Whitfield County, Georgia

Finance Director's Office

The Honorable W. Michael Babb, Chairman,
Honorable Commissioners Mike Cowan, Harold Brooker, Randy Waskul, and Greg Jones,
And Citizens of Whitfield County, Georgia:

In accordance with state and local ordinances, we are pleased to present the FY 2011 Approved Annual Budget. The FY 2011 Budget addresses as many of the long-term goals of the County as possible while recognizing the immediate demands on County services under the continuing economic downturn's revenue projections.

Other Planning Processes

The County has completed or updated the following planning studies:

General Government studies:

- Comprehensive Plan Update 2008-2018
- Parks and Recreation Master Plan 2008
- The Whitfield County Administrative Buildings Feasibility Study 2008 **On Hold – Critical Repairs on current Administrative Buildings only for FY 2011**
- Whitfield County Rural Public Transit Plan 2009

Metropolitan Planning Organizations studies:

- 2035 Long Range Transportation Plan (Updated June 2010)
- GDMPO Transportation Improvement Program 2011-2014
- FY 2011 Unified Planning Work Program

These were completed for the purpose of collecting data to address the County's long and short term goals. The complete studies are available on the County website. These plans have been considered when adopting the 2011 budget. Many of the projects in these studies have had to be delayed or eliminated in the current economic situation.

In FY 2010, the County had the following key accomplishments:

- Road Resurfacing/Transportation: The County completed the third year of a 3 year Special Purpose Local Option Sales Tax (SPLOST) to address transportation needs in Dalton & Whitfield County. Many of the projects in the construction phase will continue into 2011 using the taxes collected during the 3 year period and some may even stretch into 2012. In addition, the Public Works Department continued its 10 year cycle to maintain road resurfacing.

- Information Technology (IT) Infrastructure Updates: The County updated the backup system to comply with record retention laws. They also installed a new virtual server system that is faster and more reliable than traditional servers.
- Economic Development:
    - The County purchased and developed a 2nd commerce park with I-75 frontage in the Carbondale area that will allow the Joint Development Authority (JDA) to continue to recruit business to Whitfield County. The County financed this project with bonds issued by the JDA.
    - The County also contracted with Dalton Utilities to extend sewer lines to Varnell to allow for economic development in that area of the County. This adds to the sewer expansion started last year with the extension to the Tunnel Hill I-75 exit (Exit # 341).

FY 2011 Approved Budget Overview/Highlights

As mandated by State Law, the 2011 Approved Annual Budget represents a balanced budget for the general fund, special revenue funds, enterprise funds, and the debt service fund. Total appropriations from each fund do not exceed estimated fund balances, reserves, and revenues for each of the County's respective funds.

The FY 2011 Budget Summary:

Revenues		$ 38,836,500
Expenditures	$ 41,262,325	
Capital	939,250	42,201,575
Use of Fund Balance		$ 3,365,075

Millage Rate:

- The 2010 millage rate was kept unchanged at 5.061.
- In order to avoid back door increases because of increasing property values, the State Taxpayer Bill of Rights required the calculation of a rollback rate that would generate the same amount of property tax collections as the previous year. If the actual millage rate exceeds this rate, an announcement of a property tax increase and three public hearings must be held to inform the public of the reasons for the increase. In addition, the state passed legislation (HB233) in 2009 holding property tax assessments at 2008 levels until 2011 for all unimproved property. The above rate conforms to these rules.
- Each mill equates to $2.7 million in property tax revenue on the current digest of 2,868,446,190.
- **The County's millage rate ranking dropped by 1 spot to the 4th lowest in the State as of 2009 and jumped up 2 spots to rank as the 23rd highest in County economic ranking according to the State Department of Revenue.**

Debt Service:

The Dalton/Whitfield community has been severely affected by the recent recession with unemployment rates well over state & national averages and running as high as 13.0% in 2010 though dropping to 11.5% towards the end of the year. The Board of Commissioners, along with the Joint Development Authority and municipalities, recognizes the need for a more diversified local economy and the need to recruit new businesses to the area. Even though revenues are down, the County is investing in the future by purchasing commerce parks, and adding sewer lines in the County to aid in the area's economic growth. In addition, the first 20% of the Freeport exemption took effect – which is also designed to make the area more business friendly.

