

FISCAL YEAR 2026

COLUMBUS, GEORGIA
CONSOLIDATED GOVERNMENT
ADOPTED OPERATING BUDGET

THIS DOCUMENT IS NOT INTENDED FOR USE IN LIEU OF THE ANNUAL COMPREHENSIVE FINANCIAL REPORT, THE ANNUAL BUDGET ORDINANCES LEGISLATIVELY ADOPTED BY COUNCIL, OR ANY OTHER OFFICIAL OR LEGAL DOCUMENT THAT MAY EVIDENCE THE ANNUAL OPERATING BUDGET OF COLUMBUS CONSOLIDATED GOVERNMENT.

Columbus Consolidated Government has made every effort to ensure the accuracy and timeliness of the data included in this Operating Budget. However, this Operating Budget document has been internally prepared by the Financial Planning Department using data available from CCG financial systems and other sources. The data contained herein has neither been subjected to external audit nor the rigorous testing that would typically accompany such an audit, and therefore use of or reference to any information contained in this Operating Budget, or any of its accompanying documents, should be for **discussion purposes only**.

This Operating Budget documents the appropriation of the FY2026 Operating Budget that was adopted by legislative action by the Columbus Council, which enacted Ordinance(s) on *June 10, 2025*. While the Financial Planning Department is involved in the documentation of the Operating Budget, authority to legislatively appropriate funding for all departments, enterprise funds, agency affiliations, and/or component units of CCG rests solely with Columbus Council.

For information regarding CCG that has been audited, please refer to the ***Annual Comprehensive Financial Report (ACFR).*** For information regarding legislatively adopted funding, please refer to the Ordinances adopted by Columbus Council on *June 10, 2025.*

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

Columbus Consolidated Government

Georgia

For the Fiscal Year Beginning

July 1, 2024

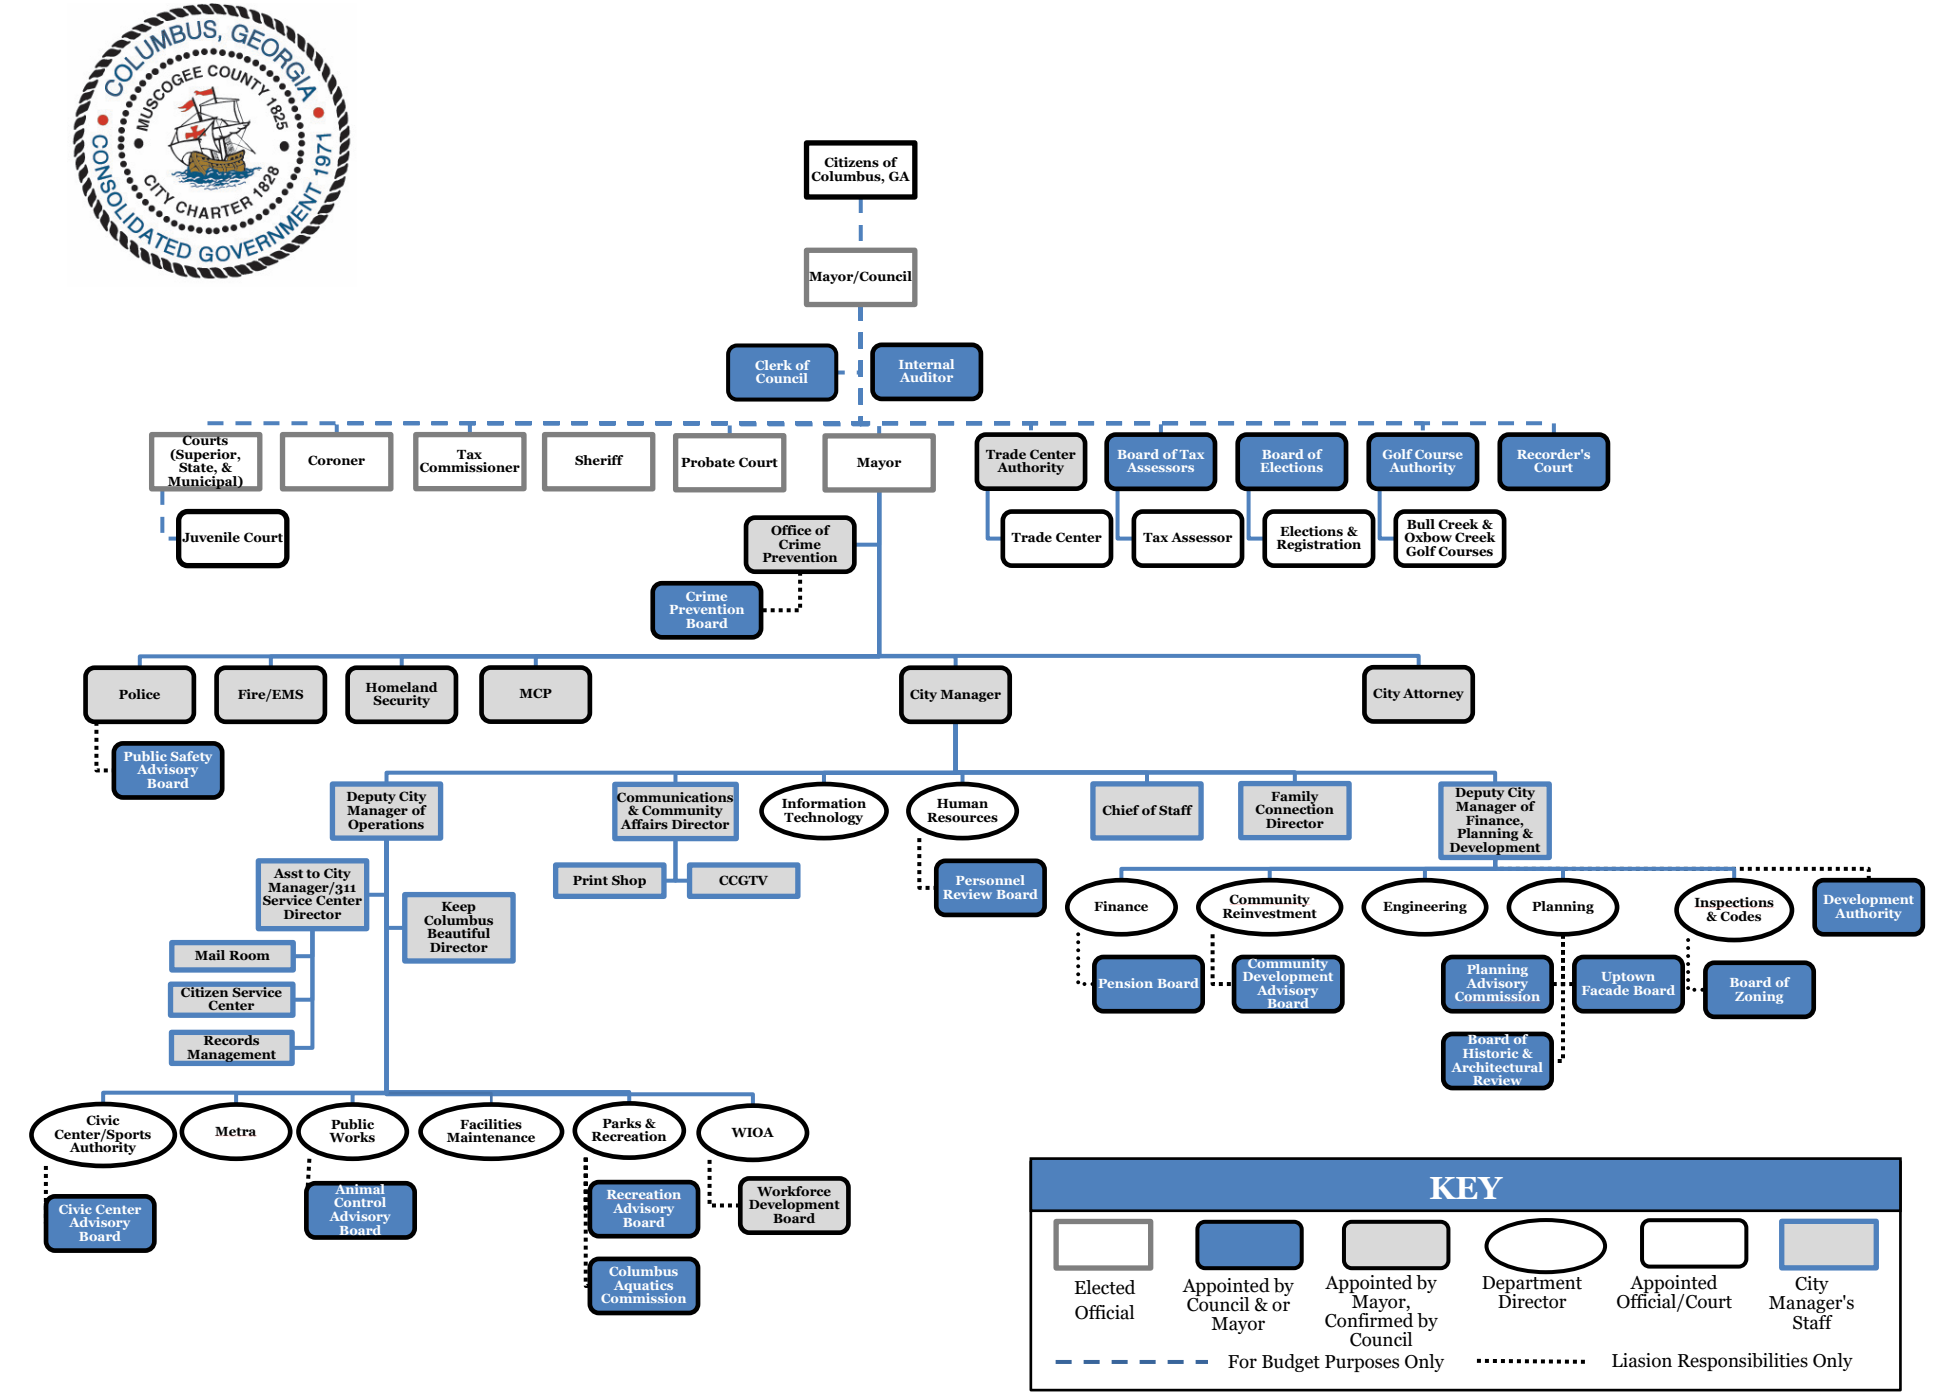

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Columbus Consolidated Government, Georgia for its annual budget for the fiscal year beginning **July 1, 2024**. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

In RE: Fiscal Year 2026 Adopted Budget

Dear Citizens of Columbus, Georgia and Councilors:

I. Preamble

Change is fundamental to forward progress. Yet, the duality between change and progress is often misunderstood. As public leaders, we must remain sensitive to the changing needs and demands of the constituents we serve while also leading with intention. Intentionality is vital because it transforms change into progress. One might also define true progress as demonstrating genuine commitment to improving the quality of life for everyone who chooses to either visit Columbus or call it home. While we've made good progress with fostering economic development and pushing critical infrastructure projects forward, there is more work to be done. Over the past few years, our focus has been on strengthening our reserves and improving our operations while maintaining our commitment to addressing the community's need for better services, our employees' expectations for quality pay, and inflationary pressures borne from economic conditions that are beyond our control.

The development of this FY2026 budget was not without its challenges. As the federal government strives for greater efficiency, we are hopeful that we will not experience a decrease in funding for programs that serve the most vulnerable in our community. Because it is unclear how reductions in the federal workforce or the imposition of global tariffs will impact our local economy, we will continue to closely monitor actions at the federal level so that we can pivot if necessary. Despite the challenges faced, we remain steadfast in our commitment to providing access to healthcare and other social determinants for those facing poverty, to initiating economic development conversations that lead to job creation and skilled workforce development, and to addressing public safety concerns by implementing new crime reduction strategies.

Likewise, it is important to continue the momentum that has energized us. The synergy we've fostered with our community investors, leaders and public partners demonstrates that momentum leads to progress, and we sincerely hope that the progressions made will place Columbus in a position to flourish for generations to come.

II. Introduction

Today, we present to you the Fiscal Year (FY) 2026 Adopted Budget for review and examination. The Mayor's Adopted Budget message is provided pursuant to the Columbus Consolidated Government (CCG) Charter, including specifically §7-401, and Georgia statutory law, which provide that the elected Chief Executive of the local governing authority, here the mayor, is to engage in initial budgetary policy making.

This Adopted Budget is a balanced budget and includes an estimate of unencumbered fund balance; an estimate of cash revenues; anticipated expenditures by each department, office, board, commission, and agency; approved capital outlays; data justification for expenditures; and other such information that will be necessary for Council's budget deliberations.[1]

III. FY2026 Budget Assumptions

The FY2026 Adopted Budget is balanced with $394,618,281 in revenues and expenses. This amount is up 7.73% from our FY2025 Adopted Budget of $366,319,162.

Our FY2026 revenues are comprised of $207,895,047 in General Fund revenue, which includes $49,000,000 in Local Option Sales Tax (LOST) funds, $49,000,000 in Other Local Option Sales Tax (OLOST) funds, and $115,840,285 in all other operating fund revenue. The property tax digest reflected an increase in FY2025, and we were anticipating another increase in the FY2026 property tax digest for real property. Although there is a reallocation of millage appropriations, the 1.44 reduction in the total millage rate approved by the Council for FY2024 remains unchanged for this FY2026 Adopted Budget.

We believe that this Adopted Budget is a solid spending plan for the upcoming fiscal year as it remains in line with our strategic plans, priorities, and initiatives. However, we will continue to monitor our budgetary performance and will provide updates and/or recommendations to Council if adjustments are required.

Fortunately, we have experienced year over year increases in our sales tax revenue and we expect this trend to continue for the foreseeable future. Transient occupancy revenues continue to exceed pre-pandemic levels, which is an excellent indicator of post pandemic success for our tourism and hospitality industries. Other projected changes in General Fund revenues by category are laid out below:

ANTICIPATED CHANGES IN FY2026 PROJECTED GENERAL FUND REVENUES

General Property/Title Ad Valorem Taxes	$7,112,648
Franchise Taxes	$2,110,000
Sales Taxes	$1,700,000
Charges For Services	$1,473,519
Insurance Premium Taxes	$1,350,000
Fines and Forfeitures	$900,000
Transfers-In Other Funds/Cost Allocation	$700,000
Occupation Taxes	$500,000
Interest Income	$500,000
TOTAL FY2026 REVENUE CHANGE	**$16,346,167**

[1] This information was provided simultaneously herewith via a SharePoint website.

Other assumptions that comprise this budget include:

- A 3% Cost of Living Adjustment (COLA) for all full-time employees, effective January 2026
- A 1.5% COLA for retirees, effective January 2026
- Budgeted healthcare cost of $7,675/position
- Total millage rate remains unchanged, but includes a 1.00 mill reappropriation to support General Maintenance and Operations
- A 2.5% increase in the Property Tax Digest
- 99% ad valorem collection rate
- A $100,000 subsidy to the Oxbow Creek Golf Course
- No subsidy to the Bull Creek Golf Course
- No subsidy to the Civic Center Fund
- No subsidy to the Integrated Waste Fund
- A Community Care Fund 1.09 mill rate reduction thus changing the rate from 2.09 mills to 1 mill to provide service payments for inmates and indigent residents through June 30, 2026. Prior year fund reserves will also be used to fund our newly established Community (Indigent) Care Program.
- Limited capital improvement or capital outlay allocations in certain funds
- Increase to discretionary agency appropriations i.e. $420,859 to the Columbus Health Department for the Vector Control Program
- A General Fund Reserve of $62.1 million (86.79 days)
- Value of one reserve day $716,630
- Value of one mill (Operating) $5,918,728
- Value of one mill (Bond) $6,276,834
- An Economic Development millage of 0.50 mill ($2,929,770), including:
    - 0.25 mill to the Development Authority
    - 0.25 mill to City Council to be distributed for previously approved economic development projects and/or set aside reserves
- A Risk Management vehicle allocation of $2,403/vehicle
- A Worker's Compensation allocation of $1,515/employee
- $1 million allocated for Crime Prevention grants (same funding level as FY2025)

With this budget, we remain above our 60-day policy minimum in Reserve Funds:

GENERAL FUND RESERVE DAYS							
	FY20	FY21	FY22	FY23	FY24	FY25 (est.)	FY26 (est.)
GENERAL OPERATING FUND	59.20	68.50	86.54	81.81	71.66	51.58	44.60
OLOST FUNDS	43.47	50.24	45.79	50.20	42.06	45.93	42.19
TOTAL GENERAL FUND RESERVE DAYS	102.67	118.74	132.33	132.01	113.72	97.51	86.79
VALUE OF 1 DAY	$507,344	$520,497	$539,300	$570,310	$600,509	$663,884	$716,630

IV. General Fiscal Policies and Recommended Changes

A. Employee Raise and Comprehensive Pay Reform

This Adopted Budget includes a 3% Cost of Living Adjustment (COLA) for all classified full-time employees effective January 2026. The budget also includes a 1% market adjustment to the General Government and Public Safety pay scale. The cost to implement these pay adjustments as of January 1, 2026, is $3,078,680.

This is our third post implementation year for the Evergreen Pay Plan. The pay plan has helped us fill critical vacancies in our government and better align employee salaries with the current employment market. However, we recognize that ongoing comprehensive maintenance of the pay plan will be necessary to remain competitive with private sector employers and our governmental peers for all positions within the government. An annual comprehensive review also helps eliminate arbitrary tweaking of the plan that may lead to additional pay suppression issues because the bottom line is that our employees are our most valuable resource, and we know we cannot adequately provide essential city services without them.

B. Budget Neutral and Non-Budget Neutral Employee Positions

Below is a chart of new or re-classified employee positions included in this Adopted Budget. These position descriptions were reviewed and evaluated by Human Resources and Evergreen Solutions, our classification and compensation consultant, and their recommendations are noted below.

C. Stabilizing Our Healthcare Costs

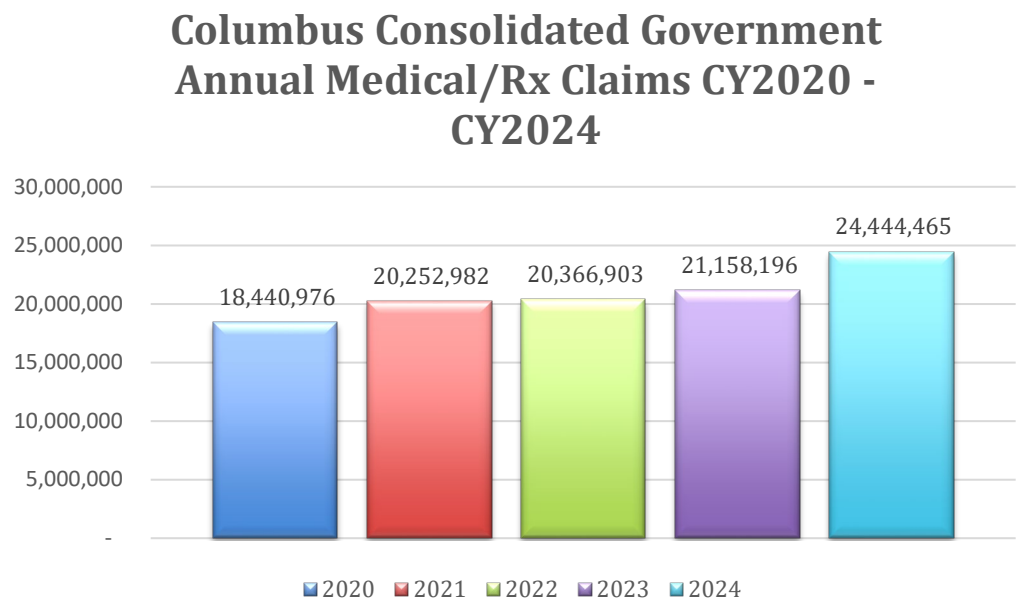

CCG medical claims have fluctuated over the last three years with a -3.41% decrease from 2022 to 2023 and an 18.63% increase from 2023 to 2024 as is shown below:

Prescription drug claims have also experienced some fluctuations. We experienced a 16.64% increase from 2022 to 2023 and a 2.20% increase from 2023 to 2024, as depicted below:

Until recent years, overall healthcare claims were on a declining trend. However, as shown in the chart below, costs have been on an upward trend for the past 5 years.

Although we have experienced increasing trends in healthcare costs, the continued success of our wellness program has allowed us to keep our costs lower than national healthcare trends. We also recommend resetting the minimum base for our healthcare cost contribution strategy to 75% contribution from CCG and 25% employee contribution. Over the years, we have gone to great lengths to limit the financial burden associated with the rising cost of healthcare for our employees. While changing the healthcare contribution levels will shift some of the burden of cost increases from employees, we can no longer avoid premium increases. For nine consecutive years, CCG employees experienced **no premium increases** if they participated in the wellness program. Keeping the premium costs the same for such a long period of time is an extraordinary feat that we are proud of. However, we could not continue down that path this year due to the financial constraints inflationary conditions have placed on our budget.

As in prior years, lack of participation in the optional wellness program still results in a 22% premium differential between wellness and non-wellness participants. However, we will provide gift cards to all employees that complete the biometric screening as an incentive to encourage continued participation. Improving the health and quality of life of our hardworking employees, while simultaneously lessening the burden of healthcare costs for them, is and always will be important to us.

D. INTEGRATED WASTE FUND

The plight of CCG's Integrated Waste Program has been publicly discussed ad nauseum for approximately two decades. Funding levels for the program have never been enough to cover current and/or future costs. Seemingly, the General Fund has been used as a stop gap to help cover operational costs of, what should be, a self-sustaining program. Reserves that were once available in the Integrated Waste Fund have been depleted largely due to the demand for privatization of services to address service level expectations regarding waste collection. Modest rate increases have been made over time; however, those increases were never enough to adequately operate our waste management program while also maintaining our landfills.

To that end, this Adopted Budget includes rate increases for our commercial fees as well as a $3 per month rate adjustment to the residential fee. The residential adjustment will bring the monthly residential fee up to $24. In addition to supporting our current operations, a portion of the proposed

increases will be used to cover the cost of borrowing the funds needed for the Phase 5 cell expansion at our Pinegrove Landfill. This cell expansion is necessary to ensure we maintain adequate dumping space at the landfill without interruption. Since opening this section of the landfill is inevitable, it is beneficial to fund this expansion now rather than delaying construction to a time when costs will be undoubtedly higher due to inflation, changes in technology, or changes in landfill laws and regulations.

The chart below denotes the proposed revenue enhancements for the Integrated Waste Fund as follows:

Integrated Waste Fee Increases		
Fee Type	**Old Fee Amount**	**New Fee Amount**
Residential Curbside Fee	$21/month	$24/month
Commercial Curbside Fee (on the right of way)	$20/month	$26/month
Commercial Curbside Fee (off the right of way)	$26.67/month	$32.67/month
Tree Fees (private property)	$50/load, $34/ton	$50/load, $76.50/ton
Putrescible Waste (Solid Waste)	$42.50/ton	$85/ton
Construction & Demolition Waste	$42.50/ton	$85/ton
Inert Waste (Green Waste)	$34/ton	$76.50/ton
Special Handling	$60/ton	$102.50/ton

While the fee adjustments included in this FY2026 Adopted Budget still fall short of what's needed to not only fund current operational costs, but future liabilities such as critical capital needs and landfill closure/post-closure care, it is our intention that the proposed increases will help to advance our Integrated Waste Management system towards self-sustainability for future generations.

E. OLOST Distribution

The OLOST revenue budget is projected to be $49 million in FY2026, with 70% dedicated to Public Safety ($34.3 million) and 30% dedicated to infrastructure ($14.7 million).

