RE: **Adopted Fiscal Year Budgets 2017-2018**

The **FY 2018 Budgets** representing the General Fund, Special Services District Fund, Solid Waste Enterprise Fund, Capital Improvements Program Fund, Special Purpose Local Option Sales Tax Funds, DHS Building Fund, Confiscated and Seizure Fund, Lease Commercial Fund, Grant Fund and Law Library Fund which were approved and adopted on **June 26, 2017** are enclosed in detail in this document. These Budgets were developed in a sound planning process meeting all legal requirements which should ensure our delivery of services to the public during the twelve month period.

Due to serious financial constraints, there are no Merit increases or COLA included for FY 2018. The **General Fund Maintenance & Operation (M&O) Budget** is **$49,451,946** which is a slight decrease of 0.4% over last year. M&O Revenues continue to decrease due to a declining Net Tax Digest, lower Sales Tax Collections and less User Fees/ Court Fines. Overall, the M&O Revenue projection is 3.3% ($1,480,013) less than last year's budget. The Fund Balance usage to reconcile the FY 2018 Budget has increased to $6.5 million.

General Fund M&O Expenditures ($49,431,946) are $200,237 less than last year's budget. Reductions were budgeted in General Government, Public Works, Public Health, Social Services and other Financing Uses. The General Fund M&O Millage Rate decreased slightly from 12.577 to 12.569.

The **General Fund Capital Improvements Program (CIP) Budget** is **$428,800** which is a decrease of 38.9% from last year ($701,400). The CIP Budget does not receive any portion of the General Fund tax millage revenue and is completely reliant on CIP Fund Balance and SPLOST funds for its funding. The purchases for FY 2018 are mainly for vehicles and computer equipment in various departments.

The **Special Services District Fund** is budgeted at **$7,451,262** which is an increase of 2% from last year. The millage rate slightly decreased from 9.184 to 9.173 for FY 2018. The major Revenues (88%) are generated from Property Taxes, Insurance Premium Tax and Alcohol Excise Tax. The major Expenditure (87%) resides in Public Safety – County Police and Fire

Protection. An additional expense this year to the Operating Budget is the purchase of 6 County Police vehicles ($222,000). SPLOST VII funds will acquire these vehicles in future years.

The **Solid Waste Enterprise Fund Maintenance and Operations** is budgeted at **$3,747,100** which is a 13.3% increase over last year. **The CIP is budgeted at $3,878,000** which is a 0.8% decrease from last year. New additional cell construction for future capacity is an expected completed CIP project in 2018. SPLOST VI funds will also assist in funding $1,000,000 in this critical project for future solid waste disposal. The current Landfill gate rate of $38.97 per ton will remain the same in FY 2018.

Other Funds included in this Budget Document are **SPLOST III, IV, V, VI and VII; Confiscated and Seizure**; **DHS Building**; **Grants**; and **Law Library**. These Funds are being maintained in compliance with state laws, regulations and sound accounting practices.

We are continuously challenged to maintain or increase revenues as well as to contain or reduce expenditures. I look forward to working with you as we move forward in the future.

ALBANY, DOUGHERTY COUNTY, GEORGIA

HISTORY

Albany, Dougherty County and Southwest Georgia are rich in southern history and culture. Albany celebrated its 150th anniversary in 1986. The Dougherty County School System and the Sesquicentennial Committee have published a history of the area called Glancing Backward. It is available through the Chamber of Commerce or may be acquired temporarily through inter-library loan or checked out locally. Much of the information below was researched by the publishers of Glancing Backward and is contained in that publication.

Creek Indians were the first residents of this area as early settlers began inhabiting Southwest Georgia in the 1790's. Nelson Tift, a Connecticut native, entered into an agreement with a group of men in 1826 to find a town on the west bank of the Flint River, at that time Baker County. The original purpose for locating a town here was to utilize the Flint River for merchandising and boat traffic, etc. Later, Tift bought the interests of the other gentlemen, convinced that the town would eventually be successful. Albany was actually founded in 1836 when Nelson Tift was 25 years old. Though the Flint River is still a largely navigable waterway, it is now used for recreation.

