Department Supervisors

"The Government Finance Officers Association of the United States and Canada (GFOA) presented an award for Distinguished Budget Presentation to the County of Jackson, Georgia for its annual budget for the fiscal year beginning January 1, 2010.

In order to receive this award a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications medium.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award."

A RESOLUTION

WHEREAS, the County Manager has prepared and submitted to the Commissioners of Jackson County budgets for the General Fund, Special Revenue Funds, Enterprise Funds, Capital Projects Fund, SPLOST Projects Fund and Debt Service Fund for the year beginning January 1, 2011, and ending December 31, 2011.

WHEREAS, said budgets are balanced budgets and have been prepared in accordance with accepted budgeting practice; and

WHEREAS, said budgets are line item budgets in compliance with the revisions of the Code of Jackson County; and

WHEREAS, the Commission of Jackson County has studied and revised the proposed budgets and considers it in the best interest of the County to adopt them.

NOW, THEREFORE, BE IT RESOLVED by the Commission of Jackson County that the budgets attached hereto and made part hereof for the year beginning January 1, 2011, and ending December 31, 2011, are approved.

BE IT FURTHER RESOLVED by the Commission of Jackson County that amendments to the budget so as to adapt to changing governmental needs during the fiscal year may be made in accordance with the provision of O.C.G.A. 36-81-3.

SO RESOLVED this 8th day of October, 2010.

COUNTY OF JACKSON, GEORGIA

The County of Jackson, Georgia

Purpose of Budget

The following information is provided to assist the reader in understanding the purpose of this approved budget document in addition to locating information. Jackson County's Approved FY 2011 Annual Budget includes financial and service delivery information combined with policy statements in a means designed to easily communicate the information to the reader. The FY 2011 Approved Budget was designed to meet the following four objectives.

The Budget as a Policy Document

As a policy document, the Budget indicates what services the County will provide during the next year as well as the level of services and the reasons for their provision. The Transmittal Letter summarizes the County's long and short-term concerns, financial situations, and how the Budget will address specific issues in FY 2011. Provided within each Departmental Summary is Department priorities and goals. Specific policies are addressed in the Financial Policies section.

The Budget as an Operations Guide

As an operations guide, the Budget indicates how departments and funds are organized to provide services to the citizens of Jackson County and visitors to the community. Approved changes for FY 2011 are summarized in the Transmittal Letter and detailed within each Fund, Department Summary & Financial Trends, Personnel Summary, and Departmental Summary sections. Each Departmental Summary section will include the following information: department mission statement; a description of the department; goals; objectives; tasks; performance measures; approved budgetary additions and/or deletions; line-item history; year-end projections; and approved funding for FY 2011.

The Budget as a Financial Plan

As a financial plan, the Budget summarizes and details the cost to the taxpayers for current and approved levels of service in addition to how the service will be funded. The document begins with the adopting ordinance which summarizes the revenue and expenditures at the fund level for the FY 2011 Approved Budget. The Transmittal Letter includes a description of major revenue sources for each fund, expected receipts, and summaries of approved expenditures. The reader will find detailed financial information within the Funds, Department Summary, and Financial Trends sections in addition to data found within each Departmental Summary. Such information is typically listed in four columns: 2009 Actual; 2010 Budget; 2010 Estimate (as of October 1, 2010); and 2011 Approved Budget. This Budget includes several transfers from the General Fund to the following Special Revenue Funds: E911; Emergency Management Agency; Senior Center; Parks and Recreation; Ambulance Service; Keep Jackson Beautiful; Component Units: Health Department, Airport, Jackson County Water & Sewerage Authority; Debt Service Fund; and the Transfer Station Enterprise Fund.

The Budget as a Communications Device

The Budget is designed to be user friendly with summary information within the text, charts, tables, and graphs. A glossary of financial terms is included for the reader's reference. Additionally, a Table of Contents provides a listing of each section within this document as well as their corresponding page numbers. Should the reader have any questions regarding Jackson County's Approved FY 2011 Budget, he or she may contact the Finance Department at (706) 367-6306 or (706) 367-6313.

Jackson County, Georgia
Executive Summary
Approved Budget for Fiscal Year 2011

General Information

- The FY 2010 tax rate is 9.55 mills for incorporated areas; 8.61 mills for unincorporated areas vs. 9.50 and 8.61 for FY 2009 respectively. This represents a 0.05 mill increase in the incorporated and no change in the unincorporated area from the FY 2009 tax rate.

- FY 2011 total annual budget is $62,195,477a decrease of $4,164,294 or 6.28%.

- FY 2011 proposed General Fund budget of $35,753,598 an increase of $608,620 or 1.73% from FY 2010.

- In order to balance the budget for FY 2011 several major cost-reduction measures were implemented. They are as follows:

    a. A total of 41.5 positions throughout the county government were either reduced or eliminated: 17.5 positions eliminated by reduction-in-force, 21 positions eliminated by removing existing vacancies and instituting a hard hiring freeze, and 3 full-time positions reduced to part-time status.
    b. Employees will be furloughed again 12 days or the equivalent of 96 hours in FY 2011 saving an estimated $641,870 in salaries and benefits after the reduction in force. These days will be officially declared holidays by the Board of Commissioners to comply with the Georgia Code for purposes of closing the County Courthouse. These days have been strategically placed at or near other traditional holidays and major events so that the impact on the public and employees is lessened.
    c. The county portion of health insurance premiums remained unchanged. In order to do this employees choosing a lower deductible will have to pay an increased rate each pay period. Those employees that raised their deductibles saw no increase in their annual costs.
    d. The budget was balanced with use of $1,761,642 from prior years' reserves.

- The only major operational increase in the general fund is a $125,000 or 55.56% increase in the Sheriff's Department fuel line item due to steadily increasing fuel costs.

- FY 2011 Annual budget removed $95,000 in appropriations to supplement DOT Funds and SPLOST Funds that had been used to support an aggressive base & pave and resurfacing program for county infrastructure.

- In FY 2011, the transfer out to the Jackson County Health Department is $ 276,357, an increase of $45,573 or 19.75%. This increase is due to the county paying for half of the two new positions required to staff the new Teen Pregnancy Center in order to help reduce the highest teen pregnancy rate in the northeast Georgia region.

- FY 2011 Annual budget includes $647,127 in appropriations for repayment of principal and interest on the County's fleet of Caterpillar heavy equipment. The County has established a 3-year replacement cycle for this equipment but no equipment is slated for purchase in 2011.

- A contingency fund was again eliminated in the FY 2011 annual budget indicating no net change.

- In FY 2011, appropriations for Capital Outlay have been allocated to a Capital Projects fund. The total appropriation for this fund is $971,013, a decrease of $918,025 or 48.60% from FY 2010. These appropriations are for items that include fleet vehicle replacement ($41,500), Sheriff's patrol car replacement ($565,000), and one new ambulance ($245,000).

- Transfers out from the General Fund are $12,461,654, an increase of $1,237,987 or 11.03%. The primary cause of this increase in the transfers out is due to a $1,394,485 or 102.52% increase in debt payments for Economic Development Bonds. Additionally, a transfer out for debt payments for the Water & Sewerage Authority has increased $500,561 or 31.57%. While many of the departments within the Special Revenue Funds receive a transfer out from the General Fund, there were very few increases in transfers out to most departments.

- EMS revenue was decreased for FY 2011 by $288,000 or 19.35% due to decreased ambulance fee collections. This along with an increase in part-time salaries to meet staffing needs has increased the transfer out from the General Fund to EMS by $380,895 or 20.81%.

- Transfers out to E-911 were set at zero, a decrease of $283,978 or 100% for FY 2011 due to use of E-911 fund reserves in the amount of $351,853.

- Transfers out to the Airport were reduced $225,239 or 71.92% primarily due to the elimination of depreciation expense for FY 2011.

Personnel

- Salaries in the General Fund have decreased $854,897 or 6.81% due to 17.5 positions eliminated by reduction-in-force, 21 positions eliminated by removing existing vacancies and instituting a hard hiring freeze, and 3 full-time positions reduced to part-time status. The remaining decreases are primarily the result of 12 furlough days.
  a. There were no additional positions approved for hire in FY 2011.

- Benefits in the General Fund have increased $344,272 or 8.57% primarily due to the reinstatement of the 401a defined contribution retirement funding from the County. This was done so that there would not be a continued inequity between the defined benefit plan employees and the defined contribution plan employees.
  a. Other increases result from changes in employee health insurance coverage as many employees have added family coverage to offset the loss of a spouse's job as well as the ability for employees to keep children on family coverage until age 26. However, there was no cost increase in the group health insurance premiums for FY 2011 as the employees were able to decide between a $500 and $600 deductible with the former paying an increased rate for the lower deductible plan.

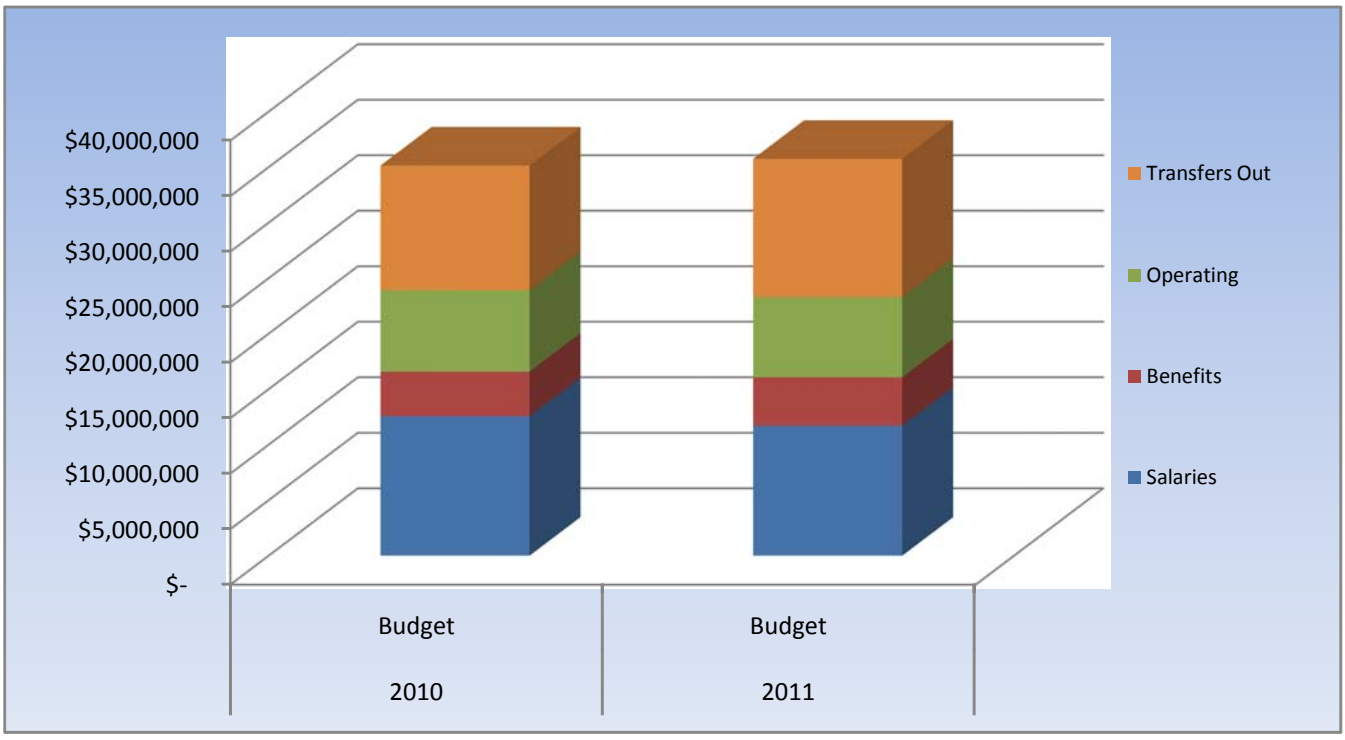

Other Information

- The FY 2011 Budget is balanced with the use of prior years' reserves. The County's total reserves are $8,064,272. Provided the County breaks even or has a surplus for the year ending December 31, 2010 then the County would expect reserves to be approximately 22.55% of the total FY 2011 budget of $35,753,598. However, if we look at the unreserved/undesignated portion of the reserves we would expect to have approximately $6.5 million or 18% of the total budgeted revenues and expenditures of $35,753,598 in FY 2011.

- Jackson County's 2010 Net Digest has decreased 5.36% or $130,388,459 from the prior year's digest.

FY 2011 BUDGET AT A GLANCE

	2010 Budget	2011 Budget	Percent of Total	Difference 2011-2010	Percent Change
Salaries	$ 12,562,460	$ 11,707,563	32.75%	$ (854,897)	-6.81%
Benefits	4,017,848	4,362,120	12.20%	344,272	8.57%
Operating	7,341,003	7,222,261	20.20%	(118,742)	-1.62%
Transfers Out	11,223,667	12,461,654	34.85%	1,237,987	11.03%
Total	**$ 35,144,978**	**$ 35,753,598**	**100%**	**$ 608,620**	**1.73%**

FUND SUMMARIES

The county accounts are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that are comprised of the county's assets, liabilities, fund equity, revenues, and expenditures or expenses as appropriate. Government resources are allocated to and accounted for within individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. Moreover, all governmental funds and proprietary funds have an appropriated budget with the exception of the Mayfield Treatment Plant.

FY 2011 Jackson County, Georgia Fund Structure

BUDGETS BY FUND

This section provides summary budget information by fund for revenues and expenditures. A fund is an individual accounting entity that segregates expenditures, revenues, and other transactions for a specific group of activities.

The term "basis of accounting" refers to that point in time when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the particular measurement focus being applied.

The accounting policies utilized by the county are in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The county uses funds and account groups to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

The basic unit of organization and operation within the county exists at the "fund" level. Consistent with this operational concept, the county's accounting system also employs the "fund" as the basic budgetary and accounting entity.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds are further classified into distinct categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types."

Governments use the same accounting as private-sector businesses for proprietary funds and trust funds with the measurement focus of the operating statement on changes in economic resources (i.e., changes in total net assets.) Such changes are recognized as soon as the underlying event or transaction has occurred, regardless of the timing of related cash flows (i.e., the accrual basis of accounting.) Thus, proprietary and similar trust funds recognize revenues as soon as they are earned and expenses as soon as a liability is incurred, just like private-sector businesses.

However, governments account for governmental funds and expendable trust funds differently than businesses. The measurement focus is on changes in current financial or expendable resources to the extent that they normally are expected to impact near-term cash flows (i.e., the modified accrual basis of accounting.) Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available.") "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period.

The **General Fund** is the principal fund of the county; it supports the majority of basic governmental services. Property and sales tax revenue are the chief funding source for the General Fund. Additionally, the General Fund Budget is used to account for all financial resources, unless they are required to be accounted for within another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources, typically federal and state grants fall within this category. These funds include:

- Emergency Telephone System (E911)
- Emergency Services / Ambulance
- Protective Inspection / Planning & Zoning
- Parks & Recreation
- Keep Jackson Beautiful
- Fire Districts
- Law Library
- Jail Fund
- Senior Center
- Drug Enforcement
- Emergency Management Agency
- Engineering

The **Debt Service Fund** accounts for the financial resources and payment of General Obligation Debt. This debt relates to the contract with Banks County and the Banks-Jackson-Commerce Hospital Authority.

Capital Projects Funds are used to account for financial resources that are used during the acquisition of capital assets. They are also used to account for the construction of major capital projects that are not accounted for in the General Fund or other funds. This includes the Special Purpose Local Option Sales Tax Fund, Capital Projects – Other and the Community Development Block Grant Fund. Since a project length budget is included within the grant document, a budget is not prepared for the Community Development Block Grant Fund.

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprise or where the governing body has identified a need to account for an operation in this manner. These funds include the Solid Waste Disposal Facility and the Mayfield Treatment Plant. A budget is not prepared for the Mayfield Treatment Plant due to its relatively small size.

Jackson County, Georgia

Finance Director's Office

The Honorable Chairman and
Members of the Board of Commissioners:

In accordance with state and local ordinances, I am pleased to present the Fiscal Year (FY) 2011 Approved Annual Budget. The FY 2011 Annual Budget maintains the long-term goals of the county while recognizing the immediate demands on county services. Additionally, this budget reflects the county's mission to strive to provide innovative, progressive and quality services to the people of Jackson County. We are committed to providing efficient, effective, responsive and ethical service. We are open and accountable to those we serve.

The primary long and short-term concerns of the county include the following: (1) providing county services at required levels in the face of continuous residential and commercial growth, (2) ensuring excellent quality of life for residents and visitors through infrastructure maintenance and facility improvements in the operating and capital budgets, and (3) employing an effective and efficient workforce to provide county services. Over the past few years the county has undertaken and completed several studies and reports (Organizational Study, Wage and Salary Study, Pay-for-Performance Plan, Comprehensive Plan Update, Transportation Study, and a Regional Solid Waste Management Plan Update), for the purpose of collecting data to address the county's long and short-term concerns. These plans have been considered when adopting the FY 2011 budget. While the FY 2011 budget looks forward it is necessary to look back at FY 2010 to get a picture of where we have been and where we are going for 2011 and beyond.

In FY 2010, the County:

- Special Purpose Local Option Sales Tax (SPLOST): In March, 2005, Jackson County and its nine municipalities voted to approve a new 1% Special Purpose Local Option Sales Tax (SPLOST). This tax was implemented in July, 2005. This is SPLOST #4 and has been estimated to collect $8,500,000 per year or $51,000,000 over a six-year period. There are two level one countywide projects: Jail Facility that will receive 20% of the total SPLOST and the Health Department Facilities will receive 1% of the total SPLOST. The municipalities within the County will share 29% of the SPLOST proceeds and the unincorporated portions of the County will receive 50%.

- GFOA Award: Received, for the ninth time, the Distinguished Budget Presentation Award from the Government Finance Officers Association of the United States and Canada.

- Issuer Credit Rating: The County's general obligation bond rating has been recently upgraded by Moody's Investors Service to "Aa2" from "A1" on its Series 2009 Bonds that we used to refund 5.4% of the Series 2008 Economic Development Bonds. Standard and Poor's most recent review of Issuer Credit Rating for Jackson County was upgraded to "AA-" from " A+" rating and stable outlook for the county.

- Increased Growth: The US Census Bureau rated Jackson County as the 6th fastest-growing county (by percentage) in Georgia using data from July 1, 2008- June 30, 2009. With a population estimated at 63,540, Jackson County continues to progress as a much sought after place to live and work. For the period of 2000-2009, Jackson County has experienced a 52.8 percent growth rate. This ranks Jackson County as the 22nd fastest-growing U.S. County for the current decade; up from 23rd one year ago.

- Jail: The development of a new $33 million, 424-bed jail facility is complete and the facility became fully integrated with Sheriff's administration and jail inmates and operational for a full-year in 2010. Construction was performed by New South Construction and its progress was on schedule. Funds for this project were included in the new Special Purpose Local Option Sales Tax (SPLOST). The 125,000 square foot jail project was completed in August of 2009. However, full staffing and full utilization of the new jail was postponed until FY 2010.

- Public Safety Training Center Groundbreaking for this facility occurred on August 6, 2008. This project includes a Burn Building, a pumper test station, classrooms, and other various training facilities to support

other emergency services operations, including the Sheriff's Office, EMA, E-911 and Rescue. This project supports all 12 Fire Units in the county and will be rented out to any other fire departments that need this valuable training area. The building also doubles as meeting venue for various county needs including the Planning Commission official meetings. The project was completed and ready for use in the early spring of 2010.

- East Jackson Sports Complex: The East Jackson Sports Complex is located on 37 acres of land in Nicholson. The park opened in the spring of 2009. The Sports Complex features four baseball fields, a refreshment center, and spectator seating. In July, 2010 the park was again home to the Dizzy Dean World Series drawing participants and fans from across the country. In 2010, walking trails were added to the park to create a more mixed-use type of facility for the public.

- Hoschton Park: 2010 saw the grand opening of the park on September 11th of a new outdoor sports recreation complex developed near downtown Hoschton behind what used to be a baseball/softball field at the primary school. This park contains new baseball and softball diamonds along with soccer fields, a track, playground, and concessions/restroom facilities.

- On-line Registration: On-line registration for Jackson County Parks and Recreation sports activities was started in 2006. The web address for this is ***www.activenet4.active.com/jacksoncntyparksandrec***. The ability to register on-line for the use of rentals at Hurricane Shoals and Sell's Mill Parks was phased in during 2007 and East Jackson Park will come online in early 2009. The registration system has been updated in 2008 and usage has greatly increased throughout 2010. The new Hoschton Park will also be added to the online registration.

- Solid Waste Facility: The Board of Commissioners authorized $1.1 million for design and construction of a new solid waste facility. The new facility replaces the old one but on the same premises. A master plan has been created for the site to allow future expansion for a recycling center. 2010 saw the opening of a new scale house and transfer station to replace the existing structure, which was in a state of disrepair. Work began on this facility in the summer of 2009.

- Information Technology: The Information Technology Department has completed an integrated computer intranet system. The purpose of this system is to provide high-speed reliable communications throughout all county offices. This will improve citizen services and provide a very wide bandwidth of capacity in order to move regular data, photographic data, and telephone services. Additionally, the network provides significantly higher levels of security and protection to governmental data and high security files and mail lists. Recently, this infrastructure was expanded to the Public Safety facilities including integration with the new Jail and Fire Training Facility. In 2010, bandwidth capability was greatly expanded to handle the addition of more sophisticated public safety equipment.

- New Job Opportunities: Throughout the past few years Jackson County has created hundreds of new jobs in the form of manufacturing to education. The County has implemented new Economic Development Bonds so as to provide locations for future business expansions and relocations. There are currently 16 developed industrial parks within the various cities and the county containing millions of square feet of industrial and corporate space. Despite the downturn in the economy, Jackson County is well positioned for economic growth. Recently there have been several new construction and expansion of industrial projects in the county. The Aldi Corporation recently began construction of a $40 million distribution center. The Roper Pump Company is in the midst of an expansion worth $3 million. The Louisiana-Pacific building that closed last year now has a contract to sell the facility for unknown millions and the company will invest an additional $23 million in the facility. Additionally, existing distribution centers will become home to more major national and international companies within the next year such as Safelite Auto Glass in Braselton. In the summer of 2010, a Systemax company, TigerDirect.com, opened in Jefferson providing more than 400 retail and distribution jobs. There are signs that the economic outlook for 2011 for industrial development may be even better. Through the first three quarters of 2010 the county responded to more than 50 potential economic development projects.

- Roads Paved: There were over 22.86 miles of roads resurfaced in FY 2008 and in FY 2009 the department resurfaced only 7.68 miles of roadway. For FY 2010 the department anticipated resurfacing approximately 8 miles of roadway. Currently, the county has 582 miles of road, 445 paved miles and 137 gravel miles. The county continues to fund a road-paving program utilizing a combination of State aid (when available) and SPLOST funds although this has decreased over the last few years due to state and local budget constraints.

- County Website: The Jackson County Government unveiled it's newly designed, comprehensive website in July, 2007. This new format gives citizens and visitors a wealth of information updated by each department so as to be as informative and helpful as possible. In 2010, the various departments have undertaken a major initiative to further develop and update their respective sites with up-to-date and relevant information. The front-end of the site also contains an updated look and features. The web address is **www.jacksoncountygov.com**.

- Correctional Institute: The Board of Commissioners voted in May, 2009 to lease the IW Davis Detention Facility from the Georgia Department of Corrections for 20 years at $33,440 per year. The building had various renovation improvements and equipment updates performed before the Senior Center temporarily moved in while their building underwent expansion. Work continued throughout 2010. The Correctional Institute will completely move into the IW Davis building in the spring of 2011 giving them a much more updated and safer environment to work and house inmates.

- Senior Center: Received a $500,000 CDBG grant notification from Governor Sonny Perdue on August 15, 2008. These funds will be used to expand the current Senior Center to accommodate the growth and demand for service. Work began on the expansion in the summer of 2009 with a completion date set in early 2011. The Senior Center was temporarily moved to a portion of the newly renovated IW Davis detention facility, which will later be used as the new Correctional Institute.

- Business Personal Property Tax Verification Program: Jackson County has continued to find success in continuance of its contracted business personal property verification program whereby various businesses throughout the county are audited for compliance and proper reporting of personal property. The results of this program have benefitted all governments within Jackson County with more taxable revenue. However, only the Jackson County Board of Commissioners had been paying the full amount of this contracted service. In 2010, the County along with the Boards of Education and various Municipalities agreed to share in the cost of the program.

- Sheriff's Department: The Jackson County Sheriff's Department began retrofitting patrol cars in 2009 with a propane conversion system primarily funded through a U.S. Department of Justice grant with the intentions of providing for greater energy efficiency and a cleaner-burning fuel. The program was fully implemented for all vehicles in FY2010. It is estimated to save the department approximately 25% of the 2011 fuel budget.

Millage Rate:

- The millage rate remained relatively unchanged from the FY 2010 budget. For the incorporated area, the millage increased only 0.05 mills to 9.55 mills and did not change in the unincorporated area leaving the same rate of 8.61 mills for the third year in a row.

- The Jackson County Board of Commissioners charged the staff with setting the 2010 millage rate no higher than the 2009 millage rate to fund the FY 2011 budget. However, there was a very slight difference due to uneven growth in the two digests, the incorporated and unincorporated thus accounting for the very slight differences in the two rates.

- In order to avoid "back door" increases due to increasing property values, the State Taxpayer Bill of Rights requires the calculation of a "rollback" rate that would generate the same amount of taxes as the previous year. If the actual millage rate exceeds this rate, an announcement of a property tax increase and three public hearings must be held to inform the public on the reason why an increase is being proposed. The three public hearings were not needed for the 2010 millage rate.

The remainder of this transmittal letter details in general terms, the budgetary decisions/actions pertaining to the operating and capital budgets, and expenditures and revenues for each fund and changes in fund balance.

FY 2011 Approved Budget Overview/Highlights

As mandated by the State Law, the FY 2011 Approved Annual Budget represents a balanced budget for the general fund, all special revenue funds, and the debt service fund. Total appropriations from each fund do not exceed estimated fund balances, reserves, and revenues for each of the county's respective funds. While not legally required, in previous years the Board of Commissioners has adopted budgets for the Special Purpose Local Option Sales Tax (SPLOST) capital projects fund for management and control purposes. This fund has a project length budget that is approved by the taxpayers as part of the referendum authorizing collections of the SPLOST.

Some notable budgetary items the Board of Commissioners will undertake in FY 2011 are as follows:

- UOBWA – Debt Service Payments: Beginning in January, 2008 the Jackson County Board of Commissioners began to make the debt service payments for the Upper Oconee Basin Water Authority (UOBWA). This was due to the prolonged drought and inability if the UOBWA to bankroll the debt service payment through the adequate sale of water along with the overall collapse of the building industry counted on for future usage. The Jackson County Board of Commissioners has voted to pay approximately $2,086,159 in the debt service payments for FY 2011, an increase of 31.57% or $500,561 over FY 2010.

- New Ambulances: One new ambulance has been funded for purchase in FY 2011 totaling $225,000.

- County/City Bonds: FY 2010 saw the conclusion of construction of several projects approved by the Board of Commissioners in FY 2007 through a $40.5 million bond with the city of Jefferson to advance fund SPLOST projects. The projects include a $2 million renovation for the historic courthouse, $33 million to build a new jail, and a $4 million for a fire training facility and $1 million debt service reserve. The Jail is already operational but will later operate at full capacity once enough staff is hired. The fire training facility has begun full usage as a station for EMS staff and also for fire training. The historic courthouse construction and restoration work will continue into 2011 as exterior work has concluded and interior work will commence.

- Bond Refunding: In 2009, The Board of Commissioners voted to restructure the S2008 Economic Development Bonds by paying down $5,000,000 in principal, taking advantage of a slightly reduced interest rate, reducing the maturity by four years, and front-loading the savings into FY 2010. The total savings for the restructuring amounted to $1,128,712 for FY 2010. Moreover, the refunding occurred in two series of bonds, Series 2009A in the amount of $25,050,000 that closed on November 12, 2009 and Series 2009B in the amount of $15,880,000 that closed on January 11, 2010. In FY 2011, these payments for the economic development bonds increased 102.52% or $1,394,485 since most of the initial refinancing savings occurred in FY 2010.

Jackson County, Georgia
Budget Fiscal Year 2011
Issues and Challenges

The population of the county is continuing to grow rapidly. It is listed as the 22nd fastest-growing county in the nation for the decade. The county is still largely rural; however, it is becoming increasingly more urbanized and industrialized. These factors are leading to some of the following issues and challenges.

1) **Land Use and Zoning**

The land use plan along with the zoning ordinance and development regulations require revisions and updates to improve the efficiency of public service and reduction of infrastructure cost associated with rapid growth. Wise and thoughtful development will bring forth a vibrant and sustainable community for future generations. Working towards solving tomorrow's problems will aid in producing a bountiful economic harvest. FY 2010 saw the adoption of a new Comprehensive Plan and its implementation will be seen throughout 2011.

2) **Roads**

A reliable source of funding for long-term maintenance and upkeep of our county roads and bridges continues to be a serious challenge. The county continues to make efforts towards reducing the number of miles of gravel road through a proactive base and paving program. Currently, Jackson County is in the process of developing a countywide transportation plan to open existing and future major transportation corridors. Lastly, the county is challenged with developing policies for protecting and acquiring right of way.

The lifetime of a resurfaced road is ten years. Since we have approximately 400 miles of surfaced roads in Jackson County, we should resurface 40 miles of roadway each year to have well maintained roads. We feel that 40 miles are a minimum number of miles that will allow us to stay within the standards of safety we strive to obtain in providing our services to the community. As such, the road department requests more funding than can be budgeted for as a transfer for resurfacing. However, the budgeted transfer out from the General Fund for these projects has been eliminated for FY 2011 due to major budgetary constraints. This represents a decrease of $95,000 from FY 2010 for this work.

3) **Parks & Recreation Issues:**

Program Needs

Presently, there are not enough outside and indoor programs offered, and current programs do not address the needs of all age groups. Specific needs include: soccer, swimming, volleyball, fitness, tennis, theater and cultural programs, racquetball, disc golf, and senior programs. With the opening of the new East Jackson Park in 2009 and Hoschton Park in 2010, more opportunities are now available for recreation programs.

Greenways and Trails

There is a need to provide greenways and trail systems throughout the county, as well as at individual parks, particularly Sells Mill Park, which is presently underdeveloped. Future park trails should be designed to accommodate walkers, joggers, and possibly cyclists. However, in 2010, a walking trail was constructed at the East Jackson Park to meet some of this service demand.

4) **Additional Schools**

Currently, local growth constitutes the addition of approximately 18-20 classrooms per year even with the current economic and housing slowdown. The one percent Special Purpose Local Option Sales Tax for education is not generating enough revenues to keep up with current demand. In effect, this could lead to sub-standard portable classrooms for the student population. While this is the Board of Education's responsibility, the burden could fall back on the county taxpayers who provide revenue to operate the activities of the government. However, the last school to open was the East Jackson High School, thus alleviating the overpopulation strain at the high school level for the county. The East Jackson High School was financed with $30 million of the $70 million bond issued in 2005. Future school development will undoubtedly be aimed at the rapidly growing west side of Jackson County in the Braselton/Hoschton area.

6) Planning & Development:

Planning & Development revenue is tied directly to growth in the residential, commercial and industrial arenas. If the economy is strong, then the revenues generated through building permits and development fees will exceed expectations. However, if the economy slows, staggers, or recedes, then a shortfall of revenue will occur due to a decrease in the building and development fees generated.

In contrast, if growth occurs too rapidly, then service levels will fall unless adjustments are made in the number of employees. However, if the economic growth declines in the building and development fields, service levels will rise, but we must maintain a basic service level without having an excessive employee base. An adjustment of the fees for permits and inspections is an essential way to properly balance the needs of the businesses and residents with the costs of providing such services.

Due to the recession and current slump in residential property permits, five positions in the Public Development Division have been left unfilled and unbudgeted for FY 2010 and six positions were eliminated via layoffs in February, 2009. In FY 2011, two full-time employees were made part-time. This will help to offset some of the issues faced with a further decline in revenue in FY 2011. Also, the Engineering Department was absorbed by the Protective Inspection Division of the Public Development Department in a streamlining of the department.

7) Upper Oconee Basin Water Authority Contract

In 2007, the Jackson County Board of Commissioners acknowledged that they would assume the debt service payments, relative to the county's 41.521% proportional share in the Bear Creek Reservoir, on behalf of the Jackson County Water and Sewerage Authority, a component unit of the primary government. The Board of Commissioners began servicing the debt, for which they are contingently liable in January, 2008. The main reason for the Authority's inability to continue to service the debt is the prolonged drought situation faced by Jackson County and surrounding areas that has led to tighter restrictions on water and led to other conservation measures. Due to these measures, water usage was down and has stayed down even coming out of the drought, therefore limiting collections on the sale of water in an amount large enough to sustain the monthly debt service payment obligation by the Water and Sewerage Authority. The further decline in the housing market has limited growth in the customer base and prevented the Authority from reaching projections in water usage payments. The Jackson County Board of Commissioners has appropriated in the FY11 Budget $2,086,159 for this contingent obligation representing a 31.57% or $500,561 increase from FY10. Provisions for payments beyond FY 2011 will be assessed later in the year.

Total Uses

The FY 2011 Approved Budget, with inter-fund transfers included, totals $62,195,477. Listed below is a table illustrating the FY 2011 approved total uses by fund. Said figures include expenditures and inter-fund transfers.

FY 2011 Approved Total Uses per Funds Summary

Fund	2010	2011	Difference	Percent Change
General Fund	$ 35,144,978	$ 35,753,598	$ 608,620	1.73%
Special Revenue Funds	9,255,921	9,344,404	$ 88,483	0.96%
Debt Service Fund	7,928,450	8,286,386	$ 357,936	4.51%
SPLOST Projects Fund	10,811,775	6,417,448	$ (4,394,327)	-40.64%
Capital Projects Fund	1,889,038	971,013	$ (918,025)	-48.60%
Enterprise Funds	1,329,609	1,422,628	$ 93,019	7.00%
Total Budgeted Uses	**$ 66,359,771**	**$ 62,195,477**	**$ (4,164,294)**	**-6.28%**

The FY 2011 Approved Annual Budget represents a $4,164,294 or 6.28% decrease from the FY 2010 Approved Budget total of $66,359,771. Over a two-year period since 2009 (not shown on chart), the total Approved Annual Budget has decreased 12.23% or $8,669,096 from $70,864,573. **While this portrayal of the approved budget is technically accurate, the inclusion of inter-fund transfers overstates the true cost of total operations.**

Total Expenditures

When inter-fund transfers are removed from the equation, the FY 2011 Approved Budget total expenditures equal $47,312,797, a decrease of 8.95% or $4,652,929.

FY 2011 Approved Total Expenditures

	2010	2011	Difference	Percent Change
Total budgeted uses	$ 66,359,771	$ 62,195,477	$ (4,164,294)	-6.28%
less operating transfers	(14,394,045)	(14,882,680)	(488,635)	3.39%
Total	**$ 51,965,726**	**$ 47,312,797**	**$ (4,652,929)**	**-8.95%**

FY 2011 Approved Operating Budget

All services provided by the county in FY 2011 are incorporated into the FY 2011 Approved Budget. That is, approved funding levels will permit the continuation of most basic services at previously established service levels. The FY 2011 Approved Budget contains, however, some significant funding/policy changes. The following list details the significant changes contained in the FY 2011 Approved Budget excluding fire districts:

- Decreased county-wide health insurance expenditure budget by 2.63% or $79,182 for FY2011.
- Increased budget contributions for property and liability insurance by 28.1% $154,600 for FY2011.
- Increased total fuel expenditures by 30.91% or $87,193 due to higher anticipated energy costs throughout the county.
- Decreased total communications expenditures by 15.09% or $55,191 due recent upgrades of various phone and communications systems.

Summary of FY 2011 Departmental Changes

- The Engineering Department under the Public Development Division was eliminated moving the only employee of the department, an inspector, to the Protective Inspection Department of the division.
- The Project Management Department now only exists as an operating budget department as the Contracts Administrator in the department was eliminated from the reduction-in-force.
- The Rural Transit Department (Section 5311 program) will be eliminated on July 1, 2011 upon expiration of the DOT contract.

Summary of New Positions

There were no new positions approved for FY 2011.

Summary of Salary Increases/Decreases

The FY 2011 Approved Budget includes no cost of living adjustment or any further wage and salary study increases stemming from 2007. Instead, the FY 2011 Approved Budget again contains 12 furlough days totaling an organization-wide savings of an estimated $641,870 in salaries and benefits.

During FY 2010, several departments had decreases in the number of personnel. Also, some departments made salary adjustments to staff receiving certification due to increased training efforts or gave promotions to eligible employees. Since these positions and adjustments were not effective for all of 2010, the FY 2011 budget includes an increase to cover these costs for the full year of FY 2011. The reduction-in-force was the most significant change to take effect in 2010 and is shown below:

FY 2011 RIF'S Factored Into Budget		
Department	**Job**	**Total Cost**
Clerk of Courts	Deputy Clerk	$ 33,794
Code Compliance	Code Comp Officer	41,161
Code Compliance	Code Comp Officer	49,342
Correctional Institute	Administrative Clerk	41,751
Correctional Institute	Food Services Supervisor	47,260
Correctional Institute	Corrections Officer	36,597
County Manager	Executive Assistant	49,946
EMS	Receptionist/Secretary	40,990
Finance	Accounting Technician	30,978
Fleet Maintenance	Superintendent	67,546
Information Technology	Network Engineer	57,957
KJCB	Director	15,020
Parks & Recreation	Cert. Corrections Detail Officer	47,191
Parks & Recreation	Asst. Director	59,507
Probate Court	PT Administrative Clerk	5,313
Project Management	Contract Administrator	44,237
Protective Inspection	Building Inspector	41,550
Protective Inspection	Administrative Assistant	27,466
Purchasing	Buyer	47,260
Road Dept.	Assist Road Super	56,819
Tax Commissioner	Tag Technician	33,772
		$ 875,456

Twenty-one vacant positions were left unfilled for FY 2011 as no budget was appropriated for them. These positions were located throughout various departments. These twenty-one positions are as follows:

Vacant Positions Removed when budgeting for FY 2011		
Department	**Job**	**Total Cost**
Clerk of Courts	Deputy Clerk	$ 34,130
Clerk of Courts	Chief Deputy Clerk	20,790
Correctional Institute	Corrections Officer	36,286
Correctional Institute	Corrections Officer	36,286

Solid Waste	Compactor Atdt	7,713
Tax Assessor	Appraisal Clerk	32,518
Transit	Driver	28,734
Transit	Coordinator	38,899
		$ 743,402

Prior to these personnel austerity measures, in February, 2009, there were six Public Development employees laid off and their positions were not budgeted for FY 2010. However, these cuts have given the county government a chance to "right-size" the government according to the services demanded and to streamline the operations for more efficient service delivery.

FY 2011 Approved Capital Budget

The citizens of Jackson County approved a new 1% Special Purpose Local Option Sales Tax (S.P.L.O.S.T.) in March, 2005. The tax became effective as of July 1, 2005. The SPLOST tax is the county's primary source of funds for capital projects. This 1% sales tax is expected to yield $51 million over a six-year period or an average of $8.5 million per year. The county's share of these taxes over a six-year period will equal approximately $25.5 million. These funds will be distributed as follows:

Recreation	20.00%	$ 5,101,520
Public Safety	14.00%	3,571,064
Road & Bridges	32.50%	8,289,970
Libraries	1.00%	255,076
Water and Sewerage	32.50%	8,289,970
	100.00%	$25,507,599

As stated earlier, there were also two Level-One County Wide projects, one for a jail facility estimated at $10,200,000 and secondly Health Department facilities estimated at $510,000. Funding of these projects had first priority. The remaining $14,782,401 will be transferred to the various municipalities over the six-year period.

Changes in Fund Balance:

	2007	2008	2009	2010	2011	Difference	Percent Change
CHANGES IN FUND BALANCE:	**ACTUAL**	**ACTUAL**	**ACTUAL**	**BUDGET**	**APPROVED**	**2011-2010**	**2011-2011**
Fund Balance - Beginning of Year	$ 8,382,115	$ 8,386,947	$ 8,878,005	$9,825,914	$9,825,914		
Excess Revenues over Expenditures	4,832	491,058	947,909	-	-		
Cumulative Effect of a Change		-	-	-	-		
In Accounting Principle & Prior Period Adjustments		-	-	-	-		
Use of Fund Balance in FY11 Budget		-	-	-	(1,761,642)		
Undesignated Fund Balance - End of Year	$ 8,386,947	$ 8,878,005	$ 9,825,914	$9,825,914	$8,064,272	**$ (1,761,642)**	**-17.93%**

The changes in the General Fund budgeted fund balance between fiscal years 2010 and 2011 are significant in that the decrease is 17.93% or $1,761,642. As discussed in the Executive Summary (Section I) of the Budget Document, the FY 2011 budget was balanced with the use of reserves due to a shortfall in revenues, specifically property taxes.

The change in fund balance from fiscal years 2009 to 2010 increased 10.67% or $947,909 due to sound financial management during FY 2009.

For fiscal year 2010, the period was not closed out at the time of FY 2011 budget preparation, thus the beginning Fund Balance remained $9,825,914.

Non-Routine Capital Expenditures

Non-Routine Capital Expenditures are defined as those expenditures that would have a significant impact on the operating budget.

Groundbreaking for construction of the new jail began in the spring of 2007. Construction of the jail completed in August of 2009. Overall, the operating budget has not increased much compared to operating the old jail due to more efficient practices, however utilities are greatly increased due to the larger and more sophisticated facility. Staff will continue to monitor the operating budget closely in over the first couple of years in order to make any necessary operating adjustments. The most significant impact will be on the personal services budget. While the county began phasing in a number of newly required positions to operate the new jail in FY08, it is important to note that the county balanced the FY 2009 budget with $1,919,977 of prior year's reserves to phase in an additional fifty-seven (57) positions. In 2009, these positions were later scaled back to 20, of which some of these hires went into 2010. For FY 2011, there were no new positions added to the budget as the jail will not operate at full housing capacity.

Fire District – Special Revenue Fund

Jackson County has nine volunteer fire districts that provide fire protection services to the citizens of Jackson County. They are Arcade, Harrisburg, Jackson Trail, Maysville, Nicholson, North Jackson, Plainview, South Jackson, and West Jackson. The Fire District Boards are elected but are advisory in nature (except for West Jackson which was actually created by State legislation). The Fire Districts submit their annual budget request to the Board of Commissioners for review. Upon review, the Board of Commissioners, in most cases, levies the recommended millage for the respective districts. However, the Board of Commissioners is not obligated to levy a tax for the fire districts like they are for the school board. Only the Harrisburg, North Jackson, and East Jackson Fire Districts kept their millage rates the same for the 2010 tax levy. All other districts raised their millage rate slightly.

Other Information

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Jackson, County, Georgia for its annual budget for the fiscal year beginning January 1, 2010. This is the ninth year that Jackson County has received this honor. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This is done so that the citizens may have a more transparent view of their government and may better understand how the county utilizes its funds to provide services.

This award is valid for a period of only one year. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Conclusion

Jackson County Government and the county itself are still very much in transition. Though growth has slowed over the past year, the county government must adjust to a greatly expanded customer base and growing expectations of expanded and/or enhanced service delivery within the context of limiting increases in tax revenue. These challenges must also be balanced with the current short-term economic slowdown that has affected such items as sales tax revenue and revenues pertaining to the housing market. Given that reality, Jackson County Government is at a pivotal point in defining its short and long-term operational strategy. Because our continued viability in service delivery demands so, we must begin now in changing the way we conduct the business of government in our great county.

Jackson County Mission Statement

Jackson County Government strives to provide innovative, progressive and quality services to the people of Jackson County. We are committed to providing efficient, effective, responsive and ethical service. ***We are open and accountable to those we serve.***

Jackson County Vision Statement

Jackson County, "the center of opportunity", is committed to creating and sustaining a quality of life that promotes family, business, education and leisure living.

Our Quality of Life Foundation:

- Accessibility to Career Opportunities, Recreation and Entertainment.
- Livable, Safe and Secure Communities
- Preservation of the Historical, Cultural and Agricultural Heritage
- Conservation of Natural Resources
- Community of a Diverse Fabric

Core Values

Our decisions and actions will be guided by:

- Honesty and Integrity
- Fiscal Accountability
- Respect for all People
- Fact Based Decision Making
- Citizen Engagement
- Partnerships and Collaboration
- Balance of Community Interests
- Service Excellence

The county government has established and introduced five Strategic Priorities for Jackson County Government in 2011 and beyond. These priorities set the tone for staff in addressing the County's mission and vision and create the standards for how Jackson County Government does business going forward:

1. **Effective Business Management:** We pledge to make ethical, cost-effective use of the resources available to us in carrying out our duties
2. **Advocacy for Jackson County Government:** We take pride in working for Jackson County Government, value our service to the community and seek opportunities to show it
3. **Focus on Safety:** We pledge to value safe working conditions for ourselves, our co-workers and those we serve in the community
4. **Excellence in Employee Development:** We pledge to continuously pursue professional excellence for ourselves and Jackson County Government by fostering service, training, mentoring, coaching, teaming and leadership among all employees
5. **Exceptional Customer Service:** We pledge to deliver "WOW" service to all our customers—internal & external—to continually seek ways to improve our service delivery and to foster a "customer first" mind-set in Jackson County Government.

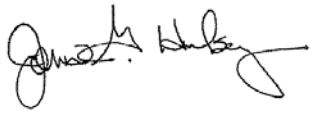

As we move into FY 2011, these priorities will become the standards by which we set our departmental goals, objectives and work plans. Additionally, they will be the benchmark by which citizens and those who do business with the County judge us.

In an effort to protect the county's financial condition while achieving the goals outlined in this budget, a conservative and cautious approach was taken in projecting revenues and budgeting expenditures. This FY 2011

Approved Annual Budget was submitted to the Board of Commissioners with the confidence this document will assist citizens in evaluating approved budgetary and service levels, the Board of Commissioners in setting policy and overview of operations, and the county staff in accomplishing stated goals and objectives within the unprecedented financial constraints of this time.

I extend my appreciation and thanks to Fiscal Analyst Logan Propes and other Finance Department staff who carried the task of assembling this budget. This FY 2011 Approved Budget is a result of their professional determination and a testimony to the commitment to professionalism throughout our organization and the entire staff's dedication to public service excellence. Finally, I commend all county staff that bears the front-line responsibilities of implementation.

Respectfully Submitted,

John G. Hulsey
Finance Director

JACKSON COUNTY FY 2011 FUNDS-IN-BRIEF

General Fund

Summary of Revenues

The county uses a diversified revenue mix to ensure a stable flow of revenues during the ups and downs of economic cycles. The county's primary source of revenue is derived from property taxes (59.53%), and the Local Option Sales Tax (LOST). In FY 2011, the county estimates LOST receipts to total $5,300,000, or 14.82% of the General Fund revenue base. Other significant sources are the insurance premium, intangible recording, and other taxes (5.24%), charges for services (6.45%), and intergovernmental revenues (5.47%). In FY 2010, the General Fund budget was balanced with the use of Prior Years' Reserves in the amount of $1,761,642 or 4.93% of the General Fund revenues.

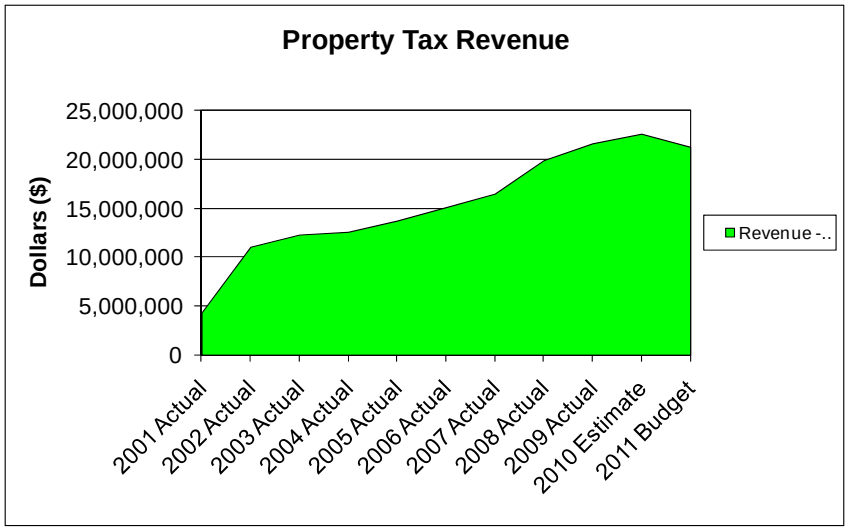

Additionally, the county uses trend analysis and actual performance to project revenues. The county considers changes in the local economy and state legislation when using this forecasting method. This forecasting occurs by monitoring the revenue stream on a monthly basis and comparing those figures with an overall extrapolation of the revenue data up through the budget preparation time. Economic trends such as a long-term (one year or more) downturn or upturn in the local economy are monitored and adjusted by an estimated percentage of the overall change for the period. Other factors such as state legislation that may mandate alterations to the revenue stream are also carefully considered to determine the approximate amount of impact that could be expected. Provided below are brief descriptions of the General Fund revenue streams:

Approved 2011 General Fund Revenue and Sources Summary

	APPROVED 2010	APPROVED 2011	PERCENT 0F 2011	CHANGE FROM 2010	PERCENT CHANGE

TOTAL REVENUES & OTHER SOURCES	**$ 35,144,978**	**$ 35,753,598**	**100.0%**	**$ 608,620**	**1.73%**

Property Tax

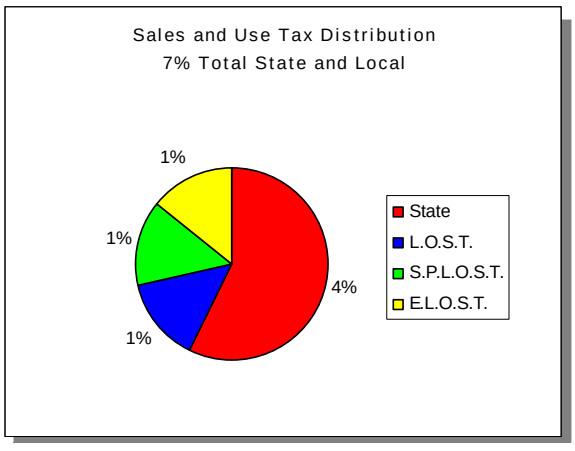

The property tax is expected to raise $21,285,034, a 3.44% or $758,014 decrease from the FY 2010 Approved Budget total. Budget figures for FY 2011 were based on 8.61 mills for unincorporated areas and 9.55 mills for incorporated areas. Setting the millage rate and collecting the taxes is traditionally done in the fall of the year. As mandated by state law, the millage rate is assessed only on 40% of the valuation of property. The decrease in property tax collections is primarily attributable to the 5.36% or $130,388,459 contraction of the digest. This has forced the county commission to continue closely examine the level of services and how they are provided for the citizens of Jackson County.

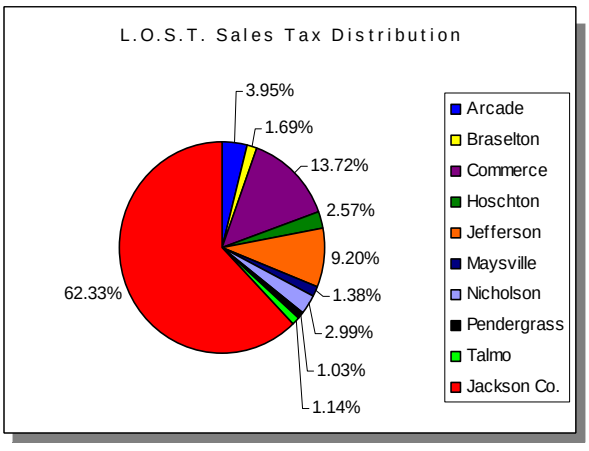

Year	Revenue - Dollars ($)
2001 Actual	4,311,592
2002 Actual	11,048,678
2003 Actual	12,293,038
2004 Actual	12,576,267
2005 Actual	13,723,239
2006 Actual	15,100,066
2007 Actual	16,490,486
2008 Actual	19,916,982
2009 Actual	21,643,040
2010 Estimate	22,625,117
2011 Budget	21,285,034

Sales Tax

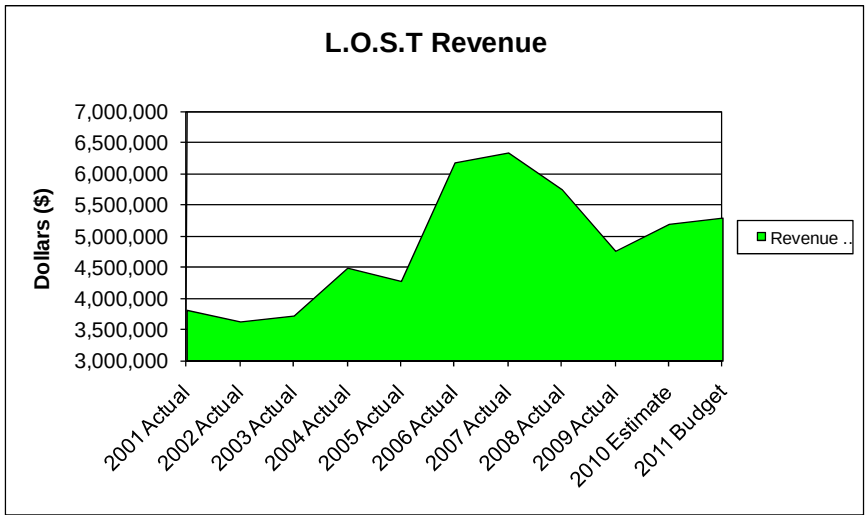

The Local Option Sales Tax (LOST) is a retail sales and use tax of 1%. The Sales and Use Tax Rate in Jackson County is presently 7%, and is distributed as follows: 4% State, 1% Local Option Sales Tax, 1% Special Purpose Local Option Sales Tax, and 1% Education Local Option Sales Tax.

Sales Tax continued…

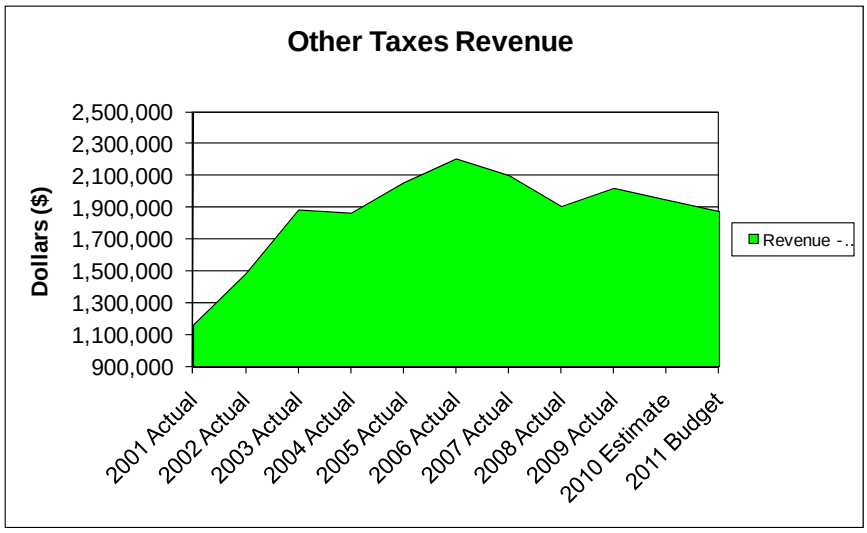

The Local Option Sales Tax, the second most significant revenue source for Jackson County, is projected to generate $5,300,000 in FY 2011, an increase of $100,000 or 1.92% from the FY 2010 Approved Budget. This is primarily attributable to projections of sales tax remaining relatively flat from 2010 budget estimates due to the lagging economy and still-low consumer confidence.

Year	Revenue - Dollars ($)
2001 Actual	3,816,864
2002 Actual	3,630,141
2003 Actual	3,726,093
2004 Actual	4,494,790
2005 Actual	4,281,323
2006 Actual	6,187,123
2007 Actual	6,348,741
2008 Actual	5,757,224
2009 Actual	4,766,198
2010 Estimate	5,200,000
2011 Budget	5,300,000

Other Taxes

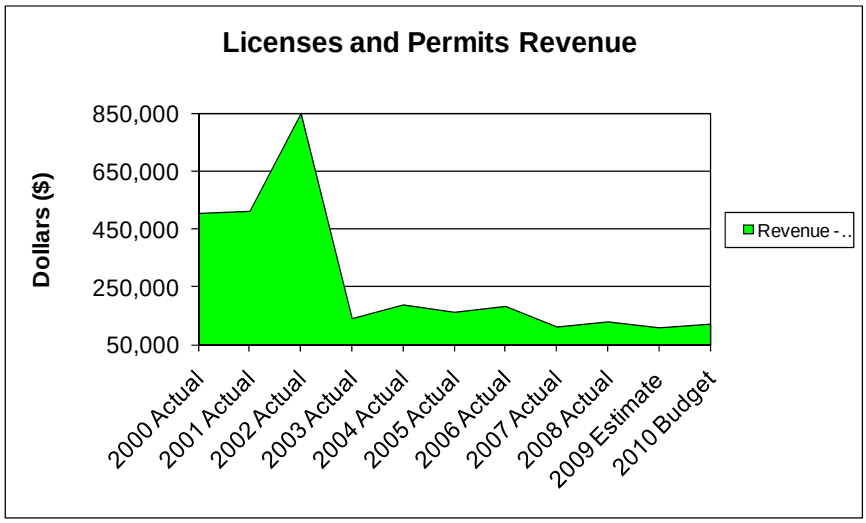

Other taxes are expected to realize $1,874,447 in FY 2011, a 7.96% or $162,000 decrease from the FY 2010 Approved Budget. These taxes are primarily the insurance premiums tax, intangible recording tax on real estate debt and the real estate transfer tax. The primary attributable cause for a large decrease in "Other Taxes" is a $20,000 or 25% decrease in commissions on intangible taxes and a significant decrease of $70,000 or 19.72% for intangible recording taxes. Other major decreases include a $31,000 or 38.27% decrease in financial institution license taxes and a $45,000 or 36% decrease in real estate transfer taxes. All of these tax declines are resultant of the sustained lag in the housing market and its subsequent effects on the economy in general.

Year	Revenue - Dollars ($)
2001 Actual	1,160,870
2002 Actual	1,483,428
2003 Actual	1,883,929
2004 Actual	1,864,001
2005 Actual	2,054,345
2006 Actual	2,204,977
2007 Actual	2,100,736
2008 Actual	1,905,917
2009 Actual	2,020,447
2010 Estimate	1,946,697
2011 Budget	1,874,447

Licenses & Permits

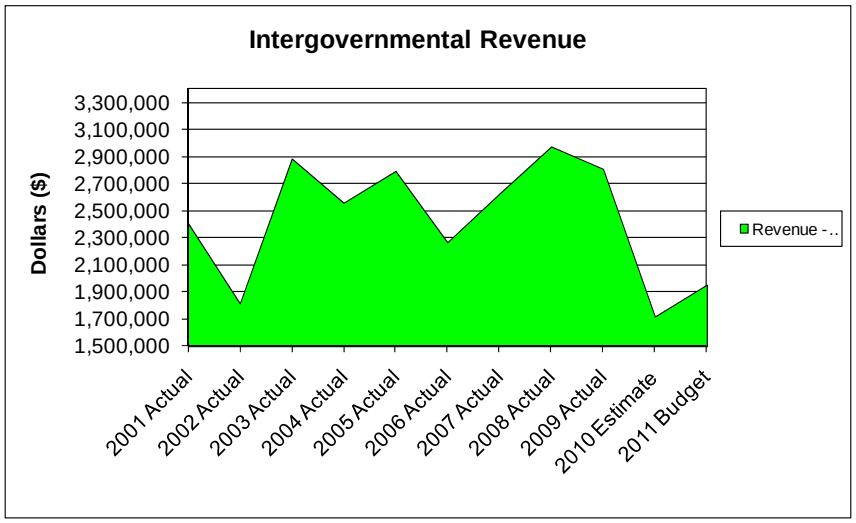

Licenses and permit fees are expected to yield $122,800 in FY 2011. This represents a 0.24% or $300 increase from the FY 2010 Approved Budget. Revenues in the General Fund from licenses and permits have generally decreased since 2002. This is primarily attributable to moving the public development function to a special revenue fund in 2003. Licenses and permits for the public development function are now accounted for in fund 21.

Year	Revenue - Dollars ($)
2001 Actual	510,978
2002 Actual	847,949
2003 Actual	141,617
2004 Actual	188,871
2005 Actual	163,503
2006 Actual	183,524
2007 Actual	112,716
2008 Actual	130,377
2009 Actual	124,338
2010 Estimate	116,716
2011 Budget	122,800

Intergovernmental Revenue

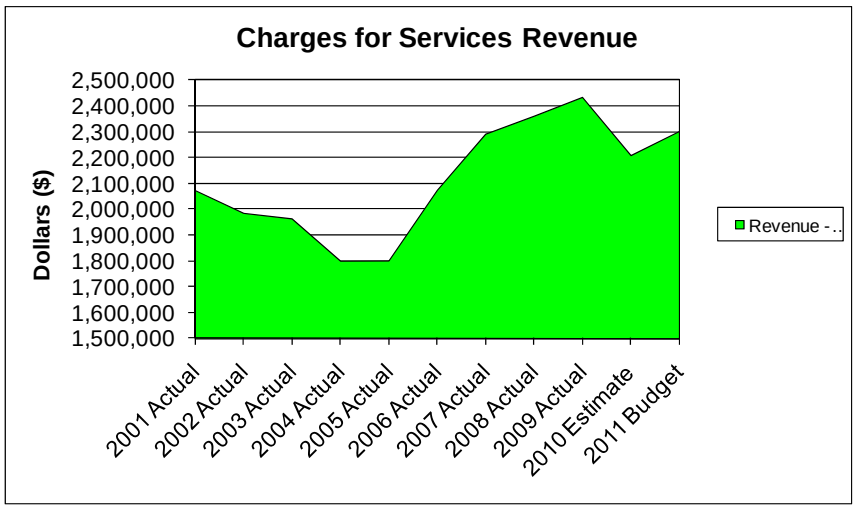

Intergovernmental revenues are anticipated at $1,954,111 a decrease of 2.32% or $46,341 from the FY 2010 Approved Budget. Of this amount, $1,460,000 relates to subsidies received from the State of Georgia for inmates housed at the Jackson County Correctional Institute. Additionally, the budgeted losses from Victim's Services funds and the Transit Contract account for the slight decrease in revenue.

Year	Revenue - Dollars ($)
2001 Actual	2,409,229
2002 Actual	1,816,123
2003 Actual	2,884,895
2004 Actual	2,558,932
2005 Actual	2,793,492
2006 Actual	2,267,741
2007 Actual	2,626,019
2008 Actual	2,974,214
2009 Actual	2,809,013
2010 Estimate	1,719,567
2011 Budget	1,954,111

Charges for Services

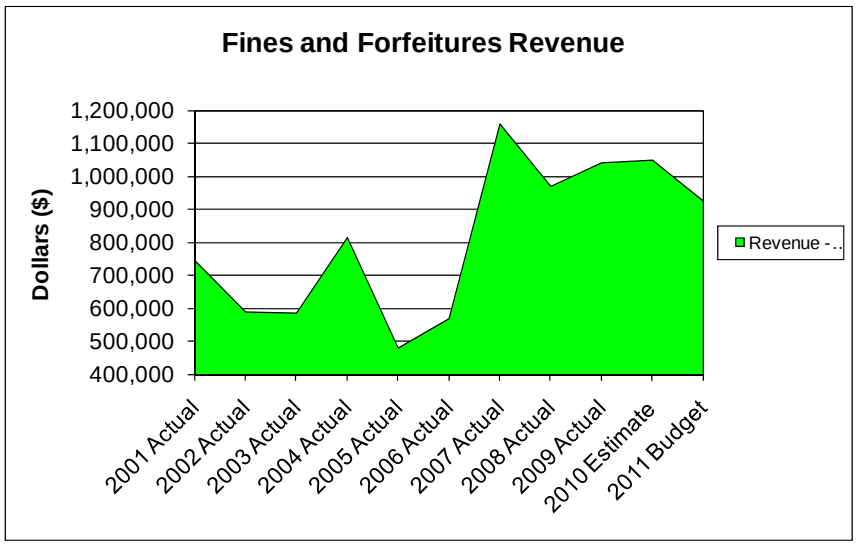

Charges for services include fees for recording real estate deeds and other miscellaneous charges. With respect to the FY 2011 Approved Budget figures, service charges are expected to yield $2,305,003. This represents a decrease of 4.40%, or $106,140 over the FY 2010 Approved Budget. The budgeted decrease is primarily the result of a 38.89% or $70,000 decrease on Sheriff's Miscellaneous receipts and reflecting actual collections on other line items based on prior year's collections.

Year	Revenue - Dollars ($)
2001 Actual	2,075,696
2002 Actual	1,987,053
2003 Actual	1,965,665
2004 Actual	1,801,761
2005 Actual	1,802,567
2006 Actual	2,076,747
2007 Actual	2,294,760
2008 Actual	2,363,971
2009 Actual	2,437,244
2010 Estimate	2,211,282
2011 Budget	2,305,003

Fines and Forfeitures

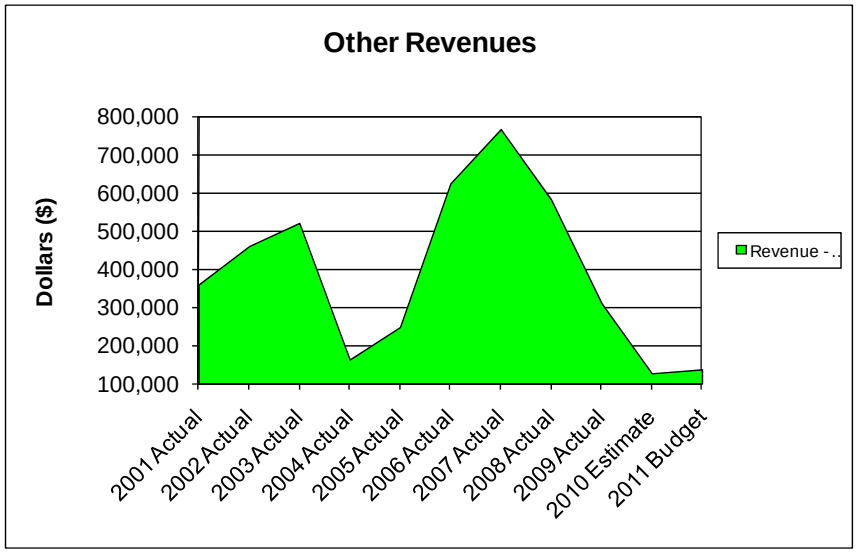

Fines and forfeitures are estimated to yield a total of $926,995 in FY 2011, representing a 5.79% or $57,005 decrease from the FY 2010 Approved Budget as a result of a corresponding decrease in State Court Fines.

Year	Revenue - Dollars ($)
2001 Actual	746,779
2002 Actual	590,421
2003 Actual	587,121
2004 Actual	816,123
2005 Actual	480,777
2006 Actual	570,146
2007 Actual	1,161,032
2008 Actual	971,720
2009 Actual	1,043,316
2010 Estimate	1,051,287
2011 Budget	926,995

Other Revenue

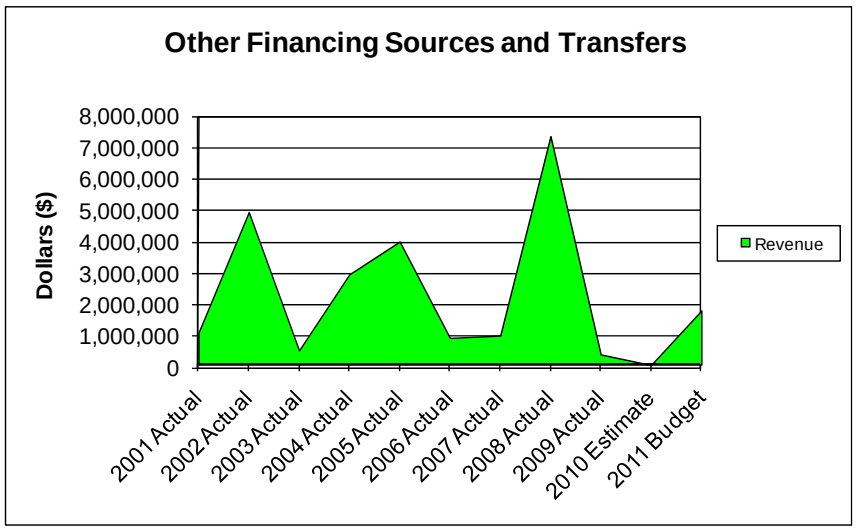

Other revenue is primarily comprised of interest on investments. In FY 2011, these revenue sources are estimated to yield $137,000. This represents a decrease of 47.47%, or $123,822 over the FY 2010 Approved Budget. The decrease is primarily attributed to a decline in interest rates and less aggregate General Fund monies invested.

Year	Revenue - Dollars ($)
2001 Actual	359,193
2002 Actual	459,309
2003 Actual	520,015
2004 Actual	162,707
2005 Actual	248,014
2006 Actual	623,449
2007 Actual	765,606
2008 Actual	581,697
2009 Actual	310,944
2010 Estimate	126,809
2011 Budget	137,000

Other Financing Sources

The $86,566 of Other Financing Sources is generated from a 10% surcharge on fines that may be used to offset some of the costs of operating the jail. These receipts are recorded as revenue in the Jail Special Revenue Fund. Subsequently, these funds are transferred to the General Fund on an as needed basis. The only change in this revenue function for FY 2011 is the addition of $1,761,642 from the prior years' reserves used for balancing the FY 2011 budget.

2009 Actual	423,773
2010 Estimate	86,566
2011 Budget	1,825,604

Summary of Uses (Expenditures and Transfers)

As illustrated in the table below, total General Fund expenditures increased $608,620 or 1.73%. Most of the increases in expenditures are attributable to an 11.03% or $1,237,987 increase in transfers out to other funds. Salary adjustments for personnel deriving from furloughs, some decreased contributions for employee retirement benefits, and a decrease in overall operating costs continue for 2011. Transfers out have increased due to retiring principal and interest on outstanding debt obligations. Also there is a slight increase in a transfer out to the Water & Sewerage Authority to pay conduit debt that is backed by the county should the water & Sewerage Authority be unable to meet debt its own debt obligations..

The county's various duties and responsibilities are performed and/or provided by numerous departments that provide county services. These departments are grouped in one of these general functions: General Government, Public Safety, Court Systems, Public Works, Health and Welfare, Independent Agencies, Non-Departmental, and Operating Transfers Out.

FY 2011 Approved General Fund Expenditures and Transfers Summary

General Government Function

The General Government function is comprised of the following departments:

Governing Body
Office of County Manager
Financial Administration
Human Resources
Information Technology
Property Appraisal
Board of Equalization
Tax Commissioner
Voter Registration
Cooperative Extension Service
Purchasing
Code Compliance
Buildings and Grounds
Geographic Information Systems

FY 2011 Approved General Government Expenditures

	2007 Actual	2008 Actual	2009 Actual	2010 Budget	2011 Budget	Difference 2011-2010	Percent Change
Salaries and Wages	$ 2,711,318	$ 2,657,612	$ 2,555,380	$ 2,541,744	$ 2,173,786	$ (367,958)	-14.48%
Benefits	735,073	780,308	826,420	718,675	776,868	58,193	8.10%
Operating Expenditures	1,266,059	1,308,935	1,182,453	1,141,964	1,092,098	(49,866)	-4.37%
Debt Service	13,276	13,276	-	-	-	-	n/a
Capital Outlay	-	-	-	-	-	-	n/a
Total	**$ 4,725,726**	**$ 4,760,131**	**$ 4,564,253**	**$ 4,402,383**	**$ 4,042,752**	**$ (359,631)**	**-8.17%**

General Government Expenditures for FY 2011 total $4,042,752 which represents an 8.17% or $359,631 decrease from FY 2010 budget amounts. Salaries have decreased 14.48% or $367,958 primarily as a result of the implementation of a reduction-in-force. Benefits have increased 8.10% or $58,193 primarily as a result of the reinstatement of 401a base retirement contributions. Operating expenditures decreased 4.37% or $49,866 due to continued cutbacks in various departmental line items.