Out of the $34.3 million dedicated to Public Safety, $31.92 million is appropriated (already obligated) for prior, ongoing commitments related to personnel expenses, debt service, cost allocations, and public safety system enhancements and maintenance. The remaining $2.38 million and $249,000 in OLOST reserve funds are appropriated for additional capital outlay allocated among the Public Safety departments and offices.

The additional capital appropriations are allocated as follows:

OFFICE	*DESCRIPTION*	*AMOUNT*
Police Department	8 Pursuit Explorers w/ Build Out, GETAC Body Cameras Maintenance Package, Axon 7 Tasers Maintenance Package, Digital Storage System, S&W to H&K Swap	$1,345,274

Fire/EMS	25 Turnout Gear, 2 Station Alerting Systems	$333,750
Sheriff's Office	EVOLV Weapons Detection System, Axon Taser System Maintenance Package, Axon Fleet Car System Maintenance Package, 2 Convection Ovens	$485,652
Homeland Security	2 Autel EVO II Drones, 1 Golf Cart	$23,000
MCP	1 Intercom System, Kitchen Equipment	$445,858
	TOTAL	**$2,633,534**

As an ongoing expense, our Court Management System requires a significant portion of our OLOST monies, which reduces the sums distributed to individual public safety departments/offices. Ongoing annual maintenance costs of approximately $1.1 million dollars are included in this budget and will need to be covered for several years to come.

V. Conclusion

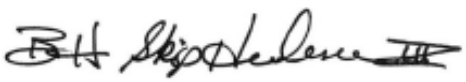

This Mayor's FY2026 Adopted Budget message is presented together with the City Manager's budget letter and the FY2026 Adopted Budget Book. We should be encouraged by the progress the CCG has made over the past few difficult years and know the decisions we make this year will move us toward greater financial security and community prosperity. While we continue to face systemic limitations caused by our tax structure and state revenue policies, we shouldn't be afraid of or shy away from these challenges. Progressive thinking and ingenuity will need to be employed to determine how our community can continue to thrive in the face of limitations.

I want to thank our Deputy City Managers, Pam Hodge and Lisa Goodwin; our Finance Director, Angelica Alexander; our Department Heads; our elected partners; and CCG staff for their tremendous assistance in the effort of composing this fiscally responsible and community-centric Adopted Budget.

To our Council, I thank you in advance for all the hard work that is necessary to review, deliberate upon, and decide the FY2026 Adopted Budget.

This is the Columbus, Georgia Consolidated Government Fiscal Year 2026 Adopted Budget submitted for your examination and review.

Respectfully submitted,

B.H. "Skip" Henderson III

Dear Ladies and Gentlemen:

As we prepare for the upcoming fiscal year, Columbus, Georgia continues to face the challenge of providing its citizens with vital, quality services and amenities within the confines of its limited resources without draining its long-term reserves. Columbus, like other municipalities across the nation, continues to cope with the consequences of rising costs of necessities such as healthcare, federal and state policy changes, and unpredictability in the housing and financial markets. Considering our revenue limitations and increasing expenditure demands, we are faced with two courses of action. We can continue to provide the level of services and amenities our citizens are accustomed to, while deferring significant investments in our public buildings and modernization of our infrastructure. Although this option may provide short-term financial relief, it is not sustainable as it promotes the deterioration of our infrastructure and engenders greater costs over time. Or we can prudently invest in needed services and infrastructure that will not only help maintain the quality of life demands from our citizens but also preserve our community's social, economic, and fiscal conditions. In a time of significant fiscal pressure and uncertainty, we must prioritize maintenance of essential services and infrastructure investments in such a way that will improve and strengthen what we love about Columbus without losing our sense of culture, character, and community. For that reason, the Columbus Consolidated Government remains committed to bridging the gap between providing efficient services and top-notch quality of life amenities while also investing in the modernization of our infrastructure and buildings. As such, we will always strive to achieve these strategic goals through trust, accountability, communication, and transparency with our citizenry.

In preparing this FY26 Adopted Budget, the needs and demands of the citizens we serve were at the root of our concerns. However, this budget cycle presented unprecedented challenges as we grapple with the magnitude of federal policy changes that could potentially have a significant impact on us locally. Our objective remains the same, which is live within our means while meeting the service needs of our citizens without undue depletion of our long-term reserves. This strategy is vital to the sustainability of our city's economic infrastructure. While local, regional, and national economic conditions are in flux, the digest is projected to increase by 2.5 percent as other revenues continue to fluctuate based upon user trends. The FY26 Adopted Budget is balanced at $394,618,281. In order to balance the operating budget, $21,882,949 of fund balance was budgeted from the General Fund, Community (Indigent) Care and Paving Fund. A subsidy in the amount of $100,000 is included for Oxbow Creek Golf Course. Fee adjustments are included in this Adopted Budget for the Integrated Waste Fund. However, there is limited capital purchases included in this Adopted budget.

There are no changes to the total millage rate in FY26 when compared to FY25. The total millage rate remains 16.07 mills for USD #1, 10.09 mills for USD #2 and 9.19 mills for USD #4. The total General and Urban district subject to the 9 mill cap is 8.97 mills in USD #1, 6.92 mills in USD #2, and 6.77 mills in USD #4.

Challenges

We continue to struggle with the replacement of capital equipment and infrastructure maintenance. The last time significant funding was made available for capital investment was with the 2009 Other Local Option Sales Tax. The Columbus City Council confirmed by resolution to dedicate 70% of the tax to Public Safety and 30% of the tax to Infrastructure. We were able to fund some capital requests in this Adopted Budget but left many justified equipment requests and projects unfunded. Costs of operations remain at a minimal level. As we look to our future, we must be mindful of the potentially costly impact that deferred maintenance on equipment and vehicles or delayed reinvestment in basic infrastructure may pose to us in years ahead.

Cost Containment Measures

Several cost containment measures were continued in the FY26 Adopted Budget. All positions that were unfunded during FY25 will remain unfunded during FY26. An "unfunded" position is one that cannot be refilled during the budget year due to lack of available funding for the position, but the position remains an authorized position that may or may not be funded in subsequent budget years. This measure results in substantial annual savings in the General Fund.

In addition to continuing unfunded vacancies, many justifiable capital improvement projects remain unfunded for the foreseeable future. SPLOST proceeds, both transportation and general, have helped provide funding for projects that were identified when those sales taxes were approved by voter referendum. This includes projects such as replacement of the Government Center, improvements to both the Civic Center and Trade Center, park improvements and several transportation/road improvement projects. However, the aging and deteriorating condition of some of the City's buildings and other facilities is of grave concern. The austere budget circumstances in which we find ourselves year after year simply do not allow the City to significantly invest in its own facilities. In the near future, we are hopeful that we can secure the additional funding needed to facilitate the much-needed improvements to our public buildings and infrastructure.

Budget Process

Early in the budget preparation period, we forecasted that revenues would not fully support the operations of the government. The combination of reducing expenditures, unfunding vacancies, delaying most capital and infrastructure purchases, reducing subsidies to other funds and agencies, revising healthcare plan design and maintaining contribution levels, preserving General Fund-Fund Balance, revisiting fee adjustments for select services, and utilizing one-time revenues allowed us to balance the budget during these challenging economic times. An increase of 2.5% in the tax digest for FY26 is estimated and a 99% collection rate is projected. The departments in the General Fund maintained the same operating budget as FY25, with a few exceptions. With departments/offices essentially operating at the same level as FY25,

departments will have the extraordinary challenge of providing more, in most cases, with continued static financial resources and fewer human resources. Some departments will continue to leave positions unfunded and postpone filling any vacant positions, reduce or eliminate part time or overtime hours, make strategic changes to their scheduling and shifts, and evaluate operational priorities to remain within their allocated budgets. There must also be additional discussions surrounding the newly established Sports Authority to assess funding priorities and budgetary needs related to both the Civic Center and South Commons.

The following chart details the Adopted Operating Budget for FY26. The left columns identify the funding for each fund, and the right columns show the appropriation for each fund in comparison with the Adopted budget for FY25. The Fund Balance column identifies those funds that require fund balance to balance their appropriations. There is some use of fund balance included in the Adopted Budget for FY26 as depicted below.

The total operating budget is $394,618,281 excluding Health Insurance, Risk Management, Community Development Block Grant, and WIOA Funds. WIOA and Community

Development Block Grant have different budget cycles due to federal regulations; an estimated budget is incorporated in the regular budget process. Budget adjustments for these funds will be forwarded to Council in the Fall.

Assessment

The Columbus Consolidated Government offers an array of services to its residents including public safety, judicial, parks and recreation, sanitation, and general government operations. At the time of consolidation in 1971, the government recognized that not all citizens within Muscogee County would receive equivalent levels of service. In recognition of this disparity, specific tax districts were established to levy taxes in direct proportion to services provided within each taxing district.

Currently, there are three urban service districts (USD1, USD2, and USD4), not including the special districts created for the Business Improvement District. The assessment and millage set for the primary three districts are distinguished by the services provided to each district: general services and urban services. The general services are provided to the total area of Muscogee County as fixed and established on the effective date of the last amendment to the charter. Functions and services provided to the general service district are commonly available and accessible or otherwise provided to all residents throughout the total area of the county. Examples are judicial services, parks and recreation, city administration, certain police services, health facilities and incarceration facilities. Urban service districts provide more comprehensive and intensive levels of governmental duties. Examples are fire protection, police patrol services and street maintenance. The total millage for urban and general service plus transportation services has a nine-mill cap not including debt service, indigent care appropriations, and road and stormwater (sewer) millages.

The criterion for calculating the millage rate in each district is outlined below.

General Service - Services are of equal level throughout the county. Taxes are levied on all Muscogee County property owners.

Indigent Care – This tax is levied to provide support for inmate medical and indigent healthcare costs for county residents who cannot afford medical treatment.

METRA - This tax is levied to subsidize mass transit in the city. Taxes are levied after all other income from fares and other service charges and other governmental entities are calculated.

Urban Service - Services are diverse in various sections of the county. Taxes are levied proportionately on property owners of each district based on the level of service.

Fire Tax - The millage rate is dependent on the Fire Department's ISO rating for each district. The ISO rating is the same throughout all of Muscogee County.

Patrol Services - The tax rate is calculated according to the median response time on all police calls.

Stormwater (Sewer) - The tax rate is calculated according to the number of miles of public roads and streets in the district, which are maintained at local expense.

Street Maintenance - The tax rate is calculated according to the number of miles of public roads in each district per acre of land. Taxes are levied in the Paving Fund for this activity.

The chart below shows the distribution of the millage among districts.

In Urban Service District #1, which encompasses most of the community's land area, the millage rate will be 16.07 mills. Funding is continued for economic development activities. In Urban Service District #2, which extends along the northern boundary of Columbus, the tax rate will be 10.09 mills. In Urban Service District #4, which is presently limited to some small parcels on the Fort Benning reservation, the tax rate will be 9.19 mills. Under the requirements of the Taxpayer Bill of Rights, three public hearings will be held in order for citizens to discuss the changes in the tax rate.

Personnel Changes and Employee Compensation

Each year, a major portion of the budget is allocated to personnel costs. In FY26, that percentage will reach approximately 53.8%. The City increased its annual health care contribution from $6,750 to $7,675 per full time budgeted position. With the Adopted increase in the City's contributions, employee premium contributions will reset the shared contribution strategy of 75% employer contribution applied across all plans. Employee's spouses that have access to an employer sponsored health insurance plan will continue to pay a spousal surcharge to be included in the City's health insurance plan. The establishment of the Health and Wellness Center, which opened in May 2013, is expected to continue to assist with controlling the rising costs of healthcare through improved employee health status and improved control over chronic conditions like high blood pressure, diabetes, and high cholesterol. Staff will continue to pursue the development of "tools" to help our employees make better health choices based on education and cost cutting strategies. All elected officials whose pay is tied directly to the State of Georgia's Merit System received a $2,000 increase in their pay effective January 1, 2025, however, there is no state approved cost of living adjustment for 2026. All classified full-time general government and public safety employees (excluding elected officials) will receive a cost-of-living adjustment of 3.0% effective January 2026 and a cost-of-living adjustment for retired employees of 1.5% is also effective January 2026. Both are included in this Adopted budget. We are in our third year of full implementation of the recently adopted Evergreen Pay Plan for all CCG employees. We believe the new Pay Plan has relieved some pay compression and addressed pay parity within the local labor market. Most Public Safety employees continue to receive an annual $3,121 supplement except for the Police Department which receives an annual supplement in the amount of $5,121. Other personnel adjustments are outlined in the Personnel Section of this budget document.

Capital Projects and Capital Outlay

The FY26 budget includes $9,495,485 in capital improvements projects and $18,752,360 for capital outlay across all operating funds. Funding has been included for road resurfacing and pipe rehabilitation and replacement. Details of the capital improvement projects are found in the Capital Improvement Projects Section. The Capital Outlay is detailed in the Appendix.

Departmental Highlights

Listed below are the major budget highlights for each department. Due to required contributions for pension, healthcare cost increases, newly implemented pay plan adjustments and one-time capital purchases, some departmental budgets have increases in personnel costs and/or show an overall budgetary increase. Major changes beyond personnel are identified with additional details contained in the Departmental Summaries Section of this budget document.

- The Legislatives' FY26 funding level is $1,286,524, a 56.63% increase from the FY25 Adopted budget of $821,387. This department includes the Council, the Clerk of Council and Internal Auditor divisions. This increase is due to the transfer-in of the Internal Audit department.

- The Executive's FY26 funding level is $1,449,658 a 20.31% decrease from the FY25 Adopted budget of $1,819,082. This decrease is due to the transfer-out of the Internal Audit department.
    - The Mayor's Office increased by 6.56% from $314,112 to $334,726.
    - The funding level for the Internal Auditor's Office was transferred into Legislative funding in FY26.
    - The Crime Prevention/Intervention program will also receive funding from the Other Local Option Sales Tax in the amount of $1,114,932, a 0.35% increase over FY25.
- The City Attorney's Office FY26 funding level is $1,934,862, a 5.24% increase from the FY25 Adopted budget.
- The City Manager's FY26 funding level is $2,321,131, an 1.73% increase from the FY25 budget. This department includes the City Manager's Office, Mail Room, Print Shop, Public Information, Quality Control, Keep Columbus Beautiful, Family Connection and the Citizen Service Center.
- Finance's FY26 funding level is $3,442,084, a 13.93% increase from the FY25 Adopted budget. This department includes the Director's Office, Accounting, Revenue, Financial Planning, Purchasing and the Cash Management divisions.
- Information Technology's FY26 funding level is $9,902,172, a 14.20% increase from the FY25 Adopted budget. Engineering's Radio Communications responsibilities transferred to the Information Technology Department in FY25. Radio Communications are primarily managed through a radio maintenance agreement with Motorola through the Motorola Migration Assurance (MAP) Plan which began in FY17. This increase is due to new and ongoing software needs. The Information Technology Department will also receive funding from the Other Local Option Sales Tax (Infrastructure) in the amount of $325,000 for continued investment in critical technology improvements.
- Human Resources' FY26 funding level is $2,531,528, a 1.75% increase from the FY25 Adopted budget. This department includes the Administration and Employee Benefits divisions.
- Inspections and Code Enforcement's FY26 funding level is $3,307,912, a 1.87% decrease from the FY25 Adopted budget.
- The Planning Department's FY26 funding level is $398,548, a 5.57% increase from the FY25 Adopted. This increase is primarily due to the addition of a position that will be shared with Engineering to manage projects.

- The Community Reinvestment funding level is $259,331, a 37.04% increase from the FY25 budget. This increase is due to the reallocation of administrative funding for employee salaries.

- The Engineering Department's FY26 funding level is $1,602,288, an .14% decrease from the FY25 Adopted budget. The Radio Communications division was restructured and transferred to the Information Technology Department in FY25. In addition to the aforementioned divisions, which are funded in the General Fund, this department manages divisions funded in the Stormwater (Sewer) and Paving Funds. The Engineering Department's Drainage Division will operate with $826,867, an 8.7% decrease from FY25's Adopted budget, and the Highways & Roads Division will operate with $1,440,238, a 3.72% decrease from FY25's Adopted budget. Engineering also receives an allocation of $2,400,000 from the Other Local Option Sales Tax, which is a 20.0% decrease from the amount allocated in FY25.

- Public Works' FY26 funding level is $6,840,196, a 50.99% decrease from the FY25 Adopted budget. This department includes the Director's Office, Fleet Management, Animal Control, and Cemeteries divisions. The adopted budget's decrease in funding is due to the creation of a new Facilities Maintenance Department, in which, all budgeted facility appropriations have been transferred from Public Work to the new department. Besides managing the aforementioned divisions, which are funded in the General Fund, the department manages divisions in other Operating Funds that are listed below: One division, Stormwater Maintenance, operates with $4,617,582 in the Stormwater Fund. This allocation is a 7.65% increase from the FY25 Adopted budget for Public Works' stormwater construction and maintenance activities. The Public Works' Department will also receive funding from the Other Local Option Sales Tax in the amount of $127,593 for OLOST supplements for Correctional Officers.

    - Four divisions; Streets, Urban Forestry & Beautification, ROWM, and Community Services, operate with $16,404,146 in the Paving Fund. This allocation is a 4.71% increase over the FY25's Adopted budget for Public Works' paving and maintenance activities.

    - Six divisions; Solid Waste Collection, Recycling, Granite Bluff Inert Landfill, Oxbow Meadow Inert Landfill, Pine Grove Landfill, and Recycling, operate with $14,665,524 in the Integrated Waste Management Fund. This allocation is a 20.04% increase from the FY25 Adopted budget.

- Facilities Maintenance FY26 funding level is $8,603,713. This department includes the Director's Office, Facilities Maintenance, and Other Maintenance and Repairs. With the creation of a new Facilities Maintenance Department, all budgeted facility appropriations have been transferred from Public Works. Besides managing the aforementioned divisions, which are funded in the General Fund, the department manages divisions in other Operating Funds that are listed below:

- Other Maintenance & Repairs is budgeted in the Stormwater Fund for $5,000, in the Paving Fund for $5,000, in the Integrated Waste Fund for $13,580, in the Transportation (METRA) Fund for $15,000 and in the Civic Center/Sports Authority Fund for $125,000

- Parks & Recreation's FY26 total funding level is $16,021,012, a 5.98% increase from the FY25 Adopted budget. This department includes the Director's Office, Park Services, Recreation Services, Community Schools, Athletics, Therapeutics, and Special Facilities (Memorial Stadium, Golden Park, Cooper Creek Tennis Center, Aquatics, Columbus Aquatics Center, Pottery Shop, Lake Oliver Marina and Senior Citizen's Center divisions). Additional positions have been included in the budget for the addition of a new pickleball facility. In addition to the aforementioned divisions, which are funded in the General Fund, the department also manages the program listed below:

  - Parks Refuse Collection operates with $236,026 in the Integrated Waste Management Fund. This allocation is a 2.80% increase over last year's budget for Parks & Recreation waste management program activities due additional staffing needed to man our public parks.

  - The Parks & Recreation Department will also receive funding from the Other Local Option Sales Tax in the amount of $50,270 for OLOST supplements provided to Correctional Officers.

- Cooperative Extension Services' FY26 funding level is $138,621, a .55% increase from the FY25 Adopted budget. The staff members are state employees, but the Consolidated Government supplements five salaries.

- Boards & Commissions' FY26 funding level is $3,851,665 an 11.59% increase from the FY25 Adopted budget. This department includes the Board of Tax Assessors and the Board of Elections and Registration. The increase is largely due to the addition of new positions in the Tax Assessor's Office.

- Police Services' FY26 funding level is $30,835,447, a 2.72% increase from the FY25 Adopted budget. This department includes the Chief of Police, Intelligence/Vice, Support Services, Field Operations, Office of Professional Standards, Administrative Services, and Investigative Services divisions. Besides managing the aforementioned divisions, which are funded by the General Fund, the department manages the emergency call center (E911).

  - The Police Department will also receive funding from the Other Local Option Sales Tax in the amount of $12,989,702, an 11.94% increase from FY25.

  - The Emergency Call Center (E911) operates with $4,042,867 in the Emergency Telephone Fund. This allocation is 10.38% less than last year's budget for E-911 activities. Operational costs continue to grow more rapidly than funding, appropriated from the $1.50 surcharge on

all land-based, wireless, and pre-paid telephone lines. In FY26, a transfer in the amount of $245,167 from the Other Local Option Sales Tax Fund was necessary to subsidize operational costs. E911 operations also receive funding from the Other Local Option Sales Tax in the amount of $525,771 for personnel and operating expenses.

- Fire and Emergency Services' FY26 funding level is $37,550,580, which is a 1.04% increase from the FY25 Adopted budget. This department includes the Chief of Fire and EMS, Suppression and EMS, Training, Prevention, Hazardous Materials Response Team, Maintenance, Special Operations, Administrative Services, Logistics/Support, and Emergency Management divisions. The Fire Department will also receive funding from the Other Local Option Sales Tax in the amount of $3,577,364, an 8.46% decrease from the FY25 Adopted Budget.

- The Muscogee County Prison's FY26 funding level is $11,483,854, a 3.18% increase from the FY25 Adopted budget. The Muscogee County Prison will also receive funding from the Other Local Option Sales Tax in the amount of $1,229,544, a 20.03% increase from the FY25 Adopted budget.

- The Superior Court Judges' FY26 funding level is $1,929,033, a 4.18% increase from the FY25 Adopted budget.

- The District Attorney's FY26 funding level is $3,344,747, reflects a 10.44% increase from the FY25 Adopted budget. The District Attorney's Office also manages the Victim/Witness Assistance Program, which is partially funded by the Crime Victim Surcharge. The Victim Witness Program's FY26 funding level is $224,453. This allocation reflects a 3.67% increase from FY25's Adopted budget. The remaining balance of the 5% surcharge will be carried forward at the end of the fiscal year. A portion of this budget is funded by proceeds of a 5% surcharge assessed on all court fines levied in the Chattahoochee Judicial Circuit. The District Attorney will also receive funding from the Other Local Option Sales Tax in the amount of $188,678 for personnel.

- The Jury Manager's FY26 funding level is $508,264. This allocation reflects a 2.62% increase from the FY25 Adopted budget.

- The Juvenile Court's FY26 funding level is $1,024,586, a 2.71% increase from the FY25 Adopted budget. This budget also includes a position in the Juvenile Court's office that is funded by Other Local Option Sales Tax funds in the amount of $48,462.

- The Circuit Wide Juvenile Court's FY26 funding level is $442,227, an 8.36% increase from the FY25 Adopted budget.

- The Clerk of Superior Court's FY26 funding level is $2,917,356 which is a 8.74% increase from the FY25 Adopted budget. The Clerk of Superior Court became responsible for the Board of Equalization effective January 1, 2011, with a FY26 funding level of $207,207. This allocation reflects a 96.59% increase from the FY25 Adopted budget. This increase is due to the increase in per diem rate for Board members. This

budget also includes a position in the Clerk's office that is funded from Other Local Option Sales Tax funds in the amount of $52,283.

- State Courts' FY26 funding level is $2,301,646, a 13.26% increase from the FY25 Adopted budget. This department includes State Court Judges and the State Court Solicitor's Office. The State Court Solicitor's Office will also receive funding from the Other Local Option Sales Tax in the amount of $260,937 for personnel and operating expenses.