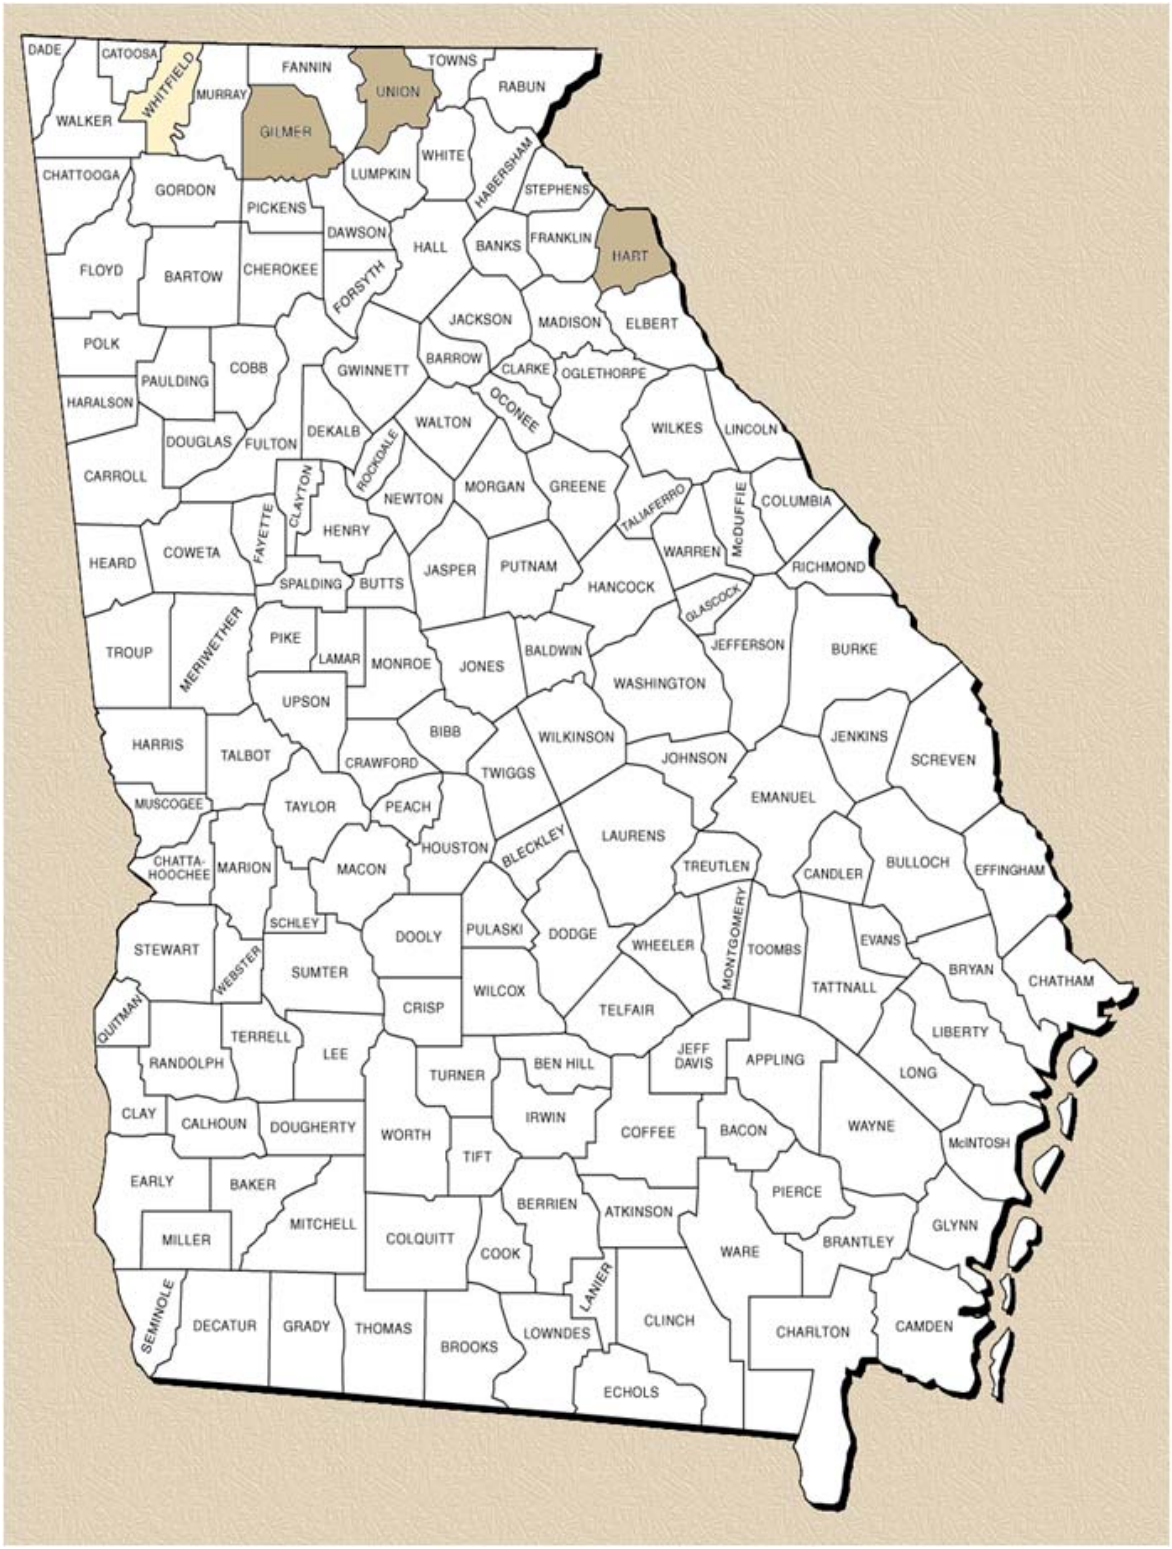

To help fund these projects:

- The County issued an additional $9.85 Million in bonds through the Dalton/Whitfield Joint Development Authority. These bonds paid for Commerce Park II with site improvements.
- The County has pledged up to 1 mill to fund the debt service on all the economic development bonds.
- The FY2011 budget includes an estimated debt service of $1,212,466 for the economic development bonds.

Capital Projects:

This budget includes a five year capital plan (Details at Capital Projects tab). The source of funding for the planned capital projects is identified but has not been funded or reserved except for FY 2011. The items listed as coming from the "Fund Reserves" and "General Fund Operating Revenue" will impact the operating budgets in coming years – either as available funds or the ability to spend the general fund revenues for other operations and programs. The funding for items coming from "Other Revenue Sources" still has to be identified and will come from financing, grants, donations if available. If another funding source is not found, the funding will have to come from general fund revenues or the project will have to be eliminated or deferred until funding is identified. Many capital projects have already been deferred to future years because of the impact of the economy on the FY 2011 budget. This will result in some budgetary pressures when the County has to catch up spending in areas such as vehicles.

Counties with Lower Millage Rates

2009 AD VALOREM MILLAGE RATES FOR GEORGIA COUNTIES

Compared to Whitfield County:

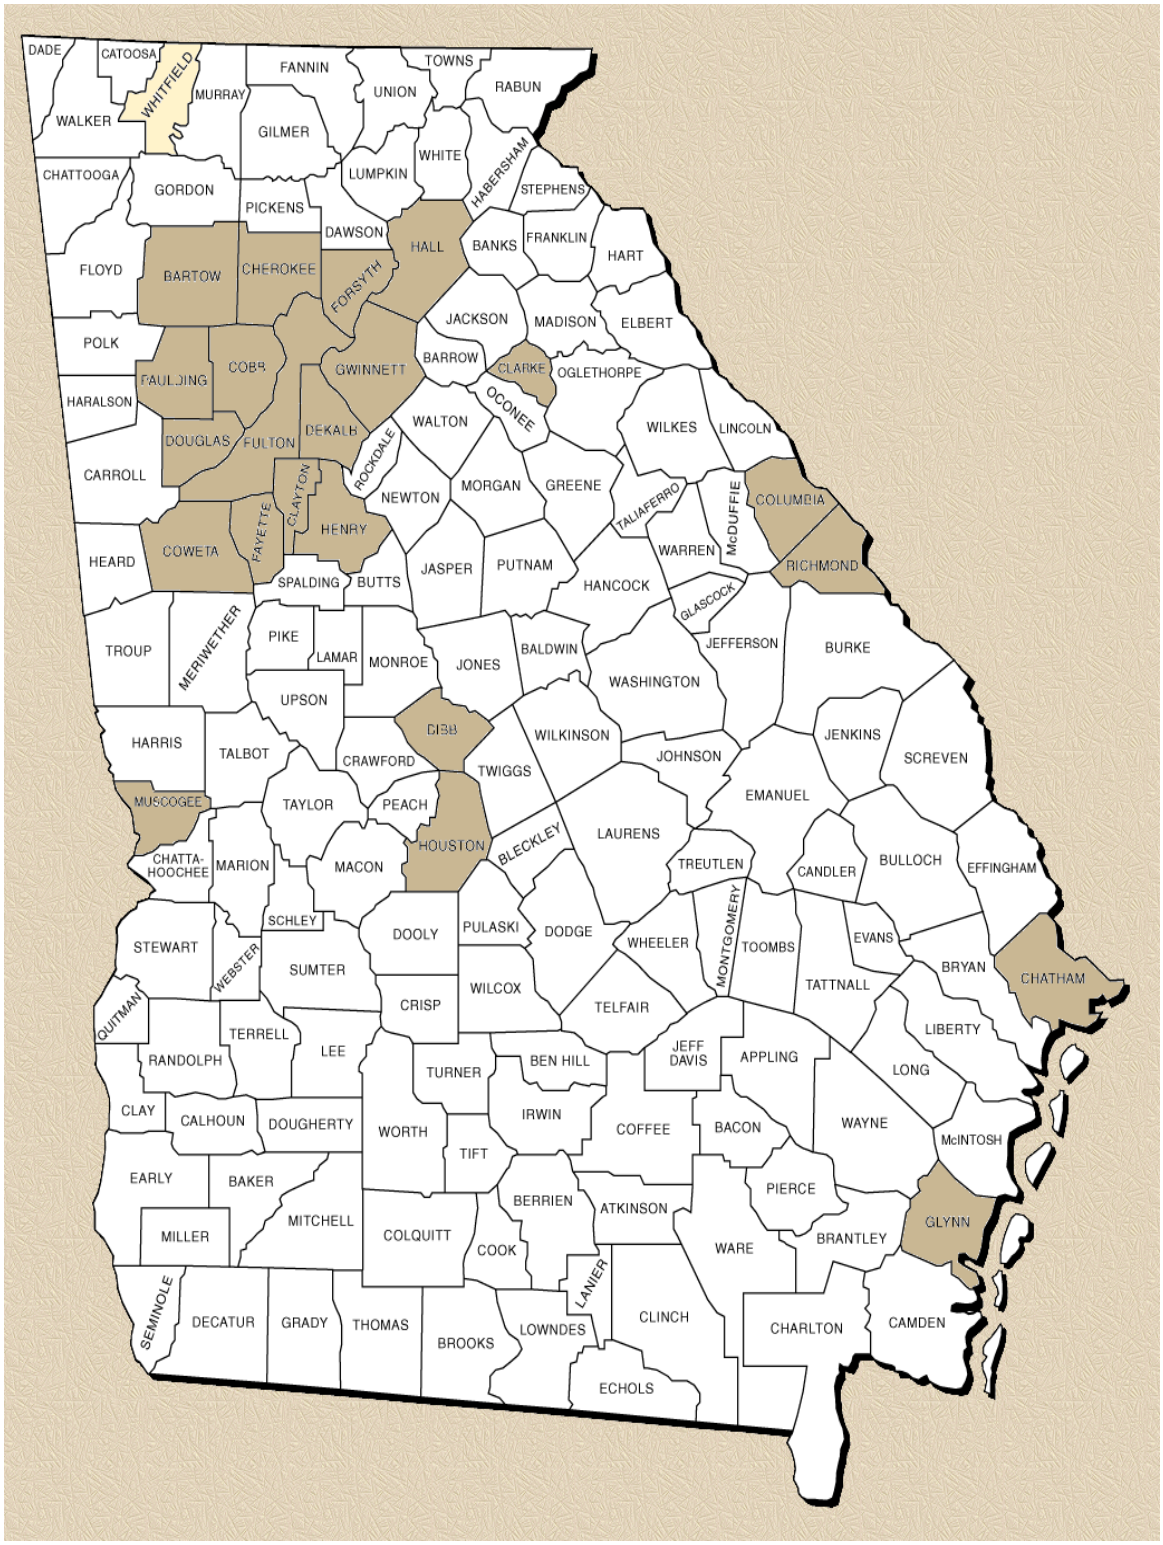

Only 3 out of 159 total counties had lower **total** millage rates (total rate includes fire districts, bond, emergency service fees, etc.):

County	Millage Rate		Population
1. Hart	4 .264	*.8 Mills less*	24,240
2. Union	4.940	*.1 Mills less*	20,968
3. Gilmer	5.000	*.06 Mills less*	28,389
4. **Whitfield**	**5.061**		**93,379**

The Georgia state average was 11.307 mills – Whitfield's rate is less than 50% of the state avg.

The highest combined county rate was in Brantley County at 24.105 mills (including Fire/EMS millage rate).