Public Safety Function

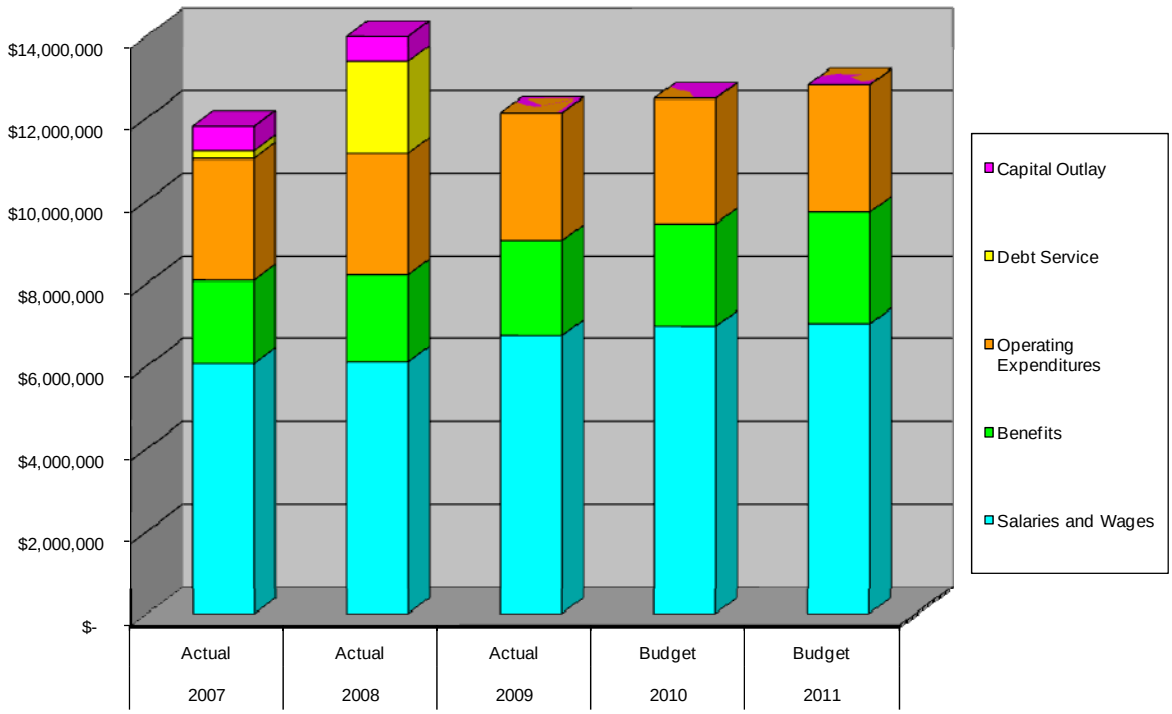

The Public Safety function is comprised of the following departments: (1) Sheriff's Department, (2) Jail Department, (3) School Resource Officer (4) Coroner, (5) Correctional Institute, (6) J.C.C.I. Fire Brigade, (7) Firemen's Association, (8) Animal Control, and (9) Animal Shelter Services.

The Public Safety function makes up the largest expenditure group equaling $12,820,831 or 35.86% of the General Fund budget. This reflects the county's commitment to a level of excellence in protection services.

FY 2011 Approved Public Safety Expenditures

	2007 Actual	2008 Actual	2009 Actual	2010 Budget	2011 Budget	Difference 2011-2010	Percent Change
Salaries and Wages	$ 6,069,130	$ 6,110,062	$ 6,742,818	$ 6,974,375	$ 7,036,498	$ 62,123	0.89%
Benefits	2,016,919	2,106,180	2,299,163	2,481,596	2,701,843	220,247	8.88%
Operating Expenditures	2,948,467	2,936,388	3,097,557	3,031,476	3,082,490	51,014	1.68%
Debt Service	186,576	2,228,141	-	-	-	-	n/a
Capital Outlay	579,336	601,859	7,718	-	-	-	n/a
Total	**$ 11,800,428**	**$ 13,982,630**	**$ 12,147,256**	**$ 12,487,447**	**$ 12,820,831**	**$ 333,384**	**2.67%**

Public Safety Expenditures

Salaries increased by 0.89 or $62,123 due to full hiring of jail position s implemented into the FY 2011 budget. Benefits increased by 8.88% due to reinstatement of some employees' 401a base match and also increases in health insurance costs due to additional family coverage by many employees. No additional positions were budgeted in 2011. Secondly, furlough days have continued for FY 2011 helping preventing a rise in salaries and benefits. Operating expenditures have increases 1.68% or $51,014 primarily due to increases in utility costs in some departments.

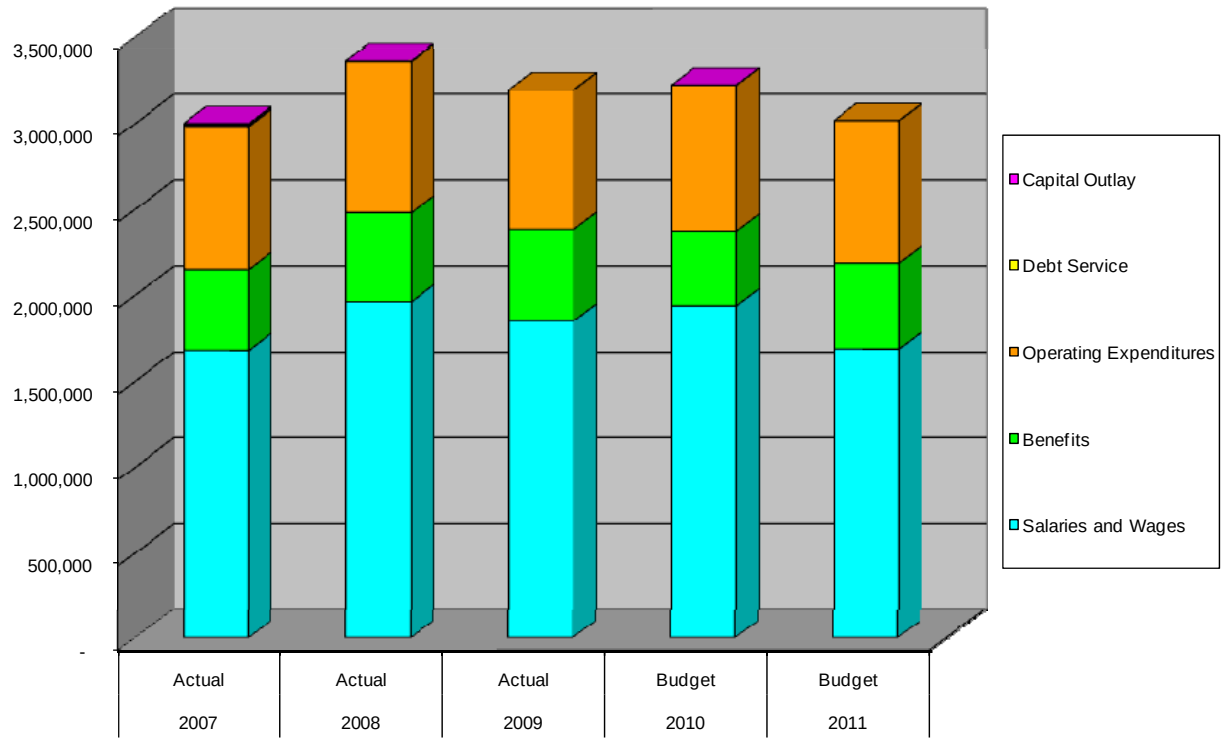

Court System Function

The Court System Function is comprised of the following departments: (1) Clerk of Court, (2) State Court, (3) Probate Court, (4) Elections, (5) Superior Court, (6) Juvenile Court, (7) District Attorney, (8) Victims' Assistance, (9) Solicitor of State Court, (10) Magistrate Court, and (11) Public Defender.

FY 2011 Approved Court System Expenditures

	2007 Actual	2008 Actual	2009 Actual	2010 Budget	2011 Budget	Difference 2011-2010	Percent Change
Salaries and Wages	1,681,732	1,962,829	1,852,813	1,939,676	1,689,765	$ (249,911)	-12.88%
Benefits	470,480	518,802	532,592	435,248	498,556	63,308	14.55%
Operating Expenditures	832,802	877,347	811,717	849,360	830,332	(19,028)	-2.24%
Debt Service	4,801	3,200	-	-	-	-	n/a
Capital Outlay	10,795	-	-	-	-	-	n/a
Total	**$ 3,000,610**	**$ 3,362,178**	**$ 3,197,122**	**$ 3,224,284**	**$ 3,018,653**	**$ (205,631)**	**-6.38%**

Court System Expenditures

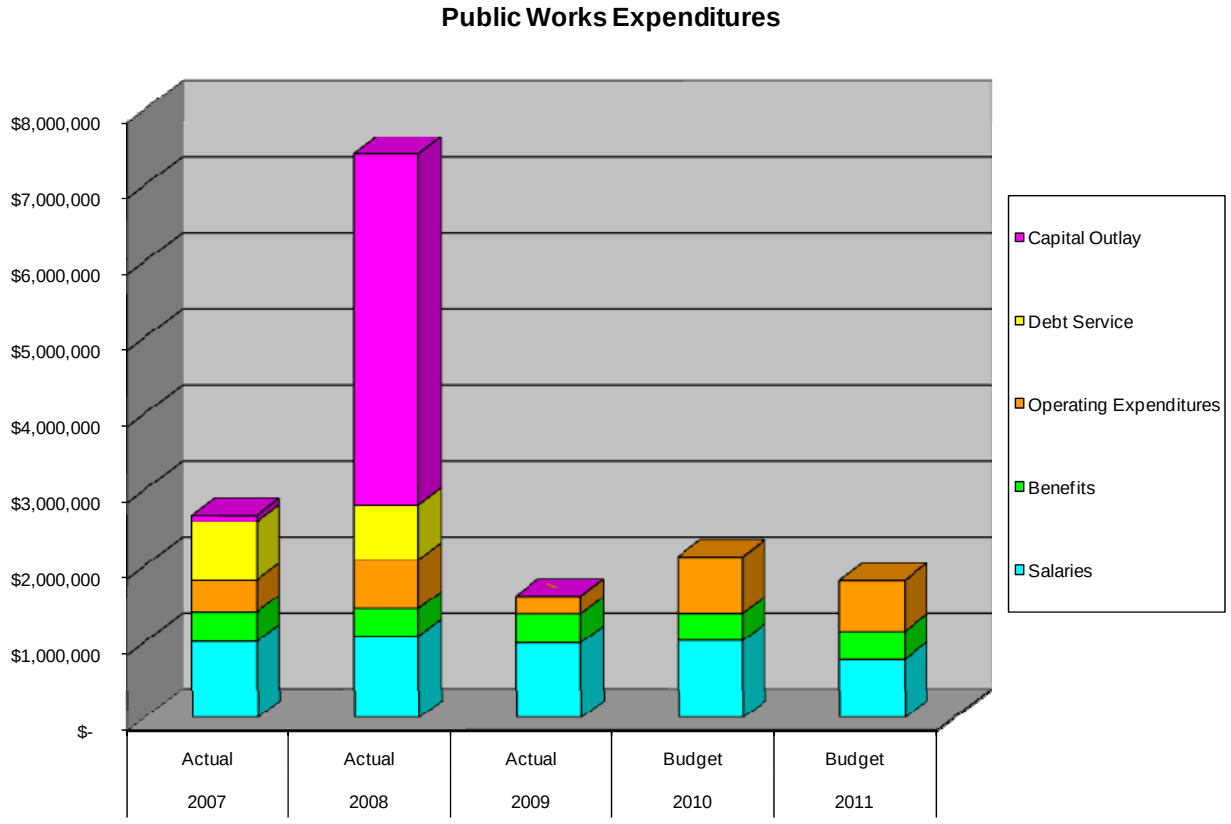

Salaries have decreased 12.88% and benefits increased by 14.55%. Salaries have decreased primarily due to a reduction-in-force while benefits have increased due to reinstatement of 401a base match retirement contributions from the county. Lastly, operating expenditures have decreased 2.24% primarily due to implementation of further cost-saving measures within each department.

Public Works Function

The Public Works function is comprised of three General Fund departments: (1) Roads and Bridges, (2) Engineering/Project Management, and (3) Fleet Maintenance. These services include roads, engineering, maintenance and repairs, and a garage that services most county vehicles and equipment.

FY 2011 Approved Public Works Expenditures

	2007 Actual	2008 Actual	2009 Actual	2010 Budget	2011 Budget	Difference 2011-2010	Percent Change
Salaries and Wages	$ 1,018,495	$ 1,089,776	$ 1,001,040	$ 1,031,994	$ 784,698	$ (247,296)	-23.96%
Benefits	384,081	360,607	379,707	352,543	368,948	16,405	4.65%
Operating Expenditures	421,703	643,154	235,410	748,509	666,192	(82,317)	-11.00%
Debt Service	770,409	717,245	-	-	-	-	n/a
Capital Outlay	82,164	4,614,767	-	-	-	-	n/a
Total	**$ 2,676,852**	**$ 7,425,549**	**$ 1,616,157**	**$ 2,133,046**	**$ 1,819,838**	**$ (313,208)**	**-14.68%**

The FY 2011 operating budget for the Public Works function has decreased 14.68% or $313,208 from the FY 2010 budgeted amount. Salaries have decreased 23.96% or $247,296 primarily due furloughs. Benefits have increased by 4.65% or $16,405 due to the reinstatement of the 401a base match on retirement contributions. Operating expenditures have decreased 11.00% or $82,317 due to overall operating cuts within the various departments.

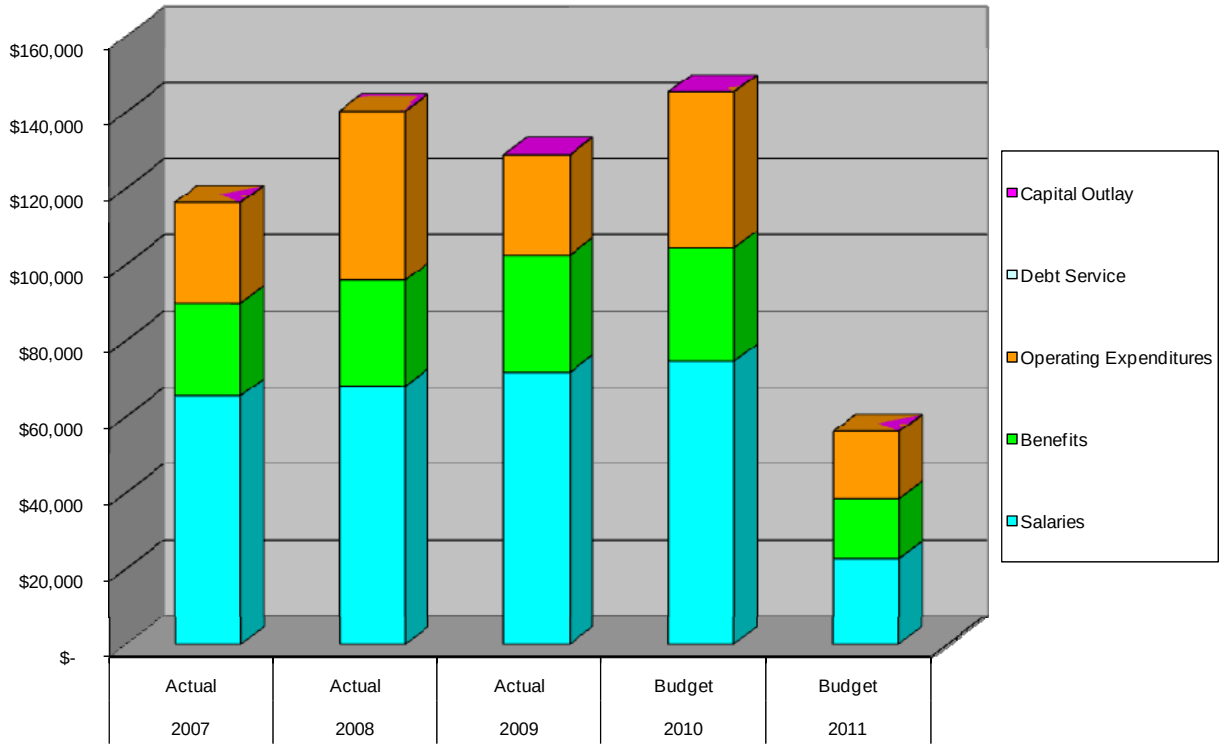

Health and Welfare Function

Much of the costs related to citizens' health and welfare are funded through the independent agencies department discussed on page III-13 of this document.

FY 2011 Approved Health and Welfare Expenditures

	2007 Actual	2008 Actual	2009 Actual	2010 Budget	2011 Budget	Difference 2011-2010	Percent Change
Salaries and Wages	$ 65,564	$ 68,204	$ 71,771	$ 74,671	$ 22,816	$ (51,855)	-69.44%
Benefits	24,438	27,813	30,767	29,786	15,905	(13,881)	-46.60%
Operating Expenditures	26,349	44,403	26,513	40,990	17,521	(23,469)	-57.26%
Debt Service	-	-	-	-	-	-	n/a
Capital Outlay	-	-	-	-	-	-	n/a
Total	**$ 116,351**	**$ 140,420**	**$ 129,051**	**$ 145,447**	**$ 56,242**	**$ (89,205)**	**-61.33%**

Health and Welfare Expenditures

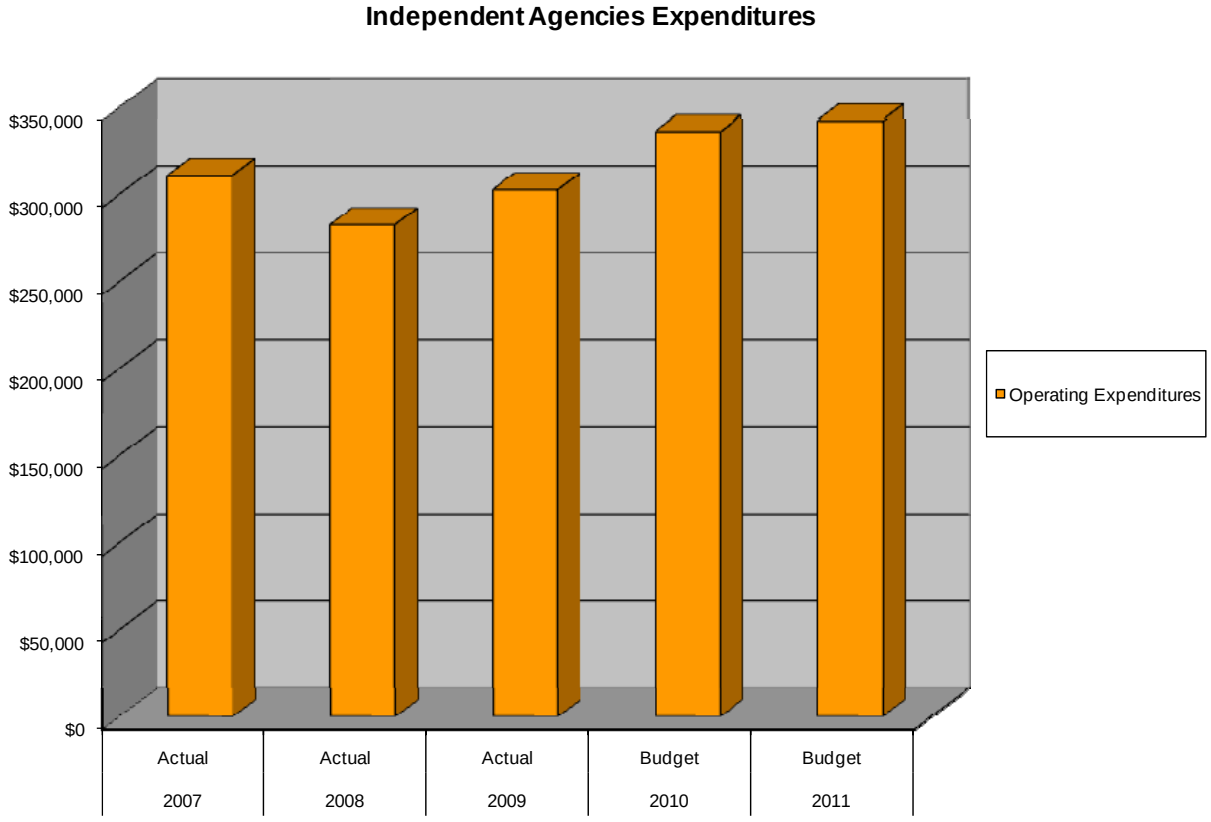

Health and welfare expenditures have decreased $89,205 or 61.33% as the result of not budgeting for the renewal of the Jackson County's Section 5311 Rural Transportation Program beginning in July, 2011.

Independent Agencies Function:

This includes numerous agencies that receive grant-in-aid from the county but which are not operated by the county. These include the Department of Family and Children Services (DFACS), North Georgia Mental Health, Piedmont Regional Library, Economic Development through the Chamber of Commerce and other agencies. For FY 2011, there is only a slight increase in independent agencies expenditures from FY 2010 in the amount of $5,888 or 1.75% due to a rate increase from the Georgia Forest Service.

FY 2011 Approved Independent Agencies Expenditures

	2007 Actual	2008 Actual	2009 Actual	2010 Budget	2011 Budget	Difference 2011-2010	Percent Change

Non-Departmental Function

The activities included in this function either benefit a number of different departments (such as the operation of the Courthouse and Administrative buildings); or do not easily fit into a functional category. The budget for contingency of unexpected costs is included in this function; however, no Contingency was included for FY 2011. The overall 2011 non-departmental budget has decreased $964 or 0.08% from FY 2010.

FY 2011 Approved Non-Departmental Expenditures

Fund Balance

General Fund -

Fund Balance is the difference between assets and liabilities reported in a governmental fund. Because assets may include non-cash items, fund balances may not represent liquid assets.

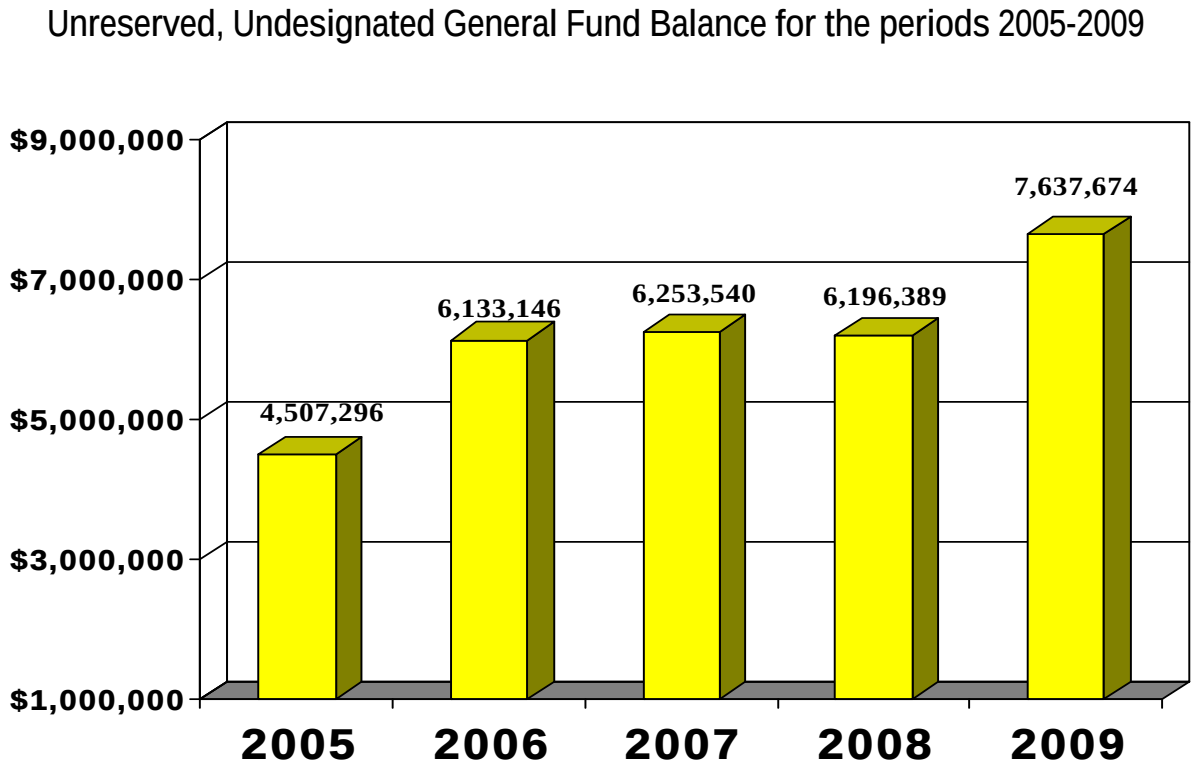

The unreserved, undesignated General Fund balance at the close of FY 2009 was $7,637,674 as shown on the chart below

The total Fund Balance at the end of FY 2011 is expected to equal approximately $8,064,272 or 23.79% of the General Fund Revenues, exclusive of Other Financing Sources.

The FY 2011 budget was balanced with the use of prior years' reserves in the amount of $1,761,642.

Special Revenue & Enterprise Funds –

It is the practice of management that fund balances in all special revenue funds and enterprise funds should always be greater than or equal to zero. Consequently, transfers are made to all such funds at year-end to ensure that this practice is satisfied. Therefore, there are no unrealistic due to/froms between funds that would misrepresent the financial position of any given fund.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted for specific purposes. The County maintains the following special revenue funds:

Emergency Telephone System - to account for the monthly "911" charge to help fund the cost of providing the service as provided in title 46, Chapter 5 of the Official Code of Georgia Annotated.

Emergency Management Agency – to account for funds collected for emergency rescue programs manned by 150 volunteers throughout the County.

Emergency Services / Ambulance – to account for funds collected for County Emergency Services and Ambulance Services as well as daily operation of the department.

Fire Districts - to account for the cost of operation for County Fire Services as provided in Article 9, Section 2 Par. 6 of the Georgia Constitution.

Public Development – to account for funds collected for permit fees in conjunction with new and remodeled construction and mobile home inspections as well as the daily operation of this department. This department includes as sub-departments Planning & Zoning, Protective Inspection, and Engineering.

Parks and Recreation – to account for funds collected from the use of recreational facilities and leisure services as well as the daily operation of this department.

Keep Jackson Beautiful – to account for the $1.00 per ton charge on solid waste disposed of at County Transfer Station as well as the daily operation of this department.

Law Library - to account for funds collected from fines and forfeitures to be used to maintain the Law Library as provided in title 36, chapter 15 of the Official Code of Georgia Annotated.

Jail Fund - to account for funds collected from fines and forfeitures to be used for construction, staffing, and operation of the County jail as provided in title 15, chapter 21 of the Official Code of Georgia Annotated.

Rural and Transportation – This department was moved to the General Fund in 2004.

Senior Center - to account for the cost of operation of the Senior Citizens Center.

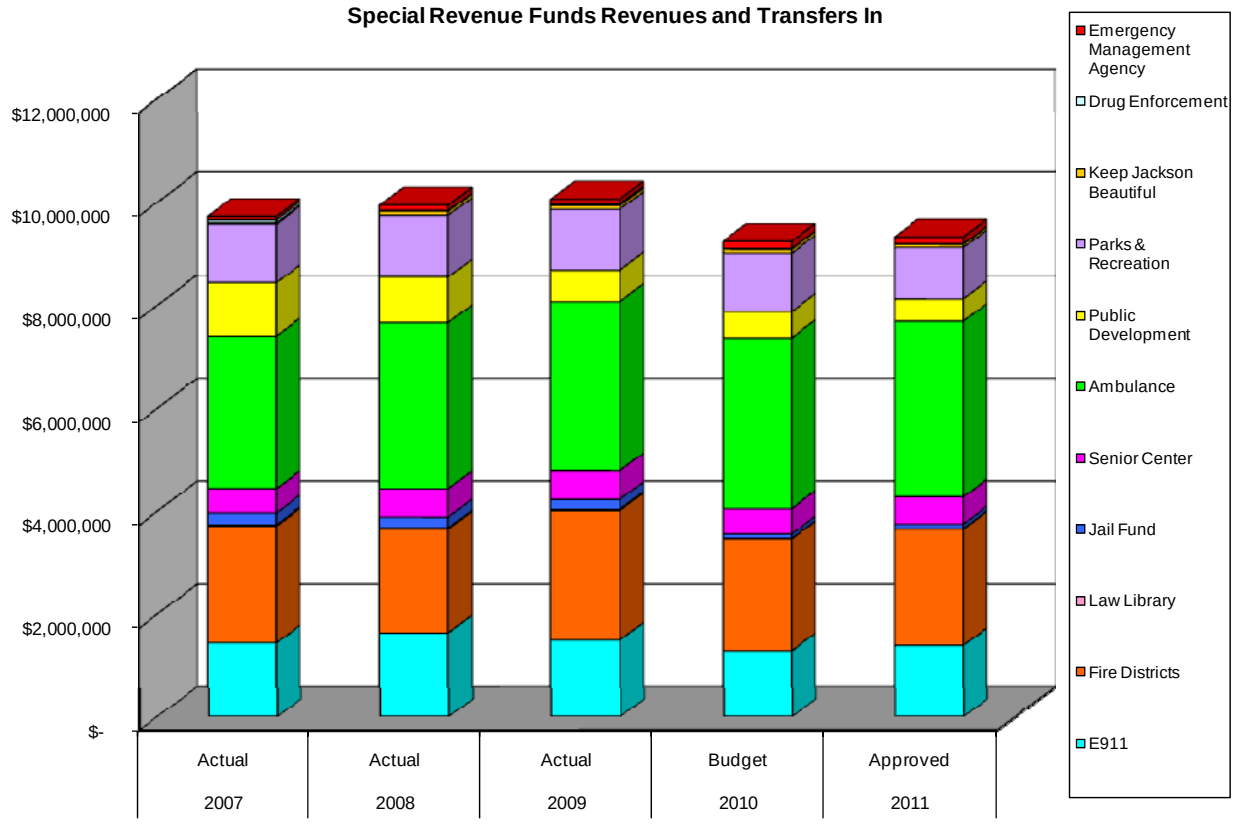

Drug Enforcement - to account for funds collected from fines and forfeitures to be used for drug enforcement, abuse, and treatment and education programs.

Summary of Special Revenue Funds

The county uses as much of a diversified revenue mix as possible within each fund to ensure a stable flow of revenues during the ups and downs of economic cycles. The various funds' primary source of revenue is derived from user fees, fines, and transfers-in from the general fund. The various fire districts derive most of their revenue from property taxes. In FY 2011, the combined fire districts' budgeted revenue has increased 3.95% or $85,941 primarily due to the fact that all but three fire districts slightly increased their millage rates. However, several decreases are found in the various other departments that fall under direct purview of the Board of Commissioners and County Manager. Within these departments, transfers-in from the general fund have been decreased by the amount necessitated from the implementation of furlough days, 401a contribution adjustments, and the reduction-in-force measures. Provided below are brief summaries of the Special Revenue Funds' revenue streams:

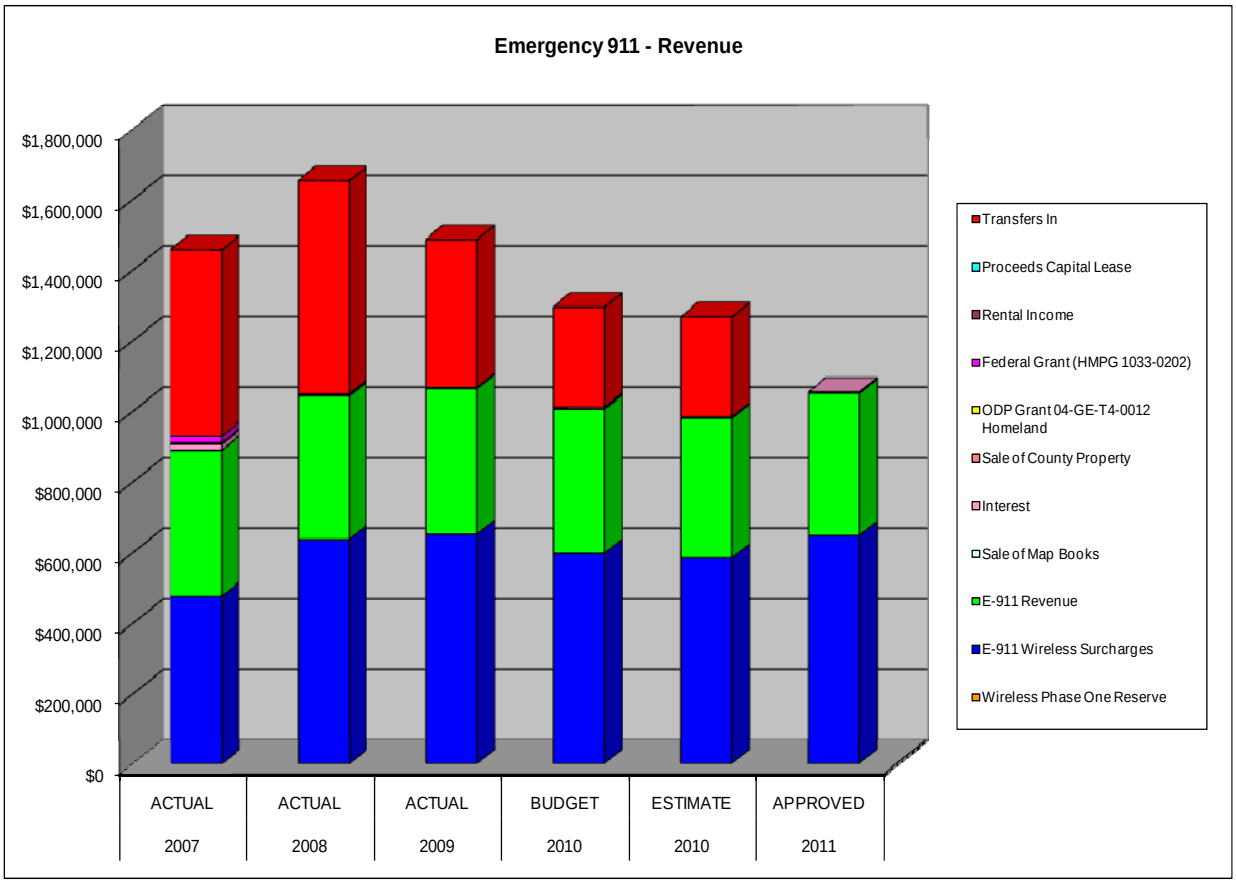

Total Special Revenue Funds - Revenues and Transfers In

	2007	2008	2009	2010	2011	Difference	Percent
	Actual	Actual	Actual	Budget	Approved	2011-2010	Change

DEBT SERVICE FUND

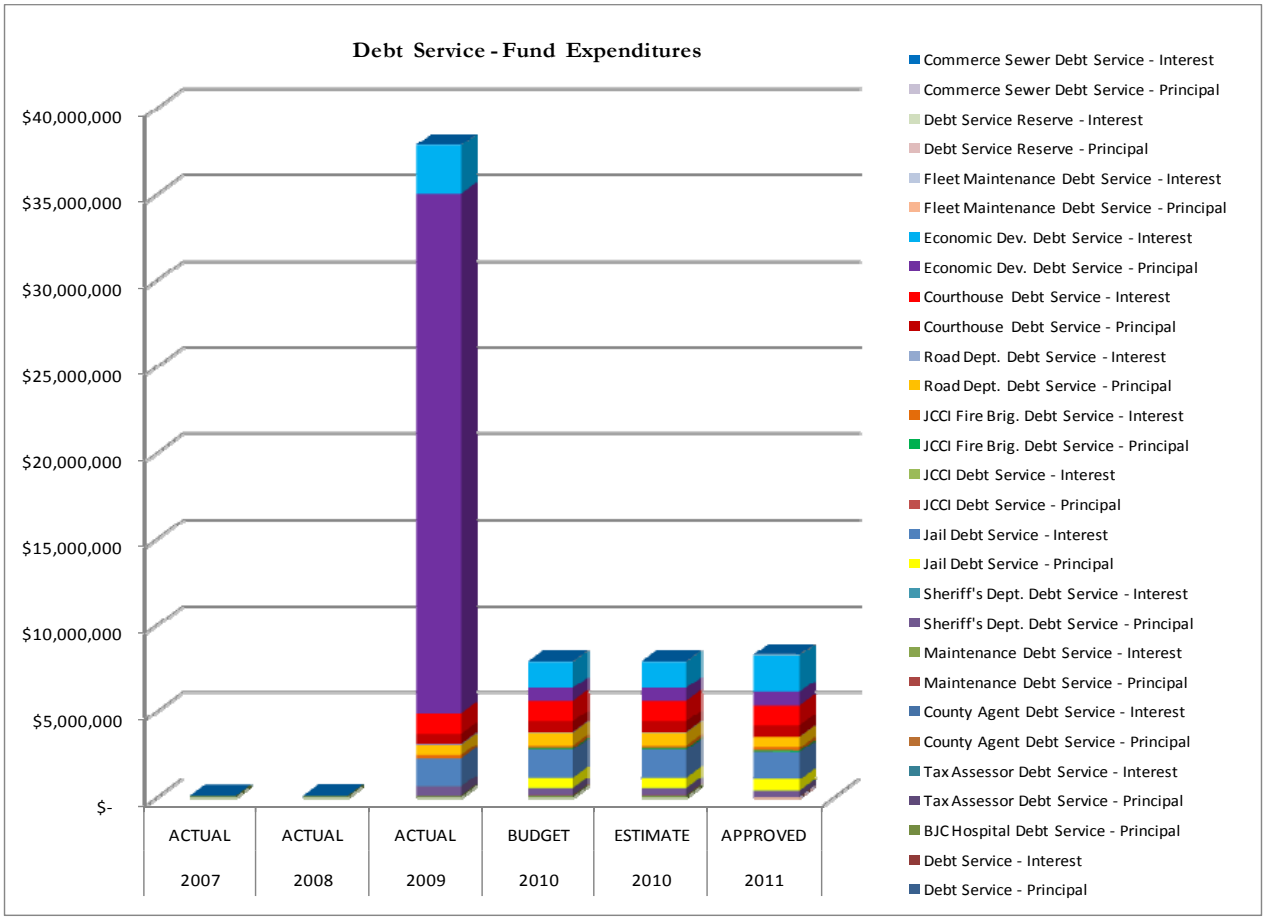

The Debt Service Fund is used to account for the funds being accumulated to make payments for the County's contract related to the Banks-Jackson-Commerce Hospital Authority Series 2003A and 2003B Revenue Anticipation Certificates as well as the actual payments made each year. However, in 2009 the debt service payments from various departments within the General Fund were moved into the Debt Service Fund. This gives a better picture of the true amount of debt service payments in both principal and interest from throughout the government with the exception of the special revenue funds. This also prevents a distortion of expenditures amongst departments within the General Fund.

While the county retired some lease obligations within this function during FY 2010, it is important to note that $600,000 in principal and $1,083,206 in interest has been allocated for retiring the 2003 Certificates of Participation that were issued to finance the construction and acquisition of the new Jackson County Judicial Facility. Also, additional appropriations have been approved in the FY2011 budget in the amount of $765,000 for principal and $2,109,248 for interest payments on Economic Development Bonds used for the development of roads and industrial areas which also included recently issued Series 2008 Economic Development Bonds and subsequent refunding and refinancing of a portion of the bonds. The total increase for the debt service interest line item is 10.9% or $498,392.

The following table shows the revenues and transfers in and expenditures.

SPLOST CAPITAL PROJECTS FUND

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds:

Special Purpose Local Option Sales Tax (SPLOST) - to account for funds received from a local option 1% sales tax reserved for construction of various capital projects as provided in Title 48, Chapter 8 of Official Code of Georgia Annotated.

The Capital Projects Fund 2011 Budget has decreased from the 2010 Approved Budget due to the expiration of the SPLOST IV on June 30, 2011. SPLOST V was passed by voter referendum on November 2, 2010 and collections will commence on July 1, 2011. These SPLOST V collections were not included in the 2011 Approved budget as budget adoption occurred before the referendum was approved by the voters. Transfers out have remained relatively unchanged due to transferring to the debt service fund appropriations to retire debt service as a result of revenue bonds that were issued to finance certain SPLOST projects. The 1% Special Purpose Local Option Sales Tax (SPLOST) is expected to yield $51,000,000 over a six year period (SPLOST IV). The following is a breakdown of categories that will receive SPLOST dollars in 2011:

1) $1,147,589 is allocated for the county's Public Safety facilities that include a project for a new jail facility, renovations to existing office facilities, and equipment upgrades for the Sheriff, Emergency Management Services and E-911, Fire Training Center, and cost of an IT position during technical installations.
2) $690,831 budgeted for expansion and improvements to the county water system.

3) $1,231,867 is allocated for improvements and expansions of the water systems within the county's municipalities.
4) $643,331 is to be used for base and paving, resurfacing and clean-up of the county's roads and bridges.
5) $63,757 is designated for the continued functions of the Jackson County Health Department and improvements to the various libraries within the county.
6) $425,127 is allocated for improvements of existing parks.
7) $2,214,947 is allocated as transfers-out to the General Fund for various project supports and to the Debt Service Fund for retirement of debt on the new jail.

SPLOST PROJECTS IMPACT

The following two items are to be handled through the use of Special Purpose Local Option Sales Tax (SPLOST) funds:

Roads:

One goal of Jackson County is to maintain its present paved roads and to upgrade gravel roads to hard surfaced roads. Maintenance of its current inventory of paved roads will not have a negative impact on budget since there is a regular routine program of upkeep at the present time. Any new roads upgraded from gravel roads to paved roads will initially not consume more maintenance dollars, but may have an impact several years later when they will be added to the routine maintenance list.

Parks and Recreation:

While several new parks are planned, it is felt there are sufficient personnel and resources available to handle any additional workload associated with them, or if additional help is needed, it may be done on a part-time or seasonal basis.

Capital Improvements Program (CIP)

Introduction

Although the county currently does not have a five year plan for capital improvements, except for those projects approved by the voters in the Special Purpose Local Option Sales Tax (SPLOST) effective July 1, 2005, they expect to implement one in the future. The Board of Commissioners, during the FY 2007 budget hearings, were apprised and agreed to the need to establish a CIP in order to address restoration, maintenance and preventative maintenance of the County's facilities. Staff has acquired comprehensive long-range planning software that will facilitate systematic CIP planning. The CIP is expected to be a planning guide for future improvements to the county's infrastructure and other capital items that are in excess of $5,000 with an economic useful life of one (1) year or more. The CIP expects to use the findings from a number of interrelated plans – comprehensive plan, transportation plan, and parks and facilities master plan – to assist in developing an orderly schedule for implementing projects.

The most current fiscal year of the CIP will become a component of the total annual budget, and will reflect the mission ***to maintain cost effective programs and services while focusing on preserving and enhancing the quality of life that is enjoyed by all Jackson County citizens.*** This mission will be accomplished in the future through a realistic approach in revenue and expenditure forecasting.

Funding Sources

CIP funding will be available from three primary sources: 1) Special Purpose Local Option Sales Tax funding, 2) operating funds, and 3) federal and state grants.

Special Purpose Local Option Sales Tax: In March, 2005 the citizens of Jackson County approved a Special

Purpose Local Option Sales Tax (SPLOST) for the purpose of funding capital improvements. This tax became effective July 1, 2005. It was originally estimated that this tax would generate more than $51,000,000 over six years. Current estimates predict a SPLOST yield of $56,064,600. The projects to be funded by SPLOST are budgeted in a separate Capital Projects Fund as required by state law.

Federal and State Grant Programs: The County takes advantage of federal and state grant opportunities and programs to fund capital improvements when possible.

Operational Funds: The County will utilize operational funds from the General Fund for equipment purchases and other improvements not funded by Special Purpose Local Option Sales Tax (SPLOST) or grant programs.

Capital Improvement Program Benefits/Advantages

The Capital Improvements Program will facilitate the following:

- Promote advance planning and programming by department heads.
- Provide for orderly replacement of facilities and equipment.
- Forecast needs for new capital investments.
- Help the Board of Commissioners and administrative staffs gain an overall view of growth and development within the county; and, coordinate capital improvements with this growth.
- Help plan for balanced development and capital expenditures without concentrating too heavily on any one area or department within the county.
- Become a fiscal planning tool to forecast capital demands on local revenue, to foresee future borrowing needs if any, and to identify state or federal aid that will be needed.
- Ensure projects and spending will be carried out in a prioritized fashion in accordance with the county's fiscal ability.
- Ensure capital projects will be implemented in accordance with all of the objectives set by the Board of Commissioners and as expressed by the citizenry.
- Allow adequate time for projects to be planned and designed carefully, including the opportunity for public input in the process.

Capital Project Definition

Capital expenditures are expenditures of $5,000 or more that have an economic useful life in excess of one year. The expenditure can be for a self contained or stand alone project (i.e. fire truck purchase, purchase of a building, etc.) or an easily defined phase of a multifaceted project (i.e. purchase of land or easements for future construction, purchase and renovation of a building, engineering and construction of new roads, etc.) or a feasibility or engineering study that could lead to future infrastructure projects (i.e. a transportation study, a bikeways plan, a sidewalk plan, etc.).

Other Information

The only capital improvements funded as part of the FY 2010 budget are those associated with the Special Purpose Local Option Sales Tax. Should any other capital needs arise, the county would utilize a lease purchase program or pay-as-you go financing.

Jackson County did not implement a Capital Improvements Program (CIP) in FY 2010, but made great strides in collecting useful data for use in formulating the future budgets. The Finance Department solicited requests in the form of Project Data Sheets to be used in formulating a Capital Improvements Program (CIP) Budget. The process to complete a CIP during FY 2011-12 is an initiative.

Summary Statement

The Capital Improvements Program (CIP) is expected to be a valuable tool to be used in the accomplishment of responsible and progressive financial planning, and form the basis for making various annual capital budget decisions and support Jackson County's continued commitment to sound long-range financial planning and direction.

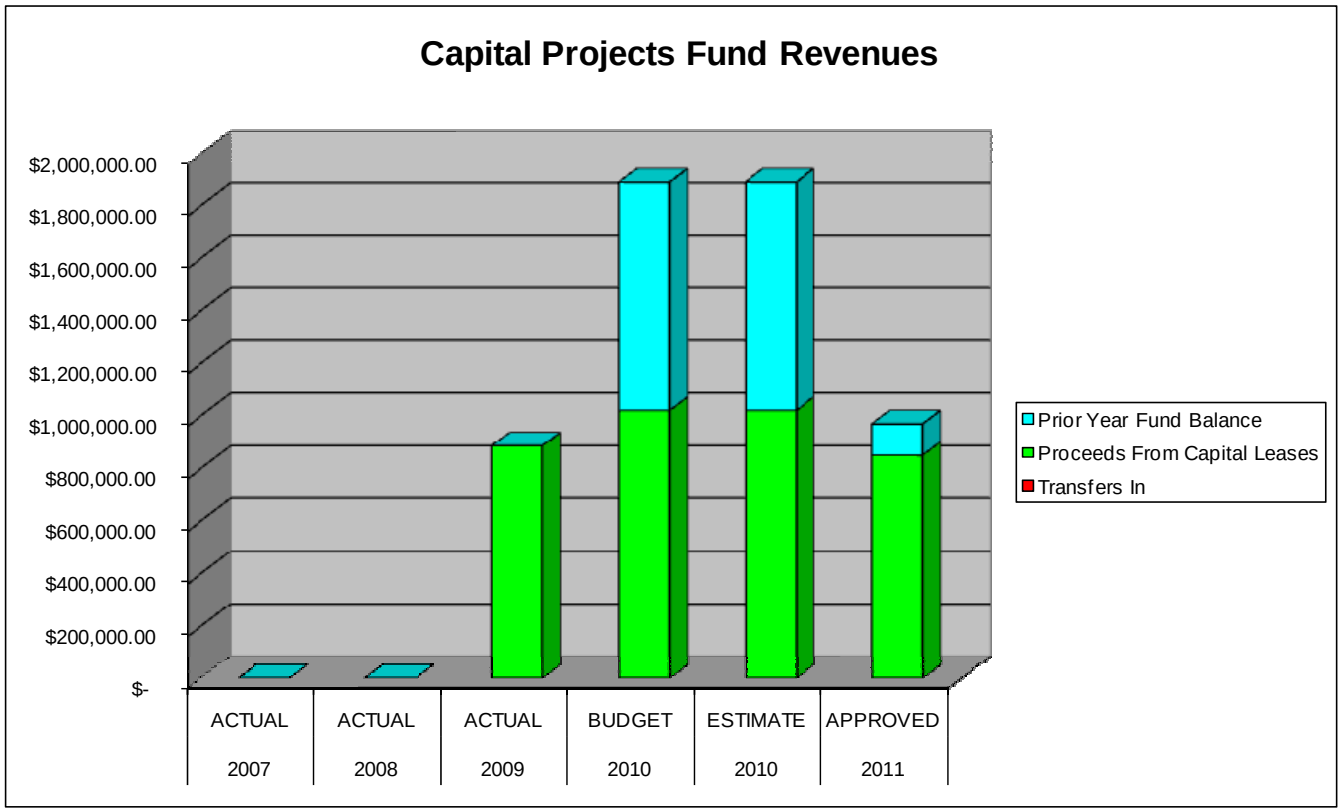

CAPITAL PROJECTS FUND - OTHER

The Capital Projects Fund was a new designated fund for use in the FY 2009 budget. This fund is designed to capture costs of capital equipment and certain capital project costs. For FY 2010, the primary use of this fund is to separate the capital equipment due for replacement from various departments budgets throughout the General Fund and Special Revenue Funds. Proceeds from certain leases will be used to purchase replacements of capital items such as vehicles, heavy equipment or any other similar capital items.

The appropriation of prior years reserves transfers out of $119,513 will be transferred to the Debt Service Fund to service interest expenditures for the 2008 IDA intergovernmental contract payable. This relates to the $45,000,000 private placement that was issued in FY 2008. More information about this can be found in the Debt Summary and Statistical Section of this document (Section VI).

ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprise – where the intent of the county is (a) that the costs of providing goods or services to the general public on a continuous basis be financed or recovered primarily through user charges; or (b) where the county has decided that periodic determination of net income is appropriate for accountability purposes. The following enterprise funds are maintained by Jackson County:

Solid Waste Disposal Facility (Transfer Station Fund) - to account for the provision of Solid Waste Disposal Services to the residents of Jackson County. The Solid Waste Disposal Facility is comprised of a transfer station and related collection facilities. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, operations, maintenance, financing and related debt service.

Mayfield Treatment Plant - to account for the operations of the Mayfield wastewater treatment plant. As stated in Note 18 to the 2000 financial statements, the operation of this plant was transferred to the Jackson County Water and Sewerage Authority during the year 2000. No budget is required for this fund.

Transfer Station Fund

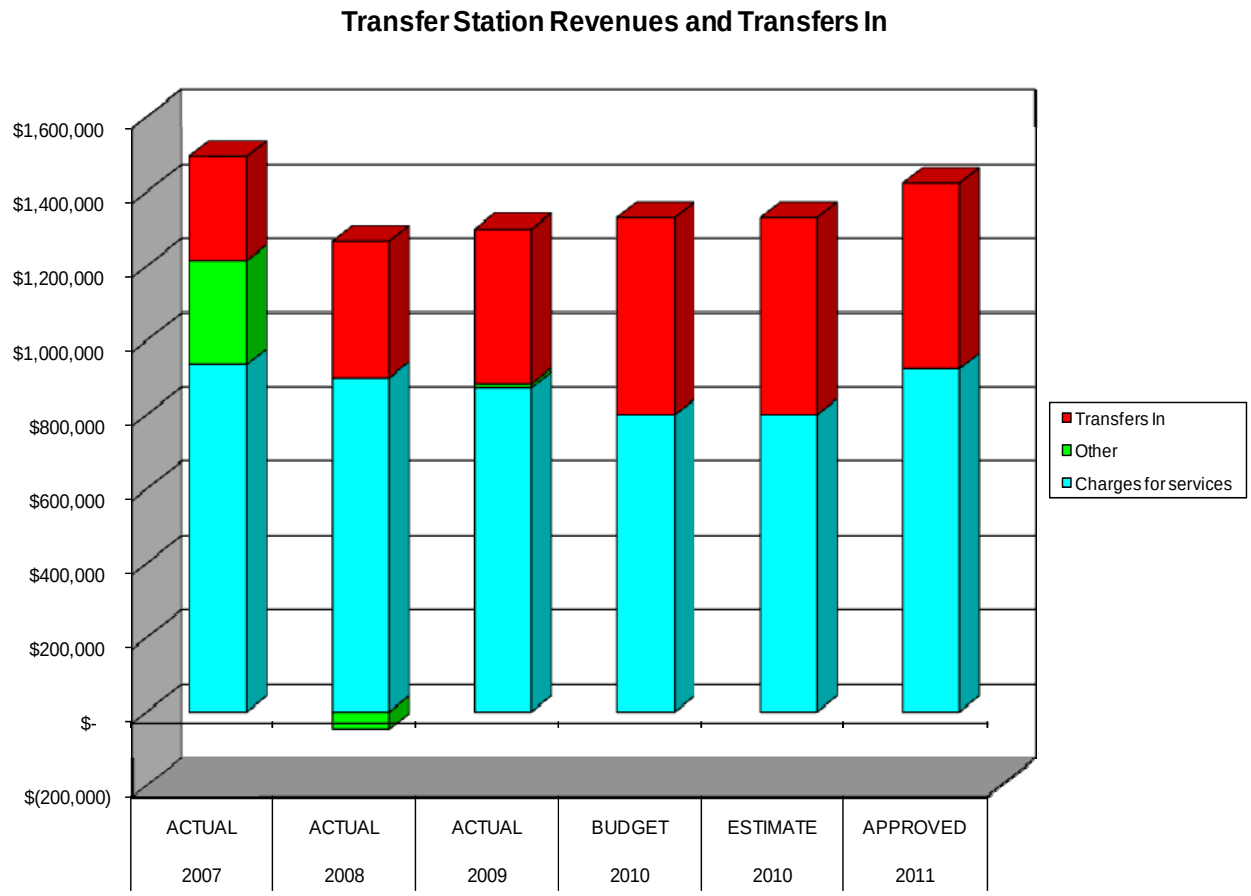

Resources

Charges and fees for service are expected to raise $922,800 or 64.9% of anticipated revenues in FY 2011.

Uses

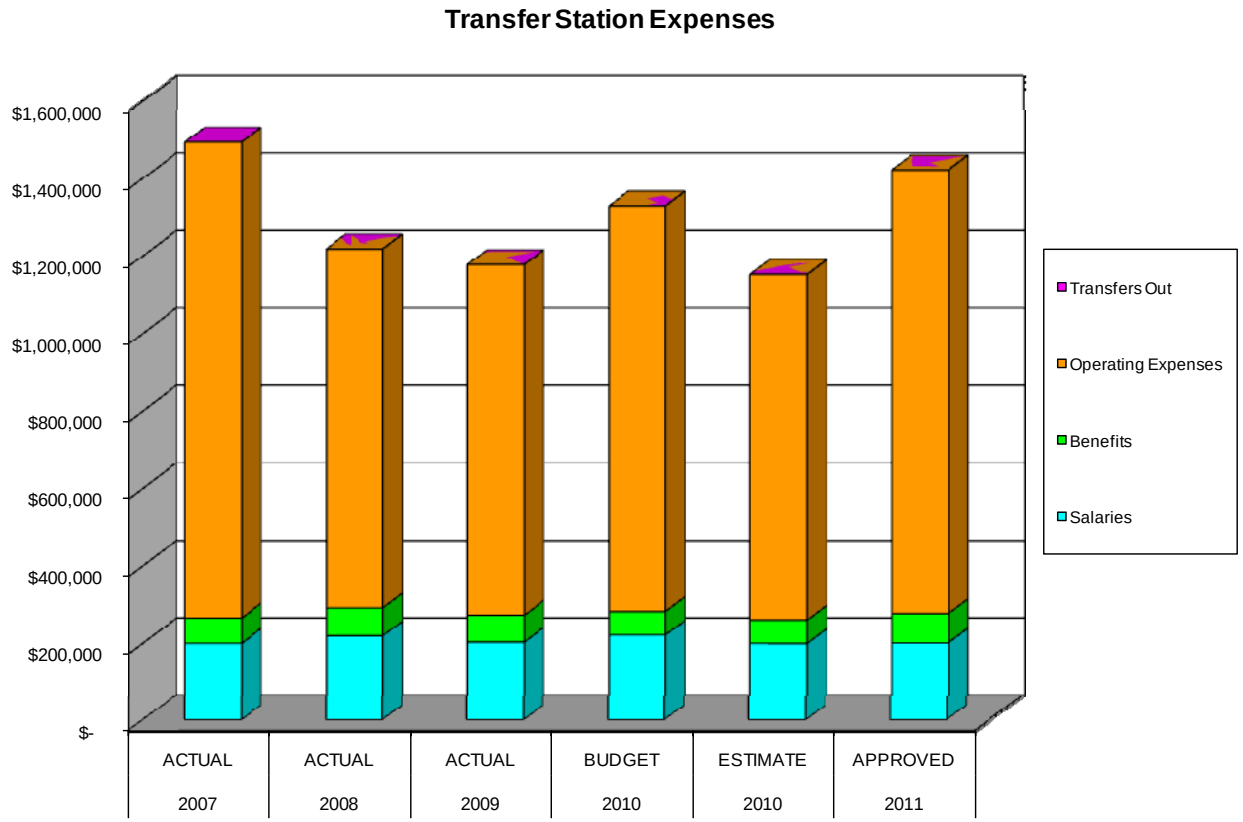

Transfer Station Fund uses consisting of operating and maintenance (O & M) expenditures are approved for $1,422,628. This is an increase of 7.00% from FY 2010 Approved Budget.

Jackson County Map, Circa: 1822

The County of Jackson, Georgia

How It Began …

Jackson County, the 22nd County of Georgia, was established on February 11, 1796, by an Act of the Georgia Legislature from an area which was originally included in Franklin County. The County was named for James Jackson, Revolutionary War Lieutenant Colonel, United States Senator, and later Governor of Georgia from 1798 to 1801.

The first settlers found this area inhibited by the Creek Indians in the north and the Cherokee Indians in the south. These two tribes lived in peaceful coexistence until around 1770 when a war occurred over a dispute regarding territory between the Locoda trail and the Tishmaugu (Mulberry) River. The Creeks won this battle under the leadership of Talitchlechee and his trusted brave, Umausauga. The Cherokees retreated northward to their own territory.

The first permanent settlement was started in January 1784 in the Groaning Rock section of Jackson County. William Dunson, a German immigrant, started this settlement on Little Sandy Creek a few miles southeast of the present day cities of Commerce and Nicholson.

By time the county was established in 1796, forty-seven people had moved to Groaning Rock. As more settlers moved into the area, the community expanded toward Yamtrahoochee (Hurricane Shoals).

The original County Seat was located in the southern part of Jackson County on the site of the Indian Village Thomocoggan because of the ample water from the Curry Creek and four free flowing springs. Thomocoggan was renamed Jefferson after Thomas Jefferson.

In 1796 Jackson County was about 1,800 square miles in size. However, from 1801 until 1914 portions were taken to form parts of the present counties of Clarke, Oconee, Madison, Gwinnett, Hall, Walton, Banks, and Barrow.

Topographic …

Jackson County is located on the upper fringes of the Piedmont Plateau section in the northeast quadrant of the State of Georgia and is bounded by Banks, Barrow, Clarke, Gwinnett, Hall and Madison counties. Its area is 342.4 square miles, or 218,963 acres of gently rolling ridges and valleys. Three small rivers traverse the County. They are the North Oconee, the Middle Oconee and the Mulberry Rivers, which are all a part of the Oconee River watershed.

Transportation…

Jackson County lies just 30 miles northeast of the perimeter highway I-285 that circles Atlanta, Georgia. It is also northeast of and contiguous to Gwinnett County (population 808,161), which is a heavily developed county. Gwinnett is home to the Mall of Georgia, a large regional mall off Interstate I-85. The busy Interstate I-85 crosses the northern portion of Jackson County, with 5 exits and about 22 miles of interstate highway providing easy access for Atlanta Metro commuters. Major warehousing, distribution and manufacturing facilities have located along the I-85 corridor

and additional prospective facilities frequently consider Jackson County.

In addition, Jackson County also has major north-south highways such as U.S. 129 and U.S. 441, both of which pass through Athens. U.S. 441 runs from Knoxville, Tennessee to Florida. The County's largest municipalities, Jefferson and Commerce are located less than 20 miles from Athens-Clarke County. Athens-Clarke is the home of the University of Georgia, the State's flagship institution of higher learning. Rail service is available from both Norfork Southern and CSX.

The Jackson County Airport is currently being upgraded to a Category Three Airport Facility to accommodate corporate and general aviation, which is growing. Additionally, the airport is within three miles of I-85. Work has been completed on the 900' extension of the runway to a total length of 5,000 feet to accommodate all types of corporate and private aircraft.

Commercial air service is available within a travel time of 1½ hours at Atlanta's Hartsfield-Jackson International Airport that is served by all major US airlines and major international carriers.

Population…

According to the 2000 U.S. Census, Jackson County is home to 41,589 people. However annual growth rates have exceeded 3.5% since 1990. A July, 2010 news release from the U.S. Census bureau ranks Jackson County, GA as Number 22 on the list of "100 Fastest Growing Counties in the U.S during the decade, up from 23rd the year before." 2010 population estimates project the current population is over 63,544. Additionally, Jackson County was ranked as the 6th fastest growing county in the state in one year's time. Official projections for 2011 are in the range of 64,000 and the 2020 estimate is about 100,000 to 120,000. The County's growth can be attributed to relatively modest land costs and a quality of life which is highly desirable. While the County rests only 60 miles from downtown Atlanta, it has retained its rural atmosphere.

Economic Condition & Outlook …

As the metropolitan Atlanta growth moves eastward, Jackson County experiences continual suburb development creating a demand for residential, commercial and industrial properties. Though about 1,000 new parcels were being added to the tax roles each year, the recent decline in the housing market as slowed this growth. In addition to the strategic location, Jackson County benefits from a diversified mix of industries such as poultry production and processing, light industrial manufacturers, hospitality services, and retail outlet malls.

A recent article in the Atlanta Journal-Constitution interestingly points out that a majority of our residents also work within the County limits. It was estimated by the 2000 Census that as many as 52% of the County's population live and work in Jackson County. Consequently, the County retains its own economic identity instead of being dependent on the economy of the Greater Atlanta Metropolitan Area. This is important as of late due to the dramatic increases in fuel and energy costs.

Toyota Industries of North America (TINA) made the decision to invest in Jackson County and build a $110 Million manufacturing facility (phase I) to produce automotive air conditioner compressors and employ approximately 120 people on a 100 acre site initially. Additionally, Toyota recently opened a distribution center on an adjacent 50-acre site. Jackson County made significant commitments to improve roads, water and sewer infrastructure in order to secure the Toyota Project. The Toyota Project will repay the capital costs over a number of years. However, this infrastructure will also open about 700 additional acres along the I-85 Corridor.

The Georgia Distribution Center in Braselton adjacent to I-85 has been initiated. This project is planned to develop in a series of phases. About 2 million square feet of regional warehousing/distribution facilities are

planned. Additionally, about 200,000 square feet of retail space is included in the plan.

Form of Government …

In a countywide referendum in November 1999, the voters approved amending the Jackson County Charter to establish a Commission and Manager form of government. The legislative and governing body for Jackson County is the five-member Board of Commissioners (BOC). The commission chairman is elected at-large in a countywide election. The four district commissioners must reside in their respective districts and are elected only by the voters within their geographical districts. Elections for BOC posts are for four year staggered terms, so as to provide continuity on the Jackson County BOC and hear from voters about issues every two years.

The BOC carries out its legislative duties by performing the following:

- Establishes local laws and policies by approving ordinances and resolutions.
- Appropriates funds and establishes funding levels and authorized staffing levels for county government operations.
- Adopts the Operating and Capital Budgets for the various county operations, services and projects.
- Levies property taxes, other taxes and establishes rates and fees for services to provide funding for Jackson County services.
- Works with citizen groups and individuals through open public meetings, public hearings, public workshops, citizen advisory committees and similar activities.
- Have legislative responsibilities for such actions as approving zoning actions, special licenses and permits, awarding contracts and bids, and other similar actions.
- Works to establish regular contact and maintain good working relationships with local, state and federal government officials.
- Finally, promotes the economic and social development of Jackson County.

The County Manager, appointed by the Board of Commissioners, is the head of the executive branch of Jackson County. The Manager sees to the administration of the budget, the ordinances, policies and directives of the BOC. There are 26 departments under purview of the manager.

- The Manager appoints the department directors and approves the hiring of all employees in accordance with the adopted personnel ordinance.
- The manager, with assistance of the Finance Director, sees to the administration of the Operating and Capital Budgets. He also sees that regular budget reporting occurs and that the annual independent audit is performed.
- The Manager oversees the purchasing processes and the proper disposal of old and surplus equipment.
- The Manager sees that regular reporting about the departments, services, projects and activities is provided to the BOC.

Municipalities…

Jackson County has nine municipalities, which make up about 46.1% (28,403) of the countywide population (61,620) according to the 2009 census estimates. The county seat is Jefferson (7,917), named for President Thomas Jefferson, which is located in the central part of the county.

Incorporated in 1909, Arcade is located along Highway 129 south of Jefferson. The first city government was dissolved and later reincorporated.

The western end of Jackson County is anchored by the rapidly developing towns of Hoschton and Braselton. Braselton was incorporated in 1916, but the town dates back to 1884. The Town of Braselton gained wide notoriety when movie star Kim Basinger and her associates purchased most of the community. Braselton is also located in four counties as small portions extend into Barrow, Hall, and Gwinnett.

The town of Hoschton was named for its early pioneer families. Four Hosch brothers operated saw mills and farms and in

1865 built a store at the crossroads of Hog Mountain and Gainesville Road. Hoschton was incorporated in 1891 and once bustled with banks, cotton gins, cotton oil mills and Gainesville-Midland Railroad traffic.

Commerce is the 2nd largest town in Jackson County. The settlement of Harmony Grove, as it was known earlier, dates back to 1810. The central business district did not form until the 1850s when business was centered along State and Cherry Streets now known as Athens and Clarkesville Roads. A railroad was established in 1876 and became a catalyst for commercial development. By 1904, the name of Harmony Grove was changed to Commerce to reflect the prosperity of the community. The City of Commerce (population 6,574), the 2nd most populous city in the county, has become a major shopping outlet center and is the service center for the three adjacent counties. Commerce is a full service municipal government and provides full utilities including electricity, gas, water and sewer.

Originally known as Thomocoggan, then Jeffersonville from 1805 to 1810, then Jeffersonton from 1810 to 1824 and finally Jefferson in 1824, this city is the oldest remaining city in Jackson County. In 1806, Jefferson was chartered as the official county seat with a population of 287. Many newcomers came to Jefferson on their migration westward.

Maysville is the second oldest town remaining in Jackson County and was incorporated in 1879. The town straddles the Jackson-Banks County line.

South of Commerce, the town of Cooper established a post office. The town was originally named for a large farm located in the area. When a railroad fuel stop was established in the town, the name was changed to Nicholson in honor of the man responsible for the fuel stop. In 1907, the town was incorporated with the depot as the official center. The "Great Depression" devastated the community of Nicholson, which was reincorporated in 1972.

Pendergrass was originally known as Garden Valley in the late 1700s and through most of the 1800's until it was renamed to honor Franklin Lafayette Pendergrass, a prominent businessman who was a director of the Gainesville, Jefferson, and Southern Railroad. The town was incorporated in 1891 and has retained its depot which serves as the center of the city limits. The depot was recently refurbished as the Pendergrass Civic Center. The town's current population is estimated at 634.

Talmo was first settled by a land grant to Stephen Whitmire in 1816 for 375 acres. Talmo is derived from the Creek Indian word "Talomeco," meaning "home of Chief Tallassee. The first recorded settlers arrived around 1840. The town of Talmo was incorporated on August 9, 1920. The charter was later relinquished but in the late 1980s the town was reincorporated. The town's current population is estimated at 648.

Schools…

Jackson County has three public school systems. Jackson County School System provides accredited k–12 educational services on a countywide basis. The enrollment is about 7,000 students.

Two municipal systems also provide accredited services. The Jefferson municipal system has an enrollment of about 2,600 students. The Commerce municipal system has an enrollment of about 1,500.

Student enrollment is growing on a countywide basis at about 700 students per year which is equal to adding enough students to fill about one standard elementary school per year.

Other Information…

The Historic Jackson County Courthouse was constructed in 1879 and is a prime example of the neoclassical architecture of that time. A clock tower was added in 1906, and renovations were completed in 1978. A new round of thorough renovations began in 2008. The courthouse is one of the few examples of such architecture still used in Georgia.

Jackson County Courthouse
Jefferson, Georgia

The Georgia State High School Track and Field Championships originated and are still hosted in Jefferson, which has one of the top track facilities in the state.

Some of the festivals in Jackson County are the Daisy Festival (Nicholson) in May, Arts in the Park at Hurricane Shoals (Jackson County) in September and the Autumn Leaf (Maysville) in October.

Jackson County is also home to or closely situated to several renowned auto racetracks that draw racing fans from across the country and the world. These tracks include the Atlanta International Dragway in Commerce, Peach State Speedway in Jefferson and Road Atlanta in Braselton.

Dr. Crawford W. Long made medical history as the doctor who discovered the use of ether as an anesthetic. He was practicing medicine in Jefferson when he made this revolutionary discovery and performed the first operation with an anesthetic.

Crawford W. Long Museum
Jefferson, Georgia

Braselton is home to Thompson Mills Forest, the official State arboretum located in far-western Jackson County. The 330 acres is managed by the University of Georgia's Warnell School of Forest Resources and contains a collection of natural native plant species both common and rare as well as some exotic varieties of flora contained within the gardens. Hundreds of plant species can be observed along the forest's trails.

Recovery of 200 years of County History

What began as a two-week documents recovery and organizational project in the historical Jackson County Courthouse quickly grew into something more.

Begun in the early part of 2006, the Jackson County Historic Society began the task of recovering, restoring and reorganizing a massive amount of books, files, court documents and scattered loose papers that had for years been stored in the historic Jackson County Courthouse. Four months later, results can be seen and felt, as 99 file boxes, 10 tubes of maps, and 50 wrapped books were moved to the basement of the new courthouse for temporary storage.

Later, the team opened a smaller vault beginning the process all over again, wrapping another 411 books and 18 more boxes of loose papers for storage.

Working closely with Linda Aaron, an archivist with the University of Georgia's Hargrett Library, many documents will be restored, inventoried and indexed for future reference.

Dating back to a 1799 indenture between Samuel Park and Peter Chandler, the documents cover a range of areas, including a complete run of tax digests from 1907 to 1974, many of which have a listing in front of ex-confederate soldiers and their widows who were receiving a pension. Also included are minutes from early Superior Court meetings (hand-bound and hand –stitched) and a ledger which recorded the process and listing of those who had to register for selective services in 1917 for World War I.