- The Public Defender's FY26 funding level is $2,677,629, a 3.71% decrease from the FY25 Adopted budget. The Indigent Defense Act was effective on January 1, 2005, which required the consolidation of Public Defender services in Superior and Juvenile Courts. This includes the Circuit Wide Public Defender and the Muscogee County Public Defender. The Circuit Wide Public Defender will also receive funding from the Other Local Option Sales Tax in the amount of $244,306 for contractual services.

- Municipal Court's FY26 funding level is $1,632,917, a 11.84% increase from the FY25 Adopted budget. This department includes the Municipal Court Judge and the Clerk of Municipal Court. As of January 1, 2021, the Marshal's Office was consolidated into the Sheriff's Office. Their budgets are detailed below:

    - The Municipal Court Judge's budget is $729,307, a 15.75% increase from the current Adopted budget. This is due to the addition of new PT judicial positions for this office.

    - The Clerk of Municipal Court's FY26 appropriation is $903,610, a 8.87% increase from the FY25 Adopted budget. The Clerk of Municipal Court will also receive funding from the Other Local Option Sales Tax in the amount of $201,589 for personnel, a 3.67% increase from the FY25 Adopted budget.

- The Probate Court's FY26 funding level is $766,349, a 12.48% increase from the current Adopted budget. The Probate Court will also receive funding from the Other Local Option Sales Tax in the amount of $54,042 for personnel.

- The Muscogee County Sheriff's Office's FY26 funding level is $42,319,710, a 18.46% increase from the FY25 Adopted budget. During FY21, the Marshal's Office was consolidated into the Sheriff's Office. This department includes the Sheriff Administration, Uniform Services, Special Operations/Investigations, Detention, Medical, Training, and Motor Transport divisions. The Sheriff's Office will also receive funding from the 2009 Other Local Option Sales Tax in the amount of $4,839,036, a 1.54% decrease under the FY25 Adopted budget amount for the Sheriff's Office.

- The Tax Commissioner's Office's FY26 funding level is $2,393,039, a 11.01% increase from the FY25 Adopted budget.

- The Coroner's Office's FY26 funding level is $519,099, a .74% increase from the FY25 Adopted budget. The Coroner's Office will also receive funding from the Other Local Option Sales Tax in the amount of $11,647 for personnel.

- The Recorders' Court has an FY26 funding level of $1,990,471. This reflects a 15.97% increase from the FY25 Adopted budget amount. This increase is due to the addition of new positions that will be housed in the new Recorder's Court Annex building. The Recorders' Court also receives funding of $99,005 from the Other Local Option Sales Tax, a 2.45% increase from the current Adopted budget.

- The Consolidated Government provides funding to diverse community organizations. The Agency's FY26 funding level is $1,370,904 46.55% higher than the total amount provided for in the FY25 Adopted budget. This increase is due to the additional funding needed for the Department of Public Health to continue their Vector Control Program.

- The Community Care Fund FY26 funding level is $12,731,967. This appropriation reflects a 6.48% increase from the FY25 Adopted budget. The Consolidated Government provides this funding to support healthcare costs to its indigent citizens and to provide inpatient and outpatient healthcare for its prisoners. Beginning in FY26 Fire/EMS Columbus Correct Care Program will be established in the Community Care Fund.

- Debt Services' FY26 funding level is $19,341,860, a 19.73% increase from the FY25 Adopted budget. This appropriation is scheduled to fund general bond obligations, lease contracts with the Columbus Building Authority, and other debt obligations.

- Transportation Services' FY26 funding level is 23,584,918, a 6.18% decrease from FY25's Adopted Budget. TSPLOST funding was incorporated in Metra's budget beginning in FY17 and was recently approved for another 10-year period. This department includes the Director's Office, Operations, Maintenance, Dial-A- Ride, and Grant Management and Planning divisions. Besides managing the aforementioned divisions, which are funded by the Transportation Fund, Metra also manages parking activities. The Transportation Services Department will also receive funding from the Other Local Option Sales Tax in the amount of $3,883.

    - The parking management function is housed in the General Fund. Parking's FY26 funding level is $192,444. Parking violation fines are currently $40 per violation and remain unchanged in FY26. This division is responsible for parking enforcement and the management of certain parking garages to include the Front Avenue Parking Garage, Bay Street Parking Garage, Citizen Services Center Parking Garage, and the Government Center Parking Garage.

- The Columbus Ironworks Convention and Trade Center's FY26 funding level is $4,721,154, a 16.12% increase from the FY25's Adopted budget. This department is budgeted as an enterprise fund, where $650,000 and $837,500 in revenue are projected from Beer and Hotel/Motel Taxes respectively. The remainder of the budget will be funded by various activities and events.

- Columbus' Golf Authority's FY26 funding level is $3,131,041, a 9.40% increase over FY25's Adopted budget. This increase is largely due to the addition of Godwin Creek Golf Course which was managed by a private non-profit organization prior to FY24. The authority currently operates the Bull Creek, Oxbow Creek, and Godwin Creek Golf Courses. This budget also includes an operational subsidy to Oxbow Creek of $100,000 from the General Fund.

- The Civic Center/Sports Authority's FY26 funding level is $6,521,513, a 1.71% increase from FY25's Adopted budget. The Civic Center receives a percentage of the Hotel/Motel Tax collected, totaling $1,675,000. There is no General Fund subsidy included in this budget for the Civic Center/Sports Authority Fund.

- Employee Health Insurance Fund's FY26 funding level is $28,642,856, reflecting a 13% increase from the FY25 Adopted budget. The City's contribution will be $7,675 per budgeted employee in FY26.

- Risk Management's FY26 funding level is $8,189,571, up 13.68% over the FY25 Adopted budget. The Risk Management fund usually includes allocations for risk management as well as workers' compensation.

- Economic Development' budget decreased to $3,114,885, a decrease of 28.89%, The amount is determined by an estimate of 0.50 mills. The total of 0.50 mills includes 0.25 mills dedicated to the Development Authority for new and ongoing economic development activities, payments in $1,000,000 for the 2025 Initiative (Year 3 of 3), $150,000 for the Robotics Initiative (Year 3 of 3), $250,000 for a South Commons Impact Study, and $250,000 for the River Surfing Project. The decrease is due to the completion of the $800,000 annual payment for the NCR and BC/BS project. Annual appropriation and allocation of the Economic Development Fund is at the discretion of the Council.

- The Workforce Innovation & Opportunity Act (WIOA), also formerly known as the Job Training Partnership Act (JTPA) will have a funding level of $3,143,712 in FY26. Since this is a federally funded program, its program year overlaps with the City's fiscal year. Revisions will be forthcoming in the fall to adjust the funding levels when contracts are finalized.

- The Community Development Block Grant (CDBG) Fund FY26 funding level will be $1,812,296, an increase of 8.74% from the FY25 Adopted budget. This is another federally funded program that overlaps the City's fiscal year where program adjustments will be needed in the fall.

Conclusion

The budget reflects the very challenging times we continue to confront. Although we are optimistic for the continuation of the momentum we have gained, it is essential that we are realistic about the budget decisions ahead of us. The goal is to remain financially stable to

endure such extraordinary changes in the economy with fiscal accountability, civic responsibility, and innovative leadership. As we continue to strive to find more creative ways to deliver services, we will also continue to strive to plan today for a better tomorrow and meet the demands of our valued citizens. The dedication and commitment of the staff to deliver services and sustain the City during these times is commendable.

Sincerely,

Pamela J. Hodge

COLUMBUS PROFILE

Nestled in Georgia's southern Piedmont region on the banks of the mighty Chattahoochee River is one of the hidden jewels of the American South, Columbus. One of three Georgia Fall Line Cities, Columbus has a varied and unique landscape that includes rolling hills on the north side and flat plains on the south due to the Piedmont plateau meeting the flat terrain of the coastal plain in the region. At the city's heart is the Chattahoochee River, a rich natural resource that allowed Columbus to thrive as a milling and textile manufacturing hub in its early years and that provides a variety of opportunities for recreation, sport, and beauty today. Originally inhabited by the Yuchi and Creek Indians, the area was claimed by Spanish missionaries in 1679. Later, it became a strategic trading site for the French and British. Columbus was founded in 1828 as the last planned city of the original Thirteen Colonies, growing into a hub for shipping and military manufacturing due to its location on the Chattahoochee River. During the Civil War, it was a key center for arms production. After the war, reconstruction included factories and the Springer Opera House, built in 1871 and designated the State Theater of Georgia in 1992. Columbus also hosted the nation's first Memorial Day after the war. In 1918, a small camp became Fort Benning, now the world's largest infantry school, home to WHINSEC. The base was renamed to Fort Moore in 2023 to honor Lieutenant General Harold "Hal" Moore Jr. and his wife, Julia Compton Moore. The base holds the distinction as the only military base in the US named for a married couple. Today, Columbus is a thriving and vibrant community that is rich in culture, economic, educational and recreational opportunities. Its diverse population enjoys the beautiful tapestry that this once textile-mill based city has built using its natural and manmade resources to reach its full potential.

Columbus & Muscogee County

In 1971, Columbus and Muscogee County formed Georgia's first consolidated government, with the entire county inside city limits. Outer areas are classified as General Service Districts (GSDs) for taxing, while two Urban Service Districts (USDs) receive more comprehensive services. The government consists of a ten-member Council and Mayor. The Council includes one member from eight districts and two at-large members, all serving four-year staggered terms. The Mayor, also serving a four-year term, appoints the City Manager with Council approval. Council meets on Tuesdays: 9:00 a.m. (2nd & 5th) and 5:30 p.m. (1st & 4th). Columbus, with over 201,877 residents (July 2023), is Georgia's second largest city, while the larger metro area, including five Georgia counties and Russell County, Alabama, has over 324,000 residents. The Columbus Consolidated Government (CCG) employs over 3,000 people and provides services including public safety, recreation, transportation, and road maintenance.

Columbus Profile

Education

The ***Muscogee County School District***, consolidated since 1958, has 56 schools with enrollment over 30,000 students. The Muscogee County School District was recently rewarded for being selected onto the 2023 Exemplary Board during the Georgia School Boards Association (GSBA) Summer Conference and Delegate Assembly. The GSBA Board Recognition Program is a three-tier progression process to attain the highest level in board governance with ranking levels of Quality, Distinguished and Exemplary. Muscogee County School District has exceeded the state graduation rate for the eleventh consecutive year. The District graduation rate has increased to 93.51 percent, an increase of 1.47 percentage points, year-over-year, from 92.04 percent in 2022.

There are also several institutions of higher education in the area, including **Columbus State University** with over 7,000 students enrolled, and **Columbus Technical College**. Located within commuting distance of Columbus are six additional institutions of higher learning, such as Auburn University, Troy State University, and LaGrange College, offering convenient access to a broader range of academic opportunities.

Pro Baseball Is Back

Following a 17-year hiatus, professional baseball will be making a return to Columbus in 2025 and in a big way. The city is the new home of the Atlanta Braves' Double-A affiliate as the Columbus Clingstones will be taking the diamond in April 2025 at the state-of-the-art Synovus Park. The name may be new, but the Clingstone will be playing on the historic grounds of Golden Park, which opened nearly a century ago and hosted Major League Baseball Hall of Famers of the likes of Babe Ruth, Hank Aaron, and Willie Mays.

A $50-million-dollar renovation of Synovus Park is ongoing. The project ensures the history of the park is preserved while weaving in the best in modern technology and amenities to deliver a premier experience on the Chattahoochee River. The upgrades will allow the venue to operate year-round for public and private events with the expansion of seating to 5,000 – 7,000 as well as the addition of new suites, a club level, hospitality amenities and upgrades to player facilities. In addition to serving as the home field for the club, the stadium will host a variety of marquee events, making it a hub of activity and excitement for residents of Columbus and beyond.

Attractions and Landmarks

In May 2013, a long-term vision was brought to fruition with the opening of a whitewater rapids course on the Chattahoochee River - the longest urban whitewater venue in the world, boasting high level rapids and exciting runs. It didn't take long to get international recognition as ***USA Today*** named the Columbus Whitewater experience as one of the top 12 man-made adventures in the World in. Beginners all the way up to advancer kayakers will have a blast with local and a well-organized guide and equipment systems to provide maximum enjoyment. The challenging "Cutbait" rapid has become synonymous with the area's high energy level and exciting pace - an annual music festival has even been established with "Cutbait" in its name. There is also an opportunity to take flight on the Blue Heron Adventure, which is a zip line that crosses the Chattahoochee River.

These outstanding adventures provide meaningful recreation and entertainment to residents of the Chattahoochee Valley and attracts more than 50,000 annual visitors to the city from all around the globe. The course has hosted many international competitions, including the International Canoe Federation World Cup. There has been enormous investment to provide premier biking and walking trails facilities to Columbus residents and visitors. Collectively these facilities are referred to as simply, "the ***Riverwalk.***" There are more than 34 miles of paved and brickwork pathways along each side of the river, as well as a connector that links to the 10-mile Fall Line Trace that stretches to the blossoming Midland area of the city.

Noteworthy historical sites exist within the county. The ***National Infantry Museum and Soldier Center at Patriot Park*** celebrated its Grand Opening June 19, 2009, just outside the gates of Fort Moore. This world-class tribute to Infantrymen past, present and future is the first of its kind in the United States. Throughout the 190,000-square-foot museum, visitors take an interactive journey through every war fought by the U.S. over the past two centuries. The museum tells the heroic story of everyday Infantrymen through an enviable collection of more than 30,000 artifacts. Era galleries trace Infantry history from before the Revolutionary War to present day. There is a special gallery recognizing Medal of Honor recipients and one that pays tribute to those who love an Infantryman, and the sacrifices they make supporting him. There is an IMAX Theatre, full-service restaurant and gift store. Patriot Park includes a parade field for Fort Moore Infantry School graduations, a memorial walk of honor and an authentically recreated World War II Company Street. The National Infantry Museum has been named the USA Today Readers' Choice Best Free Museum for a remarkable six times, including once again in 2024.

Columbus Profile

The ***Springer Opera House***, built in 1871 and is the State Theater of Georgia, offers adult and children's theater. The Springer is offering a wider variety of shows than ever before and educating the next generation of stars at the ***Dorothy McClure Children's Theater and the Springer Theater Academy,*** which is nearing its 30th anniversary. The academy was awarded a grant in May 2024 to keep the program operating at full capacity. ***Port Columbus***, a national Civil War Naval Museum, hosts hundreds of visitors each year to its unique museum of Civil War relics and battleship reenactments. Visitors are encouraged to visit the ***Columbus Museum,*** which reopened in the summer of 2024 following a $25 million renovation, and the ***Columbus Historical District***.

The Historical District includes the Columbus ***Ironworks,*** built in 1853, and the ***Ma Rainey House and Blues Museum.*** The ***Liberty Theatre & Cultural Events Center*** is preparing for its 100th anniversary and is getting revitalized after the City of Columbus acquired ownership of the historic property. The theatre is a vital part of Georgia history being the first African American theater in Columbus and hosted many stars such as Louie Armstrong, Ella Fitzgerald and Rainey. The City of Columbus now has owner ship of the ***Liberty Theatre & Cultural Events Center.*** Built in 1924, the Liberty is very important to Georgia's history because it was the first black theater in the city. It served as a prominent place of entertainment for 50 years until it was shut down in 1974 because of the desegregation of local facilities and the deterioration of the building. The center is temporarily closed for renovations as the City of Columbus works to enhance the facility.

The ***South Commons*** Softball Complex & Stadium, which was built as a venue for the 1996 Summer Olympic Games, hosts a variety of local, regional, and national tournaments. In addition to providing a host site for family entertainment productions like "Disney on Ice," the ***Civic Center*** houses the ***Columbus Lions***, a multiple time championship winning arena football team in the team National Arena League, the ***Columbus River Dragons***, a professional ice hockey team that has won the Ignite Cup Championship twice over the last five years including in 2023-24. The professional indoor soccer team, the ***Columbus Rapids***, also calls the Civic Center home, while ice skaters can enjoy time on the ice at the ***Columbus Ice Rink*** on the campus of the Civic Center. The Civic Center was also recently recognized as a Silver Bicycle Friendly Business by the League of American Bicyclists.

Golfing is available to the public at ***Bull Creek Golf Course***, a 36-hole premier golf course that has been routinely rated among the best public courses in the country. Columbus also has a well-maintained nine-hole public golf course at ***Oxbow Creek,*** as well as several private and semi-private golf courses around the city. Columbus offers year-round sports events with local high schools contending for state titles and Columbus State University hosting top-tier athletic teams. The city has also made its mark in the Little League Baseball World Series, winning the championship in 2006.

The ***Columbus Ironworks and Trade Center***, which sits overlooking the Chattahoochee River, hosts hundreds of cultural, business and social events each year. The ***Coca-Cola Space Science Center*** is a state-of- the-art science facility providing spectacular laser light venues and a simulator for operating the space shuttle. The ***RiverCenter for the Performing Arts*** provides culture, entertainment, and enjoyment for many and has hosted several internationally acclaimed performers and musical theater productions.

Columbus Profile

Film Industry

Film Georgia is enticing filmmakers from throughout the country, creating over $9.5 billion annual revenue. As a community with a history of promoting local artists, Columbus has put itself in a position to become film hub in the state by hosting a film festival annually, forming a $5 million film fund, building a state-of-the-art studio, and growing a workforce trained and certified in film production. Columbus State University added a new Film Production Certificate program that introduces skills used in on-set production while utilizing industry standard organizational structures, professional equipment and procedures. Flat Rock Studio is a state-of-the-art facility with over 80 gated and fence areas. The 180,000 square foot facility has two adaptable sound stages, a workshop, a set design/storage area, and ample adjoining production suites.

The Columbus Film Fund, a public-private partnership which uses private funds to incentivize film and TV productions to come to Columbus, has helped bring numerous productions to the area. The first projected financed by the fund featured legendary actor Bruce Willis in the film “Survive the Night” that was released in 2020. Other movies such as “We Were Soldiers”, “Need for Speed”, and “Electric Jesus”. The Columbus Film Fund recently announced its first-ever grant program specifically to support local filmmakers. The program will offer seven grants—five at $5,000 each, one at $10,000, and one in the amount of $15,000. The grant cycle will kick off at the beginning of September and filmmakers will have one year to complete their projects, with plans to showcase these works at a film festival in the Fall of 2025.

Economic Development

Economic and cultural development remains a priority in Columbus, driven by investments from major corporations like AFLAC, Synovus, TSYS, Piedmont Columbus Regional Healthcare, Columbus State University, St. Francis-Emory Healthcare, and Pratt & Whitney. Fort Moore also plays a key role, contributing nearly $5 billion annually to the local economy and boosting population growth with military ties. The Chattahoochee River is central to Columbus' growth, with significant investments such as the Synovus Corporate building, TSYS campus expansion, and upscale residential lofts. Columbus State University is a key player in Uptown development, investing in student housing, cultural programs, and community enrichment.

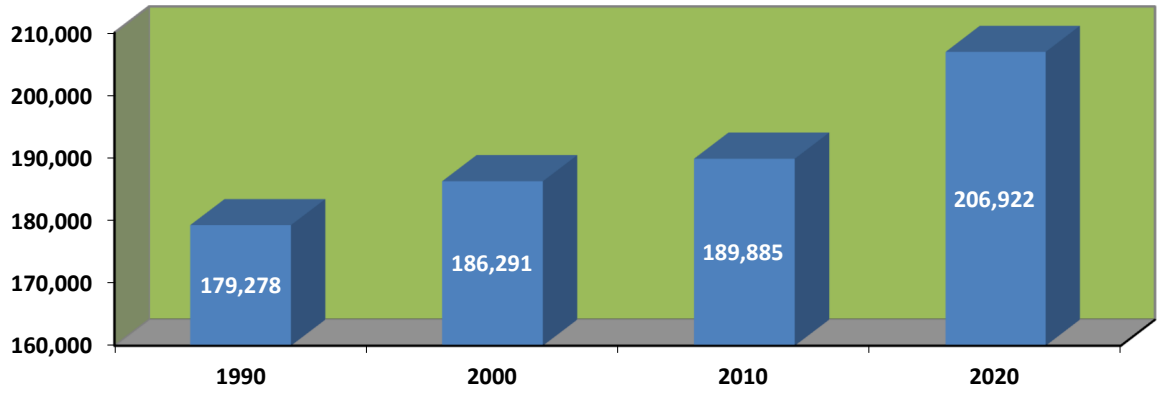

In Uptown, some City departments moved to the new City Hall while a new 342,000 thousand square foot judicial center is under construction to help meet the growing needs of the citizens of Columbus. The new Columbus, Georgia Judicial Center, also known as the Columbus Consolidated Government Center, is a significant addition to the city's infrastructure. This state-of-the-art facility consolidates various court functions, improving the efficiency of legal proceedings and offering a more centralized location for judicial services, including Superior, State, and Juvenile Courts. This new judicial center is part of the city's broader efforts to revitalize downtown and expand its services to meet the needs of its growing population.

Columbus Profile

Demographics

Columbus has seen steady population growth over the past twenty years. According to the U.S. Census Bureau the population has steadily increased from 179,278 in 1990 to 206,922 in 2020, as shown in the chart below:

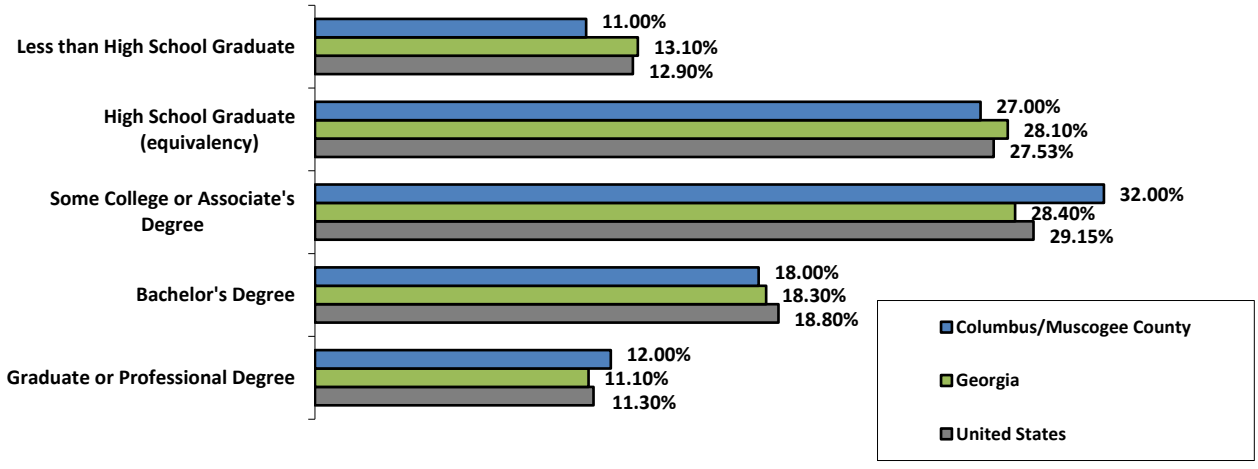

Sources: U.S. Census Bureau, 1990, 2000 and 2010, 2020 Census. Georgia Department of Community Affairs (July 2020).

Education Levels

Median home values are considerably lower in Muscogee County at $215,00 when compared to Georgia at $386,600 and the United States at $412,300.

Economy

Columbus' economy, once rooted in manufacturing, has shifted in recent years. The city is home to major companies like AFLAC, Char-Broil, Synovus, TSYS, and Pratt & Whitney. International corporations such as Kia and Hyundai, along with their support companies, have made significant regional investments. TSYS and Synovus completed state-of-the-art campuses along the Chattahoochee River, marking progress in the uptown area. While manufacturing has downsized, service areas have expanded. Efforts to attract and retain businesses are led by the Greater Columbus Chamber of Commerce and other local entities, making Columbus a commercial and retail hub for surrounding counties.