In 1853, Dougherty County was created out of Baker County by an act of the Georgia General Assembly. It was named for Judge Charles Dougherty of Athens. The County contains 326 square miles of land area with a 2010 census population of 94,565 persons.

Many of the original buildings remain and some have been restored and are in use today. Quail plantations are famous in the area and date back to the founding of Albany. Dougherty County is recognized for its quail and duck hunting, fishing, the Flint River and many cypress swamps.

A famous military unit, the Nelson Rangers, originated in Albany in 1862 and fought in numerous Civil War skirmishes under the leadership of Capt. Thomas N. Nelson, who married the daughter of Nelson Tift.

Albany is still known for its artesian wells, the first drilled around 1881. Because the mineral waters were thought to be curative, the town became a tourist attraction. Today, the artesian well is the City's emblem and is embossed in the seal of the City.

The first industries and business in Albany and Dougherty County included a cotton trade with revenues of $5,000,000 annually, fertilizer factories, cotton seed oil mills, a pine products plant, cross arms, a gin brush factory and public ginneries. Albany boasted a "natatorium" or indoor swimming pool and the lowest death rate in the southern states. This area was also known as a center for transportation.

Dougherty County has a Board of Commissioners consisting of a Chairman, elected at large, and six commissioners, elected by district, for four year overlapping terms. The County Commission appoints a County Administrator to carry out the daily functions of the County.

Dougherty County has become one of the most progressive counties in the State of Georgia. Many large northern industries have relocated to South Georgia because of its natural resources. Some of those industries are Procter & Gamble, Miller Brewing Company, and the United States Marine Corps Logistics Base.

The County Commission has been in the forefront with many of its endeavors such as new Mental and Physical Health Facilities; an up-to-date Landfill operation, a $30,000,000 state of the art Jail Facility, a five story Government Center Office Building for County and City administrative departments, a three story Central Square Office Building, two downtown parking decks, a new Public Works Administrative Building, and a new EMS Headquarters.

In February 2009, Dougherty County was certified as a Georgia Work Ready Community. To earn this designation, Dougherty County had to demonstrate a commitment to improving public high school graduation rates and have a percentage of the available and current workforce earn a Work Ready Certificate. The County increased its public high school graduation rate from 57.5% to 63.3% and 1,556 workers in Dougherty County earned their Work Ready Certifications.

In 2011, after years of planning, strategizing and negotiating, a Landfill Gas-to-Energy partnership began between the Marine Corps Logistics Base Albany, GA and Dougherty County. This is the first partnership of its kind for the Department of the Navy. Landfill gas is a naturally occurring gas that results from the decomposition of garbage and is a reliable and renewable energy source. The 20-year partnership allows the County to sell landfill gas produced at the Fleming/Gaissert Road Landfill to MCLB. MCLB will utilize the gas to produce electricity on site which will offset the purchase of electricity as well as natural gas for steam production, thus increasing MCLB's use of alternative energy sources which is a Presidential and Congressional mandate for the Department of the Navy.

We like to think that Nelson Tift would be proud of the progress and success of Albany and Dougherty County. With a history so rich and a future so promising, Dougherty County is destined for further success.

EMPLOYEE HEALTH BENEFIT

A comprehensive health/hospitalization program is available to all classified full-time classified employees. This plan includes basic and major medical coverage. Coverage begins the 1st of the month following the month in which employees elect to sign up for health benefits, which must be within 30 days of employment. Dougherty County pays approximately 75% of the insurance premiums.

DENTAL

Full-time classified employees are provided dental insurance. The plan includes 100% coverage on routine preventive care, 80% on basic services, and 80% coverage on major services. Coverage begins the same date as health insurance. The County pays approximately 80% for employees. Dental coverage for dependents is paid 100% by the employee.