The Jackson County Historic Society continues to work to preserve and restore documents of Jackson County's past. In 2007, the County was awarded a grant from the Association of County Commissioners of Georgia to aid in the preservation, classification, and storage of the many historically significant documents.

Many of the recovered documents will be on display at the historic Courthouse once the restoration project is complete.

THE JACKSON COUNTY SEAL ADOPTION

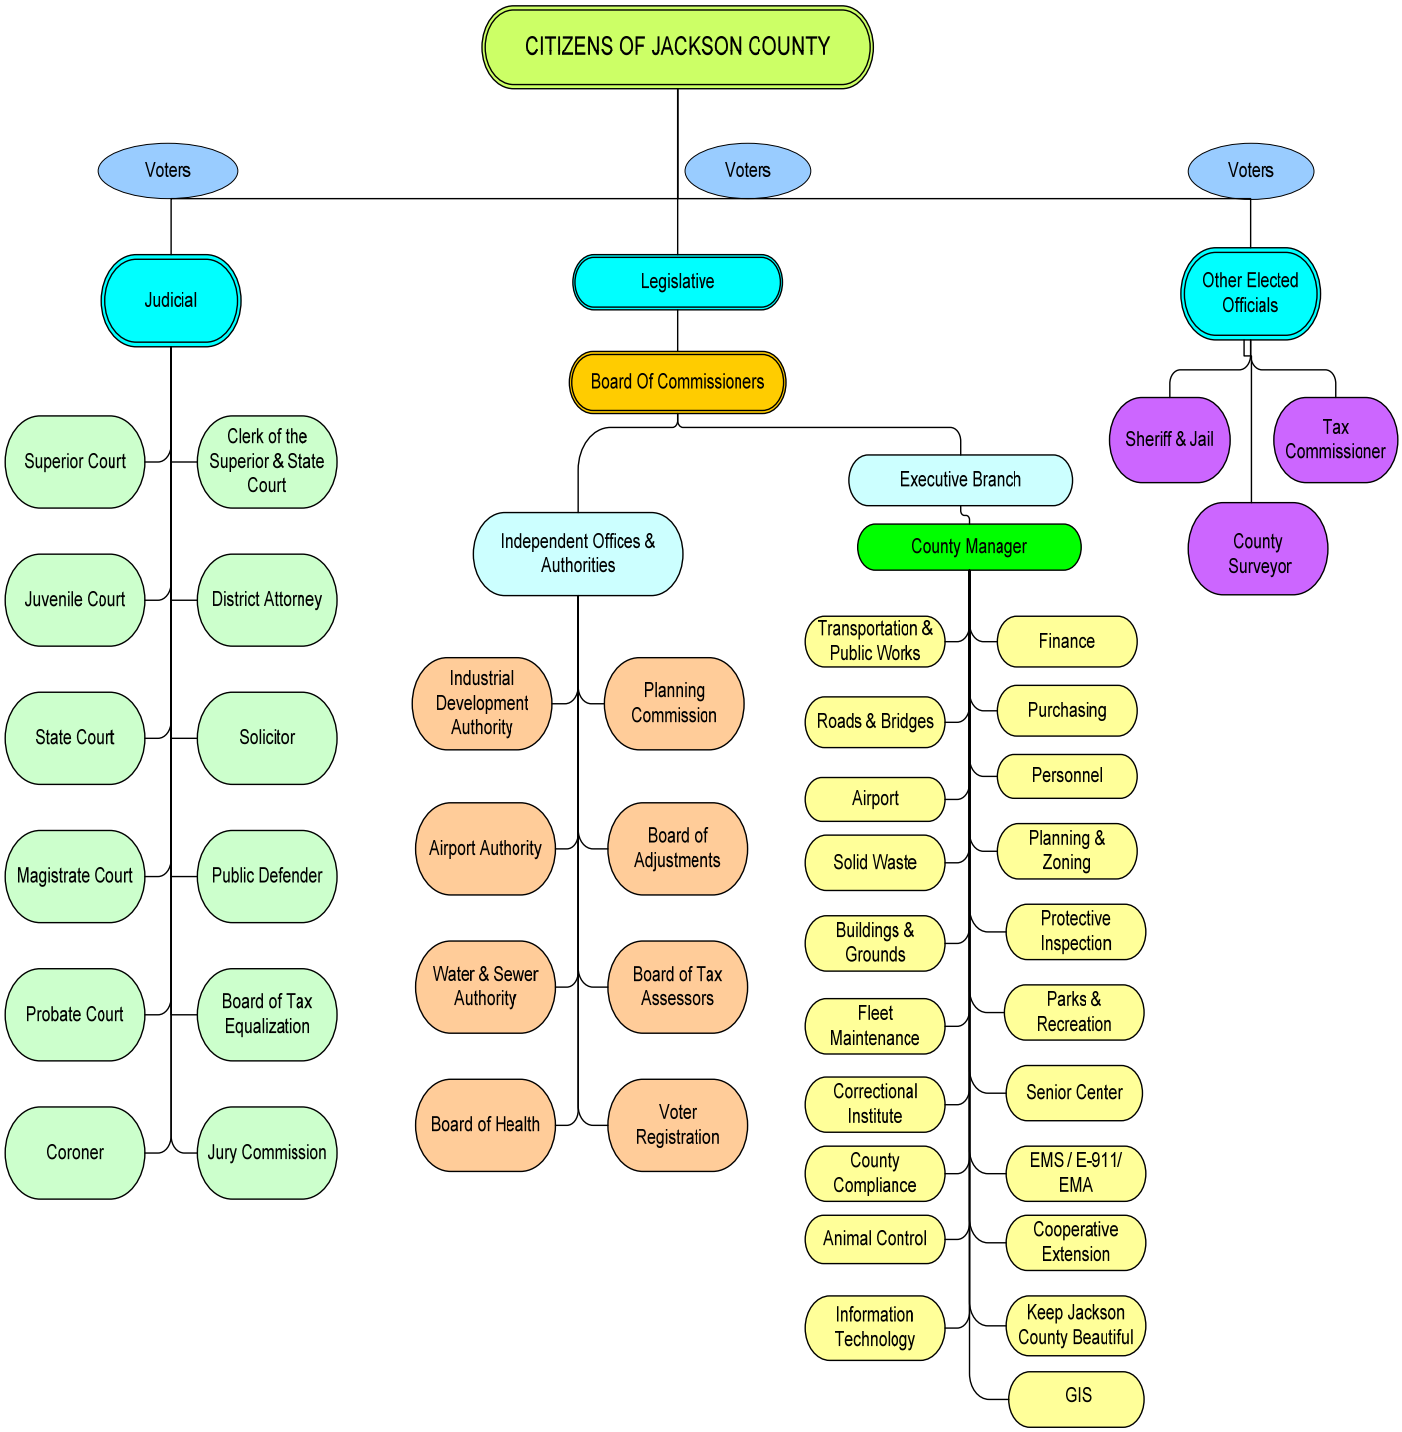

The Official Seal for Jackson County was adopted on October 23, 1975. In a called session, the Jackson County Board of Commissioners received a committee from the Beautification Through Conservation Committee. In attendance were Chairman H.W. Summerour, James S. Johnson, Thomas L. Howington, Attorney Ronald Hopkins, and Clerk Dean Wilbanks. Mr. Johnson presided over this meeting, being a director of the Oconee River Soil and Water Conservation District, a sponsoring organization for the Beautification Through Conservation Program in Jackson County. Mr. Charles Dawson, president of the Jackson County Chamber of Commerce, acted as spokesman for the Beautification Committee. Those present on this committee were Miss Lurline Collier, Mrs. Lamartine Hardman, III, and Mrs. Pat Bell. Mr. Dawson presented a proposal to the Board, requesting that they adopt the County seal and flag. Mr. Johnson gave a very impressive response by presenting the resolution and made the motion for the adoptions, seconded by Chairman Summerour and unanimously adopted: "that the Board today formally adopts the seal and flag as the Official Seal and Flag of Jackson County, Georgia and that a copy of the resolution be spread on the minutes."

SEAL CONVEYS OUR HERITAGE - YESTERDAY, TODAY, AND TOMORROW

The Jackson County Seal designed by Mrs. Lamartine Hardman, III, represents the process of cultural change and value transition. It tells the story of many people concerned about a livable environment. With their knowledge, capabilities and skills, they will protect and properly use the air, the earth, and the water. Man and nature blend to provide jobs, schools, cultural opportunities and services...demand dimensions for decision making!

The Jackson County Seal is centered with a shield which represents faith. The home represents a family, the unit of society. The circle symbolizes completeness. The laurel, a symbol of achievement—victory. The color green, most prominent in nature, signifies growth. The white background indicates joy and satisfactions in partnership with people. To this day, the Jackson County Seal is still used as the official symbol of the County.

JACKSON COUNTY ~ MUNICIPALITIES

JACKSON COUNTY ~ COMMISSION DISTRICTS

Jackson County Financial Management Policies

OPERATING BUDGET POLICIES:

1. Jackson County will strive to finance all current expenditures with current revenues. Even though legally allowable (see item #4), the use of prior year fund balance to finance current year expenditures will be avoided unless a majority of the Board of Commissioners approve the unusual use by resolution. The government will strive avoid budgetary procedures that balance current expenditures through the obligation of future resources. Jackson County will not use short-term borrowing to meet operating budget requirements.

2. The operating budget will provide for adequate maintenance of capital equipment and facilities as well as planning for their orderly replacement.

3. All Governmental Funds are subject to the annual budget process. Budgets will be prepared for Proprietary Funds (Enterprise and Internal Service) to establish fees and charges and to control expenses.

4. The annual operating budget must be balanced for all budgeted funds. Total anticipated revenues and other resources available, including prior year fund balance, must equal total estimated expenditures for each fund.

5. All budgets will be adopted on the basis of accounting used for financial reporting purposes with Generally Accepted Accounting Principles (GAAP). There are no differences between the basis of accounting and budgeting. Moreover, items such as depreciation and compensated absences are recorded only at the entity wide level and Jackson County prepares its budgets at the fund level. For governmental funds, revenues are credited when they become measurable and available and expenditures are charged against the budget when they become measurable, when a liability has been incurred, and the liability will be liquidated with current resources. For enterprise funds, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

6. Appropriations not spent during the fiscal year will lapse at year end. Therefore, they are not recorded as a reservation of the fund balance. Outstanding commitments are re-budgeted each year. They will be charged against the new year's budget when a liability has been incurred.

7. The budget shall be adopted at the legal level of budgetary control which is the fund/department level (i.e., expenditures may not exceed the total for any department within a fund). Transfers of appropriations within a Department shall require only the approval of the Finance Director. Any transfer of funds that changes the total amount budgeted for a department or that increase the amount budgeted for salaries and benefits for a department shall require the approval of the Board of Commissioners in accordance with the enabling legislation. Department heads and management personnel are directed to operate within budget limitations to prevent "emergency" situations.

8. Jackson County will strive to include an amount in the General Fund budget approved by the Chair and Commission (i.e., a line item for contingencies) for unforeseen emergency operating expenditures. The amount of the contingency will be no more than 5% of the operating budget.

9. Jackson County will maintain a budgetary control system to ensure that purchases are not authorized if there are not sufficient funds in the budget to pay for them. The county will prepare timely financial reports comparing actual revenues and expenditures with budgeted amounts so that the Board of Commissioners, County Manager, department heads and other interested parties may monitor the adherence to the budget.

10. The operating budget shall be developed to control both the direct and indirect costs of programs and services whenever possible.

11. Jackson County shall comply with all state laws applicable to budget hearings, public notices, public inspection, and budget adoption.

12. It is expected that the revenues for Enterprise and Internal Service fund budgets shall be sufficient to pay the expenses of those funds. Excess revenues of Enterprise funds shall not be transferred to other funds unless authorized in the Annual Budget.

13. Jackson County shall require that all Fire Districts, which are accounted for in individual funds, submit to the County the fire department's proposed budget, requested millage rate to fund the following year's budget, and the minutes of the Board meeting stating approval of the proposed budget and requested millage rate. These items must be submitted to the county prior to the Board of Commissioners final meeting to approve the overall county budget and millage rate.

FUND RESERVE POLICIES:

1.0 Purpose:

The purpose of this policy is to establish and provide for the sound financial management of Jackson County's various designated reserves and to establish procedures for implementing the county's provisions regarding undesignated fund balance.

2.0 Undesignated Fund Balance:

2.1 Definition. Jackson County's undesignated fund balance as reported annually in the Financial Report represents potentially supplemental financial resources to the county which are available for subsequent expenditures. These are funds which have generally accrued through receipt of revenues in excess of those anticipated within a fiscal year as well as annual operating appropriations which have not been expended.

2.2 Purpose. The undesignated fund balance serves a number of stabilizing purposes. It represents a savings account or "rainy day fund" which is available for unforeseen emergencies, provides a cash flow cushion to offset the need for borrowing in anticipation of tax receipts, and provides evidence to Jackson County's bond holders and bond rating agencies of financial stability and credit worthiness.

2.3 Policy. It is the policy of Jackson County to maintain an undesignated fund balance approximately 20% of operating expenditures.

2.4 Deficits in Other Funds. Before applying the provisions of this policy, the Finance Director along with the County Manager shall make a recommendation to the Board of Commissioners to transfer funds from the General Fund to eliminate deficits in other funds of the primary government. The first step will be for the Finance Director to transfer funds to eliminate any amounts due to the General Fund from those other funds that cannot be repaid since there was a deficit in the funds. Then such additional funds necessary to eliminate the deficits shall be transferred to those funds. These transfers will serve to reduce the General Fund undesignated fund balance used in the computation in 2.5 below. Any deficit in the Solid Waste Disposal Facility enterprise fund should be reduced by the long-term portion of landfill closure/post-closure liability.

2.5 Computation of Fund Balance. On an annual basis upon receipt of the audit for the prior fiscal year, the Finance Director shall calculate the percentage of General Fund expenditures represented by the undesignated fund balance. This shall be calculated as follows: General Fund Expenditures plus Other Financing Uses shall be taken from The Statement of Revenues, Expenditures, and Changes in Fund Balance, Governmental Funds. Other financing uses shall be computed on a gross basis except that transfers to the Capital Projects Fund during the year shall be excluded from the amount of other financing uses. The unreserved/undesignated fund balance from Balance Sheet, Governmental Funds shall be divided by the total General Fund expenditures/uses.

2.6 Transfer or Appropriation of Undesignated Fund Balance. The Board of Commissioners may, by resolution, transfer amounts from Jackson County's undesignated fund balance to any designated reserve. Funds may also be authorized for expenditure from undesignated fund balance through Board of Commissioners appropriation.

2.7 Priority Uses for Fund Balance Surplus. Any surplus fund balance may be used for the purposes set forth below:

2.7.1 To increase designated reserves set aside to offset established or anticipated liabilities of the General Fund where existing reserves, if any, are insufficient.

2.7.2 To increase the designated reserve for improvements established below.

2.7.3 To increase other established capital reserves where such reserves may be insufficient to meet their purposes, as set forth below.

2.7.4 To increase Jackson County's appropriated contingency account to address unanticipated current year needs.

In general, undesignated fund balance should not be used to fund any portion of the on-going and routine year to year operating expenditures of the county. It should be used primarily to insure adequate designated reserves, to respond to unforeseen emergencies, and to provide overall financial stability.

3.0 Designated Fund Balance Reserves

There are hereby established the following designated reserves:

1. Capital Facilities Improvement Reserve.
2. Capital Equipment Improvement Reserves.
3. Fleet Equipment Reserve.
4. Credit reserve.

4.0 Capital Facilities Improvement Reserve

4.1 Purpose. The Facilities Improvement Reserve is established to provide potential sources of funding for the following purposes:

1. The purchase of capital assets.
2. Major maintenance of county assets such as building/maintenance and repairs.
3. Funding projects designed to reduce future year expenditures by enhancing operating efficiency or reducing costs.
4. Providing a potential source of funding for capital projects which otherwise might require the issuance of debt.

4.2 Funding. The Capital Facilities Improvement Reserve may be funded by direct annual appropriation in Jackson County's operating budget, transfers from undesignated fund balance or other designated reserves, appropriation of unanticipated revenues received during any fiscal year, or transfers of unused or unneeded existing appropriations within Jackson County's operating budget.

4.3 Authority to Use and Withdraw. The Board of Commissioners must authorize the expenditure of these funds either as an element of the annual General Fund operating budget or through a separate appropriation resolution. Funds may be transferred from this reserve to other designated reserves or released to undesignated fund balance by BOC resolution. Funds may be transferred to a Capital Project Fund. Funds can then be expended from the Capital Projects Fund for items that have been included in a capital budget approved by Board of Commissioners resolution.

4.4 Amounts of Limits. No limitations are placed on the amount which may be carried in this reserve.

5.0 Capital Equipment Improvement Reserve

5.1 Purpose. The equipment Improvement Reserve is established to provide a potential source of funding for the following purposes:

1. The purchase of capital assets.

2. Major maintenance and replacement of County assets such as major computer hardware/peripherals and software upgrades.
3. Funding projects designed to reduce future year expenditures by enhancing operating efficiency or reducing costs.
4. Providing a potential source of funding for capital projects which otherwise might require the issuance of debt.

5.2 Funding. The Capital Equipment Improvement Reserve may be funded by direct annual appropriation in Jackson County's operating budget, transfers from undesignated fund balance or other designated reserves, appropriation of unanticipated revenues received during any fiscal year, or transfers of unused or unneeded existing appropriations within Jackson County's operating budget.

5.3 Authority to Use and Withdraw. The Board of Commissioners must authorize the expenditure of these funds either as an element of the annual General Fund operating budget or through a separate appropriation resolution. Funds may be transferred from this reserve to other designated reserves or released to undesignated fund balance by BOC resolution. Funds can then be expended from the Capital Project Fund for items that have been included in a Capital budget approved by Board of Commissioners resolution.

5.4 Amount of Limits. No limitations are placed on the amount which may be carried in this reserve.

6.0 Fleet Equipment Reserve

6.1 Purpose. The Fleet Maintenance Reserve is designed to help support the regular replacement of vehicles and equipment maintained by Jackson County's Fleet Maintenance. In addition, this reserve may be used to replace any vehicles and equipment subject to an uninsured loss.

6.2 Funding. The Fleet Equipment Reserve may be funded by direct annual appropriation in Jackson County's operating budget and through transfers from undesignated fund balance or other designated reserves. In addition, the proceeds from the sale of surplus vehicles and equipment shall be placed in reserve.

6.3 Authority to Use. The Board of Commissioners must authorize the use of this reserve through an appropriation resolve.

6.4 Amounts and Limits. No limitations are placed on the amount which may be carried in this reserve.

7.0 Credit Reserve

7.1 Purpose. The Credit Reserve is established to assist the County in continuing its normal operations without increasing the tax rate or by reducing tax rate increases. As such, this source may be used to fund any appropriate County expenditure.

7.2 Funding. The Credit Reserve may be funded by direct annual appropriation and through transfers from undesignated fund balance or other reserves.

7.3 Authority to Use. The Board of Commissioners must authorize the use of this reserve through an appropriation resolution.

7.4 Amounts and Limits. No limitations are placed on the amounts which may be placed in this reserve.

8.0 Other Provisions

8.1 Creation of New Reserves. The Board of Commissioners may, at their discretion, create such other reserve funds as shall be deemed advisable. Such reserves shall be created by BOC resolution which shall include a statement as to the intent and purpose of the fund, the funding mechanism, and the authority to use and withdraw from the fund.

8.2 Elimination of Reserves. The Board of Commissioners may, by BOC resolution, eliminate any existing reserve. At the time such reserve is eliminated, the BOC shall either transfer any remaining balance to another designated reserve or undesignated fund balance or appropriate the remaining balance within the reserve to be used for the purpose for which the reserve was established, or for any other purposes designated by the Board of Commissioners.

8.3 Administrative Responsibilities. The Finance Director shall be responsible for monitoring Jackson County's various reserves and for insuring that this policy is adhered to. The County Manager is authorized to make recommendations to the BOC on the use of reserve funds both as an element of the annual operating budget submission and from time to time throughout the year as needs may arise.

8.4 Annual Report. The Finance Director and Manager shall annually submit a report to the Board of Commissioners outlining the status of Jackson County's various reserves. Prior to the issuance of the comprehensive annual financial report the Manager and Finance Director will make a recommendation to the Board of Commissioners regarding the disbursement of funds in excess of the 20% target to the designated reserves as defined in Section 3.0. Once the Board has taken legislative action on the recommendations of the Manager and Finance Director, a formal report shall be submitted within thirty (30) days of the receipt of the annual financial audit. The Finance Director and Manager may also, at his or her discretion, provide partial or complete status reports at other times to the Board of Commissioners.

REVENUE ADMINISTRATION POLICIES:

1. Jackson County will try to maintain a diversified and stable revenue system to shelter it from short-run fluctuations in any one revenue source. The revenue mix should combine elastic and in-elastic revenue sources to minimize the effect of an economic downturn.

2. Jackson County will estimate its revenues by an objective analytical process that strives to avoid estimates that are not achievable.

3. Jackson County will follow a policy of paying for services with user charges when possible to reduce the reliance on taxes and other general revenue sources.

4. Jackson County will aggressively seek public and private grants, contracts, and other outside sources of funding projects when appropriate.

5. Jackson County will establish the levels of all user charges based on an analysis of the cost of providing the services. User charges will be re-evaluated annually.

6. Jackson County will set fee charges for each Enterprise and Internal Service Fund at a level that fully supports the total direct and indirect cost of the activity. Indirect costs include the cost of annual depreciation of capital assets and requirements for future capital costs.

INVESTMENT POLICIES:

1. Jackson County will maintain a program of investing all government funds under the direction of the Manger or designee.

2. The investment program shall be operated based on the following principles in the order listed.
   A. Legality – all investments comply with state and local laws.
   B. Safety – principal is protected from loss with secure investment practices and collateralization.
   C. Liquidity – investments are readily convertible to cash when needed without losses; and
   D. Yield of Return on Investment – earnings are maximized without diminishing the other principles.

3. The investment program shall comply with all Georgia laws and federal/state regulations for investing public funds and safekeeping/security requirements.

4. The investment program should use a competitive selection process for investments in excess of 30 days. Investments should only be placed with qualified financial institutions.

5. The investment program should provide for a system of internal control over investments and timely financial reporting over investing activities.

6. All investments shall be made with consideration for environmental and human rights impact.

ACCOUNTING, AUDITING, & FINANCIAL REPORTING:

1. An independent audit in compliance with Generally Accepted Audit Standards will be performed annually by a qualified external auditor in accordance with GA Code 36-81-7.

2. Jackson County Government will prepare a Comprehensive Annual Financial Report in accordance with Generally Accepted Accounting Principles (GAAP).

3. Jackson County will strive to prepare the Comprehensive Annual Financial Report to meet the standards of the GFOA Certificate of Achievement in Financial Reporting Program.

4. Jackson County will establish and maintain a high degree of accounting practice. Accounting systems will conform to Generally Accepted Accounting Principles (GAAP).

5. Jackson County will maintain accurate records of all assets to insure a high degree of stewardship of public property.

6. Jackson County will develop an ongoing system of financial reporting to meet the needs of the governing authority, the manager, department heads, and the general public. The reporting systems will promote budgetary control and comparative analysis.

7. Jackson County shall review billings related to the various properties in the name of Jackson County Industrial Development Authority on behalf of private entities to be sure that all entities are paying the correct amount of property tax.

   When industrial revenues bonds have been issued on behalf of a private entity and their property has been placed in the name of the Jackson County Industrial Development Authority, this review shall include determining whether a tax abatement agreement has been entered into or not. If not, then the review shall determine that the private entity has been billed for the full amount of the property taxes for the year.

   Where tax abatement agreements have been entered into with those companies, this review shall include ensuring that the terms of the abatement have been followed correctly in determining the property values to be taxed for the year.

It will also include ensuring that when such abatement agreements or industrial revenue bonds expire, that the properties in question are transferred back into the name of the private entity and have been included in the digest valuation for the appropriate year property taxes so that the proper billing will be made.

DEBT POLICIES:

1. Jackson County will confine long-term borrowing to capital improvements and moral obligations.
2. Jackson County will not use short-term debt for operating purposes.
3. Jackson County will follow a policy of full disclosure on every financial report and bond prospectus.
4. General obligation debt will not be used for enterprise activities.
5. Enterprise Fund debt will be used only when revenues are sufficient to satisfy operating expenses and debt service requirements.
6. Jackson County will limit the use of lease purchase and other short-term debt when possible.

PURCHASING POLICIES:

1. It is the intent of the governing authority of Jackson County, Georgia to establish uniform regulations and procedures to provide for an efficient and fiscally responsible system for the purchase of materials and services necessary for the effective operations of the county. The administration of this system will comply with the highest ethical and fiscal standards and applicable laws.
2. The Manager shall be responsible for the operation of Jackson County's purchasing system.
3. All departments and agencies of Jackson County must utilize competitive bidding procedures as specified in an ordinance adopted by the Commission.
4. Bids will be awarded on a nondiscriminatory basis with appropriate efforts to include local and minority businesses.
5. Jackson County will strive to obtain the highest quality of goods and services for the most economical costs. Bulk purchases, quantity discounts, standardization of common items, and other approaches will be used to economically acquire goods and services.
6. The Purchasing Division shall have full authority to question the quality and type of commodity or service requisitioned to assure that the best interest of the County are served. However, the Purchasing Department shall not alter or in any way change technical requirements stated on the requisition without discussing recommended changes with the originating department.
7. The Purchasing Division shall have the authority to require a performance bond before entering a contract in such amount as it shall find reasonably necessary to protect the best interests of the County.
8. The Purchasing Division shall not receive any benefit or profit from any contract or purchase made by the County.
9. Other than advertising novelties, acceptance of gifts at any time shall be prohibited. No County employee shall become obligated to any vendor and shall not conclude any County transaction from which they may personally benefit directly or indirectly.

10. The Purchasing Division shall strive to maintain strong professional and cooperative relationships with vendors and also with those who have a desire to meet the quality, service, and price needs of the County.

11. All qualified bidders shall be given equal opportunities and terms to quote on a specified item.

12. The Purchasing Division shall not knowingly issue a purchase order when there is a conflict of interest. All known or suspected conflicts of interest shall be referred to the County Attorney, whose opinion shall be final in the absence of any specific instructions from the County Manager of County Commissioners. The issuing authority shall document such instructions.

13. The Purchasing Division shall have the authority to place Vendors on the Ineligible Vendor List for a period of Two (2) Years if the Vendor submits a bid in bad faith, willfully, or repeatedly breaches a contract with the County, or establishes a pattern or practice of unethical or immoral business practices.

BUDGET DEVELOPMENT PROCESS

Public budgeting is a mystery to most people. They are aware that the County Manager proposes a budget to the Board of Commissioners and that the Board of Commissioners makes decisions on taxes, and regarding which programs will receive financial support. The Budget Development Process begins when the Finance Department prepares a budget calendar. That calendar is sent to directors, supervisors, and coordinators. It establishes essential deadlines and tells who must do what, when. The calendar also guides the development of the budget and complies with the budget policy, as well as other policies of the Board.

In preparation for the FY11 operating budget, a request for FY11 budget information was sent to each department head and elected official on May 3, 2010. A budget manual was included with the memo along with a budget worksheet showing expenditures by line item with three years historical, 2010 appropriated budget, year-to-date actual and a blank request column for FY11. The budget manual also included a copy of Jackson County's strategic principles as set forth by the Board of Commissioners and County Manager; copies of the forms that were to be submitted for missions, goals, and objectives; performance measures; significant issues facing the department in FY11; requests for additional personnel; and project data sheets for capital expenditures.

Instructions and samples were included with each form as well as a copy of each department's budget information as included in the Fiscal Year 2010 Budget Document. Each department was requested to provide justification for any line item requests that increased over the approved FY10 budget. Detailed information was also requested for line items such as travel and training, dues, maintenance contracts, operating leases, computers and software, vehicles, overtime and additional or redeployed positions.

All agencies of the government were requested to submit their FY11 requests for appropriations, to the Finance Director, on or before June 4, 2010, so that a budget could be prepared.

Budget work sessions were held with most department heads, elected officials and independent agencies that made an appropriations request which differed greatly from the FY 10 budget. Representatives from the Finance department were present at each of the work sessions. Line items were reviewed by comparing historical expenditures and departmental knowledge of cost estimates to maintaining current levels of service and or making improvements to those services. Current 2010 funds available were also reviewed in an effort to utilize 2010 funding to reduce or eliminate additional funding in 2011. The overall FY11 budget request was generally reduced during this process.

The budget was prepared by fund, function, department, and line item. It included information on past years', current year estimates, and requested appropriations for the next fiscal year. The Finance Director prepared estimates for the current and proposed fiscal year for all funds. Expenditure estimates for the current and proposed fiscal year were initially prepared by the responsible department head; however, all budget estimates were then reviewed by the County Manager who made the final decision regarding the proposed budget.

After all funding requests had been reviewed, all departments were totaled by fund and revenues sources and were reviewed to estimate a tax millage rate required to fund those totals.

The proposed budget was presented to the government's Board of Commissioners for review on September 20, 2010. The government's Board of Commissioners held three public hearings and subsequently added to, subtracted from, or changed appropriations. The Finance Department was given the task of reducing the proposed budget to avoid a substantial increase in the property tax millage rate. Estimated revenues, other than property tax, contingency fund allocations and various line items were revisited and adjusted accordingly by the Finance Department staff. After all adjustments had been made and a preliminary millage rate determined, the adjusted proposal was then submitted to the County Manager for his review and approval.

All required newspaper advertisements were made in the Jackson County newspaper designated for legal advertisements and public meetings were held according to State budget law.

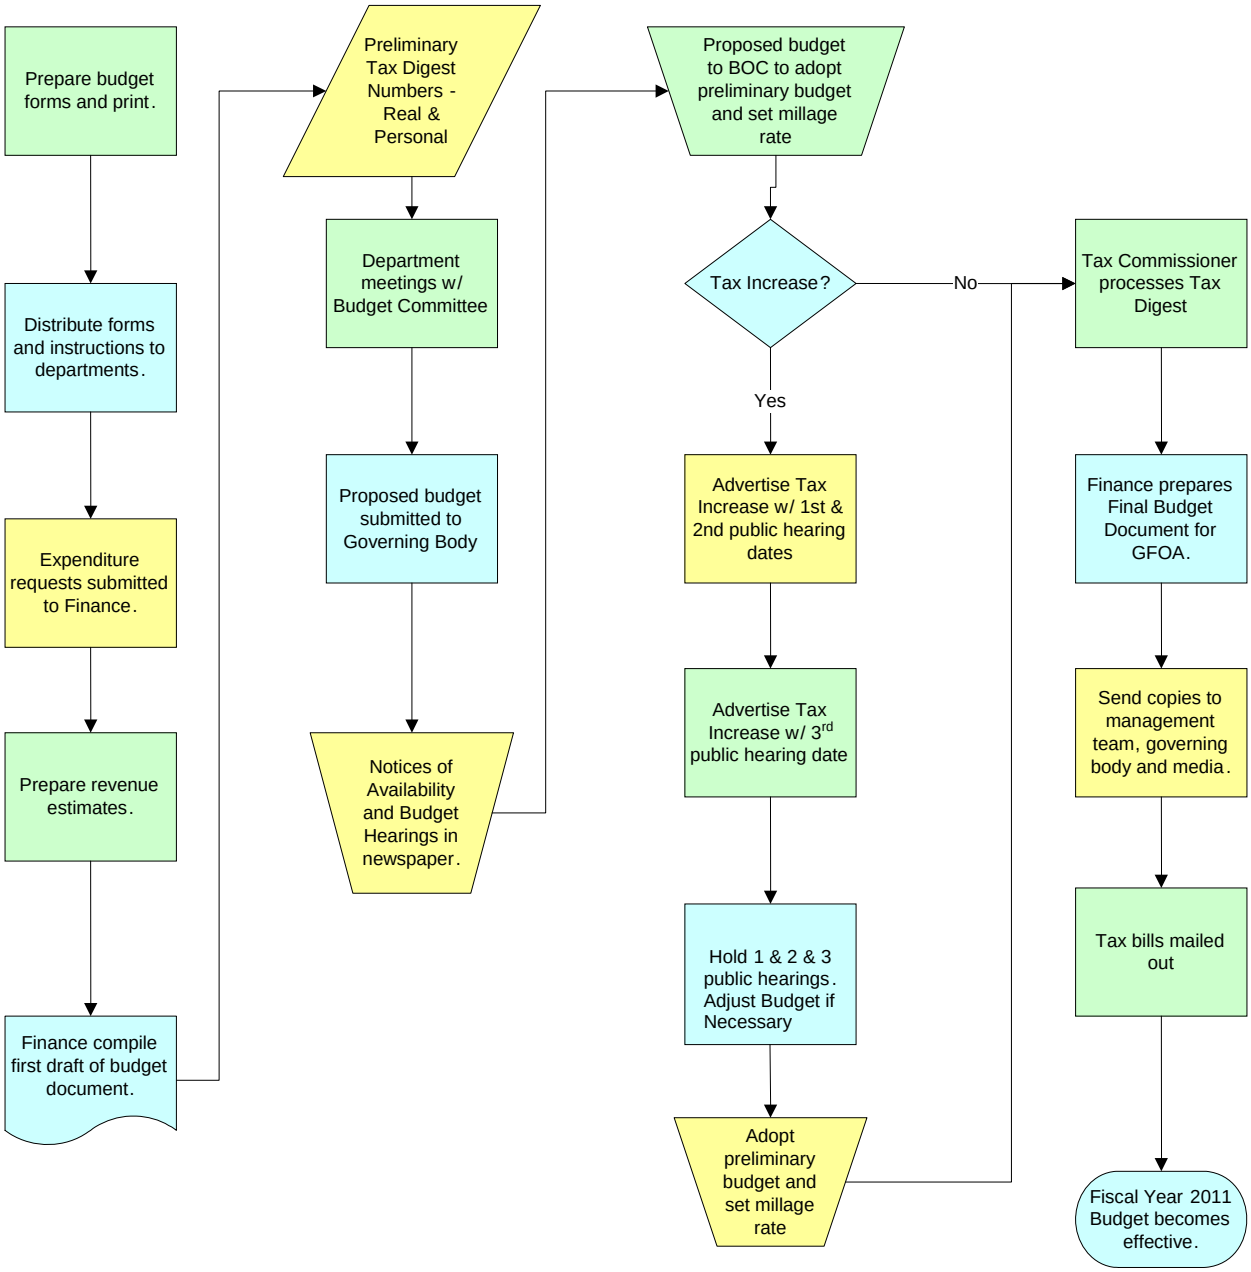

The final proposed FY11 budget was adopted by the Jackson County Board of Commissioners on October 8, 2010 during a called meeting, which was also open to the public. The approved FY11 budget was entered in the County's financial program and a copy of each department's approved budget was distributed to them.

Budget adjustments during the year may be required due to situations that were unforeseen prior to the adoption of the budget. Department heads may request budget adjustments through the Finance Office provided that the budget adjustment does not increase the overall budget for that department. Any additional budget adjustments for an overall dollar increase must be approved by the Jackson County Commission.

2011 BUDGET SCHEDULE

March 30, 2010 - May 1, 2010	Budget packets are created and readied for distribution.
May 3, 2010	Budget packets are sent out to departments to fill out and send back by June 4, 2010.
June 4, 2010 - June 14, 2010	Budget Staff work to compile budget data, estimate revenues and prepare preliminary documents for Budget Committee Meetings.
June 14, 2010 - July 29, 2010	Budget Committee meets as needed with various Department Directors, Elected Officials, and/or Independent Agencies to discuss their respective budget requests.
September 20, 2010	Notice of budget availability is submitted by noon to the local newspaper for publishing.
September 20, 2010	First reading of the budget
September 22, 2010	Notice of Budget Availability appears in the newspaper.
September 20, 2010	Five-Year History is sent to the newspaper to be published
September 22, 2010	Five-Year History appears in the newspaper.

BUDGETING AND ACCOUNTING CONTROLS:

As the chief financial officer for Jackson County, the Finance Director is responsible for establishing and maintaining internal controls to ensure that the assets of the county are protected from loss, theft, misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and that the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the government is also responsible for ensuring that adequate internal controls are in place to assure compliance with applicable laws and regulations related to those programs. Thus internal controls are subject to periodic evaluation by management.

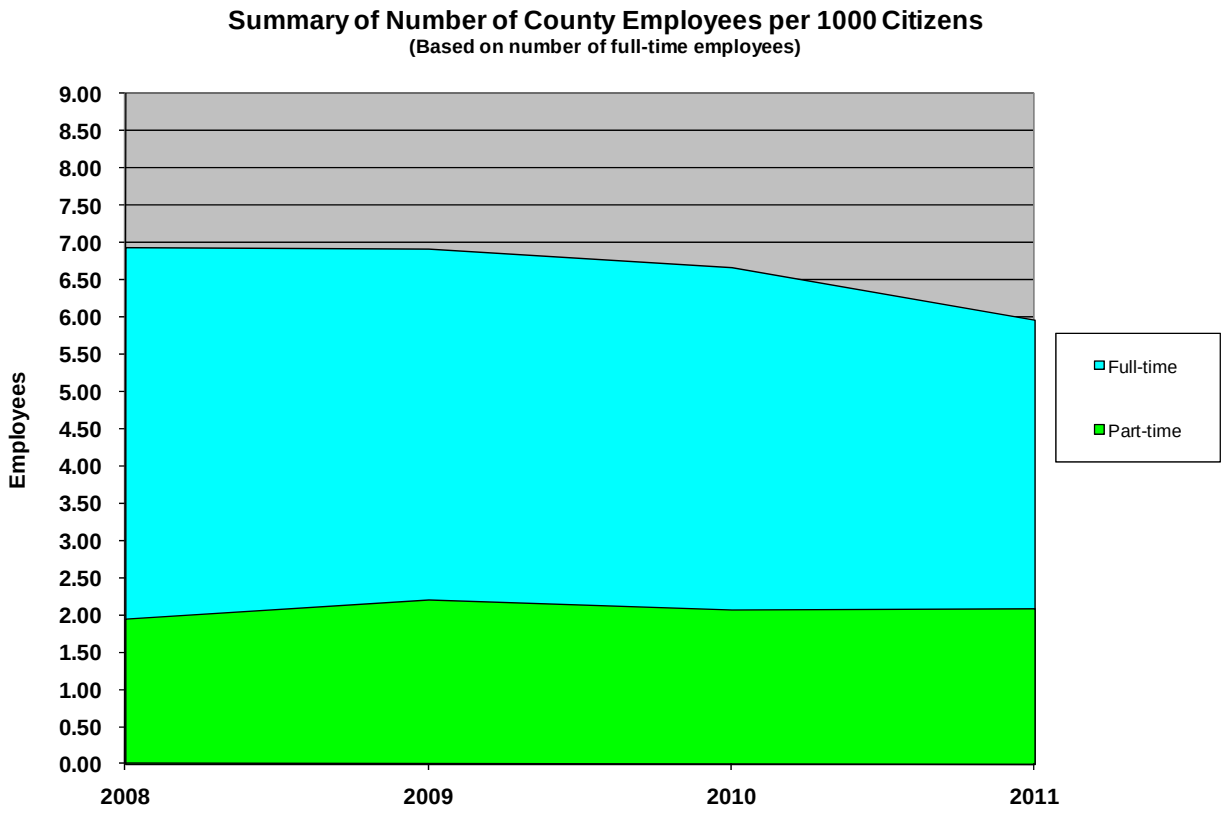

In addition, the county maintains budgetary controls to ensure compliance with the annual appropriated budget approved by the Jackson County Commission. Annual appropriated budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, debt service fund, and all special revenue funds. Annual operating budgets are not legally required for enterprise funds, but are prepared for use in planning, control, and evaluation purposes. Budgetary control is essential to ensure high-quality financial management, and that the county has established a tradition of balanced budgets and good budgetary control. Budgets are prepared for all fund types. For each fund, financing sources are identified for all expenditures/ expenses. The level of budgetary control (the level at which expenditures cannot legally exceed the approved budget) is established at the department level. Appropriated amounts lapse at year end and are generally re-appropriated as part of the following year's budget.

PERSONNEL SUMMARY

Jackson County is committed to a level of excellence in the quality and delivery of all programs and services. In the FY 2011 Approved Budget, 512 (378 full time and 134 part-time) employees are approved to meet the daily needs of our citizens and visitors. These employees will landscape our parks, respond to emergencies, make our roads safe and provide a myriad of other services to ensure Jackson County continues to be one of the best managed and most livable counties in Georgia and the nation.

From a management standpoint, these services are grouped into functional areas: General Government, Public Safety, Court System, Public Works, Health & Welfare and Parks & Recreation. Each of these areas includes departments as needed to provide the necessary supervisory support in the development and delivery of related programs and services.

Although the population of Jackson County did not grow appreciably through most of the 20th Century, beginning in the 1990's, unprecedented commercial and residential development began. Based on development potential in commercial and residential zones, continued development and population growth is forecasted for the future. In 2010, the United States Census Bureau rated Jackson County as the 22nd fastest-growing county (by percentage) in the United States for the decade and 6th in Georgia in one-year growth. County staff will be called upon to provide not only the current level and types of services, but to respond to the heightened expectations of our new citizens and visitors who commute to Atlanta to work or to enjoy leisure activities. As the County grows so must the County staff to ensure the uninterrupted provision of quality-driven programs and services.

This summary is based on the number of employees in each area. It is not converted to a full–time equivalent (FTE) measurement.

FY 2011 Approved Budget Staffing Summary:

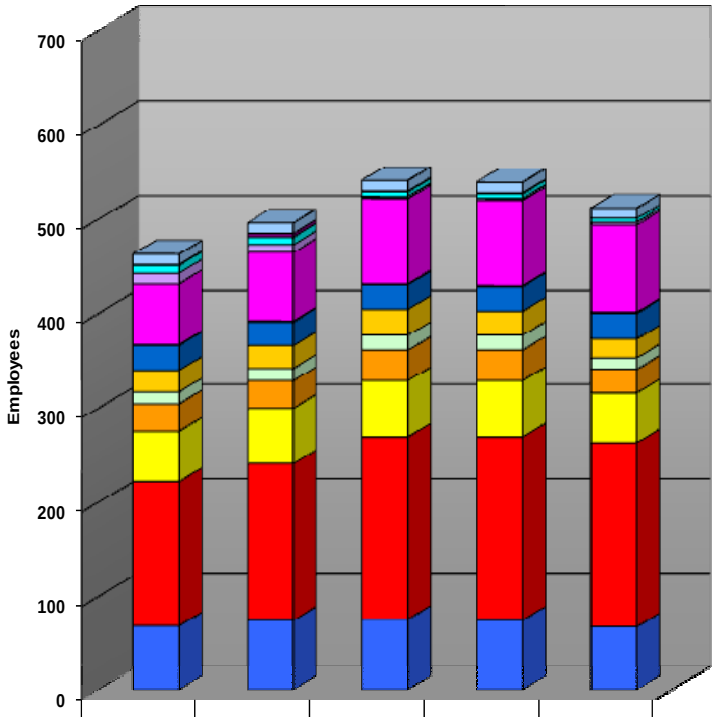

No additional employees that were not budgeted were hired after the adoption of the FY 2010 budget. Full-time positions have decreased as budgeted by 32 due to implementation of a reduction-in-force in September, 2010 that also included elimination of existing vacant positions from the 2011 budget.

There was a net increase in part-time positions for FY 2011 due to some full-time employees being moved to part-time status in the reduction-in-force.

The following list reflects the changes during FY 2010 and as budgeted in FY 2011.

Vacant Positions Removed when budgeting for FY 2011		
Department	**Job**	**Total Cost**
Clerk of Courts	Deputy Clerk	$ 34,130
Clerk of Courts	Chief Deputy Clerk	20,790
Correctional Institute	Corrections Officer	36,286

	$ 131,242,067	$ 80,914,788	$ 212,156,855

CAPITAL LEASES

Governmental activities:

Heavy equipment for road construction, various other equipment items, and the new courthouse were acquired under capital lease agreements that bear interest rates from 2.52% to 5.98%. The County, in conjunction with the Associations County Commissioners of Georgia Lease Purchase Program, issued $25,000,000 in aggregate principal of Certificate of Participation (COPS) during October, 2003 to finance the construction of a new courthouse facility. Minimum future lease obligations for these leases, as of December 31, 2009, are as follows:

December 31	Principal	Interest	Total
2010	$ 2,330,782	$ 1,180,385	$ 3,511,167
2011	1,644,006	1,112,877	2,756,883
2012	939,893	1,066,623	2,006,516
2013	668,299	1,034,912	1,703,211
2014	699,407	1,005,580	1,704,987
2015-2019	3,860,000	4,529,972	8,389,972
2020-2024	4,955,000	3,395,870	8,350,870
2025-2029	6,365,000	1,954,375	8,319,375
2030-2033	4,510,000	339,500	4,849,500
	$ 25,972,387	$ 15,620,094	$ 41,592,481

CAPITAL LEASES

As of December 31, 2009, the capital assets purchased under these capital lease agreements were as follows:

	Governmental Activities
Buildings and improvements	$25,916,829
Machinery and equipment	6,377,616
Vehicles	4,258,832
Less accumulated depreciation	(6,920,001)
Net	$29,633,276

CONTRACTS PAYABLE

Banks-Jackson-Commerce Hospital Authority

On July 1, 1978, Jackson County entered into a contract with Banks County and Banks-Jackson-Commerce Hospital Authority to fund repayment of an issue of $2,580,000 of Series 1978 Banks-Jackson-Commerce Hospital Authority Revenue Anticipation Certificates, which mature April 1, 2008, bear interest at rates from 6.2% to 6.75%.

These Certificates were refunded in October of 2003, along with the Series 1988 Banks-Jackson-Commerce Hospital Authority Revenue Anticipation Certificates, with the issuance of Series 2003A and 2003B Banks-Jackson-Commerce Hospital Authority Revenue Anticipation Certificates (the "2003" Certificates) in the amount of $2,250,000. The contract related to the 2003 Certificates states that Jackson County is to make payments to the Banks-Jackson-Commerce Hospital Authority Sinking Fund in amounts equal to 75% of the principal and interest. The balance outstanding on the 2003 Certificates at December 31, 2009, is $1,490,000. Jackson County's portion of these certificates is $1,117,500.

The annual requirements to amortize this contract payable as of December 31, 2009 are as follows:

December 31	Principal	Interest	Total
2010	$ 105,000	$ 45,795	$ 150,795
2011	108,750	41,199	149,949
2012	112,500	36,443	148,943
2013	120,000	31,444	151,444
2014	123,750	26,203	149,953
2015-2018	547,500	48,375	595,875
Total	$ 1,117,500	$ 229,459	$ 1,346,959

NOTE: Subsequent to the year end, the Hospital Authority sold its assets to a private party who will recruit physicians and operate the hospital. As part of this transaction, the 2003 Certificates were paid off.

IDA 2004 ECONOMIC DEVELOPMENT BONDS PAYABLE

On November 1, 2004, Jackson County entered into a contract with the Jackson County Industrial Development Authority to fund repayment of an issue of $16,815,000 of Series 2004 bonds with a premium and issuance cost of $552,327 which mature March 30, 2024, and bear interest at rates from 3.00% to 5.00%. These bonds were for economic development projects including road projects.

The annual requirements to amortize this debt as of December 31, 2009 are as follows:

December 31	Principal	Interest	Total
2010	$ 740,000	$ 620,250	$ 1,360,250
2011	765,000	594,838	1,359,838
2012	790,000	567,625	1,357,625
2013	815,000	537,500	1,352,500
2014	850,000	504,200	1,354,200
2015-2019	4,795,000	1,963,975	6,758,975
2020-2024	5,985,000	726,875	6,711,875
Total	$ 14,740,000	$ 5,515,263	$ 20,255,263

CITY OF JEFFERSON SERIES 2007A BOND

On August 1, 2007, Jackson County entered into a contract with the City of Jefferson Public Building Authority to fund repayment of an issue of $40,595,000 of Series 2007A bonds with a discount and issuance cost of $645,564 which mature March 1, 2037, and bear interest at rates from 3.875% to 5%. These bonds were issued to fund the County's capital projects including the jail project, public safety training facility, and historic courthouse renovation.

The annual requirements to amortize the Series 2007A bond payable as of December 31, 2009 are as follows:

December 31	Principal	Interest	Total
2010	$ 750,000	$ 1,869,681	$ 2,619,681
2011	780,000	1,837,831	2,617,831
2012	815,000	1,803,663	2,618,663
2013	850,000	1,768,281	2,618,281
2014	885,000	1,728,094	2,613,094
2015-2019	5,105,000	7,966,017	13,071,017
2020-2024	6,320,000	6,718,673	13,038,673
2025-2029	7,890,000	5,110,479	13,000,479
2030-2034	9,985,000	2,959,016	12,944,016
2035-2038	7,215,000	524,518	7,739,518
Total	$ 40,595,000	$ 32,286,253	$ 72,881,253

CITY OF JEFFERSON SERIES 2007B BOND

On August 1, 2007, Jackson County entered into a contract with the City of Jefferson Public Building Authority to fund repayment of an issue of $7,985,000 of Series 2007 bonds which mature March 1, 2027, and bear interest at rates from 4.435% to 4.75%. These bonds were issued to fund the City of Jefferson's projects including road projects. Per the intergovernmental agreement with the City of Jefferson, the City of Jefferson has agreed to pay all principal and interest payments as well as all issuance costs. In the event of default by the City of Jefferson, Jackson County will be obligated to repay the debt. Therefore, due to legal requirements, there is still a legal liability to Jackson County.

The annual requirements to amortize the Series 2007B bond payable as of December 31, 2009 are as follows:

December 31	Principal	Interest	Total
2010	$ 310,000	$ 338,551	$ 648,551
2011	320,000	326,339	646,339
2012	330,000	312,926	642,926
2013	345,000	299,014	644,014
2014	360,000	284,464	644,464
2015-2019	2,030,000	1,186,990	3,216,990
2020-2024	2,500,000	707,563	3,207,563
2025-2028	1,790,000	124,014	1,914,014
Total	$ 7,985,000	$ 3,579,861	$ 11,564,861

IDA 2008 ECONOMIC DEVELOPMENT BONDS

On October 1, 2008, Jackson County entered into a contract with the Jackson County Industrial Development Authority to fund repayment of an issue of $45,000,000 of economic development bonds with an issuance cost of $412,374 which mature March 31, 2028, and bear interest rates from 4.435%. These bonds were issued to fund the County's 2008 project including road and sanitary sewer system projects. In connection with the issuance of the Series 2009A economic development bonds discussed below, $29,405,000 of the series 2008 bonds were redeemed. The remaining $15,595,000 were redeemed on January 11, 2010 in connection with the issuance of the Series 2009B economic development binds discussed below.

The annual requirements to amortize this debt as of December 31, 2009 are as follows:

December 31	Principal	Interest	Total
2010	$ -	$ 1,995,750	$ 1,995,750
2011	1,685,000	1,958,385	3,643,385

IDA 2009 ECONOMIC DEVELOPMENT BONDS

On November 1, 2009, Jackson County entered into a contract with the Jackson County Industrial Development Authority to fund the repayment of an issue of $25,050,000 of economic development bonds with an issuance cost of $484,672 which mature from July 1, 2012 to July 1, 2024, and bear interest at rates from 4.435%. These bonds, along with $5,000,000 of unspent proceeds from the 2008A economic development bonds, were used to redeem $29,405,000 of the Industrial Development Authority 2008A economic development bonds.

The annual requirements to amortize this debt as of December 31, 2009 are as follows:

December 31	Principal	Interest	Total
2010	$ -	$ 589,580	$ 589,580
2011	-	926,850	926,850
2012	1,360,000	926,850	2,286,850
2013	1,405,000	876,530	2,281,530
2014	1,440,000	824,546	2,264,546
2015-2019	7,880,000	3,289,860	11,169,860
2020-2024	12,965,000	1,538,639	14,503,639
Total	$ 25,050,000	$ 8,972,855	$ 34,022,855

On Janaury11, 2010 Jackson County entered in to a contract with the Jackson County Industrial Development Authority to fund repayment of the balance of $15,880,000 of Series 2009B economic development bonds. These were used to redeem $15,595,000 of the Series 2008 economic development bonds as well as pay costs of issuance.

GEFA NOTES PAYABLE

Governmental Activities:

On March 6, 1996, Jackson County entered into a $911,436 loan agreement with the Georgia Environmental Facilities Authority (GEFA). These funds were to be drawn down as needed to finance Jackson County's share of the City of Commerce sewerage expansion for the Tanger Outlet Mall. Only $394,350 was drawn on the loan before completion of the project, which was completed on October 31, 1998. Repayment of the proceeds began on November 1, 1998. This loan, which bears interest at 5.3%, matures October 1, 2016.

The annual requirements to amortize this debt as of December 31, 2009 are as follows:

December 31	Principal	Interest	Total
2010	$ 23,713	$ 9,454	$ 33,167
2011	24,995	8,172	33,167
2012	26,346	6,821	33,167
2013	27,770	5,397	33,167
2014	29,272	3,896	33,168
2015-2017	55,084	2,958	58,042
Total	$ 187,180	$ 36,698	$ 223,878

Business type activities:

On June 20, 1997, Jackson County entered into a $757,100 loan agreement with the Georgia Environmental Facilities Authority (GEFA) for the construction of the Mayfield Wastewater Treatment Plant. This agreement was later revised to $776,799. This loan, which bears interest at 5.43%, matures April 1, 2013.

The annual requirements to amortize this debt as of December 31, 2009 are as follows:

December 31	Principal	Interest	Total
2010	$ 65,287	$ 10,942	$ 76,229
2011	68,905	7,324	76,229
2012	72,723	3,506	76,229
2013	18,802	255	19,057
Total	$ 225,717	$ 22,027	$ 247,744

COMPONENT UNITS:

Long-term liability activity for the Airport Authority for the year ended December 31, 2009 is as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year	Due After One Year
Business-type activities:						
Series 2004 Revenue Notes	$ 2,145,000	$ -	$ (165,000)	$ 1,980,000	$ 170,000	$ 1,810,000

On November 12, 2004, Jackson County entered into a contract with the Airport Development Authority to fund repayment of an issue of $2,600,000 Series 2005 revenue notes which mature on April 19, 2019 and bear interest at a variable rate of LIBOR + .75 (5.595% as of 12/31/09). These bonds were issued to fund construction of the Emory hangar, tie-down hangars, and runway expansion. Repayment of the proceeds began on April 1, 2007.

The annual requirements to amortize this debt using the variable interest rate of 5.595% effective at December 31, 2009 are as follows:

December 31	Principal	Interest	Total
2010	$ 170,000	$ 18,171	$ 188,171
2011	180,000	16,430	196,430

Total	$ 39,604,193	$ 16,597,425	$ 56,201,618

REVENUE BONDS:

The Authority issues bonds where the Authority pledges income derived from the acquired or constructed assets to pay debt service.

During 1999, the Authority issued $3,525,000 of Series 1999A Bonds and $4,055,000 Series 1999B Bonds for construction of water lines. The bonds carry a rate of interest ranging from 4.45% to 5.75% per annum and are payable on March 1 and September 1 of each year. Monthly, the Authority is required to deposit the principal and interest payments of the bonds in a sinking fund bank account. Final maturity date of these bonds is September 1, 2021. The 1999B Series B bonds were partially refunded in December, 2006. See note about the 2006A series bonds. The outstanding balance at December 31, 2009 of the refunded portion of the bonds is $3,185,000.

The Authority constructed, using the proceeds from Series 1999A Bonds, new infrastructure to provide a significant number of gallons of potable water needed at the Georgia Power electric-generator plant each day. The maximum water required to be provided is 500,000 gallons per day. Georgia Power has the option to increase their maximum volume to 1,300,000 gallons per day. It is expected that the revenues from the sale of this water would be sufficient to cover the costs of providing it.

The Authority has constructed water lines from the Bear Creek Water Treatment Plant to Jackson County Water and Sewerage Authority line for a new source of water purchases. The Authority financed these lines by a Series 1999B Bond Issue.

During 2000, the Authority issued $12,780,000 of Series 2000A Bonds. The 2000A bonds are to acquire and upgrade a wastewater treatment plant. The bonds carry a rate of interest ranging from 4.30% - 5.75% per annum and are payable on March 1 and September 1 of each year. The Authority is providing for the principal and interest payments of the bonds in a sinking fund bank account. Final maturity date of the 2000A series of bonds is September 1, 2022. The 2000A Series bonds were partially refunded in December, 2006. The outstanding balance at December 31, 2009 of the refunded portion of the bonds is $10,385,000.

During 2006, the Authority issued $12,090,000 in revenue bonds to provide funds to partially advance refund the Authority's 1999B and 2000A series bonds. These bonds which bear interest rates from 3.50% to 5.25% mature September 1, 2022. The county has entered into a contract with the Authority to provide funds from County tax revenues to repay these bonds if the net revenues of the Authority are insufficient. The Authority placed $14,277,228 in an escrow account to be used for satisfying scheduled payments of interest, principal, and redemption premiums on the 1999B and 2000A maturing 2007 through 2012. The refunding reduced the aggregate debt services payments by almost $690,107 and resulted in an economic gain (the difference between the present value of old and new debt service payments) of about $563,007. The accounting loss on the refunding was approximately $1,233,357. This loss was deferred and is being amortized over the remaining life of the new debt in accordance with GASB No. 23 using the effective interest rate method. The outstanding balance on the refunded 1999B and 2000A as of December 31, 2009 was $3,185,000 and $8,760,000.

During 2006, the Authority issued $5,530,000 of Series 2006B revenue bonds to provide funds for improvements to the system. The bonds, which bear interest rates ranging from 3.5% to 5%, mature September 1, 2011. The County has entered into a contract with the Authority to provide funds to repay those bonds. The County has allocated 16.25% of the Special Purpose Local Option Sales Tax which commenced July 1, 2005 toward this obligation. The scheduled payments of principal and interest are as follows:

December 31	Principal	Interest	Total
2010	$ 2,035,000	$ 872,278	$ 2,907,278
2011	1,965,000	773,294	2,738,294
2012	975,000	690,148	1,665,148
2013	1,120,000	648,772	1,768,772
2014	1,165,000	601,272	1,766,272
2015-2019	6,650,000	2,178,544	8,828,544
2020-2022	4,195,000	416,324	4,611,324
Total	$ 18,105,000	$ 6,180,632	$ 24,285,632

CONTRACTS PAYABLE:

On November 1, 1997 the Upper Oconee Basin Water Authority (the Issuer) issued $60,770,000 of Revenue Bonds, Series 1997 (UOBWA) in order to finance the acquisition, construction and installation of a water supply reservoir and a water treatment plant (collectively the Project). These bonds, which mature July 1, 2027, bear interest at rates from 4.25% to 5.25%. The Issuer is governed by a board composed of ten members, four of whom are the chief elected officials of the member counties: Athens-Clarke, Barrow, Jackson, and Oconee Counties, whose regular terms shall be concurrent with their terms of office; four of whom are appointed by the governing authority of each Member County, whose terms shall be for one year; one who is appointed by the by the Upper Oconee Resource Management Commission, whose term shall be for a period of two years; and one who is appointed by the previously identified nine members of the board, whose term shall be for a period of two years.

Jackson County has entered into an Intergovernmental Agreement dated July 22, 1996, with UOBWA, Barrow County, and Oconee County that requires each county to pay its proportional share of the principal and interest payments on this debt. Those shares are Barrow County 37.520%, Jackson County 41.521%, and Oconee County 20.959%. While Jackson County has the legal obligation to make these payments, it is anticipated that the payments will be financed by the sale of water by the Jackson County Water and Sewerage Authority. In the event that the funds from such sales are not sufficient to pay principal and interest, Jackson County has the obligation to levy property taxes sufficient to make them.

In order to present the impact of this project fairly, the debt and related intangible asset, "Water Plant Capacity", are recorded as part of the Jackson County Water and Sewerage enterprise fund even though the legal obligation belongs to Jackson County. The Water Plant Capacity intangible asset is being amortized on a straight line basis over the life of the underlying assets of the UOBWA, 100 years for the dam/reservoir and 50 years for the water treatment facility.

During 2005, the Upper Oconee Basin Water Authority issued $48,155,000 of revenue bonds (Series 2005) for a partial refunding of $51,105,000 of the Authority's Series 1997 revenue bonds. The refunding was undertaken to reduce total future debt service payments. The accounting gain for the County on the refunding was approximately $1,224,870. This gain was deferred and is being amortized over the remaining life of the new debt in accordance with GASB No. 23 using the effective interest rate method. .

The scheduled payments of principal and interest are as follows:

December 31	UOBWA Principal	UOBWA Interest	UOBWA Total
2010	$ 717,275	$ 868,323	$ 1,585,598
2011	743,226	842,933	1,586,159
2012	771,253	815,753	1,587,006
2013	799,279	787,669	1,586,948

2015-2019	4,776,991	3,157,213	7,934,204
2020-2024	6,089,055	1,847,394	7,936,449
2025-2027	3,848,996	330,352	4,179,348
Total	$ 18,574,419	$ 9,408,241	$ 27,982,660

GEFA LOAN:

The Authority entered into a loan with the Georgia Environmental Facilities Authority (GEFA) during 1999 to provide water service to the Hidden Oaks Subdivision. The loan had a draw capacity of $449,422. During 1999, the Authority drew $449,422 on the loan. Only $173,100 of this loan is required to be repaid at zero interest, with the balance being a subsidy. The loan is payable quarterly beginning June 1, 2000 and matures June 1, 2020.

During 2003, the Jackson County Water and Sewerage Authority obtained an additional loan from GEFA for $2,882,291 at 3.98%. This loan along with a $1,500,000 grant from the U.S. Department of Commerce Economic Development Administration and a $300,000 grant from the Appalachian Regional Commission will be used to pay for the sewer additions to serve new and existing industrial customers in the Allen Creek and Possum Creek area of the county including Toyota Industries North America, Inc.

As of December 31, 2009, the Authority had drawn down $3,035,543 including $153,252 of accrued interest added to the loan balance. The loan is to be repaid in 80 equal installments. These repayments began October 1, 2006, and are due the first of each quarter.

December 31	GEFA Principal	GEFA Principal	GEFA Total Principal	GEFA Subsidy	GEFA Subtotal	GEFA Interest	GEFA Total
2010	$ 8,877	$ 115,463	$ 124,340	$ 13,993	$ 138,333	$ 105,367	$ 243,700

Total	$ 90,990	$ 2,690,359	$ 2,781,349	$ 143,425	$ 2,924,774	$ 1,008,552	$ 3,933,326

PLEDGED REVENUE:

Jackson County Water & Sewer Authority has pledged future water and sewer revenues, net of specified operating expenses, to repay an original debt of $57.9 million. This debt is payable solely from water and sewer net revenues and is payable through 2027. The total principal and interest remaining to be paid is $54 million. Principal and interest paid for the current year was $3.5 million which was approximately 109% of net revenues. The County provided a subsidy of $1.6 million to assist in making these payments.

Jackson County Water & Sewer Authority has also pledged future sales tax proceeds from the county to repay the 2006B revenue bonds. The total principal and interest remaining to be paid is $2.3 million and is payable through 2011. Principal and interest payments for the current year was $1.2 million.

The County has pledged, as security for bonds issued by Jackson County Water & Sewer Authority, a portion of the County's Special Purpose Local Option Sales Tax (SPLOST) revenue. The bonds issued by the Authority in 2006 in the amount $5,530,000 to provide funds for improvements to the system are payable through 2022. The County has committed to appropriate each year, from SPLOST revenues, amounts sufficient to cover principal and interest requirements on the Authority's debt. The Authority has also pledged future sales tax proceeds from the county to repay the 2006B revenue bonds. The total principal and interest remaining to be paid is $3.5 million and is payable through 2011 with annual requirements ranging from $1.3 million in 2009 to $1.0 million in the final year. For the current year, principal and interest payments paid by the Authority and the portion of sales tax revenues allocated to the Water Authority recognized by the County were $1.225 million and $1.245 million, respectively. Current year principal and interest payments are approximately 98% of net revenues.

OPERATING LEASES:

The County is obligated under various operating leases for equipment purchases that have an initial term in excess of one year. Total cost for such operating leases were $190,765 for the year ended December 31, 2009. Future minimum rental payments are as follows:

December 31	Minimum Payment
2010	$ 185,050
2011	148,316
2012	114,357
2013	79,967
2014	75,700
Total	$ 603,390

While the aforementioned information has been extracted from the County's audited 2009 financial statements the following information reflects changes in Long-term liability activity for the year ended December 31, 2010 (unaudited).

Capital Leases

During FY10, the county entered into a lease purchase arrangements with SunTrust Bank for the lease purchase of various county vehicles and equipment in the amount of $1,089,212. The debt service associated with this lease purchase of $1,089,212 will impact the FY11 budget $282,490 in the Debt Service Fund and $57,826 in the Fire District Special Revenue Funds.

Limitations on County Debt

The Constitution of the State of Georgia provides that the County may not incur general obligation long-term debt payable out of general property taxes without the approval of a majority of the qualified voters of the County voting at an election called to approve the obligations. In addition, under the Constitution of the State of Georgia, the County may not incur long-term obligations payable out of general property taxes in excess of ten percent of the assessed value of all taxable property within the County.

Short-term obligations (those payable within the same calendar year in which they are incurred), lease and installment purchase obligations subject to annual appropriation and intergovernmental obligations are not subject to the legal limitations described above. In addition, refunded obligations cease to count against the County debt limitations.

As computed in the table below, the County could incur (upon necessary voter approval) approximately $281,860,000 in additional long-term obligations payable out of general property taxes (or general obligation bonds).

Direct Long Term Debt

The increase from FY06 to FY07 is due to the issuance of $40.5M of Series 2007A Revenue Bonds. These bonds were issued using the City of Jefferson's Public Building Authority as a financing vehicle to fund construction of a $33,000,000 jail, a $4,000,000 fire training facility, a $2,000,000 historic courthouse renovation, and placement of $1,000,000 in debt service reserves. A portion of the debt service related to these projects will be funded through the Special Purpose Local Option Sales Tax (S.P.L.O.S.T.)

Jackson County entered into a contract with the Jackson County Industrial Development Authority to fund repayment of an issue of $45,000,000 economic development bonds with an interest rate of 4.435%. This issue was not in the form of a traditional public offering; rather, it was a private placement with the Bank of America Public and Institutional Financial Funding, LLC. The purpose of this issue was to provide funding to continue the development of certain parallel roads along the County's Interstate 85 (I-85) Corridor and other interior roads to further the County's economic development initiatives. Other projects include, but are not limited to, a county-wide transportation plan, I-85 Interchange Study, and sanitary sewer projects. These bonds mature April 01, 2028.

Moreover, during 2009 Jackson County redeemed $29,405,000 of Series 2008 Economic Development Bonds. Additionally, the remaining $15,595,000 was refunded on January 11, 2010.

Currently, the direct long-term debt per person in Jackson County is approximately $2,045 per person based on an estimated population of 63,544.

Bond Rating

Recently, Jackson County's general obligation bond rating was upgraded by Moody's Investor Service to "Aa2" from "A1". Additionally, Standard & Poor's affirmed the rating of "AA-/Stable" for Jackson County ICR general obligation. Standard & Poor's considers Jackson County's financial management practices "good" under its Financial Management Assessment methodology. The Stable outlook reflects the county's very strong financial position, which will provide it with the necessary financial cushion and flexibility as the county addresses its continued growth. The county's close proximity and access to substantial employment opportunities in neighboring counties and the metropolitan Atlanta area provide additional rating stability. The S&P rating further reflects the county's strong population and property tax base growth, good income levels, healthy and expanding property tax base, and consistently strong financial position.

What this means for the Citizens of Jackson County

With the sound financial management of long-term debt and the ability to maintain a high credit rating, the citizens of Jackson County reap the benefit of being able to enjoy in new capital projects that are for their benefit at lower interest rates. This allows the citizenry to receive more "bang for the buck" in terms of obtaining funds for large-scale projects such as the new jail or road and infrastructure improvements.

STATISTICAL SECTION

The Statistical Section presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents **Table**

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Source: Georgia Department of Revenue

(1) Includes conservation use and preferential property.

(2) Includes aircraft, boats, miscellaneous personal property, timber and heavy equipment.

(3) Property that is exempt from taxation has not been included. That is typically property owned by governments and not-for-profit organizations like churches.

(4) Includes furniture and fixtures.

(5) This is a weighted average of individual direct rates applied to the taxable assessed value of the different portions of the county (incorporated and unincorporated). The millage rate was reduced for 2000 because of a significant buildup of general fund balance.

Overlapping rates are those of local and county governments that apply to property owners within the County. Not all overlapping rates apply to all County property owners (e.g., the rates for special districts apply only to the proportion of the government's property owners whose property is located within the geographic boundaries of the special district. The districts that are within the city limits of municipalities that do not levy a city tax are considered with the unincorporated areas in computing the maximum rates.
(1) For purposes of this schedule, the County unincorporated rate is considered the total direct rate.
Maximum rates:

Total Incorporated	30.500	22.650	27.970	30.530	30.730	32.560	34.320	33.810	32.870	32.680	32.730

Note:
Taxes levied during the calendar year 2009 are recorded as revenues in the financial statements in 2010 since they are levied to finance that year's expenditures.
Taxes levied include real and personal property, motor vehicle, mobile home, timber, and heavy equipment taxes.
Schedule includes amounts for County maintenance and operations and Fire Districts Special Revenue Funds.

Total Overlapping General Obligation Debt	155,712,205		149,803,107
Total	$ 355,072,625		$ 322,629,369

Sources: Assessed value data used to estimate applicable percentages provided by the State Department of Revenue. Debt outstanding provided by the County. See Table 10.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the county. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the county. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the overlapping government's boundaries and dividing it by the overlapping government's total taxable assessed value.

Debt and Assessed Value per Capita[1]

Direct General Obligation (G.O.) debt per capita		$ -
Direct and Contractual G.O. debt per capita	2	$ 1,717
Direct debt, Contractual Debt, Notes, and Leases per capita	3	$ 2,133
Direct and Contractual Debt, Notes, Leases, and Overlapping Debt per capita	4	$ 5,164
Fair Market Value of Taxable Property per capita	5	$ 112,795
Grossed Assessed value of property before exemptions		$ 2,818,604,817
Estimated Fair Market Value of Taxable Property		$ 7,046,512,043
Population, estimated by US Census Bureau at July 1, 2008		62,472

1 Based on estimated population for the County for 2009 as shown above.

2 Contractual debt represents long term Intergovernmental Contract obligations of Jackson County.

3 Includes all G.O. Debt, contract obligations, leases and short-term notes secured by ad valorem taxes and general revenues of Jackson County.

4 Includes all G.O. Debt, contract obligations, leases and short-term notes secured by ad valorem taxes and general revenues of Jackson County and overlapping direct general obligation debt.

5 Based on 2009 gross assessed valuation before exemptions and estimated fair market value of taxable property in the County shown above.

Sources: Various county departments
No data is available prior to 2006

(1) Major buildings include Administration Building
(2) Major buildings include Jail and Correctional Institute. The Jail currently has a 424 bed capacity. The Correctional Institute currently has a 174 bed capacity.
(3) Major Buildings include historic courthouse and new courthouse
(4) Major buildings include structures at County Recreation Complex
Note: Some land figures in 2007 have changed from 2006 due to better asset controls

Table 19

GENERAL FUND

The General Fund is used to account for resources traditionally associated with governmental functions which are not required legally or by sound financial management to be accounted for in another fund.