Columbus 2038

Columbus Consolidated Government is required to establish a synchronized planning program for the State of Georgia. The cornerstone of the coordinated planning program is the groundwork of a long-range comprehensive plan by each local government in Georgia. These strategies intend to highlight community goals and objectives. The Comprehensive Plan is to be used by Muscogee County as a tool to direct and guide development in a manner that ensures the quality of life and service levels associated with the city are maintained at desired levels. This report will have a few central components including:

- Identifying Issues and Opportunities
- Identifying Existing Development Patterns
- Evaluation of Community Policies and Actions
- Evaluation of Transportation Needs
- Future Demographics
- Infrastructure Needs
- And Many Other Important Concerns

COLUMBUS 2038 OUR FUTURE MATTERS

Impacts on the FY26 Budget:

Fund Balance Reserves:

During this budget cycle, substantial attention was given to moving into the next stages of pandemic recovery. Economic burdens from an anticipation of diminishing revenues along with the rising costs of efficiently providing city services had little to no negative impact on the city's reserves balance as anticipated, particularly in the General and Other LOST funds. While Operating Budgets are just that – estimates - and no assurances can be made regarding the number of days cash on hand that the City will have as the result of implementing this Budget. It is important to advance the City's efforts and continue to reduce reliance on fund balance. While some sources of revenue have yet to fully recover from the impacts of the pandemic, we are experiencing consistent gains in others. Sales Tax remain consistent while hotel-motel and occupancy rates are nearing pre-pandemic levels. Therefore, City Council, the Mayor and others involved in the budgetary process were conscious of the issues surrounding General Fund reserve days and the changes in fund balance that the City has seen over time while deliberating and ultimately adopting this operating budget. The Budget reflects those efforts to preserve fund balance by reducing reliance on reserves to meet expenditures and obligations since reserves are established when revenues exceed expenditures.

In preparing the FY26 Budget, the City resolved itself to making systemic economic changes in order to minimize its dependency on using fund balance. The City had, in prior years, already taken some measures to reduce systemic operating deficits by reforming its Employee Pension Plan, establishing employee healthcare and wellness initiatives including its Health and Wellness Center (a primary care physician practice for use exclusively by City employees and their families), and revising its Workers Compensation Administration oversight and management structure.

Expenditure Reductions:

After determining the global and systemic changes that could be introduced to curb expenditures, most departments were then asked to operate at the same level of funding as their FY25 adopted budgets. Some departments were able to meet their funding expectations by not filling vacant positions, leaving those positions "unfunded" for some or all of FY25. Other departments will have to continuously monitor their operational expenditure targets in order to remain at FY25 levels.

The FY26 Budget includes consideration for staffing and maintaining facilities. Other significant maintenance considerations are given to the many public services and quality of life services that the City provides to its citizens and visitors. The Aquatics Center, the community pool centers, ball fields, the Riverwalk and golf courses, for example, are public amenities that enrich the lives of our citizens, but they can be expensive to maintain. Revenue growth is expected from some of these amenities, but that growth will in no way cover their cost of operations.

Revenue Considerations:

Expenditure controls are only a part of the response necessary for the City to operate within its means. In the wake of strong positives on the economic development side, Columbus has seen steady growth in revenues. Although revenue growth is promising for the City, there are current factors that are taken into consideration when faced with the economic reality that there are changes in the economy that plays an iatrical role with the continued growth of revenue funding sources: (1) the sustained economic impacts stemming from the COVID Pandemic, which began in 2020; (2) a property tax freeze that places a ceiling on the property tax revenues that can be levied; (3) inflation; and (4) lower than anticipated growth of military and civilian personnel as a result of BRAC decisions.

Early Budget Cycle:

The preparation of the FY26 budget began a couple months prior to the official budget season to allow staff sufficient time to draft a balanced and comprehensive budget without the use of General Fund reserves. This change in the normal process of developing the budget allowed more time to evaluate and deliberate the proposed budget before it was adopted. This also meant projections, particularly for revenues, were based more on estimates than actual mid-year data than in prior years. Although the estimates were a factor, the fiscal responsibility of staff during FY25 allowed for many departmental requests to be granted before the adoption of the FY26 budget. As such, when several departments requested additional funding for FY26, Council responded to most of the requests immediately, rather than deferring them until mid-year FY26, when actual revenues could be better gauged.

Add/Deletes:

Every year, there are typically items that Council decides to either add to the Mayor's recommended budget or delete from the Mayor's recommended budget. These are recorded on the City's "Add/Delete List" during the budget review process and are voted on, item by item, before the final budget is adopted. All items which have been added will be included as part of the Adopted Budget while all items which have been deleted will not.

For FY2026, the following items were added or deleted by Council thereby adjusting the Mayor's Recommended Budget:

Key Budget Initiatives for FY2026:

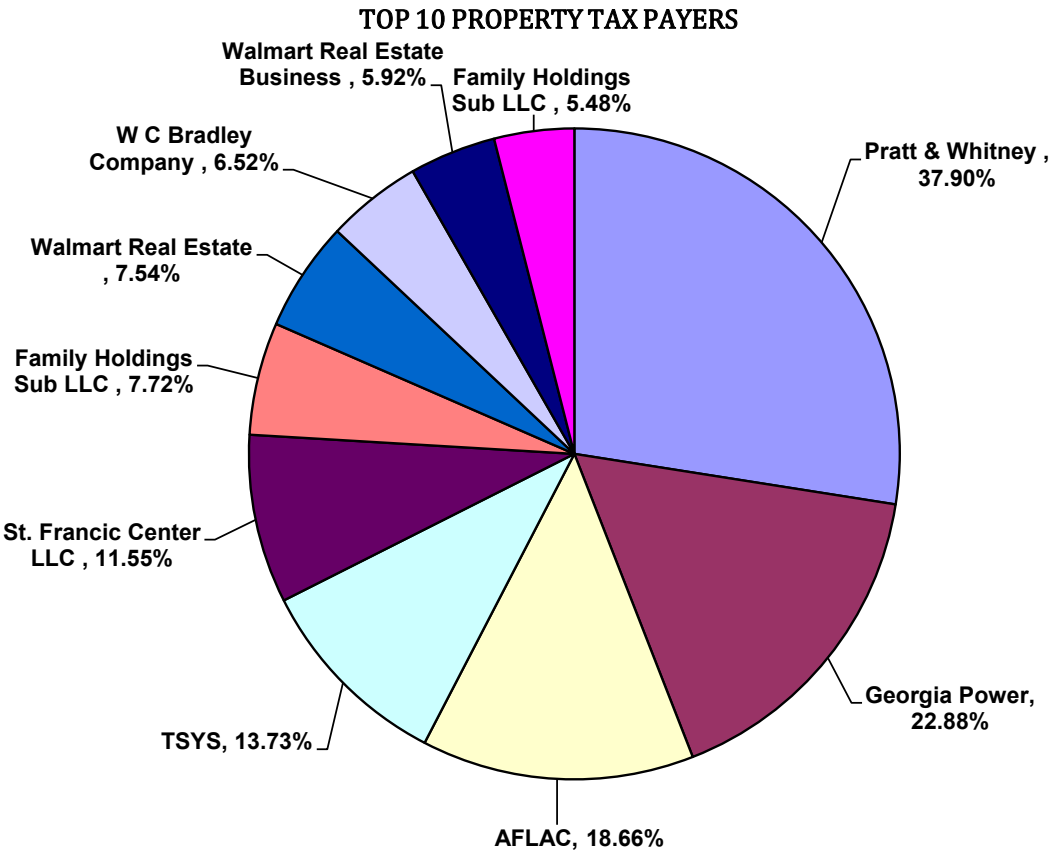

- Reduced subsidy/support for certain component units and affiliate units.
- Continued financial restructuring of certain economic development obligations to increase available funding for new projects.
- Continued hiring freeze which began in FY2014.
- Unfunded vacant positions through FY2026.
- Managed care contract for jail and prison inmate medical care.
- Maintaining prior year funding levels for most departments through continued monitoring of operational budgets.

IMPACTS TO BUDGET

Summary:

As a result of steady economic growth pertaining to revenues and modest expenditures, CCG can focus on addressing some much-needed improvements while maintaining its fiscal responsibility to the citizens. CCG will maintain its task of providing the superior level of services that its citizens expect and deserve. As such, the Operating Budget for FY26 has increased overall from $366,319,162 in FY25 to **$394,618,281** for FY26 - a change of approximately 7.88%. Most departments were asked to maintain the funding levels for their FY26 operating expenditures to their FY25 Adopted Budget levels, in order to continue their normal course of business. They were able to successfully accomplish this task by leaving vacant positions unfilled and unfunded and by continuing to operate under lean conditions, the same as in prior years. In addition to a tight operating budget, and a projected increase in revenue, the Capital Plan will be able to fulfill some of its much-needed obligations. Some of which will occur at the first of the calendar year, when other resources are be identified from revenues or other sources to pay for them. Even with the relatively austere operating budget adopted, the City expects to still utilize approximately **$21,882,949 of its fund balance** to balance its FY26 total operating budget due to the ability to address some much need improvements within the City of Columbus.

DOCUMENT NOTES

The Columbus Consolidated Government budget document provides comprehensive information about the government's policies, goals, financial structure and operations. This document also contains information on major initiatives, demographics of the city and capital budget.

Introduction/Overview Section: This section contains the transmittal letters from the Mayor and City Manager, organizational chart, overview and general information on Columbus. This section also contains a description of the economic conditions and other factors which provide the framework for our annual operating budget plan.

Section A: Budgetary Policy. This section includes the policies and procedures that govern the budget process. There is also a summary of the budget process and calendar.

Section B: Financial Summaries. This section provides a graphic and financial overview of each adopted operating fund along with highlights on significant revenues and expenditures. Also in this section is the Capital Improvements Program summary, a summarized historical trend analysis, and a financial projection analysis.

Section C: Personnel. In this section we describe the benefit package and present a history of authorized positions combined for all funds.

Section D: Operating Fund Summaries. This section provides descriptions of each department, its operating budget, its performance indicators, and its personnel. This section is arranged by major operating fund and then by department budget allocation within each operating fund.

The Appendix section includes a variety of data, which should be useful to the reader in better understanding the budget. Also, in this section is a **Glossary** for those not familiar with governmental terms, a list of **Acronyms** we have used, and the **Capital Outlay** listing. *Please note:* The **Capital Improvement Program** has been moved to a separate document, providing detailed information on the various projects. This separate document can be found at the end of this book on the digital version.

This Budget Book includes the Operating Funds of Columbus Consolidated Government. The Capital Improvement Program can be found in a separate document, which is appended to the end of this document on the web version. Some departments have budget allocations in more than one fund. This is important to bear in mind when evaluating the budgets of an individual department, which may have multiple funding sources. For example, several Public Safety departments have funds in the General Fund and in the Other LOST Fund, so both fund allocations would need to be considered for the totality of that department's individual budget allocation.

The Operating Budget book and the Capital Improvements Program Budget book have been formatted such that they are available in traditional bound paper versions as well as in digital format on the website. The digital versions have been embedded with hyperlinks to facilitate ease of navigation throughout the documents. To engage a hyperlink, simply single left-click on any text that is found with a bold underline (see example below) and the document will navigate directly to that content. Example of Hyperlink: To go directly to the Big Picture Section, click on the bold, underlined text.

DOCUMENT NOTES

A dedicated effort is made to inform our taxpayers and stakeholders, our community, and the general public about the government that serves them. The budget is formally presented to City Council at budget meetings which are publicly televised through the city's government access channel and through live streaming on the internet through the City's website. Many of the issues addressed in the budget process are discussed with Council on air. For those who cannot view the live sessions, all sessions are recorded and are available 24/7 on the Columbus city website, and the complete budget document is placed in digital form on the city's website as well (see hyperlinks and website navigation below). A printed copy of this budget document is placed on file with the Clerk of Council in accordance with the City Charter.

Comments or questions about the budget may be mailed to the Finance Director's Office at P.O. Box 1340 Columbus, GA 31902 The Financial Planning Division may be contacted at (706) 225-4087.

Columbus Consolidated Government was awarded its first Distinguished Budget Presentation Award for FY1992 and we have received the award every year since. We believe that this document continues in that same proud tradition. Additionally, CCG has also received the Certificate for Achievement for Excellence in Financial Reporting for the Annual Comprehensive Financial Report (ACFR) since FY1990.

Budgetary Policy

INCLUDED IN THIS SECTION:

- Budget Preparation & Management Policies
- Budget Calendar

A

The Annual Budget is a fiscal plan, which presents the services to be provided to the community and the funds necessary to perform these services. Key steps in this process are described within.

Budget Preparation

The Columbus Consolidated Government (CCG) operates under a fiscal year that begins July 1 and ends June 30. The major steps in the process are outlined below:

Budget Adoption

Step 1: Beginning in November, Financial Planning prepares the budget database and reports showing prior years' actual expenditures and revenues and compares those to their budgeted targets. Any anomalies are reviewed and adjusted for the upcoming budget year. Upcoming and long-range challenges and opportunities are evaluated. Operating trends, as well as economic indicators are taken into consideration when preparing estimates for budgeted revenues and expenditures. Expected changes in pay plan, benefits, gas, water, electricity, motor fuel, capital items, etc., are also considered. This database is used as the financial framework for budget preparation.

Step 2: Beginning in January, departments are asked to evaluate and update their goals and objectives, and their relevant performance indicators, for the coming fiscal year. Any major changes in operations are considered and shared with Financial Planning to ensure that the new budget reflects those operational changes as appropriate.

Step 3: Between January and March, Financial Planning prepares a draft of the Operating Budget for the Mayor's consideration. During this time, the Mayor and City Manager review departmental operations and consider any new budget requests in order to propose a recommended balanced budget. Financial Planning prepares the final Recommended Budget plan for the Mayor's approval and presentation to Council.

Step 4: No fewer than sixty (60) days prior to the fiscal year commencing July 1, the Mayor submits to Council a proposed operating budget for all operating funds. The Operating Budget includes recommended expenditures and the means of financing them.

Step 5: A series of workshops and public hearings are held before making final changes to the Mayor's recommended budget.

Step 6: The Annual Budget is formally adopted by Council before July 1.

Expenditure Control

Once the Annual Budget has been adopted, expenditure control is maintained on the appropriation unit basis (group of accounts) with capital expenditures maintained under full control. Throughout the year, all expenditures and revenues are monitored.

Budget Control

Georgia Law, O.C.G.A. 36-81-3 establishes the legal level of budgetary control as the department. Within the overall budget limitations, authority is delegated to the City Manager. *When acting on the authority delegated by the City Manager to the Finance Director, it is recommended that intra-departmental transfers of appropriation and revenue anticipation may be approved as deemed necessary*. Under no circumstances, however, may the total budget of any department be increased or decreased without Council approval.

Budget Amendments
Amendments affecting the bottom line of any department are approved solely by Council. Section 7- 404 of the City Charter describes the authority:

> "The Council may make appropriations [revenue and expense] in addition to those contained in the current operating or capital budgets at any regular or special meeting called for such purposes."

Policy Guidelines
The overall goal of the City's Financial Plan is to establish and maintain effective management of the City's financial resources. The informal statements of budgetary policies provide the basis for achieving this goal.

The following section outlines the policies used to guide the preparation and management of the City's budget. The section consists of operating budget policies, capital expenditures, policies, revenue policies and financial accounting policies.

The development and preparation of the City's budget are guided by the following policies.

- All funds are required to balance. Anticipated revenue must equal the sum of budgeted expenditures. To the extent possible, all funds should be included in the budget process along with work programs, objectives and strategies.

- The Capital Improvement Program requires coordination and planning in conjunction with the various operating fund budgets.

- The General Fund is based on a long-range financial plan, which includes unallocated fund reserves. The goal is to keep the reserve at approximately 90 days, but no less than 60 days, of budgeted expenditures. This reserve protects the City against catastrophic revenue losses and major emergency expenditures and provides cash flow.

Revenue Policies
The City will maintain effective collections systems and implement aggressive enforcement strategies to maximize revenues from available sources.

The City will maintain a broad revenue base; that is, a large number of widely diversified revenue sources that will be established and maintained in order to distribute the revenue burden equitably and protect the City from short-term fluctuations in any one revenue source.

The City will implement user fees in all areas where feasible and productive as well as seek to set fees at levels related to the costs of providing the services. Moreover, user fees will be reviewed annually as part of the budget process and will be adjusted to maintain or move incrementally closer to full coverage of activities.

The projection of revenues will receive conservative treatment in order that actual revenues at the fund level will consistently equal or exceed budgeted revenues.

Financial Structure
The financial transactions of the City are budgeted and recorded in individual funds. A fund is an independent financial and accounting entity. It is a set of interrelated accounts used to record revenues and expenditures associated with a specific purpose. Funds have a balancing set of accounts and records, cash and other financial resources in conjunction with all related liabilities and residual equities, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations or restrictions. Although funds are independent entities within the financial records of a government, there is no requirement to physically segregate the assets. Funds are classified into three basic types: governmental, proprietary or fiduciary.

Government Funds
Governmental funds are used to account for all or most of the government's general activities, including the collection and disbursement of earmarked monies, the acquisition or construction of general fixed assets and the servicing of general long-term debt.

The City utilizes the following types of governmental funds:

- The General Fund is the principal fund of the Consolidated Government and is used to account for all major activities of the government such as Police, Fire and Recreation.

- Special Revenue Funds are used to account for the proceeds of specific revenue sources legally restricted to expenditures of specific purposes. The Stormwater (Sewer), Paving and Medical Center Funds are examples of special revenue funds.

- Debt Service Funds account for the accumulation of resources for the payment of general long-term liability, principal, interest and related costs. The City's Debt Service Fund includes requirements to meet the general obligation bond issues, lease contracts, and lease purchase programs.

- Capital Project Funds are used to account for financial resources for the acquisition, renovation or construction of major capital facilities and improvements.

Proprietary Funds
Proprietary Funds are used to account for activities similar to those found in the private sector. The proprietary funds utilized by the City are as follows:

- Enterprise funds account for activities that are usually self-sustaining, principally through user charges for services rendered. An example of an enterprise fund is the Transportation System Fund.

- Internal Service Funds account for the financing of goods and services provided by one department or agency to other departments or agencies for the government on a cost reimbursement basis. The Risk Management and Employee Health Insurance funds have been added to the Operating Budget.

Fiduciary Funds
Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own operations. When these assets are held under the terms of a formal trust agreement either a pension trust fund or a private purpose trust fund is used. Agency funds generally are used to account for assets that the government holds on behalf of others as their agent. Traditionally these funds have not been included in the Operating Budget because the receipt of revenue is uncertain.

PRIMER ON CITY FUNDS

Columbus' funds are organized according to fund origin and utilization of funds. Several departments receive funding sources in more than one fund, so it is important to consider all funding sources when evaluating the operating budget of a particular individual department. Here is a brief description of each fund included in this Operating Budget:

OPERATING FUNDS (Fund Number)

General Fund (0101) The General Fund supports the operations of the City. All departments of the General Government and Public Safety are supported by the General Fund, as are most ancillary operations and units. The General Fund receives funding from a number of sources including the millage, other taxes, fees, service charges, fines, and inter-fund transfers.

LOST Funds (0102,0109) There are two Local Option Sales Tax (LOST) funds: one is to support Public Safety (Crime Prevention, Police/E-911, Fire/EMS, Muscogee County Prison, Sheriff, Municipal Court/Marshal, District Attorney, Homeland Security, State Court Solicitor, Recorder's Court, Coroner, and METRA); the other is for Infrastructure (Public Works, Parks and Recreation, Engineering, and Information Technology).

Stormwater (0202) Stormwater funds support the stormwater and drainage systems of the City and provide funding for the maintenance of sewers and drainage systems maintained by Engineering and Public Works. The fund was named "Stormwater" to differentiate City stormwater and drainage services from those provided by Columbus Water Works, which provides primary sewage services for the City. Stormwater funding comes largely from the millage.

Paving Fund (0203) Paving funds are used for highways, roads and streets, right-of-way maintenance, repairs, landscaping, and related services. Paving funds come from the millage and related fees.

Community Care Fund (0204) The Community Care Fund will provide funding for indigent Muscogee County residents and inmates with revenue produced by an annual appropriation of property tax millage which is intended to cover such services provided after approved of said services by the Consolidated Government.

Integrated Waste (0207) The Integrated Waste Management fund supports Public Works and Parks and Recreation Services to collect, transport and recycle or dispose of solid waste. This fund also supports several landfills owned by the City and the Recycling Sustainability Center. Integrated waste funds come from solid waste collection fees, landfill fees and recycling fees.

Emergency/E-911(0209) The Emergency Telephone/E-911 fund supports maintenance of the City's central emergency call and dispatch system (E-911) and is funded through wireless surcharges and other fees.

CDBG (0210) The Community Development Block Grant (CDBG) fund is a repository for grants from the Department of Housing and Urban Development (HUD) which funds certain housing and community development programs for the City.

WIOA (0220) The Workforce Innovation & Opportunity Act fund is a repository for grants from the Department of Economic Development which funds certain community jobs training and development under the Job Training Partnership Act.

Econ Development (0230) The Economic Development fund supports investment by the City in Economic Development Authority projects. It is directly funded by a portion of the millage and is utilized at the discretion of City Council.

Debt Service Fund (0405) The Debt Service fund is the repository for funds utilized to repay bonded and other debt obligations of the City, including the bonds issued by the Columbus Building Authority.

Transport/METRA (0751) The Transportation fund supports the operation of the City's public transportation system, METRA, which includes buses and specialty vehicles. It is funded by transportation grants, service fees and the millage.

Trade Center Fund (0753) The Columbus IronWorks Convention and Trade Center is owned and operated by the City. This fund supports all operations of the Trade Center and is funded by Trade Center revenues as well as Selective Sales and Use Taxes.