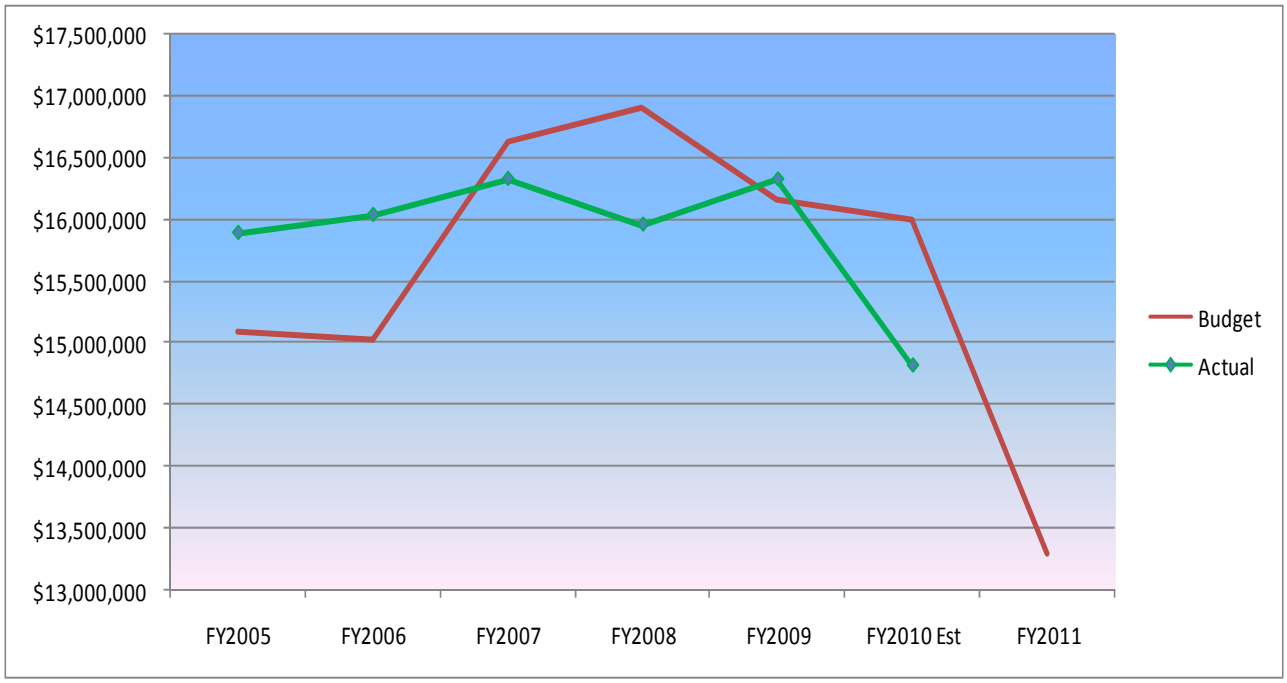

Georgia Counties with Higher Economic Ranking per DOR Listing

Property Tax

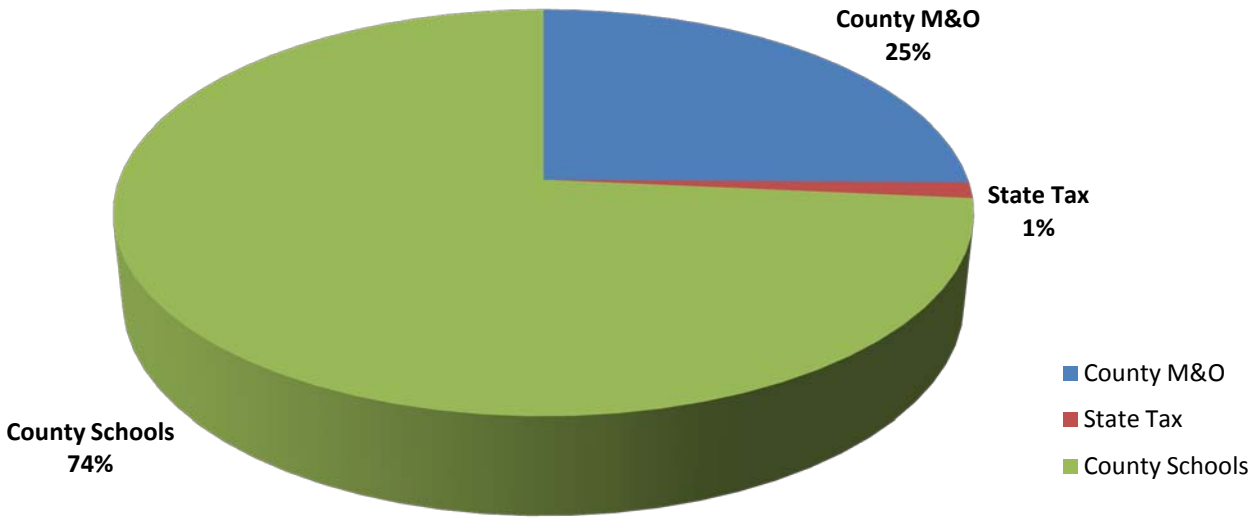

Property tax collections are expected to fall in 2011 due to reassessments on the commercial property in the County. The residential adjustments in the digest resulted in a digest drop in this sector of about 10% and this budget plans for a similar drop on the commercial side. The Freeport exemption was kept at 20% for the coming year. *See attached chart. Note: Actual receipts for the current tax year include all payments for the first two months in the following year. Accordingly, 2010 actual numbers will be finalized at the end of February 2011.*

As the Board of Commissioners will make the decision on setting the millage rate for 2011 late in the year, no adjustment is included in the budget at this time. As mandated by state law, the millage rate is assessed on only 40% of the property valuation. A separate chart is attached to show how a dollar of property tax revenue is allocated between the various state and local governments.

Sales Tax

The total sales and use tax rate in Whitfield County is currently 7% and is distributed as follows: 4% State, 1% Local Option Sales Tax (LOST), 1% Special Purpose Local Option Sales Tax, and a 1% Education Local Option Sales Tax. The

LOST, up to the 2009 budget, had gone slightly ahead of property taxes in Whitfield County as the most significant source of revenue. From 2003 to 2006, LOST revenue increased by over $900,000 per year. In 2007, the County experienced a slight decrease and collections have been dropping since.

The following chart is the sales tax history. The 2011 budget was based on the most recent 12 months of history with no projected increase. Though the 2010 estimate is up by $1.3 M over 2009, the receipts have been very steady at about $1.2 M per month except for holiday sales and there is no pattern to indicate and project 2011 growth at this time.

Key Budget Notes

Allocations

The 2011 budget includes allocations of those departments that primarily serve other departments and not the general public. To more properly reflect the true cost of providing services by the departments that primarily provide services to the general public, the allocated costs of the internal service departments have been included.

For 2011, the costs have been allocated in three primary areas:

(1) Buildings & Grounds – Provides cleaning and maintenance support and pays for most utilities. These costs have been allocated based on the square feet of space used by the other departments.
(2) Information Technology – Provides land line phones, internet, web design, PC maintenance, general use software, and most of the computer equipment. These costs have been allocated based on the number of PC's in each department.
(3) Administration, Human Resources, and Finance & Accounting – Provides payroll, banking, accounts payable, accounting, human resources, employee benefits, workers compensation, and administrative support. These costs have been allocated based on the number of employees in each department.