The primary sources of revenue to the General Fund are property taxes and the sales tax, but interest on investments, charges for current services, licenses and permits all play a part.

COUNTY OF JACKSON

SUMMARY OF GENERAL FUND BUDGET

GENERAL FUND REVENUES

GENERAL FUND DEPARTMENTAL SUMMARIES

Jackson County provides services to citizens and visitors on a daily basis. The direct provision of said services and the support functions of the General Fund are organized into different functions: General Government, Public Safety, Court System, Public Works, Health and Welfare, Parks and Recreation, Independent Agencies, and Non-Departmental.

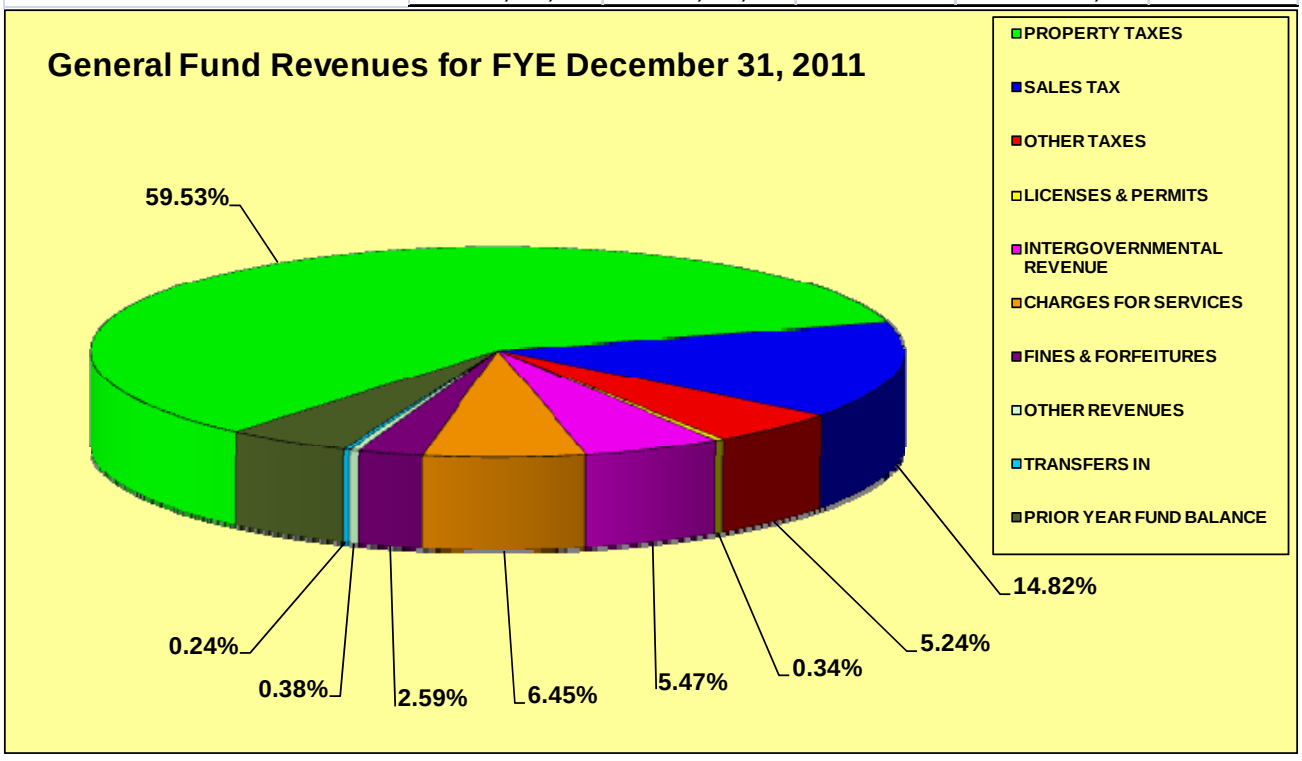

Jackson County Government

Approved 2011 General Fund Operating Budget

The approved FY11 General Fund Operating Budget is $35,753,598. The following tables show the breakdown by functions.

GENERAL GOVERNMENT FUNCTION

The General Government function is comprised of departments responsible for the management of the County's resources. This function includes the following departments.

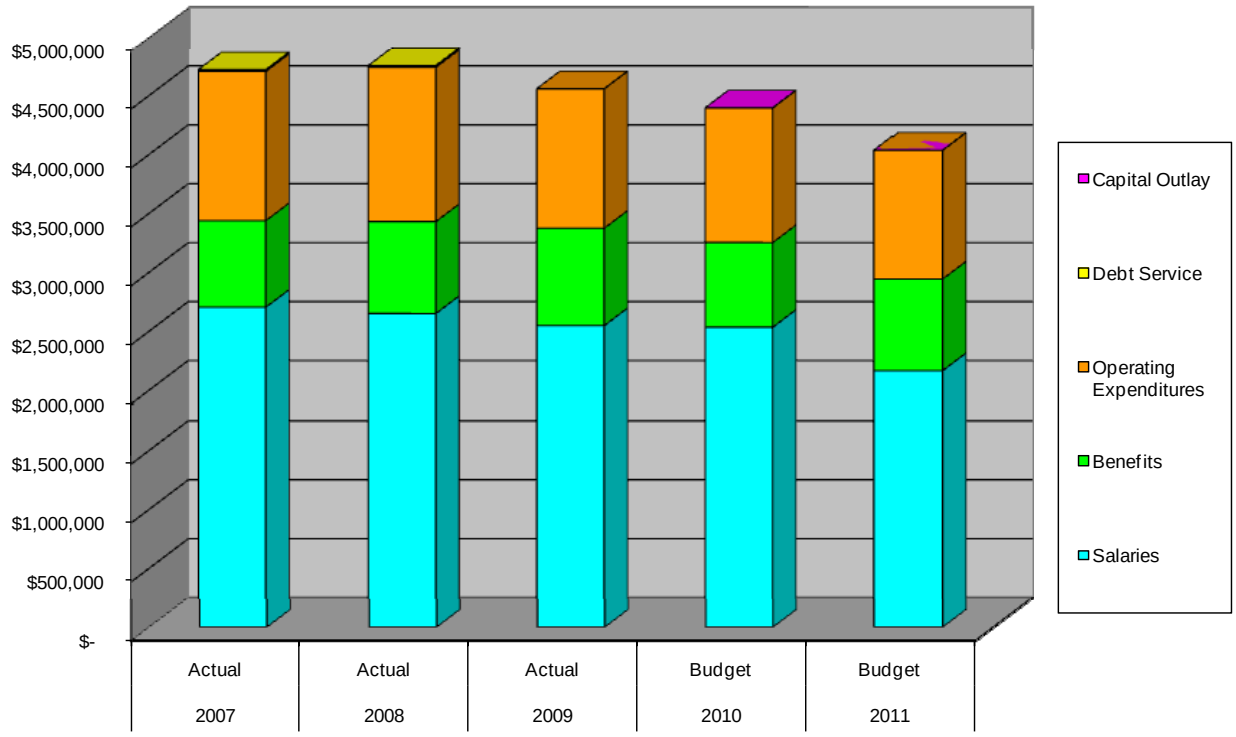

HISTORICAL INFORMATION & APPROVED 2011 GENERAL GOVERNMENT FUNCTION BUDGET

The total approved FY1 General Fund Operating Budget is $35,753,598. The General Government departments proposed budget makes up $4,042,753 or 11.31% of that total. The General Government approved FY2011 operating budget has decreased $359,630 or 8.17% over the approved FY10 budget primarily due to the implementation of a reduction-in-force coupled with additional operating budget cuts.

General Government Expenditures

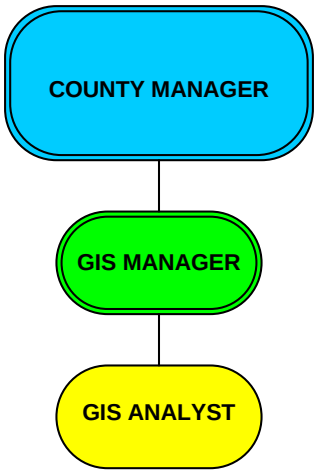

Geographic Information Systems

MISSION & GOALS:

To provide and support GIS technology in an effective, intelligible and timely manner that meets the needs of all county departments, agencies and cities within the county and enables them to better serve the citizens and property owners of Jackson County.

NUMBER OF APPROVED POSITIONS: Two full-time

OBJECTIVES:

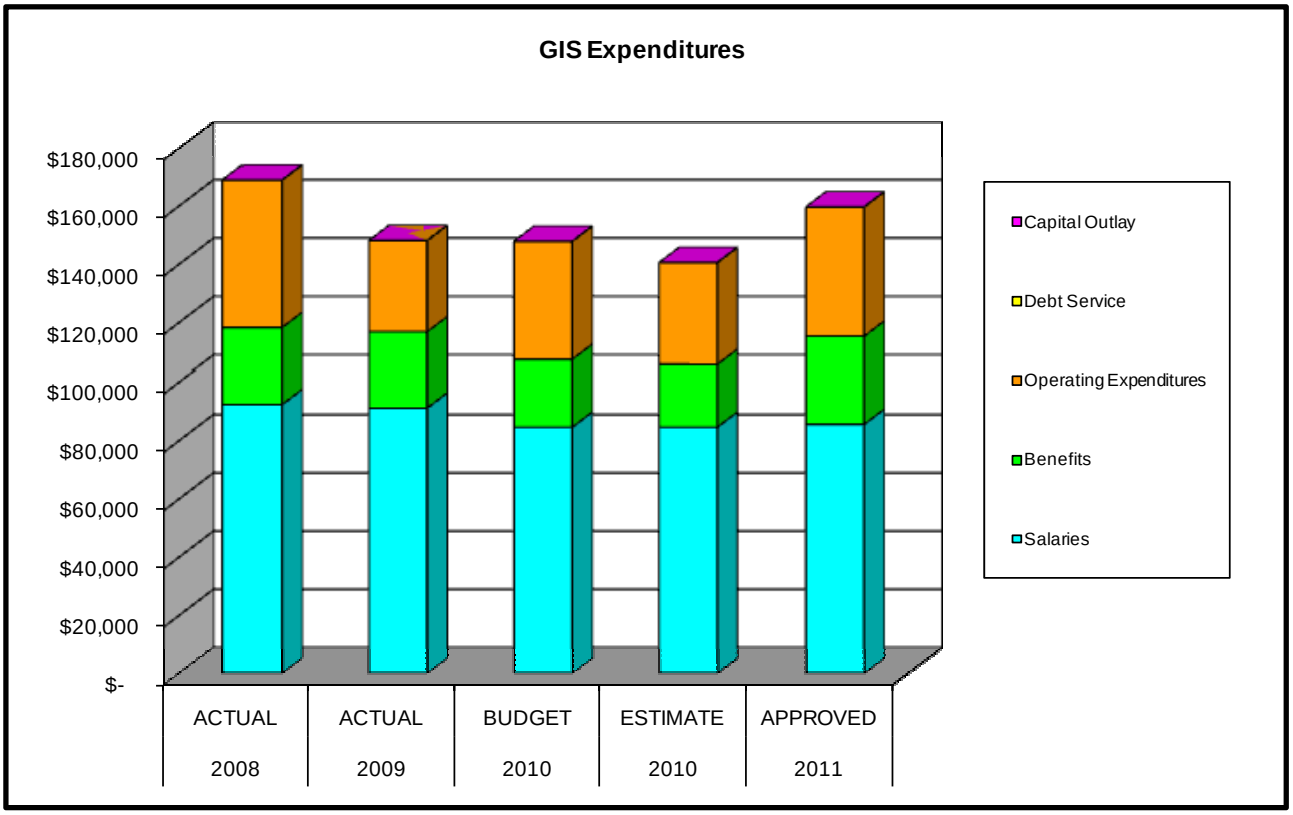

- Continue to support, expand, and update online interactive GIS on internet.
- Continue to support 911 operations with timely data.
- Keep zoning & FLU data current at all times.
- Keep municipal boundaries current at all times.
- Collaborate with municipalities and other government agencies to promote data unity and avoid duplication of work.
- Arm public safety with GIS data in the field.
- Promote economic development activity within Jackson County.
- Assist county projects as much as possible as to reduce costs on outside consultants and engineering.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- In late 2010 and early 2011 we are deploying more GIS services to the public through the internet. As such, additional software is needed ($6,000) as we transition into a different networking environment for our data storage.
- Flood maps were redone and went into effect in 2010 thru the FEMA map modernization program. If HB169 is passed by the Georgia State Legislature in 2011, it could cost us as much as $10,000 in postage to notify anyone who has flood elevations changed on their property.
- The county has changed, expanded, and opened several new facilities since our imagery was flown. We need to re-fly some of the critical county facilities. GIS would like to use professional fees to re-fly some of the critical area (jail, transfer station, airport).

PERFORMANCE MEASURES:

	2007 Actual	2008 Actual	2009 Actual	2010 Estimate	2011 Forecast
County employees able to use GIS software/system (QPUBLIC)	3	34	100%	100%	100%
City Employers able to use GIS software/system (QPUBLIC)	0	10	100%	100%	100%
School system employees able to use GIS software (QPUBLIC)	0	12	100%	100%	100%
Number of online applications/maps	n/a	n/a	1	1	3

APPROVED 2011 DEPARTMENTAL BUDGET

	2007 ACTUAL	2008 ACTUAL	2009 ACTUAL	2010 BUDGET	2010 ESTIMATE	2011 APPROVED	DIFFERENCE 2011-2010	PERCENT CHANGE
OBJECT OF EXPENDITURE

Geographic Information Systems	$ 118,401	$ 168,950	$ 148,184	$ 147,930	$ 140,616	$ 159,731	$ 11,801	7.98%

ADDITIONAL STAFF REQUESTED: NONE.

CAPITAL REQUESTS:

- ArcEditor software for GIS Analyst for new database, $6,000.
- Pictometry re-fly for county campus areas/tiles that have recently undergone major changes, $11,000.

GIS FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

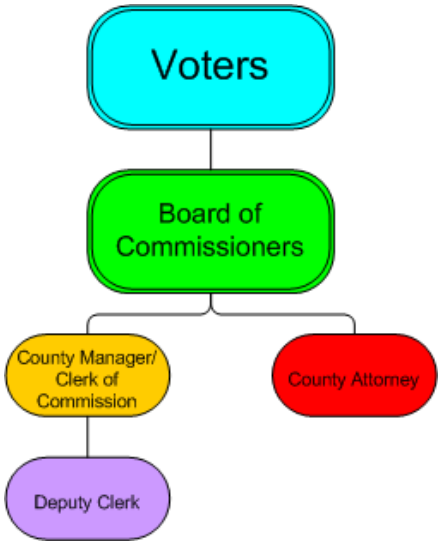

- Increase of 1.13% or $958 in salaries primarily due to:
  - Funding for intern position in the amount of $2,000.
- Increase of 30.42% or $6,939 in benefits primarily due to:
  - Reinstatement of base-match retirement contributions.
- Increase of 9.66% or $3,903 in operating expenditures primarily due to:
  - $6,000 increase in capitalized software..
  - 64.29% or $4,500 decrease in operating supplies.
- Total increase of 7.98% or $11,801.

BOARD OF COMMISSIONERS-GOVERNING BODY

MISSION AND GOALS:

The County Board of Commissioners serves as the governing body of the Government of Jackson County. The Commission is elected to establish policy through the adoption of Ordinances and Resolutions, and is responsible for placing in effect the powers conferred by the Charter that created the Government of Jackson County; and for the promotion and protection of the safety, health, peace, security, and general welfare through ordinances, resolutions, rules, and regulations. The Commission has the power to levy taxes and adopt budgets. It is the responsibility of the Commission to give thoughtful consideration to proposals and opportunities for the community, create and support programs and initiatives that will benefit Jackson County in the future, oversee the appropriation and use of public funds, and ensure the cost efficient and effective delivery of quality services to every citizen and entity in a fair and equitable manner.

NUMBER OF APPROVED POSITIONS: One full-time and five elected part-time commissioners.

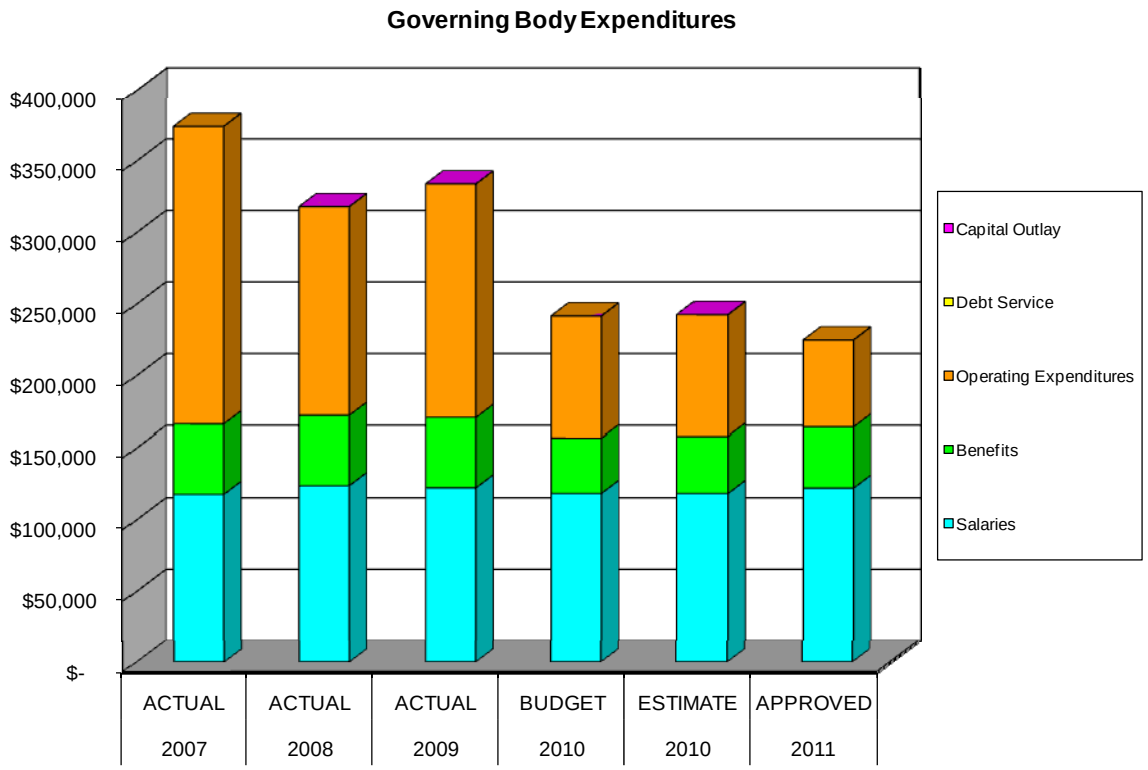

CLERK OF COMMISSION

The Clerk of the Commission directs the activities necessary to prepare for Commission meetings and dispenses information regarding the decisions and actions of the Commission.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- There is an increasing deterioration of county facilities and a need for long-range planning.
- Balancing the needs of government departments to provide services with the shortage of revenue continues to be a mjor challenge for FY 2011.

PERFORMANCE MEASURES: N/A

GOVERNING BODY FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- Increase of 3.09% or $3,671 in salaries primarily due to:
  - Increase in salaries due to Commissioner Certifications.
- Increase of 10.02% or $3,844 in benefits primarily due to:
  - Reinstatement of base-match retirement contributions increase of 93.22% or 5,005.
  - Added family health insurance coverage by some Commissioners for increase of 22.99% or $5,105.
- Decrease of 28.68% or $24,336 in operating expenditures primarily due to:
  - 90.40% or $22,600 decrease in other professional fees for any miscellaneous contracted services.
- Total decrease of 6.95% or $16,821.

ADDITIONAL STAFF REQUESTED: **NONE.** ***CAPITAL REQUESTS:*** **NONE.**

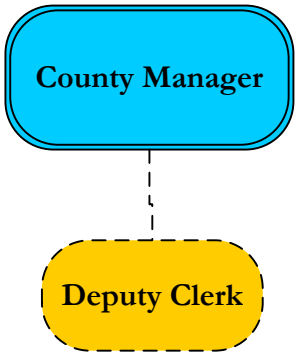

COUNTY MANAGER

MISSION AND GOALS:

The office of the Manager is responsible for the implementation of all policies, programs, contracts, ordinances and resolutions as approved and directed by the Board of Commissioners. This office performs the administrative functions of the government, which support the activities of the Commission. The authority and responsibility of the Manager are dictated by the enabling legislation that created the "County Manager" form of government.

It is the responsibility of the County Manager to manage the daily operations of the county, create an open environment for the citizens, support elected officials in accomplishing their goals and objectives, provide oversight and leadership for all departments, and help all departments be effective and efficient in their delivery of services.

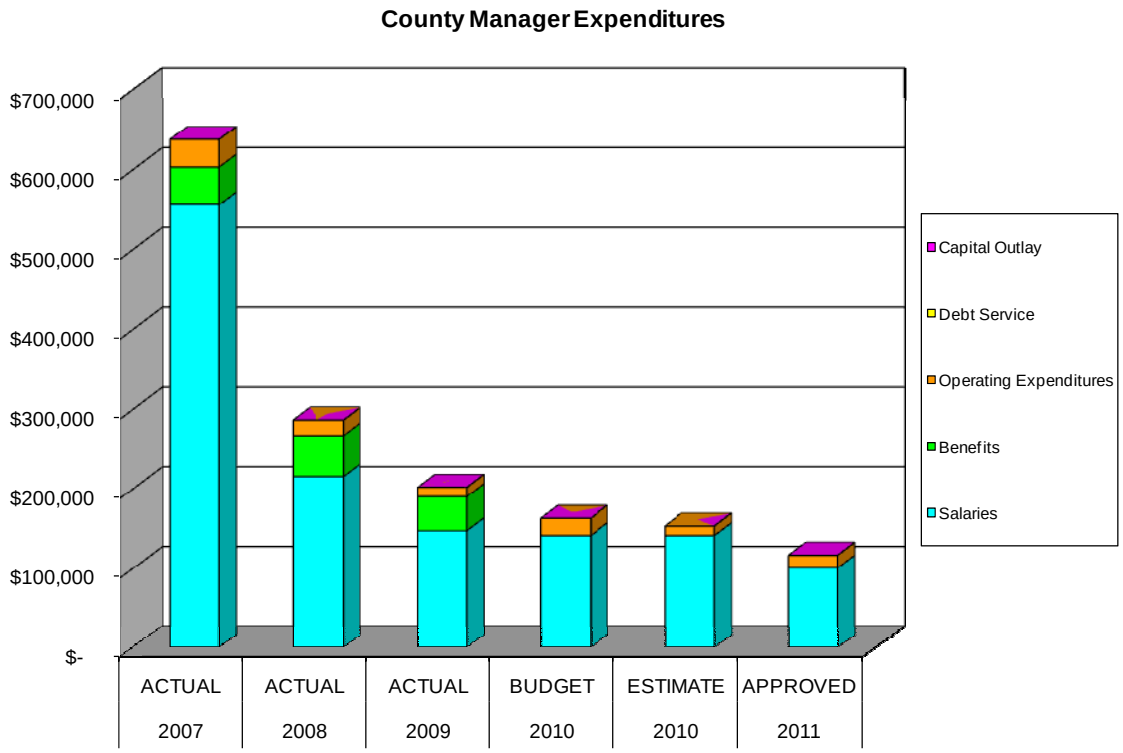

NUMBER OF APPROVED POSITIONS: One full-time and Deputy Clerk reporting to Manager and BOC.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- There is an increase in deterioration of county facilities and a need for long-range planning.
- There is a need for strategic planning for growth and organizational development even during times of fiscal austerity.
- Conduct annual department head retreat for organizational development and performance management.
- Conduct daily duties without the aid of an executive assistant lost during the reduction-in-force.

PERFORMANCE MEASURES: N/A

COUNTY MANAGER FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- Decrease of 28.58% or $40,537 in salaries primarily due to:
  - Reduction-in-force of one employee.
- Slight increase 0.28% or $94 in benefits primarily due to:
  - Reinstatement of base-match retirement contributions.
  - Decrease of 25.22% or $5,510 in health insurance due to reduction-in-force.
- Decrease in operating expenditures of 26.33% or $5,675 primarily due to:
  - $2,500 decrease in other professional fees for miscellaneous contracting needs.
  - $1,500 decrease in general operating supplies.
- Total decrease of 23.47% or $46,119.

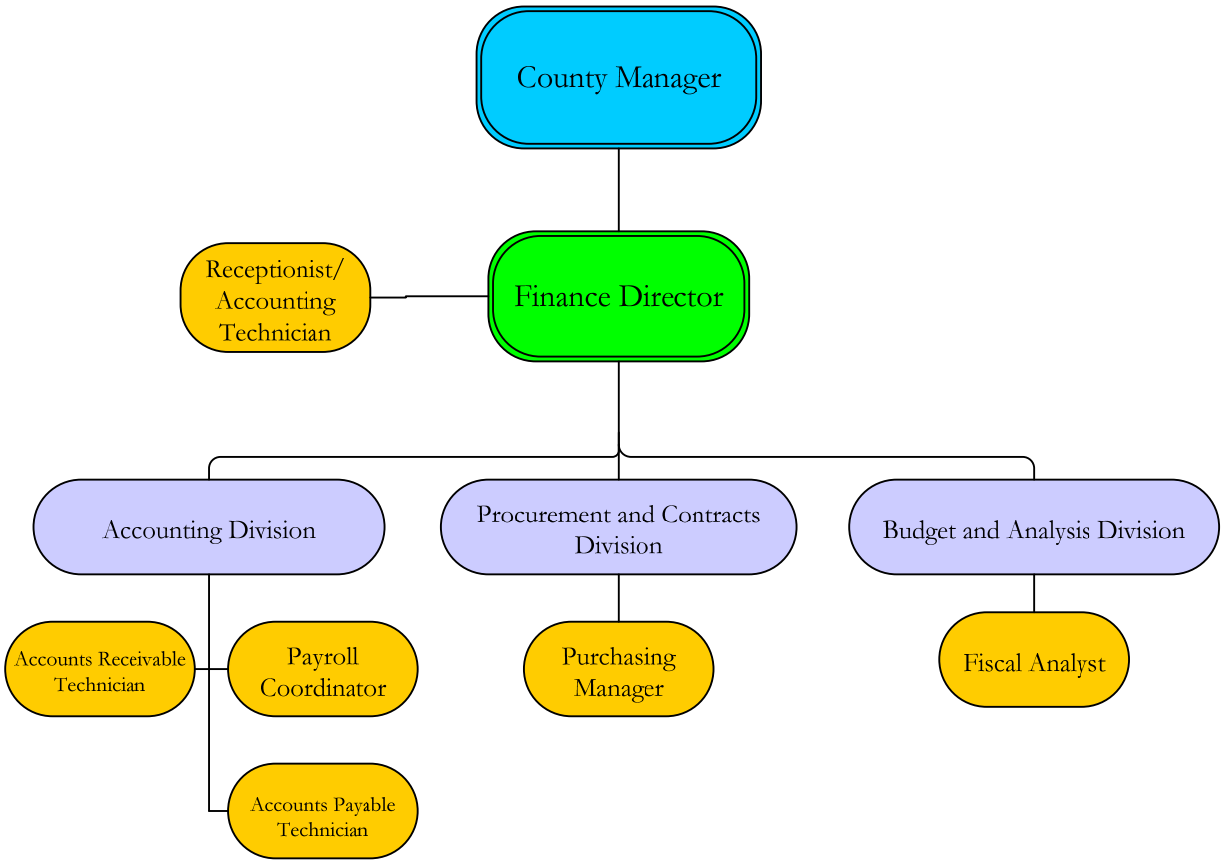

ADDITIONAL STAFF REQUESTED: **NONE.** ***CAPITAL REQUESTS:*** **NONE.**

FINANCIAL ADMINISTRATION

MISSION AND GOALS:

The department of Financial Administration is responsible for financial management systems that ensure delivery of efficient and effective services responsive to the needs of the citizens in accordance with the best-recognized principles of governmental finance. This department maintains systems of accounting for the government in regards to funds received and disbursements made to meet management goals and objectives and other required needs. Coordination of the budget preparation process in a manner that will allow for the timely adoption of the government's budget is a function of this department.

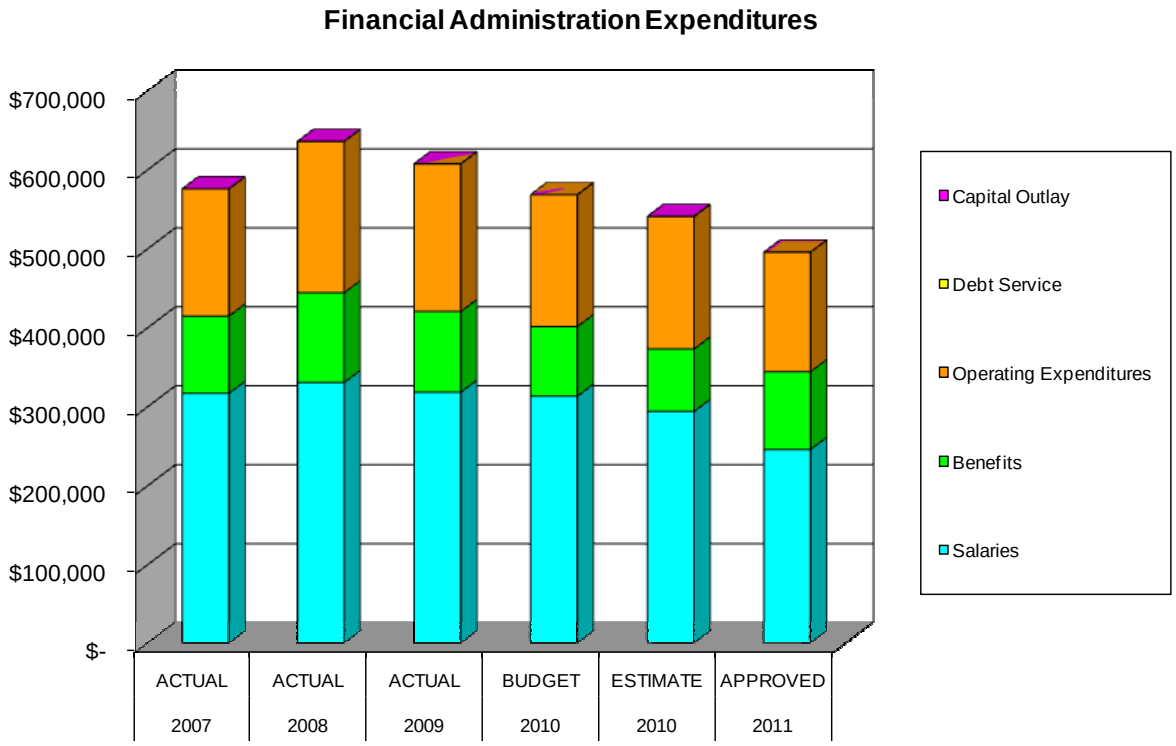

NUMBER OF APPROVED POSITIONS: Six full-time.

PERFORMANCE MEASURES: N/A

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

The finance department has lost three positions due to a hiring freeze and reduction-in-force over the last two years while the workload has increased greatly during this time period. Ensuring all work gets completed without using overtime by hourly personnel will continue to challenge staff in 2011.

HISTORICAL INFORMATION AND APPROVED 2011 DEPARTMENTAL BUDGET

	2007 ACTUAL	2008 ACTUAL	2009 ACTUAL	2010 BUDGET	2010 ESTIMATE	2011 APPROVED	DIFFERENCE 2011-2010	PERCENT CHANGE

FINANCIAL ADMINISTRATION FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 21.49% or $67,412 decrease in salaries primarily due to:
  - Reduction-in force/staff restructuring worth a total loss of 2.5 positions for FY 2011.
- 11.93% or $10,514 increase in benefits primarily due to:
  - Increases of 386.1% or $17,0237 in retirement contribution.
  - Decrease of 6.47% or $3,801 in health insurance.
- While some individual line items have increased, overall, operating expenditures have decreased 9.51% or $15,890 primarily due to:

- $5,296 decrease in other professional fees primarily associated with Kronos, the County's payroll system.
- $10,000 decrease in auditing fees.

- Total decrease of 12.80% or $72,788.

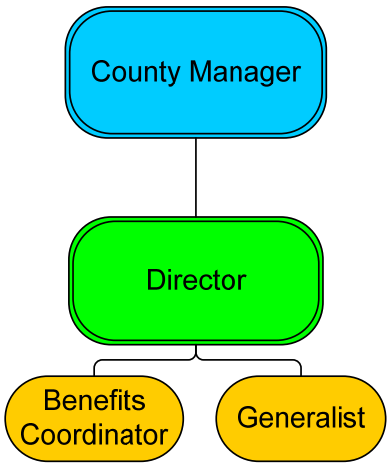

***ADDITIONAL STAFF REQUESTED*: NONE.**

HUMAN RESOURCES

MISSION AND GOALS:

The Human Resources Department provides quality services and support in employment, training, employee relations, benefits, compensation and safety beyond the expectations of all employees enabling them to better serve our external customers.

- Make quality a part of the way we work.
- Improve the efficiency and effectiveness of Human Resources at all levels.
- Help make Jackson County a great place to work both professionally and personally.
- Establish, administer and effectively communicate sound policies and procedures.
- Maintain a competitive salary and benefit package.
- Provide training and development for the care enhancement of our workforce.
- Assist departments in the recruitment of the best qualified people.

NUMBER OF APPROVED POSITIONS:

Three full-time.

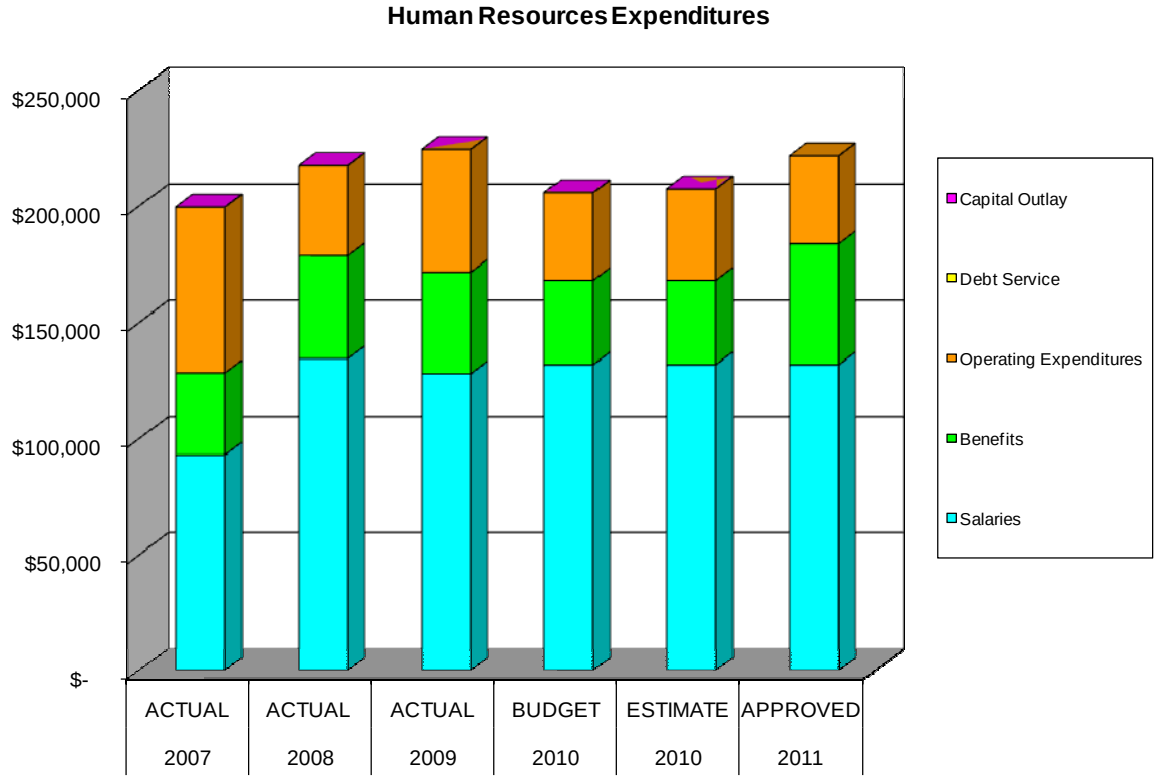

OBJECTIVES:

- Provide more retirement education to employees to increase participation.
- Provide more training regarding employee relations to supervisory staff to curb potential adverse actions resulting in potential liabilities.
- Revision of policies and procedures to address issues found during review process for compliance, consistency and applicability.
- Expand safety and wellness program to support employees' well-being which could potentially lead to reduced insurance cost.
- Provide additional education to employees regarding all county sponsored benefit plans.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- HR activity that could impact other departments' budgets: Random drug screens could significantly increase and have an impact on other departments' budgets, as these drug screens are charged back to each department. As more random drug screens of public safety and safety-sensitive employees are done, this will result in increases in "other professional fees" for the HR department.

PERFORMANCE MEASURES: N/A

INFORMATION TECHNOLOGY

MISSIONS AND GOALS:

In partnership with other Jackson County departments, the mission of the Information Technology Department is to provide the highest quality technological services to our departments, users, and citizens through thoughtful planning, fiscal responsibility, accessibility, and exemplary client services, resulting in an organization which continuously improves its methodologies to better serve the departments which in turn, will enable them to better serve the county residents.

NUMBER OF APPROVED POSITIONS: Four full-time.

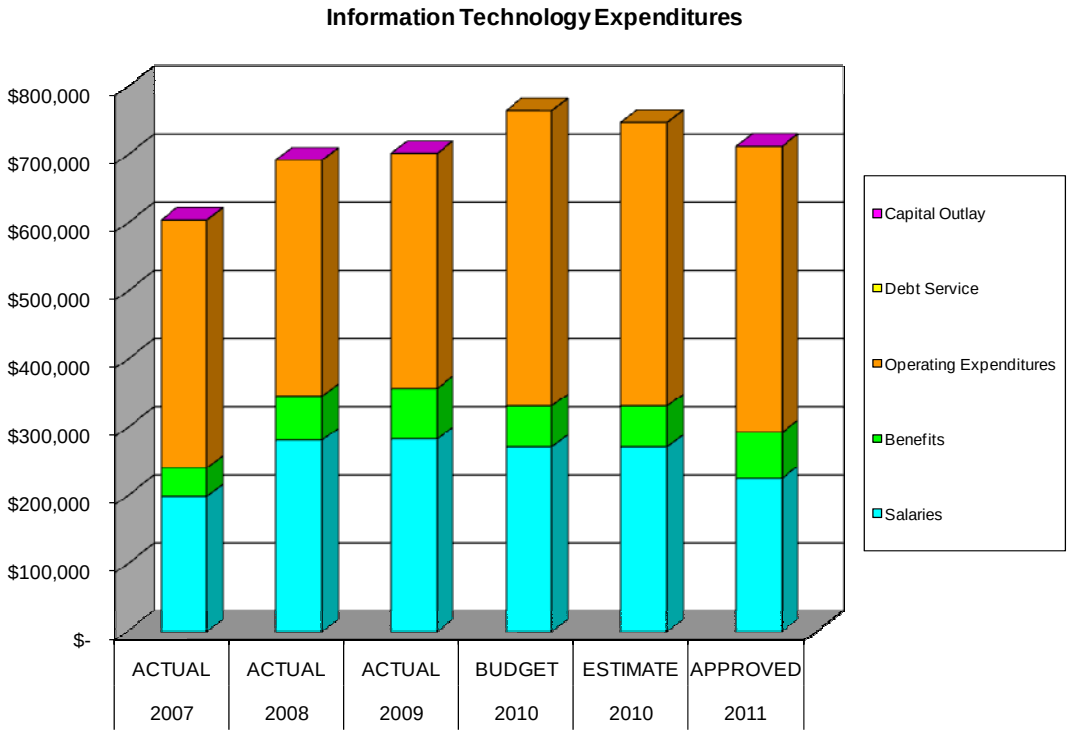

OBJECTIVES:

- Establish clear, achievable objectives that positively contribute to the organization's strategic business plan.
- Facilitate an open, honest and constructive environment for communicating ideas, opinions and alternatives that support our customer's business goals.
- Assume appropriate risks and make informed decisions, accepting responsibility for decisions, actions and results.
- Develop quality, cost effective solutions that are appropriate to the client's business needs.

PERFORMANCE MEASURES: NONE

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- Additional staffing needed to maintain our high quality of service and support that all county departments depend upon heavily for daily operations. However, staffing was cut in the fourth quarter of 2010 increasing the workload burden on current staff.
- Additional funding needed for maintenance contracts due to the opening of several new facilities that IT has started providing data and communication networks to, thereby, increasing the scope of equipment and software maintenance contract liability.
- Additional funding to replace core network switches and routing equipment throughout the county. Many of these components are scheduled to be phased out with newer models and repair service will be unavailable from Cisco.

INFORMATION TECHNOLOGY FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- Decrease of 17.05% or $46,405 in salaries primarily due to:
  - Reduction-in-force of one employee.
- Increase of 13.55% or $8,119 in benefits primarily due to:
  - Reinstatement of base-match retirement contributions in the amount of $15,256.
  - Decrease of 10.78% or $4,033 in health insurance costs.
- Decrease of 3.23% or $14,000 in operating expenditures primarily due to:
  - $10,000 decrease in Local Area Network Infrastructure.
  - $12,000 decrease in Maintenance Contracts.
  - $12,000 increase in LAN/WAN Connectivity.
- Total decrease of 6.83% or $52,286.

ADDITIONAL STAFF REQUESTED: **NONE**

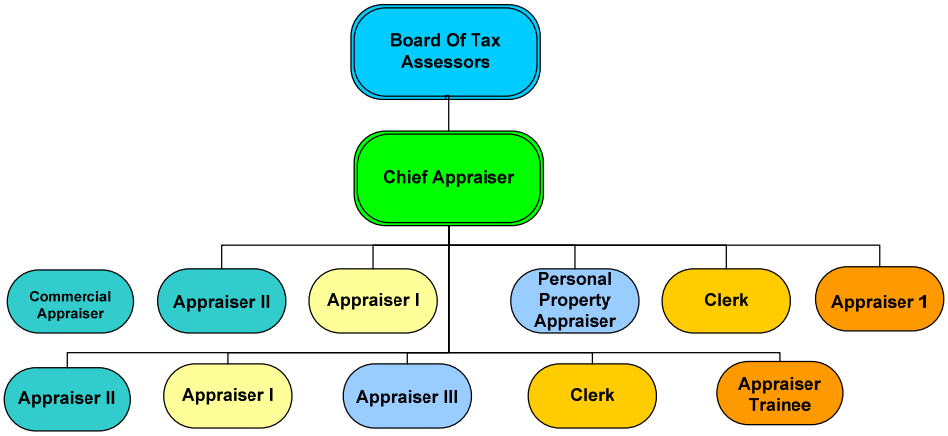

CAPITAL REQUESTS: Core network switches and routing equipment. Amount to be determined depending on equipment review. This can be broken into multiple budget years.

PROPERTY APPRAISAL

MISSIONS AND GOALS:

The Jackson County Property Appraisal Department appraises all property in Jackson County at its fair market value in order to complete the Jackson County Property Tax Digest.

NUMBER OF APPROVED POSITIONS: 11 full-time and three part-time Board of Assessors.

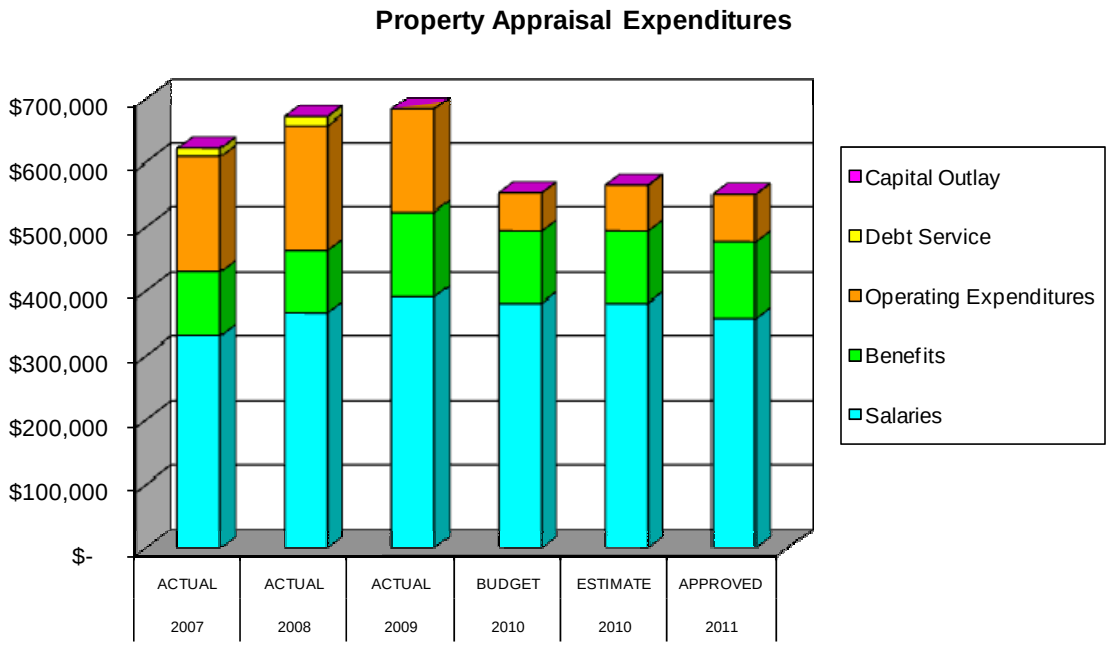

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- Perceptions of property values in today's economy and the department's role on the tax process, which prompted a change in the department's title from Tax Assessor to Property Appraisal.
- The impact to the digest from the passage of Senate Bill 233 placing a moratorium on personal property taxes

TAX ASSESSOR FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 6.30% or $24,025 decrease in salaries primarily due to:
  - Reduction-in-force of one employee.
- 5.88% or $6,597 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions increase in the amount of $16,623.
  - Decrease of 6.69% or $4,291 in health insurance.
- 26.17% or $15,353 increase in operating expenditures primarily due to:
  - Addition of $14,168 for other professional fees for the business personal property verification audit contract.
- Total decrease of 0.38% or $2,075.

ADDITIONAL STAFF REQUESTED: NONE

CAPITAL REQUESTS: NONE

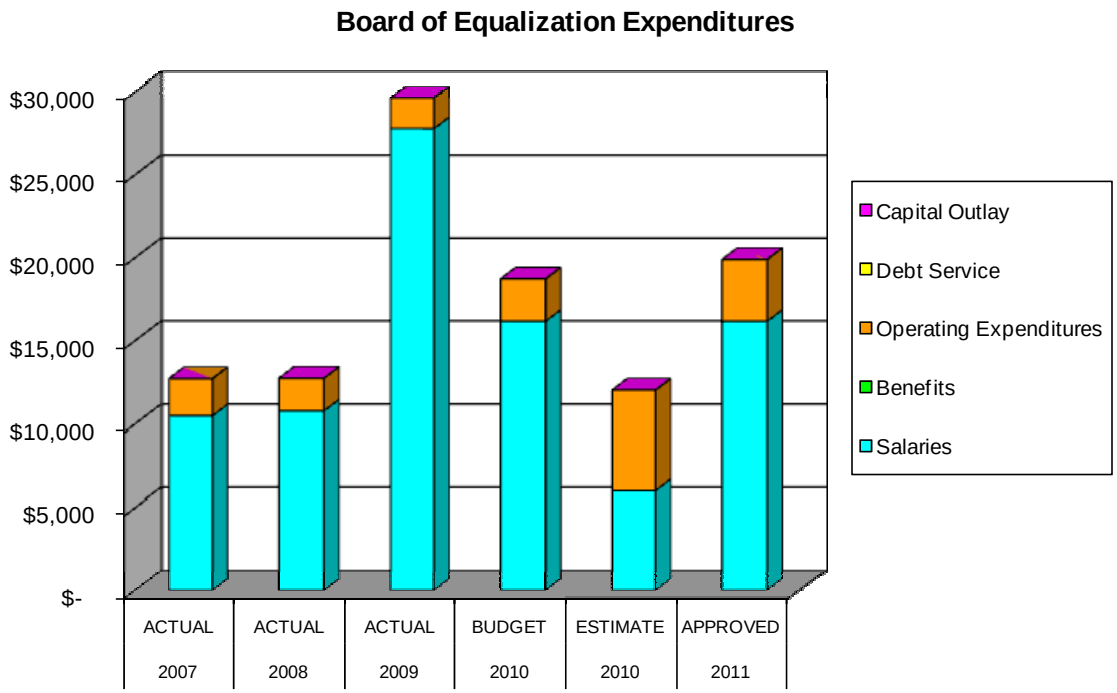

BOARD OF TAX EQUALIZATION

MISSIONS AND GOALS:

This department was created to account for the salaries paid to individuals who act as arbitrators between the Property Appraiser and citizens who have appealed their property tax assessments.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11: Large volume of appeals could again face the Board in 2011.

***PERFORMANCE MEASURES*: NONE**

HISTORICAL INFORMATION AND APPROVED 2011 DEPARTMENTAL BUDGET

	2007 ACTUAL	2008 ACTUAL	2009 ACTUAL	2010 BUDGET	2010 ESTIMATE	2011 APPROVED	DIFFERENCE 2011-2010	PERCENT CHANGE
OBJECT OF EXPENDITURE

BOARD OF TAX EQUALIZATION FY11 BUDGET HIGHLIGHTS:

The County passed a resolution allowing the Board of Equalization to deal with a major increase in appeals by adding a second Board of Equalization or appointing additional members thereby increasing operating costs.

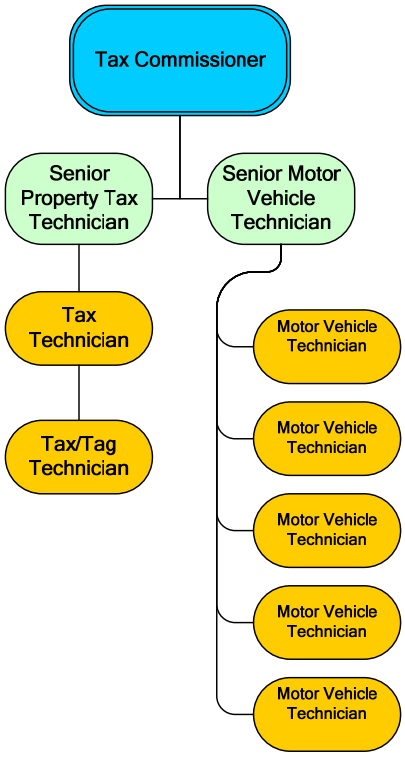

TAX COMMISSIONER

MISSION:

The Tax Commissioner's office annually prepares the state digest and calculates property tax bills. Also, this office collects ad valorem tax for real, personal, mobile homes and vehicles. Staff is dedicated to the highest ideals of honesty and integrity in all public and personal relationships with the Citizens of Jackson County. Staff also assists law enforcement in identifying vehicle ownership.

NUMBER OF APPROVED POSITIONS:

One elected official with seven full-time employees and one part-time employee.

GOALS:

- Follow all laws and legal requirements for the collection, accountability, and disbursement of all taxes and other fees collected.
- Exceed a 97% collection rate.
- Have a forty-eight hour turnaround on tag renewals.
- Process walk-in customers in a timely manner.
- Overall goal is to show that everybody is somebody and treat all citizens fairly and equally in an effective and accountable manner.
- Continue to receive current training and law change up-dates.
- Annually levy and have tax sales on delinquent property taxes.
- Educate taxpayers of law changes by public notices in the local paper.
- Continue to show professionalism from all personnel.

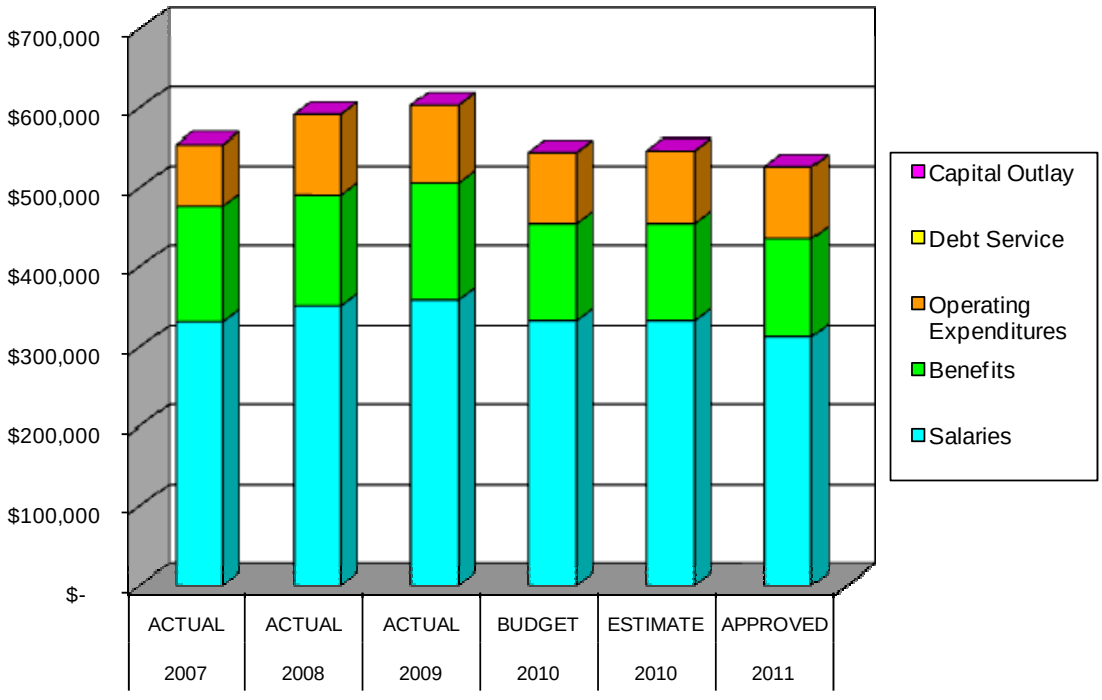

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- The increase in the number of motor vehicle tags processed will result in an increase in operating cost as a result of additional property tax bills being printed and mailed.

PERFORMANCE MEASURES:

TAX COMMISSIONER FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 6.01% or $20,028 decrease in salaries primarily due to:
  - Reduction-in-force of two employees.
- 0.95% or $1,147 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions of $1,170 over FY10.
  - Decreases to Medicare and FICA as it relates to the reduction-in-force.
- 0.95% or $858 increase in operating expenditures primarily due to:
  - 23.33% or $7,000 increase in other professional fees for cost of tag renewal mailing service, etc.
  - 25.93% or $3,500 decrease in postage.
  - 23.56% or $2,389 decrease in operating leases.
- Total decrease of 3.31% or $18,023.

BOARD OF VOTER REGISTRARS

MISSION:

The Board of Voter Registrars affords people the right to vote, enhances public awareness on voter registration, provides voter photo identification, maintains accurate county and municipal elector's lists, provides elector's list to the public when requested, conducts all absentee, advanced, and in house voting, insures that absentee voting is in compliance with ADA regulations, direc`1ts and assists municipals before and during elections, and affirms current county and municipal lines for school, commissioners, house, senate and congressional, as well as street maintenance and indexing for county and municipalities.

NUMBER OF APPROVED POSITIONS:

Two full-time, one part-time, one seasonal, and a three member Board of Registrars.

GOALS:

- Afford each person the opportunity to register to vote.
- Maintain an accurate list of electors for county and municipal elections.
- Provide an accurate master list of voters for public inspection.
- Provide voter lists/disks for Federal, State and County candidates
- Maintain accurate files on felony, deceased, moved or deleted voters.
- Conduct all absentee voting or in person, 45 days prior to each election.
- Offer advanced/satellite voting one week prior to elections.
- Assist and guide each municipality before and during elections.
- Schedule monthly State mandated board meetings.
- Codify reports received from other counties and states.
- Affirm current district lines for county school boards, county commissioner districts, Senate and House lines and current divisions in municipalities' wards and boards.
- Provide photo I.D. to voters.
- Ensure that the absentee precincts are in compliance with all ADA regulations, The Americans with Disabilities Act, for elderly and disabled voters.

VOTER REGISTRATION:

- Register voters.
- Provide the public, candidates, city clerks, and news media with voter information.
- Provide absentee ballots and DRE, 45 days prior to elections.
- Comply with HAVA guidelines, Help America Vote Act, by providing one week of Advanced Voting prior to each election; comply with UOCAVA for the purpose of overseas military and U.S. citizens voting; comply with House Bill 244 for absentee voting by mail; comply with HB84 to provide voters with picture ID for voting purposes only.
- Work with and supply voter information and applications to those conducting voter registration drives.
- Afford high school students the opportunity to register to vote in a timely manner by annual training and deputizing of the high school principals in registration of their students.
- Work with and deputize satellite personnel for off-site voting.

OBJECTIVES:

- Maintain an accurate list of active and inactive voters.
- Maintain DRE, Direct Recording Electronic Voting Unit, machines during and after elections.
- Speak to and work with civic groups and high schools throughout the year.
- Enhance the public's awareness on voter registration by utilizing the local paper, radio stations and voter registration drives.
- Heighten the public's awareness that a voter may request an absentee ballot by mail without stating a reason or vote in person without providing a reason; improve the public's knowledge on the benefits of the Advanced-voting week prior to each election; educate the public on using satellite points for voting purposes.
- Add enough personnel to accurately and efficiently provide voters with the knowledge of proper absentee voting procedures and the ability to vote absentee in a timely manner; to divide workloads in order to operate in a more efficient manner.
- Purchase four DRE machines to ensure that all absentee locations are sufficiently equipped for voting.
- Ensure proper credit for voting is given for municipal elections.
- Maintain correct street maintenance and street indexing for all voting precincts, wards, commissioner and congressional lines for voting purposes.
- Scan and input all data from voter applications into LaserFiche, making voter application signatures easier to verify and help to expedite all paper ballot requests in a more efficient manner.
- Comply with the Secretary of State and U.S. Justice Department on laws and guidelines pertaining to the day-to-day operations of this office.
- Provide voter information on any changes in precincts, district lines or polling locations by issuing new voter cards.
- To provide voters with photo I.D.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

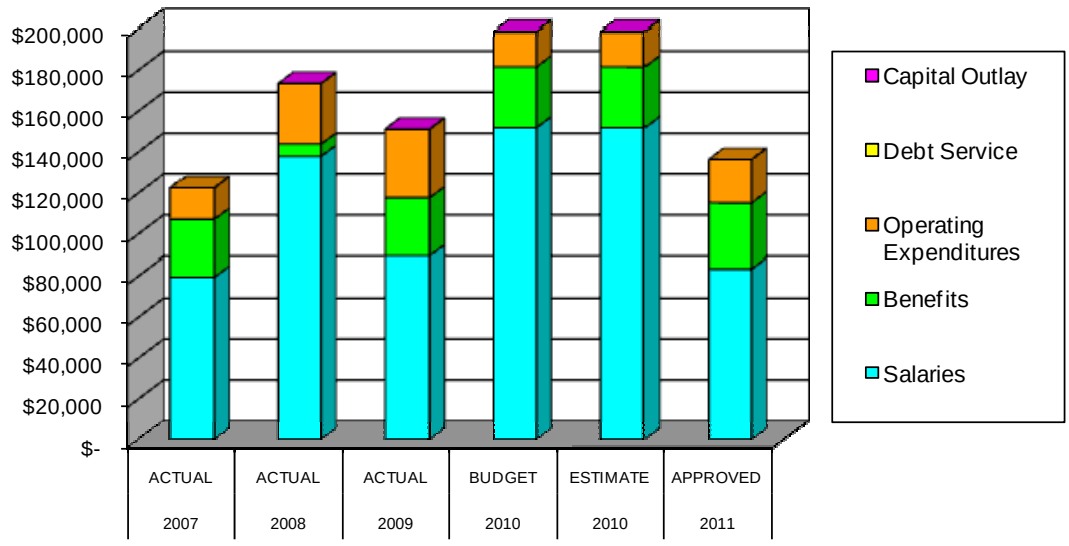

The U.S. Census was taken in 2010; therefore the Voter Registration office will be facing major changes due to reapportionment in 2011. During this last census of 2000, the maps for our county were changed five times. Any time a change is made to the voter, it is a mandated law that voters are sent new voter ID cards reflecting these changes. There will be long hours required to complete these changes with a very small time-frame to accomplish this. There is no way to accurately predict the long-range effects reapportionment will have on our office in overtime nor the monetary cost for mailings in 2011.

VOTER REGISTRATION FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 44.99% or $68,422 decrease in salaries due to:
  - 62.11% or $24,591 decrease in part-time salaries.
  - Elimination of overtime in the amount of $3,331.
  - Elimination of Poll Workers salaries in the amount of $40,500 due to no 2011 county elections.
- 6.73% or $2,001 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions for an increase of $4,805.
  - Associated decreases with Medicare and FICA resulting from the decrease in part-time salaries and overtime.
- While some individual line items have decreased, overall a 26.04% or $4,369 increase in operating expenditures is due to:
  - 69.54% or $4,520 increase in postage due to postage based on actual usage and anticipated cost increases.
- Total decrease of 31.25% or $62,052.

ADDITIONAL STAFF REQUESTED:

- 18 seasonal poll workers to help with elections:
  - Poll Managers at $13/hour *(five of these people will work the entire 45 days, the others will work the advanced voting week only).*
  - Assistant Managers at $12/hour
  - Poll Workers @ $10/hour
- 3 office workers to help with absentee and office work:

CAPITAL REQUESTS: **NONE**

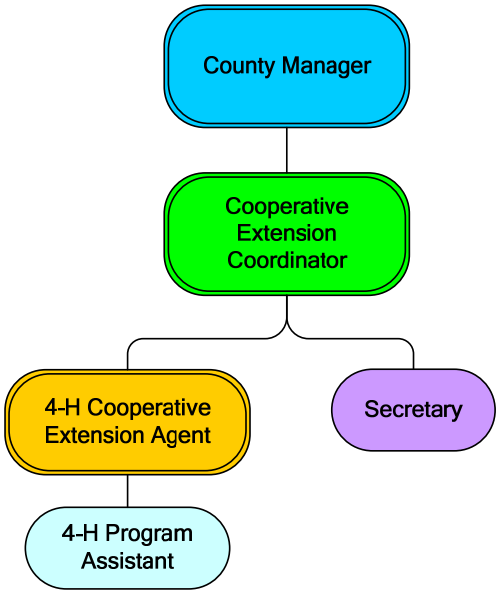

COOPERATIVE EXTENSION SERVICE

MISSION:

The Mission of UGA Cooperative Extension is to extend lifelong learning to the people of Georgia through unbiased research-based education in agriculture, the environment, communities, youth and families.

NUMBER OF APPROVED POSITIONS:

One full-time person paid by Jackson County and three part- time staff who receive a supplement from Jackson County who are on the payroll of the University of Georgia Cooperative Extension payroll.

GOALS:

Agriculture/Natural Resources Environment

- Provide educational courses and information to the farmers of Jackson County to increase the profitability and sustainability of their agricultural enterprises.
- Provide horticultural information and programs to the general public to enhance their homes, environment, and quality of life.
- Provide information and assistance to farmers and the general public as it relates to improving waste management and water quality in Jackson County.
- Provide information to homeowners and farmers on strategies to deal with the drought and water restrictions.

4-H /Youth

- Increase participation in District Project Achievement (DPA) and other district and state competitions by 10%.
- Increase middle school age participation in all 4-H activities.
- Increase visibility of 4-H Program in community.
- Increase volunteer leadership in all areas of 4-H.

Families/Nutrition/Home Economics

- Provide consumer information by answering consumer questions and concerns as it relates to nutrition and families.
- Work with Family Connections to address the needs of the families.

OBJECTIVES:

Agriculture/Natural Resources/Environment

- Prepare an educational program for cattle, horse and forage producers to help them improve their profitability and sustainability.
- Prepare an educational emphasis to help homeowners plant and care for annuals, perennials and woody ornamentals in addition to maintaining their home landscape.
- Provide educational information to homeowners to help insure quality drinking water from private water systems (wells), as well as other environmental related issues.

4-H/Youth

- Increase teacher participation in preparing 4-H'ers for District Project Achievement (DPA) and establish a schedule for 4-H'ers to get help with DPA demonstrations at their schools, as well as at the County Extension Office.
- Acknowledge achievements of 4-H program through news articles, newsletters, civic club presentations, and community service projects.
- Establish an in-school club time at all middle and high schools in the county, including Jefferson City and Commerce City Schools.
- Increase participation of Junior and Senior 4-H'ers in district and state leadership recognition opportunities.

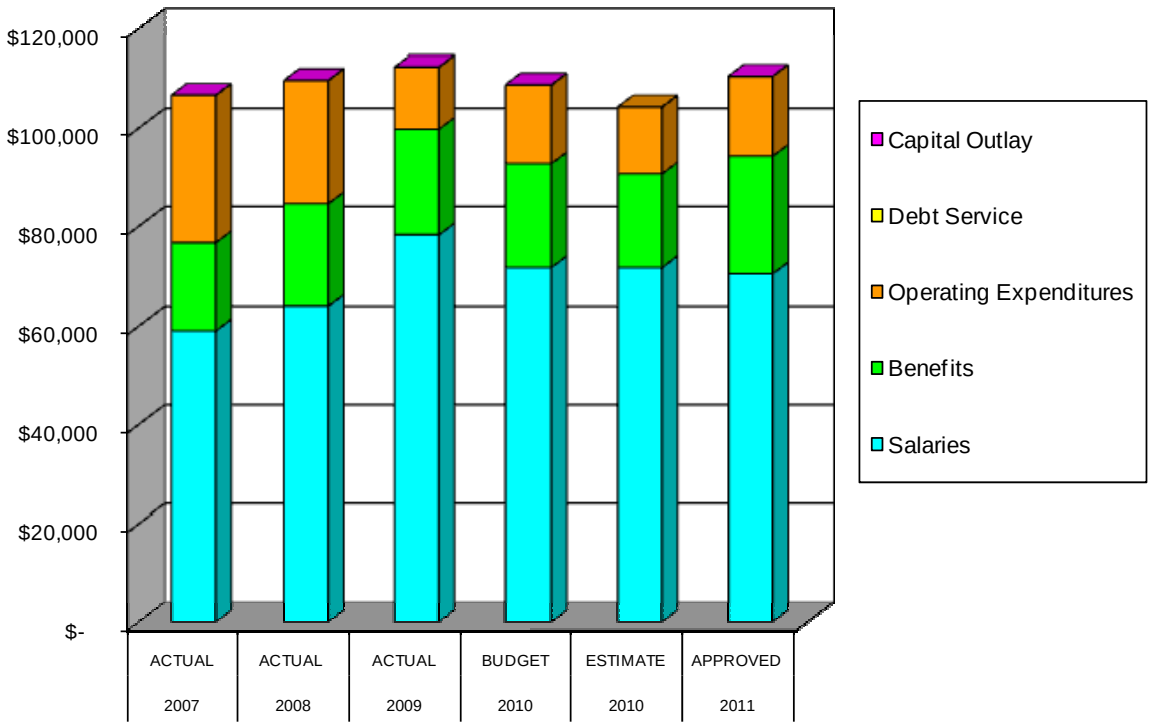

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- The increasing population and number of schools could increase the need for staff to carry-out programs in schools.
- With the growing population of residents without an agricultural background, there is a need for agricultural awareness and its impact on the local economy.
- Increased restrictions on outdoor watering have caused problems with the horticultural industry and homeowners as well.
- Increased environmental regulations relating to water quality and waste management puts increasing pressure on local farmers to keep their operations profitable.

COOPERATIVE EXTENSION FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 1.76% or $1,259 decrease in salaries primarily due to:
  - Change in personnel within the department resulting in slightly lower part-time salaries costs.
- 13.22% or $2,798 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions for an increase of $2,402.
- 1.40% or $224 increase in operating expenditures primarily due to:
  - 34.84% or $1,020 increase in operating leases.
  - 19.23% or $500 decrease in general operating supplies.
  - 60% or $300 decrease in repairs to other equipment.
- Total increase of 1.62% or $1,763.

ADDITIONAL STAFF REQUESTED: **NONE.**

PURCHASING

MISSION:

The Purchasing Division of the Finance Department is to obtain maximum value, promote fair and open competition, while providing efficient and reliable service to the departments within Jackson County Government. The division's responsibilities include purchasing products, contracting for services and construction, managing all contracts for services and construction, managing office equipment leases/maintenance, assisting with the management of County assets, coordinate the disposal of surplus equipment, and coordinating telephone, cellular phone and pager services for the county. The Purchasing Division is also assigned the additional duty of being the County's property and liability risk manager. As such, the Jackson County ACCG-IRMA and Airport policies and the E<S VFIS policy are managed by this division.

NUMBER OF APPROVED POSITIONS: One full-time.

GOALS:

- Manage the procurement process in order to acquire quality supplies and services at the lowest responsible price; provide timely and effective logistical support to ensure that the requirements of the County enhance the services to the community; provide potential suppliers with equal consideration of their products and services; instill public confidence that contracts are awarded in an equitable and economical manner.
- Provide courteous and dedicated assistance to all internal and external customers.
- Manage the Property and Liability Insurance policies to effectively work with the Safety Committee to reduce accidents and protect county assets.
- Manage a surplus property program for the disposal of surplus property in a timely manner while maximizing return on surplus items.
- Manage the computerized purchasing system to reduce paperwork, expedite customer requirements, and promote better financial management of public funds.

OBJECTIVES:

- Continue to instruct all departments on the Purchasing and Procedures Manual approved by the Board of Commissioners in 2006.
- Continue the implementation of the Harris Departmental Purchasing Module in all departments.
- Review and renegotiate, as necessary, 100% of the contracts that come up for renewal during the Fiscal Year.
- Complete 90% of all formal bids and/or Request for Proposal (RFP) for an award.
- Sell surplus vehicles, equipment and obsolete repair parts on www.govdeals.com in order to recoup funds for the County.
- Assist the departments 100% of the time with problems and find solutions.

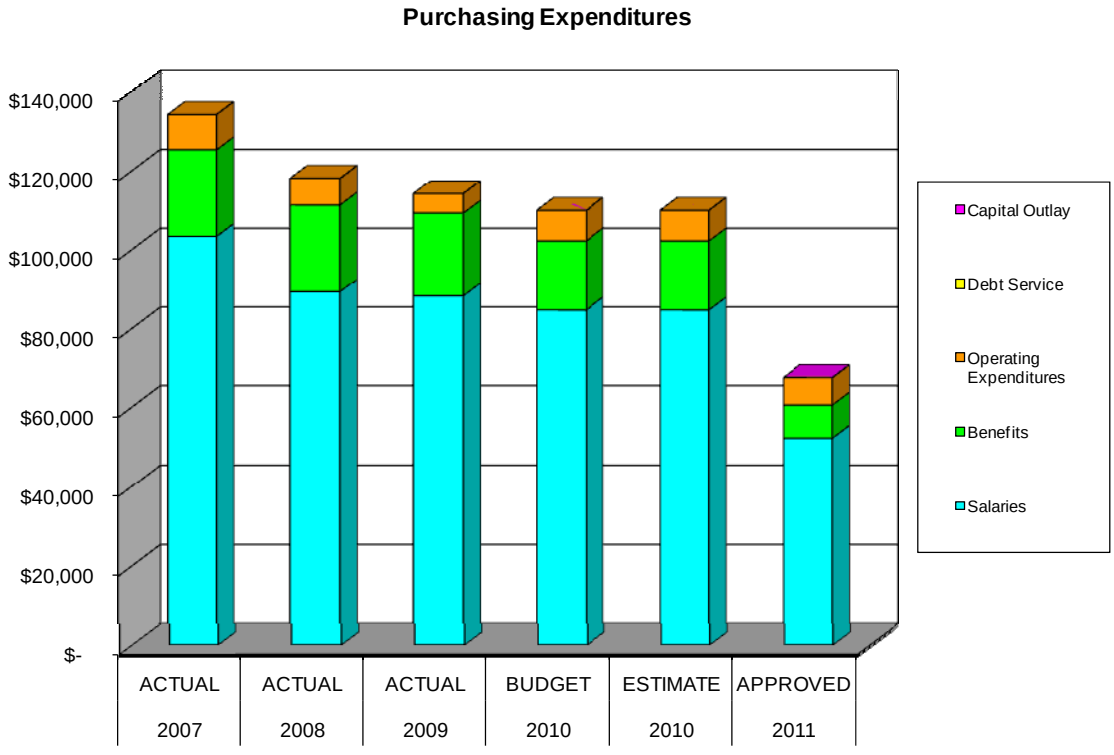

- Maintain the Purchasing information webpage and advertise bids on this page.
- Develop a professional procurement system which is adaptable and responsive to changing needs and conditions within the County and the marketplace.
- Continue Professional-level training to enhance the effectiveness of the Purchasing division.
- Renovate and market the Commerce Service Center to increase rental revenue.
- Reduce accidents by 10% to protect the personnel and assets of Jackson County.