LIFE INSURANCE

All full-time classified employees are provided basic life insurance with accidental death and dismemberment (AD&D) benefits. The County pays 75% of basic life and 100% of AD&D. The amount of life insurance depends on the class of the employee and the years of service with the County. The County offers supplemental insurance and supplemental AD&D (group rates). The employee pays 100% of the supplemental life and AD&D costs.

Dougherty County also offers dependent life coverage for employee dependents, which is paid entirely by the employee. Dependent life does not include AD&D. Dependent life terminates at retirement.

Full-time classified employees are provided an additional life insurance benefit based upon the employee's projected annual earnings (vested amount projected to age 65 excluding Social Security) to retirement. This benefit is payable to the beneficiary of employees who become deceased while actively employed.

HUMAN RESOURCES

DEPARTMENT FUNCTION:

The Dougherty County Human Resources Department delivers a full range of personnel services for approximately 700 employees as well as handles all applicant services for individuals seeking employment opportunities with the County.

Staffing/Recruitment – This function provides for internal as well as external management of job vacancy information. HR utilized a Human Resources Management System (HRMS) with integrated software solutions for automating and managing the Staffing and Recruitment function. In instances of hard-to-fill categories, there are specialized recruitment activities designed specifically for the needs of the department where a vacancy exists. Now utilizing social media such as Facebook, included in the job information/recruitment function are the equal employment opportunity provisions.

Classification/Compensation – This function provides for an equitable system of compensation where each job is evaluated on the basis of external as well as internal worth. To promote greater objectivity in this process, the department utilizes the services of human resources organizations, such as classification and pay studies, and various consultants.