Performance Measures

The 2011 budget includes performance measures and statistics for the first time. Each department head or elected official presented these at Board of Commissioner meetings during the year to explain their department's mission and duties – and how much they are doing. Performance measures are designed to be an analytical tool or a kind of report card to the citizens. Past budgets have only shown what each department costs. Now the departments will be reporting on the volume of work they are doing (performance statistics) and some have developed actual goals (performance measures). To illustrate, the fire department's budget is $4.5 Million for 2011. With performance statistics, we can see that they are responding to about 5,000 calls per year. With performance measures, we now know that their goal is to be at each incident within 6 minutes and that they are going to try to make this 75% of the time.

It is our hope that these performance measures will be a tool to better inform the public with the amount of work being done on their behalf and to be able to hold the County more accountable in the accomplishment of our mission.

Department Changes

The 2011 budget includes one new departmental change: The Human Resources Department has been broken out of the Board of Commissioners which now only contains the administration functions.

Conclusion

In these difficult economic times, Whitfield County is still committed to continue the same level of services in 2010. Even though a hiring freeze was in place from 2009 to present, the County has a core work force that is trained and talented that needs to be maintained. The County is using the remaining balance of the excess SPLOST funds from 2001 to balance the 2011 budget without the need for raising property taxes. Even with this use of the fund balance, the County still has sufficient fund reserves to be able to accomplish these goals in this period of declining revenues and to continue to fulfill the County's mission.

Greetings~

It is my pleasure to work with the citizens, staff and elected officials to maintain and improve County services. We are very fortunate to have many strong attributes and resources on which to build our future. These same assets are not available in all counties across the country.

One of those strengths is the growing population, which provides employees for our businesses and industries. A good work force and job availability are important cornerstones of every strong community. Employers need well trained staff and that means our school districts and Dalton State College must continue expanding programs to meet the educational demands. Jobs protection is the challenge of our economic development team and local governments. We must focus on support for existing businesses and help them grow. Maintaining a strong business climate is just one of many continuing objectives.

Another cornerstone of our county programming is the protection and improvement of our environment. The goals need to go beyond maintaining the status quo. We must work on improvements in the quality of our resources. Achieving the objectives requires help from government, business and residents in equal shares. From the Conasauga River, across the agricultural lands and residential communities to the peaks of Chattahoochee National Forest, every aspect of our environment needs protection and improvement. Continuing education and reminders are needed to keep everyone informed about their roles in good stewardship. The latest County program addition is “Storm Water Management” which is one part of the federal Clean Water Act legislation. There is more to follow about the County programs.

Public safety and public health are two more essential business elements of county government. In the past Whitfield County has made significant investments to provide good service, more investment is needed now and in the future. Expect to hear a number of discussions in the coming months that involve the Sheriff, Fire Chief, E911 Director and others about the steps needed to provide cost-effective service levels.

The space here is limited; so, I will close by saying that it is a privilege to serve Whitfield County and work with the cities, towns, service organizations, community groups and individual residents to keep our area a great place to live and work.

Working to keep Whitfield County strong~~Bob

WHITFIELD COUNTY, GEORGIA

WHITFIELD COUNTY, GEORGIA – OVERVIEW

GENERAL INFORMATION

Whitfield County is located in the northwest region of Georgia and the population has been estimated to be 93,000+. Whitfield County covers 290 square miles and the greatest distance between boundaries is 26 miles and is known to be the economic hub for this region.

Whitfield County was formed from a portion of Murray County in 1851 becoming Georgia's 97th county. It was named for the Reverend George Whitefield, the founder of the Bethesda Orphan House in Savannah. The spelling of the County's name was later changed to reflect the way it was pronounced.

Our County is the gateway to the 150 miles Chieftain's Trail, which trace the path of the Cherokee Indian sites, located in the northwest Georgia area. Dalton/Whitfield County is also known as the "Carpet Capital of the World".

Government

Whitfield County has operated under a Commissioner-Administrator form of government since 1971 known as the Board of Commissioners. Policy-making and legislative authority are vested in the Board of Commissioners that is composed of a Chairman elected at-large and four Commissioners elected one from each of the four districts. Each serve a four year staggered term. The Board is responsible for passing ordinances, adopting yearly budgets, appointing committees, the hiring of the attorney, auditors, and County Administrator in addition to other duties. The County Administrator is responsible for operation, administration and the finances of the County. Each department manager serves along side the Administrator and at the pleasure of the Board of Commissioners to administer the offices and services that are the responsibility of the County. The County Administrator is responsible for the enforcement of all policies and ordinances of the Board of Commissioners.

County Services

Whitfield County provides for and manages a wide range of services that include police protection by way of our Sheriff's Department, Maintenance of roads and other infrastructure, Planning and Zoning, Inspections/Enforcement services, various Court Services, Elections, Building/Grounds maintenance and upkeep, Preservation of Public records and documents, Jail services, Information Technology services including GIS, Emergency Management and 911, Fire protection, Animal Control, Parks and Recreation and more.

DESCRIPTION OF FUNDS

Governmental accounting systems are organized and operated on a fund basis. A fund is a fiscal and accounting entity with a self-balancing set of accounts in which to record cash and other financial resources, along with all related liabilities and residual equities or balances. Each fund is segregated for the purpose of carrying on specific activities or attaining certain objectives as designated by Whitfield County. There are three broad categories of funds and seven fund types as promulgated by the Governmental Accounting Standards Board. A description of each fund category and type is presented for your understanding.

Governmental Funds

Governmental funds account for activities with governmental operations. The modified accrual basis of accounting is used to measure the financial resources and uses of County funds. The four types of governmental funds are as follows:

General Fund – This fund accounts for all of the financial resources related to the general governmental services of Whitfield County, except those required to be accounted for in another fund.

Special Revenue Funds – These funds account for the proceeds from specific revenue sources that are legally restricted to be expended for specified purposes. These funds are usually comprised of federal, state and local governments.

Capital Projects Funds – These funds account for financial resources to be used for the acquisition or construction of major capital facilities other than those facilities financed by proprietary funds and trust funds.

Debt Service Funds – These funds account for the accumulation of resources for, and the retirement of, general long-term principal and interest.