SIGNIFICANT ISSUES FACING THIS DEPARTMENT IN FY10:

- Maximizing purchasing dollars to fund necessary operations.
- Marketing the Commerce Service Center if remodeled.
- Reducing operating costs across the board without sacrificing service.
- Impending inflation will greatly increase material/labor costs requiring the close scrutiny of expenditures to enable our limited funds to support the County's mission and operations.

Renovation of Commerce Center, estimated cost: $700,000. Increase rental revenues in this commercial space (38,000 sq. ft. of renovated space x $5.00/ sq. ft annually = $190,000).

CODE COMPLIANCE

MISSION & GOALS:

To protect and maintain public health, safety and enhance property value by enforcing adopted codes and ordinances on behalf of the Jackson County Board of Commissioners.

NUMBER OF APPROVED POSITIONS: One full time.

OBJECTIVES:

- To encourage voluntary compliance of codes and ordinances.
- To enhance the quality of life for all citizens.
- Assist in the collection of revenue from business licenses and mobile home tax collections.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

Due to rapid growth in the county, the Code Compliance workload for calls and services has increased dramatically. We started out with three employees, which serviced around 35,000 citizens. We now service around 63,500 citizens. This increase in population has added a burden on this office to provide the same quality service to our citizens with only one employee after the reduction-in-force.

BUILDINGS AND GROUNDS

MISSION:

Jackson County Buildings & Grounds is dedicated to providing a diverse range of efficient and high quality services which will insure uninterrupted facility utilization while providing an atmosphere of professionalism to all county employees and citizens.

NUMBER OF APPROVED POSITIONS:

Eight full time and one part time.

C/O – Correctional Officer
BS/O – Basic Security Officer

GOALS:

It is the goal of the Jackson County Buildings & Grounds Department to provide a quality maintenance program for all county buildings by providing several types of service, including preventative maintenance, normal repairs, emergency calls, special projects and community assistance.

OBJECTIVES:

- Provide work that is both cost effective and efficient.
- Complete 98% of all service requests on the same business day.
- Respond to all normal-hour emergency calls within 20 minutes.
- Respond to all after-hours emergency calls within 1 hour.
- Continuously improve preventative maintenance by increasing the number of on-site inspections.

- Recycle and utilize existing equipment and supplies whenever possible.
- Ensure all department heads are informed on a regular basis of the progress and cost of work performed.
- Ensure all Buildings & Grounds employees are properly educated, trained, and certified in their respective fields of service.
- Ensure all Buildings & Grounds employees maintain a professional appearance and positive attitude.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY10:

- With the Jail now in full operation, our workload has increased. Several new issues will affect the Buildings & Grounds Department and significantly add to our work load and budget in the coming year. These include:
  - Ongoing repairs and retrofitting to the IW Davis facility to prepare for the JCCI move.
  - Increased space to manage in the upgraded Senior Center.
  - Renovations to the old JCCI to create office space once they have moved to IW Davis.
  - New, larger transfer station and scale house facility to upkeep.
  - Additional Parks & Recreation Facilities such as Hoschton Park.
  - Loss of the Parks & Recreation Mobile Crew thereby putting all park maintenance on the B&G staff.
  - For FY 2011, B&G will take care of approximately 640,000 sq. ft. of building space and all of the parks, outbuildings, and other grounds.

HISTORICAL INFORMATION AND APPROVED 2011 DEPARTMENTAL BUDGET

	2007 ACTUAL	2008 ACTUAL	2009 ACTUAL	2010 BUDGET	2010 ESTIMATE	2011 APPROVED	DIFFERENCE 2011-2010	PERCENT CHANGE
OBJECT OF EXPENDITURE								
Salaries Total	$ 334,968	$ 298,277	$ 305,953	$ 318,004	$ 315,885	$ 314,035	$ (3,969)	-1.25%

BUILDINGS AND GROUNDS FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 1.25% or $3,969 decrease in salaries due to:
  - Restructuring of staff.
- 25.64% or $25,920 increase in benefits due to:
  - Reinstatement of base-match retirement contributions for an increase of $21,125.
  - Increase in health insurance of $8.33% or $5,476.
- Overall there is a 7.85% or $11,704 decrease in operating expenditures primarily due to:
  - 11.50% or $13,000 decrease in repairs to buildings and grounds.
- Total increase of 1.80% or $10,247.

ADDITIONAL STAFF REQUESTED: **NONE**

CAPITAL REQUESTS: **NONE**

COURTHOUSE FACILITIES MANAGEMENT

MISSION:

Jackson County Courthouse Facilities Management ensures the efficient operation, maintenance, and repair of all mechanical systems and equipment within the courthouse.

GOALS:

It is the goal of Courthouse Facilities Management to provide a quality maintenance program for the Jackson County Courthouse so that all employees have a clean, safe and pleasant workplace and all visitors have a positive experience.

OBJECTIVES:

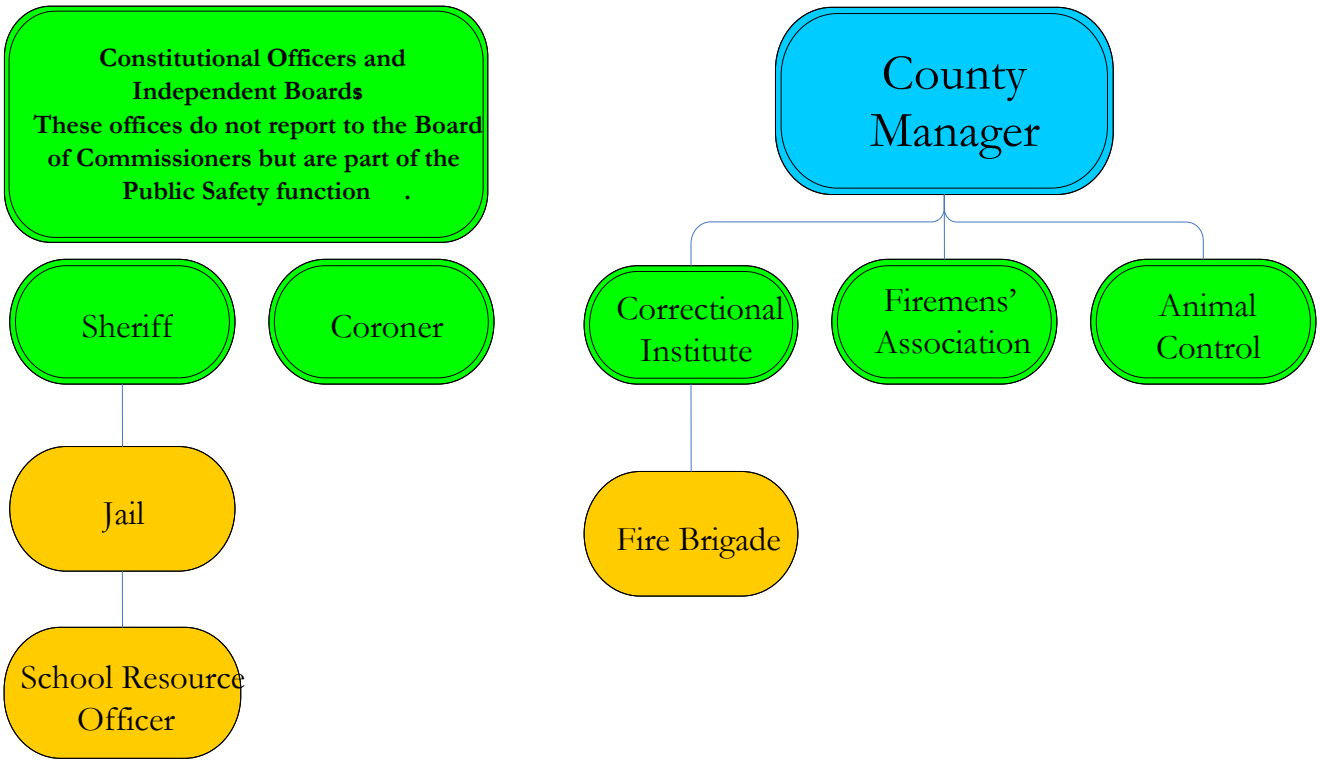

- Provide cost effective and efficient services.
- Complete 99% of all service requests on the same business day.
- Respond to all normal hour emergency calls within 20 minutes.
- Respond to all after-hours emergency calls within one hour.
- Improve preventative maintenance by keeping daily logs on all mechanical systems.
- Improve rapport with contracted cleaning company by utilizing electronic communication on a weekly basis.
- Give 100% support to all vendors providing contracted services.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- The 120,000 sq. ft. courthouse is now in over six years of occupancy and the parking lot lines have become faded and difficult to see. All parking areas need to be resealed and striped. All handicap spaces will also be painted in accordance with current ADA requirements. This will provide extended years of usage. Additional costly repairs are inevitable as the facility ages; however, the staff continues to deliver preventative maintenance throughout the building and complex to limit these repairs each year.

NOTE: The budget for Courthouse repairs to buildings and grounds is included in the Buildings & Grounds Department Budget.

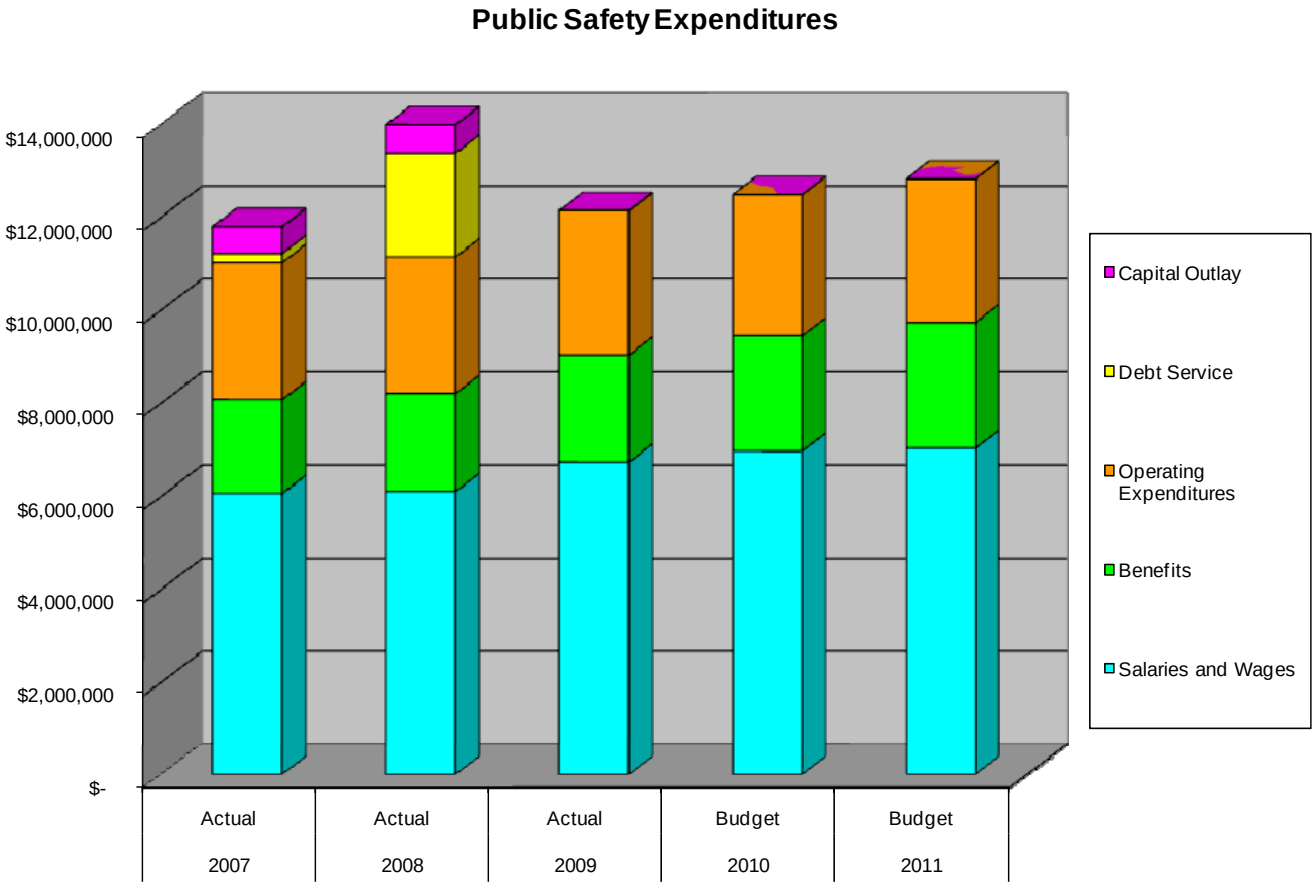

PUBLIC SAFETY FUNCTION

The Public Safety function is comprised of departments responsible for the safety of the county citizens. This function includes Sheriff, Jail, Coroner, School Resource Officers, Correctional Institute, Fire Brigade, Firemen's Association, Animal Control and Animal Shelter Services. The total proposed Public Safety FY11 budget is $12,820,832 or 35.86% of the total approved FY11 General Fund budget. This is a 2.67% or $333,383 increase over the approved FY10 budget.

SHERIFF

MISSION:

The Jackson County Sheriff's Office is committed to providing the highest quality of law enforcement services by empowering our members and the community to work in partnership as a team with the goal of improving the quality of life within Jackson County, while at the same time maintaining respect for individual rights and human dignity.

NUMBER OF APPROVED POSITIONS: One elected official, seventy-five full time, & three part-time.

GOALS:

- To implement a higher training standard, focusing on Field training, orientation and overall operations.
- To continue to explore options in alternative fuels for all Sheriff's vehicle fleet, focusing on taxpayer savings.
- Expand and complete mobile communication units in each patrol car for more effective and timely public service.

OBJECTIVES:

- To identify and employ a full time training coordinator.
- To complete propane conversation for the entire fleet assigned to the Sheriff's Office we need to buy or lease a large propane tank.
- To become more active and involved in the community by dedicating more officer time to this through the use of better time management and efficiency with the new mobile communication workstations.
- To explore and implement several precincts throughout Jackson County.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

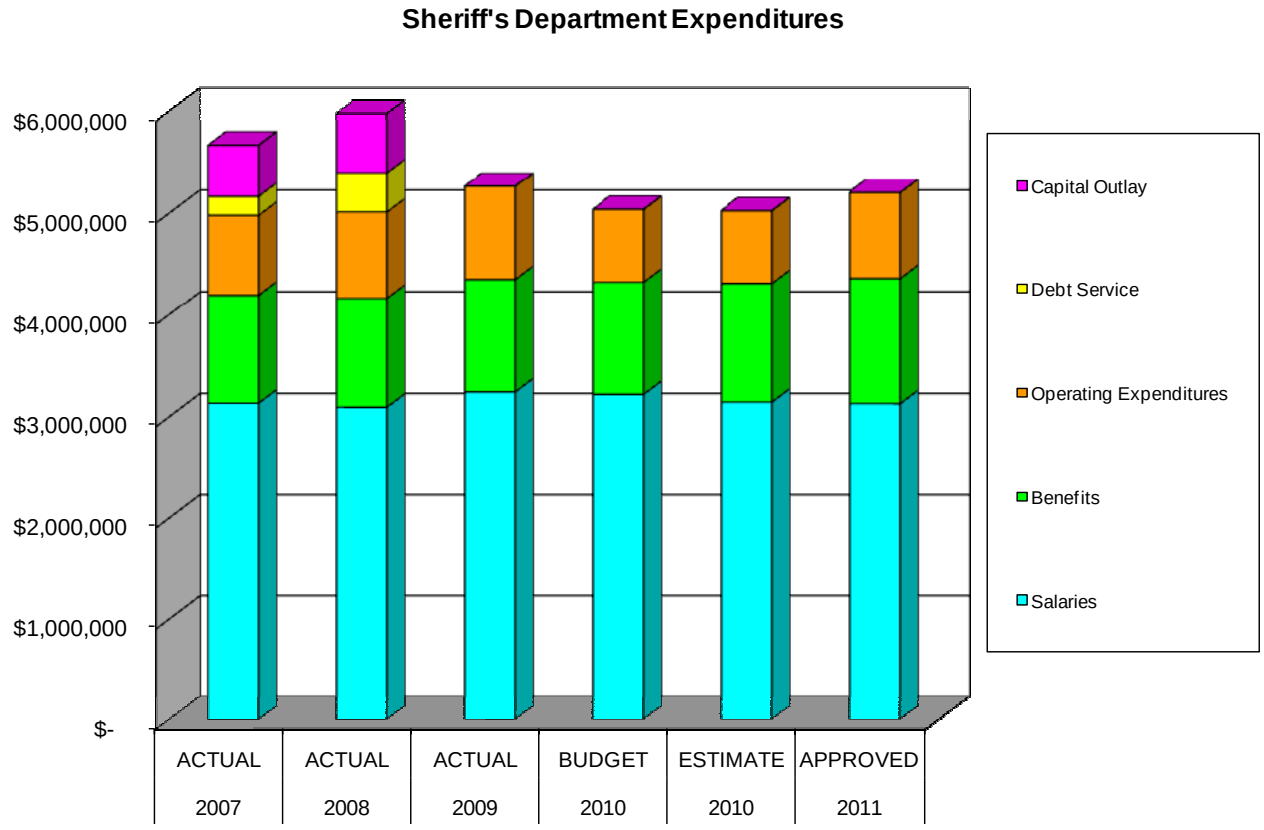

- With no additional requests for patrol and investigative personnel, the challenge of providing services at the current level will strain our resources. Currently we have had to assume enforcement duties in several of the municipalities within the county which has proven challenging. The calls for service will continue to rise for both law enforcement issues and special event issues.

SHERIFF'S FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 2.81% or $90,296 decrease in salaries primarily due to:
  - 51.47% or $61,087 decrease in overtime salaries.
  - 1.26% or $36,796 decrease in regular salaries.
- 11.48% or $126,818 increase in benefits primarily due to:
  - Decreases in Medicare and FICA that relate to salary decreases salary line items.
  - Addition of $58,825 for retiree health insurance.
  - 82.9% or $56,719 increase in workers compensation insurance.

- 18.06% or $128,682 increase in operating expenditures primarily due to:
    - 55.56% or $125,000 increase in fuel and lubricants due to rapidly rising fuel costs for both gasoline and propane.
- Overall increase in FY 2011 budget is 3.28% or $165,203.

ADDITIONAL STAFF REQUESTED: **NONE**

CAPITAL REQUESTS: Twenty Ford Crown Victoria Interceptors (See Capital Projects Fund).

JAIL

MISSION:

To provide the most professional and quality service possible to the Citizens of Jackson County while providing humane treatment with professional standards to the inmates who occupy the facility.

NUMBER OF APPROVED POSITIONS: 79 full-time and 3 part-time (included in Sheriff's organizational chart).

GOALS:

To provide professional law enforcement services from a modern facility that our employees can be proud of.

- Continue to enhance departmental training
- Occupy and operate remaining (4) direct supervision pods.
- Maintain current operations with no staff increase.

OBJECTIVES:

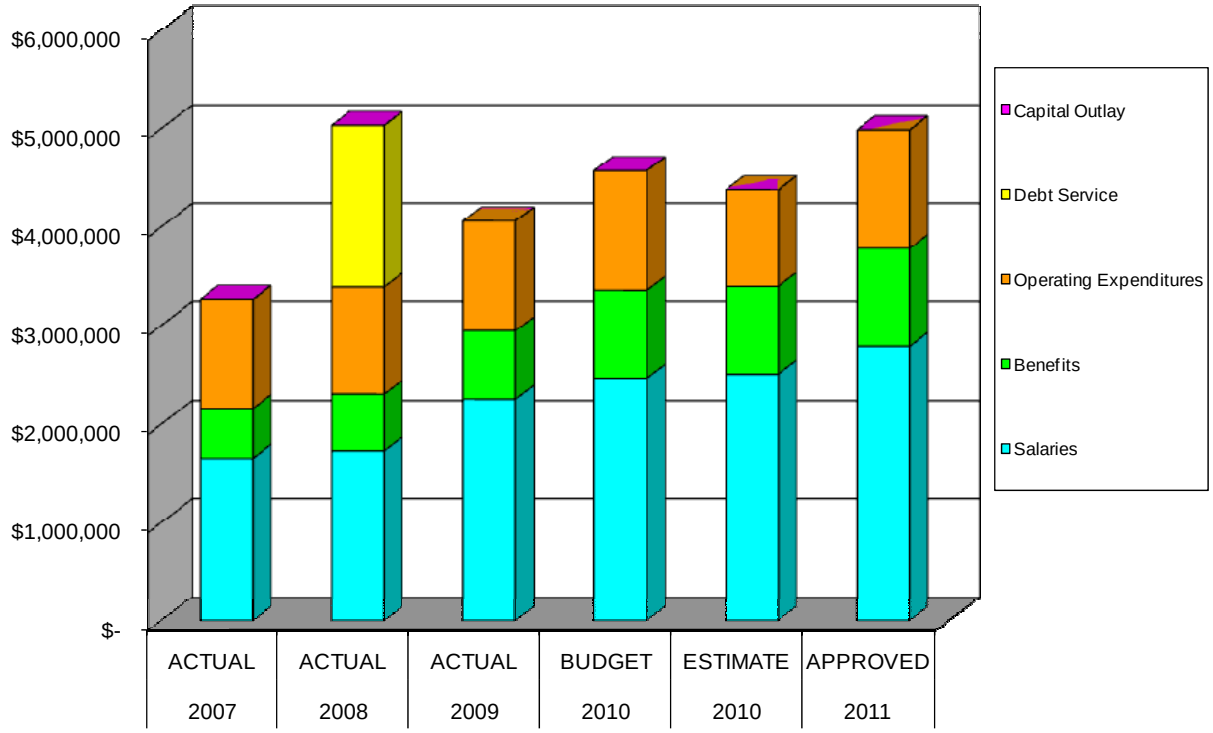

- Utilize a training officer to for training in the jail and Sheriff's Department.
- Move inmates to remaining pods so that adjustments can be made to fixtures and equipment before warranties expire.
- Maintain a secure level of manpower by using overtime to cover any shift shortages rather than use new hires.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

With the opening of the new jail in September, 2009, staffing levels have still not been met so full operation of the facility is complete. We have (4) remaining housing units that have not been fully operated due to staffing levels. The warranty on equipment in these units will expire in 2011, therefore once occupied after that, any costs will be passed on to the General Fund budget. As we near a 200-pluis inmate population, the decision will have to be made to either staff the remaining units or start housing out inmates again.

WORKLOAD MEASURES:

JAIL FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 13.15% or $324,634 increase in salaries primarily due to:
  - Final budgeted cost of staffing 80 jail employees after hiring all allotted employees during 2010.
  - 34.03% or $51,042 increase in overtime cost.
  - 23.96% or $12,602 decrease in part-time salaries.
- 11.26% or $100,528 increase in benefits primarily due to:
  - Increases in Medicare, FICA, and retirement that relate to salary increases and retirement contribution reinstatement for employees in the 401a defined contribution plan.
  - 5.72% or $32,403 increase in health insurance.
  - 16.12% or $13,691 increase workers compensation insurance.
- 0.71% or $8,615 decrease in operating expenditures primarily due to:
  - 28.57% or $50,000 decrease in electricity.

- 43.77% or $28,452 decrease in maintenance contracts.
- 25% or $25,000 decrease in natural gas.
- 138.10% or $87,000 increase in water & sewerage.
- 50% or $25,000 decrease in clothing for prisoners.

- Total increase of 9.11% or $416,547.

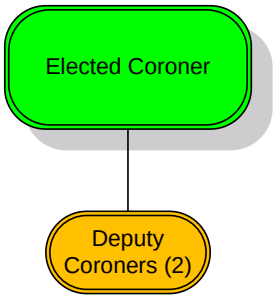

ADDITIONAL STAFF REQUESTED: NONE

CAPITAL REQUESTS: NONE

Coroner

MISSION: The Coroner's office's duties are associated with investigations and inquests regarding persons having died by unlawful, violent, suicidal and mysterious means.

NUMBER OF APPROVED POSITIONS: One elected official and two part-time assistants.

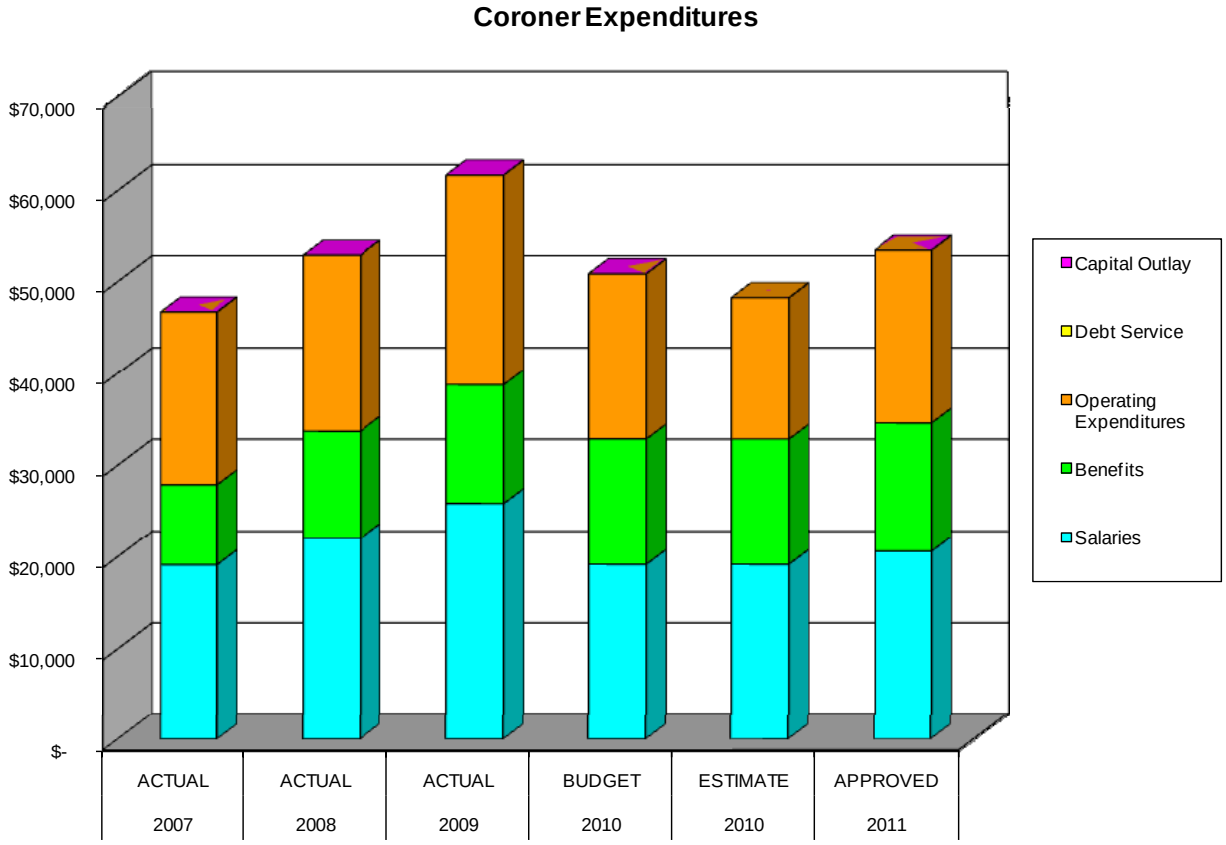

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- **Growth and Increase in Traffic** - The growing population and the increasing amount of traffic through the county, especially along Interstate 85, have impacted the workload of the Coroner's Office.
- **Aging Population** - Jackson County has a large elderly population and the number of investigation calls continues to rise.
- **State Regulations** - Updated equipment and better office technology will be required to meet new State regulations and provide quality services to the citizens during times of family crisis.

PERFORMANCE MEASURES: N/A

CORONER FY11 BUDGET HIGHLIGHTS:

- 7.43% or $1,425 increase in salaries primarily due to:
  - Increased call for work volume.
- 2.25% or $307 increase in benefits primarily due to:
  - Increases associated with salaries such as FICA and Medicare.
- 4.56% or $822 increase in operating expenditures primarily due to:
  - 10.0% or $1,000 increase in other professional fees for transportation services.
  - 44.44% or $1,000 decrease in general operating supplies.
  - 200% or $800 increase in fuel and lubricants.
- Total increase of 5.02% or $2,554 over FY10.

CORRECTIONAL INSTITUTION

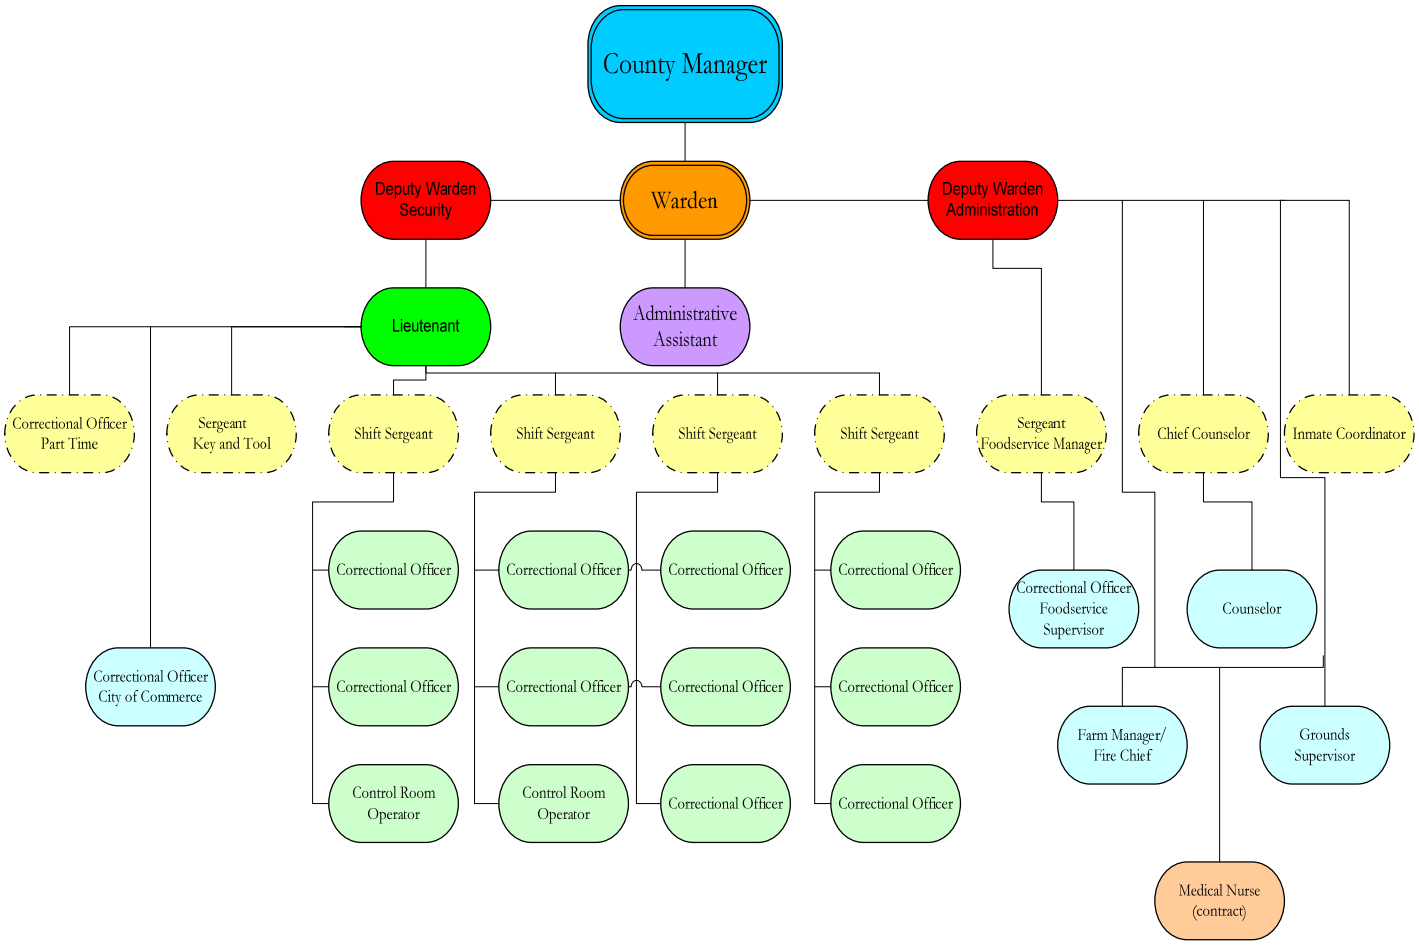

MISSION:

The Jackson County Correctional Institution exists primarily to assist local departments and agencies in meeting their needs for a workforce by providing that workforce at a significant savings using inmate labor.
The facility will aid and assist those inmates who show a desire and interest in self-improvement. This will be accomplished by allowing selected inmates to participate in educational, religious, mental health, substance abuse, and employment counseling.

The Jackson County Correctional Institution will protect all persons who enter the facility. A safe, secure, and orderly environment will be achieved to assure they are not subjected to physical, emotional or psychological abuse and to minimize personal danger while in the facility. Inmate disciplinary and grievance procedures shall be followed to maintain facility order and resolution of grievances.

Our existence is dependant on our ability to meet those needs and our ability to fulfill an obligation to the Department of Corrections by providing safe and secure housing for inmates and complying with applicable policies.

NUMBER OF APPROVED POSITIONS: Twenty-five full-time and one part-time.

GOALS: *(This mission is carried out by setting the following goals)*

- Meet all Georgia Department of Corrections audit standards.
- Provide a formal and open communication to all Jackson County Departments using inmate labor.
- Provide basic security training for all county employees who work with inmates.
- Provide the "Games Inmates Play" class to all county employees.
- Provide a drug and alcohol free facility and department.
- Provide state BCOT certification of all Correctional Officers and Security Officers.
- Provide meals at the lowest possible cost per meal per inmate.
- Provide a skilled healthy inmate population that meets the needs of the county department details.
- Provide a Dental Operatory Unit in new building.
- Provide a safer work environment due to having a level 1 facility in place.
- Increase inmate population to 200, which will increase the subsidy from the State.
- Increase food service standards.
- Reduce customer complaints.
- Reduce contraband in the facility.
- Decrease security breaches on detail.
- Decrease security breaches in dormitories.

OBJECTIVES:

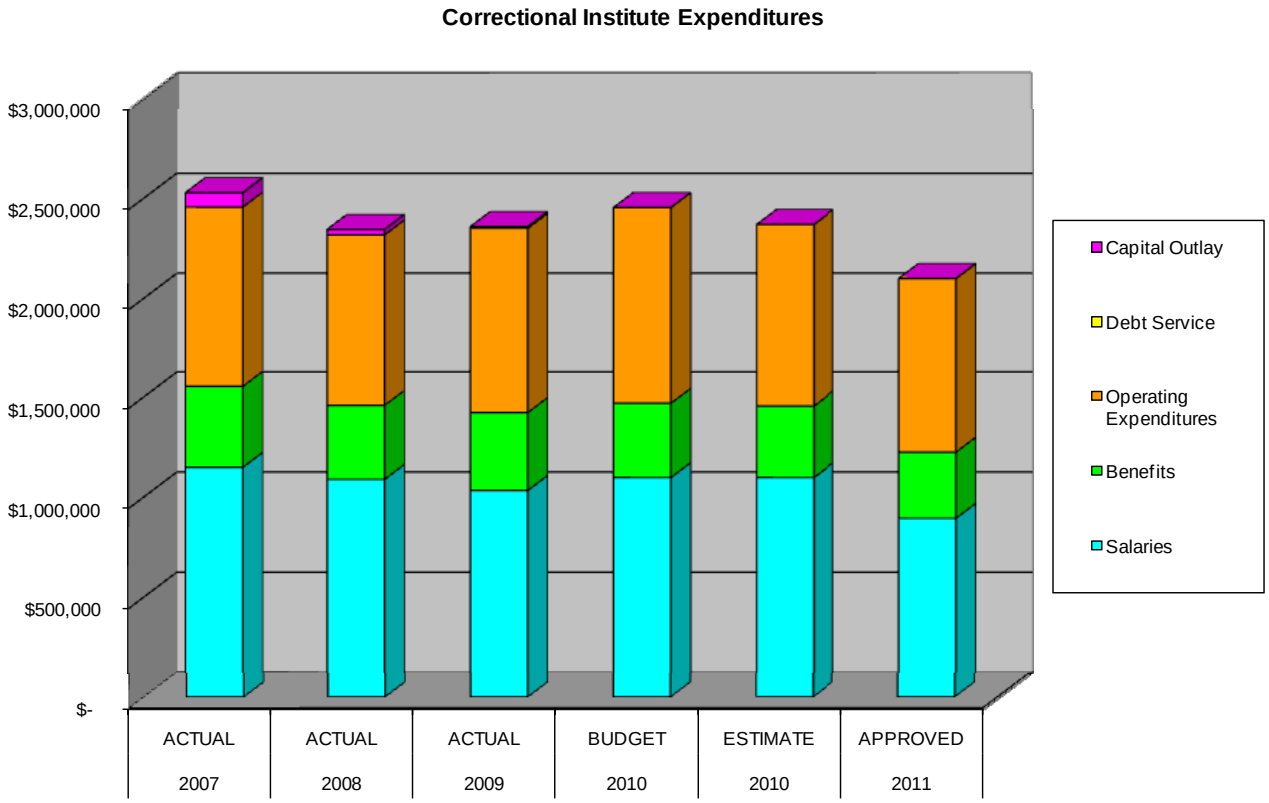

- Score 100 percent on all Georgia Department of Corrections audits.
- Schedule regular meetings to discuss inmate labor with departments.
- Request routine reports of inmate detail performance.
- Schedule mandatory in-service training for all personnel supervising inmates.
- Test 10 percent of the inmate population for alcohol and drugs monthly.
- Schedule mandatory in-service training for all Correctional Officers each year.
- Keep food costs under $1.40 per meal per inmate.
- Request skilled inmates from the State of Georgia Department of Corrections.
- Transfer in a timely manner any inmate with disabling medical problems.
- Select inmates for details consistent with the duties of the detail assignment.
- Score 98 percent or better on all kitchen inspections.
- Increase in-house inspections of kitchen areas.
- Increase inmate accountability for food handling and preparation.
- Increase staff accountability for meal counts.
- Increase monitoring of food preparation.
- Search all inmate lockers at least once per month.
- Reduce contraband by conducting a strip-search of all inmates who have been outside the building.
- Increase training of officers and other Department personnel in contraband inspections.
- Follow all Georgia Department of Corrections regulations governing details.
- Inspect all inmate details weekly for security breaches.
- Increase incident reporting to provide a baseline for inmate behavior on details.
- Increase incident reporting to provide a baseline for inmate behavior in dormitories.
- Inspect all dormitories on a daily basis.
- Decrease employee turnover by assuring better working environment to staff, therefore decreasing the cost to county of advertisement, background checks and other expenditures related to hiring new employees.
- Provide a smoke free environment on 1/01/2011.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

With the move to the I.W. Davis building, it is uncertain at this time what issues may arise other than standard increases in operating costs relating to the target population of 200 inmates. There will be additional staffing needs do avert a high-risk situation with regards to the inmate-guard ratio. However, due to the reduction-in-force additional assessments will have to be conducted once the department is moved into the new IW Davis facility. In FY 2011, food services will no longer be a part of the JCCI operations as it is being contracted through Valley Fresh that operates from the Jail kitchen. Meals will then be transported from the Jail to the JCCI saving on kitchen labor.

PERFORMANCE MEASURES:

CORRECTIONAL INSTITUTE FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 18.49% or $203,716 decrease in salaries primarily due to:
  - Reduction-in-force of three full-time positions and one vacant position.
- 10.95% or $40,654 decrease in benefits primarily due to:
  - Decreases in Medicare, FICA, and retirement that relate to salary decreases from the reduction-in-force.
- While some individual line items have increased, overall operating expenditures have decreased 11.25% or $110,796 primarily due to:
  - 198.01% or $285,316 increase in purchased and contracted services.
  - 100% or $363,295 decrease in food & kitchen supplies as the funds were moved to purchased and contracted services for the outsourcing of inmate meals being prepared at the county jail instead of the Correctional Institute.
  - 35.14% or $26,000 increase in electricity for the IW Davis facility.
  - 78.57% or $6,600 decrease in property & liability insurance.
  - 31.0% or $31,000 decrease in general operating supplies.
- Total decrease of 14.45% or $355,166.

ADDITIONAL STAFF REQUESTED:

- **One (1) Certified Correctional Officer, Grade 12 – $12.99/hr. x 84 hours biweekly = $28,370.16 plus benefits.**

CAPITAL REQUESTS: NONE.

FIRE BRIGADE

MISSION:

The JCCI Fire Team exists as an automatic response unit that supports all ten volunteer fire districts in Jackson County and the City of Jefferson Fire Department by providing highly trained and qualified inmate firefighters who significantly enhance fire services throughout the county. The fire team supplies manpower and equipment available to improve response times to fires and improve fire services to the citizens of Jackson County.

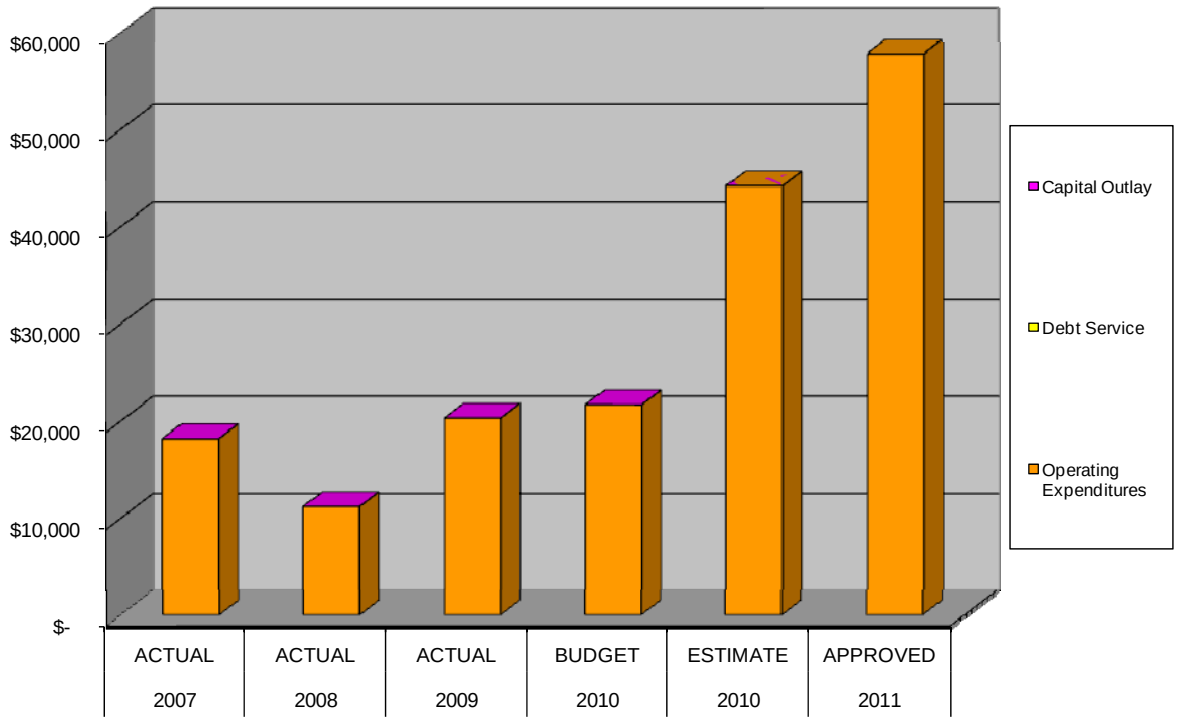

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN 2011:

- **Purchase or replacement of supplies and equipment:** New or additional supplies are required to provide fire response in support of all ten fire districts in the county and the City of Jefferson.

PERFORMANCE MEASURES:

	2007 Actual	2008 Actual	2009 Actual	2010 Estimate	2011 Forecast
Response to fire calls	113	140	106	130	130
Since Fire Brigade was formed in 1993:					
Ten inmates received MOD 1 certification.	Nine inmates received 1st class firefighter's certification.				
Nine inmates received NPQ-1 certification.	Six inmates received HAZ-MAT ops. (hazardous materials).				

J.C.C.I. Fire Brigade Expenditures

HISTORICAL INFORMATION AND APPROVED 2011 DEPARTMENTAL BUDGET

Operating Expenditures Total	$ 18,250	$ 11,279	$ 20,375	$ 21,750	$ 44,272	$ 57,850	$ 36,100	**165.98%**
Debt Service Total	$ -	$ -	$ -	$ -	$ -		$ -	n/a
Capital Outlay	$ -	$ -	$ -	$ -	$ -		$ -	n/a
Fire Brigade Total	$ 18,250	$ 11,279	$ 20,375	$ 21,750	$ 44,272	$ 57,850	$ 36,100	**165.98%**

FIRE BRIGADE FY 2011 BUDGET HIGHLIGHTS:

The FY11 budget has increased 165.98% or $36,100 primarily due to the addition of utility costs to operate the new Fire Training Center in which the JCCI Fire Brigade is based.

SCHOOL RESOURCE OFFICER

MISSION:

School Resource Officers are committed to a proactive approach to the safety of our schools, the welfare of our students and staff, and the quality of life in our communities by providing a safe learning environment. School Resource officers provide a positive law enforcement resource to help educate students on laws and promote a positive interaction within the community.

NUMBER OF APPROVED POSITIONS: Two (2) county funded full-time positions and two (2) school funded full-time positions (All are Sheriff's Department Deputies).

GOALS:

- Provide a safe learning environment for all Jackson County students and faculty.
- Provide students, faculty, staff and visitors with the opportunity to meet and interact with a law enforcement officer in a non-confrontational setting.
- Act as a deterrent on crime on school campuses through uniform presence and positive relationships with students, faculty and staff.
- Provide classroom instruction and act as a resource for information to students, faculty and staff concerning topics of law, safety and other law enforcement related topics.
- Make him/herself available for conferences with students, staff and parents in order to assist with law enforcement and crime prevention related problems.
- Maintain a zero tolerance policy on all criminal gang activity, illegal drug activity, weapons on campus and campus violence.

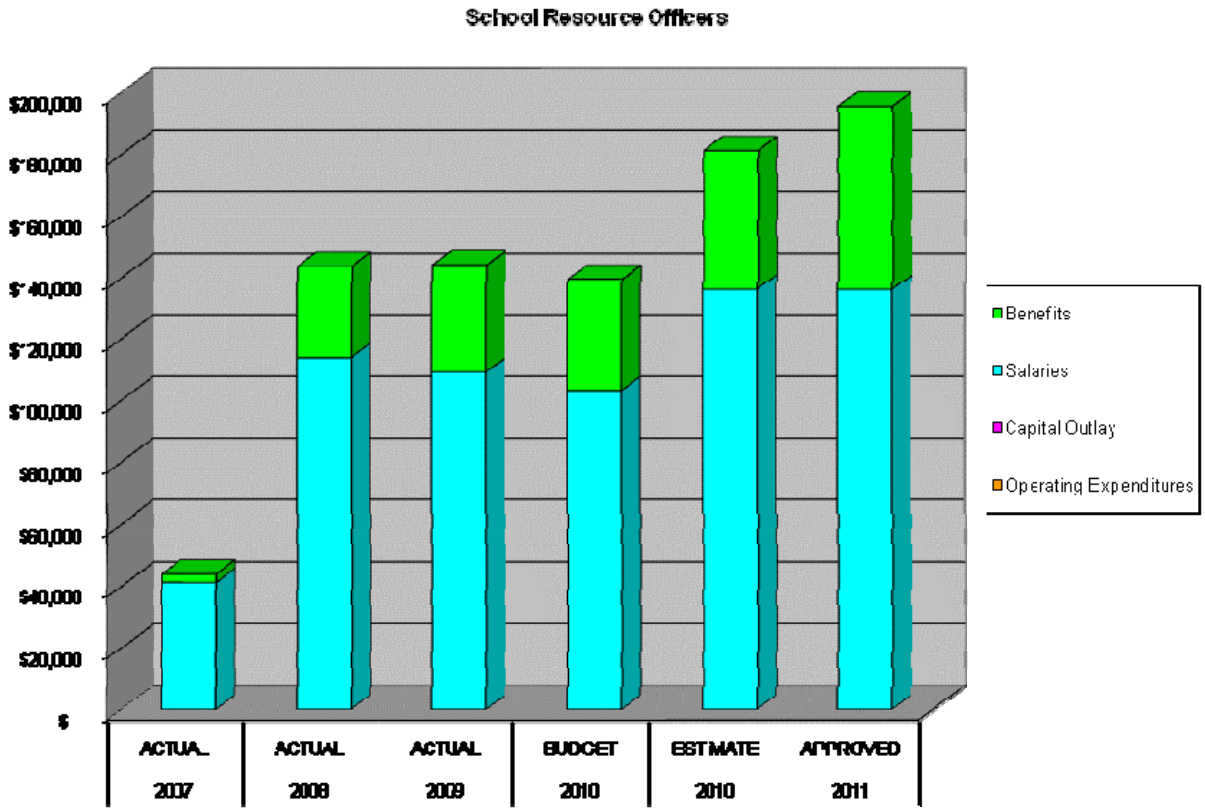

OBJECTIVES:

- Provide an education course for students and staff concerning gangs and gang related activities.
- Provide an educational course for drug awareness, early detection and community resources.
- Create a Driver's Education Program to promote safe driving habits and acts.
- Seek grant funds to purchase a roll over simulator to help educate students on seat belt awareness.
- Establish a Safe Kids Project to educate students on internet safety.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- The number of schools and student enrollment continue to grow in Jackson County. In the 2008-09 school year, Jackson County opened Gum Springs Elementary school. This school relieved the West Jackson Primary, West Jackson Intermediate and North Jackson Elementary schools. This brought the total number of schools under the Sheriff's Office program to twelve (12) schools with continued coverage with only the existing SRO positions.
- With Jackson County school enrollment increasing, so does the amount of traffic in our school zones. We will continue to enforce the school speed limits to assure the safety of our student drivers, as well as our bus and car riders.
- The increased presence of school violence, as well as gang and drug activity, will challenge our efforts to provide a safe learning environment. We will continue to enforce criminal law and educate students and staff on awareness.

PERFORMANCE MEASURES: N/A

HISTORICAL INFORMATION AND APPROVED 2011 DEPARTMENTAL BUDGET

	2007	2008	2009	2010	2010	2011	DIFFERENCE	PERCENT
	ACTUAL	ACTUAL	ACTUAL	BUDGET	ESTIMATE	APPROVED	2011-2010	CHANGE

BUDGET HIGHLIGHTS FOR FY11:

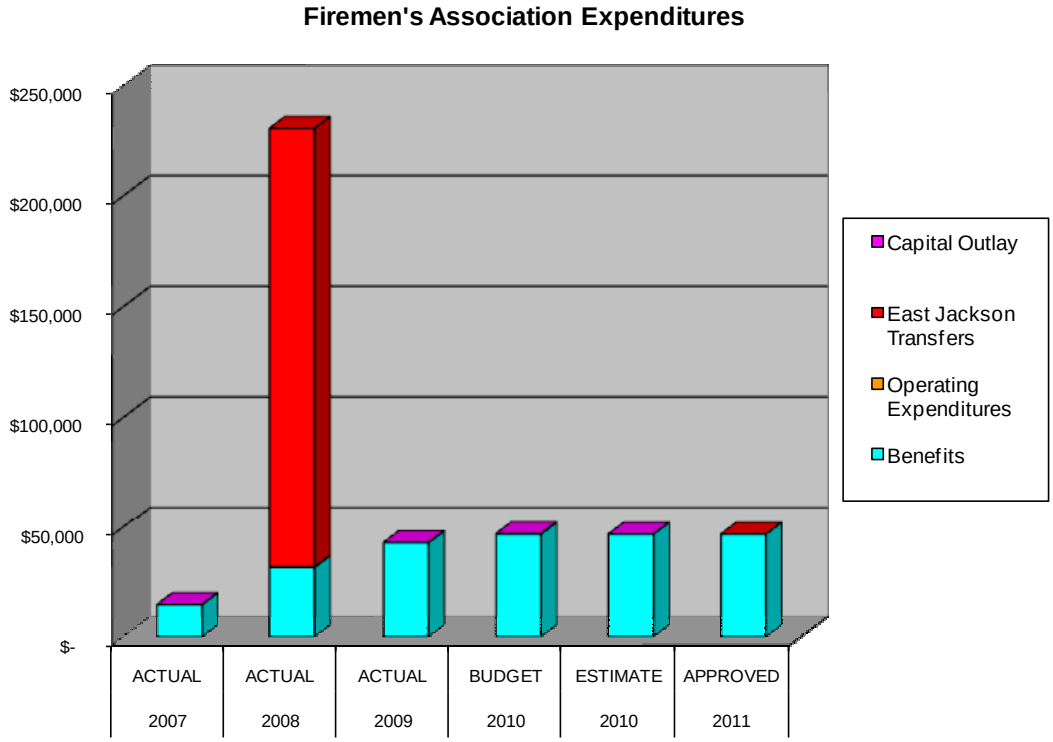

- 32.03% or $33,100 increase in salaries primarily due to:
  - Inclusion of one position that was not budgeted for in FY2010.
- 62.90% or $22,820 increase in benefits primarily due to:
  - Increases in Medicare, FICA, and health insurance that relate to the salary increase.
  - Reinstatement of base-match retirement contribution in the amount of $4,311.
- No change in operating expenditures.
- Total increase of 40.05% or $55,921.

NOTE: Two of the four positions are being funded by the Jackson County Board of Education.

FIREMEN'S ASSOCIATION

MISSION AND GOALS:

This department's aim is to assist the volunteer firemen of the county in preserving property and lowering property insurance rates.

HISTORICAL INFORMATION AND APPROVED 2011 DEPARTMENTAL BUDGET

FIREMEN'S ASSOCIATION FY11 BUDGET HIGHLIGHTS:

- No change in benefits.
- 72% or $180 decrease in operating expenditures due to elimination of general operating supplies and conferences and training.
- Total decrease of 0.38% or $180.

ANIMAL CONTROL

MISSION

To balance the health, public safety, and welfare needs of people and animals by responsibly and humanely enforcing animal-related laws. To provide nourishment and a safe environment for unwanted, stray and abused animals. Investigate and prosecute all abuse cases.

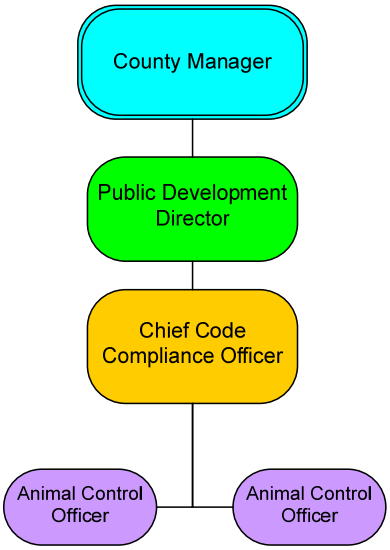

GOALS:

- Educate the public about responsible companion ownership to prevent additional public burden of loose or dangerous animals.
- Find new loving homes for homeless animals in our care.

OBJECTIVES:

- To build an animal shelter to address the needs of an animals and citizens.
- To ensure leash law is enforced thereby reducing dog attacks and bites.
- To enforce rabies control ordinance.
- To educate citizens about the animal control and adoption program.
- To quickly and effectively investigate animal abuse and cruelty cases.

NUMBER OF APPROVED POSITIONS: Two full-time

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

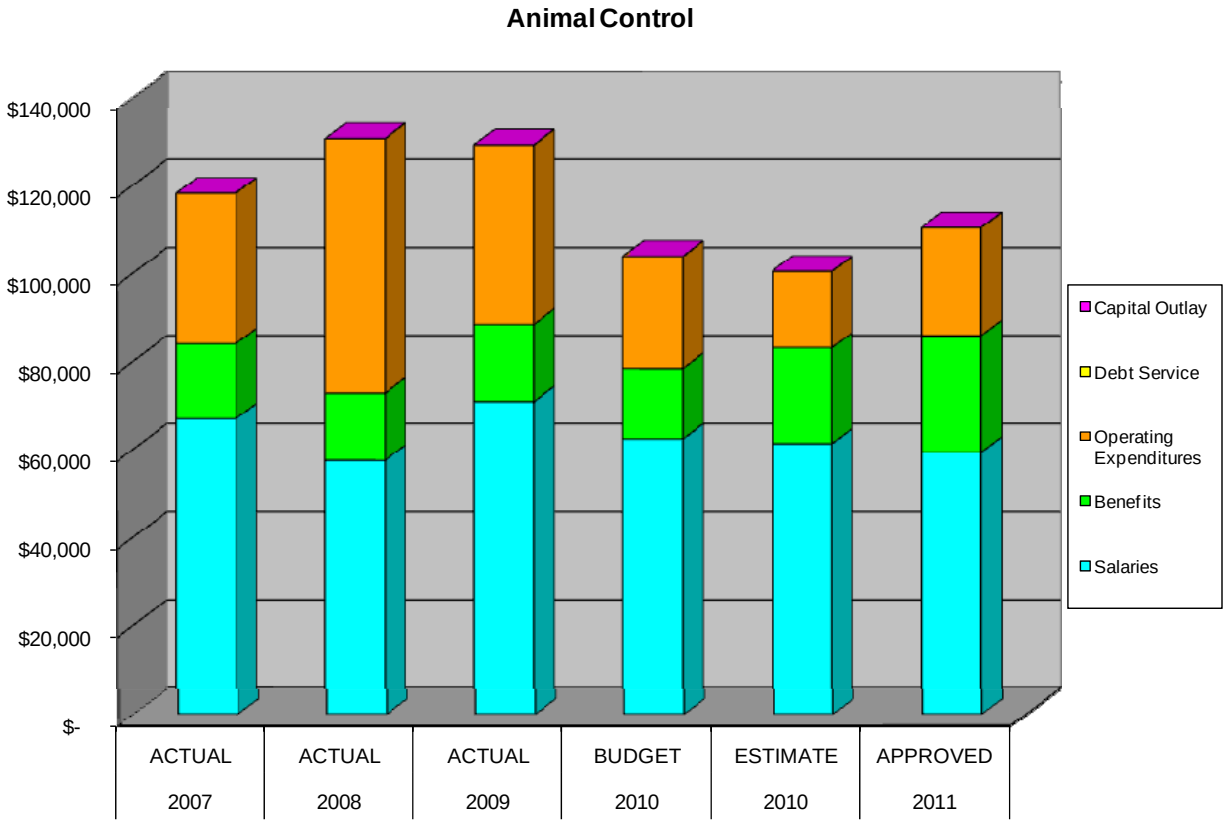

Due to rapid growth in Jackson County and no shelter for animals, our bills to Commerce Veterinary Clinic will continue to increase. Thus, the number of animals picked up continues to increase. The lack of an animal shelter in Jackson County is the single most significant issue facing the Animal Control division.

COURT SYSTEM FUNCTION

The Court System Function is comprised of the following departments: (1) Clerk of Court, (2) State Court, (3) Probate Court, (4) Elections, (5) Superior Court, (6) Juvenile Court, (7) District Attorney, (8) Victims' Assistance, (9) Solicitor of State Court, (10) Magistrate Court, and (11) Public Defender. The total proposed 2011 budget for the Court System is $3,018,653 or 8.44% of the total proposed General Fund Budget. The total proposed budget for this function has decreased 6.38% or $205,631 compared to the approved FY10 budget.

CLERK OF COURT

MISSION AND GOALS:

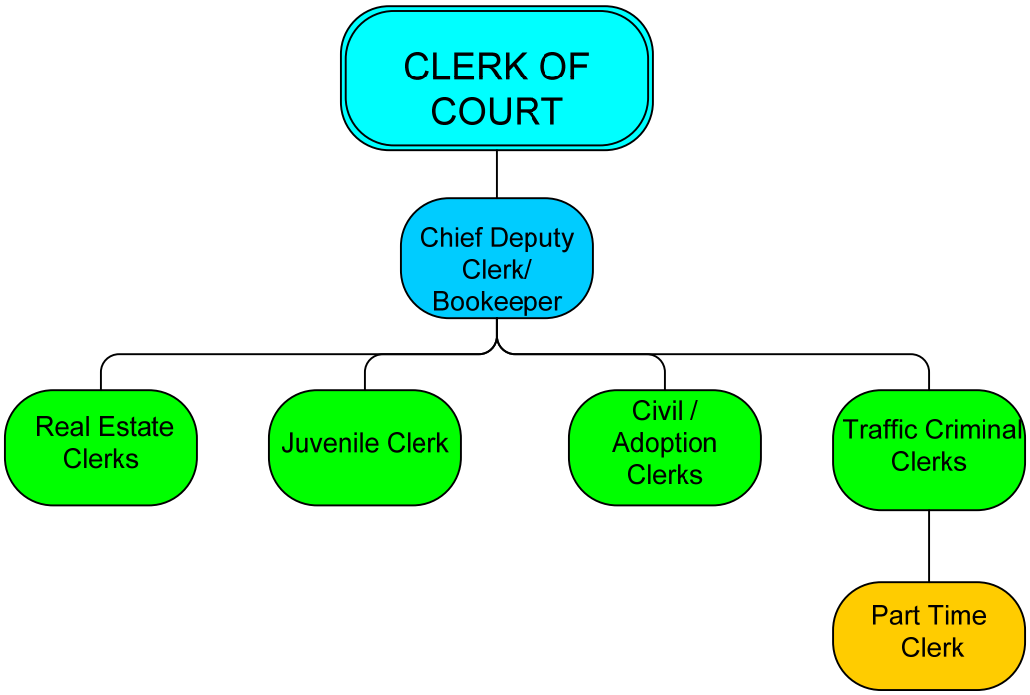

The Clerk of Courts serves as the Clerk of Superior Court, State Court and Juvenile Court. The Georgia Constitution mandates these functions and the duties are set forth in the Official Code of Georgia. The Clerk is the official record keeper of land records, and civil and criminal actions. The Clerk of Court's office strives to be a top-notch operation that serves the citizens of Jackson County as efficiently and professionally as possible.

Continue to upgrade and automate the computerized record keeping of court documents within the guidelines of the policies and standards set by the Georgia General Assembly. Continue to make the office more user-friendly and improve the process of filing civil cases and real estate records to make all documents available for public use online.

OBJECTIVES:

- To increase customer-service performance by becoming customer-oriented.
- To stay current on all recordings and filings.

NUMBER OF APPROVED POSITIONS: One elected official, nine full-time and two part-time.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

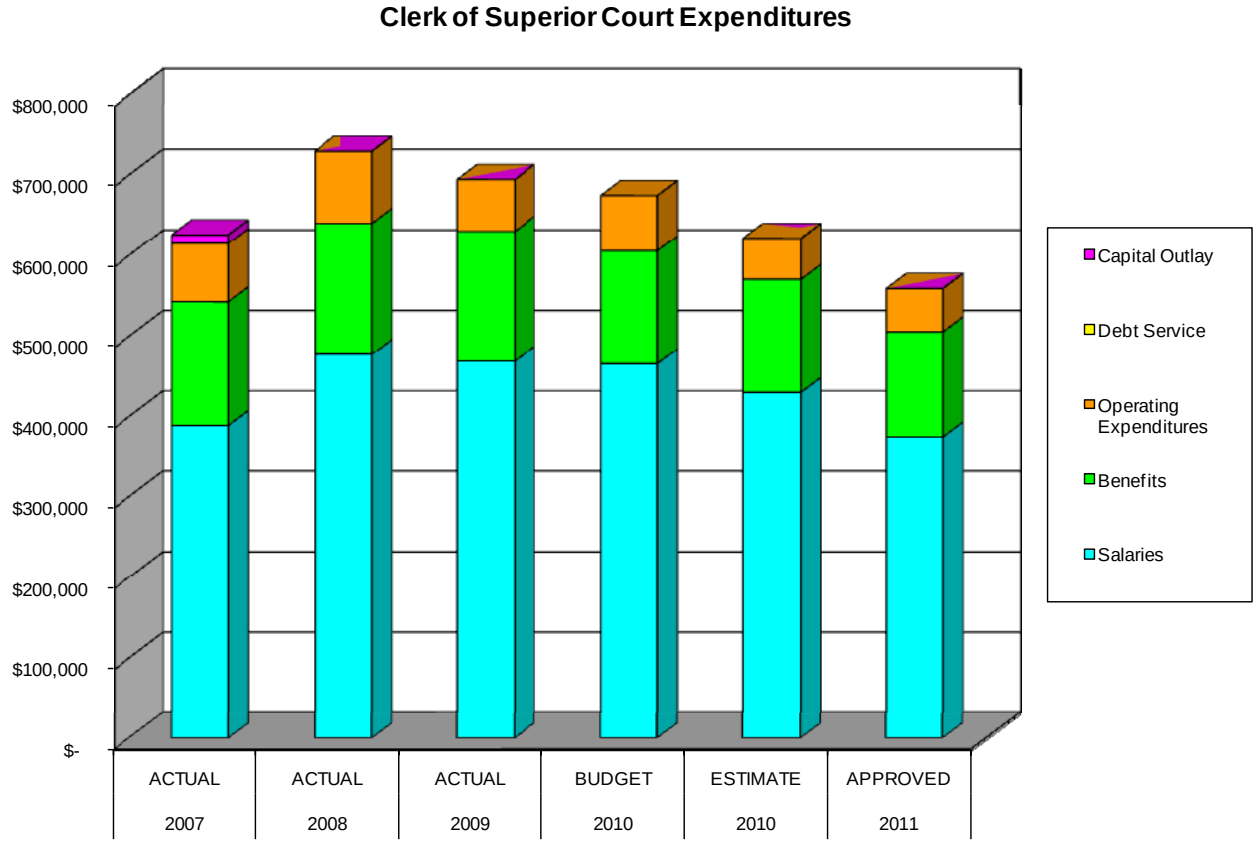

- The increase in court dates has put a significant burden on the Clerk and her staff as more staff time is dedicated to court days with jury trials, arraignments and calendar calls. This in turn increases the number of staff needed in these courtrooms, jury assembly, as well as continuing to staff and maintain the everyday operations of the Clerk's office.
- Due to the economic situation of Jackson County, we are striving to perform our jobs in the most cost efficient manner as possible.

PERFORMANCE MEASURES:

CLERK OF COURT FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 19.41% or $90,405 decrease in salaries primarily due to:
  - Reduction-in-force of two full-time positions.
  - Elimination of budgeted overtime.
- 7.05% or $9,913 decrease in benefits primarily due to:
  - Decreases in Medicare, FICA, and retirement that relate to salary decreases from the reduction-in-force.
- 22.17% or $15,218 decrease in operating expenditures primarily due to:
  - 49.34% or $8,765 decrease in postage.
  - 22.16% or $4,300 decrease in general operating supplies
  - 34.78% or $2,240 decrease in maintenance contracts.
- Total decrease of 17.12 % or $115,536.

ADDITIONAL STAFF REQUESTED: Accounting Deputy Clerk, estimated total cost of $40,000.

CAPITAL REQUESTS: **NONE.**

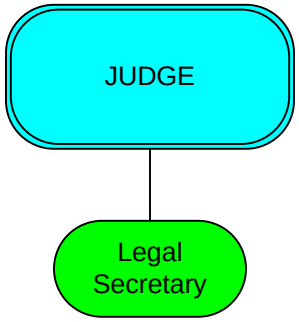

STATE COURT

MISSION AND GOALS:

To continue to provide exceptional support to all entities of the State Court, and endeavor to deliver fair, effective, and expeditious justice to the citizens of Jackson County. The State Court maintains a continuous goal to improve accuracy and service to Jackson County through appropriate record management.

NUMBER OF APPROVED POSITIONS:

One elected official and one full-time.

OBJECTIVES:

- Meet the approved recommendations by the Judicial Council of Georgia for proper record management
- Maximize management of tracking, reporting capabilities and civil court calendaring using Jackson County's court software system.
- Establish proper procedures using existing software to maximize effective administration of case follow up and resolution.
- Continue to provide improved access to State Court calendars using enhanced Jackson County website features.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

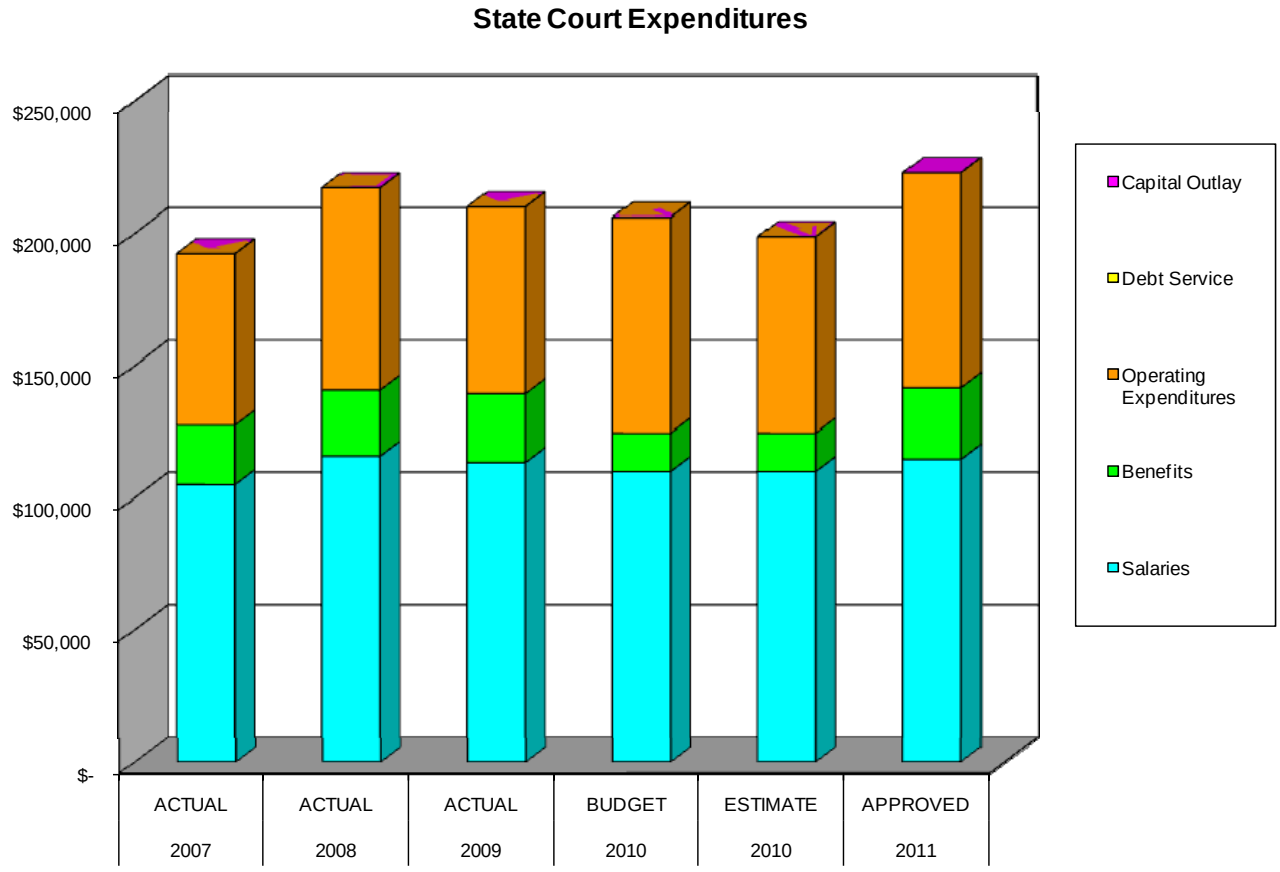

As case loads become ever increasing and personnel maintains a 'status quo,' accuracy in case management reporting has become even more important. Unfortunately, Jackson County State Court does not have access to accurate nor reliable record management reporting capabilities. Without the assistance of an accurate management software system, State Court is unable to efficiently track case flow and accurately provide case information management reporting.