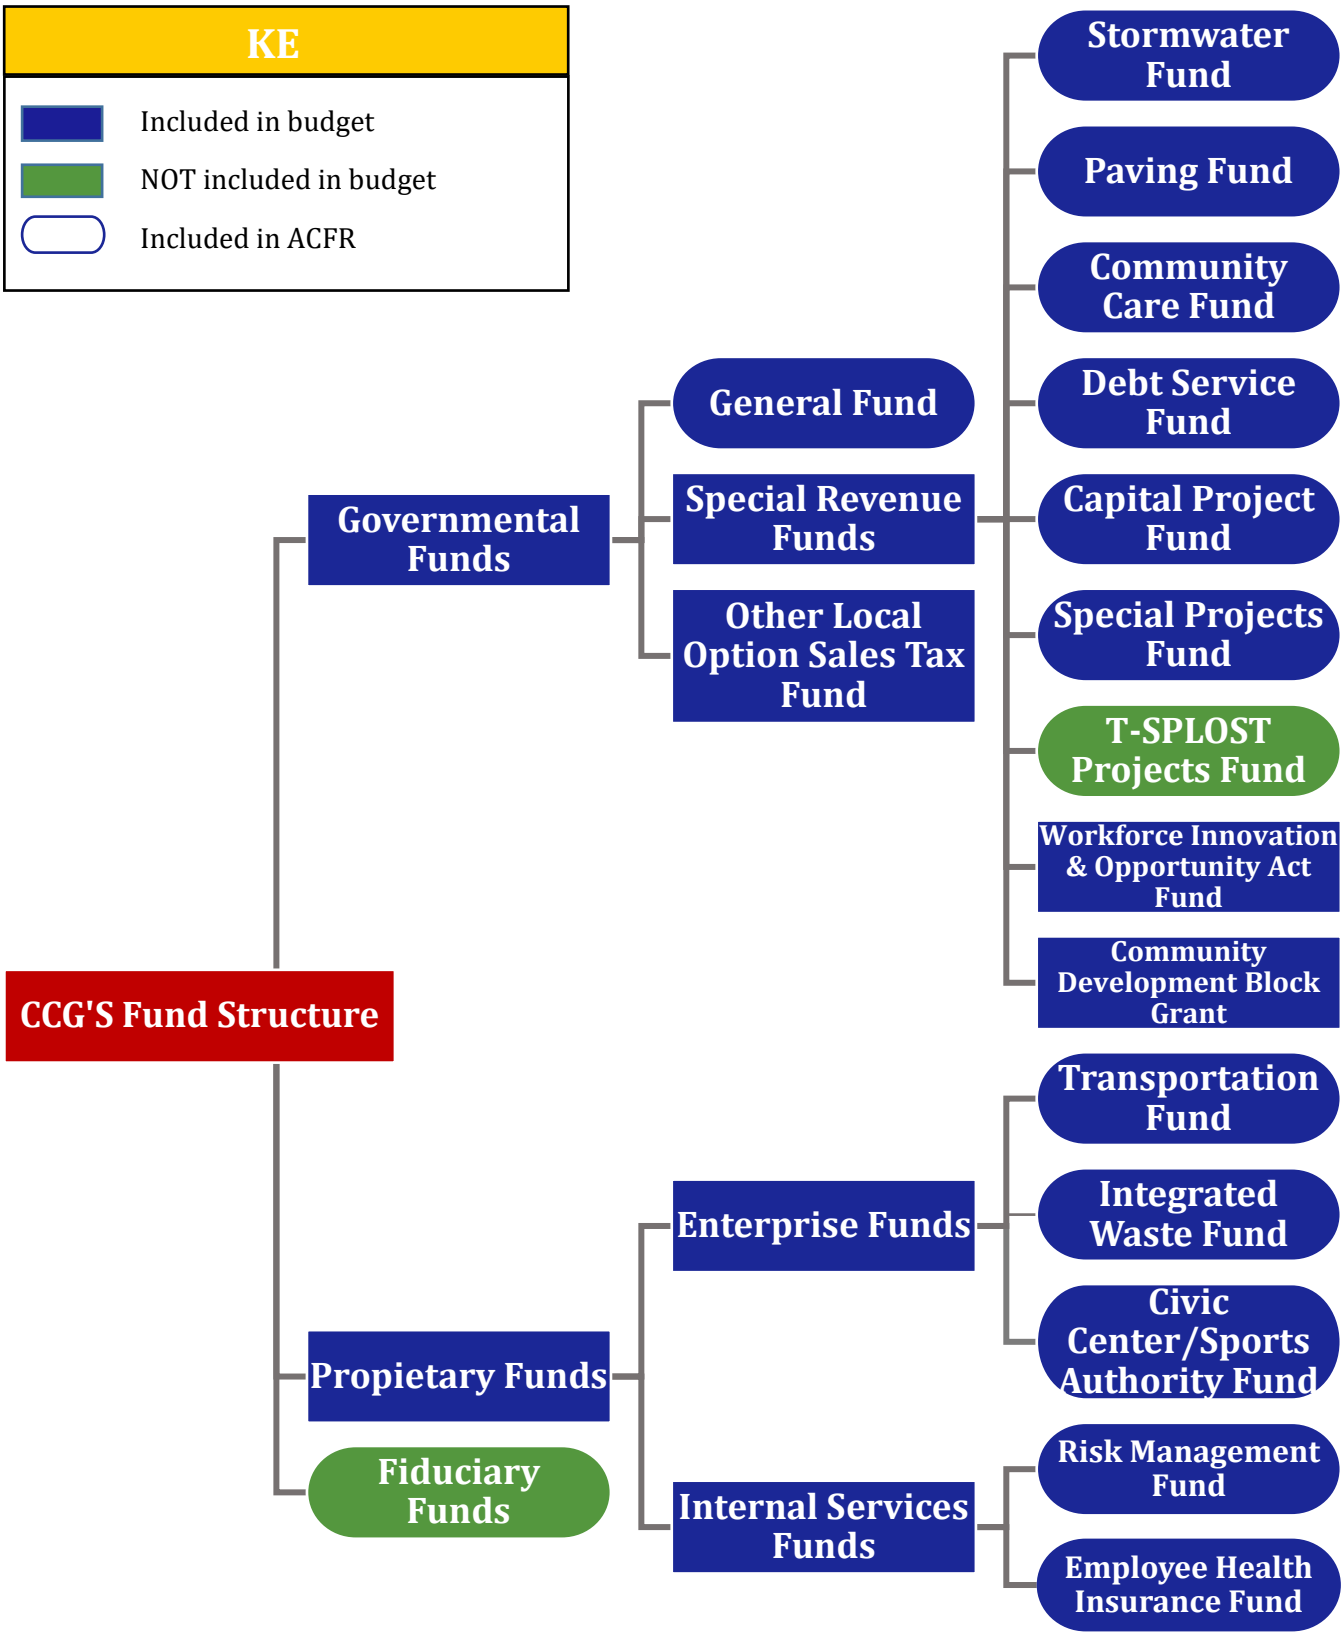

Bull Creek/Oxbow (0755/6) The operations of both City-owned public golf courses are supported by these two funds. Golf course revenues provide the primary source of funding.

Civic Center/ Sports Authority (0757) The Civic Center is owned and operated by the City and this fund supports those operations. Funding comes from event revenues, service fees, and the Hotel/Motel Tax.

Employee Health (0850) This fund is a repository for the City's self-funded employee health care program and the employee life insurance program.

Risk Management (0860) This fund is a repository for the City's self-insured Workers Compensation program and vehicle claims management program.

FUND STRUCTURE

Accounting Basis

In June 1999, GASB released a new rule known as Statement 34. Often referred to as the "reporting model rule," Statement 34 radically changes the rules by which governmental financial statements are to be organized and presented to readers. The operational accountability is addressed in the government-wide financial statements, which are prepared on a full accrual basis. Information about the cost of delivering services to the citizens and the government's infrastructure assets are included as well. The fiscal accountability is considered through the individual fund financial statements, which account for current financial resources of government through the modified accrual basis for governmental activities.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied, if they are collected within 60 days after year end. Grants and similar items are recognized as revenue as soon as eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability in incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Budgetary Basis

All budgets are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). The General, Special Revenue, Debt Service and Capital Projects funds are developed on a modified accrual basis. The Enterprise Funds are developed on the accrual basis. All annual appropriations lapse at the fiscal year end. The basis for budgeting is consistent with the basis for accounting with the difference being encumbrances. The notable exception between the budgetary and accounting basis is the manner in which encumbrances are treated. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting - under which purchase orders, contracts and other commitments for expenditures of resources are recorded to reserve that portion of the applicable appropriation - is utilized in governmental funds. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures because the commitments will be honored through subsequent year's budget appropriations. The other exceptions worth noting deal with capital outlay within the enterprise funds which are recorded as assets on a GAAP basis and expended on a budget basis; depreciation expense is recorded on a GAAP basis only.

BUDGET PREPARATION SCHEDULE: FY2026 Budget

November - January

- Financial Planning begins developing baseline budget plan with input from Mayor, City Manager and Department Directors and distributes budget preparation materials.

February - March

- Financial Planning begins analyzing department budget requests and performance. City Manager evaluates budget and CIP requests.

April

- Financial Planning prepares draft of Mayor's Recommended Budget. Mayor finalizes budget and presents to Council for consideration.

May

- City Council deliberates Recommended Budget. Requests for additional analysis, research and response to questions are addressed by Financial Planning. Council Work Sessions are held.

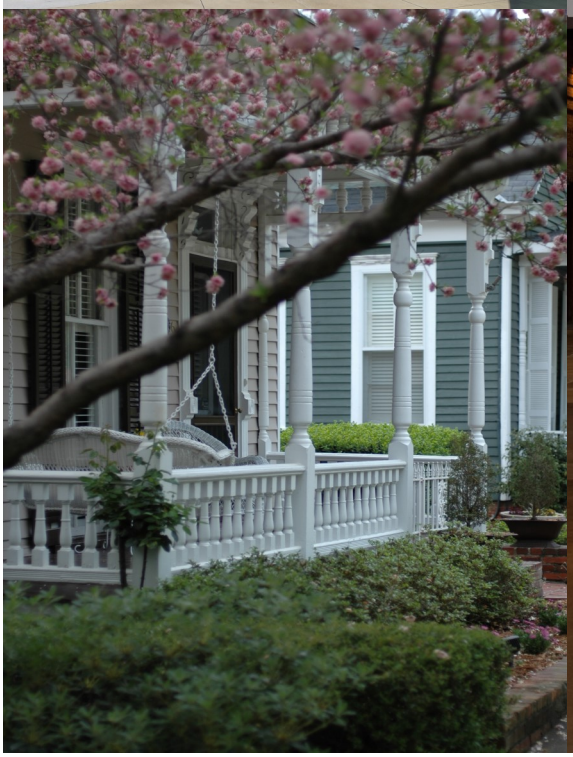

June

- Public Hearings are conducted. Budget and Tax Millage Ordinances are adopted with City Council Amendments.

The Big Picture

Columbus Consolidated Government operations and services are funded principally through the General Fund, through which the City's primary revenues and expenditures flow. All major departments of the City have apportionments in the General Fund. These are described in detail in Section D. Proceeds from Other Local Option Sales Tax ("OLOST") reside in the LOST Fund. 70% of this fund supports Public Safety while the remainder supports General Government operations and infrastructure. Other operating funds included in this Budget are as follows: Stormwater (Sewer), Paving, and Integrated Waste, which support infrastructure; E-911 (Public Safety); Community Care (indigent and prisoner healthcare); Economic Development; Transportation (METRA) and Parking Management; Trade Center; Bull Creek and Oxbow Creek Golf Courses; and the Civic Center. Dollar amounts of each fund as projected for FY2026 are shown below:

FINANCIAL SUMMARIES / OPERATING FUNDS

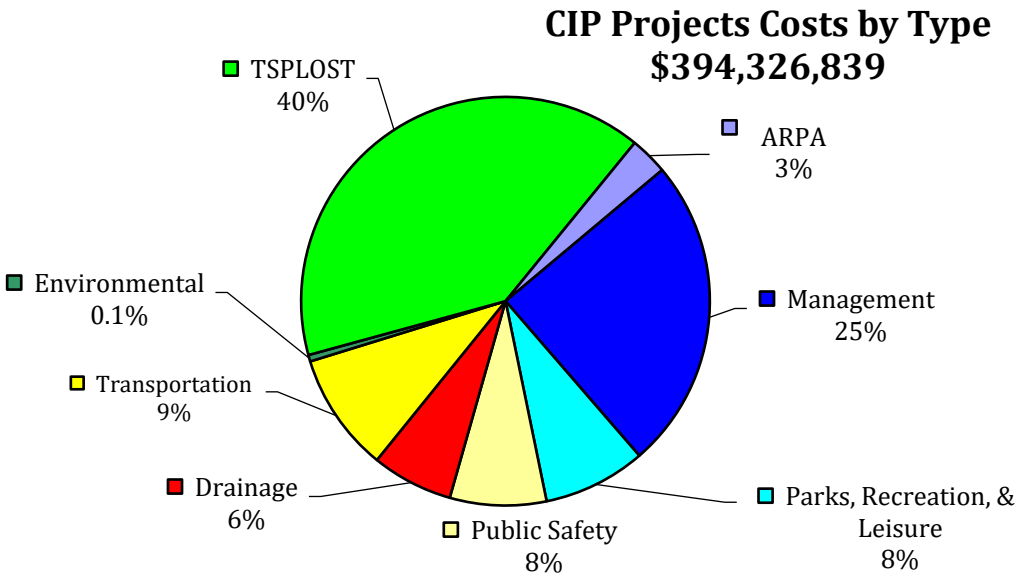

FY25 CIP Projects Overview*		
Project	**Cost**	**Impact on Operating Budget**
Management	$216,019,322	Slightly positive - investments into the Muscogee County Jail and the Health Department expected to improve efficiencies in judicial, administrative, and management areas.
Parks, Recreation, & Leisure	$28,807,821	Neutral - investment of a new Lake Oliver Marina sewer pump and pickleball courts
Public Safety/ Criminal Justice	$20,200,958	Neutral to Slightly Positive - investments in facilities at Fire Stations and the Sheriff's Administration Building
Drainage	$20,329,206	Neutral - anticipated investment in sewer line and storm water drainage infrastructure reduces reliance on current year operational funds for maintenance, repair, and restructure as well as reduced exposure to risk from liability to property damage or injury.
Transportation	$32,700,754	Neutral to Positive – anticipated investment in transportation infrastructure, most notably roads, bridges, and corridors, will reduce reliance on the current year operating budget for costs of maintenance and repair.
TSPLOST	$115,172,711	Neutral- while the dollar investment in TSPLOST projects is substantial, all of the funding for these specified projects occurs outside of the operating budget in a special funding source (the TSPLOST tax) and therefore provides no impact to the operating budget.
Environmental	$690,766	Neutral – there is minimal investment in these projects aside from a small investment in the necessary operating of landfill sites. Minimal benefit comes from the reduced risk of liability due to non-compliance with state and federal mandates regarding landfills.
American Rescue Plan Act	$28,759,298	Neutral - an opportunity to make tactical investments in valuable assets, restructure reserves to improve financial solidity, and cover provisional operating deficits.
TOTAL	**$462,680,836**	Overall, the CIP projects will have a minimal impact on the City's FY245 Operating Budget based on timing of project completion and the fact that contributions from the current year operating budget are relatively low. Long-term expectations are that with the offsetting positive improvements, the majority of negative impacts will be slight. The CIP total is 26% higher than the amount allocated in FY24 which is primarily due to investments in repairing and building new facilities to meet the public needs.

Capital Improvement Projects (Continued)

Further information on Capital Improvement Projects is located in the Financial Summaries of the Operating Budget and the *FY26 Capital Improvement Program Budget Book*. The impact is discussed for each individual project in the accompanying CIP book; however, we have tried to give an overview of the budget impact for the categories and total budgets. Depreciation expense is not included in this analysis, but needs such as staffing, daily operating costs and maintenance are considered.

Trend Analysis

An important element of the budgetary process is the historical perspective of past operating fund budgets and the changes in revenues and expenditures in those funds over time. The following table shows the adopted budgets for Revenues and Expenditures in the Operating Funds for the past four fiscal years and the budgeted year. As shown below, the FY2026 Operating Budget experienced an increase as compared to the prior year. Dependent upon steady growth we have also forecasted for the next five fiscal years.

FINANCIAL SUMMARY / OPERATING FUNDS

Projections

Short and long term forecasts are an integral part of the City's budgeting process. The Financial Planning Staff prepares both short (1-3 year) and long (5 year) term projections each year as part of the budgeting cycle process. The short and long term forecasts which the Financial Planning staff prepares, and then continually refines, provide the basis for the Operating Funds Budgets included in this Budget Book.

The foundation for projected revenues is based on an analysis of several factors including: historical trends in revenues collected for the current and prior years; changes in statutory or regulatory rules which may impact revenues, such as the changes the State of Georgia has made to the Title Ad Valorem Sales Tax; and changes in the City's population which may be anticipated from demographic or environmental changes, such as those which have occurred from time to time at Ft. Benning, which is a major employer of both military and civilian citizens, or with new investment in our area by companies like Kia, which has major manufacturing facilities in nearby West Point. Financial Planning closely monitors the accuracy of its revenue forecasts throughout the fiscal year and may make recommendations for adjustments to the Operating Budget should actual revenues prove to be materially different from those forecasted.

Our forecasts also provide the basis for our expenditures and capital investment plans which are included in the Operating Budget. Expenditure forecasts are based largely on both historical actual expenditures and the financial resource constraints for the City at large. Capital expenditures are forecasted based on the specific needs of each division, again within the financial resource constraints that exist within the framework of the City as a whole. Our budget book, and therefore this analysis, includes the City's operating funds and 4 additional funds: CDBG, WIOA, Risk Management and Employee Insurance Funds. The Budget Book differs from the Annual Comprehensive Financial Report ("ACFR"), which includes all funds.

Midyear Adjustments

The Operating Budget is a point-in-time reflection of what is actually a fluid, continually adaptive process throughout the fiscal year. This Budget Book contains the *Adopted* Budget, which has been adopted by the Council as its Adopted Budget. Because it is prepared well in advance of the completion of the prior year's financial audits, and because there are often circumstances which cause need for making mid-year adjustments to the original plan, the Finance Director may recommend changes to the Operating Budget at a mid-year point. These are an ordinary part of the municipal budgeting process and reflect the City's capacity to monitor its resources relative to its budget and to make adjustments where prudent.

Use of Fund Balance

During the past several fiscal cycles, the City has given considerable attention and effort to curbing its reliance on the use of fund balance in the General Fund to meet its obligations. Due to fiscal responsibility as well as a collaborative effort amongst the City and its staff, the fund balance has steadily increased over the years. There was a tremendous growth in revenues, for reasons both macro- and micro-economical, in FY25. For the FY25 budget, the City experienced across the board savings from employee benefit plan reforms adopted in prior budget years. The savings allow the City to reduce its need for fund balance in its Operating Funds. Being as such, the city made the decision to allocate some of these funds for some much-needed improvements, in which caused an increase in its use of fund balance this fiscal year.

There was a increase in the use of fund balance from FY25 to FY26. This fiscal year's funding was utilized to address some much needed personnel adjustments.

After Fiscal Year 2026, the use of fund balance is expected to continue to decline in future budget cycles for the following key reasons:

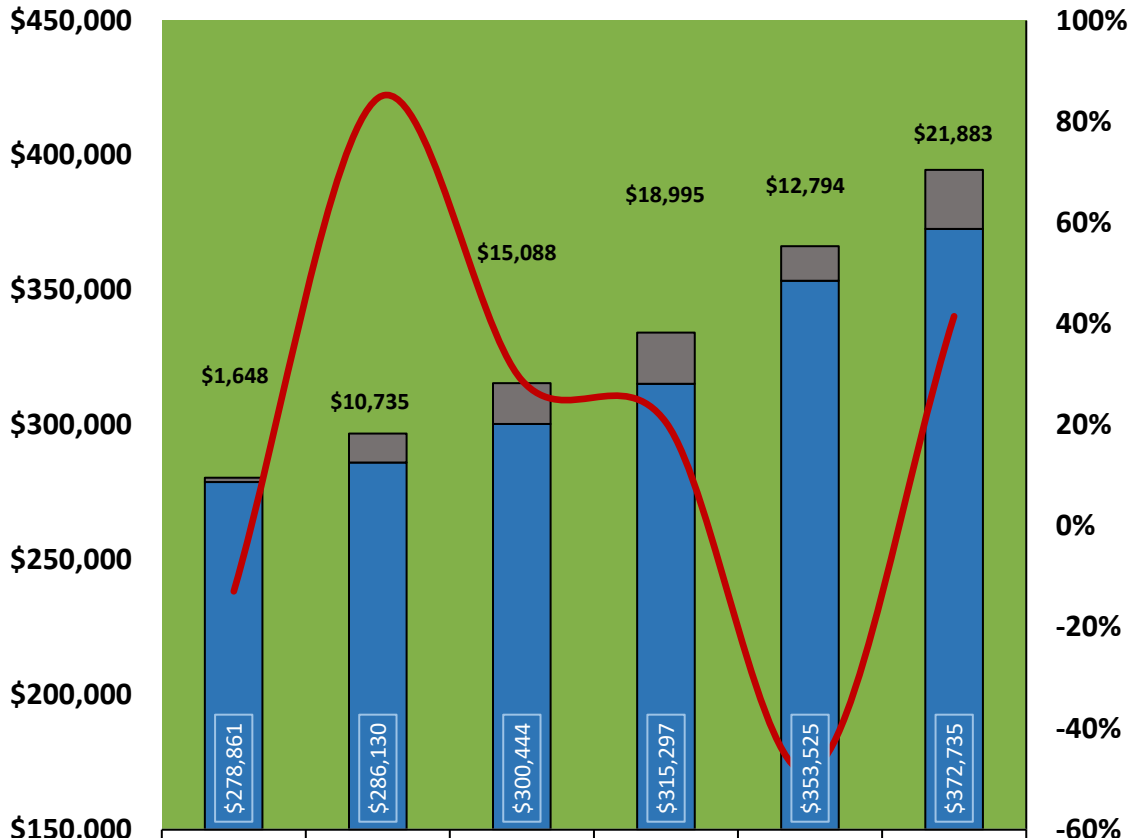

- Continuation of health care reform measures for the city's self-funded healthcare plan, which has systemically lowered healthcare related costs for both the city and its employees. These measures included changes to deductibles, co-pays, out-of-pocket maximums, employee premiums, the continuation of spousal exclusion for working spouses with available coverage at their own employer, and pharmaceutical benefit plan design changes.

FINANCIAL SUMMARY / OPERATING FUNDS

- The City's use of reserve funds to preserve the recently added pay and compensation study. The pay and compensation study will be sustained with projected revenue growth as well as reallocation of expenditures amongst funds.

The following graph depicts the City's use of fund balance during the past five fiscal years (as planned for in annual Adopted Operating Budgets):

Ad Valorem Tax Distribution Among Funds

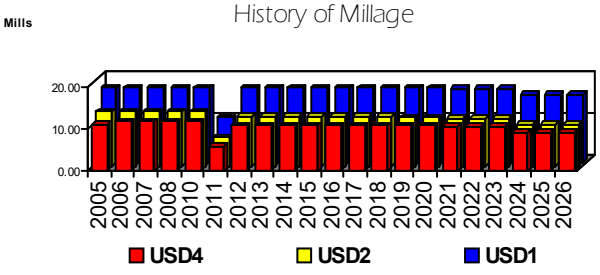

History of CCG's Millage

As reflected in the History of Millage chart (below), the millage rate remained unchanged from FY05 to FY10. FY11 was affected by the Other LOST rollback, but the millage rate returned to normal in FY12. There were small increases to the General Fund, the Paving and Debt Service Funds in FY04 and FY05. The Columbus Charter stipulates a 9-mill cap on "ordinary current expenses" which is the total of net general and urban millage and the transportation millage. The remaining millage includes the medical center, debt service, paving, sewer, and economic development authority fund. The current millage rates are listed in the Millage Table in the City Manager's message.

During FY13, the Debt Service portion of the millage was reduced by 0.16 mills due to bond defeasance and other debt restructure. City Council opted to increase the mills for Economic Development funding accordingly by 0.25 mills in FY15, the proceeds of which will be added to the Economic Development reserve. The net result was no change to the overall millage rate.

To reduce the financial burden imposed upon citizens due to inflation there was a decrease in the overall millage rate for FY24.

Revenue Sources Total: $394,618,281

General Property Taxes:
$104,770,880 26.6%

For FY26, General Property taxes are budgeted to increase by about 4.3% over FY25. General Property Taxes are Ad Valorem taxes, penalties and interest on real and personal property, motor vehicles, mobile homes, intangible taxes, and all penalties, interest and FIFAs related to these taxes. They are projected based on estimated growth of the state approved tax digest at millage rates ordained by Council. The current trend reflects a modest increase in Ad Valorem taxes based on the natural growth of the digest. Projected Ad Valorem taxes are based on assumption of a 99% collection rate and the projected growth of the digest. The 99% collection rate assumption also applies to the Community Care fund. Prior to FY15, the Community Care fund (formerly known as the Medical Center fund) was the one exception to the 99% collection rate assumption as contractually The Medical Center Hospital Authority received 3 mills regardless of actual tax collections. The *Ad Valorem Tax Distribution among Funds* Chart, on the top left, shows the distribution of Ad Valorem taxes among the applicable operating funds.