Proprietary Funds

Proprietary funds are used to account for government activities that are similar to business operations in the private sector. The accrual basis of accounting is used for proprietary funds, and the reporting focus is on determining net income, financial position, and changes in financial position. The two types of proprietary funds are as follows:

Enterprise Funds – These funds account for operations that are financed and operated in a manner similar to a private business. The intent of the governing body is that the costs of providing the goods and services to the general public be financed or recovered primarily through user charges. A periodic determination of revenues earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The Whitfield Transit System and Northwest Georgia Trade and Convention Center are included in this category.

Internal Service Fund – This fund accounts for the financing of goods or services provided by one department or agency to other departments or agencies of Whitfield County on a cost reimbursement basis. The only fund in this category at the current time is the Workers' Compensation Fund.

Fiduciary Funds

Fiduciary funds account for assets held by the County as a trustee or agent on behalf of another party.

Trust and Agency Funds – These funds account for assets held by the County as a trustee or agent for individuals, private organizations, and other governmental units. Agency funds are custodial in nature and do not involve measurement of results of operations. At the current time, Whitfield County does not have a trust fund. The County does not adopt a budget for agency funds.

OTHER PLANNING PROCESSES

The County has a number of ongoing plans, many of which are required by law. In addition, the County undertakes a specific study to help with a specific area or process. As part of the budget process, financial needs identified by these studies are reviewed for inclusion in the adopted budget. The following is a list of the projects noting a brief description of the purpose or requirement that led to the study, the period the plan is intended to cover, and some key milestones and needs identified by the study. These are in two major categories: General Government and Metropolitan Planning studies.

General Government Studies

Whitfield County Comprehensive Plan

- Purpose of the Study & How it will help the County

  Comprehensive planning is an important management tool for promoting a strong, healthy, community. A Comprehensive Plan provides a vision, clearly stated and shared by all, that describes the future of the community. It protects private property rights and also encourages and supports economic development. The plan can be used to promote orderly and rational development so that Whitfield County and the cities of Dalton, Tunnel Hill and Varnell can remain physically attractive and economically viable while preserving important natural and historic resources.

  The comprehensive plan provides the tool to become more certain about where development will occur, what it will be like, when it will happen, and how the costs of development will be met. It provides a tool for the community to achieve the development patterns it desires, such as: traditional neighborhoods, infill development, creating a sense of place, providing transportation alternatives, permitting mixed uses, protecting natural resources and accommodating economic growth.

  Planning also helps the County and its municipalities invest their money wisely in infrastructure such as roads, water and sewer, schools, parks and green space, and other facilities to maintain and improve the quality of life for the residents of Whitfield County.

  The *Community Agenda* represents the community's vision, goals, policies, key issues and opportunities that the community intends to

address, and an action plan highlighting the necessary tools for implementing the comprehensive plan. In addition, it outlines desired development patterns and supporting land uses with a future development map for unincorporated Whitfield County and the cities of Dalton, Tunnel Hill and Varnell.

The *Community Agenda* serves the purpose of meeting the intent of the Georgia Department of Community Affairs' (DCA) "Standards and Procedures for Local Comprehensive Planning," as established on May 1, 2005. Preparation in accordance with these standards is an essential requirement in maintaining status as Qualified Local Government. State law required Whitfield County and its municipalities to update their respective comprehensive plans by October 31, 2008. For planning purposes, DCA classifies Whitfield County as an "Advanced" planning level jurisdiction.

This plan updates the *Whitfield County Comprehensive Plan 2000-2020* adopted in 2002 by the Whitfield County Board of Commissioners and the mayors and city councils of Dalton, Tunnel Hill and Varnell. Like the 2002 plan, this 2008 update will serve as the official comprehensive plan for unincorporated Whitfield County and the municipalities of Dalton, Tunnel Hill and Varnell.

- Key milestones and results

Key milestones and results are listed below. These milestones are taken from the Sort-Term Work Program (STWP).

- Coordinated with the Dalton-Whitfield MPO on the Long range Transportation Plan 2035 Update.
- Combine Board of Zoning Appeals with the City of Dalton to provide for elimination of duplicated services and provide for the service delivery strategy agreement.
- Prepared a landscape ordinance that promotes the use of Landscaping with native vegetation or non-invasive species that requires limited (or none at all) irrigation.
- Prepared a tree protection and hillside ordinance for adoption.

- Budget Impact

All cost allocations for the Short Term Work Program have been eliminated from the budget due to decreased revenues and change in policy maker's focus.

Whitfield County Parks and Recreation Master Plan

The Parks and Recreation Master Plan is a ten year study covering 2008-2018. This was a specific needs study with the purpose being:

1. To establish goals and objectives to assist Whitfield County in its future development and enhancement of the recreation facilities and programs.
2. Complete a needs analysis: (a) the need for improvements to existing parks, and (b) prepare a capital improvements schedule.
3. Complete an inventory and analysis of existing facilities and programs.

Recommendations were made for the following:

- Land Acquisition
- Improvements to Existing Parks
- New Parks and Facilities
- Trails
- Capital Improvements and Implementation Plan

Whitfield County Government has done an excellent job following the scheduled Parks and Recreation Master Plan that County Commissioners adopted in 2008. Listed below are projects that support the commitment to the adopted Parks and Recreation Master Plan:

- Purchased 98 acres for the new Westside Park.
- Have received over $180,000 in grants and donations for the planned handicapped accessible Miracle Field scheduled to be located within Westside Park.
- Completed restoration projects at all County owned facilities. The facilities that were upgraded are Dawnville Park, Pleasant Grove Park, Parks and Recreation Main Office, Gillespie Gym and Edwards Park Concession Stand.
- Completed (in house) light level assessment on all athletic fields, courts and gyms throughout Whitfield County. Re-lamped all lights at Varnell Gym, Gillespie Gym and Cohutta Park's three baseball fields. We are scheduled to re-lamp all eight fields at Edwards Park in 2011.
- Added 2 new football fields at Edwards Park.
- Completed last phase of construction for walking trail at Edwards Park.

- Have expanded recreation programming as suggested in the plan. We are now offering a few more programs for children such as the Halloween Haunted Hunt and The Santa Calling program.