Scheduled criminal court calendar dates for 2009 and 2010 have more than doubled from 2008, helping to relieve backlog. The declining economy and high unemployment rates have corresponded to more defaults and garnishments, pushing the civil case numbers and civil workload higher. This part-time court has maintained two civil jury trial weeks a year, but due to significant civil case numbers, we are looking at having to increase the frequency of civil court calendar dates that may result in fewer criminal court calendar dates available for 2011. It is the opinion of the court that it can no longer operate at part-time capacity without serious legal and ethical ramifications.

Most importantly, the State Court will be in a period of transition as the State Court judge passed away in late 2010. His successor will be appointed by the Governor to fill the vacancy and some adjustment period will likely slow the court as visiting judges transition back out of the daily duties.

STATE COURT FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 7.42% or $4,644 increase in salaries primarily due to:
  - Non-furloughed salary for elected official budgeted.
- 85.75% or $12,516 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions in the amount of $6,781.
  - Increases in health insurance costs in the amount of 99.93% or 5,516.
  - Increases in Medicare, FICA, and retirement that relate to salary increases.
- 0.16% or $132 decrease in operating expenditures primarily due to:
  - 4.44% or $2,000 decrease in court reporters fees due to anticipated caseloads.
  - 8.70% or $2,000 increase in jury fees based on actual expenditures.
  - Other very minor decreases in various line items.
- Total increase of 8.26% or $17,028.

ADDITIONAL STAFF REQUESTED: State Court wants to become a full-time department with a full-time judgeship**.**

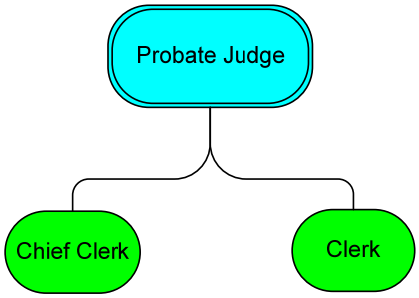

CAPITAL REQUESTS: **NONE.**

PROBATE COURT

MISSION AND GOALS:

To provide the public with quick, efficient, friendly and courteous services, as well as meet requirements for recording and preserving documents.

NUMBER OF APPROVED POSITIONS: One elected official, two full-time and one part-time.

OBJECTIVES:

- To maintain records and keep them scanned in regularly.
- Keep up with the growing demand for firearm licenses.
- Continue to serve the public as quickly and efficiently as possible with a friendly manner.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- New weapons permit laws will require that photos like drivers licenses be placed on the permit. With the increase in firearms applications and now this new requirement, it will take one person to work almost entirely on weapons permits. Our office is required to train and take these photos. Additionally, the loss of the part-time clerk in the reduction-in-force will add to this burden.

Probate Court Expenditures

PROBATE COURT FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 8.61% or $13,933 decrease in salaries primarily due to:
  - Reduction-in-force of one part-time clerk.
  - 7.45% or $5,909 Non-furloughed salary for elected official budgeted.
- 16.36% or $5,534 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions in the amount of $9,828.
  - 22.24% or $4,783 decrease in health insurance benefits.
- 0.71% or $150 decrease in operating expenditures primarily due to:
  - 225% or 450 increase in other professional fees for contracted work on various issues.
  - 11.0% or $550 decrease in general operating supplies.
- Total decrease of 3.94% or $8,549.

ADDITIONAL STAFF REQUESTED: **NONE.**

CAPITAL REQUESTS: **NONE.**

ELECTIONS

MISSION AND GOALS:

To provide registered voters the opportunity to vote by providing adequate polling places that meet ADA requirements with sufficient voting machines such as touch screen machines and express poll machines, supplies and poll workers to promptly and accurately tally votes and give results as soon as possible with total accuracy.

NUMBER OF APPROVED POSTIONS: Various available poll workers as required.

OBJECTIVES:

- To get the Board of Elections to handle all elections.
- Change the new part-time position to a full-time position, especially during elections.
- Full train all election works, poll workers and consolidation staff as to the laws and holding of elections.
- Deliver, set up and pick up all election machines at each of the 16 precincts.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

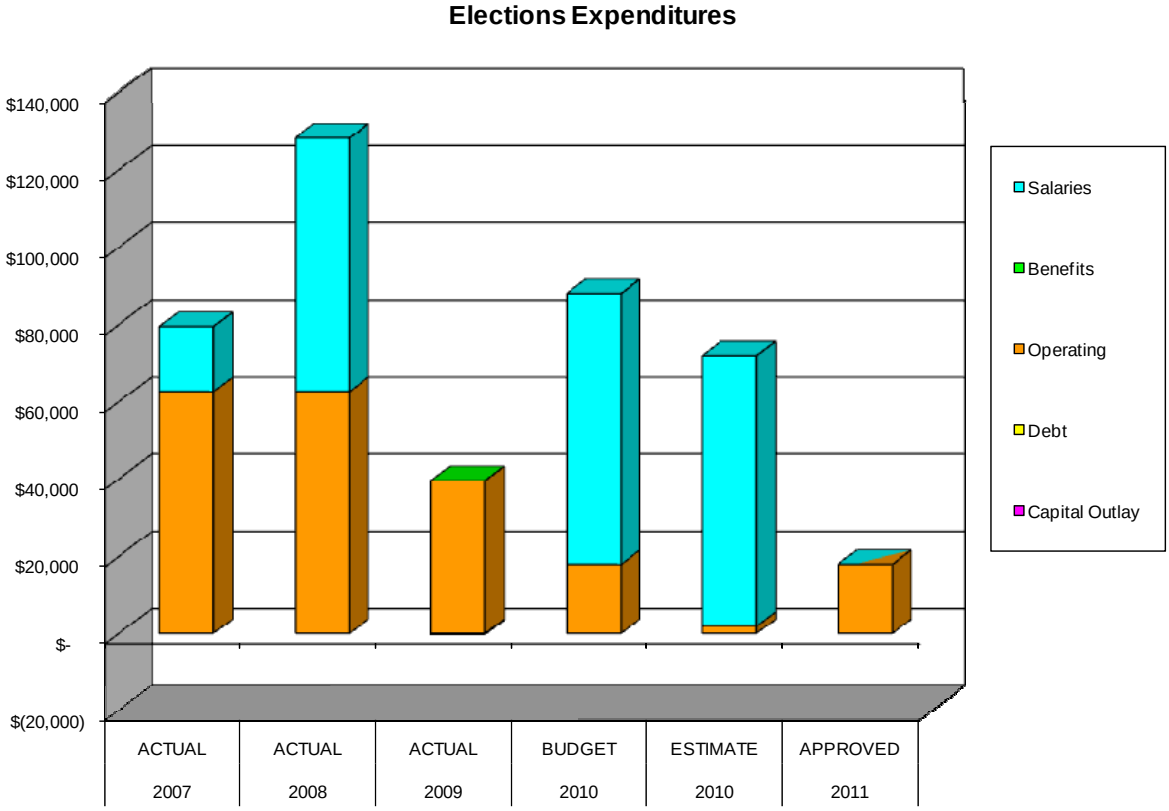

- There is a good possibility that with the increase of population, we will need to order more voting machines and hire extra poll workers. This will be determined by the 2010 Census data to be released in 2011.
- The North Jefferson precinct will be moving to the Jefferson Recreation Department, which will improve accessibility, facilities and parking.

PERFORMANCE MEASURES: **NONE.**

ELECTIONS FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 100% or $70,000 decrease in poll workers salaries due to FY 2011 being an off-election year.
- There are no benefits in the Elections department due to having no full-time employees.
- There is no net change in the operating budget.
- Total decrease of 79.61% or $70,000.

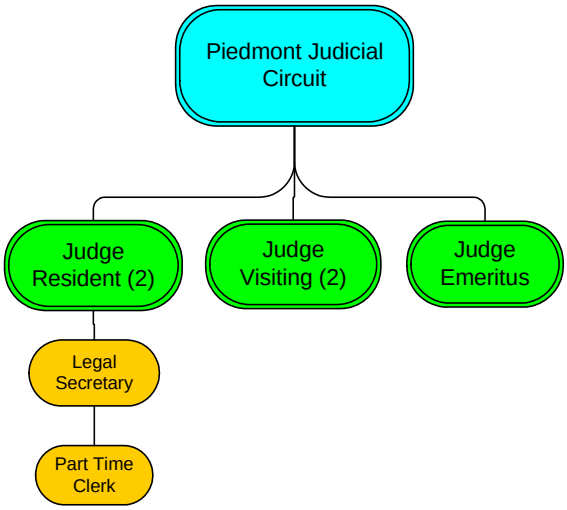

ADDITIONAL STAFF REQUESTED: **NONE.** ***CAPITAL REQUESTS:*** **NONE.**

SUPERIOR COURT

MISSION:

The Superior Court of Jackson County strives to provide for timely, effective, and legally correct resolution of civil disputes, criminal prosecutions, appellate and equity matters in the furtherance of justice and in compliance with the Constitution and laws of the State of Georgia.

NUMBER OF APPROVED POSITIONS: Five officials who receive County supplements.

GOALS:

- Resolve civil and criminal cases in a timely manner.
- Make wise use of existing space, eliminating conflicts with other courts.

OBJECTIVES:

- Combine necessary trial weeks and add hearing days to facilitate increased case disposition.
- Coordinate time and space management, particularly courtroom space, with other courts (for example, State Court), and among all Superior Court Judges, so as to increase economies of scale and minimize juror costs.
- Increased and enhanced use of the ICON case tracking system and coordination of its use among various departments throughout the Piedmont Judicial Circuit to effectuate more efficient and cost-effective management of cases.
- Continue to develop and expand the Piedmont Circuit's Alternative Dispute Resolution Program, and Judicially Hosted Settlement Conferences, which will better effectuate case flow and offer a different option for case resolution outside of litigation.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- **Increase in number of jury trials** - As the number as parties requesting jury trials is increasing, and as the population of Jackson County is growing exponentially, the update of the jury list and improved attendance of summoned jurors is ever the more important for an effective judicial system. In recent months there has been a shortage of reporting jurors, which has caused a hardship for the court and at times has prolonged the resolution of cases. Effective juror education, as well as jury duty enforcement procedures, needs to be developed by Jackson County.

- **Growth of county and developing ADR program** - As the number of cases filed increases due to exponential population growth, a circuit-wide alternative dispute resolution program has been implemented to help dispose of cases in a timely and effective manner. Many of this court's civil cases, which relate to population growth, zoning or land use, condemnation, and contract disputes, can be effectively and inexpensively resolved through alternative dispute resolution.

- **New Judgeship** – Contingent on state funding, the Piedmont Circuit has requested a new Superior Court Judgeship. The Piedmont Circuit is on the top of the list of circuits in Georgia needing a new judgeship. The new Judge will likely be housed in Barrow County and provide transient services to Jackson County. If and when this position is approved/funded, it will require Jackson County to supplement the position in an amount equal to county supplements currently being paid to other Superior Court Judges. All of the Judge's technical equipment will be supplied with state funds. Adequate furniture and other necessary office supplies are already in place.

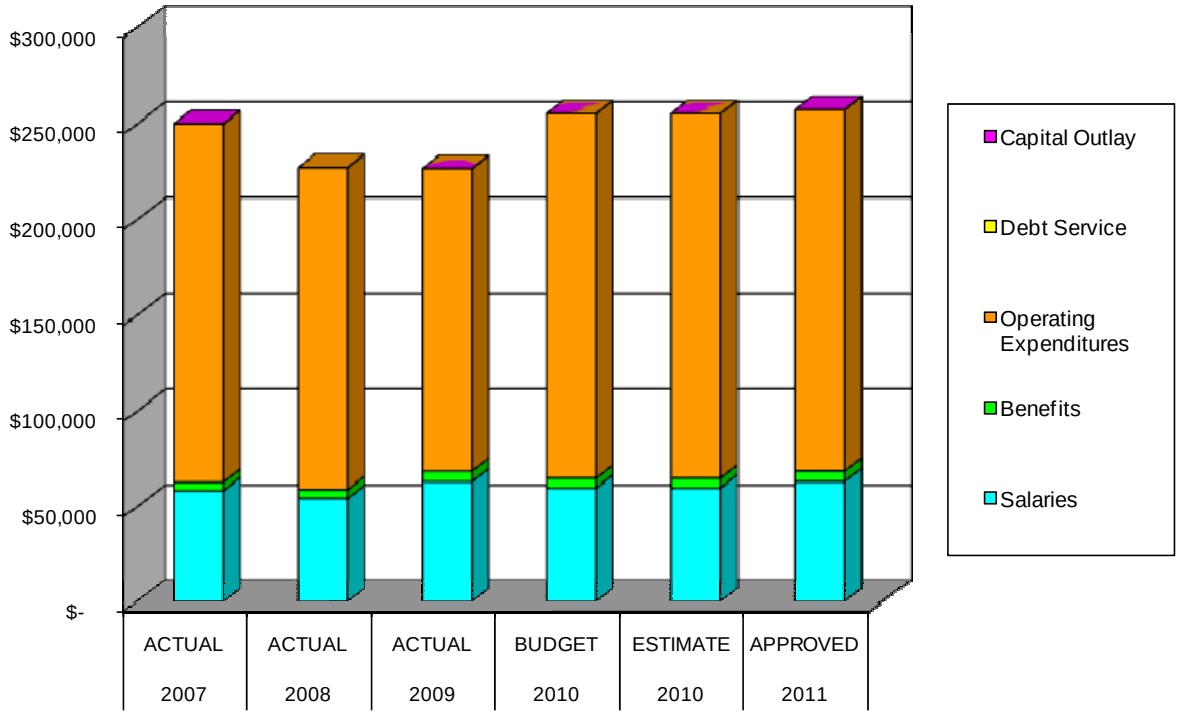

- **Increase in demands for interpretive services** – The Superior Court has seen a recent and substantial increase in the demand for interpretive services, especially for Spanish speaking defendants.

- **Downturn in Economy** – The downturn in the economy has only caused an increase in crime and divorce, but lending institutions are foreclosing on homeowners and the number of confirmation hearings has increased from zero in the last ten years before the housing crisis to several each month.

SUPERIOR COURT FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 5.53% or $3,325 increase in salaries primarily due to:
  - Increase in Judges' salaries due to state mandated increase.
- 7.15% or $361 increase in benefits primarily due to:
  - Increases to Medicare and FICA contributions related to salary increases.
- 0.87% or $1,658 decrease in operating expenditures primarily due to:

- 16.67% or $1,000 decrease in conferences and training
- 1.81% or $1,538 decrease in jury and court fees.
- 22.9% or $880 increase in communications for phones and equipment.

- Total increase of 0.79% or $2,028.

ADDITIONAL STAFF REQUESTED: **NONE**

CAPITAL REQUESTS: **NONE**

JUVENILE COURT

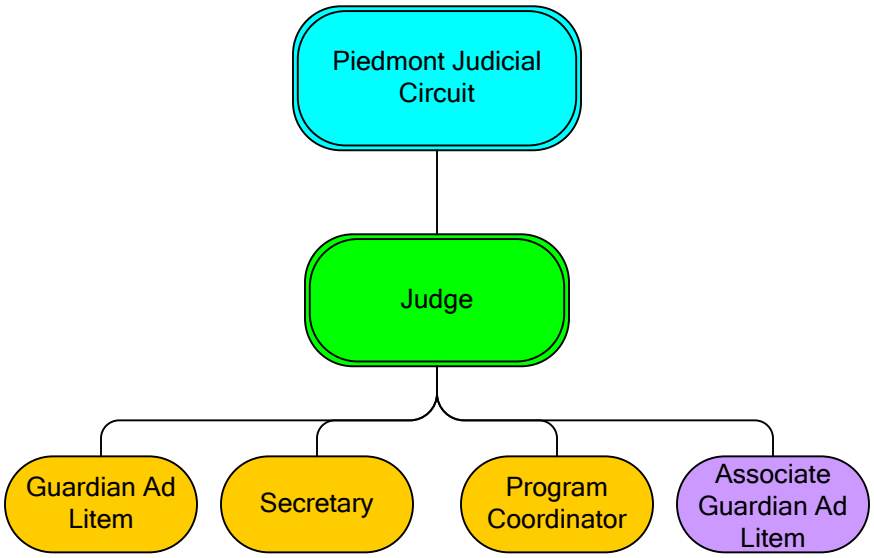

MISSION AND GOALS:

The mission of the Juvenile Courts of the Piedmont Judicial Circuit is to assist and protect children whose well being is threatened, restoring them, if possible, as secure, law-abiding members of society. Each child coming within the jurisdiction of the court shall receive, preferably in his or her own home, the care, guidance, and control that will be conducive to the child's welfare and the best interest of the community. When a child must be removed from the control of his or her parents, the court shall secure for the child care as nearly as possible equivalent to that which his or her parents should have given the child. O.C.G.A. 15-11-1.

The Juvenile Court of the Piedmont Judicial Circuit serves a variety of functions in the community.

- Provides the forum for adjudication of delinquency and unruly cases. The Court also hears child deprivation (abuse and neglect) cases, as well as those child custody cases transferred from Superior Court and Probate Court.
- Working in conjunction with local intake officers of the Georgia Department of Juvenile Justice (DJJ), provides information to citizens regarding delinquency issues and makes referrals to other agencies when appropriate.
- Processes juvenile traffic cases.
- Coordinates citizen panel reviews for children in the State foster care system.
- Collaborates with DJJ and Georgia Department of Human Resources Division of Family and Children Services to support programs that benefit at risk children residing in the Piedmont Judicial Circuit.

NUMBER OF APPROVED POSITIONS: One elected official and four full-time.

OBJECTIVES:

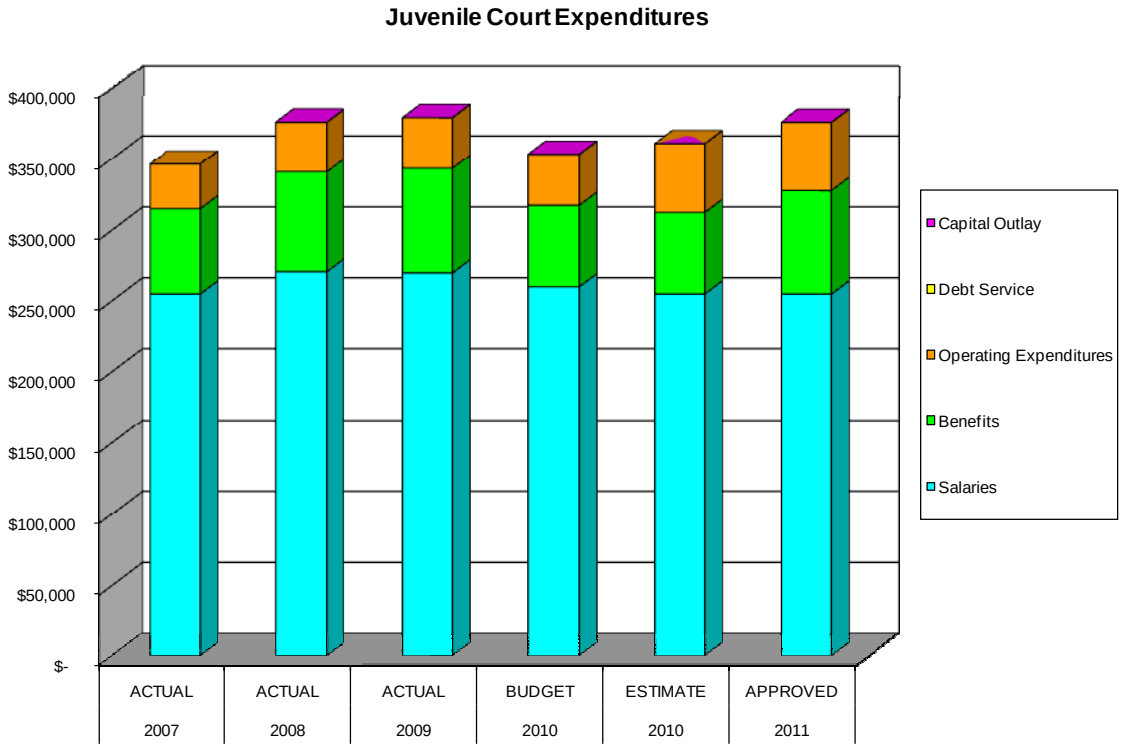

- Expand operations in Barrow County.
- Relieve stress on court's program division.
- Expand the O.C.G.A. 15-11-10 risk reduction program to the entire judicial circuit.
- Work with the Clerk of Court, the Information Technology Departments, and the information technology vendors for the Piedmont Judicial Circuit to improve reliability of court technology.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- We were only able to open a part-time satellite office in the new Barrow County Courthouse in April 2009 due to lack of sufficient staff to provide a full-time presence in the Circuit's most populous county. Meeting the needs of Barrow County's approximately 70,000 citizens remains a challenge along with the population increase in Jackson County.
- The Child Advocate division of the court remains stressed. Our current budget contains two full time Child Advocate Attorneys to represent children in child deprivation cases. At our current staffing level, we are close to meeting our goal of no more than 130 children per attorney. As of March 31, 2009, our two child advocates represent a total of 268 children, which only slightly exceeds our goal. These figures are much the same for 2010. However, we have received the results of an evaluation of our Child Advocate Division performed by the Governor's Child Advocate Office in 2007. This report recognized the excellence of our two staff attorneys, but it also challenged the Court to provide the attorneys with the resources needed to perform their duties in a manner that provides for truly adequate representation for all abused and neglected children in State custody in this circuit. In response to the challenge, the Barrow County Board of Commissioners assigned a full-time clerk to assist the Child Advocate Division with their administrative needs. At this time, no further staffing assistance is requested as we anticipate the DFCS "diversion" policy to remain in effect at least through State FY11.

JUVENILE COURT FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 1.93% or $5,004 decrease in salaries primarily due to:
  - Elimination of all budgeted overtime in the amount of $5,000.
- 26.65% or $15,322 increase in benefits primarily due to:
  - Reinstatement of base-match retirement in the amount of $17,836.
  - 63.75% or $2,926 decrease in worker's compensation insurance based on actual rates for 2011.
- 33.65% or $12,058 increase in operating expenditures primarily due to:
  - 300% or $15,000 increase in legal fees.
  - 23.53% or $2,000 decrease in other professional fees.
- Total increase of 6.34% or $22,376.

ADDITIONAL STAFF REQUESTED: **NONE**

DISTRICT ATTORNEY

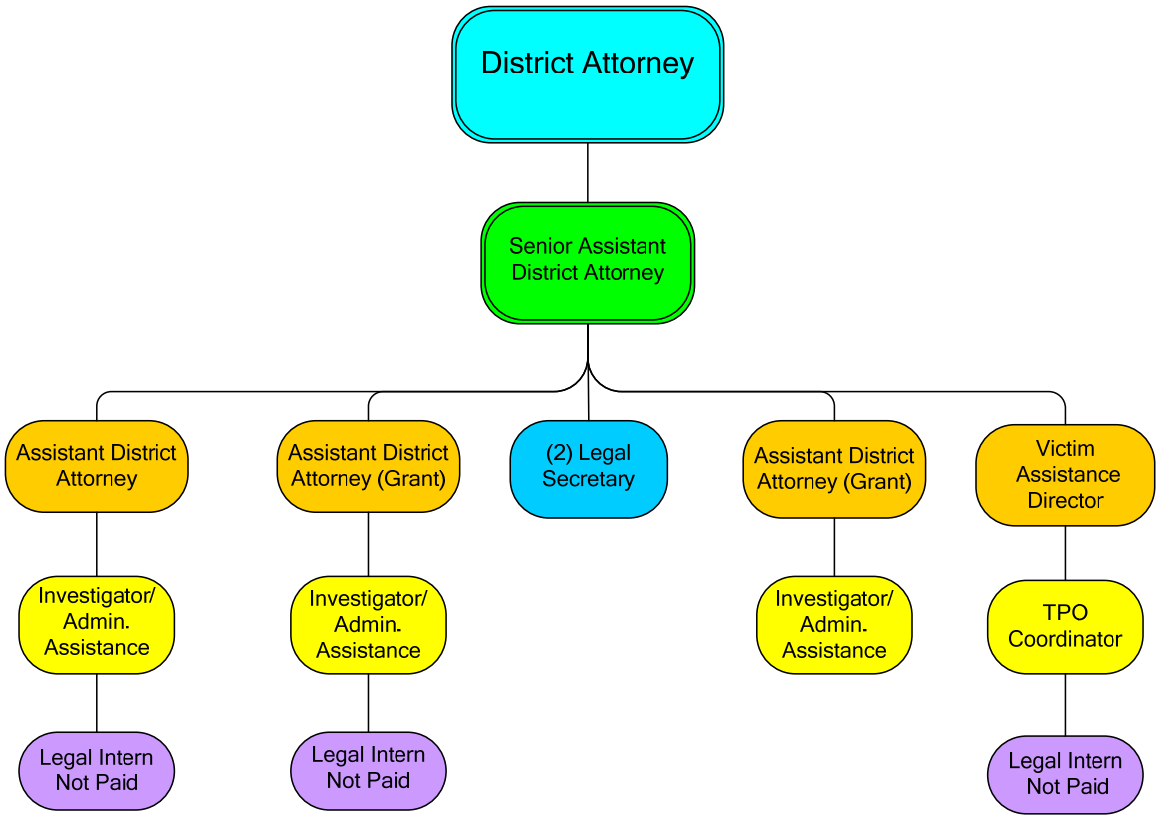

MISSION:

Committed to ensuring that justice is done, our community is protected, and we earn and hold the trust of the citizens that we are privileged to serve.

GOALS:

- Enhance the quality of life in our community.
- Preserve the dignity of victims and their families.
- Aggressively advocate for justice.
- Continuously improve our service.

NUMBER OF APPROVED POSITIONS: One elected official, seven full-time, two part-time, and one part-time who receives a supplement from Jackson County.

OBJECTIVES:

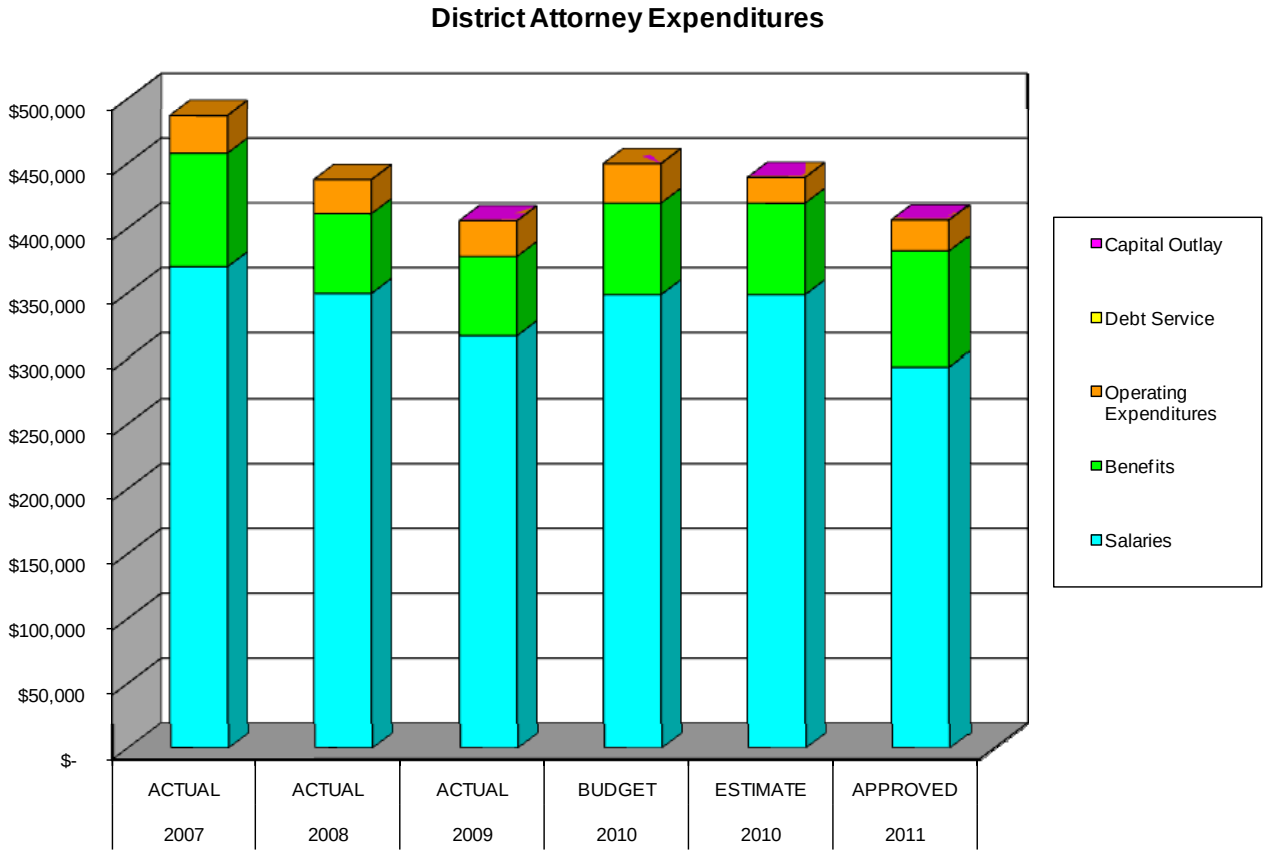

- Indict or accuse all cases within 90 days of arrest when sufficient evidence exists for prosecution.
- Contact victims of crime within 10 days of referral to our office.
- Dispose of 90% of indicted or accused cases with a guilty verdict.
- Provide leadership for the Piedmont Circuit's Domestic Violence Task Force, Child Abuse Task Force, and Child Fatality Review Committee.
- Provide quality training for law enforcement agencies within the Piedmont Circuit.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- If the current recession lingers or even deepens into 2010 and 2011, unemployment and the other economic pressures will cause a rise in criminal activity. Not only will crimes for financial gain increase, but due to financial stresses, violent crimes, particularly domestic violence and violence against children, will rise.
- Due to budget cutbacks throughout the County and State agencies, these agencies are beginning to increase the fees they charge us for services critical to the functioning of our office.

DISTRICT ATTORNEY FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 15.72% or $54,915 decrease in salaries primarily due to:
  - Reduction-in-force of two full-time positions taken from existing vacancies.
- 25.69% or $18,134 increase in benefits primarily due to:
  - Reinstatement of base-match retirement in the amount of $19,397.
  - Decreases in Medicare and FICA relating to the reduction-in-force.

- 21.68% or $6,596 decrease in operating expenditures primarily due to:
  - 33.33% or $3,000 decrease in general operating supplies.
  - 50% or $1,500 decrease in court transcripts.
- Total decrease of 9.63% or $43,377.

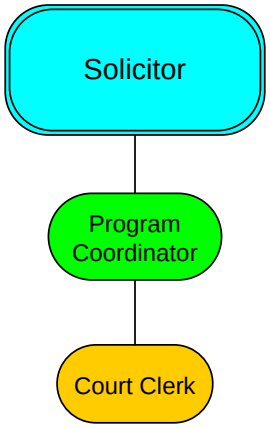

ADDITIONAL STAFF REQUESTED: **NONE.**

OFFICE OF VICTIMS' ASSISTANCE

MISSION:

The Victim's Assistance office serves to render aid and advice to victims of crimes prosecuted in the State Court of Jackson County. With most cases being domestic violence, the main mission of the office is to insure that victim's needs and rights are provided for during the arrest and prosecution process. We attempt to make contact with all victims to insure that the needs and rights of victims are provided, including notice of the suspects arrest and release from custody, court dates, restitution, victim service programs and input to sentence.

NUMBER OF APPROVED POSITIONS: Two full-time.

GOALS:

- Keep current with the monthly cases brought to this office from the Sheriff's office.
- Prepare all cases for arraignment with investigation of charges, contact with victim, restitution owed to any victim, and prior charges and criminal history.
- Track all pretrial status on all domestic and drug/alcohol cases until completed; plus track all probationers ordered to do intervention classes.
- Make sure all "not guilty" pleas are entered and ready for trial.

OBJECTIVES:

- Provide digital cameras to all DMV officers working on DMV cases.
- Provide training for victims on safety and intervention to all defendants qualifying.
- Stay up-to-date on outreach programs and training provided by community and state.
- Educate community that Jackson County is working towards a no tolerance to DMV with prosecution as state law allows.
- Provide a community team to work with victims' needs from DMV relationship for safer life.
- Work to make officers of DMV have more concern and knowledge to DMV to do their job more efficient so there is all the needed information, phone numbers, correct address, family contact, witness statements and photos available to make a prosecutable case once our office reviews it.
- Work to establish a team that does only DMV investigation, contact, prosecution and assistance in order for victims to trust the personnel and feel safe about going forward with the prosecution. This team would start with the 911 call, photos, victim interviews and end with the prosecution. This team would be screened to know their

credentials, and make sure they were not an abuser themselves taking their frustration out on a victim. This team would work with the defendant and victims first hand, helping it to be easier to reach their goal of no tolerance to DMV in our community.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

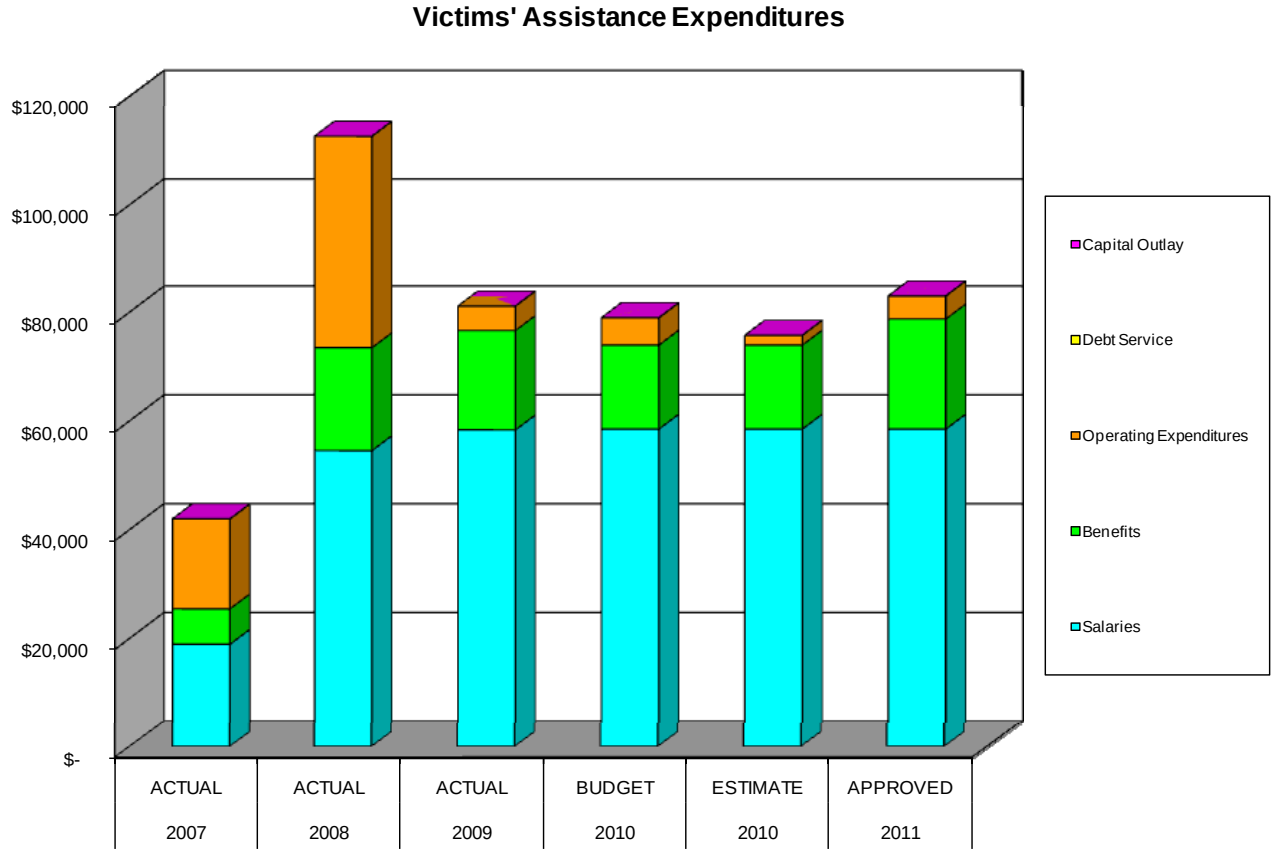

- Making sure we have all the information needed from agencies for prosecution of case. By having all officers and person preparing cases aware that reports and information is correct.
- Have more involvement of agencies attend Task Force meetings and discuss issues, cases and problems with safety of victims and prosecution of defendants.
- Fines are still below the surround counties even though cases have increased. If they are in line, they are not carried out by the system.
- Repeated offenders of crime knows how to "ride the system" and play all the tricks to prolong prosecution, which endangers the victim or either the victim gives up and moves out of the county leaving prosecution with no way of reaching them.
- With our county growth, we should look at the process of eliminating cases being done away with unless we have a legitimate excuse. DMV is a serious crime and it effects more than the victim, usually there are children in each case. Therefore, each case should be not only trying to work on the victim of the crimes safety, but all involved. It is our duty to help theses innocent children if no one else can.
- More training is needed on all issues related to domestic violence.

VICTIM'S ASSISTANCE FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- No change in salaries for FY 2011.
- 31.03% or $4,7995 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions in the amount of $4,094.
- Overall, operating expenditures have decreased 15.58% or $780 primarily due to
  - 18.33% or $275 decrease in general operating supplies.
  - 27.54% or $380 decrease in travel expenditures.
- Total increase of 5.09% or $4,015.

ADDITIONAL STAFF REQUESTED: One court clerk, full-time at 40 hours per week. Total cost approximately $38,000 salary and benefits plus training.

CAPITAL REQUESTS: **NONE**

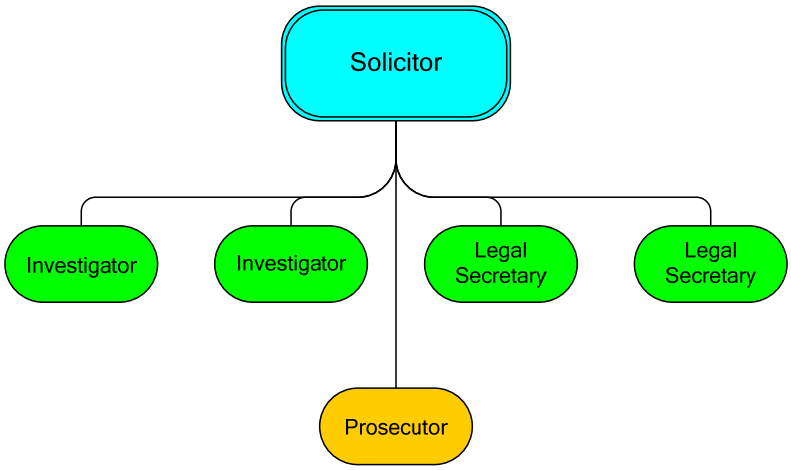

OFFICE OF THE SOLICITOR

MISSION AND GOALS:

The Office of the Solicitor serves as the prosecuting arm of the State Court of Jackson County. The State Court of Jackson County was created by the State legislature to resolve both civil and criminal cases. The central mission of the Office of Solicitor is to insure that justice is done. To that end, this office investigates the misdemeanor cases that are brought to the sheriff's department for prosecution. The purpose of the investigation of those cases is to insure that those who are not responsible are not held responsible and that those who are responsible are properly and appropriately prosecuted.

NUMBER OF APPROVED POSITIONS:

One elected official and four full-time employees.

GOALS:

- Keep current with the caseload as it is brought to this office from the Sheriff's department, transferred from city municipalities, Magistrate Court and District Attorney's Office as well as Animal Control violations.
- Keep track of cases in which "Not Guilty" pleas are entered and set cases for trial.
- Know, at each monthly arraignment, the charges against the accused, the amount of restitution owed to any victim, and the previous criminal history of the accused.
- Keep track of cases that are set for trial, coordinating the availability of the State's witnesses (State Crime Lab witnesses and Georgia State Patrol officers being the most difficult to accommodate) with the availability of defense attorneys who have conflicts with cases in other courts.

OBJECTIVES:

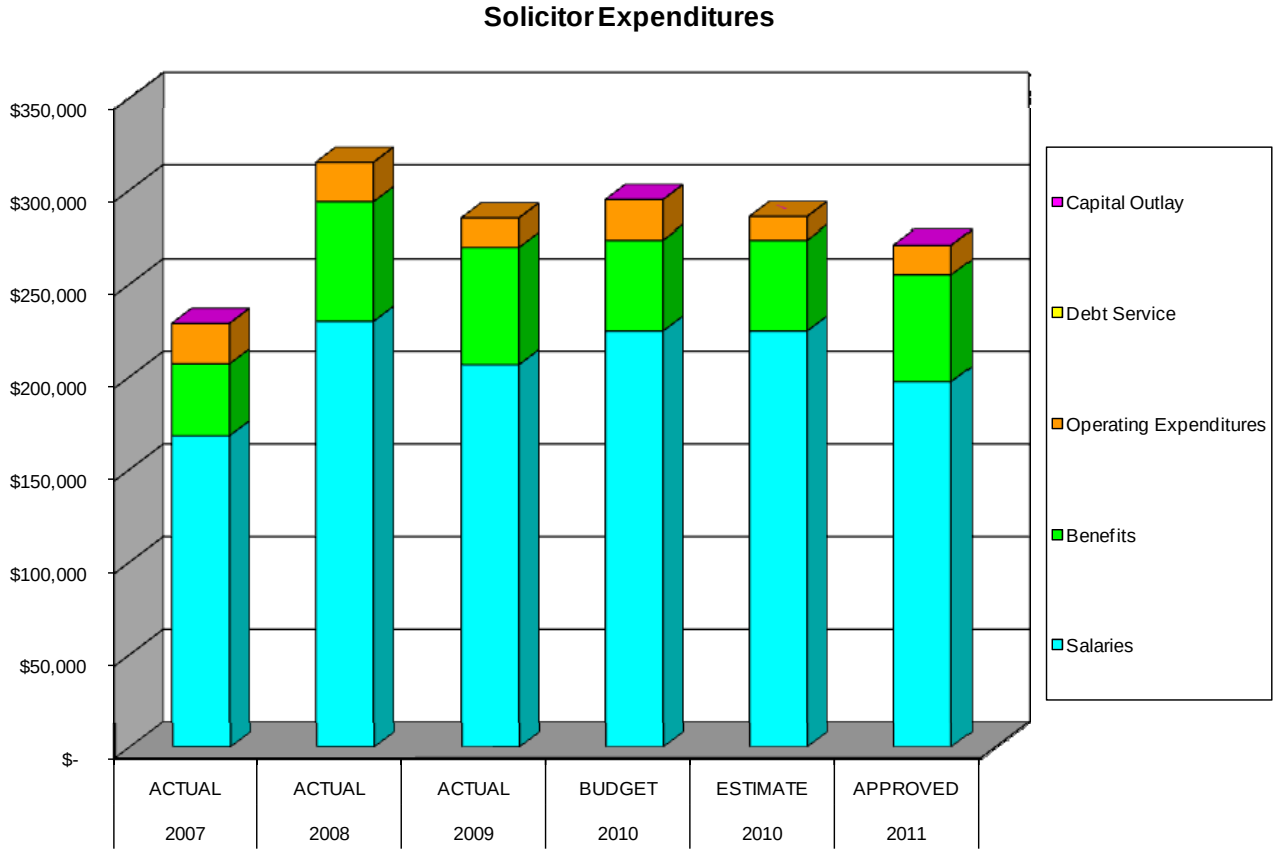

Establish a case count to determine the workload for the department.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- Issues that could face the Solicitor's Office for the year are the fact that we are short one investigator. Also, the price of supplies and gas are on the rise. Due to the increased numbers of DUIs, there is a strong need for a DUI court to help improve the safety of the community. Often times, drugs and alcohol are involved in driving a vehicle, as well as domestic violence cases.

PERFORMANCE MEASURES:

OFFICE OF SOLICITOR'S FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 12.14% or $27,325 decrease in salaries primarily due to:
  - Hiring freeze on one vacancy.
  - 4.84% or $2,944 increase in salaries due to non-furloughed salary for elected official budgeted.
- 17.93% or $8,767 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions for an increase of 235.13% or $9,377.
- 25.51% or $5,431decrease in operating expenditures primarily due to:
  - 40.38% or $3,731 decrease in operating leases.
  - 33.02% or $1,972 decrease in general operating supplies.
- Total decrease of 8.12% or $23,988.

ADDITIONAL STAFF REQUESTED: Requests of a 6% cost of living raise for Solicitor.

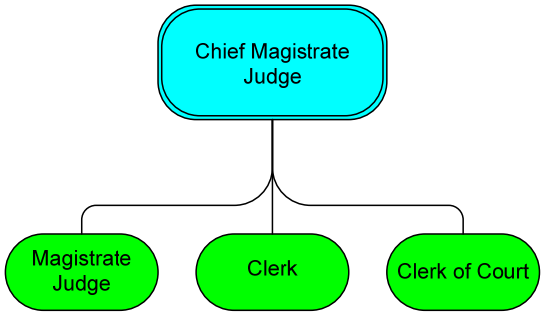

CAPITAL REQUESTS: **NONE**

MAGISTRATE COURT

MISSION:

The Jackson County Magistrate Court provides assistance to the general public, law enforcement agencies, and attorneys in the prosecution of civil and criminal cases in Jackson County. Jurisdiction of the Court is conferred by O.C.G.A. Section 15-10-2 with duties divided between the civil and criminal divisions.

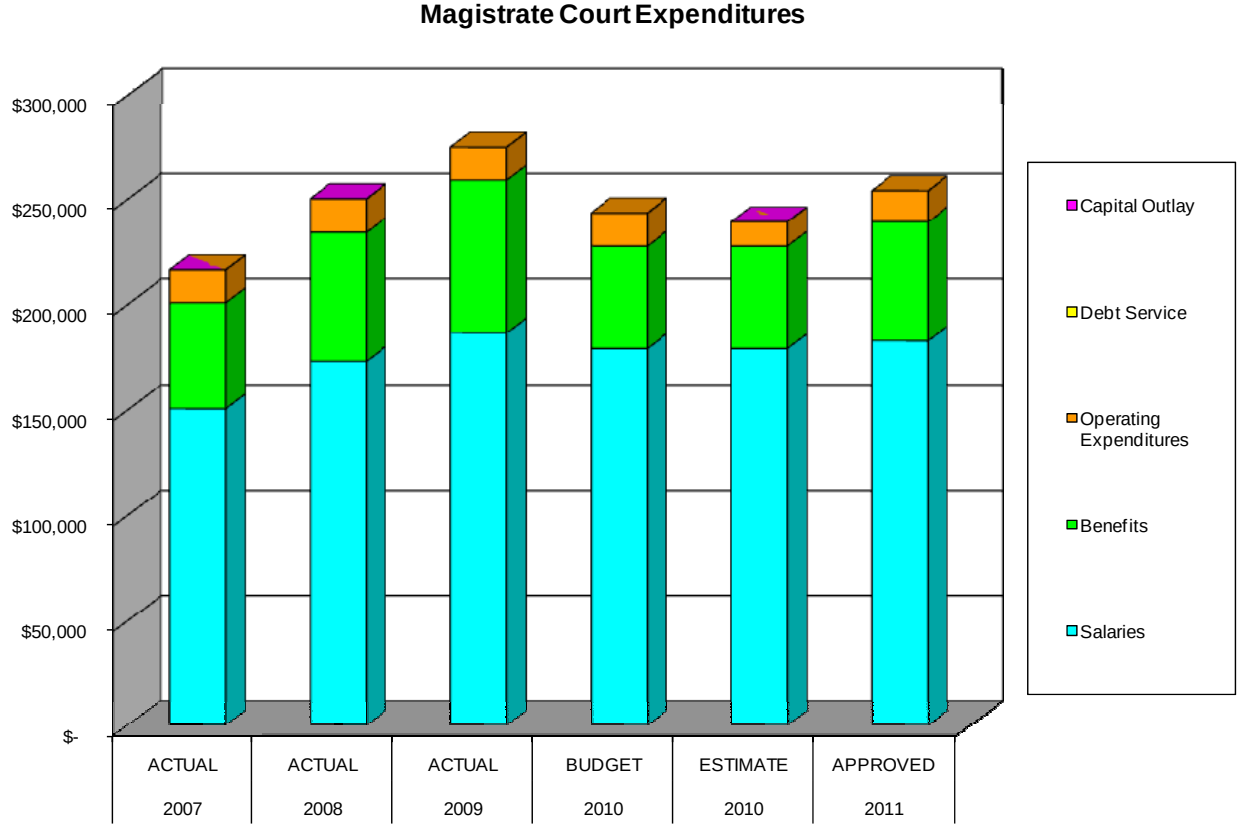

NUMBER OF APPROVED POSITIONS: One elected official and three full-time employees.

GOALS & OBJECTIVES: Continue to attend the ICJE Specialty Courses.

***MAGISTRATE COURT'S FY11 BUDGET HIGHLIGHTS*:**

- The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.
- 2.07% or $3,702 increase in salaries primarily due to:
  - State mandated increase in the elected official's salary of 4.84% or $3,706.
- 15.98% or $7,791 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contribution for an increase of 92% or $7,174.
- Overall, operating expenditures have decreased 7.15% or $1,121 primarily due to:
  - 52.56% or $2,096 decrease in operating leases due to implementing new equipment at a reduced rate.

    - 100% or $500 increase in other professional fees.
    - 25% or $500 increase in general operating supplies.
- Total decrease of 4.26% or $10,372.

ADDITIONAL STAFF REQUESTED: **NONE**

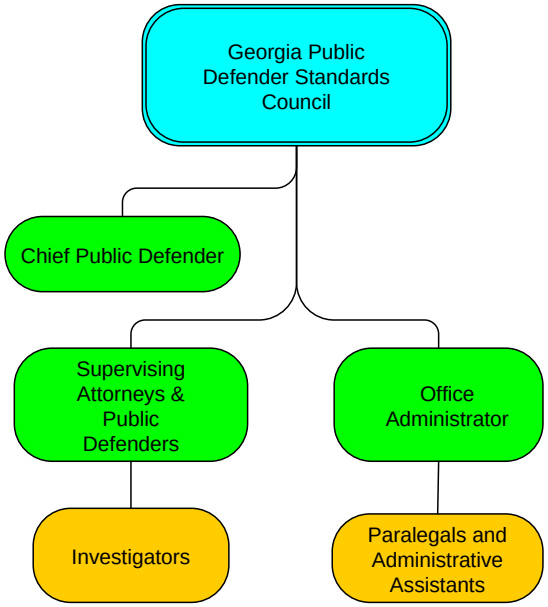

PUBLIC DEFENDER'S OFFICE

MISSION:

The mission of the Piedmont Circuit Public Defender's Office is to provide high-quality legal representation to indigent clients without undue cost to the community.

NUMBER OF APPROVED POSITIONS:

The Public Defender's staff are employees of the State. Jackson County's share of expenditures is paid though an intergovernmental budget line item.

GOAL:

Continue to increase demonstrable, measurable services provided, including increasing the number of client contracts per case, more extensively using state-funded experts, conducting earlier investigations, and making more referrals to appropriate community support agencies.

OBJECTIVES:

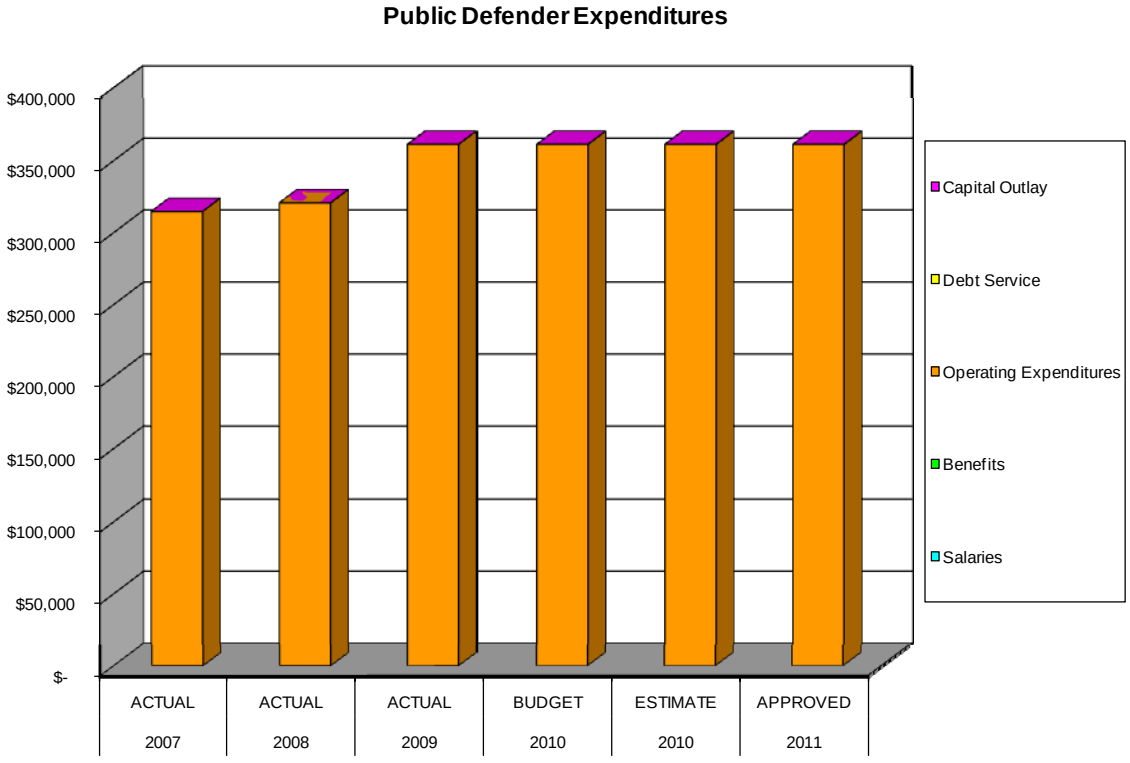

- Increase average number of client contacts per case.
- Better utilize available state-funded resources such as expert witnesses by identifying a larger number of appropriate cases for their use.
- Increase average investigative time per case.
- Increase number of clients for whom the department makes referrals to appropriate community supports services (e.g., drug rehabilitation) to reduce recidivism rates and develop mitigation for sentencing.
- Decrease time between trial and conclusion of appeals.
- Utilize existing resources (JCATS) to measure the above resources.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

Political issues continue to threaten the future of the state-wide indigent defense system. The legislature has continually appropriated less for indigent defense for the past few years. The counties continue to be called upon to provide the resources necessary to assure adequate representation. But barring an unforeseen dramatic increase in caseload or abolition of the state-wide system, Jackson County should be in a position not to be hit by a dramatic cost increase.

PUBLIC DEFENDER FY11 BUDGET HIGHLIGHTS:

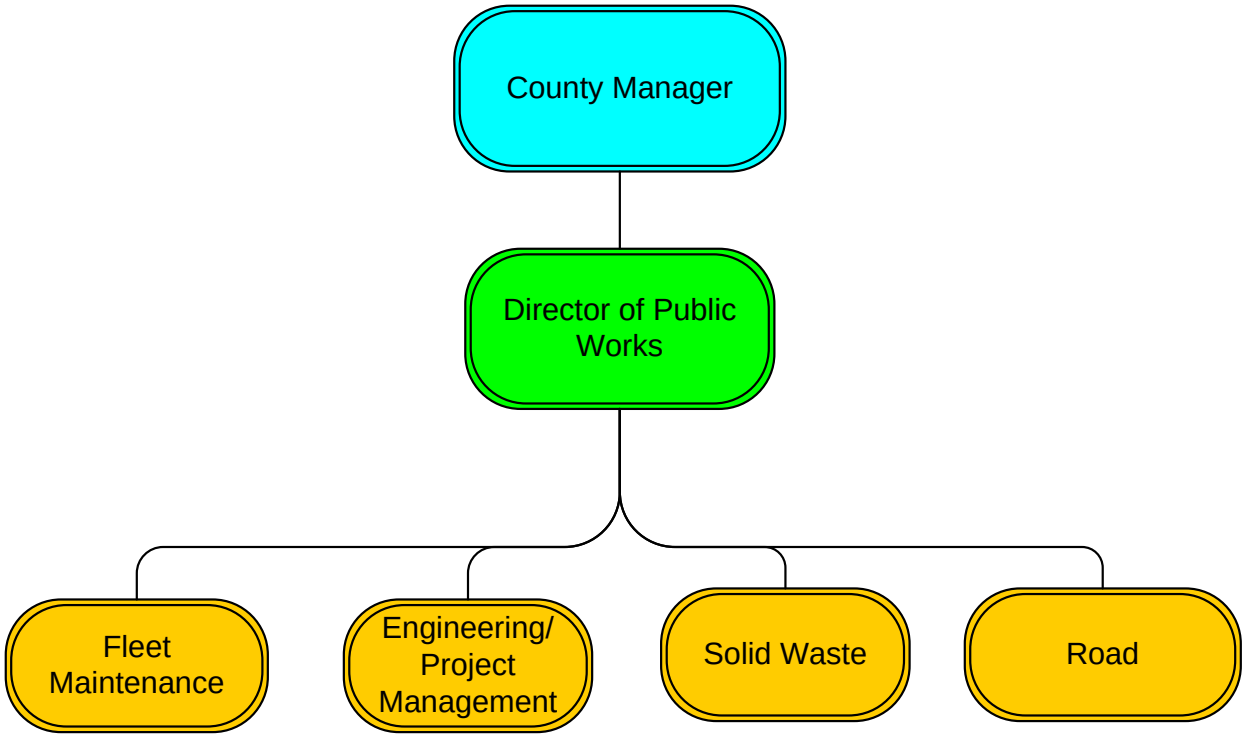

This department became part of the State of Georgia's payroll system in 2005. However, the county budgets, as an intergovernmental expenditure, its share of the cost per the intergovernmental agreement between the county and the Georgia Public Defender Standards Council. The FY 2011 Budget remains unchanged from FY 2010.

ADDITIONAL STAFF REQUESTED: **NONE**

CAPITAL REQUESTS: NONE

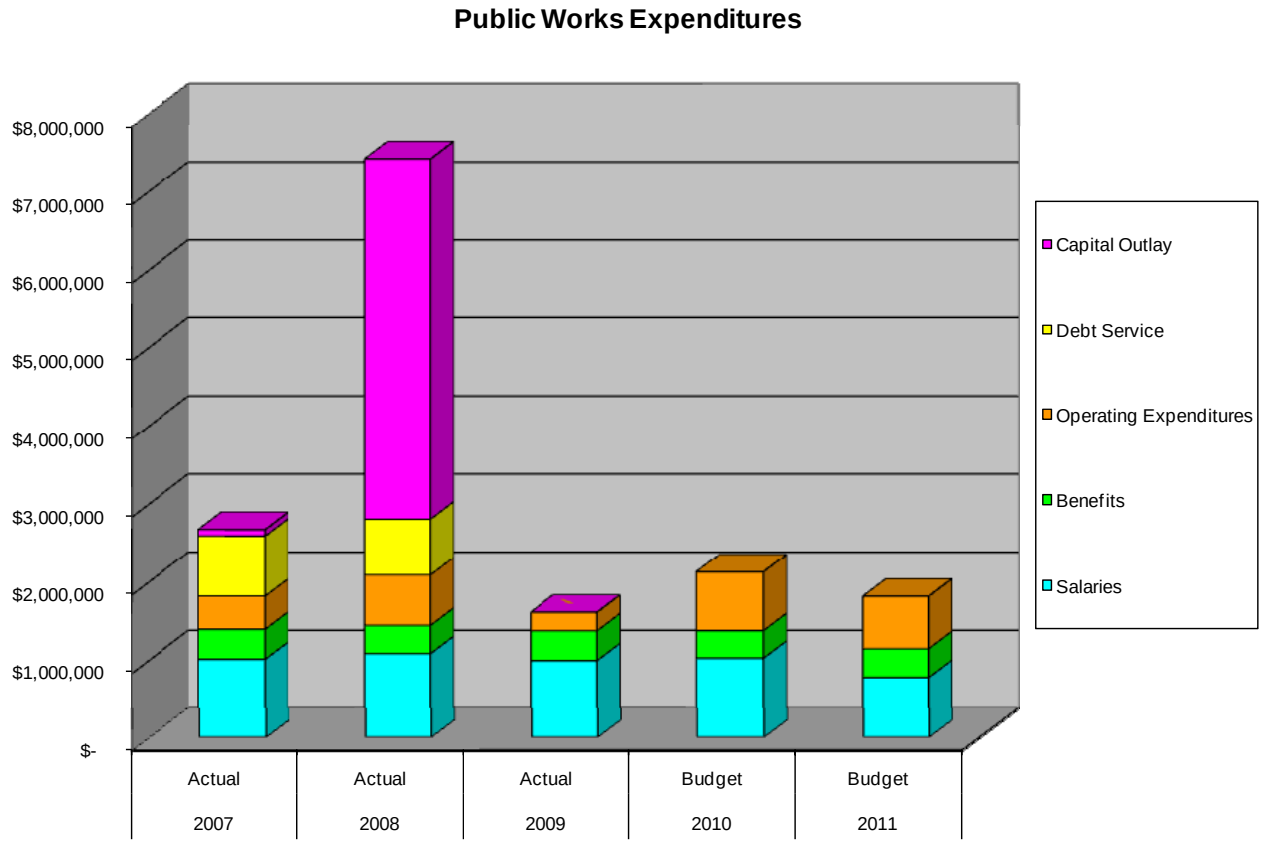

PUBLIC WORKS FUNCTION

The Public Works function is comprised of the following departments: Roads, Engineering and Project Management, Airport and Fleet Maintenance. The proposed Public Works FY11 budget is $1,819,836 or 5.09% of the total proposed FY11 General Fund budget. This is a decrease of 14.68% or $313,209 from the approved FY10 budget.

ROADS

MISSION AND GOALS:

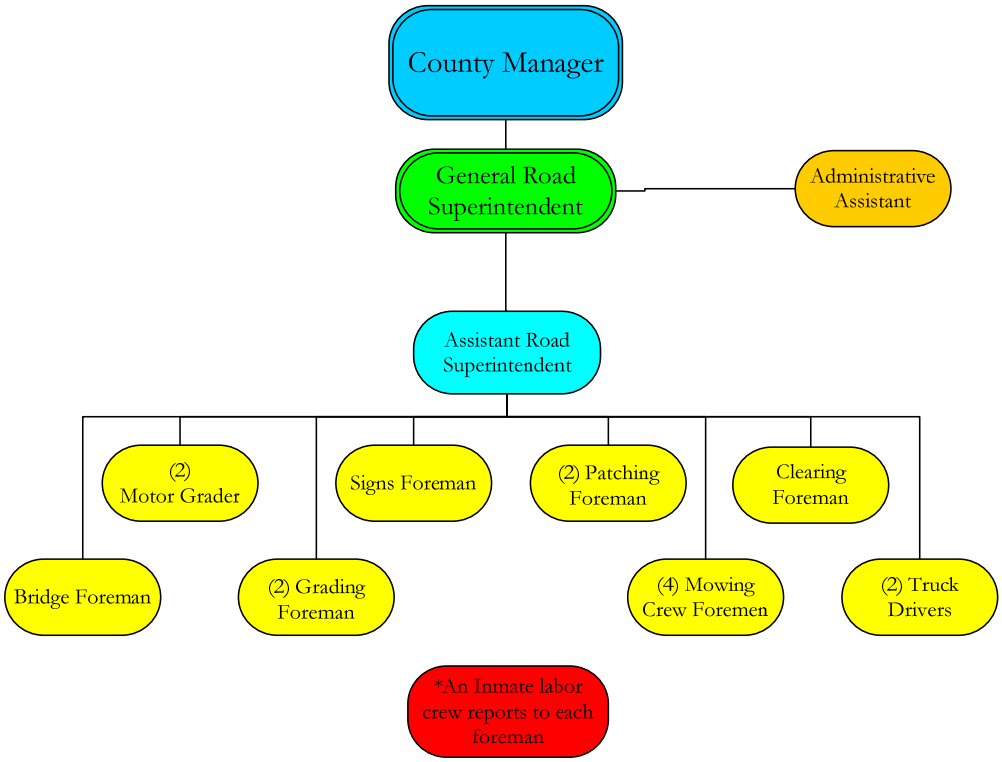

To provide transportation, roads and drainage systems which are safe for all travelers within the county.

- To insure that all roads, paved or gravel, are maintained for safe travel for the general public.
- To identify problem locations, hazards, and develop solutions for positive results.
- To ensure all storm water systems are maintained for safe travel for the general public.
- To provide timely results on all related work requested by the public and county officials.
- To maximize State and Federal funding assistance such as LARP programs and other aid.
- To provide a positive work environment and training program for our employees.

OBJECTIVES:

- To complete all work requested from the public and county officials within two working days.
- To reduce work requests by implementing a good preventative maintenance program.
- To complete all construction projects within a timely manner with quality workmanship.
- To achieve a high level of work force productivity.
- To develop an inventory system for rating roads to protect public investment.
- Properly marking all signs according to MUTCD book.
- Upgrade county road standards to match public growth.
- To repair reported potholes within 24 hours.
- To repair reported stop signs within 2 hours.

NUMBER OF APPROVED POSITIONS: Sixteen full-time

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

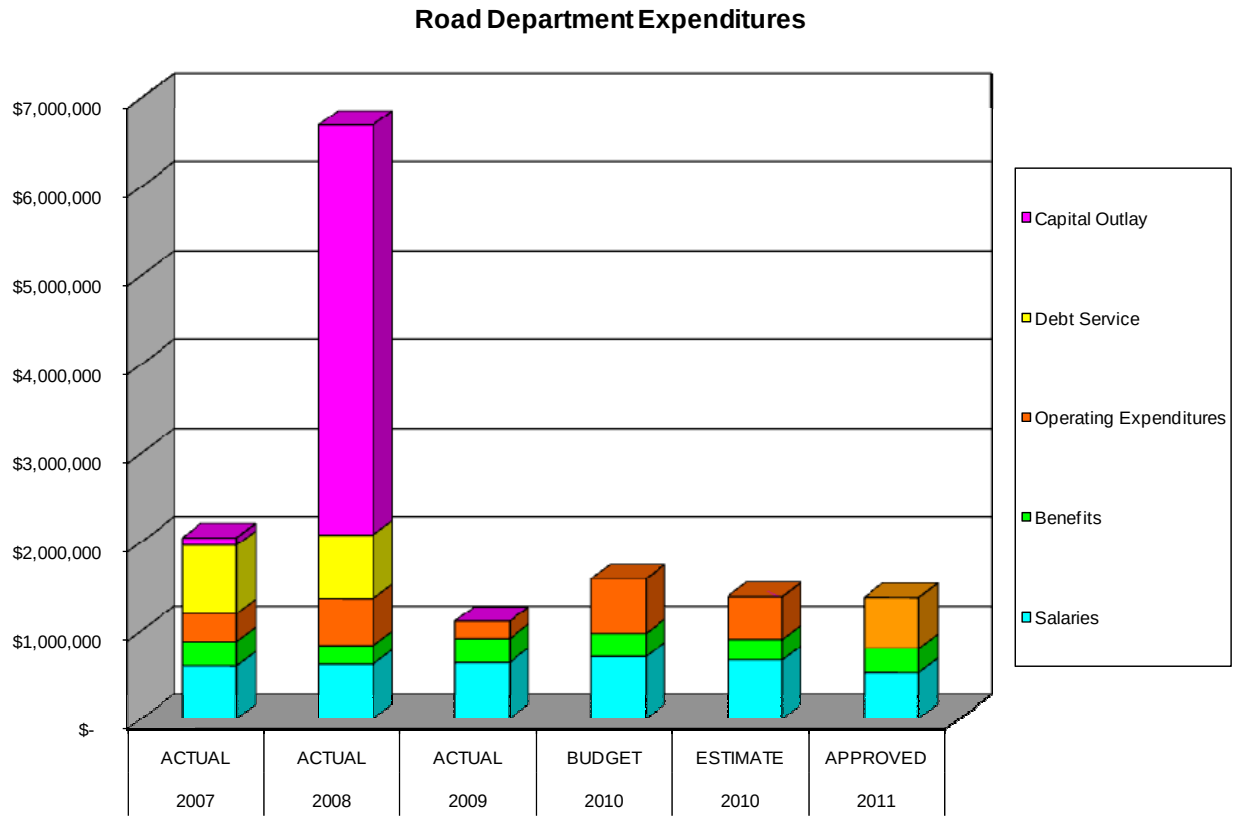

- The biggest issue for the Road Department is the lack of funding for paving and resurfacing. The Road Department has not been provided the funds allocated in previous years due to budget cuts. The road Department needs to pave or resurface approximately 40 miles of roads each year to ward off deterioration of roads systems. The Road Department was only able to pave or resurface 7.68 miles of road in 2009 and 8 miles in 2010 placing the department further behind in efforts to properly maintain County roads. Furthermore, due to extensive budget cuts from the Georgia Department of Transportation, the LARP program will not be available in 2011. This places the financial burden of paving and resurfacing solely on the Jackson County Board of Commissioners.
- Care and maintenance of subdivision sidewalks is another major issue that will have to be addressed as the many miles of County subdivision sidewalks begin to age. This new responsibility will have to be incorporated into the maintenance program. This will of course take additional resources.
- Erosion control is another significant issue due to the rising seed, hay, and mulch costs.
- The Road Department would like to convert its workforce from inmates to skilled labor to ensure quality work is performed. This requires additional funds for salaries and benefits, as well as less work completed until the "new" workforce completes its training.

PERFORMANCE MEASURES:

ROAD DEPARTMENT'S FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 24.92% or $176,548 decrease in salaries primarily due to:
  - Reduction-in-force of three full-time positions and a transfer of one full-time position to Solid Waste.
  - Elimination of all budgeted overtime in the amount of $38,480.
- 3.73% or $9,685 increase in benefits primarily due to:
  - Decreases in Medicare, FICA, health insurance, and workers compensation insurance that relate to salary decreases from the reduction-in-force.
  - Reinstatement of the base-match retirement contributions for an increase of 152.79% or $26,685.