The Economic Development Fund was established in FY03 and is funded by a 0.50 millage when and as approved by City Council. Each fiscal year during budget deliberations, Council decides whether to continue to appropriate monies for the Economic Development fund. As noted in the *History of CCG's Millage (*left*)*, during FY15 an additional 0.25 mills is being set aside as a reserve for Economic Development, subject to Council's discretion and approval.

Property Tax Primer

Ad Valorem or Property Tax is a large source of revenue for CCG. The basis of the taxation is the Fair Market Value (FMV) of the property established as of January 1 of each year. The tax is levied on the assessed value of the property, which by GA state law is 40% of FMV. The amount of tax is determined by the tax rate (millage) levied by City Council). A mill is equal to $1 for each $1,000 of assessed value.

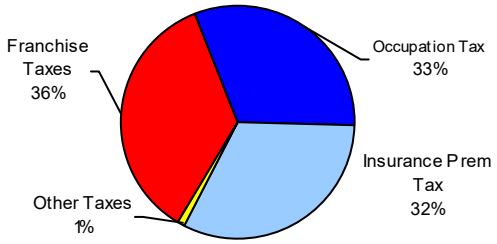

In addition to general economic trends and conditions, another added challenge in CCG's property tax structure is the property tax freeze, which freezes the FMV valuation of a property at purchase.

FINANCIAL SUMMARIES / OPERATING FUNDS: REVENUES

Franchise (Utility), Business and Other Taxes:
$61,675,000 **15.6%**

In FY26, Franchise and Business Taxes are projected to increase 6.8% as compared to FY25. These revenues are sensitive to economic conditions and are projected based on historical trends and expected economic strengths or weaknesses.

Franchise, Business and Other Taxes

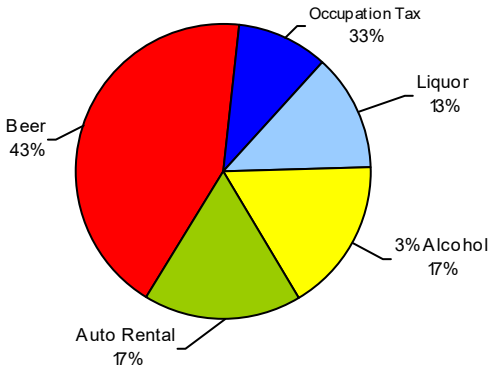

Franchise taxes are projected to increase 2.65% year-over-year in FY26. Business Taxes include Occupation Taxes, which are based on the gross income of certain businesses, and Insurance Premium Taxes. These taxes are also expected to generate modest increases in FY26.

See the Franchise, Business, and Other Taxes pie chart (above) for a breakdown of this category.

Sales and Use Taxes:
$102,810,000 **26.1%**

Sales and Use Taxes Taxes

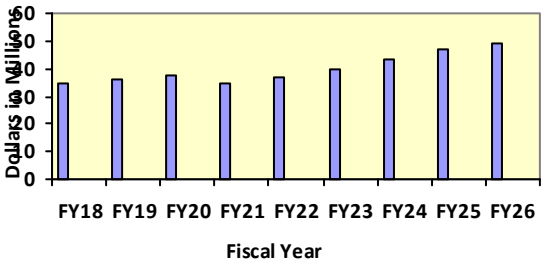

The FY26 budget includes a projected increase in Sales and Use Tax of about 3.3% from FY25. This projected increase continues an upward and downward trend which is a result of macro-economic conditions. A Local Option 1¢ Sales Tax is levied to keep the ad valorem tax as low as possible.

The taxes are projected based on economic indicators (employment rate, consumer confidence, etc.) and estimated growth in sales. The State of Georgia limits local jurisdictions to one cent (1¢) for general purposes. The trend of growth of sales tax has leveled off.

It has cycled up and down in recent years but is anticipated to increase modestly over the coming years. The *Local Option Sales Tax* Chart reflects the trend in Sales Tax.

General Fund Local Option Sales Taxes

Also included in this category are use taxes. Use taxes include taxes on various rentals, advertising, and merchandising charges, as well as taxes on Beer, Wine, Liquor, and a 3% Alcohol Excise tax. This revenue is projected based on current indicators and tax rates set by Council. A modest increase was projected for this fiscal year. This subcategory reflects less sensitivity to economic conditions.

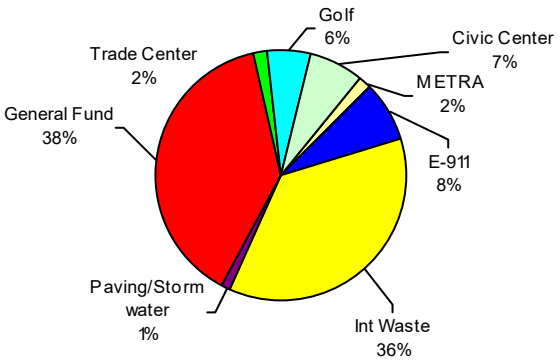

Charges for Service:
$51,598,483 **13.1 %**

For FY26, fee adjustments in Charges for Services from FY25 have been projected, primarily due to expected increase in court fees. Projections are based on rates set by Council, historical trends, and economic indicators. Service Charges include collections for government services, such as solid waste management fees, fees for use of public recreational facilities, emergency medical service fees and fees for the operation of the E-911 system and the city pound. Also included in this category are court fees and commissions. Commissions include the fees collected by the Tax Commissioner as well as the commissions paid on pay telephones. Due primarily to the addition of Title Ad Valorem Tax Fees,

commissions were projected remain the same for FY26.

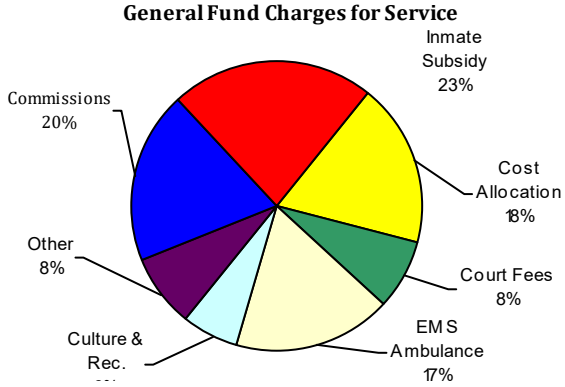

Also, in service charges is cost allocation. Established in the FY93 Budget, cost allocation revenues reflect levels of service provided by the general fund central administrative functions (such as accounting, purchasing) to other fund, grant, and authority activities. For FY26, an 8.21% increase in cost allocations was projected.

Service Charges by Area

Projections for Service Charges are based on rates set by Council, historical trends, and economic indicators. An incline in user-based fees collected by the City's public cultural and recreation-based facilities and decreased court collection fees lead to the projected 10.95% increase in total Charges for Services for FY26. See the *Service Charges by Area* pie chart

General Fund Charges for Service

Fines and Forfeitures:
$4,634,000 **1.2%**

This category consists primarily of fines and charges imposed by the various courts of Muscogee County. Council sets some of these charges, while others are mandated by State. For FY26, an increase of 22.5% is projected from the backlog of court cases due to the COVID-19 pandemic impact on court fees collected in superior court, state court, municipal courts, and all other courts to include recorder's court and environmental court.

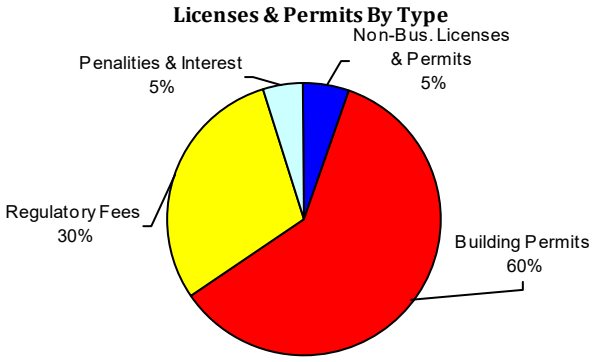

Licenses and Permits:
$3,185,000 **0.80%**

For FY26, License and Permit revenues are expected to decrease at a slight 0.16% rate compared to prior year. This category is derived from permits, business and professional license fees. Business Licenses include Beer, Wine and Liquor Licenses, Alcohol Application ID Card Permits and Insurance Licenses.

Non-Business Licenses and Permits include permits for pet ownership, zoning petitions and marriage and gun licenses. Regulatory Fees include licenses to sell alcohol and insurance. Building permits make up the largest category. Council sets the fees for these charges. See *Business Licenses & Permits* (above) for a breakdown by type.

Projections are based on historical trend analysis, economic indicators, and anticipated economic growth. Some of these fees and permits that are sensitive to economic conditions are trending upward. Overall, licensing is remaining steady, as well as, fees and permits. Projections have followed these trends.

Licenses & Permits By Type

FINANCIAL SUMMARIES / OPERATING FUNDS: REVENUES

Intergovernmental:
$18,721,090 4.7%

This category consists of Federal, State and Local government agency reimbursements for funding of local and statewide programs. Trends show an increase in state and federal funding, which is reflected in projections.

The revenues (and expenditures) for cooperatively funded various Federal, State, and Local grant activities is located in a Multi-Governmental fund.

Additionally, there are two published funds that are listed with the operating funds, but not included in these numbers. The Community Development Block Grant (CDBG) and Workforce Innovation and Opportunity Act (WIOA) are separate grant programs with different budget cycles because of federal regulations. An estimated budget is included in the budget process and is adjusted by Council in the fall. Details about CDBG and WIOA Funds can be found in the Overview (Section B) and Expenditures by Division (Section D) Sections.

Investment Income & Miscellaneous:
$6,935,623 1.8%

This category includes revenue from investment of City reserves. Revenues are based on projected rates of return on invested fund equity. Although rates are expected to continue to be relatively low, the FY26 budget does not presume that there will be material gains or losses in investment value. Investment income is projected at $2,207,733 for FY26.

This category also includes rents from City-owned property and sales of land, surplus equipment and various reports and databases. These revenues are projected based on fee schedules and current indicators. In addition, various one-time revenues, not categorized elsewhere, are included in this category. These revenue projections are based on historical trends.

Inter-fund Transfers In:
$18,405,256 4.7%

Transfers-in account for the operating inter-fund transfers between the various funds to provide funding assistance and matching funds for Federal and State grants. This category accounts for the transfers of funds allocated to the Capital Improvement Program. The Hotel-Motel tax provides a source of revenue as a transfer into the Civic Center and the Columbus Convention and Trade Center. For FY26, a 13.4% increase in transfers has been projected, thus presenting a cyclical trend in use of inter-fund transfers as a revenue source.

Use of Fund Balance:
$21,882,949 5.5%

Fund balance usage is calculated based on the anticipated fund balance at fiscal year end after revenues and expenditures have been accounted for. Operating Funds' total Use of Fund Balance is $21,869,369. See *FY26 Summary of Revenues, Expenditures, & Change in Fund Balance* for details.

FINANCIAL SUMMARIES / OPERATING FUNDS: EXPENDITURES

Expenditures Total: $394,618,281

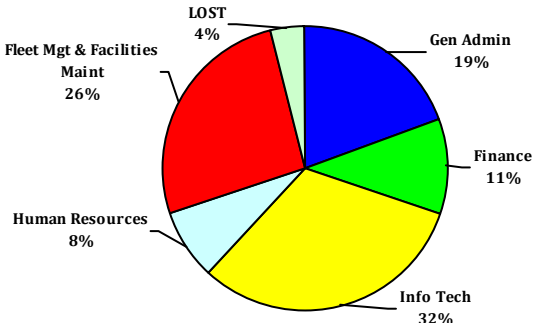

Management Operations:
$ 31,472,311 8.0%

Activities and management needed to administer the daily operations of the Consolidated Government.

These activities are distributed through such offices as the City Manager, Human Resources, Information Technology, Finance, Facilities Maintenance, and Fleet Maintenance. These offices provide support for line operations in their efforts to provide quality services to the citizens of the community.

Management Operations expenditures are budgeted at 6.2% higher than in FY25. See *Management Operations by Type* below for expenditure breakdown of support offices.

Management Operations by Type

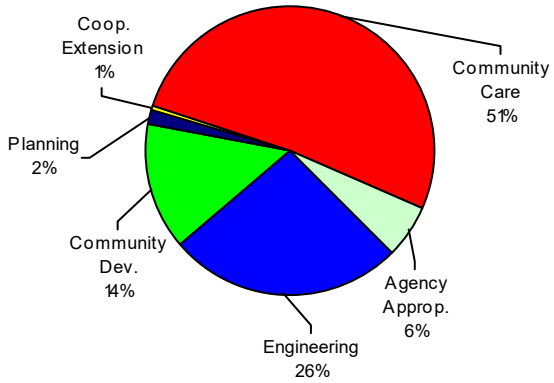

Community Services:
$ 21,470,654 5.4%

Community Services includes services that affect all citizens indirectly through the coordination of construction and development activities to ensure safety and a better quality of life. These services are distributed through such offices as Engineering, Inspections and Codes, Planning, and the Cooperative Extension division, which is operated in cooperation with the University System of Georgia. Funds for other services are provided to various organizations in the community by Council approval through agency appropriations. Community Services expenditures are budgeted 14.7% lower than the budget for FY25. See the Chart of *Community Services by Type* below for breakdown by Department.

In addition, the City's Community Care appropriations are budgeted at a value of one (1) mills to reimburse for indigent and prisoner/inmate medical care. These are accounted for in the Community Care Fund.

Although CDBG funds are not reflected in the General Fund's expenses, the City's Department of Community Reinvestment administers the CDBG (Community Development Block Grant) Program.

Community Services by Type

Public Works:
$ 42,537,313 10.8%

This category includes the divisions involved in delivering and administering essential services such as solid waste collection, recycling, public cemeteries, and open and inert landfill operations and maintenance. Certain paving and sewer maintenance such as ditch cleaning, road patching, etc. is managed by this function. Environmental activities are coordinated through divisions grouped here.

Public Works expenditures are budgeted to be 12.2% higher in FY26 than budgeted for FY25.

FINANCIAL SUMMARIES / OPERATING FUNDS: EXPENDITURES

Statutory Boards & Commissions:
$6,775,450 **1.7%**

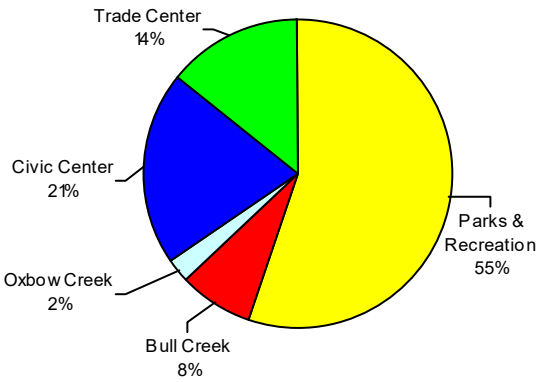

This area provides miscellaneous services to the community. The Board of Elections and Registrations maintains the official eligible voters file and conducts elections in Muscogee County. The Tax Commissioner's Office and the Board of Tax Assessors appraise property and collect due taxes in the county. The operations of the Coroner are included here. Expenditures in this category are budgeted at 10.4% higher than in FY25.

Recreation & Culture:
$29,656,835 **7.5%**

Recreation and cultural activities are provided almost exclusively through the Department of Parks and Recreation. The Parks and Recreation department provides outdoor activities, youth and senior programs, while operating the city's major arena facilities (Golden Park, Memorial Stadium). This category also includes Bull Creek Golf Course, Columbus Ironworks Convention and Trade Center and the Columbus Civic Center. Expenditures for Recreation and Culture are budgeted at 6.57% higher than for FY25. Cost increases will be due to operational changes implemented during the current budget cycle.

See *Recreation & Culture* Chart below.

Recreation & Culture

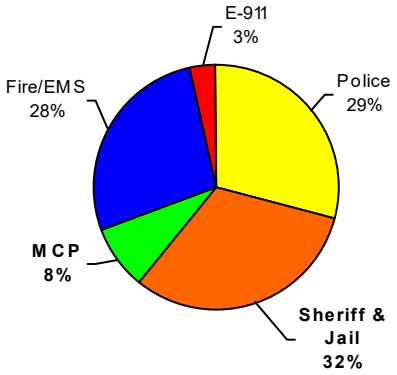

Public Safety:
$150,519,119 **38.1%**

Public Safety encompasses those departments and divisions actively involved in the direct protection or support of protection of Columbus' citizens and visitors. In addition to Police, Fire & Emergency Medical Services, and Emergency Management, the operations of the Sheriff's office, the county jail, and Muscogee County Prison incorporated.

Public Safety expenditures are budgeted 6.55% higher than the FY25 budget. For FY26, the Adopted budget includes Public Safety related capital purchases of $2,633,534

See *Public Safety Appropriations by Agency* below for breakdown of budget proportions.

Public Safety Appropriations by Agency

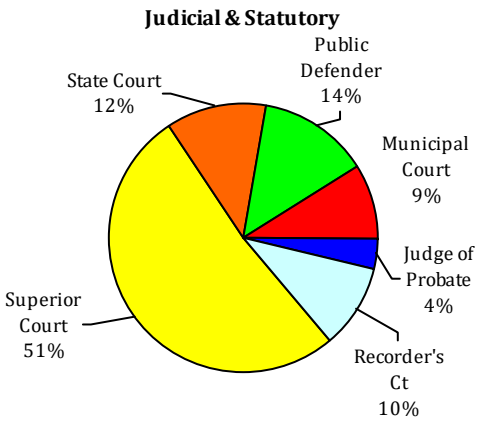

Criminal Justice:
$21,180,849 **5.4%**

The Criminal Justice system operated by the City consists of all municipal and traditionally county courts. The support functions include probation, legal and clerk's offices. FY25 expenditures for Criminal Justice are 8.1% higher than they were for FY25.

The *Judicial & Statutory* pie chart below shows breakdown by court.

FINANCIAL SUMMARIES / OPERATING FUNDS: EXPENDITURES

Debt Service:

$19,635,435 **5.0%**

The Debt Service Fund accounts for the retirement of general obligation bond issues, Columbus Building Authority lease contracts, certain leasing obligations associated with vehicle purchases for Integrated Waste, and the Water Commission revolving loan contract.

Overview and Debt Financing Principles

All local governments must determine how capital projects will be financed. It is the policy of the Columbus Consolidated Government (CCG) to use debt sparingly to retain the capacity to issue additional debt if the need arises. Currently, CCG is well below the 20% level that is considered by the credit industry to be a danger signal. In addition, CCG is well below the legal debt ceiling for general obligation debt (detailed in the box below).

The Columbus Consolidated Government maintains two debt service funds - Debt Service Fund and Sales Tax Proceeds Account Fund. These Funds are used to service debt from four sources: General Obligation Debt, Columbus Building Authority contractual debt, the Board of Water Commissioners revolving loan contract, and lease purchase programs with the Georgia Municipal Association. Proceeds of a dedicated property tax provide the primary source of revenue for the Debt Service Fund. See Debt Service Fund Overview and Debt Service Fund Expenditures for more information.

Debt Margin

The Columbus Consolidated Government remains well below the debt ceiling of 10% of assessed value of taxable property established by the State of Georgia's constitution. Information regarding the legal debt limit for CCG is listed below.

Debt Service: Principal & Interest

In 2012, the Columbus Building Authority issued Series A and B bonds in amounts of $29,825,000 (A) and $14,005,000 (B) respectively. In 2019, a bond was issued via direct placement to provide for renovations to the South Commons Softball Complex, the Government Center, and funding a needs assessment study. In 2022 government leased revenue bonds were issued for the purchase and renovations needed to suit the new City Hall for official government use. For FY26, the total amount of payments for principal on all bonds outstanding will be ***$8,628,044*** and the total amount of payments for all interest will be ***$7,351,898***. Included in these amounts are payments that are made for bonds issued on behalf of Trade Center.

Debt Service: Other Obligations

The Consolidated Government has directly or indirectly guaranteed the debt issued by the Bull Creek Golf Course Authority, the Columbus Iron Works Convention and Trade Center Authority, the Columbus Airport Commission, and the Hospital Authority of Columbus. However, because the debt is self-supporting, it is generally not considered debt of the CCG. In addition, the annual debt service payments of these issues are not budgeted in debt service funds.

During 2013, Columbus Consolidated Government entered into a master lease

agreement with Georgia Municipal Association (GMA). The initial purpose of GMA financing was to purchase rolling stock equipment for Public Works. GMA financing was later utilized to purchase computer equipment and software upgrades as well as leasing emergency vehicles. The total amount of expenditures that will be allowed under the lease agreement in FY26 will be ***$2,728,523*** (which includes repayment of principal and interest for one year).

Mass Transit:
$23,057,678 5.8%

METRA is the City of Columbus' mass transit system of buses with financial assistance provided by the local, State and Federal governments. Mass transit expenditures are budgeted at 7.8% below FY25 expenditures.

In FY19, the Parking Management Fund activities moved into the General Fund as it no longer meets the requirements of an enterprise fund. The Parking Management Fund accounted for all expenses related to Columbus' Uptown Parking District, including parking and enforcement.

Other Non-Departmental Expense:
$38,817,152 8.4%

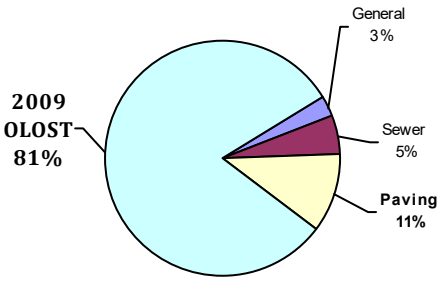

This category consists of expenditures that are not applicable to a specific department. Examples of the various non-departmental expenses include operating subsidies provided to the Integrated Waste and E911 Funds, contingency funds, and various other non-categorical expenses. Other non-departmental expenditures are budgeted at 26.7% higher than in FY25.

Capital Improvement Projects (CIP):
$9,495,485 2.4%

The capital improvement program has been in operation since 1971 with the City consolidation. Funding comes from a variety of sources including transfers-in from the General, Paving, Sewer, and Integrated Waste Funds; 1999, 2021 1¢ Special Purpose Local Option Sales Taxes (1993, 1999, 2021), Columbus Building Authority (CBA) – Contractual Debt (2012A and 2012B Series, 2019 Series, 2022A, 2022B and 2024 Series), Capital Lease Agreements with Georgia Municipal Association, and Prior Years Balances. The program has historically been used for infrastructure projects such as road construction, drainage improvements, technology support and advancement, and miscellaneous project fund reserves. The number listed above includes only the transfers from the General, Sewer, and Paving funds into CIP projects. Additional funding includes the Integrated Waste Fund, 1999 Sales Tax, 2021 Sales Tax and Prior Year's funding.

The General Fund support is funded from property, utility, sales and other taxes, as well as other miscellaneous revenues. Integrated Waste support is based on service charges from residential and commercial waste.

CIP Allocations

The City's share of Road Projects is funded wholly from the Paving Fund. The road projects are treated as a transfer-out to the CIP Fund where it is matched with a greater share of State dollars. Drainage projects are located in the Sewer fund and located here due to the length of the projects and expense. Integrated Waste Management was added in 1994 to account for capital projects related to the construction, expansion or closing of landfills. The balance of projects, recreation and sidewalks, are financed with equally distributed revenues and constructed as SPLOST cash flow allows. The total financing for a given project may be available at one time, while the project may take multiple fiscal years for completion. At the end of the fiscal year, the total financing sources are earmarked and recorded for that project and the balance is carried forward to the next fiscal year.