Whitfield County Administration Buildings Feasibility Study

This study was undertaken in December of 2008 as an internal study to determine the best strategy for the County to provide administrative office space for County Staff and the formal meeting space for County Commissioners. The majority of the administrative offices currently being used are in two structures that were originally designed and built as downtown Dalton churches. Administration Building #1 was constructed in 1972 and has 19,000 square feet. Administration Building #2 was built somewhere around 1920 and has 25,000 square feet. In addition, the County could combine several other small administration offices into a one-stop shop. Accordingly, all of the buildings in the study are 40+ years old.

The study indentified some major costs to renovate these two primary administration buildings including some urgent repairs totaling $8 to $10 Million. The study also identified other factors:

- Need for future space estimated at 51,000 square feet (Current total space is only 44,000 square feet)
- The current buildings were not built for energy efficiency – a properly designed building could save over 20% per year in energy savings
- Image – The current buildings make it difficult for the citizens to find the services they need and do not present a good image for the County.

The study estimated the costs of a new building constructed at the site of Administration #2, including demolition costs to be around $13 Million. The analysis determined that this was the optimal solution:

- It would provide a one-stop shop with a better image
- The new building would be energy efficient and would provide ongoing savings in energy costs
- It would provide for the space requirements of a growing County
- It could be tied into the parking garage and ideal central access directly across from the Courthouse
- All this could be accomplished for little more than the costs of upgrading the current administrative buildings

However, this study took place just before the start of the Great Recession. With the drop in revenues and the reactions required to address these, this study and its recommendations have been put on indefinite hold. The most urgent repairs have been spread out over 5 years and the estimated costs have been built into the Capital budget.

Whitfield County Rural Public Transit Plan

This study was undertaken in June of 2009 at the request, and funded by, the Georgia Department of Transportation to assist the County in assessing its public transit needs and to develop a plan of action to address those needs. The County operates a rural transit service funded by the Title 49 US Code Section 5311 program and administered by the Georgia Department of Transportation (GDOT).

Though the study evaluated and found that the County's program was meeting the established performance criteria, it did propose the following actions:

Short Range (1-2 Years):

- Implement an effective and continuous marketing campaign to improve awareness of the transit program
- Expand the fleet size
- Extend the hours of operation to offer greater flexibility
- Evaluate fare adjustment to meet increasing costs such as fuel

Mid Range (2-5 years):

- Create a more permanent presence at Dalton State College
- Evaluate the results of the marketing and promotion campaign

Long Term (Over 5 years):

- Consider further additions to the vehicle fleet
- Work with GDOT to evaluate programs such as park & ride along I-75
- Budget for new technologies to make the system management more efficient
- Continue to monitor the systems effectiveness and performance
- Replace vehicles and other capital equipment as needed

With the continued growth of the County comes a growth with the ridership challenged population: seniors, low-income, and disabled residents. The use of public transit will also aid in road congestion and construction needs of the future. The transit program can help to address these issues into the future.

The Whitfield Transit Service has already implemented all the short range goals and the ridership has more than doubled in the last two years:

- Two buses have been added to the fleet
- An aggressive marketing campaign was started and is ongoing using better vehicle logos, radio, and newspaper ads and updates
- Hours have been expanded to run from 6:30 am to 6 pm
- Fares have been adjusted to a flat fee of $2 per trip for all riders

Greater Dalton/Whitfield Metropolitan Planning Organization (GDMPO) Studies

GDMPO 2035 Long Range Transportation Plan

The purpose of the 2035 Long Range Transportation Plan (LRTP**)** for the Greater Dalton Urban Area - consisting of Dalton, Tunnel Hill, Varnell and Cohutta - outlines the transportation goals, objectives, policies and improvements needed to maintain a safe and efficient multi-modal transportation system for the movement of people and goods throughout the area in a manner that will enhance the economic, social and environmental qualities of the community. The overall goal of the 2035 LRTP is to develop a guide for orderly development of safe and efficient transportation system for the movement of people and goods, which supports land use and economic goals of the area while promoting quality of life. Whitfield County met the following objectives through the LRTP:

- Moved the Metropolitan Planning Organization in-house (was part of the NG Regional Development Commission)
- Identified and developed long range transportation needs assessment

This study is long range and is more integrated with the County budget as items move into short range plans such as the TIP. At this time, budget funding for the LRTP is adequate.

GDMPO FY2011-FY2014 Transportation Improvement Program

The Purpose of the FY2011 – FY2014 Transportation Improvement Plan (TIP) is to provide a four-year program outlining the most immediate implementation priorities for transportation projects from the Long Range Transportation Plan (LRTP). The TIP serves as the

metropolitan area's short range plan to allocate transportation funding resources among capital and operating needs of the area. It covers a four year period, is typically updated each year and reapproved by the GDMPO Policy Committee – made up of a Technical Coordinating Committee and Policy Committee comprised of appointed and elected officials of participating governments and agencies who oversee and operate major transportation modes with the region. The TIP is also incorporated into the Statewide Transportation Improvement Plan (STIP). Whitfield County met the following objectives with the TIP:

- Identified and prioritized short range transportation projects for greater Dalton - Whitfield County over next four years
- Organized and conducted required meetings to address required improvements

The FY 2011 TIP budget requirements are primarily addressed by the funds were raised with the SPLOST that ended in December 2010.

GDMPO FY2011 Unified Planning Work Program

The FY2011 Unified Work Planning Work Program helps ensure planning activities are part of a continuing cooperative and comprehensive transportation process involving federal, state and local agencies affected by transportation planning decisions. It also describes the GDMPO's planning goals and activities, cost estimates per activity, funding sources, and work schedule as well as defines parties responsible for carrying out various planning tasks including the development of Long Range Transportation Plans and Transportation Improvement Plans.

Whitfield County met the following objectives with the UPWP:

- Reestablished and implemented the GDMPO for North Georgia Regional Development Commission
- Secured a grant for the Long Range Transportation Plan and Feasibility Study
- Drafted and approved 2035 Long Range Transportation Plan
- Modified Traffic Analysis Zone (TAZ) 2035 to include regional development in Whitfield County
- Updated the Transportation Improvement Plan

Whitfield County successfully prepared and built an organized group forum for appointed officials, elected officials and citizens to discuss and adopt transportation policies, plans and actions in the regional development of Greater Dalton and Whitfield County to the benefit of both and to local residents.