- 7.76% or $48,110 decrease in operating expenditures primarily due to:
    - Bringing all operating expenditures in line with past performance and forecasts such as:
        - 23.81% or $25,000 increase in fuel and lubricants.
        - 40% or $40,000 decrease in asphalt due to less overall funding for road work.
        - 31.48% or $21,202 increase in property & liability insurance.
        - 68.75% or $11,000 decrease in roadside erosion control.
        - 9% or $9,000 decrease in stone for gravel road maintenance due to good maintenance of these roads over the past few years.
- Total decrease of 13.54% or $214,973.

ADDITIONAL STAFF REQUESTED: **NONE**

CAPITAL REQUESTS: **NONE. Note: the heavy equipment replacement schedule has been halted for FY 2011 due to cost-saving measures. This has previously been budgeted in the Capital Projects Fund.**

ENGINEERING/PROJECT MANAGEMENT

The Engineering/Project Management Department no longer contains any employees although some costs are captured in the department that relate to the General Fund in scope. The department's work has been completely outsourced for FY 2011 as the Contracts Specialist position was eliminated in the 2010 reduction-in-force.

MISSION AND GOALS:

This department mission is to engineer quality infrastructure from vision to reality by the following:

- Provide effective master planning of transportation, storm water, and solid waste.
- Manage capital infrastructure and facility projects effectively.
- Provide capable engineering and technical support to Jackson County Departments.
- Ensure quality infrastructure through effective review of land development projects.
- Provide effective customer service.

NUMBER OF APPROVED POSITIONS: None

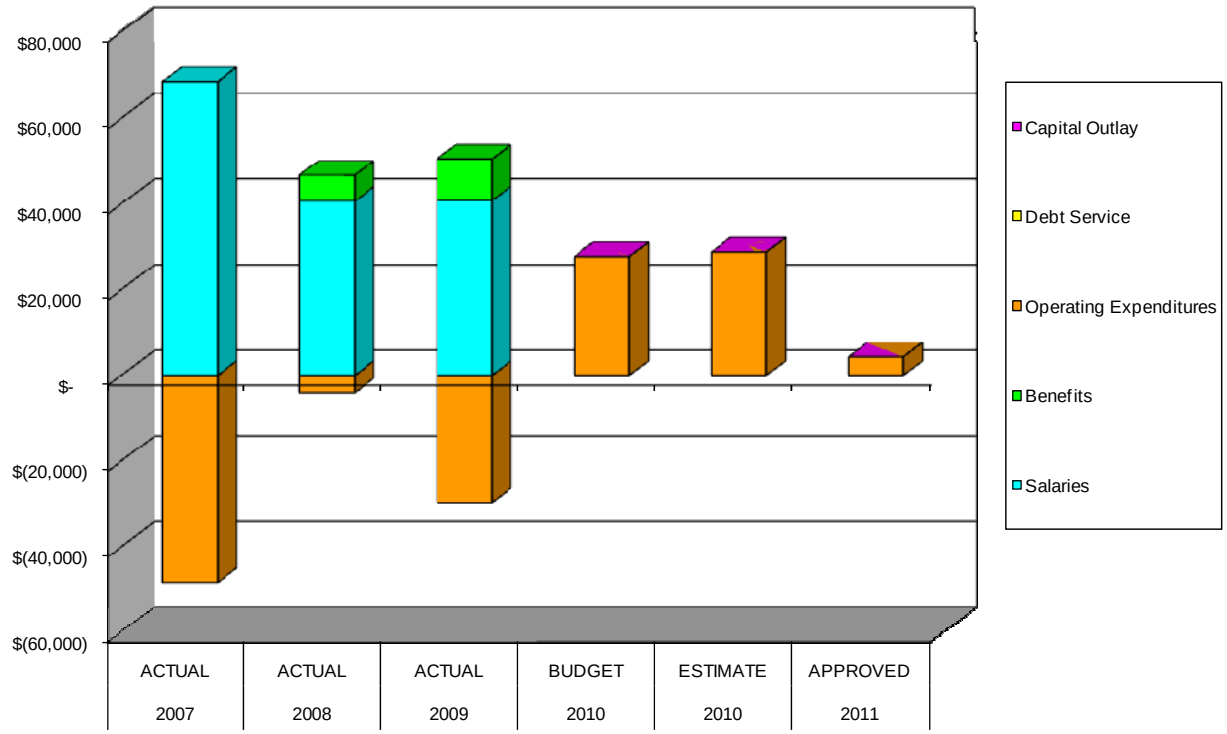

OBJECTIVES:

- Promote safety, reliability and optimization of County infrastructure systems and facilities.
- Ensure timely infrastructure and facility development that cost-effectively meets actual growth requirements.
- Develop project budgets and schedules based on County priorities and complete projects in a manner consistent with those priorities.
- Engineer quality projects to better serve Jackson County's long-term needs.
- Be responsive to requests for engineering and technical support.
- Ensure effective communication with internal customers.
- Ensure development plans comply with Jackson County Regulations and Standards.
- Ensure that public improvements are constructed properly and in accordance with approved plans.
- Ensure timely and quality review of development plan submittals.
- Complete public projects on time and within budget.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11: **NONE**

PERFORMANCE MEASURES: **NONE**

Engineering/Project Management Expenditures

HISTORICAL INFORMATION AND 2011 APPROVED DEPARTMENTAL BUDGET

ENGINEERING AND PROJECT MANAGEMENT FY11 BUDGET HIGHLIGHTS:

In 2006, the majority of the work performed by this department was moved to Fund 21, Public Development. A full-time engineer was hired in 2006, but salary and benefits are budgeted in the Special Revenue Fund. The funds proposed for the Fund 10 FY11 budget are project management operational expenditures. The funding of the contract administrator position has been eliminated due to the reduction-in-force. This was previously paid for from special project funds in 2010.

The approved FY11 budget has decreased due to the following:

- Operating expenditures have decreased 84.62% or $23,375 due primarily to the following:
  - 94% or $23,500 decrease in other professional fees.
- Total decrease of 84.62% or $23,375.

ADDITIONAL STAFF REQUESTED: **NONE.** ***CAPITAL REQUESTS:*** **NONE.**

AIRPORT

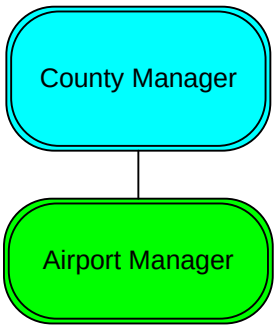

The Airport is a separate operation and is classified as a Component Unit in a Special Revenue Fund. In 2006, an Airport Manager was hired to oversee this operation.

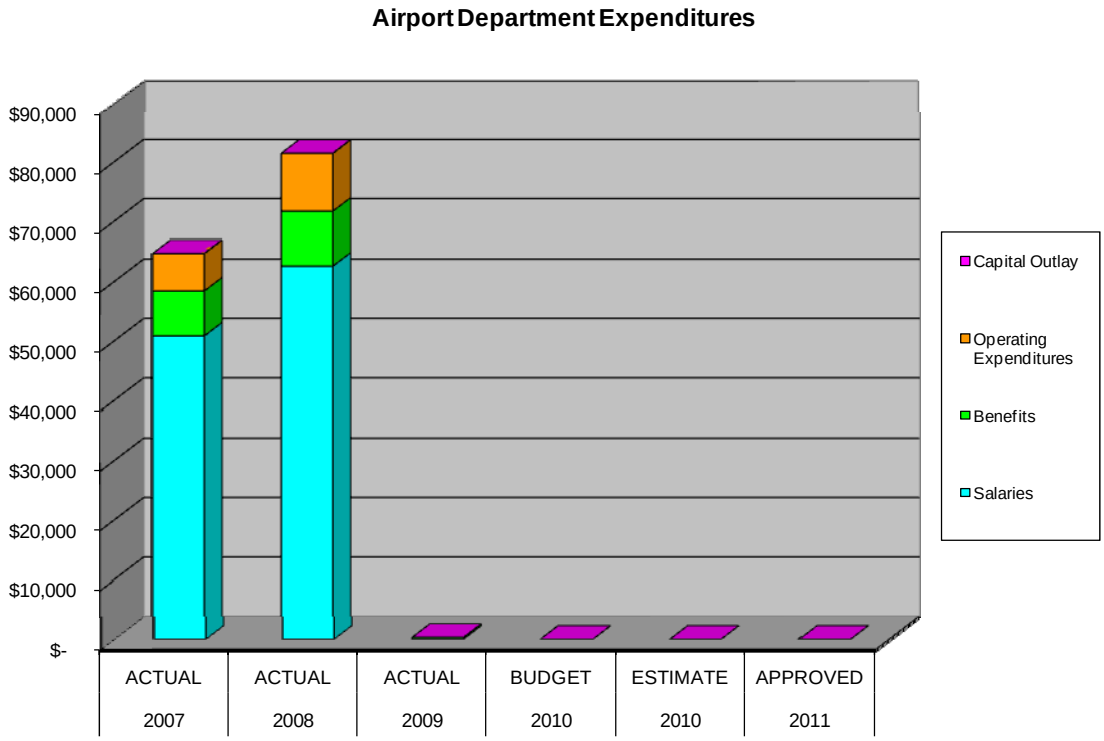

THE DATA SHOWN FOR THE AIRPORT IN THE GENERAL FUND IS FOR HISTORICAL PURPOSES ONLY. THE AIRPORT BUDGET IS NOW SHOWN AS A SEPARATE COMPONENT UNIT FUND (FUND 90) MANAGED BY THE JACKSON COUNTY AIRPORT AUTHORITY.

MISSION:

To provide safe and adequate aviation facilities to support community requirements for access to the nation's air traffic system and support general aviation as a viable part of the community's transportation network. The airport will promote the growth of aviation commerce through the aggressive development of the Airport Master Plan to maximize the benefit to the community within acceptable geographical and environmental limits.

NUMBER OF APPROVED POSITIONS: One full-time.

HISTORICAL INFORMATION AND 2011 APPROVED DEPARTMENTAL BUDGET

	2007 ACTUAL	2008 ACTUAL	2009 ACTUAL	2010 BUDGET	2010 ESTIMATE	2011 APPROVED	DIFFERENCE 2011-2010	PERCENT CHANGE
OBJECT OF EXPENDITURE								
Salaries Total	$ 50,987	$ 62,749	$ -	$ -	$ -	$ -	$ -	n/a
Benefits Total	$ 7,588	$ 9,092	$ 308	$ -	$ -	$ -	$ -	n/a

Airport Department Total	$ 64,841	$ 81,577	$ 308	$ -	$ -	$ -	$ -	n/a

AIRPORT'S BUDGET FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- All Salaries, Benefits, and Operating expenditures have been moved to Fund 90 for FY11 in order to more accurately reflect the total cost of operating the airport as a component unit.

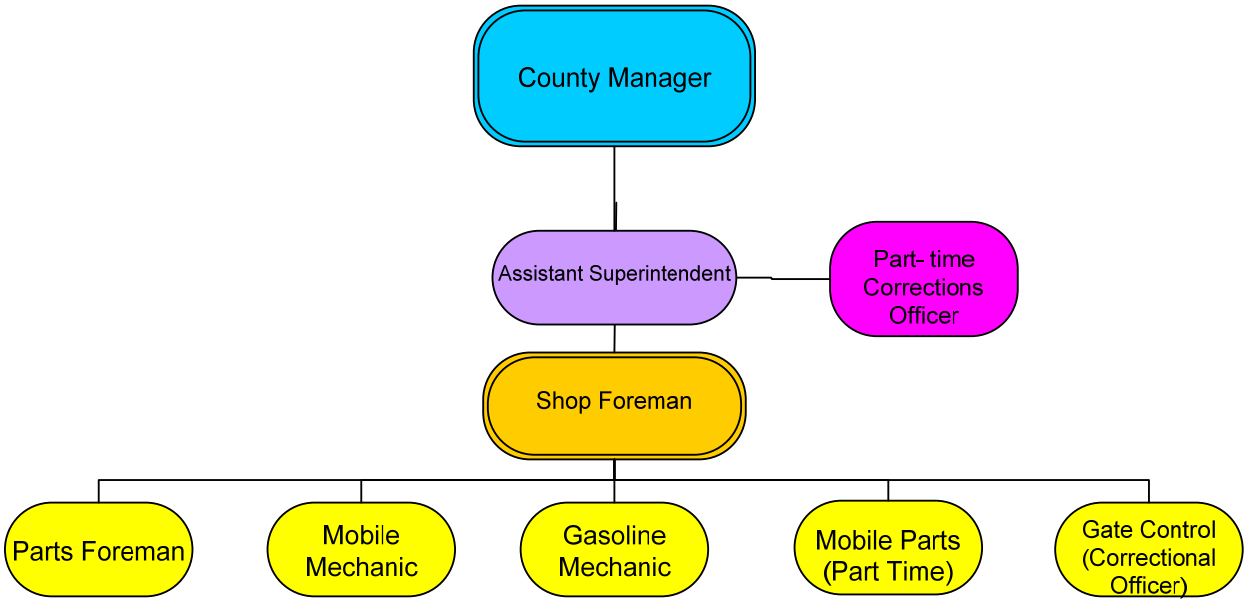

FLEET MAINTENANCE

MISSION AND GOALS:

To efficiently and economically manage the service of vehicles and equipment for county departments successfully in order for those departments to complete their function with the county with the least amount of down time due to repairs. To provide the lowest possible parts purchase cost while providing the best service, repair and maintenance for all vehicles.

- Provide timely and responsive services to ensure safe, well kept and effective operation of county-owned vehicles and equipment.
- Ensure adequate parts are on hand from vendors.
- Provide services that meet the needs of county departments.
- Perform repairs on county vehicles and equipment in a timely manner while still providing quality service.
- Provide monthly reports to county departments.
- Maintain the fuel station to assure there is adequate fuel and supplies available.
- Maintain records of all repairs and maintenance for a minimum of 24 months.
- In a timely manner, forward purchase orders and invoices to Finance Department to allow prompt payment to suppliers.

NUMBER OF APPROVED POSITIONS: Six full-time and two part-time.

OBJECTIVES:

- Ensure that all departments will receive maximum benefits from having a Fleet Maintenance shop operation at the lowest possible cost.
- Effectively operate, allow local vendors to make a reasonable profit, and to pass along these savings to the county taxpayers.
- Ensure timely repairs to all county vehicles and equipment.
- Respond to and complete 90% of all road maintenance/equipment repairs by the end of the same business day.
- Have all previous month's billing to the respective departments by the10th of each month.
- Utilize computer database for maintaining records of repairs and maintenance of all county vehicles and equipment.
- Keep 90% of required parts/supplies on hand for necessary repairs.
- Respond to after hours needs at the shop within 45 minutes.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- Lack of additional lift keeps staff on downtime waiting for sole lift to be vacated.
- Fleet shop was built in the 1950's. A modern facility would alleviate high utility costs, high compressor repair costs, and increase worker efficiency.

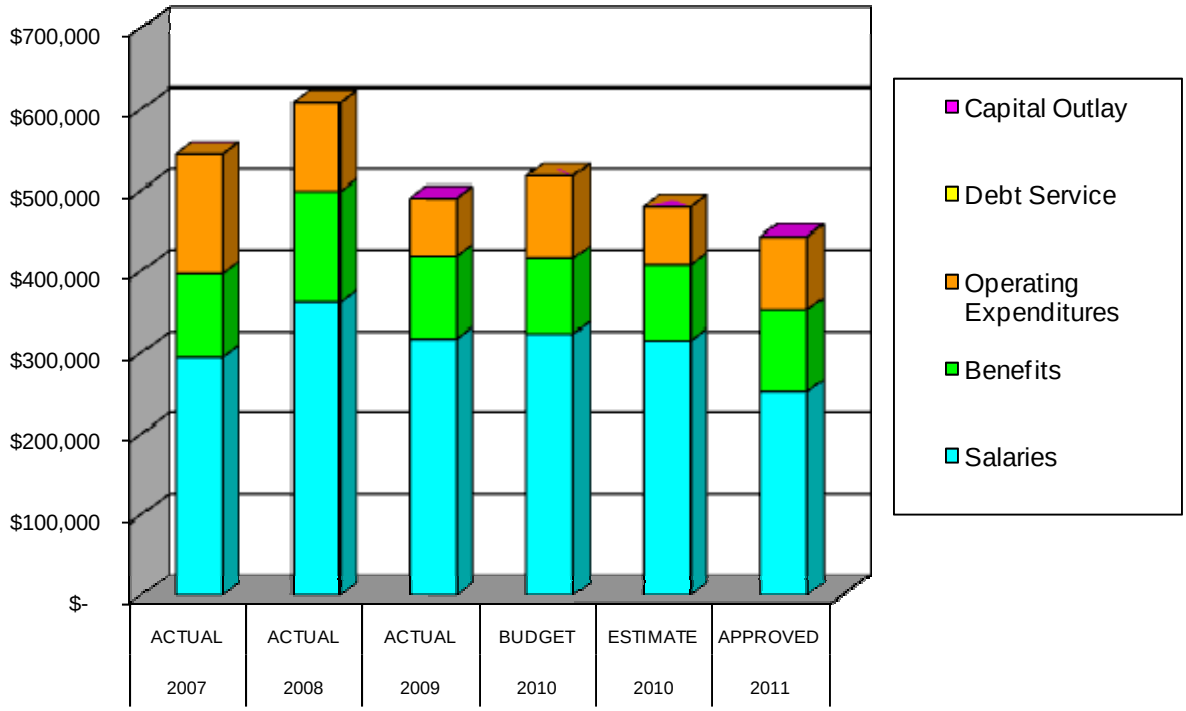

PERFORMANCE MEASURES:

FLEET MAINTENANCE	2007	2008	2009	2010	2010

Fleet Maintenance Expenditures

FLEET MAINTENANCE FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 21.87% or $70,748 decrease in salaries primarily due to:
  - Reduction-in-force of two full-time positions (one previously unbudgeted) saving 19.70% or $58,241 in salary costs for 2011.
  - Elimination of all budgeted overtime saving $9,236.
- 7.23% or $6,720 increase in benefits primarily due to:
  - Decreases in Medicare, FICA, and health insurance that relate to salary decreases from the reduction-in-force.
  - Reinstatement of base-match retirement contributions for an increase of 374.06% or $16,618.
- 10.71% or $10,832 decrease in operating expenditures primarily due to:
  - 100% or $5,000 decrease in repairs to buildings and grounds as the Buildings & Grounds Department has a consolidated budget for most departments' repairs needs.
  - 100% or $3,575 decrease in maintenance contracts as the contracts have expired.
  - 50% or $3,500 decrease in expendable equipment for purchase of small tools and compressor.
- Total decrease of 14.46% or $74,859.

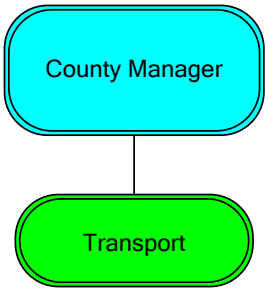

ADDITIONAL STAFF REQUESTED: **NONE**

CAPITAL REQUESTS:

- **Erect New Shop Building, estimated cost: $500,000**. Erect a new shop building possibly in the open field in front of the present Road Department. The current building was erected in the 1950's and is severely outdated.
- **Install Heavy Duty Vehicle Lift, estimated cost: $12,000.** Installation of a heavy duty scissor type lift for 15,000 lbs.+ vehicles. Only have one in the shop building.
- **Paint Body & Small Engine Building, estimated cost: $30,000**. Erect a new building to house the small engine shop, which includes heating and air, work platforms/lifts, work benches, exhaust system and storage area.

HEALTH AND WELFARE FUNCTION

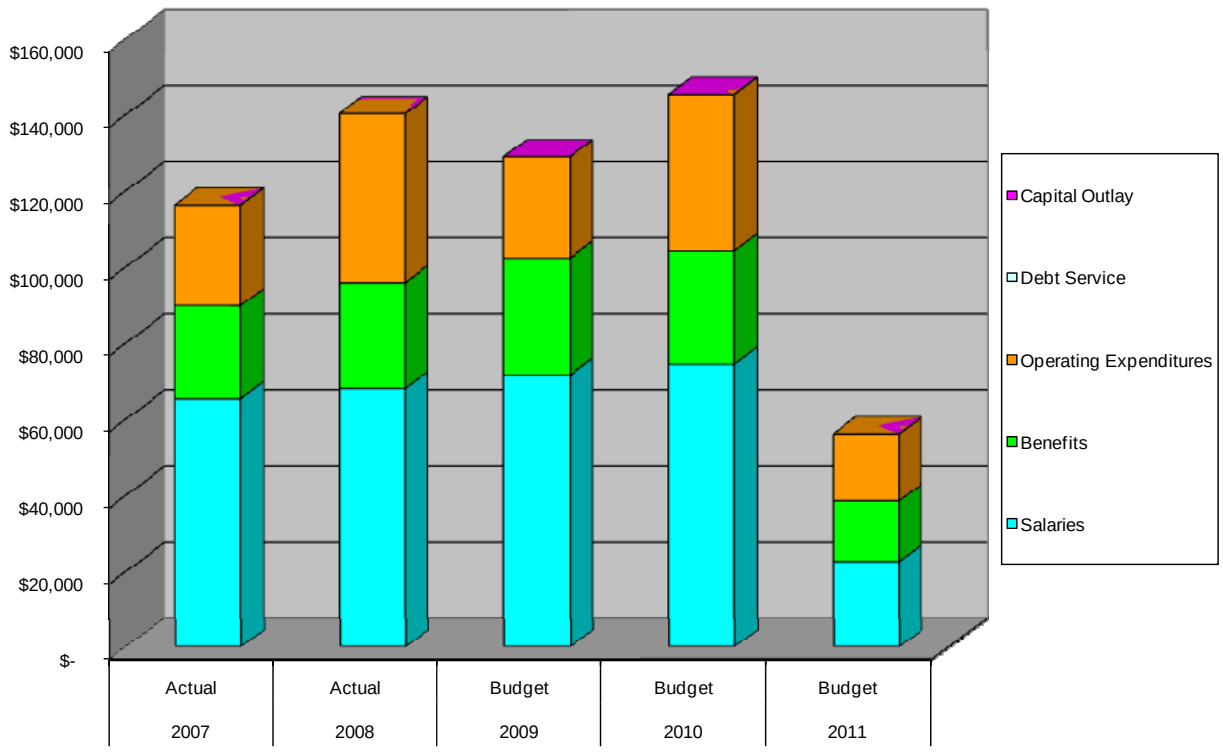

The proposed Health and Welfare FY11 budget is $56,242 or 0.16% of the total proposed FY11 General Fund budget. This is a decrease of 61.33% or $89,204 from the approved FY10 budget.

HISTORICAL INFORMATION AND APPROVED 2011 FUNCTION BUDGET

TRANSPORT

MISSION AND GOALS:

The mission of the Jackson County Transport System is to provide a low cost transportation alternative to the citizens of Jackson County.

NUMBER OF APPROVED POSITIONS: One (1) full-time positions and one part-time, on call position.

GOALS:

- Provide and serve persons with most critical needs for access and mobility, especially those without alternatives.
- Provide safe transportation for customers and safe working conditions for employees.
- Ensure that clean, well-maintained vehicles are available to operate all trips as scheduled and on time.
- Achieve a high level of rider satisfaction, recognizing that there are significant differences in client needs, population density, and trip characteristics which will affect usage.
- Maximize fare revenue, while keeping prices low enough to encourage ridership.
- Limit the increasing cost of providing service.
- Increase community awareness and encourage use of available transit service.
- Address economic development through employment trips, services to support local employment sites, new ones, etc.
- Coordinate policies at local and state level through state coordination.
- Set up a fixed route service by placing points throughout the county in order to provide more services to the citizens of Jackson County.

OBJECTIVES:

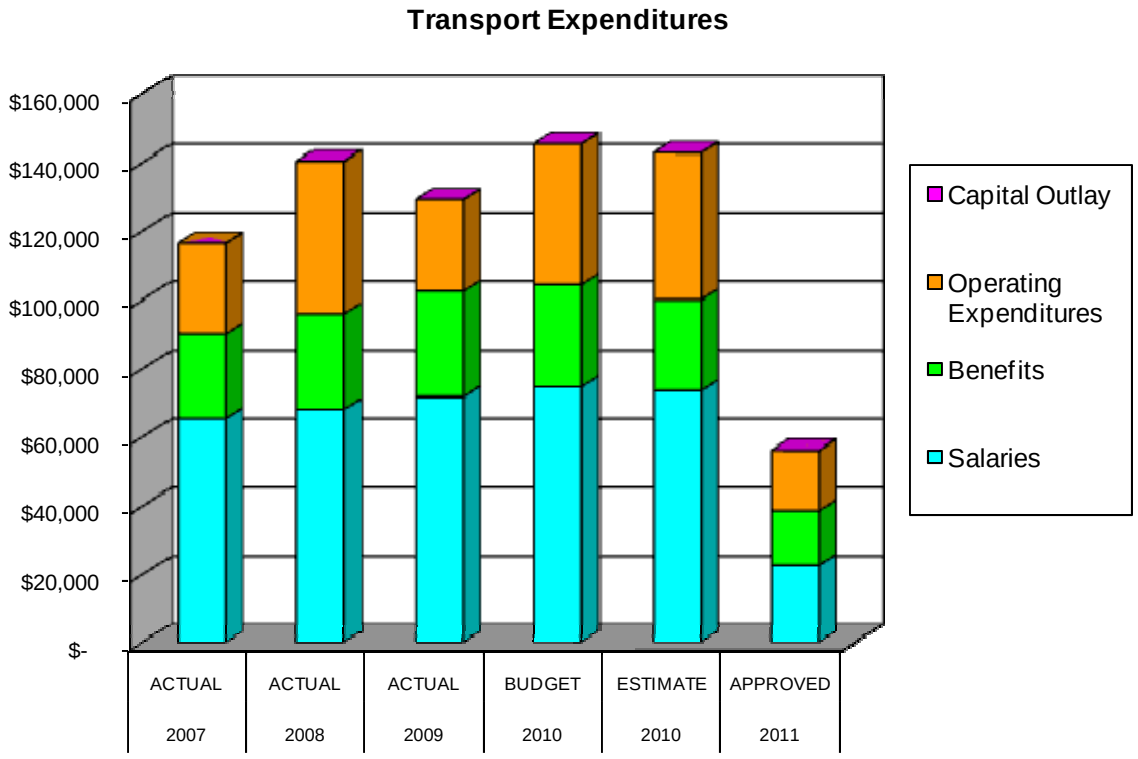

- Increase rider-ship by 15%.
- Achieve 98% customer satisfaction.
- Reduce General Fund subsidy to less than 10%.
- Increase information brochure distribution by 20%.
- Support economical development.
- Increase awareness to local businesses of potential services.
- Create an advertising campaign to encourage rider-ship in targeted areas.
- Create a working schedule to accommodate the transportation needs of the citizens.

PERFORMANCE MEASURES:

Workload Measures	2007 Actual	2008 Actual	2009 Actual	2010 Estimate	2011 Forecast
Operation Hours of Bus Service	5,200	3,800	3,800	4,100	4,100
Passengers	9,284	8,750	8,750	8,000	4,000
Cost Per Rider	$ 12.53	$ 16.04	$ 14.74	$ 17.84	$ 14.06
Maintenance Total Bus / FT Driver Miles	53,000	33,033	33,734	35,000	35,000
Maintenance Total Bus / PT Driver Miles	48,500	36,050	36,459	38,000	38,000
Total Preventive Maintenance Cost	$ 1,800	$ 2,148	$ 2,109	$ 2,700	$ 2,400
Total Repair Maintenance Cost	$ 3,267	$ 11,983	$ 4,908	$ 20,000	$ 5,000
Total Fuel Cost	$ 16,094	$ 22,684	$ 9,039	$ 12,000	$ 9,000

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- The Department is only budgeted to run for half of FY 2011 based on the major cost of the General Fund subsidizing the Transit Program as ridership has declined and operating costs have greatly increased.

HISTORICAL INFORMATION AND 2011 APPROVED DEPARTMENTAL BUDGET

	2007	2008	2009	2010	2010	2011	DIFFERENCE	PERCENT
	ACTUAL	ACTUAL	ACTUAL	BUDGET	ESTIMATE	APPROVED	2011-2010	CHANGE
OBJECT OF EXPENDITURE								
Salaries Total	$ 65,564	$ 68,204	$ 71,771	$ 74,671	$ 73,544	$ 22,816	$ (51,855)	-69.44%

***CAPITAL REQUESTS*: NONE**

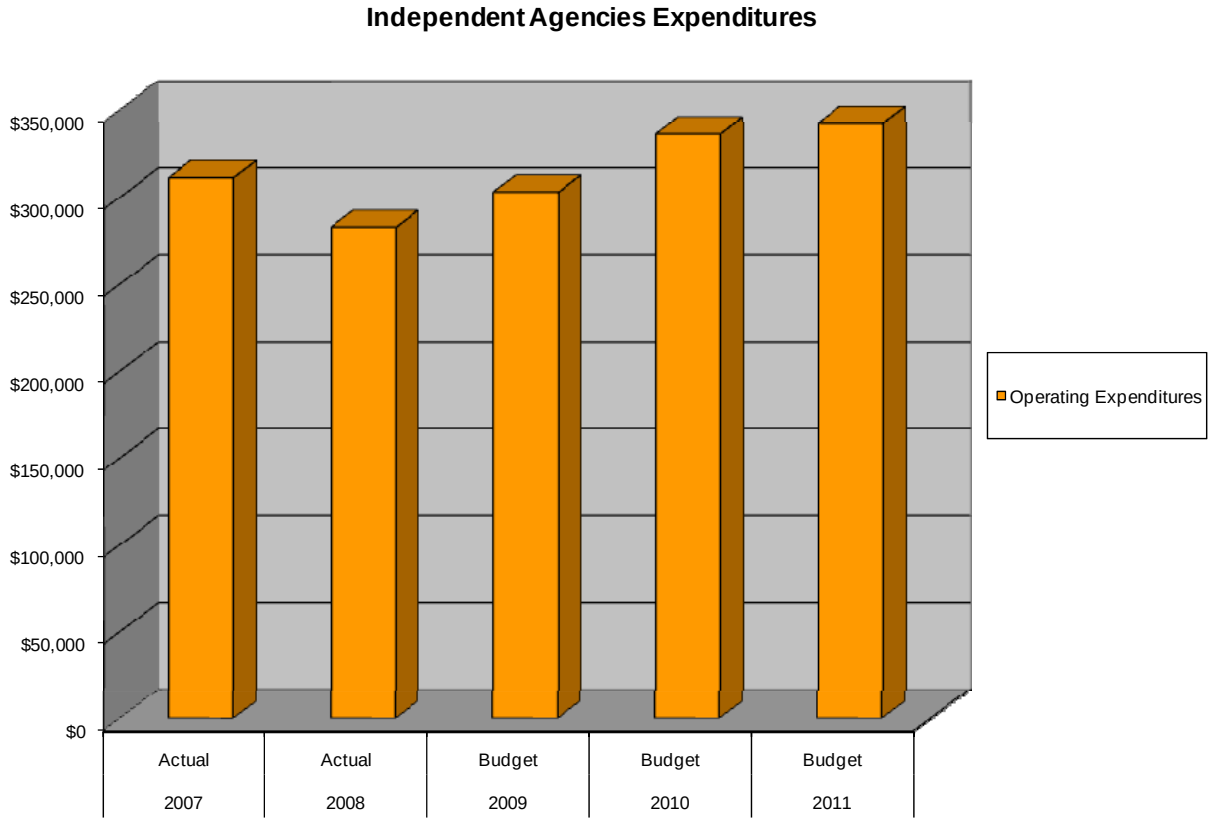

INDEPENDENT AGENCIES

The FY 2011 Budget includes $342,333 in General Fund funding for Independent Agencies or less than 1% of the total General Fund Operating Budget. This represents only a slight increase of 1.75% over FY10 approved budget.

The following agencies are included in this approved budget:

Piedmont Regional Library and Municipality Libraries
Department of Family and Children's Services
North Georgia Mental Health / Jackson Creative
Forestry Commission
Jackson County Chamber of Commerce
Certified Literate Community Program
Peace Place
Boys and Girls Club

(1) - Library support has increased									
(2) - #1052460339 - Forest Wildlife Protection based on the number of acres in Jackson County times a set annual rate per acre. Based on $.10 per acre.									

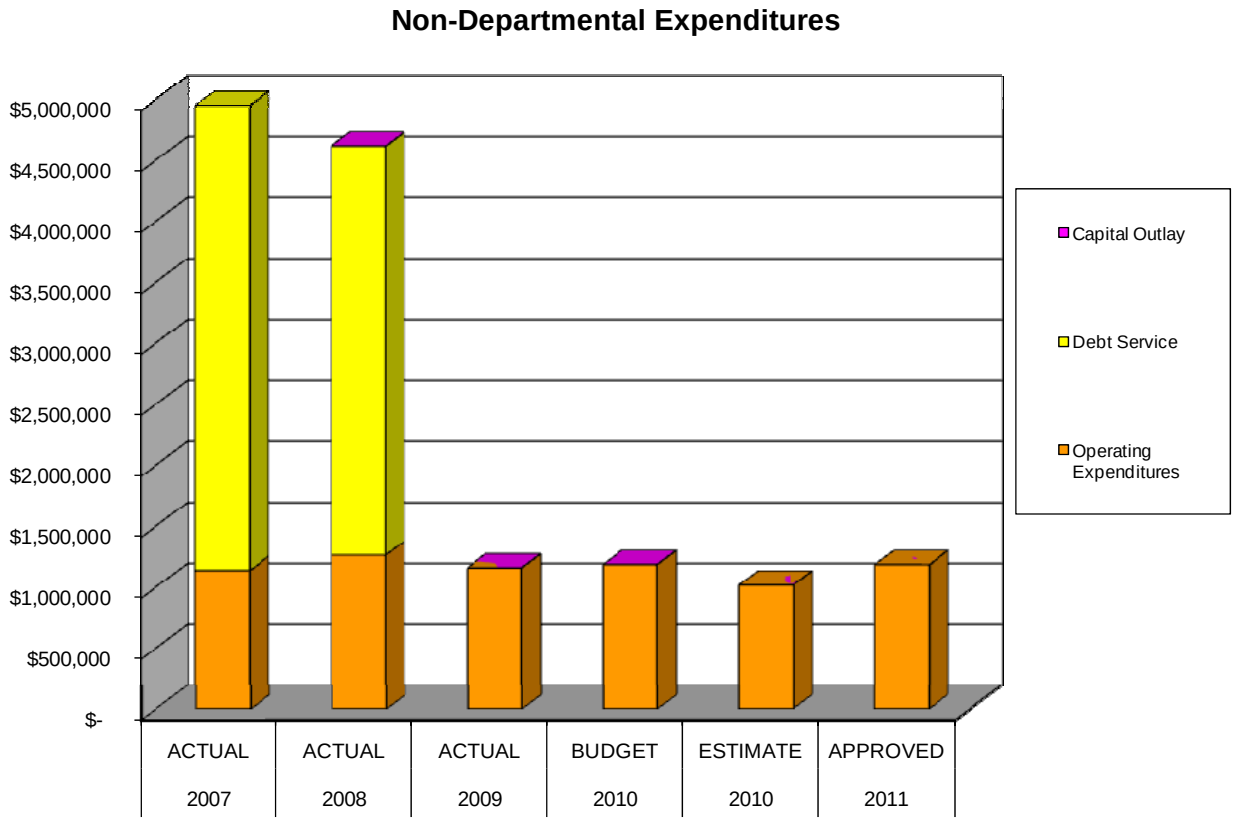

INDEPENDENT AGENCIES FY11 BUDGET HIGHLIGHTS: The is only a slight increase of $5,888 from FY10 due to increased cost to the Georgia Forestry Commission for forest land protection.

NON - DEPARTMENTAL

Non-Departmental includes responsibilities and associated expenditures not related to any one department, general governmental costs, expenditures budgeted for but not yet allocated to a specific department or project, and the government's operating contingency. The Finance Department develops the Non-Departmental Budget. The total proposed FY11 Non-Departmental budget is $1,191,295 or 3.33% of the total FY11 General Fund Budget. This is a decrease of 0.08% or $964 compared to the FY 2010.

HISTORICAL INFORMATION AND 2011 APPROVED DEPARTMENTAL BUDGET

NON-DEPARTMENTAL FY11 BUDGET HIGHLIGHTS:

- Costs in the General Fund Non-Departmental Budget for FY 2011 include:
    - $181,485 for the maintenance and operation of the County Administration Building, a decrease of 12.44% or $25,794.
    - $46,771 for General Administrative dues, representing no change from FY10.
    - $208,441 for Street Lighting, a decrease of 4.17% or $9,059 based on actual expenditures.
    - For FY 2011, no contingency was included in the budget.

OTHER FINANCING USES

MISSION:

The Other Financing Uses Budget includes transfers from one fund to another. Transfers from the General Fund to other funds are to provide additional financial support for the operations and programs within those funds or to meet legal requirements. Transfers between other funds are typically the reimbursement of the cost for support provided by another fund or to meet legal requirements. The total proposed FY11 Transfers Out budget is $12,461,654 or approximately 34.85% of the total proposed FY11 General Fund Budget. This category has increased 11.03% or $1,237,987 over the approved FY10 General Fund Budget.

BUDGET HIGHLIGHTS:

The FY11 Budget includes the following transfers:

	FY11 Budget
General Fund to:	
Special Revenue Funds:	
Senior Center	$ 281,977
Parks & Recreation	590,845
Hurricane Shoals	99,518
Ambulance Service	2,211,324
Keep Jackson County Beautiful	40,992
Emergency Management Agency	80,199
Planning & Zoning	238,848
Protective Inspections	15,719
Enterprise Funds:	
Transfer Station	499,828
Debt Service Fund	5,951,926
Component Units:	
Water Authority	2,086,159
Airport Authority	87,962
Health Department	276,357
Total Operating Transfer:	$12,461,654

Debt | Special Rev. Fund | Component Unit | Enterprise Fund | Splost/Debt

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted for specific purposes. The County maintains the following special revenue funds:

Emergency Telephone System – to account for the monthly "911" charge to help fund the cost of providing the service as provided in title 46, Chapter 5 of the Official Code of Georgia Annotated.

Emergency Management Agency – to account for funds collected for County Emergency Services.

Ambulance – to account for funds collected for Ambulance Services as well as daily operation of the department.

Protective Inspection – to account for funds collected for permit fees in conjunction with new and or remodeled construction and mobile home inspections as well as the daily operation of the department.

Planning and Zoning – to account for funds collected for zoning and land use fees and others fees as well as the daily operation of the department.

Engineering – to account for funds and labor associated with county industrial development projects.

Parks and Recreation – to account for funds collected from use of recreational facilities and leisure services as well as the daily operation of the department.

Keep Jackson Beautiful – to account for the $ 1.00 per ton charge on solid waste disposed of at County Transfer Station as well as the daily operation of the facilities.

CONTINUED…

SPECIAL REVENUE FUNDS

Fire Districts – to account for the cost of operation for County Fire Services as provided in Article 9, Section 2 Par. 6 of the Georgia Constitution.

Law Library – to account for funds collected from fines and forfeitures to be used to maintain the Law Library as provided in title 36, chapter 15 of the Official Code of Georgia Annotated.

Jail Fund – to account for funds collected from fines and forfeitures to be used for construction, staffing, and operation of the County jail as provided in title 15, chapter 21 of the Official Code of Georgia Annotated.

Senior Center – to account for the cost of operation of the Senior Citizens Center.

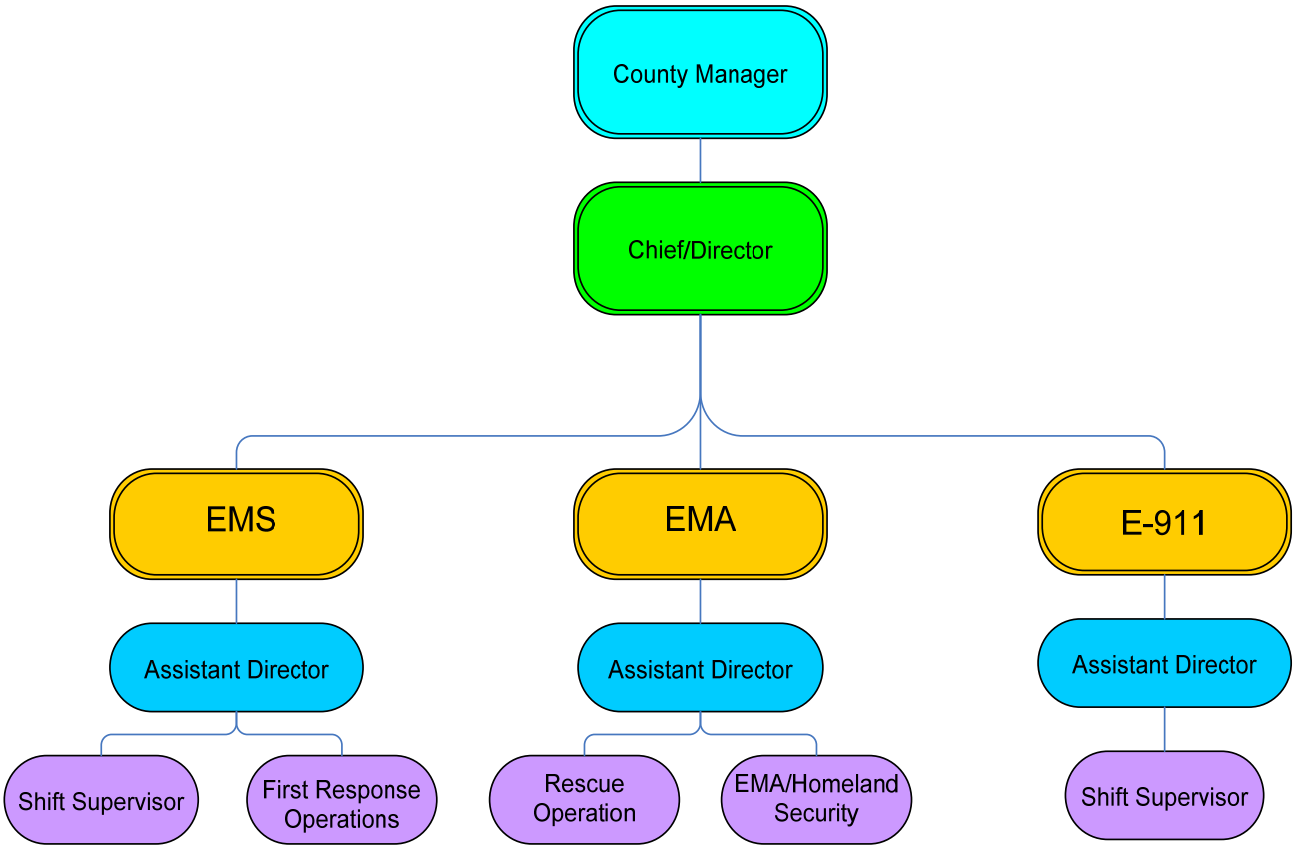

Drug Enforcement – to account for funds collected from fines and forfeitures to be used for drug enforcement, abuse, treatment, and education programs.

Debt Service Fund – to account for the accumulation of resources and payment of general obligation long-term debt principal and interest.

EMERGENCY SERVICES

MISSION:

The Jackson County Emergency Services Division is in operation to provide readily available access to emergency services for the citizens of Jackson County and its municipalities. Time is of the utmost urgency when emergency situations occur. The goal of this department is to provide assistance to all emergencies in an expedient manner and to provide the best protection available in attempting to save lives and property. This division operates three different functions presented as three departments and described separately in the following pages.

E-911

MISSION AND GOALS:

Jackson County E-911 is in operation to provide readily available access to emergency services for the citizens of Jackson County and its municipalities; to respond assistance to all emergencies in an expedient manner as to provide the best protection available in attempting to save lives and property during disastrous times.

NUMBER OF APPROVED POSITIONS: 13 full-time and 14 part-time on roster.

GOALS:

- Continue improvements and upgrades to the radio infrastructure to provide field personnel with safe and reliable communications to perform their assigned duties during emergency and non-emergency operations.
- Finalize the development of an in-house training program and provide additional training for medical aided dispatch thus improving our delivery services to our citizens.
- In coordination and in conjunction with EMA, maintain and implement further emergency, early, warning system capabilities throughout the county and its municipalities.
- Continue to coordinate and plan to upgrade to an 800/700 MHz radio system and to find innovative ways of financing to support the system.

OBJECTIVES:

- Dispatch all calls within three minutes or less.
- Provide emergency medical instruction on appropriate medical related calls with 100% accuracy and efficiency.
- Provide emergency responders with all required assistance necessary in the performance of their duties.
- Provide the public and community with assistance as requested in a timely manner, utilizing all available resources needed.
- Provide emergency early warning messages to alert the public and emergency personnel of impending danger.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- Implementation of Call Taker positions at the E-911 center.
- Updating the CAD (computer assisted dispatching) mapping system – ongoing.
- Replacement of CAD computers and servers in E-911 center.

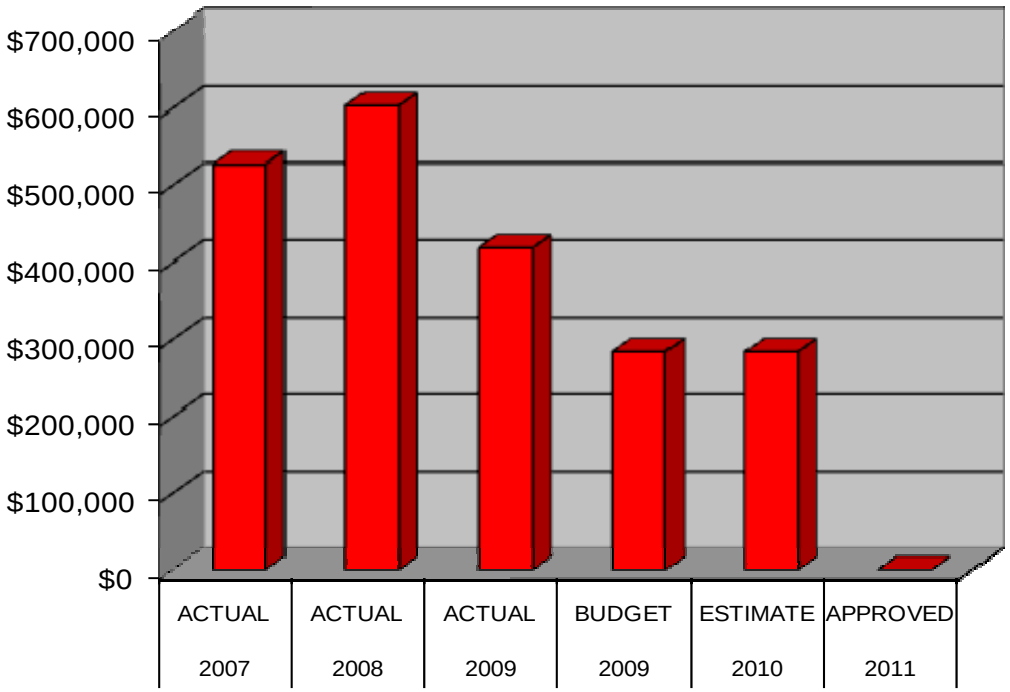

PERFORMANCE MEASURES:

	2007 Actual	2008 Actual	2009 Actual	2010 Estimate	2011 Forecast

E-911 TRANSFERS-IN COMPARISON

E911 FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 0.29% or $1,508 decrease in salaries primarily due to:
  - Slight changes in some personnel pay rates due to turnover.
- 12.27% or $20,558 increase in benefits primarily due to:
  - Reinstatement of the base-match retirement contributions for an increase of 120.37% or $22,172.
- 11.34% or $51,737 increase in operating expenditures primarily due to:
  - $60,000 allocation for new computer hardware & peripherals which will help to interface with new communications technology. This allocation will be paid for from E-911 fund reserves.
  - 18.92% or $26,167 increase in maintenance contracts due to new and expanded operating systems.
- 26.25% or $39,500 increase in capital assets communications due to additional communications equipment purchases.
- **NOTE: In FY 2011 the budget was balanced with the use of $351,853 in E-911 prior years' reserves.**
- Total increase of 8.50% or $110,286.

ADDITIONAL STAFF REQUESTED:

- **Four (4) Communication Call Takers, estimated cost @ Grade 11 is $217,120** includes salary, benefits & overtime).
  When the new jail is finished, nine (9) Sheriff Dept. dispatchers will leave the E-911 center and dispatch sheriff dept. calls from the jail. All emergency calls will still come in to the E-911 center, regardless of the need (Fire, EMS, Sheriff Dept., Police, etc.) The Call Takers will answer the calls and route them to the appropriate agency. Without the Call Takers, the remaining dispatchers would quickly become over burdened with the call volume.
- **One (1) Dispatch Supervisor, estimated cost @ Grade 15 is $62,250** (includes salary, benefits & overtime).
  We are currently using an administrative secretary position to act as a supervisor.

CAPITAL REQUESTS:

- **CAD Computers/Servers, estimated cost = $60,000** *(would be put in IT budget)* We are reaching our four year replacement point during 2010 on our computer systems in the 911 center. The CAD computers and servers will need replacing during this year. All 12 positions and the main servers will need to be replaced during 2010 to maintain usability and reliance.
- **CAD Software Upgrade, estimated cost = $110,500** – We have moved into a new phase of communications with the implementation of laptop computers in the local police departments and the sheriff's office units in the field. We are actively pursuing placing laptops in our public safety vehicles next year. We have the technology to apply to our current CAD system that will give us the ability to push out vital real time CAD information on the initial dispatch to each unit in the field. Current projected cost will be $110,500, which is a one time installed price.

(1) Overtime is based on current work schedule where 12 employees are each scheduled 8 hours of OT in a normal two week period.

(2) Base Station and Receiver/Transmitter.

(3) Yearly Maintenance Contracts:

InterAct at $60,000
Reverse 911 at $25,000
Eaton Powerware est. at $2,167
Meteorlogix at $3,333
Mobile Comm at $45,000
Quality Recording at $3,500
Duplicating Products at $500
ESRI - $500

(4) Travel 4 persons to training @ 700per person

EMERGENCY MANAGEMENT AGENCY

MISSION AND GOALS:

The mission of Emergency Management, Rescue, and Homeland Security is to provide the citizens of Jackson County and its municipalities a comprehensive and aggressive all-hazards approach to emergency situations as they arise. This shall be accomplished by providing community-wide leadership, guidance, support and coordination in the areas of mitigation, preparedness, response and recovery. The purpose of the mission is to provide a pro-active approach in protecting life and property and to prevent or reduce the negative impact of major emergencies and disasters, both natural and manmade throughout Jackson County.

NUMBER OF APPROVED POSITIONS: 1 full-time.

GOALS:

- Maintain, adjust and create operational emergency plans as needed, then exercise each to insure efficiency and effectiveness prior to disaster incidences.
- Thrive as a pro-active organization that prides itself in providing current and new services to the citizens and communities no matter what the circumstance.
- Enhance all activities associated with mitigation, preparedness, response and recovery while working more closely with required agencies.
- Complete all required local, state and federal agendas and mandates as presented in a formal and timely fashion.
- Increase staffing levels to provide additional personnel and better response capabilities in a more timely and efficient manner.
- Advance the training program for both current operations and specialized training for new initiatives. Current apparatus could be used for specialized response.
- Begin new programs for community awareness to natural and manmade hazardous situations in our county. Also to better prepare the communities for such incident should they occur.

OBJECTIVES:

- Continually study our County to determine which emergency situations are imminent and revise response plans appropriately.
- Update emergency response plan (ERP) and begin multi-level training with all governmental officials, agencies, associated organizations and others to insure the county is ready and able to respond during disasters.
- Identify all agendas and mandates currently not completed, seek out those upcoming and work to ensure compliancy in all areas.
- Establish a greater presence throughout the county and internal agencies, so as to allow for the appropriate number of dedicated volunteers, part-time, contract paid and full-time personnel as needed to ensure the department's ability to respond to any situation.
- Have a response time to any call for assistance within eight minutes on 70% of all emergencies.
- Have all volunteer rescue units respond 100% of the time when called to service.
- Provide all volunteer units in our department with the assistance, training, and necessary resources to perform assigned duties and responsibilities.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

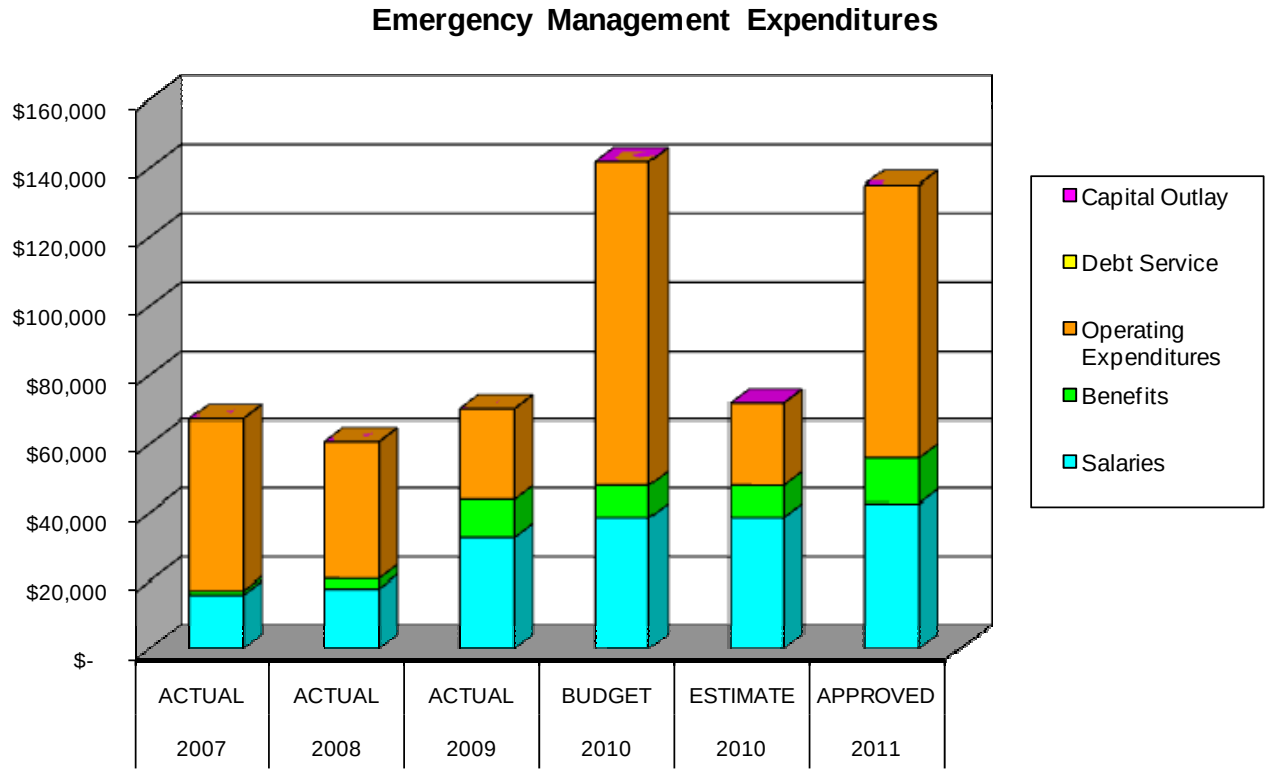

- A continued increase in call volume.
- Volunteer membership is declining. This is a commonality nationwide.
- No specialized-technical rescue service is being provided in Jackson County. These services include hazardous material response team, confined space rescue, rope rescue, trench rescue, industrial and farm accidents, downed aircraft and water rescues. Other counties presently have to be utilized for these services which ultimately mean victims in Jackson County must wait.
- Replacing worn rescue vehicles. Replacement of one every three years as to reduce the impact of one purchase.
- Replace aged rescue tools at a rate of one for every five years at a cost of $35,000.
- Computerized reporting system for all county rescues to allow for accumulated filing system of collected and ran reports.

PERFORMANCE MEASURES

	2007 Actual	2008 Actual	2009 Actual	2010 Estimate	2011 Forecast
Volume of calls received	2,592	3,033	2,802	3,200	3,400
Number of volunters on staff*	82	85	150	150	150

EMERGENCY MANAGEMENT FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 10.32% or $3,986 increase in salaries primarily due to:
  - Salary increase in FY 2010 related to certification reached.
- 44.45% or $4,120 increase in benefits primarily due to:
  - Reinstatement of the base-match retirement contributions for an increase of $2,983.
- 15.67% or $14,750 decrease in operating expenditures primarily due to:
  - 34.21% or $13,000 decrease in volunteer rescue funds.
  - 50.0% or $5,000 decrease in expendable equipment.
  - 60.0% or $3,000 increase in fuel and lubricants.
- Total decrease of 4.68% of $6,644.

ADDITIONAL STAFF REQUESTED: **NONE.**

CAPITAL REQUESTS:

- **Replacement of Rescue 5 in Maysville, estimated cost = $125,000**. ***(From Fleet Replacement)*** Need to replace the oldest rescue truck with the most mileage in the EMA fleet, which is starting to have mechanical problems and is becoming a liability in need of replacement. This unit is a 1988 model with 120,000 miles on it.
- **Replacement of staff vehicle, estimated cost = $34,000 fully equipped**. ***(From Fleet Replacement)*** Requesting to replace a 1999 Ford Explorer with 142,000 miles. This unit has been handed down from different departments and is in need of replacement. We request that this be replaced with a heavier vehicle in the range of a Chevrolet Tahoe so as to allow us the opportunity to utilize the vehicle to pull existing emergency operations trailers (HazMat, Drive Team & Mass Casualty). This vehicle also needs to be equipped with 4-wheel drive, as we saw that during the storms of last year, we need this feature to manage the emergency responses. NOTE: this vehicle was added later in FY 2011 but not budgeted.

EMERGENCY MEDICAL SERVICES

MISSION AND GOALS:

The Jackson County Emergency Medical Services is in operation to provide readily available emergency medical services including medical/trauma first response to the citizens of Jackson County and its municipalities. This department also strives to respond to all emergencies in an expedient manner providing exceptional customer service in the provision of quality emergency care.

NUMBER OF APPROVED POSITIONS:

39 full-time and a roster of 54 part-time

GOALS:

- Operate an advanced life support emergency medical system.
- Operate a first responder system to support county-wide EMS operations.
- Offer education and training to the citizens of Jackson County.
- To implement a South Jackson EMS station to provide for quicker response times to the South Jackson area.
- Increase staffing levels to remove supervisors from primary med unit assignment to allow for county-wide response and scene management along with logistical support for each shift.
- Continue providing quality continuing education to all EMS personnel.
- Reduce countywide response time by systematic additions of service units.

OBJECTIVES:

- Respond to 90% of all calls within 8 minutes or less.
- Provide a five mile response radius to 90% of all citizens.
- Provide EMS personnel with education/training, equipment, supplies, and other necessary resources to perform assigned duties.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- Call volume will continue to increase with increased population growth throughout the county.
- With continuation of a Fleet Management and Replacement Program, annual ambulance acquisition must be continued at the rate of one med unit per year attempting to maintain three quality reserve units.
- All apparatus must be secured inside buildings that are temperature controlled. Adequate stations for personnel must be maintained.
- Supervisors must be re-assigned and three personnel hired to allow them capability of county-wide response, logistical support, and field management ability. At present, supervisors are restricted to a single med unit and cannot function in a management capacity 24/7/365 as is required by an emergency service organization.
- Increasing frequency of no available ambulances (all units handling calls simultaneously) dictates that planning for implementation of a seventh manned station as early as 2012.
- Supervisors are often off the trucks causing issues with basic EMS functions due to staffing situations and furloughs.

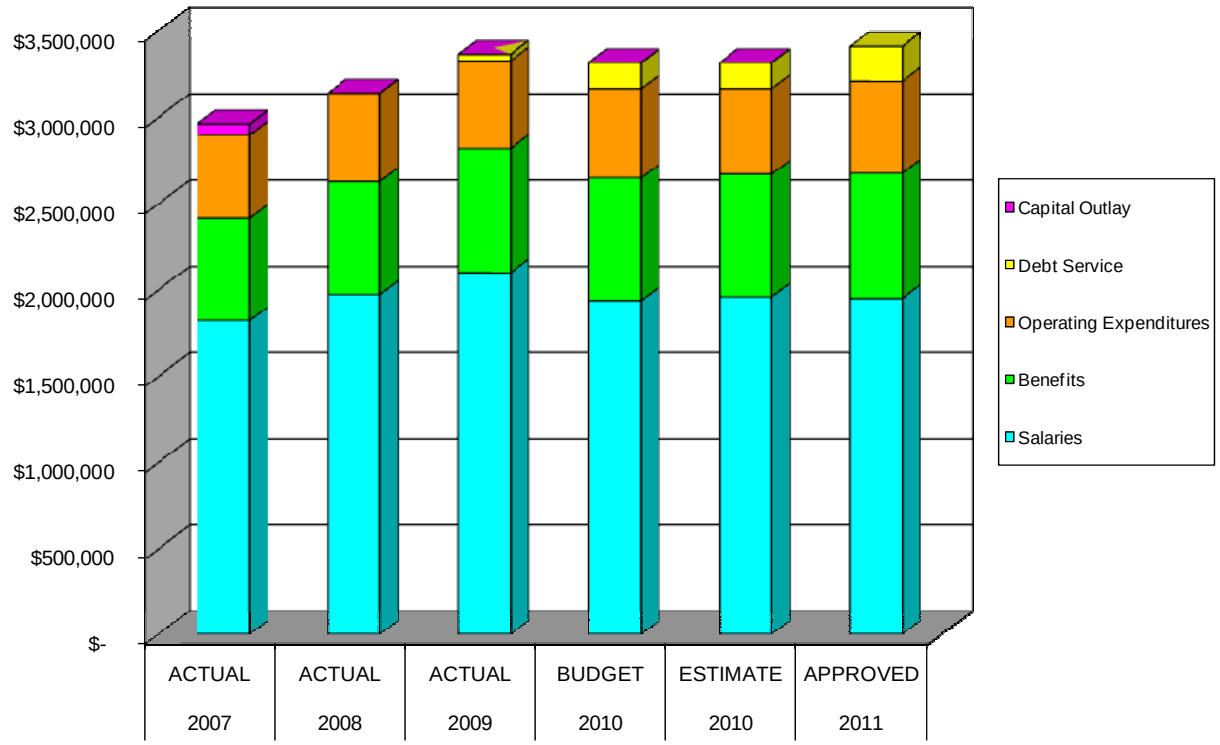

PERFORMANCE MEASURES:

	2007 Actual	2008 Actual	2009 Actual	2010 Estimate	2011 Forecast

Ambulance Expenditures

EMS/AMBULANCE FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 0.60% or $11,637 increase in salaries primarily due to:
  - 10.80% or $40,579 decrease in overtime salaries.
  - 32.92% or $93,120 increase in part-time positions due to shift needs associated with furlough days.
- 2.07% or $14,689 increase in benefits primarily due to:
  - Increases to Medicare and FICA related to the increases in salaries.
- 2.83% or $14,648 increase in operating expenditures primarily due to:
  - 43.91% or $13,700 decrease in communications expenditures.
  - 44.0% or $22,000 increase in fuels and lubricants due higher anticipated fuel prices.
  - 29.97% or $10,906 increase in property & liability insurance due to high premiums and incident costs.
  - 40.0% or $8,000 decrease in expendable equipment for new ambulance outfitting.
- 34.54% or $51,922 increase in debt service for FY11.
- Total increase of 2.80% or $92,895.

ADDITIONAL STAFF REQUESTED:

- **Three (3) additional Paramedics at Jefferson EMS Station are needed to allow EMS supervisors to be removed from a regular ambulance crew, estimated cost $181,706** (salary & benefits) + overtime. Presently the supervisor is one of a two person ambulance crew and is primarily responsible for responding to calls and taking care of patients. As a result, supervisors have very little opportunity to actually supervise or manage. Having the supervisors "off the ambulance," would allow them to respond to other scenes, perform incident command at the scene and assist other crews as needed. They would also have additional time to spend on their specific areas of responsibility, such as: ordering medical supplies, pharmaceutical distribution, maintenance issues and problem solving.
- **Requested $448,485 in part-time salaries (32,832 hours x $13.66 average hourly rate).** Approved $375,579 based on actual data and assessment of the impact of furlough days.

CAPITAL REQUESTS:

- **Addition of one (1) new ambulance for a total cost of $245,000.** ***(From Fleet Replacement)*** To replace a high mileage ambulance. Annual replacement schedule. With this replacement, the old unit will be coming offline and be used as a spare or will be sold for salvage. **APPROVED.**

(1) Staff is on a mandatory work schedule of 48 hours per week resulting in 16 hours overtime per employee per pay period.

(2) #0367 - Copiers at $418.00/mo. This was not budgeted due to expiration of prior contracts, however, new equipment was added. The budget will be amended to reflect actual costs in this line item.

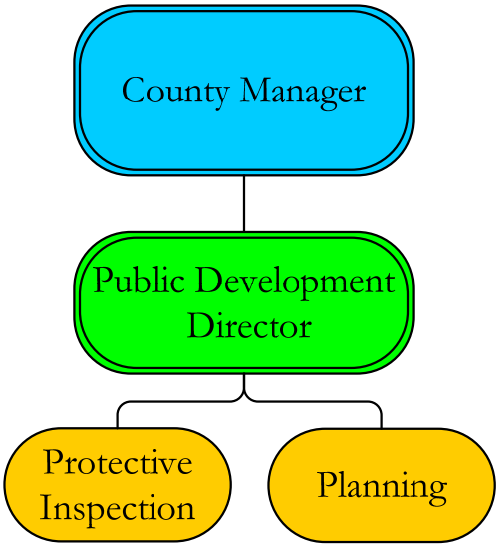

(3) #0476 - Splints, Long Spine Boards, Suction Units, IV Pumps, Portable Radios, Mobile Radios for ambulances

(4) #0328 Phillips defibrillator is a two year maint. Contract $6,000, sansio software maintenance $15,000.

PUBLIC DEVELOPMENT DIVISION

MISSION:

This division operates three different functions presented as three departments and described separately in the following pages.

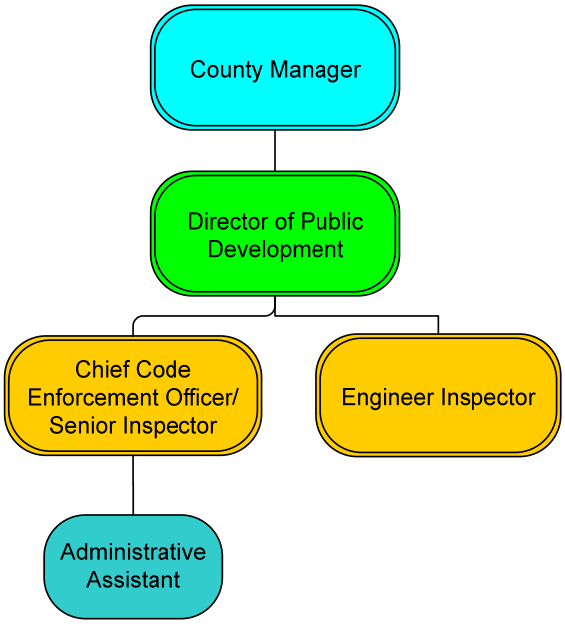

PROTECTIVE INSPECTION

(Building Inspection)

MISSION:

The mission of the Protective Inspection Department is to provide for the administration and enforcement of the construction codes and ordinances adopted by the county. The division functions shall be construed as seeing the beneficial interest of the community, which are public safety, health and general welfare.

NUMBER OF APPROVED POSITIONS: One full-time director and engineer inspector and two part-time employees (Code inspector and Administrative Assistant).

GOALS:

- Review all construction plans and permits for code compliance.
- Issue permits for all projects requiring such permitting, and inspect all construction for compliance with the State of Georgia adopted model codes.
- Provide construction regulation instruction and assistance to the local building community.

OBJECTIVES:

- Make required inspections in a timely manner.
- Require all aspects of construction to meet the minimum standards of the adopted codes.
- Provide prompt, consistent, professional service.
- Provide courteous answers and educate the public on the important role of building inspections in Jackson County.
- Continuation of education for both internal and external customers will improve the County's water quality.
- Continue to reduce the potential for litigation and censure.
- Potentially improve the community's opinion of soil and erosion.
- Continue to have good standing with state and federal enforcement agencies

PERFORMANCE MEASURES:

REVENUE NOTES:

In August, 2007, the Board of Commissioners approved new fees associated with building inspections. The pre-existing fee schedule was outdated and did not effectively cover the multiple inspections required of commercial and industrial developments. However, there has been a significant decrease in building permits issued and subsequent inspections during 2008-2010. This trend is expected to persist well into FY 2011, thus leading to a dramatic historical decline in building inspection fees.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

Jackson County will still be facing a severe decline in construction activity for FY11. Economic forecasters predict a slight upturn by the middle of the year, but nothing as large as what we have had in the past several years. In order to create more overall efficiency with the Public Development Division, the full-time engineering inspector from the Engineering Department has been moved to Protective Inspections. However, due to the dramatic declines in overall workload volume and associated revenues, the full-time building inspector and full-time administrative assistant were both made part-time during the last quarter of 2010 and for 2011.

The economic slowdown has created some unique problems with erosion control. The enforcement of a stop work order no longer has the impact that it once had because the work has been stopped by the economy and the development owners have shifted from business owners/developers to banks that have foreclosed on the property. Most projects are moving extremely slowly if at all. This does not alleviate the requirements of National Pollutant Elimination Discharge Systems. Inspections, erosion control, and maintenance of Best Management Practices are still required. However, obtaining compliance has become harder. We see a trend of citations increasing for developments that are not in compliance.

PROTECTIVE INSPECTIONS FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 3.75% or $3,167 increase in salaries primarily due to:
  - Reduction-in-force of two full-time positions made part-time and the consolidation of one full-time employee from the Engineering Department.
- 51.26% or $18,302 decrease in benefits primarily due to:
  - Elimination of employee health insurance in the department relating to the reduction-in-force.
- 4.95% or $1,074 decrease in operating expenditures primarily due to:
  - 60.0% or $3,000 decrease in general operating supplies.
  - 166.67% or $1,000 increase in repairs to autos.
- Total decrease of 11.42% or $16,208.

PLANNING AND ZONING

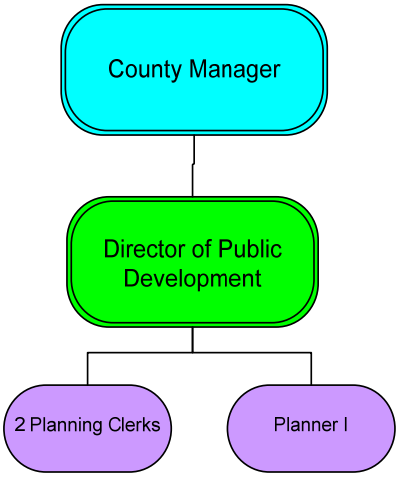

MISSION AND GOALS:

The Planning and Zoning mission for 2011 is to provide professional advice and technical expertise to elected officials, appointed boards and commissions, county departments, developers, builders, and citizens and to assist in understanding and addressing key community issues and priorities. The staff strives to promote the sound development of the county through the applications of contemporary planning principles and growth management concepts.

The Planning and Zoning Division is committed to servicing the community by providing an orderly procedure for the planning, zoning, and the development processes that are efficient and sensitive to community needs. The team of professionals and trained staff continuously strive to improve the effectiveness of the department through improved technology, citizen input, customer input, and self evaluation.

Close coordination is maintained with all divisions within the department and with other departments and agencies with in Jackson County and the region.

NUMBER OF APPROVED POSITIONS: Four full-time.