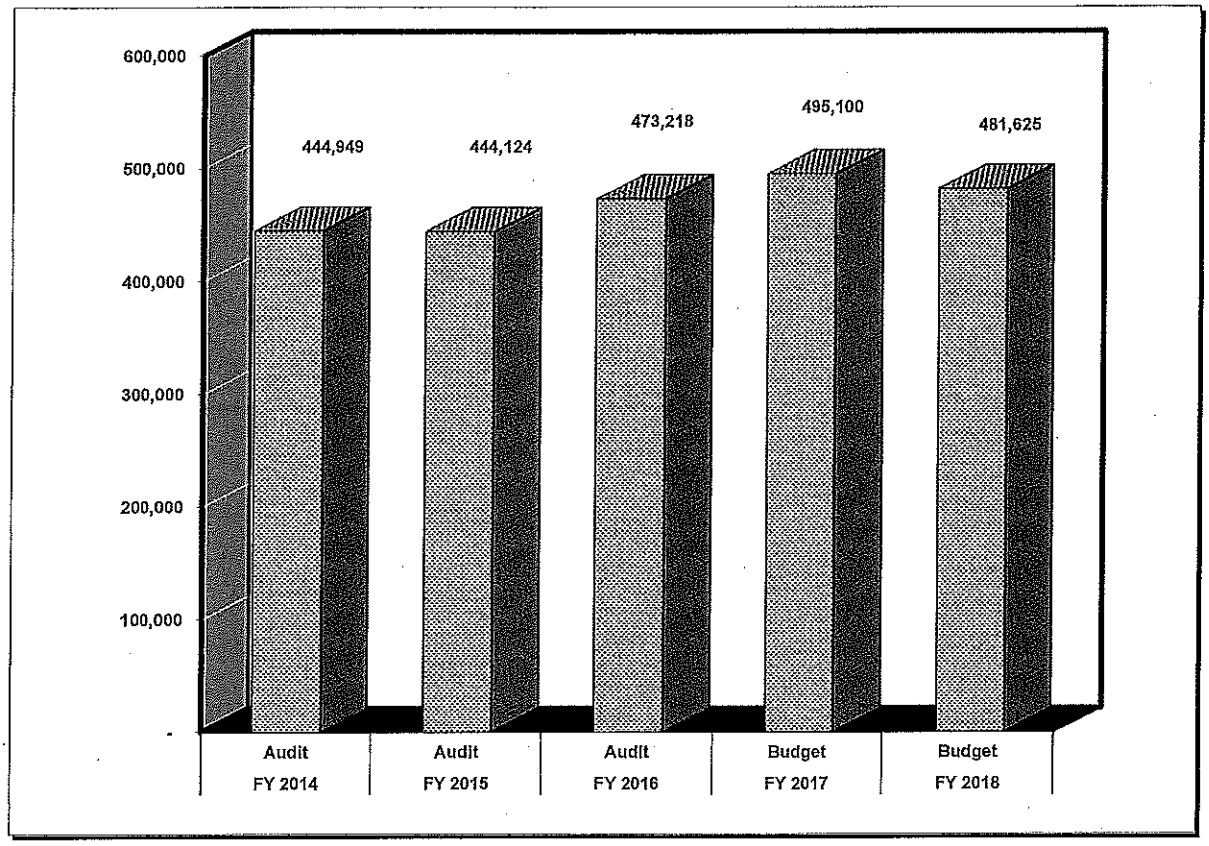

Benefits Information/Administration – This function provides for an up-to-date review and processing of the benefits offered through County employment. The HRMS Benefit Management functionality provides for benefit set-up, administration, and enrollment for improved efficiency and accuracy. Through new employee orientation sessions and employee updates, employees are provided the opportunity to receive information on benefits that are directly available to them. Included in the benefits package are: Health, Life, AD&D Insurance (on a pre-tax basis), Retirement Plan, Deferred Compensation, Annual Leave, Unemployment Compensation, Sick Leave, Holidays, Long Term Disability, Merit Increases (if budget constraints allow), Cost of Living Increases (if budget constraints allow), Dental Plan, Vision Plan, FMLA, Workers' Compensation, Credit Union, Sick Leave Bank, Supplemental Insurance and Employee Assistance Program (EAP).

Employee Self-Service – This function provides employees access to their own benefits, personnel and paycheck information, and reduces routine administration. Employees and managers can view, create, and maintain their information using a web browser. This technology creates a communications portal that distributes key information about policies and benefits to the entire workforce.

Training/Development – This function allows for an opportunity for professional and personal development. Using in-house personnel and outside consultants, training offers a wide variety of developmental activities which are geared toward preparing County employees for the challenges of the future as well as maintaining skills in current positions. The development process advises employees and departments of areas where compliance with local, state, and federal laws and policy requirements can be improved. The intent is to increase efficiency in risk management, cost containment, and employee relations.

Employee/Employer Relations – This function deals with maintaining a productive and cohesive work environment by addressing the need for open and honest communication and assisting both supervisor and employee in facilitating a better understanding of workplace relationships. The overall goal is to foster a "team-work" attitude which allows for input at every level and appropriate recognition and reward for that input. The web based HR Quick Links assures immediate communication and access to current policies, practices, and HR forms and programs.