Capital Improvement Project's budgets may include any of the following basic costs that are

commonly associated with a capital improvement project: the renovation or expansion of existing facilities; an initial feasibility study for infrastructure and/or new facilities; site improvement and/or development and land acquisition; construction of infrastructure and/or a new facility; related management and/or administrative costs; and equipment and furnishings associated with the project. The capital projects are grouped by service type:

Management: The Management service type includes projects impacting the general function and management of the Consolidated Government. The projects may also include land acquisition and development, facilities and infrastructure construction and renovation not directly associated with any of the other service classification. Typically, these projects are funded with contributions to the CIP from the operating funds.

Parks, Recreation & Leisure: This type of project includes all costs associated with land acquisition, park development, facilities construction and renovation of gymnasiums, museums, recreation centers, marinas, tennis courts, fields and other facilities and infrastructure that are associated with recreational and leisure activities. These projects are primarily financed by the SPLOST, but also receive funding from the General Fund, grants and private contributions.

Public Safety / Criminal Justice: All projects related to the delivery of Courts, Police, Fire, Sheriff, Marshal, Emergency Medical and Correction services are recorded in this section. These projects are typically funded by the General Fund but may be financed through debt and other sources.

Drainage: The projects classified as drainage are primarily concerned with storm water control, flood prevention, erosion control and soil conservation, sewer construction and renovation, open ditch and stream bank stabilization; and detention/retention pond improvements.

Transportation: Projects may be land and right-of-way acquisition, traffic signalization, roads, sidewalks, and path or trail construction. Road projects are primarily funded through contributions from the Paving Fund; however, other financing sources may include SPLOST or bond issues.

Environmental: This category primarily encompasses projects associated with the landfills. Other projects may include urban reforestation, streetscapes and gateway projects. Detailed information of the financing, expenditures, and project description for the various projects is located in the *FY25 Capital Improvement Program Budget Book*.

CIP impacts on the Operating Budget

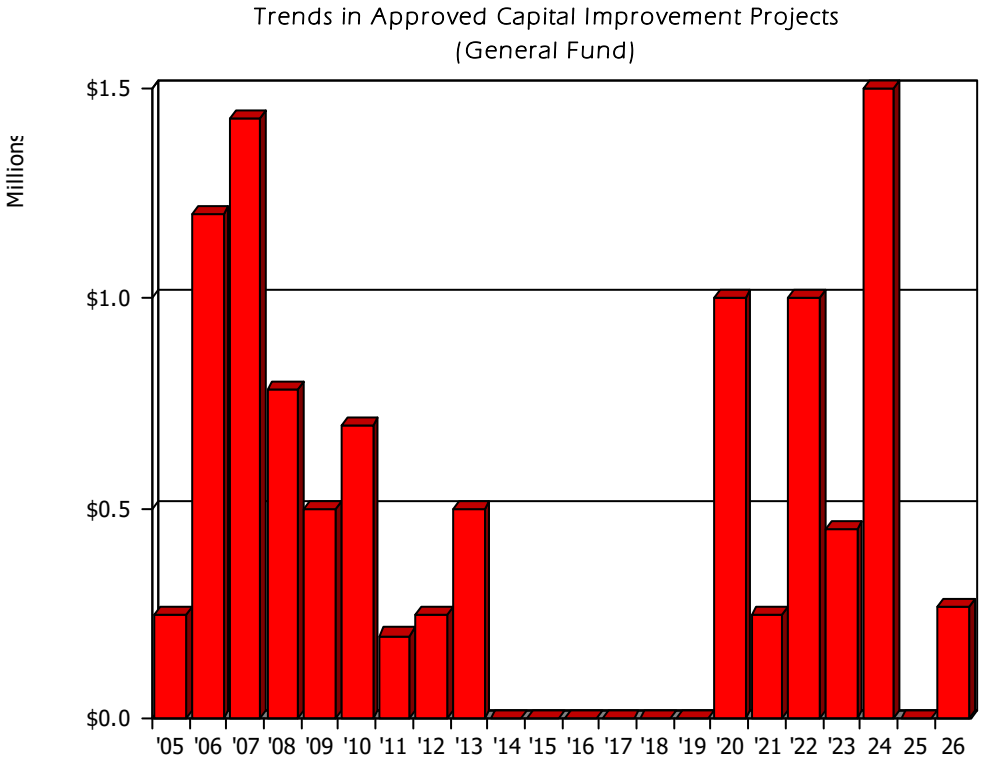

Due to the lack of funding over the past few years, we have been unable to meet the demand financially for many worthy projects. Prioritizing has been essential to stretch an already tight dollar as far as possible. This will have implications on future budgets. Currently, funding for our projects is primarily from sources other than operating budgets, so there is minimal impact on the operating budget for this year.

The alternative funding sources are providing funding to many repair and maintenance and infrastructure projects. These projects will reduce the cost of maintenance and repairs to aging infrastructure within the City.

Long term, we are going to see some reduction in operating costs to the City. We are unable to determine at this time if this will be offset by projects, we are unable to fund. Although, it is believed future savings will be greater than project costs. Any reduction will allow additional funding to be allocated to other operating costs or projects within the City.

For FY26, the overall budget for Capital Improvements was held to a minimum, continuing the trend of deferred capital investment begun in FY14. As shown below, for FY26, there are minimal CIP appropriated funds included in the General Fund this fiscal year.

PERSONNEL

A top priority of the Columbus Consolidated Government (CCG) is to provide the most efficient services while retaining quality employees who are committed to excellence and the community. The CCG employs over ***3,000*** full-time, part-time, and temporary employees, who provide a wide range of services to the community.

The CCG provides a total benefit package that includes the following:

- Major Medical Health Insurance
- Life Insurance
- Social Security
- Long Term Disability Insurance
- Retirement Plan
- Dental Insurance
- Sick and Vacation Pay
- Worker's Compensation
- Cafeteria Plan
- Deferred Compensation Plans

Major Medical Health Insurance

The CCG provides health insurance to all full-time employees. Coverage begins on the first day, coincide with or immediately following completion of 30 days of active employment. The City's annual contribution is $7,675 per employee.

During 2013, the City opened its own Health and Wellness Center on the campus of Columbus Regional Healthcare System. The Health and Wellness Center provides routine primary healthcare, urgent care, and specialist referrals for members of the H&W Center plan. In addition to having no copayments for office visits, referrals, or routine pharmaceuticals, employees covered by the Health and Wellness plan enjoy premiums that are the lowest available for any plan offered at CCG. By more closely managing the health and wellbeing of its employees, CCG anticipates significant wellness and productivity benefits from the Health and Wellness Center program for its employees and their dependents. In addition, the City expects to see reduced healthcare costs in the long term by improving the health status of the workforce and by better management of chronic conditions.

Life Insurance (Accidental Death & Dismemberment)

The CCG provides life, accidental death, and dismemberment insurance to all full-time employees. Coverage is equal to one and one-half (1½) times an employee's annual salary, rounded to the next highest $500. The benefit is calculated at $0.50 per $1,000 of their salary.

Long-Term Disability

CCG provides long-term disability coverage to all full-time employees. The Social Security Administration Office must declare an employee disabled, after which the plan allows the

disabled employee to collect 60% of their monthly salary (offset by Social Security, Worker's Compensation and certain other pensions and disability plans).

Social Security (FICA)

CCG contributes the employer's share of FICA, 7.65% (6.20% Social Security and 1.45% Medicare) of earnings up to a maximum salary of $168,600. Maximum is for Social Security only. The Federal Insurance Program has no cap on Medicare contribution earnings.

Retirement

The CCG provides two retirement plans: one for general government employees and an enhanced plan for public safety employees. Both plans offer early and normal retirement options once time vests an employee. The City has historically contributed 100% of the costs for the program. However, in FY13 the City implemented an employee contribution rate of 4% for all eligible existing employees phased in at 2% over a 2-year period and a contribution rate of 8% for eligible new employees phased in at 6% the first year and 2% the second year. The general government employees' plan must generate a minimum of *$4.1 million* based on employee salaries and *$12.2 million* for public safety employees' salaries.

Vacation

All city officials and permanent employees accrue and accumulate annual leave based on their years of service as displayed in the following table.

Service	Earned	Accumulate
0 - 10 years	10 days	20 days
10 - 15 years	15 days	20 days
15+ years	20 days	30 days

Sick Leave

All city officials and permanent employees accrue 13 days of sick leave per year. An employee may accumulate the following maximums: 30 days in a base account and 60 days in a reserve account for a total of 90 days. By the last pay period in November, CCG pays one-fourth of accumulated sick leave beyond the 30 days allowed in an employees' base account as a bonus to employees. This bonus is based on the employee's salary/wage and is subject to City Council's approval. The remaining three-fourths above the 30 days are added to the employees' sick leave reserve account until a maximum of 60 days is accumulated.

Catastrophic Sick Leave

At the end of each leave year all accrued leave days above the maximum allowable reserve accumulations will be added to the catastrophic sick leave bank until a maximum of one hundred and twenty (120) days shall be attained. No charge shall be made against the catastrophic sick leave accumulation until the base and reserve accumulations for both vacation and sick leave have been exhausted, and until a valid medical certificate has been presented as to the nature of the employee's illness and inability to return to work.

Other Benefits

The Columbus Consolidated Government (CCG) offers deferred compensation, cafeteria, vision, and dental plans for employees. Although the City does not contribute to the plans, we offer the plans as a convenience to the employee.

Holidays

For several years, the CCG has observed eleven (11) holidays and one (1) floating holiday. This year the CCG will observe the floating holiday on December 26, 2025. A schedule of holidays is listed below:

Administrative Services

Program Description:

Bureau of Administrative Services maintains training, community relations and safety programs for the Department. All officers are trained in one of Georgia's few in-house Police Training Units. They oversee recruit and in-service training using a unit that is comprised of certified training instructors. In addition, many other officers in the Department are certified instructors and are used to supplement the training staff in certain police specialties. The Training Unit also maintains the pistol and shotgun ranges, as well as the FATS training equipment. The firing ranges are used by more than 34 different local, state and federal agencies for firearms training and qualification. Administrative Services also maintains the D.A.R.E. and Neighborhood Watch programs.

Chief Judge - Superior Court

Program Description:

The Superior Courts are presided over by seven judges, elected by the voters of the six counties making up the Chattahoochee Judicial Circuit. These counties are Muscogee, Chattahoochee, Harris, Marion, Talbot, and Taylor. Sessions of the court, both civil and criminal, are held in the county courthouse of each county. Felony cases, divorce/ alimony, child custody, equity cases, and cases involving land titles must be tried in the Superior Court. The Superior Court has concurrent jurisdiction with the other courts to try other civil cases and misdemeanor criminal cases. In addition, this court determines appeals from the Probate Court, and in certain instances, from the Juvenile and Municipal Court.

District Attorney

Program Description:

The District Attorney is elected for a four-year term and is the prosecuting attorney for the Superior Courts in the Chattahoochee Judicial Circuit. The duties of this office are by statute and include the prosecution of criminal cases in Superior Court. The District attorney and his staff prosecute a broad range of felony criminal cases, in the Superior and Juvenile courts, representing the State of Georgia.

Juvenile Court

Program Description:

The Juvenile Court has jurisdiction over cases involving children under the age of 17 who are alleged to be unruly, delinquent, deprived, in need of treatment (i.e., mentally, emotionally ill, or mentally retarded), or who are alleged to have committed a traffic offense. The judge, who is appointed by the Superior Court judges for a term of four years, presides over these cases as well as contested divorce custody cases transferred to the Juvenile Court by the Superior Court Judges. In FY03, a Circuit-wide Juvenile Court was established per GA 15-11-18. This includes one full-time judge and 2 part-time judges who hold preliminary/detention, shelter, and traffic hearings, assess and sign bonds, warrants and other legal documents. The support staff ensures that all cases have been properly handled by conferring with attorneys, and other professionals.

The Georgia Department of Children and Youth Services provides intake and probation officers for the court. The Intake Department is located in the Juvenile Court facility. A Protective Services Coordinator is provided by the Georgia Department of Human Resources with courtesy supervision provided by the court coordinator.

State Court Judges

Program Description:

The State Courts are presided over by two judges who are elected for a term of four years. The Court tries both civil and criminal cases with a jury composed of twelve persons. Criminal cases tried in this court are limited to misdemeanors and appeals from Recorder's Court by the State Constitution.

State Court Solicitor

Program Description:

The State Court Solicitor General's Office prosecutes misdemeanor cases and city ordinance violation cases appealed from Recorder's Court. Cases include misdemeanor warrants issued in Muscogee County and citations issued by: Columbus Police Department, Muscogee County Sheriff's Office; Muscogee County Marshal's Office, Georgia State Patrol, Columbus State University Police, Department of Natural Resources, Animal Control, Business License Office, Code Enforcement, and cases transferred from the Muscogee County Superior Court. The Office collects all warrants, citations, reports, documents, records, criminal and driving histories, and evidence; interviews victims and witnesses; makes decisions regarding prosecution and recommended dispositions; files accusations; subpoenas witnesses; provides discovery and responds to motions; prepares for trial; negotiates pleas; tries cases in court before a judge or jury, and handles any appeals to higher courts. The Solicitor General's Office coordinates weekly jail pleas, weekly arraignment/plea dockets, and monthly trial dockets, and works with a State Court probation company to ensure fines, community service, jail reporting, restitution, and other terms of sentencing are completed. The Solicitor General's Office applies for warrants for a variety of reasons including probation violations and failure to appear for court and handles requests for record restrictions/expungements.

Other Maintenance and Repairs

Program Description:

The Facilities Maintenance Division is responsible for maintaining city facilities, including minor renovations. This cost center is established to account for maintenance and repair activities specific to the Sewer Fund divisions.

Contingency

Program Description:

Departments' budget specific appropriations and expenditures pertaining solely to that department. However, large emergency expenditures are not always accounted for by a specific department; therefore, we have established the contingency section to record these appropriations and expenditures.

Non-Categorical

Program Description:

Departments budget specific appropriations and expenditures pertaining solely to that department. However, certain expenditures are not applicable to a specific department and we have established the non-categorical section for recording these appropriations and expenditures. This cost center factors a cost allocation charge that reimburses the General Fund for administrative services provided in the previous year.

Interfund Transfers

This activity accounts for operating transfers from the General Fund to other funds. Transfers are made to provide required matching funds for federal and/or state grants. Also, this activity accounts for resources transferred to other funds where actual costs are recorded with funding assistance from the General Fund, such as the Civic Center and Golf Courses. Finally, this activity accounts for transfers of funds allocated to the Capital Improvement Program.

Goals, Objectives and Performance Data

Goal:	**To improve asphalt maintenance by repairing potholes, asphalt deficiencies, driveway aprons and shoulders through generating in-house work orders, addressing computer generated work orders and addressing those highlighted on the Department of Transportation's Report (DOT) as well as other reporting agencies.**		
Objective:	**To increase asphalt maintenance and repair by tonnage used.**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Tonnage of asphalt used	**2,974**	**2,455**	**4,000**

Goal:	**To address all curb, gutter, sidewalk, inlet and various other concrete maintenance work generated by in house or computer generated work orders, or the DOT monthly report.**		
Objective:	**To keep sidewalks, curbs and gutters in a safe and serviceable condition, including examining all concrete work called in to 311.**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Yards of concrete poured	**355**	**388**	**450**

Goal:	**To provide fill material to perform maintenance to bring shoulders levels even with pavement levels.**		
Objective:	**Fill and compact 30 miles of unpaved state and city shoulders annually.**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Miles of road shoulders repaired	**58**	**48**	**60**
Goal:	**To perform minimal maintenance on the 26 miles of unpaved streets and alleys.**		
Objective:	**Implement a system to provide minimal maintenance on the 26 miles of unpaved streets and alleys on a regular schedule.**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Miles of dirt roads and alleys maintained	**81**	**50**	**80**

Goal:	**Support other departments and divisions with various types of equipment and operators.**		
Objective:	**Provide 10,000 hours of support to other city departments and divisions.**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Number of hours supporting other departments	**11,875**	**11,500**	**12,000**

Right of Way Maintenance

Program Description:
To cut vegetation along city rights-of-way and city property, to apply herbicides to reduce the amount of unwanted vegetation, to provide landscaping activities along city rights-of-way and city property, to provide emergency response services for removal of debris, spills, and ice on the roadways, and to assist other divisions as needed. Also to provide urban forestry services to include removing, pruning, and planting of city trees. The division also provides contract inspection on the city's gateways and enforces the Tree Preservation and Replacement Ordinance.

Goals, Objectives and Performance Data

Goal:	**To maintain a neat appearance within the city's small median type parks.**		
Objective:	**Service an average of 62 parks once every two weeks during peak growth months.**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Average number of parks maintained every two weeks during peak growth months.	**71**	**75**	**77**

Goal:	**To maintain a well cut appearance of the city's right of ways and other property.**		
Objective:	**To cut 2,500 miles of right-of-way and other city property each year.**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Annual miles of vegetation cut.	**3,000**	**2,112**	**2,200**

Goal:	**To prune trees on city properties.**		
Objective:	**Increase the number of trees pruned by 3%.**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Number of trees pruned.	**6,660**	**2,681**	**2,200**

Goal:	**Reduce the frequency of needed cutting on rights-of-way and other property.**		
Objective:	**Treat 5,000 acres of land annually with herbicides.**

Oxbow Meadows Inert Landfill

Program Description:

The Oxbow Meadows Inert Landfill gives the City of Columbus an increased disposal capacity, and therefore an increased life span for this critical disposal element. The landfill is operated five days a week in full compliance with all State and Federal regulating statutes.

Pine Grove Landfill

Program Description:
The Pine Grove Landfill responsibility is to operate a state of the art Municipal Solid Waste Landfill in compliance with Federal, State and Local directives.

Goals, Objectives and Performance Data

Goal: 	**Increasing diversion will extend the life of the landfill by decreasing the material tonnage which would otherwise be placed in the landfill.**
Objective:	**To increase diversion rate by 1% each year.**

Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Percentage of annual diversion and recycling rates	**20.5%**	**23%**	**24%**

Goal: 	**Increasing compaction will extend the life of the landfill by decreasing the material size to be placed in the landfill.**
Objective:	**To increase annual compaction rate by 50lbs/current year over previous year.**

Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Compaction rate lbs/cubic yards.	**1,280**	**1,371**	**1,400**
Years of remaining capacity.	**29**	**37**	**40**

Goal: 	**Create a new source of revenue to support the integrated waste fund and its efforts to become the self sustaining enterprise fund that it is designed to be.**
Objective:	**Identify waste materials that have the potential to be reused, recycled, or processed and sold. Develop programs and identify markets for such materials. Diverting materials will increase the life expectancy of our landfills and generate revenue to support its efforts.**

Other Maintenance & Repairs

Program Description:

The Facilities Maintenance Division is responsible for maintaining city facilities, including minor renovations. This cost center is established to account for maintenance and repair activities specific to the Integrated Waste Fund division.

Refuse Collections

Program Description:

The Parks and Recreation Department is responsible for the pick-up of waste deposited in trash receptacles in parks around the city. Operating with one truck, this division picks up trash from over 2,000 cans in 52 parks including South Commons and the River Walk. The Parks Refuse division operates seven days a week from April 1 to November 1, and five days a week the remaining 5 months per year. During the week, the division is able to utilize inmate labor. The truck makes two trips per day to the landfill except for Saturday when the landfill closes at noon and on Sunday when the landfill is closed.

Goals, Objectives and Performance Data

Goal: 	**Provide clean litter free recreation facilities, athletic facilities, and special events.**
Objective:	**Reduce complaints by citizens by picking up garbage from all facilities on a daily basis and on weekends when activities or special events are being held.**

WIOA Administration

Program Description:

The Workforce Innovation and Opportunity Act (WIOA) Program accounts for grant monies received from the Department of Labor to carry out the federal objectives formerly carried out by the Job Training Partnership Act (JTPA) Program:

- To authorize and fund different employment and training programs.
- To establish programs that provide job-training services for dislocated workers, economically disadvantaged adults and youth facing significant employment barriers.

Goals, Objectives and Performance Data

Goal: 	**To meet or exceed the performance goals as negotiated with the State Technical College System of Georgia Office of Workforce Development.**
Objective:	**To implement training activities and services that will enable the Columbus local workforce area to meet or exceed the adult, youth and dislocated worker performance goals as negotiated with the State of Georgia Economic Development Workforce Division.**

Adult & Dislocated Workers

Program Description:

WIOA authorizes “core” and “intensive” services. “Core” services are available to all adults and include job search and placement assistance; labor market information; initial assessment of skills and needs; information about available services; and follow-up services. “Intensive” services are available for unemployed individuals who are not able to find jobs through core services alone. These services include more comprehensive assessments, development of employment plans, counseling, case management and short-term pre-vocational services. Additionally, the Act authorizes the provision of temporary income support to enable participant continuation in training.

Youth

Program Description:

WIOA authorizes eligible youth ages 14 through 21 to be considered as low-income and must meet one or more of the following challenges:
(1) School dropout; (2) basic literacy skills deficiency; (3) homeless, runaway, or foster child; (4) pregnant or a parent; (5) an offender; or (6) need help completing an educational program or securing/holding a job. Furthermore, 30% of these funds must help those who are in school. Additionally, the program just provides summer employment opportunities linked to academic and occupational learning.

Overview and Debt Financing Principles:

The Columbus Consolidated Government maintains a Debt Service Fund. This fund is used to service debt from four sources: General Obligation Debt, Columbus Building Authority contractual debt, the Board of Water Commissioners revolving loan contract, and lease purchase programs with the Georgia Municipal Association. Proceeds of a dedicated property tax and an Other Local Option Sales Tax generates the primary sources of revenue for the Debt Service Fund. In addition, a 1% Special Purpose Local Option Sales Tax provides the primary source of revenue for the current General Obligation Debt which is paid from a dedicated Sales Tax Proceed Account.

All local governments must determine how capital projects will be financed. It is the policy of the Columbus Consolidated Government (CCG) to use debt sparingly to retain the capacity to issue additional debt if the need arises. Currently, CCG is currently well below the 20% level that is considered by the credit industry to be a danger signal. In addition, the CCG is well below the legal debt ceiling for general obligation debt (details on Debt Margin below).

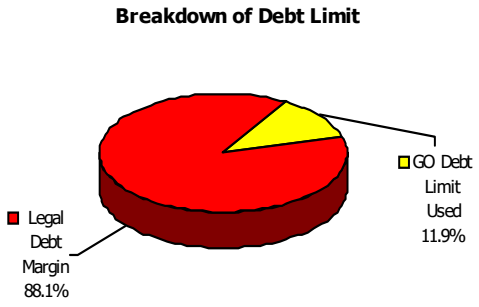

Debt Margin:

The Columbus Consolidated Government remains below the debt ceiling of 10% of assessed value of taxable property established by the State of Georgia's constitution. CCG uses a minimal amount of its established legal debt limit.

CCG's current bond ratings:

Contractual Debt: Columbus Building Authority -

The Columbus Building Authority was created to provide a means to issue revenue bonds to acquire, construct, equip, maintain, and operate self-liquidating projects. The Consolidated Government has an agreement with the Columbus Building Authority whereby all assets purchased through the Columbus Building Authority are leased to the Consolidated Government. The Consolidated Government services the Building Authority's debt in lieu of making rental payments. The Consolidated Government has directly or indirectly guaranteed the Authority's debt. In 2012, new bonds were issued, proceeds from which in part repaid outstanding balances from the Series 1999 and Series 2003 bonds. In 2019, a bond was issued via direct placement to provide for renovations to the South Commons Softball Complex, the Government Center, and funding a needs assessment study. In 2022, bonds were issued to fund the purchase and renovation of a new city hall building and a new administrative office for the Sheriff. In 2024, bonds were issued to fund the renovation of the baseball stadium located at Synovus (Golden) Park.