GOALS:

- Focus on a commitment to long term planning and develop planning initiatives that engage the citizens of Jackson County and encourages them to participate in the planning process.
- Employ planning principals that promote rational, economical and environmentally efficient use of land, to allow Jackson County to grow in a manner consistent with the goals of the county.
- Process all land use applications in a timely and objective manner that is legally defensible while being fair and easy to administer and understand.
- Ensure consistency in the application of regulations for all requests or proposals.
- Keep decision makers informed and provide the most accurate information through the entire decision making process.

OBJECTIVES:

- Make better use of staff knowledge and expertise to advise decision makers on sound planning principals.
- Respond in a timely manner to citizen inquires and complaints.
- Improve public relations by informing the citizens and general public of regulations, their rationale, and their overall impact on county development.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- **Unified Development Code** – After the final adoption of the Comprehensive Plan one major outcome of this planning effort came to the conclusion that an edit of the current UDC would need to be done by a professional firm.

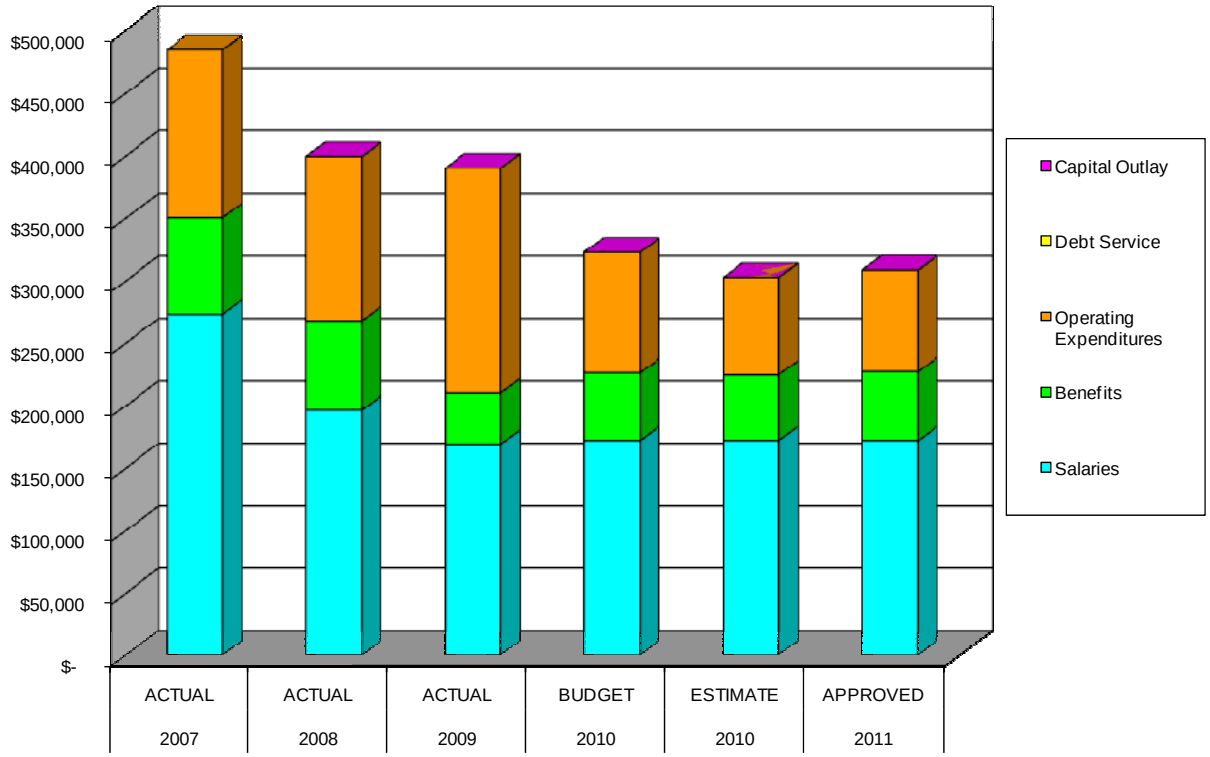

- **County Growth & Department Funding** - In FY 2011, the division, as well as the entire department, is faced with growth and revenue as significant issues. Revenue for the department is tied directly to growth throughout the county. If the economy begins to strengthen, it is possible that the total revenues generated by the collection of various fees will equal or exceed expenditures. However, if the economy stagnates or slows, as is the case currently, in turn the building and development industry will decline also as we have seen. A decrease in this sector will generate a short-fall in projected revenues. This in turn will make this division rely from funding directly from the general fund.

- **Level of Service** - A balance in the service level must be provided to the customer based on the overall economy. When the economy slows, the demand for services (rezoning applications, special use applications, development reviews) can decrease and adjustments should be made within the department to reflect decreased revenues. However, even during the slower periods inquiries continue to occur, platting issues still continue and staff has to be available to address the activities in a timely manner. During this slower economic time, the current staff is handling the workload well. It has moved the division from being reactive to proactive in regards to records retention and enforcement.

PLANNING AND ZONING FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- No change in salaries for FY 2011.
- 1.94% or $1,047 increase in benefits primarily due to:
    - Reinstatement of the base-match retirement contributions for an increase of $12,071.
    - 25.94% or $9,687 decrease in health insurance due to individual employee changes to plans.
- 15.78% or $15,234 decrease in operating expenditures primarily due to:
    - 50.0% or $5,000 decrease in general operating supplies.
    - 44.4% or $2,000 increase in advertisements.
    - 50.0% or $15,000 decrease in other professional fees as most outsourced work has been completed in FY10.
- Total decrease of 4.39% or $14,187.

ENGINEERING

(Includes Erosion & Sediment Control)

NUMBER OF APPROVED POSITIONS: **None for FY 2011.**

NOTE: THIS DEPARTMENT HAS BEEN CONSOLIDATED WITH PROTECTIVE INSPECTIONS AS ONLY ONE EMPLOYEE REMAINED IN THE DEPARTMENT DURING FY 2010.

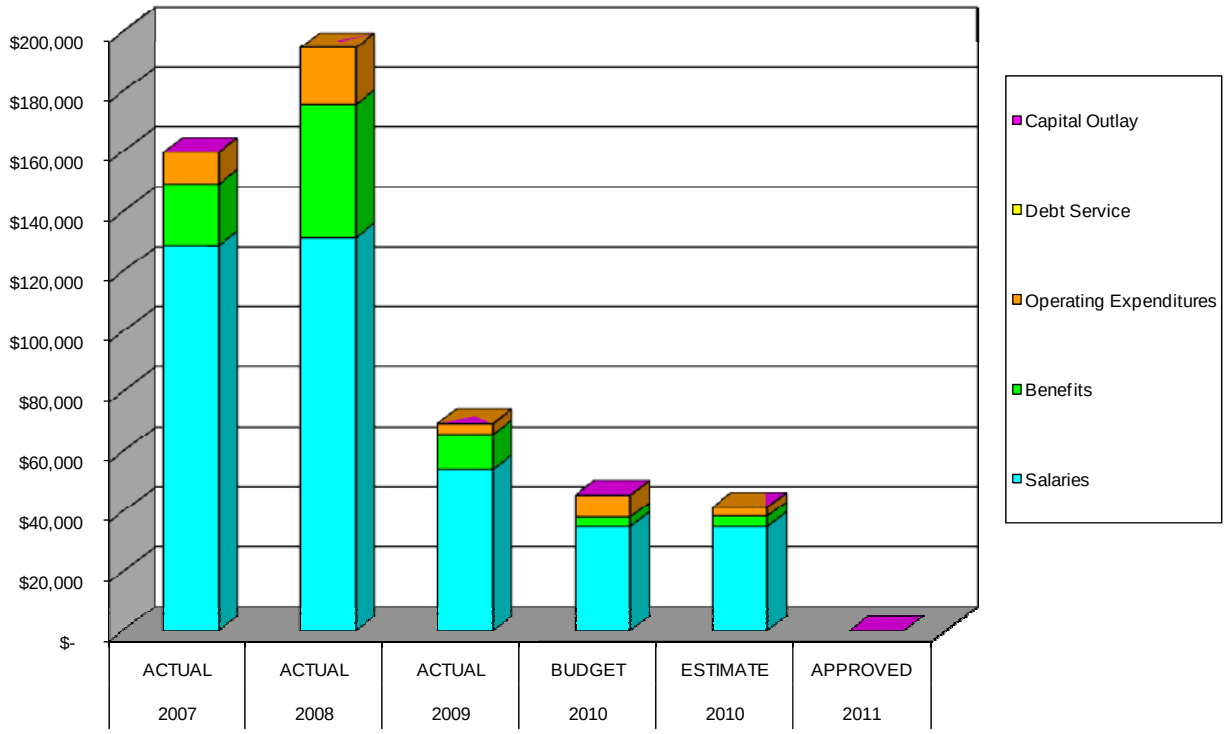

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

As this department has been consolidated with Protective Inspections, many of the same issues persist as in FY 2010. The economic slowdown has created some unique problems with erosion control. The enforcement of a stop work order no longer has the impact that it once had because the work has been stopped by the economy and the development owners have shifted from business owners/developers to banks that have foreclosed on the property. Most projects are moving extremely slowly if at all. This does not alleviate the requirements of National Pollutant Elimination Discharge Systems. Inspections, erosion control, and maintenance of Best Management Practices are still required. However, obtaining compliance has become harder. We see a trend of citations increasing for developments that are not in compliance.

PARKS AND RECREATION

MISSION:

Parks and Recreation provides quality leisure services by using available resources in Jackson County to promote healthy lifestyles, family values, and a sense of community and to ensure that Parks and Recreation facilities are safe, acceptable and well maintained. To strive to employ and retain professionals that are trained and dedicated to promoting the Parks and Recreation services available to the citizens of Jackson County. To provide leadership and planning by monitoring trends, evaluating services and facilities and planning for the future.

NUMBER OF APPROVED POSITIONS: Seven full-time and roster of thirteen part-time/seasonal.

GOALS:

- Develop and implement preventive maintenance standards to increase the life span of equipment and facilities.
- Ensure that facilities are inspected at least once per year for safety.
- Integrate SPLOST funded projects into current operations.
- Create a unified delivery system for leisure services that citizens will understand and use.
- Use surveys to assess the public's satisfaction with Parks and Recreation services.
- Continue to use the master plan for Parks & Recreation as a guide.

OBJECTIVES:

- **Provide Safe, Well Maintained Facilities, Parks, and Grounds**
  - Implement inspection program of facilities.
  - Develop and maintain a service maintenance schedule for all equipment.
  - Develop and use a customer satisfaction survey for each program activity.

- **Provide Recreation Programs and Services for Jackson County Residents**
  - Involve all staff in at least one training activity in 2011.
  - Have at least one intern per year starting in January 2011.
  - Continue our general facility agreement with the Jackson County School System and add an intergovernmental agreement for the West Jackson Primary School Gym and Middle School Ball Fields.
  - Add one new Adult Program and one new Youth Program.
  - Increase overall Youth participation 5% from FY10.
  - Increase Adult participation 2% from FY10.
  - Increase overall revenues 5% from FY10.
  - Generate at least $10,000 in rental and tournament fees for Parks & Recreation operation.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- **Staff** – JCPR needs the two new part-time positions it has asked for to combat overtime and staff burn out. This is the seventh year we have asked for more help in recreation services, this need to be approved to continue serving the demand for our services.
- **Facilities** – We need to find a way to fund expansion of our park land, facilities and an improved central office. These requests are all included in our Master Plan. Another bond referendum needs to be put before the voters to achieve this.
- **New Park** – The increase in some items is the operational expenses incurred with the opening of Hoschton Park.

Parks & Recreation Expenditures

PARKS AND RECREATION FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 41.29% or $182,014 decrease in salaries primarily due to:
  - Reduction-in-force of two full-time employees and elimination of one vacant position.
  - Elimination of budgeted overtime for FY 2011.
- 27.21% or $34,857 decrease in benefits primarily due to:
  - Decreases in Medicare, FICA, and retirement that relate to salary decreases from the reduction-in-force.
  - Reinstatement of base-match retirement contributions in the amount of $15,151.
- Overall the Parks & Recreation operating budget has stayed relatively the even though there is a 21.74% or $95,062 decrease in the 5657 department. The operating budgets of each park/facility have been broken out separately for FY 2011, therefore skewing the data to show a large decrease with the 5657 department.
- Total decrease of 12.50% or $125,740 when compared to the consolidated 2010 Parks & Recreation budget (excluding Hurricane Shoals).

ADDITIONAL STAFF REQUESTED:

- **Two (2) Part-time Program Supervisors, estimated cost @ $19,200 (960 hours x $10/hour)**
  These positions are needed to combat overtime to meet the needs of the department.

CAPITAL REQUESTS: **NONE.**

NOTE: IN FY 2011 THE PARKS AND RECREATION DEPARTMENT HAS BEEN BROKEN INTO MULTIPLE DEPARTMENTS BASED ON EACH INDIVIDUAL FACILITY. THIS ALLOWS FOR BETTER COST ACCOUNTING FOR EACH PARK AND FACILITY.

The new departments and their respective department numbers are as follows:

- Horse riding Arena - 5633
- Bear Creek Park - 5658
- West Jackson Park - 5633
- East Jackson Park - 5654
- Hoschton Park - 5655
- Sell's Mill Park - 5656
- Mountain Creek Church Park - 5659
- School Grounds - 5660

Existing Departments:

- Lamar Murphy Park and the Main Recreation Office are still accounted for in department 5657.
- Hurricane Shoals Park continues to be accounted for in department 5632.

HURRICANE SHOALS FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 7.38% or $5,834 decrease in salaries primarily due to:
  - Elimination of all budgeted overtime.
- 14.88% or $1,997 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions in the amount of $2,518.
  - Decreases in Medicare and FICA related to the elimination of overtime.
- 14.83% or $4,510 decrease in operating expenditures primarily due to:
  - 31.82% or $3,500 decrease in general operating supplies.
  - 28.57% or $2,000 increase in electricity based on meter study.
  - 100% or $3,500 decrease in repairs to buildings and grounds as that was consolidated with the Buildings & Grounds Department budget for FY 2011.
- Total decrease of 6.79% or $8,346.

ADDITIONAL STAFF REQUESTED: NONE.

CAPITAL REQUESTS: **NONE.**

KEEP JACKSON COUNTY BEAUTIFUL

MISSION AND GOALS:

To educate and build environmental behaviors and sustain community activities resulting in a more beautiful Jackson County.

NUMBER OF APPROVED POSITIONS: One part-time Manager.

GOALS:

- Promote public interest and change public attitude in the general improvement of the environment and to initiate, plan, direct, and coordinate programs of litter control as suggested by Keep America Beautiful.
- Educate Jackson County citizens and aid in the sustained reduction of litter, beautification, and improved waste handling practices within Jackson County.
- Develop recycling program for Jackson County with implementation and opening of new JC Recycling Center.
- Review and recommend rules and regulations related to Jackson County ordinances which will enable Jackson County to meet state and federal guidelines through recycling and show a reduction of litter in required litter surveys and paperwork.
- Assist Jackson County Solid Waste Department in writing and submitting for adoption by the commissioners a Jackson County Solid Waste and Litter Ordinance. Work with the Stormwater Manager and Planning Department to complete Stormwater Reports where information about litter and solid waste education is need.
- Write and submit for adoption by commissioners a Jackson County Solid Waste and Litter Ordinance.
- Encourage stricter code enforcement.
- Periodically measure litter accumulation in Jackson County and distribute and record citizen input surveys on litter and recycling. .

OBJECTIVES:

- Lead Jackson County into a Green Program initiative.
- KJCB's Adopt-A-Road program will continue to grow, averaging one per month.
- School presentations will continue with more emphasis on litter reduction and recycling as Jackson County schools, Commerce City and Jefferson City schools questions and interest expand.
- Continue to us Susie Litter in the Jackson County School, Commerce City and Jefferson City School Systems as a teaching aid and expand that program to other characters with messages about litter reduction, pre-cycling, composting, worm composting and beautification of Jackson County.
- Continue building a paper recycling program with the Jackson County School System, Jefferson and Commerce City Schools. When a plastics recycling program can begin, the schools are ready to jump in supplying plastic from their cafeterias and classrooms.
- Continue to develop the Green Schools Program with county and city schools.
- Will continue to work with civic clubs and area businesses to expand the florescent bulb recycling program and to hold a rain barrel, worm composting and rain garden demonstration and education classes in conjunction with the UGA Extension Service through Jackson and Barrow Counties with assistance from the Jackson County Master Gardener's Association.
- Will continue plans to plant median and a Victim's Memorial Garden at the Jackson County Courthouse in conjunction with the Jackson County Master Gardener's Association with CASA.
- Begin developing a KJCB Youth Program in conjunction with the Northeast Georgia Boy Scouts of America Venturing Crew.
- Hold Lunch & Learn programs teaching environmental awareness, rain barrel construction, rain garden planting, organic gardening, composting, worm composting and other lessons to interested persons.

- Programs will expand to include 1,000 volunteers each year during the Great American Cleanup, Rivers Alive, Adopt-A-Road, etc.
- Host a volunteer appreciation reception.
- Continue building a Board of Directors of up to 15 members.
- Expand CLPP Program in Commerce, Jefferson (if StreetScapes program has concluded) and Hoschton.
- Continue building a relationship with Elachee Nature Center to continue adult environmental learning and certifications.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- **Jackson County Growth**: Although the need for a recycling center continues, the economy and the state of the recycling market have marginally reduced that need. The emphasis to citizens now shold be if your hauler offers recycling, recycle the products they want. When the market and economy recovers, the construction of a Jackson County Recycling Center should be placed front and center satisfying the want and the need for citizens who have moved into the county. Until Jackson County has a recycling center, ordinances should not state the haulers must offer recycling, but when the market and the economy recovers, the ordinances should be rewritten to include a caveat requiring them to offer curbside recycling and that the material should be delivered to the Jackson County Recycling Center. This does not mean recycling is mandatory for citizens, but it does mean that any hauler in Jackson County must offer a curbside recycling program and they must bring that material to the Jackson County Recycling Center. The solid waste ordinance should be rewritten at this time to require haulers to bring waste to the Jackson County Transfer Station, if that wording is legal. Jackson County citizens are paying for their waste to be hauled to a landfill, the haulers are paying tonnage fees from that amount and they should be hauling that waste to the Jackson County Transfer Station.
- **Litter and Solid Waste Reduction**: Keep Jackson County Beautiful's mission is to teach others about litter reduction, solid waste reduction, beautification, stormwater and water conservation. "Lesson in a Box" modules are being developed to help teachers present this material to their classes. This year I have developed the Susie Litter character that has received publicity and there isn't a Jackson County, Commerce or Jefferson City school third grader who did not meet Susie this year. A curriculum is being developed for each grade (focusing in 2009-10 on PreK-5) in environmental education.
- **Managing Monthly and Annual Campaigns**: Adopt-A-Highway, Adopt-A-Spot, Adopt-A-Campus, Great American Cleanup, Georgia Clean Community Challenge, Rivers Alive, America Recycling Day, Venturing Crew and Bring One for the chipper continues to include event organization and volunteer organization. More outreach programs are needed, some of the above will play out, and hopefully in conjunction before January 2010 KJCB will announce a new program to take the Jackson County Government Green. With these programs come duties such as developing a budget, maintaining and monitoring various forms and reports and more public relations activities to inform the general public of the events.
- **Advertising, Promotional Items and Public Relations Costs Increasing**: Distributing thousands of litter bags with pencils, pens and other items, as well as brochures, is an annual must in this program. Keep Barrow Beautiful, Keep Walton Beautiful and Keep Madison County Beautiful have begun a coordination of projects to bring down costs of these promotional items. With experience comes knowledge. I now know when litter bags are on a buy 2, get 1 free promotion, I know how to say "You can do better than that" and I also have learned to work well with Purchasing.
- **Education Seminars/Funding**: KJCB plans to hold educational seminars this fall and will continue in 2011 on Rain Barrel construction and Rain Garden construction, compost bin construction and worm farm composting and even organic gardening. Although we will work with the Master Gardeners, UGA Extension Service and other entities, funding for such has been a problem this year. I believe we can do these programs for free to a very small cost to participants.

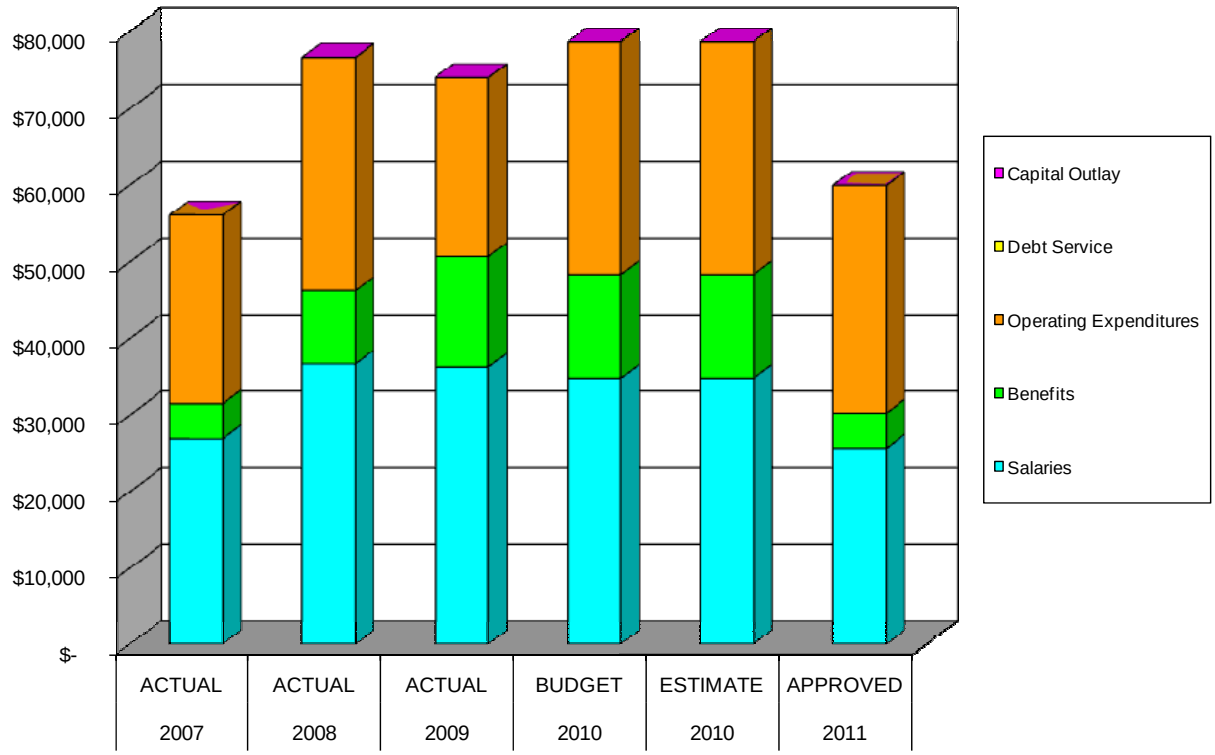

PERFORMANCE MEASURES:

Keep Jackson Beautiful Expenditures

***KEEP JACKSON COUNTY BEAUTIFUL FY11 BUDGET HIGHLIGHTS*:**

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 26.21% or $9,126 decrease in salaries primarily due to:
  - Reduction-in-force of full-time employee to part-time status.
- 66.21% or $8,982 decrease in benefits primarily due to:
  - 100% or $10,734 decrease in health insurance due to the reduction-in-force.
  - Decreases in Medicare and FICA due to the reduction-in-force effects on salaries.
- 1.98% or $600 decrease in operating expenditures primarily due to:
  - 100% or $600 decrease in expendable equipment.
- Total decrease of 23.77% or $18,708.

SENIOR CENTER

MISSION:

The Jackson County Senior Center is dedicated to enhancing the quality of life for elders and persons with disabilities through advocacy and services.

NUMBER OF APPROVED POSITIONS: Eleven full-time

GOALS:

- To enrich the lives of the frail, elderly, isolated, handicapped and all persons over 60 years old in Jackson County.
- To foster independent living and prevent premature or unnecessary institutionalization.
- To offer opportunities for participation in community life through a variety of educational and recreational activities, volunteer roles and employment.
- To advocate for the rights of elderly and handicapped individuals in the community.
- To enhance the image of aging through community awareness, education and networking.
- To identify needs and coordinate available funding and volunteer resources to maximize choices for older adults and handicapped individuals.
- To provide support for caregivers.

OBJECTIVES:

The mission statement and goals are to provide to the elderly 60+ in Jackson County. The services are Congregate Meals, Home Delivery Meals, Transportation, Friendly Visits, Telephone Reassurance, Nutrition Education, Outreach, and Information and Assistance. The objectives of these services are to enhance the quality of life for clients and to keep them at home and in the community as long as possible. A survey has been developed to determine the satisfaction of clients. All goals, objectives and action steps have been reviewed and approved by the Northeast Georgia Regional Development Center, State of Georgia and Division of Aging.

- Randomly survey 25% of clients in each service category and receive a rating of "Good" or better by at least 50% on all our services provided.

PERFORMANCE MEASURES:

TRIPS: JANUARY 2010 - DECEMBER 2010

January	746	May	694	September	950 est.
February	832	June	850 est.	October	1000 est.
March	938	July	950 est.	November	900 est.
April	918 est.	August	900 est.	December	750 est.

Total Trips = estimated @ 10,428 for 2010
Total Trips = 10,435 for 2009
Total Trips = 11,554 for 2008
Total Trips = 12,254 for 2007
Total Trips = 12,140 for 2006
Total Trips = 12,365 for 2005
Total Trips = 12,218 for 2004
Total Trips = 12,026 for 2003

	2007 Actual	2008 Actual	2009 Actual	2010 Estimate	2011 Forecast
Congregate Meals	16,449	15,440	15,459	16,000	16,000
Home Delivered Meals	9,300	11,875	11,571	12,000	12,000
Community Care Meals	4,200	3,896	3,283	4,000	4,000
Total Meals	**29,949**	**31,211**	**30,313**	**32,000**	**32,000**
Friendly Visits	480	459	455	480	480
Recreation	500	9,642	10,826	9,700	9,700
Information and Assistance	695	676	683	695	695
Outreach	652	754	690	760	760
Telephone Reassurance	1,050	966	986	1,000	1,000

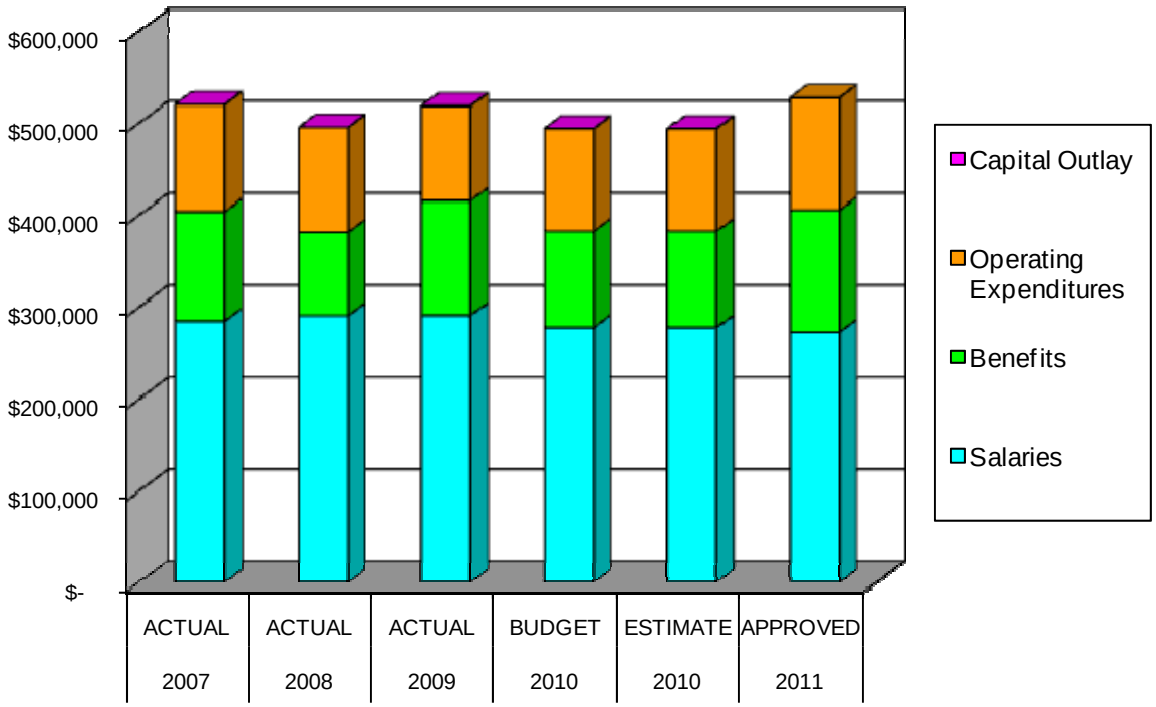

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY11:

- The opening of the newly expanded Senior Center will challenge the budget as operating costs particularly for utilities will be an unknown going into 2011.

Senior Center Expenditures

***SENIOR CENTER FY11 BUDGET HIGHLIGHTS*:**

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 1.88% or $5,228 decrease in salaries primarily due to:
  - Adjustment of salaries to actual.
- 27.35% or $28,606 increase in benefits primarily due to:
  - Reinstatement of base-match retirement contributions in the amount of $21,591 or 177.07%.
- 9.03% or $10,075 increase in operating expenditures primarily due to:
  - $3,000 for four new radios in expendable equipment.
  - 20.69% or $3,000 increase in electricity due moving into a newly expanded facility.
  - 250.0% or $3,000 increase in water & sewerage due moving into a newly expanded facility.
- Total increase of 6.77% or $33,453.

JACKSON COUNTY FIRE DISTRICTS

MISSION AND GOALS:

The Jackson County Fire Districts collectively embody the mission to provide the services necessary to protect the lives, property, and environment of the communities within the districts served. The ten volunteer fire districts seek to provide prompt services in the event of fire, medical emergencies, disasters, or any other event which may threaten the public welfare. The best possible protection of the community in a cost-effective manner is a collective priority of the Jackson County Fire Districts.

The ten volunteer Fire Districts of Jackson County are: Arcade, East Jackson, Harrisburg, Jackson Trail, Maysville, Nicholson, North Jackson, Plainview, South Jackson, and West Jackson.

NUMBER OF APPROVED POSITIONS: 185 Volunteers, 5 Part-time paid personnel, and two full-time paid personnel – Ten districts

OBJECTIVES:

- The primary objective of each Fire District is to reach the scene of the incident as quickly and safely as possible.
- Rescue any victims and apply proper aid.
- Secure area around incident.
- Locate the fire and neutralize the incident by applying suitable extinguishing agents with a minimum of fire, smoke, heat and water damage.

SIGNIFICANT ISSUES FACING THE DISTRICTS IN FY11: NONE

FIRE DISTRICTS' FY11 BUDGET HIGHLIGHTS:

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 31.17% or $149,705 increase in salaries primarily due to:
  - Some fire districts creating additional full-time salaried positions for FY11.
- 29.0% or $39,979 increase in benefits primarily due to:
  - Increases in Medicare, FICA, and retirement that relate to salary increases and workers compensation increases.
- 8.80% or $87,428 increase in operating expenditures primarily due to:
  - Various increases throughout many of the fire departments primarily in the areas of fuel, repairs to equipment, and new equipment purchases.
- 8.27% or $18,190 decrease in Debt Service due decreases in amortized truck payments from various departments.
- 50.21% or $172,981 decrease in capital outlay.
- Total increase of 3.95% or $85,941.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources and payment of general obligation long-term debt principal and interest.

In FY 2009, the Debt Service Fund was expanded to include all of the debt service payments previously included within the General Fund. This has continued for FY 2011. These payments will be funded via transfers out from the General Fund. The scope of this fund was expanded so as to account for all debt service payments. Please note that debt service payments from the various departments within the Special Revenue Funds have NOT been included in the Debt Service Fund.

CAPITAL PROJECTS FUND

The Capital Projects Fund is used to account for financial resources that are used during the acquisition of capital assets.

Departmental Capital Outlay

Routine Capital Expenditures

Routine capital expenditures for municipal equipment have now included within the newly established Capital Projects Fund where the included items were previously funded by the General Fund Operating budget. This fund is used to account for only the routine capital expenditures that may sometimes skew the individual departmental budgets within the General Fund. The following information details appropriations for the replacement of municipal equipment that has been included within the Capital Projects Fund budget for FY2011.

Approved Capital Expenditures for FY 2011:

Public Safety/Sheriff - $565,000
The Sheriff's Departmental Appropriation includes $565,000 to provide for the replacement of twenty police interceptors.

Fleet Replacement - $41,500
Provides for replacement of 2 vehicles of the County's fleet as shown below:

Department	County Vehicle	Make Vehicle	Body Style	YR	Est Miles	Condition of Vehicle	Recommended Replacement Vehicle	Estimated Cost
B & G	3901	Ford	F-150 P/U	2000	167,500	Fair/ Mileage	F-150 P/U Extended Cab	$20,000.00
Road	43	Ford	F-250 P/U 4 Door	1994	148,087	Fair/Age	F-250 4 Door P/U	$21,500.00

EMS - $245,000
EMS will receive one new ambulance for $245,000.

Road Department - $0
The Road Department was appropriated $83,000 in FY 2010 for mower replacement as part of the new 3-year replacement schedule. However, for FY 2011, this has been eliminated for overall-budget cost-reduction measures and is expected to resume in FY 2012.

Transfers Out - $119,513
The Capital Projects Fund also includes a transfer out of $119,513. This transfer out to the Debt Service Fund to will be used to service the interest on the Series 2008 Economic Development Bonds.

Impact on Operating Budget

All vehicles and equipment purchased through this fund will be replacements and as such will have no impact on the operating budget.

SPLOST – CAPITAL PROJECTS FUND

SPLOST Projects Funds:

These funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Special Use Funds:

These funds are set up to account for the use of the funds that are restricted for specific purposes as required by state law or local ordinance.

Budget Basis:

Budgets for special use fund types are adopted under the modified accrual basis. Under this basis of accounting, revenues are recognized when they become both measurable and available. Measurable is defined as the amount of the transaction that can be determined. Available means revenues collectable within the current period, or soon thereafter, for payment of current period liabilities. Expenditures are recognized when a transaction is expected to draw upon current resources.

Revenue Source Definitions:

Special Purpose Local Option Sales Tax Revenues are revenues of one percent of sales tax collected by the State on behalf of the County for specific capital improvement projects for a specific time period as approved by referendum. The forecasted collections of these revenues are based on historical and economic growth trends over the time frame authorized in the referendum. These funds may be only used for specific capital improvements as authorized in the referendum as provided in Title 48, Chapter 8 of the Official Code of Georgia Annotated.

State and Federal Grants and Contributions consist of funds received from federal, state, and/or other local governments or agencies. These revenues are identified for specific capital improvements and their projections are based on project eligibility, established standards, and available dollars. Examples include contributions from the Georgia Department of Transportation, grants through the Community Greenspace Trust Program, and contributions from the Jackson County Board of Education.

Interest Earnings are revenues earned from the investment of fund reserves. These revenues are based on the projected rates of return on invested fund equity.

Other Revenues are various funds received from citizens, private developers, and other sources that are applied to the cost of specified projects. These revenues are projected based on known participation.

2005 Special Purpose Local Option Sales Tax (SPLOST IV)

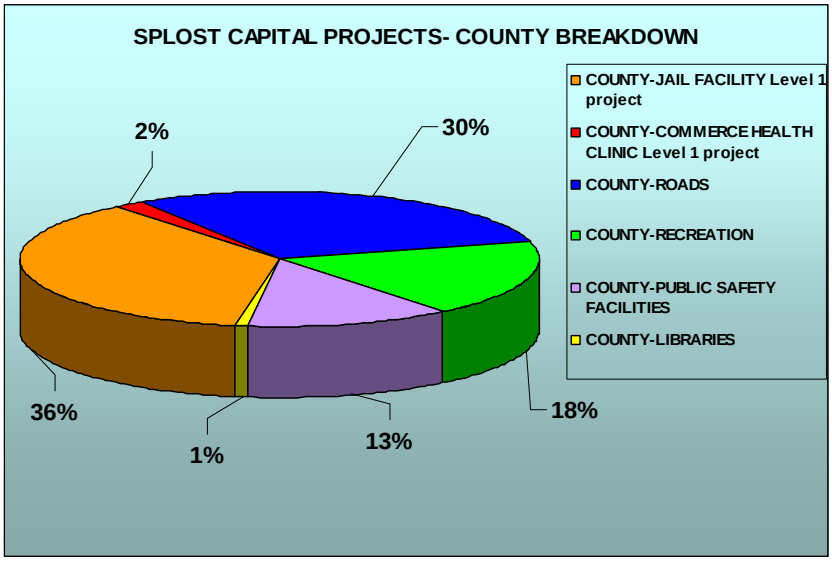

This revenue accounts for the financial resources provided from a six-year, one-cent special purpose local option sales tax approved by voters in 2005 for the purpose of resurfacing, paving, widening and repairing certain roads and bridges; expansions, renovations, developments of parks and recreations facilities and construction of emergency services facilities and equipment. In addition, over $14.7 million in funds will be provided to the various cities within Jackson County. Jackson County's SPLOST #4 has been estimated to collect $8,500,000 per year or $51,000,000 over the six-year period.

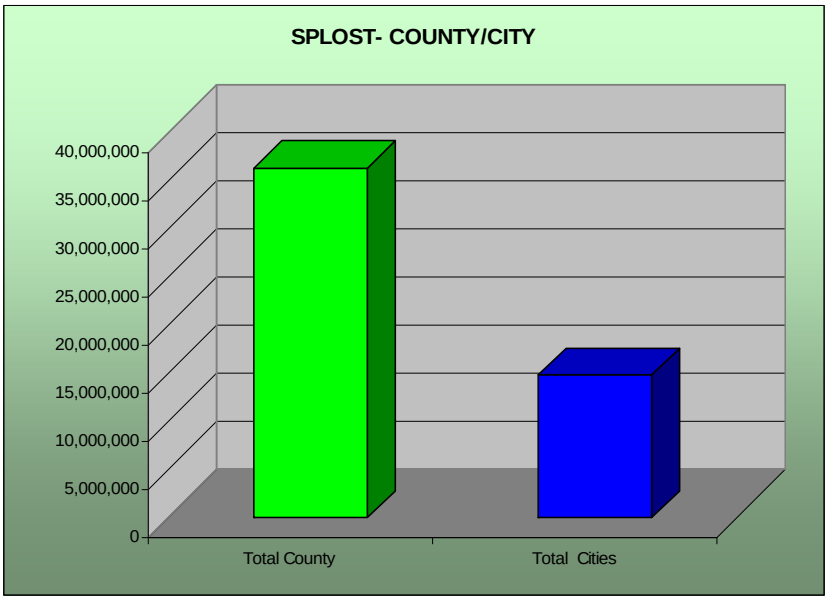

2010 Special Purpose Local Option Sales Tax (SPLOST V)

This revenue accounts for the financial resources provided from a six-year, one-cent special purpose local option sales tax approved by voters in 2010 for the purpose of resurfacing, paving, widening and repairing certain roads and bridges; expansions, renovations, developments of parks and recreations facilities, construction of emergency services facilities and equipment, and debt reduction on bonds used to build a new jail. In addition, over $13.7 million in funds will be provided to the various cities within Jackson County. Jackson County's SPLOST #5 has been estimated to collect $7,920,000 per year or $47,520,000 over the six-year period.

SPLOST- COUNTY PROJECT DISTRIBUTION
(July 1, 2005 – June 30, 2011)

	Project Cost	% of Total

SPLOST IV Projects Budget Highlights

At the time the Fiscal Year 2011 Budget was adopted, the Jackson County Board of Commissioners had not solidified their plans for expending SPLOST funds to be used for the purposes of transportation enhancements, public safety facilities, and libraries. Additionally, SPLOST IV collections will end on June 30, 2011. SPLOST V will commence on July 1, 2011 but budgeted figures for this SPLOST are not included in the budget as it was not approved by voter referendum until after the FY 2011 Budget was adopted by the Board of Commissioners.

Community Service/Recreation

Hoschton Park - $425,127
Jackson County has completed construction on the Hoschton Park which opened in the summer of 2010. $425,127 has been allocated for construction costs still to be booked and other construction-in-progress items within the Recreation function.

General Government

Libraries- $21,257
Currently, there are no formal plans for the expenditure of SPLOST funds for libraries. These monies are being accumulated and in the interim will be allotted as proposals materialize.

Commerce Health Department – $42,500

The Commerce Health Department was completed in 2005. The general fund advanced funds in anticipation of the SPLOST receipts to fund this project. The 2011 appropriation of $42,500 will be used to liquidate the inter-fund receivable in the general fund.

Public Safety

Jackson County Jail - $850,000
Jackson County held the official groundbreaking for the new jail on September 20, 2007. Phases one and two that consisted of a needs assessment, site selection, schematic, architectural and civil design were completed in 2006. Phase three consisted of final design for architectural, civil, mechanical, and electrical was completed in the Spring of 2007. Site work was completed in early 2008. Construction was completed in the summer of 2009 and the Sheriff's department administration moved in during late August with Jail activities moved in during September, 2009. The new jail encompasses approximately 125,000 square feet of space and includes 424 beds.

The Jackson County Jail was expected to cost approximately $33 million to construct and equip. However, only $10,200,000 has been appropriated and approved from the 1% Special Purpose Local Option Sales Tax that is expected to be collected over a six-year period.

The Board of Commissioners issued contractual debt or conduit debt through the City of Jefferson's Public Facilities Authority to finance the project long-term. It is expected that interest on the debt service will be capitalized during the construction period. The County expects to service the debt payments with proceeds from the Special Purpose Local Option Sales Tax designated for the jail project. Moreover, it is expected that the Jail will be financed for a period of 25 – 30 years. The County promoted the renewal of SPLOST after budget adoption and this was passed by the voters in November, 2010. Collections in the amount of $23,747,657 will be collected over the life of SPLOST V to pay off remaining debt on the new jail facility.

The current year's budget allocation of $850,000 will be used to offset the remaining construction and equipment costs.

Public Safety Facilities – $297,589

$297,589 has been included for improvements to Public Safety Facilities. These funds will be used to construct new Emergency Medical Service Stations. However, at the time this budget was adopted; the Board of Commissioners had not formally authorized any new capital initiatives. Therefore, these funds will be held in a contingency capacity until capital projects materialize.

Public Utilities/Intergovernmental

Public Utilities - $690,831
Based on anticipated SPLOST Revenues, the county will transfer approximately $690,831 to the Jackson County Water and Sewerage Authority, a component unit of Jackson County Government to be used for water and sewer capital improvements. Information pertaining to specific capital projects and initiatives can be obtained by contacting the authority directly. For your convenience contact information can be found in section XV on page 11 of this document.

Intergovernmental - $1,231,867
Based on anticipated SPLOST Revenues, the county will transfer approximately $1,231,867 in intergovernmental payments to the various municipalities within Jackson County for capital improvements. Information pertaining to how the municipal governments of the cities of Arcade, Braselton, Commerce, Jefferson, Hoschton, Maysville, Nicholson, Pendergrass, and Talmo plan to expend their funds for capital information can be obtained by contacting those governments directly. For your convenience a contact list has been provided in section XV on page 11 of this document.

Transportation

Roads - $643,331

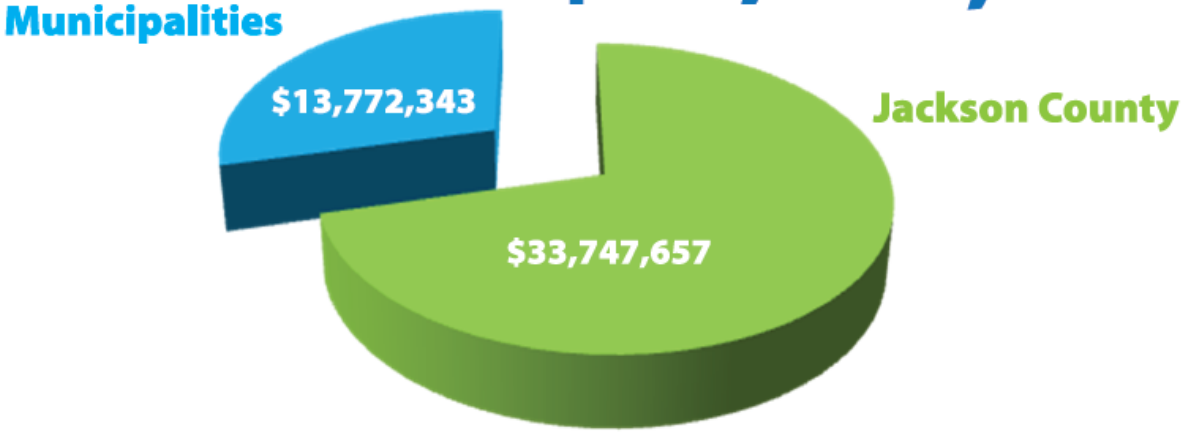

At the time of printing, the Jackson County Road Department has not yet received a list of approved transportation enhancement project from the GADOT for FY 2011. As you will note under the Approved 2010 Capital Project Budget, SPLOST funds for transportation purposes in the amount of $643,331 have been allocated to contingency. Once projects materialize, the Board of Commissioners will take formal action to amend the budget and appropriate funds from contingency as required.

Other Financing Uses

Transfers Out - $2,214,947
For FY 2011, there is a transfer out from the SPLOST Fund to the Debt Service Fund to service debt related to the Series 2007A Bonds that were used to advance fund the construction of the new Jail and Fire Training Facility totaling $2,214,947.

JACKSON COUNTY SPLOST V
APPROVED ON NOVEMBER 2, 2010

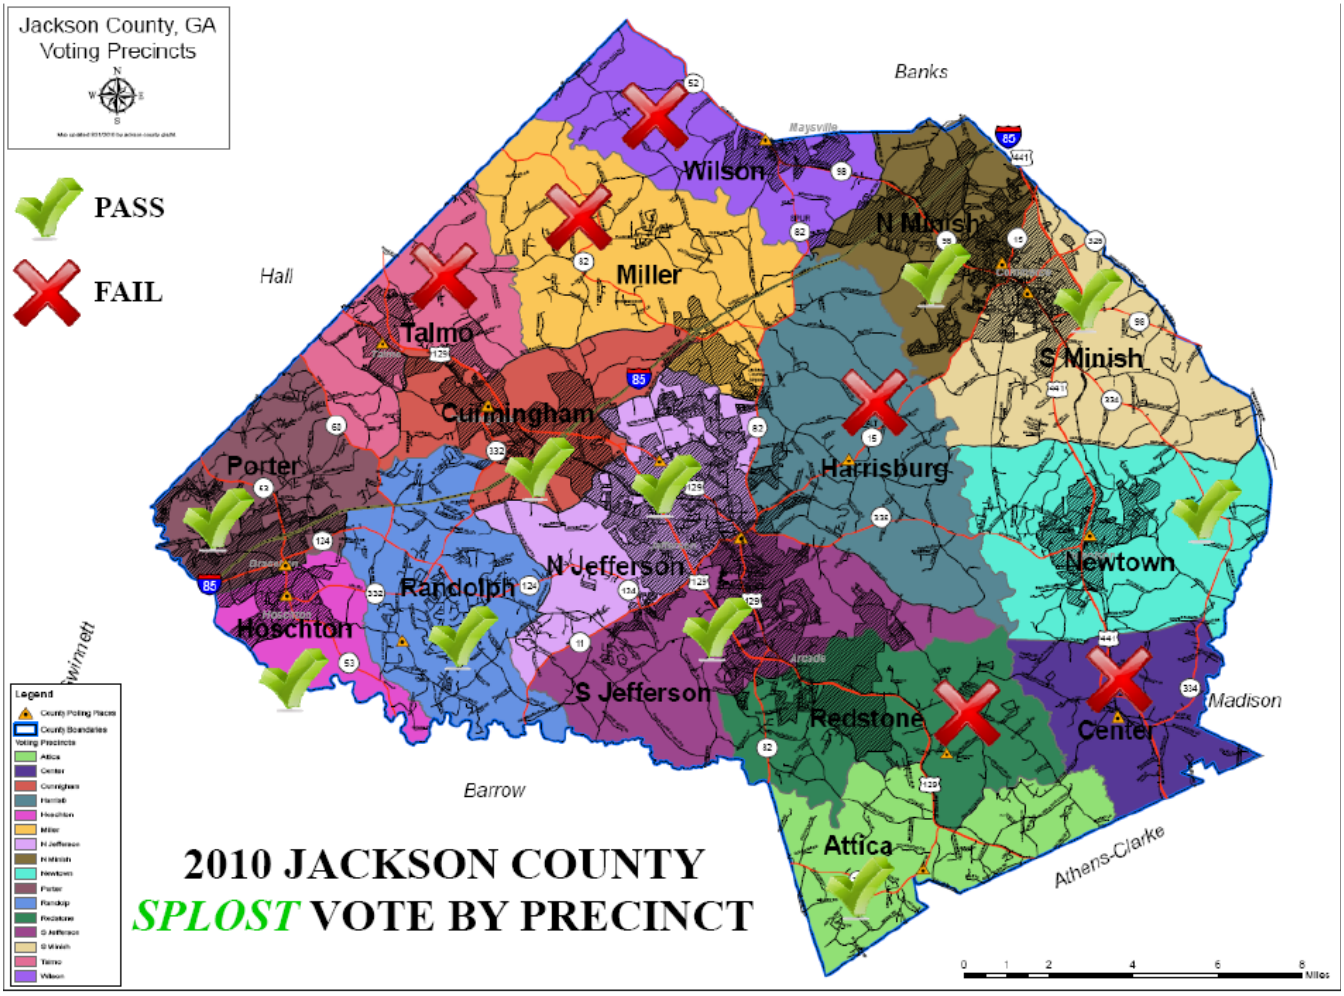

$47,520,000

Jackson County Funds
Jail Debt Reduction - $23,747,657
Satellite EMS Facilities - $1,200,000
Roads, Streets, and Bridges - $6,800,000
Parks and Recreation - $2,000,000

Municipal Funds
Arcade *(Pubic Safety Complex, Roads, Park and Recreation)* **- $1,250,654**
Braselton *(Roads, Parks and Recreation)* **- $1,126,690**
Commerce *(Roads, Water and Sewer, Parks and Recreation)* **- $4,067,380**
Hoschton *(Roads, Water and Sewer, Parks and Recreation)* **- $932,481**
Jefferson *(Public Safety Improvements, Roads, Water and Sewer, Parks and Recreation)* **- $4,067,380**

Talmo *(Library/Administration, Road, Public Safety, Parks and Recreation)* **- $377,400**

In November, 2010, a vote for Jackson County's SPLOST V was held. The measure passed and collections will begin in July 1, 2011 after the expiration of SPLOST IV on June 30th. Above is a mapped breakdown of the various precincts and whether the SPLOST ballot measure passed or failed within each respective precinct.

ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprise – where the intent of the County is (a) that the costs of providing goods or services to the general public on a continuous basis be financed or recovered primarily through user charges; or (b) where the County has decided that periodic determination of net income is appropriate for accountability purposes. The County maintains the following enterprise fund:

Solid Waste Disposal Facility – to account for the provision of Solid Waste Disposal Services to the residents of the County. Solid Waste Disposal Facility is comprised of a transfer station and related collection facilities. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, operations, maintenance, financing and related debt service.

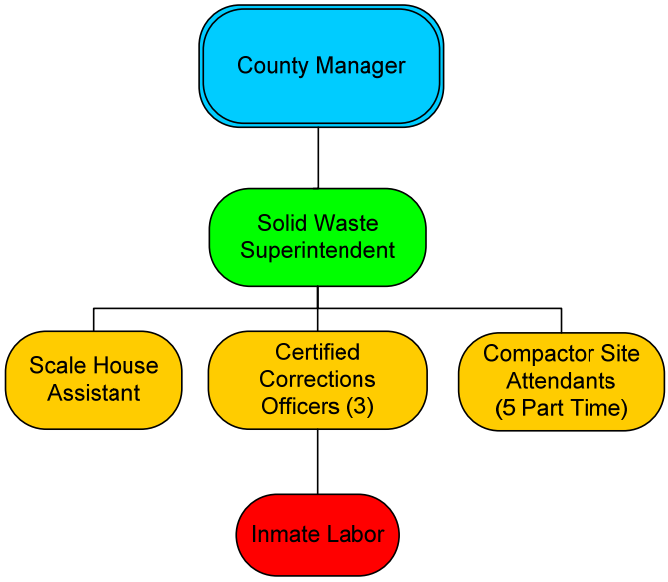

SOLID WASTE

MISSION AND GOALS:

The Jackson County Solid Waste Department provides disposal services for commercial and residential generators of waste in Jackson County. This department meets or exceeds state standards and is responsive to the health and sanitary needs of the citizens of this county. This department also strives to maintain a solid waste system that promotes a high level of public health and safety, and which protects the natural and human environment of Jackson County.

NUMBER OF APPROVED POSITIONS:

Four full-time and eight part-time.

GOALS:

- Maintain a solid waste system that promotes a high level of public health and safety, and which protects the natural and human environment of Jackson County
- Develop an economically responsible program for solid waste management that recognizes the needs for environmental protection and service to the citizens of Jackson County.
- Encourage cooperative and coordinated efforts among government agencies, private companies and the public to support the goal of sustainable resources for the community.
- Maintain a competitive tipping fee.
- Ensure commercial and residential haulers are within state guidelines.
- Ensure the closed landfill complies with state and federal regulations.
- Work with Keep Jackson County Clean & Beautiful to provide educational programs to the citizens of this county.
- Incorporate flexibility to accommodate future needs.
- Eventually build a recycling facility to serve the needs of the citizens.

OBJECTIVES:

- Pass ordinances to ensure standard collection and disposal methods are uniform within the county.
- Pass ordinances to help relieve roadside waste within the county.
- Increase compactor site usage to 450 tons per year.
- To write and maintain a comprehensive solid waste plan that fits the needs of all citizens in the county.
- Continue working with the 10-county solid waste authority for our entire future disposal needs, to include, but not limited to: land filling, composting, incineration, plasma arc, and recycling.

SIGNIFICANT ISSUES FACING THE DEPARTMENT IN FY10:

- There is a need to build two new compactor sites in the county.
- Work with Keep Jackson County Clean & Beautiful to establish educational and recycling programs throughout the county.
- Maintain closed SR 82 and Darnell Road landfills.
- Inmate labor force has too much interaction with the public at the transfer station. Need to look into a civilian labor force.

WORKLOAD/PERFORMANCE MEASURES:

	2007 Actual	2008 Actual	2009 Actual	2010 Estimate	2011 Forecast
Workload Measures

Transfer Station Revenues and Transfers In

Transfer Station Expenses

***TRANSFER STATION FY11 BUDGET HIGHLIGHTS*:**

The budget highlights attempt to explain only significant variations in the budget from the prior year. However, there are other increases and decreases that are insignificant that skew the overall increase or decrease in operating expenditures.

- 9.26% or $20,576 decrease in salaries primarily due to:
  - Elimination of unfilled positions during the reduction-in-force.
- 24.29% or $14,790 increase in benefits primarily due to:
  - Reinstatement of the to the base match employee retirement accounts of defined contribution plan participants.
- 9.44% or $98,805 increase in operating expenses primarily due to:
  - 15.80% or $132,920 increase in the Waste Management Contract.
  - 23.08% or $35,107 decrease in depreciation expense.
- Total increase of 7.00% or $93,019.
  - However, being in an enterprise fund, this increase is equally offset by an increase in revenue from transfer station charges.

Glossary

ACCOUNT GROUP. A self-balancing set of accounts, which are not a fund or a fiscal entity. General Fixed Assets Account Group and General Long-Term Debt Account Group are such examples.

ACCOUNTING SYSTEM. The total structure of records and procedures that identify, record, classify, summarize and report information on the financial position and results of operations of a governmental unit or any of its funds.

ACCRUAL BASIS ACCOUNTING. A method of accounting in which revenues are recorded when measurable and earned, and expenses are recognized when a good or service is used.

ACCRUED EXPENSE. An expense incurred during the current accounting period but which is not to be paid until a subsequent accounting period.

ACCRUED REVENUE. Revenue earned during the current accounting period but which is not be collected until a subsequent accounting period.

AD VALOREM. A basis for levy of taxes upon property based on value.

AD VALOREM TAX. A tax levied on the assessed value of real property. This tax is also known as property tax.

AGENCY FUND. A fund consisting of resources received and held by the governmental unit as an agent for others.

APPROPRIATION. An authorization by the Board of Commissioners to incur obligations and to expend public funds for a stated purpose. An appropriation is usually limited in amount and as to the time when it may be expended.

ARBITRAGE. Taking funds that have been raised from the sale of tax-exempt bonds and investing them at a higher rate of interest in taxable securities. Profits derived from the interest earning must be refunded to the federal government in certain cases.

ASSESSMENT. The process of making the official valuation of property for taxation.

ASSESSED VALUE. The value at which property is taxed. The Assessed value in the state of Georgia is forty percent (40%) of the fair market value.

ASSETS. Probable future economic benefits obtained or controlled by a particular entity as a result of past transactions or events.

AUDIT. A methodical examination of the utilization of and changes in resources. It concludes in a written report of the findings. A financial audit is a test of the management's financial statements and internal accounting control procedures to determine the extent to which: internal accounting controls are both available and being used; and to determine whether the financial statements fairly present the County's financial condition and results of operations.

AUTHORITY. A government or public agency created to perform a single function of a restricted group of related activities. Usually such units are financed from service charges, fees and tools, but in some instances they also have taxing powers. An authority may be completely independent of other governments or partially dependent upon other governments for its creation, its financing or the exercises of certain powers.

AVAILABLE (UNDESIGNATED) FUND BALANCE. This refers to the funds remaining from the prior year, which are available for appropriation and expenditure in the current year.

BOND. A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specific rate.

BOND DISCOUNT. The excess of the face value of a bond over the price for which it is acquired or sold.

BOND PREMIUM. The excess of the price at which a bond is acquired or sold over its face value.

BONDED DEBT. The portion of indebtedness represented by outstanding bonds.

BUDGET. A plan of financial operation embodying estimates of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

BUDGET AMENDMENT. A budget amendment alters the total appropriation for a department or fund and requires approval by an ordinance passed by the Board of Commissioners.

BUDGET CONTROL. The control or management of the approved Budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

BUDGET DOCUMENT. The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating body.

BUDGET MESSAGE. A general discussion of the proposed budget as presented in writing by the Financial Director to the Board of Commissioners. The message contains an explanation of the principal budget items and recommendations regarding the financial policy for the coming year.

BUDGET RESOLUTION. The official enactment by the County Commission legally authorizing the Financial Director to obligate and spend resources.

BUDGET TRANSFER. Intradepartment Transfer: A transfer from one account in a division, to another within the same division that does not increase the departments' total budget. These transfers may be made upon the approval of the Finance Director.

CAPITAL ASSETS. Assets of a long-term character which are not intended to be sold for profit, but which are to be used in an organization's normal course of business, such as land, buildings, improvements other than building, machinery, and equipment.

CAPITAL EXPENDITURES. Capital outlay of one thousand five hundred dollars ($1,500) or more that has a useful life in excess of one year.

CAPITAL IMPROVEMENT PROGRAM (CIP). A multi-year plan developed for capital improvements, which is updated annually. All improvements are to be made in accordance to this plan.
CAPITAL PROJECTS FUND. A fund used to account for financial resources used for the acquisition or construction of major capital equipment or facilities.

CAPITAL OUTLAY. Expenditures that result in the acquisition or addition to fixed assets.

CASH BASIS. A basis of accounting under which transactions are recognized only when cash is received or disbursed.

CDBG. Community Development Block Grant.

CDBG-EIP. Community Development Block Grant – Employment Incentive Program. The CDBG-EIP program is designed to aid new or expanding businesses in receiving needed infrastructure though a grant to either cities or counties. Eligible projects include water and sewer line extensions, road improvement, or direct loans. Applications can be submitted whenever the need arises. The business must commit to hire at least fifty one percent (51%) low and moderate income individuals.

CONSTRUCTION WORK IN PROGRESS. The cost of construction work that has been started but not yet completed.

CONTINGENCY. Funds set aside to provide for unforeseen expenditures of uncertain amounts.

D.A.R.E. Drug Abuse Resistance Education.

DEBT. An obligation resulting from the borrowing of money or from the purchase of goods and services.

DEBT SERVICE. Expenditures for principal and interest payments on loans, notes, and bonds.

DEBT SERVICE FUND. A fund established to account for the accumulation of resources for, and payment of, general long-term debt principal and interest.

DELINQUENT TAXES. Taxes remaining unpaid after the due date. Unpaid taxes continue to be delinquent until paid, abated, or converted into a lien on property.

DEPARTMENT. A major unit of organization in Jackson County comprised of subunits named divisions or cost centers and responsible for the provision of a specific package of services.

DEPRECIATION. (1) Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence. (2) The portion of the cost of a capital asset which is charged as an expense during a fiscal period.

ENCUMBRANCE. Commitment related to an unperformed contract for goods and services. Encumbered funds may not be used for any purpose.

ENTERPRISE FUNDS. A fund established to account for operations that are financed and operated in a manner similar to private enterprise – where the intent of the governing body is to provide goods or services to the general public, charging user fees to recover financing costs. An example is the Jackson County Transfer Station.

EXPENDITURE. This term refers to the outflow of funds paid or to be paid for an asset obtained or goods and services obtained regardless of when the expense is actually paid. This term applies to governmental funds.

EXPENSE. Outflows or other using up of assets or incurring of liabilities during a period from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations for example, depreciation. This term applies to Enterprise Funds.

FIDUCIARY FUND. Any fund held by a governmental unit as an agent or trustee.

FISCAL YEAR. A 12-month period of time to which the annual budget applies and at the end of which a governmental unit determines its financial position and the results of its operations.

FRINGE BENEFITS. Employer share of F.I.C.A. taxes, health and dental insurance, disability insurance, life insurance, workmen compensation, unemployment taxes, and retirement contributions made on behalf of the County employees.

FULL-TIME POSITION. A position which qualifies for full County benefits, usually required to work 30 hours per week.

FUND. A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities, or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND ACCOUNTING. A method of accounting where resources are allocated to and accounted for in separate funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

FUND BALANCE. Fund Balance is the difference between assets and liabilities of a governmental fund. Because assets may include non-cash items, fund balances may not represent liquid assets.

FUND EQUITY. The excess of assets over liabilities. A portion of the equity may be reserved or designated; the remainder is Fund Balance.

GAAP. Generally Accepted Accounting Principles as determined through common practice or as promulgated by the Governmental Accounting Standards Board, Financial Accounting Standards Board, or various other accounting standards setting bodies.

GCIC. Georgia Criminal Intelligence Center.

GEFA. Georgia Environmental Finance Authority (Formerly, Georgia Environmental Facilities Authority).

GENERAL FIXED ASSETS ACCOUNT GROUP. A self-balancing group of accounts set up to account for the general fixed assets of a governmental unit.

GENERAL FUND. A fund used to account for all transactions of a governmental unit that are not accounted for in another fund.

GENERAL LONG-TERM DEBT ACCOUNT GROUP. A self-balancing group of accounts set up to account for long-term debt that is legally payable from general revenues.

GENERAL OBLIGATION BONDS. Bonds backed by the full faith and credit of government.

GOAL. A goal is a statement of desired conditions to be maintained or achieved through the efforts of an organization. Actual total achievement may be impossible, but the goal is a standard against which to measure progress towards ideal conditions. A goal is a definition of results toward which the work of the organization is directed.

GOVERNMENTAL FUNDS. This category of funds includes typical governmental activities and includes funds such as the General Fund, Special Revenue Fund, and the Debt Service Fund. These funds are set up to measure current expendable financial resources (only current assets and current liabilities) and uses the modified accrual basis of accounting.

GRANT. A contribution of assets (usually cash) from one government unit or organization to another. Typically, these contributions are made to local governments from the state or federal governments to be used for specific purposes and require distinctive reporting.

HOMESTEAD EXEMPTION. A tax relief measure whereby state law permits local governments to exempt a fixed dollar amount of appraised value of qualifying residential property.

INSURANCE PREMIUM TAX. Tax paid by insurance companies for premiums collected inside the county.

INTERFUND LOAN. A loan made by one fund to another to be repaid at a later date.

INTERFUND TRANSFER. An amount transferred from one fund to another as expenditure to one fund and revenue to the other fund.

INTERGOVERNMENTAL REVENUE. Revenue from other governments in the form of entitlements, grants, shared revenues or payments in lieu of taxes.

INVESTMENT. Securities held for the production of income in the form of interest and dividends.

LARP. Local Assistance Road Projects.

LEASE-PURCHASE AGREEMENTS. Contractual agreements that are termed leases, but that in substance are purchase contracts.

LEVY. To impose taxes, special assessments or service charges for the support of government activities.

LIABILITIES. Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events.

LINE-ITEM. A detailed classification of an expense or expenditures classified within each Department.

LINE-ITEM BUDGET. Listing of each category of expenditures and revenues by fund, agency, department, division and or cost center.

L.O.S.T. (Local Option Sales Tax) Tax levied at the rate of one percent which applies to the same items as the State sales tax, except that the local option sales tax also applies to sales of motor fuels. In order to impose this tax, the qualifying entity must submit a copy of a resolution if more than one-half of the votes cast are in favor of the tax.

LONG-TERM DEBT. Debt with a maturity of more than one year after the date of issuance.

MAJOR FUND. A governmental fund or enterprise fund reported as a separate column in the basic fund financial statements. The general fund is always a major fund. Otherwise, major funds are funds whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and a least 5 percent of the aggregate amount for all governmental and enterprise funds for the same item. Any other government or enterprise fund may be reported as a major fund if the government's officials believe that fund is particularly important to financial statement users.

MILL. One one-thousandth of a dollar of assessed value. A tax rate of one mill produces one dollar of taxes for each $1,000 of assessed property valuation.

MILLAGE. Rate used in calculating taxes based upon the value of property, expressed in mills per dollar of property value.

MISSION. The mission statements included in Department budget requests are designed to inform the reader of the department's essential functions or activities/responsibilities/tasks they are charged to accomplish, as well as, the major services they provide.

MODIFIED ACCRUAL BASIS. Governmental funds use the modified accrual basis of accounting. Revenues are recognized in the period in which they become both available and measurable. Expenditures are recognized at the time a liability is incurred.

NONOPERATING EXPENSE. Proprietary fund expenses incurred in performance of activities not directly related to supplying the basic service by a governmental enterprise.

NONOPERATING INCOME. Propriety fund income that is not derived from the basic operations of such enterprises.

OBJECT CODE. Expenditure classification according to the types of items purchased or services obtained; for example, personnel services, materials & supplies, contractual services, and capital.

OBJECTIVE. An objective is a decision about the amount of progress to be made within a specified period of time. It states in measurable and quantitative terms the results to be achieved within a specified time and plans the incremental steps to achieve the goal.

OPERATING COSTS. Operating cost are proprietary (Enterprise) fund expenses that directly relate to the fund's primary service activities. For example: salaries and wages, expendable supplies, and contractual services.

OPERATING TRANSFER. Legally authorized interfund transfers from a fund receiving revenue to the fund that makes expenditures.

ORDINANCE. A formal legislative enactment by the governing body of a County. It is not in conflict with any higher form of law, such as state statute or constitutional provision; it has the full force and effect of law within the boundaries of the municipality to which it applies.

PART-TIME. Part-time employees work less than 30 hours per week and are not entitled to full-time employee benefits.

PERFORMANCE MEASURES. Specific quantitative productivity measures of work performed within an activity or program. Also, a specific quantitative measure of results obtained through a program or activity.

PERSONAL PROPERTY. Property that can be moved with relative ease, such as motor vehicles, boats, machinery, and inventoried goods.

PERSONAL SERVICES. Expenditures for the payment of salaries, wages and fringe benefits of employees.

PROFESSIONAL SERVICES. Expenditures incurred by the county to obtain the services of recognized licensed professionals such as doctors, lawyers, engineers, certified public accountants, and consultants.

PROPERTY TAX. Tax based on assessed value of a property, either real estate or personal. Tax liability falls on the owner of record as of the appraisal date.

PROPRIETARY FUNDS. This category of funds often emulates the private sector and includes Enterprise Funds and Internal Service Funds. These funds are set up to measure the flow of economic resources (all assets and liabilities) and use the accrual basis of accounting.

REAL ESTATE TRANSFER TAX. Taxes collected by Jackson County on real estate transfers (deed fees) within the county.

REAL PROPERTY. Land, buildings, permanent fixtures, and improvements.

RESERVE. (1) An account used to earmark a portion of fund balance to indicate that it has been earmarked for a particular purpose; and (2) an account used to earmark a portion of fund equity as legally segregated for a future use.

RESIDUAL EQUITY TRANSFERS. Additions to or deductions from the beginning fund balance of governmental funds.

RETAINED EARNINGS. An equity account reflecting the accumulated earnings of an enterprise or internal service fund.

REVENUE. Increases in the net current assets of a government fund type from other than expenditure refunds and residual equity transfers. Examples include property taxes, licenses and fees, and charges for services.

REVENUE BONDS. Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund.

RISK MANAGEMENT. The coordinated and continuous effort to minimize the potential financial and human resource losses arising from workers compensation, liability and property exposures.

SELF-INSURANCE. The formal assumption or partial assumption of risks and the accounting of results. Specific accounts are set aside to fund the risks. Any losses which do occur are charged against those accounts or funds.

S.P.L.O.S.T. (Special Purpose Local Option Sales Tax) An additional 1 percent sales tax that may be imposed for a specific time period on the same items as the State sales tax. The tax may be levied with voter approval and must be used for specific capital projects or capital outlay.

SPECIAL REVENUE FUND. A fund used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditures for specified purposes.

TAX. A compulsory charge levied by a governmental unit for the purpose of raising revenue. These revenues are used to pay for services or improvements provided for the general public benefit.

TAX ANTICIPATION NOTE (TAN). Borrowing by a local government against future anticipated tax revenue.

TAX DIGEST. The total assessed value of taxable property for a particular area.

TEMPORARY POSITION. A temporary position is filled for a specified period of time, is not permanent in nature, and does not qualify for regular County benefits.

TRUST FUNDS. Funds used to account for assets held by a government in a trustee capacity for individuals, private organizations, other governments, and/or other funds.

UNRESERVED FUND BALANCE. The amount remaining in a fund that is not designated for some future use and which is available for further appropriation or expenditures.

USER CHARGES. The payment of a fee for direct receipt of a public service by the party benefiting from the service.

	State & County	City M&O	
* City of Maysville	32.85	2.73	35.58

*This rate is used for vehicle tax only. This city collects its property tax independently.

~Commerce City (districts 2 & 22), Jefferson City (districts 3 & 33) and Pendergrass City (district 9) taxes are included on the county tax bill.

HOW ARE YOUR PROPERTY TAXES CALCULATED FROM A MILLAGE RATE?

- You must first determine what the total millage rates are according to the district in which the property lies.
- The property will then be taxed on 40% of its total assessed value determined by the Tax Assessor's Office
- The taxable value is then multiplied by the total millage rate indicated from the chart above and the sum of which is divided by 1,000 (because one mill is one thousandth of a dollar).

EXAMPLE: Total millage rate for a property is 30.98. A property has a total assessed value of $100,000.

$100,000 × 40% = $40,000

$40,000 × 30.98 = $1,239,200

$1,239,200 ÷ 1,000 = $1,239.20

Therefore, a property with an assessed value of $100,000 is shown to contribute $1,239.20 in property taxes.

NOTE: Some exemptions may apply to property owners who meet certain criteria such as age, income, etc. Please refer to the Tax Commissioner for further details on specific property tax exemptions.