HEALTH SERVICES

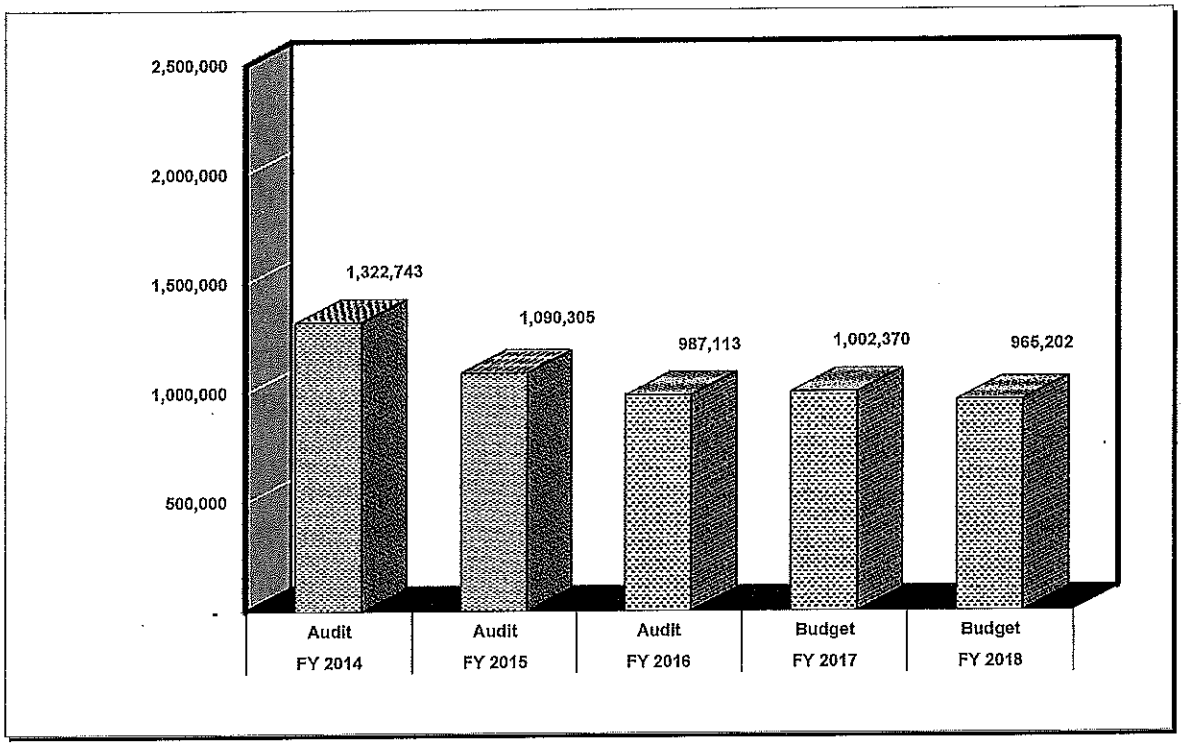

Through the overall Health Services budget, Dougherty County addresses the need to provide medical services to low income citizens. This goal is accomplished by the following:

Indigent committals: Funds for committal hearings to protect indigent mental patients' rights.

Substance Abuse Program: Dougherty County Jail Facility provides inmates, sentenced to Jail with a history of drug abuse, a six-week educational program on substance abuse. Successful completion of the course earns good time credit leading to an early release for the inmate. The program helps the inmate and helps reduce the operational cost to the County.

Physical and Mental Health Departments: Provides a full range of physical and mental health services, health information, preventive and environmental health services, and medical service to all citizens, but particularly low-income citizens.

CAPITAL IMPROVEMENT PROGRAM

Capital Improvement Programming may be defined as the process for developing a multi-year plan which sets priorities for funding and purchase of capital improvement items and projects. Dougherty County defines capital improvements as those items or projects with a cost greater than $5,000 and a useful life of five years or longer. Capital improvements may include acquisition of land, construction of buildings, replacement and acquisition of major pieces of equipment and major repair of capital equipment and structures. Items or projects not meeting the above criteria will be funded through the operational budget of the current year.

Dougherty County's Capital Improvement Program estimates expenditures and revenues for a six-year period. The County Commission reviews the program yearly, makes modifications as needs change and then approves the current year expenditures which become the Capital Improvement Budget for that year. In fiscal year 2012 through the current fiscal year, the Commission chose not to allocate any portion of property tax to CIP to give some relief to the General Fund.

A Capital Improvement Program is important to Dougherty County for several reasons:

1. A program of this nature indicates to the community that a rational and systematic approach is being taken in planning for future capital needs.

2. It allows for an orderly replacement of capital facilities and equipment before a crisis situation develops.

3. It helps the County avoid major fluctuations in the tax rate by spreading the costs of capital improvements over several years and by identifying alternate funding sources.