For FY26, debt service fund expenditures are summarized as follows**:**

Planning - FTA (5303)

Program Description:

Transit planning consists of these basic components: research, data analysis and planning, and maintenance of the transit grants. We accomplish research and forecasting according to Federal Transportation Administration (FTA) requirements using established guidelines. Statistical ridership populations, socioeconomic factors and employment patterns are the primary variables in data analysis.

This division is project oriented: annual reports, special studies, videos, transit information and related activities with a primary focus on mass transit. FTA provides federal dollars for planning at 80% of expenses. The GA DOT provides State dollars for planning at 10% of expenses. The City must apply for both.

Goals, Objectives and Performance Data

Goal:	**To maintain transit strategies that are pro environment.**		
Objective:	**To update the short range and long range transit planning to reflect the changes in demographics, destinations and other issues affecting public transportation (i.e., security, environmental, congestion).**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Update the Unified Planning Work Program (UPWP), the Transportation Improvement Program (TIP), the congestion mitigation strategies, participation in environmental impact assessments, ridership demands, and demographic data.	**100%**	**100%**	**100%**

Goal:	**To maintain coordinated transit activities and manage requirements of TSPLOST funding.**		
Objective:	**Participate with the Metropolitan Planning Organization in transportation activities, review routes and survey customers for service viability.**		
Performance Indicators:	**FY24 Actual**	**FY25 Actual**	**FY26 Projected**
Participation in the transit, traffic and transportation agencies, MPO planning certification, 3C Planning Process, and environmental impacts, surveys, and driver information	**100%**	**100%**	**100%**

GLOSSARY

SEE ALSO: ACRONYMS

The Annual Operating Budget contains specialized and technical terminology that is unique to public finance and budgeting as well as unique to the Columbus Georgia area. The following glossary has been included in this document to assist the reader in understanding these terms.

ACCOUNT NUMBER: A line-item code defining an appropriation.

ACCRUAL ACCOUNTING: A basis of accounting in which revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period in which they are incurred.

ADOPTED BUDGET: The operating budget plan, which is presented to City Council by the Mayor and approved by City Council.

AMERICAN RESCUE PLAN ACT (ARPA) – A federal law passed March 2021 to provide direct relief to Americans, contain the COVID-19 virus, and rescue the economy.

APPRAISED VALUE: The estimate of fair market value assigned to property by an appraiser or tax assessor. For tax assessment purposes, such value is stated as of the last countrywide reappraisal date.

APPROPRIATION: Authorization given by Council to make expenditures or incur obligations for approved work programs with specific limitations.

ASSESSED VALUATION: A valuation set upon real estate or other property by a government as a basis for levying taxes. Taxable valuation is calculated from an assessed valuation.

AUDIT: An official inspection of an individual's or organization's accounts.

BALANCED BUDGET: A budget is considered "balanced" when Total Revenues equal Total Expenditures within each fund and for all funds in aggregate. Fund balance (reserves) may be used as a Revenue Source to balance the fund so that Revenues equal Expenditures.

BASE BUDGET: The minimum amount of funding necessary to continue the current level of service including inflation and equipment replacement schedules.

BENCHMARK POSITION: Positions to be used as points of reference; here, when measuring our employees' pay with pay levels in our labor market.

BOND: A long-term obligation or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

BOND DEFEASANCE OR BOND REFINANCING: The payoff and re-issuance of bonds to obtain better interest rates and/or bond conditions.

BUDGET: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing. The term "budget" is used in two senses in practice. The budget, once adopted, is the legal authorization to expend City funds during the fiscal year. The budget may be amended during the fiscal year by the governing body and/or management in accordance with procedures specified by law and/or administrative rules and regulations.

GLOSSARY

SEE ALSO: ACRONYMS

BUDGET ADJUSTMENT: A legal procedure utilized by the budget staff to revise a budget appropriation. The Budget Officer has the authority to adjust expenditures within or between departmental budgets according to budget policy. No increase in the total budget can occur without approval of Council.

BUDGET CONTROL: The control or management of a governmental unit or enterprise in accordance and within the limitations of available appropriations and available revenues.

BUDGET MESSAGE: A general discussion of the proposed budget as presented in writing to the legislative body.

CCG: The acronym for Columbus Consolidated Government.

CAPITAL IMPROVEMENTS: Building, infrastructure, and other attachments or annexations to land and facilities which are intended to remain so attached or annexed.

CAPITAL IMPROVEMENTS PROGRAM (CIP): A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

CAPITAL OUTLAY: Capital items are defined as tangible items such as tools, desks, machinery, and vehicles costing more than $500 each and having a useful life of more than one year.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG): A federal domestic assistance grant to develop viable urban communities by providing decent housing and a suitable living environment as well as expanding economic opportunities for persons of low and moderate income.

CODE: A group of numbers that may identify a fund, department/division, line item or project.

CONSOLIDATED GOVERNMENT: A county and city whose governments are combined into a single entity.

CONSUMER PRICE INDEX (CPI): An index of items used to measure the change in prices over time.

CONTINGENCY: A budgetary reserve set aside for emergencies or expenditures not otherwise budgeted.

COST ALLOCATION: Method designed to recover indirect costs from non-general fund activities for the administration of specific General Fund services provided to those activities.

DEBT SERVICE: Payment of interest and repayment of principal on city debt.

DEPARTMENT: A major administrative organizational unit of the City that indicates overall management responsibility for one or more divisions.

DEPRECIATION: (1) Expiration in the service life of fixed assets, other than wasting assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence. (2) The portion of the cost of a fixed asset other than a wasting asset that is charged as an expense during a particular period. In accounting for depreciation, the cost of a fixed asset, less any salvage value, is prorated over the estimated service life of such an asset, and each period is charged with a portion of

such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

DIVISION: A major administrative organizational unit of the City that indicates overall management responsibility for one or more activities.

D.O.T. – Department of Transportation.

ELECTED OFFICIAL: Person who holds an elected position of leadership for the City and/or County government. In Columbus/Muscogee County, these are the Mayor, Sheriff, Marshal, certain Judicial Officials (District Attorney, Judges, Solicitor), Clerk of Superior Court, Coroner, and Tax Commissioner.

ENTERPRISE FUND – A fund established to account for operations financed and operated in a manner similar to private business enterprises.

EXPENDITURES: Disbursements or outlays of cash which decrease the City's net financial resources. Expenditures include current operating expenses that require the current or future use of net current assets, debt service and capital outlays.

EXPENSES: Decreases in net total assets. Expenses represent the total cost of operations during period regardless of the timing of related expenditures.

FIDUCIARY FUND: Accounts for assets held by a government in a trustee capacity or as an agent for individuals, private organizations, or other government units.

FISCAL YEAR: A twelve-month period of which the annual operating budget applies and, at the end of which, a government determines its financial position and the results of its operations.

FIXED ASSETS: Assets of a long-term character that are intended to continue to be held or used, such as land, buildings, improvements other than buildings, machinery and equipment.

FRANCHISE FEE: A fee paid by public service utilities for use of public property in providing their services to the citizens of the community.

FULL-TIME EQUIVALENT: The calculation of full-time employee's scheduled hours divided by the employer's hours for full-time workweek

FUND: A fiscal and accounting entity with a self-balancing set of accounts which record cash and other financial resources, together with all related liabilities and residual equities or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

FUND BALANCE: The unused balance of governmental funds and expendable trust funds, which include certain reservations of funds established for control purposes. It is what is "left over" after obligations have been repaid and all expenditures have been completed.

GENERAL FUND: The principal fund operating the city that accounts for most of the financial resources of the government. General fund revenues include property taxes, licenses and permits, local taxes, service charges and other types of revenues. This fund includes most of the basic operating services, such as fire and police protection, finance and records, leisure services, public services and general administration.

GLOSSARY

SEE ALSO: ACRONYMS

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP): Uniform minimum standards of and guidelines for financial accounting and reporting. They govern the form and content of the basic financial statements of an entity. GAAP incorporates the conventions, rules, and procedures necessary to define accepted accounting practices at a particular time. GAAP provides a standard by which to measure financial presentations.

GENERAL OBLIGATION (G.O.) BOND: This type of bond is backed by the full faith, credit and taxing power of the government.

GLOSSARY

SEE ALSO: ACRONYMS

LONG TERM DEBT: Debt with a maturity of more than one year after the date of issuance.

LOCAL OPTION SALES TAX (LOST): State legislation allows local governments to levy an additional sales tax within its jurisdiction. The City of Columbus currently collects proceeds based on a 1% approved local option. Use of these funds is unrestricted.

MCP: The acronym for Muscogee County Prison.

MILLAGE RATE: The ad valorem property tax rate expressed in terms of the levy per thousand dollars of taxable assessed value.

MODIFIED ACCRUAL BASIS: The accrual basis of accounting adapted to the governmental fund type Spending Measurement Focus. Under it, revenues are recognized when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the related fund liability is incurred except for: (1) inventories of materials and supplies which may be considered expenditures either when purchased or when used; (2) prepaid insurance and similar items which need not be reported; (3) accumulated unpaid vacation, sick pay and other employee benefit amounts which need not be recognized in the current period, but for which larger than normal accumulations must be disclosed in the notes to the financial statements; (4) interest on special assessment indebtedness which may be recorded when due rather than accrued, if approximately offset by interest earnings on special assessment levies; and (5) principal and interest on long-term debts which are generally recognized when due. All governmental funds and Trust Funds are accounted for using this method.

NET BUDGET: The legally adopted budget less all interfund transactions. Interfund transactions representing transfers and interfund reimbursements are subtracted from the legally adopted budget amount to prevent being double counted from the perspective of the entire budget.

NONDEPARTMENTAL: Functions and accounts that are not directly related to a department's primary service activities, or which are separate from departmental operations for control purposes.

ORDINANCE: A formal legislative enactment by the City Council and has the full force and effect of law within the boundaries of the City.

OPERATING BUDGET – Planned expenditures and revenues for the continued regular operations and maintenance of basic governmental functions and services. REVENUE: Money or income received by the Consolidated Government from external sources such as taxes collected, or an amount received for performing a service.

REVENUE BOND: only the revenues received from a specific enterprise or project, such as a hospital or toll road, back a revenue bond.

REVISED BUDGET: The revised budget is the budget that has been modified from the Adopted Budget and which includes carryover funds from the previous year and approved changes from the mid-year adjustments.

RISK MANAGEMENT: The coordinated and continuous effort to minimize the potential financial and human resource losses arising from workers compensation, liability and property exposures.

SELF-INSURANCE: The formal assumption or partial assumption of risks and the accounting of results. Specific accounts or funds are set aside to fund the risks, and losses that do occur are charged against those accounts or funds.

GLOSSARY

SEE ALSO: ACRONYMS

SPECIAL PURPOSE LOCAL OPTION SALES TAX (SPLOST): A voter approved 1% Sales Tax used for specified Capital Improvement Projects.

SPECIAL REVENUE FUND – A fund used to account for the proceeds for specific revenue sources that are legally restricted to expenditures for a specific purpose.

STATUTE: A written law enacted by a duly organized and constituted legislative body.

STRUCTURALLY BALANCED BUDGET: The budget considered "structurally balanced" when Total Revenues equal Total Expenditures *and* the source of Revenues is equivalent to the use of Expenditures in nature, length of maturity, and content without reliance on use of reserves or fund balance to balance the budget.

SUPPLEMENTAL: Any amount of service or request about the current level of service.

TAXES: Compulsory charges levied by a government for financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those paying such charges as, for example, sewer service charges.

TAXABLE VALUE: This is calculated as 40% of the assessed value.

TAX RATE: The amount of tax stated in terms of a unit of the tax base; for example, five mills equal five dollars per thousand of taxable value.

TRANSFERS IN/OUT: Amounts transferred from one fund to another to assist in financing the services of the recipient fund. Transfers do not constitute revenues or expenditures of the governmental unit but only of the individual funds. Thus, they are budgeted and accounted for separately from other revenues and expenditures.

TRANSPORTATION SPECIAL PURPOSE LOCAL OPTION SALES TAX ("TSPLOST"): A regionally voter approved and adopted SPLOST, proceeds from which are used for specified transportation related projects. Columbus is in the River Valley region for purposes of TSPLOST.

USEFUL LIFE: Period or timespan an item is expected to continue providing financial service.

FISCAL YEAR 2026

COLUMBUS, GEORGIA
CONSOLIDATED GOVERNMENT
CAPITAL IMPROVEMENT PROGRAM

INTRODUCTION

CAPITAL PROJECTS BACKGROUND

The Columbus Consolidated Government ("CCG") has operated a capital program since its consolidation in 1971. The program, which was originally supported by the General, Sewer and Paving operating funds, has historically been used for infrastructure such as road construction, drainage improvements, technology support and miscellaneous project fund reserve. Today, the Sewer and Paving Funds are supported primarily by property tax revenue, while the General Fund is funded from property, utility, sales and other taxes, as well as miscellaneous other revenues.

The Integrated Waste Management Fund was added in 1994 to account for capital projects related to the construction and expansion of landfills. This fund is supported by service charges from residential and commercial waste collection and management.

In addition to Capital Improvement Project (CIP) Funds which are supported by Operating Funds, from time to time CCG finances projects either through debt issuance or contractual debt issued through the Columbus Building Authority (the "Authority"). The Authority was created by Article VII, Sec. VI, Pa. 1 of the Constitution of Georgia of 1945, as amended and ratified at the general election of November 5, 1968 (Ga. L. 1966, Pg. 946). The Authority provides a means to issue revenue certificates to acquire, construct, equip, maintain, and operate self-liquidating projects embracing buildings and facilities for use by the Consolidated Government of Columbus, Georgia. Debt service for Authority issued bonds is funded through the Debt Service Fund, an Operating Fund of CCG.

In 1999, the citizens of Columbus voted to renew the 1993 1¢ Special Local Option Sales Tax ("SPLOST"). The renewed SPLOST provided funding for approximately $255,000,000 of capital projects used for public safety, economic development, recreation, transportation, a citizens' service center, storm water drainage improvements, flood abatement, road, street, and bridge construction/repair, a county library, and governmental, proprietary, and administrative purposes of the SPLOST. The projects were financed with equally distributed revenues and constructed as SPLOST cash flow allowed over a nine-year time span. In 2010, SPLOST collections ended.

In July of 2008, the citizens of Columbus voted to approve a new Local Option Sales Tax (referred to as the "Other LOST") that would allocate a one-cent sales tax to help raise funding for the city. Seventy percent of the tax revenue is devoted to Public Safety. Public safety expenditures have included the addition of 100 police officers, adding new patrol zones, building police precincts, replacing fire stations, building a jail addition, hiring Sheriff personnel, and annually paying every city law enforcement officer a supplement (this year, $5,121 for CPD and $3,852 for all others). The remaining thirty percent has been dedicated toward roads, bridges and other much needed infrastructure projects. The tax went into effect on January 1st, 2009.

On July 31, 2012 voters in the River Valley special district, of which Columbus is a part, approved a regional Transportation Special Local Option Sales Tax ("TSPLOST"). Enacted as the Transportation Investment Act of 2010, this legislation authorized the funding of designated transportation projects as determined by a regional roundtable committee of local elected officials from the region and approved by its citizens.

INTRODUCTION

CAPITAL PROJECTS BUDGET/FUNDING PROCESS

During the operating budget process, departments submit funding requests for new projects. In order to get a total project cost, budget procedure requires requests to be presented over a five-year period to include anticipated operating costs after project completion.

The CIP Committee reviews the funding requests. This Committee is comprised of the department heads associated with the ongoing capital improvement projects. These funding requests are ranked by importance and need in the community and are then forwarded to the City Manager with funding recommendations to be included in the overall Operating Budget.

All funding sources are approved by the City Council. Projects financed by the operating funds are presented in the Annual Operating Budget as inter-fund transfers or within specific departmental budgets. The appropriations are transferred to the relevant CIP funds. Projects may be financed with a variety of sources and, unlike the operating funds, CIP appropriations do not lapse at year-end.

The funding for the **$396,976,839** of Capital Improvements Projects for the FY2026 budget is financed through the following methods (See summary of financing and projects by service type):

- **$56,394,639** Operating fund supported:
  - **$500,000** from the Sewer Fund
  - **$1,000,000** from the Paving Fund
  - **$268,000** from the General Fund
  - **$54,626,639** from Prior Years' Fund Balances
- **$426,691** from the1999 Special Purpose Local Option Sales Tax (1999 SPLOST)
- **$64,721,273** from Columbus Building Authority – Contractual Debt (2003A, 2003B, 2010B, 2010C Issues)
- **$26,163,301** from the 2009 Other Local Option Sales Tax (2009 Other LOST)
- **$163,843,538** from the 2012 Transportation Special Purpose Local Option Sales Tax (TSPLOST)
- **$11,908,950** from the American Rescue Plan (ARPA)
- **$73,518,448** from the 2021 Special Purpose Local Option Sales Tax (2021 SPLOST)

The total financing for a given project may be available at one time, while the project may take more than one fiscal year to complete. Therefore, financing sources may be higher than the project cost for that fiscal year. In this case, the total financing sources are earmarked and recorded for that project and any balance carried forward to the next fiscal year. For the TSPLOST projects, the anticipated amount to be expended in each of the next five (5) fiscal years has been shown in the detailed section, although the entire amount of the remaining funding for FY26 and beyond has been included in the total financing sources. For recurring expenditures that are anticipated for each of the next five (5) fiscal years, the estimated amount that is expected to be allocated in those future years has been shown. However, it is important to note that ONLY the FY26 apportionment has been adopted as part of the FY2026 Adopted Budget, because according to the City's charter, only one year of budget appropriations can be officially adopted each budget cycle by Council. Apportionment for future years has not yet been approved or adopted and is presented for discussion and planning purposes only.

INTRODUCTION

CAPITAL PROJECTS OVERVIEW

This document is a comprehensive overview of projects currently funded by the Consolidated Government. The projects are grouped by service type. The project groups are:

$98,242,642
MANAGEMENT – Incorporated in this group are projects which will impact the general function and management of CCG. Projects may include land acquisition and development, facilities and infrastructure construction and renovation not directly associated with any other service classification. These projects are typically funded with contributions to the CIP Fund from the operating funds. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Management tab.

$32,271,075
PARKS, RECREATION & LEISURE – All costs associated with the land acquisition and park development, facilities construction and renovation of gymnasiums, museums, recreation centers, marinas, courts, and fields and other facilities and infrastructure associated with recreational and leisure activities. These projects have been primarily financed by the SPLOST but also receive funding from the General Fund, grants and private contributions. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Parks, Recreation & Leisure tab.

$30,308,995
PUBLIC SAFETY/CRIMINAL JUSTICE – All projects related to the delivery of Courts, Police, Fire, Sheriff, Marshal, Emergency Medical and Correction services are recorded in this section. These projects are typically funded by the General Fund but may be financed through debt and other sources. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Public Safety/Criminal Justice tab.

$25,515,062
DRAINAGE – Projects classified as drainage are primarily concerned with storm water control, flood prevention and soil conservation. Sewer construction and renovations, open ditch and stream bank stabilization, and retention pond improvements are found in this section. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Drainage tab.

$37,368,043
TRANSPORTATION - All modes of transportation for motorized and non-motorized vehicular and pedestrian traffic are included here. Projects may be land and right-of-way acquisition, traffic signalization, road, sidewalks, and path or trail construction. Road projects are primarily funded through contributions from the Paving Fund. Other financing sources may include SPLOST or bond issues. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Transportation tab.

INTRODUCTION

$159,343,538

TSPLOST- All of the projects included in this category have been specifically identified as TSPLOST projects. In 2012, three regions approved by referendum the adoption of the TSPLOST, or Transportation Special Local Option Sales Tax. Columbus/Muscogee lies within the 16-county region known as the River Valley region (T-08). Each month, Muscogee receives a distribution equating to an apportioned amount of TSPLOST collections in the River Valley region as part of its discretionary funding under this tax referendum. Discretionary funds may be used at Council's direction and discretion for transportation projects. The majority of TSPLOST funding is non-discretionary and is allocated according to those projects specifically approved under this taxation program.

$2,018,534

ENVIRONMENTAL – This category primarily shows projects associated with the landfills. Other projects may include urban re-forestation, streetscapes and gateway projects. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Environmental tab.

$11,908,950

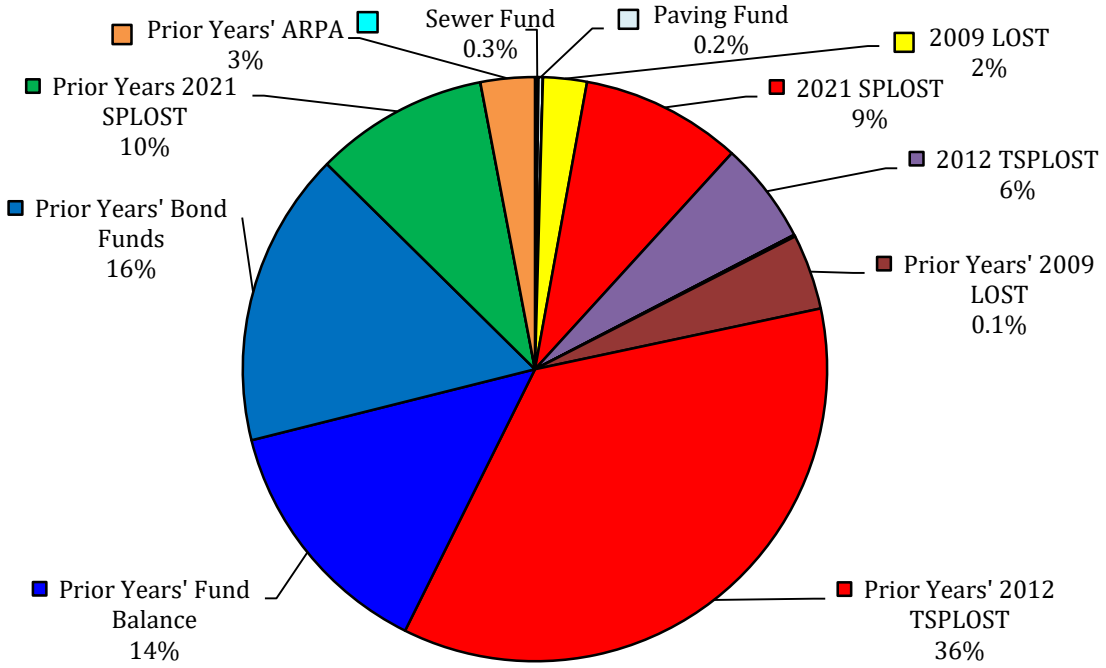

AMERICAN RESCUE PLAN ACT – This category primarily shows projects associated with emergency funding received from the US Treasury. Other projects may include public health & safety, infrastructure and economic support. The summary and each service type category and detail pages of the individual projects composing the service type are behind the ARPA tab.

Capital Improvement Projects project budgets may include any of the following basic costs commonly associated with a CIP Project:

- Renovation or expansion of existing facilities
- Initial feasibility study for new facilities/infrastructure
- Land acquisition, site improvements, development
- Construction of new facility/infrastructure
- Management/administrative costs
- Equipment and furnishings associated with the project
