a sales tax imposed County wide for a predetermined period of time for a specific purpose, primarily funding capital projects and

equipment. SPLOST must be approved by the citizens of the County by a majority vote in a special referendum election.

Supplemental Appropriation - An additional appropriation made by the governing body after the budget year or biennium has started.

Supplemental Requests - Programs and services, which departments would like to have added (in priority order) over their target budget, or if revenue received is greater than anticipated. .

Target Budget - Desirable expenditure levels provided to departments in developing the coming year's recommended budget. Based on the prior year's adopted budget, excluding one-time expenditures, projected revenues and reserve requirements.

Tax Levy - The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

Taxes - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Transfers In/Out - Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

TSPLOST – Transportation Special Purpose Local Option Sales Tax – a one-cent sales tax voted on by each of Georgia’s twelve economic development regions for a ten year period of time for a specific purpose, primarily funding an indentified list of transportation improvements in each region where the tax referendum is approved.

Unencumbered Balance - The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance - The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

User Charges - The payment of a fee for direct receipt of a public service by the party who benefits from the service.

Variable Cost - A cost that increases/decreases with increases/decreases in the amount of service provided such as the payment of wages.

Working Capital- Excess of current assets over current liabilities.

Workload Indicator - A unit of work to be done (e.g., number of permit applications received, the number of households receiving refuse collection service, or the number of burglaries to be investigated).

Work Years - The amount of personnel resources required for a program expressed in terms of the "full-time equivalent" number of employees. One "work year" is equal to one full-time, year round employee. For most categories, this equals 2080 hours per year (40 hours per week times 52 weeks). The number of hours a part-time employee is budgeted to work during the year is divided by 2080 to arrive at the equivalent number of "work years" for the position.