At this time, budget funding is adequate to meet the requirements of this study based on the estimated funding coming from Federal and State as well as County funds.

BUDGET PROCESS

Whitfield County adopts an annual appropriated budget pursuant to the Georgia Code. O.C.G.A. § 36-81-3. The annual budget serves as the foundation for Whitfield County's financial planning and control and requires monitoring throughout the fiscal year. Cost centers are required to keep close track of revenues and spending patterns as the current year progresses. As new ideas and programs are generated, the managers are challenged to project the plans into future year budgets.

Because spending limits are defined, the formal budgeting process is a major controlling influence on the County. The annual appropriated budget of each fund is integrated into the accounting system to ensure budgetary compliance. The use of encumbrance accounting also has been established as a control mechanism to prevent over expenditures.

Budgets for governmental funds have been prepared on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized when they become both measurable and available as net current assets. Expenditures are recognized when the related liability is incurred. Budgets for the proprietary funds are prepared on the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenditures are recognized when incurred.

To provide cost center managers the flexibility to manage their budgets, line-item transfers are allowed with the exception of salaries and benefits. Transfers of appropriations from salaries and benefits, or between cost centers, require the special approval of the governing board.

All cost center budgets herein are line-item budgets based on the Uniform Chart of Accounts for Local Governments in Georgia. Grant-related cost centers are budgeted based on the County's fiscal year; however, the actual grant year may be different. (State and Federal grants often have fiscal years beginning July 1 or October 1 while others run concurrent with the calendar year).

The County's fiscal year begins January 1 and closes on December 31. By State law, property taxes are due sixty days from the notice date. Interest accrues at 1% beginning the day after the due date. A 10% penalty is assessed after 90 days from the due date.

Fiscal Year 2011 Budget Schedule

Budget Memorandum sent to departments	September 28
Department review sessions with Administrator	September/October
Staff reviews FY2011 revenues, expenditures Special programs, personnel requests, capital plans, etc.	September/October
Millage rate set for FY2011	October 26
Commissioner Workshops	
• Overview Revenues & Expenditures	October 26
• Review & discuss Capital Plan, Personnel Actions & additional topics	December 6
Budget Hearing	December 20
Budget Resolution considered	December 27

Fiscal Year 2011 Budget Assumptions

- The economy has officially ended the recession but faces a slow recovery period
- New industry will begin. Home construction will start slow growth
- Population counts will stabilize and work force declines seen in FY08/09 will start a recovery in FY11
    - Demands for all types of public safety, courts, and general services will continue at FY10 levels

- No inflationary factors have been added to this Budget except for the following:
    - Medical insurance premiums will increase
    - An increase in Millage Rate is needed; however, economic factors may dictate a constant rate
- The General Fund Capital Budget is presented as a separate Fund
    - The recommended source for the Capital Budget is the Fund Balance
- The threshold for Capital spending will be $10,000

Fiscal Year 2011 Capital Work

- Ongoing preservation and upgrades of Administrative Buildings #2 and #1
- Work on Tunnel Hill park and trails funded by a grant
- Financial/HR Software – Current package is being discontinued
- Update GIS Aerial Photography
- Initial construction work at new site of the Westside Park complex
- Work on the Transportation SPLOST Project will continue. FY10 is the last year of revenue collections though project construction will carry into 2011. The FY11 work will consist of Engineering, property acquisition for new right-of-ways, utility relocation, road construction, and resurfacing & safety improvement projects.
- Replacement of 5 Sheriff vehicles and critical replacement of other County vehicles

Additional Goals and Objectives

- Support the Joint Development Authority in developing the new commerce park to accommodate business diversity
- Working jointly with the City of Dalton, the Trade & Convention Center (TCC) Board and the TCC management company (Global Spectrum) on the preservation and upgrading of this valuable community resource

Financial Initiatives for FY2011

- Continue to review rate structure in fee-based departments such as Inspection & Enforcement and Planning.
- Energy and resource conservation—continue to implement cost savings measures
- Develop better software solutions for:
  - Personnel tracking and evaluation
  - Performance Based Budgeting
- Continue researching pension options for future cost savings

Fiscal Year 2011 Budget Strategy Phase I

The FY11 Budget has been reworked to address shortfalls in sales tax, property tax, and other revenues. The sales tax transfers coming from the State have stabilized to a major degree. Based on the trends, no increase is projected for 2011.

For FY10, it is estimated that revenues will be nearly $2M below budgeted forecasts. Operating expenses are estimated to be approximately $1.4M below budget. Our department heads and elected officials have been doing their best to be very frugal to adjust to the reduced revenues.

The FY11 Strategy is based on the following points:

- The Fund Balance is still strong enough to support one more year of lower revenues due in large part to having $8.4M of excess 2001 SPLOST funds. These excess funds HAVE to be used to lower property taxes which the County has satisfied by using them to supplement the 2009 - 2011 budgets without raising taxes.
- The FY11 General Fund Budget approach is to cut budgets by about 11% from requests.
- Enact a furlough policy of 4 days per employee by closing the Courthouse and all administrate buildings every 5th Friday during 2011.
- In addition to the Furloughs, funding for PTO buyback has been removed from the budget.

The major operational cost is staffing which makes up about 65% of the budget. This is also the County's most valuable asset. Whitfield County has many educated, qualified, certified and experienced personnel that are essential to the efficient delivery of county services. Our overriding goal is:

- **Keep the trained and capable work force intact**

Budget Strategy Phase II

If the revenues decline beyond the forecasts in the FY11 Budget, then additional actions will be required. Capital Projects have already been deferred except for work underway and critical infrastructure work.

Though funded, the Longevity Payments are held as a contingency item and are not funded in departmental budgets. If additional cuts are needed, these payments can be cut when the Commissioners vote on them late in the year.

FY11 Operating Budget Actions

1. Continue to defer filling vacant positions created by the hiring freeze in 2009 but allow hiring for key staff turnover.

   Listed are departments with vacant positions:

Tax Commissioner— 1 (PT)	Tax Assessor—1
Buildings & Grounds— 1	Public Works—8
Sheriff Corrections — 2	Parks & Rec — 1 (PT)
Engineer — 1 (PT)	911 — 3 (PT)

   Total Savings = $600,000

2. Expenditure lines have been cut by an average of 11%.
3. All requests for additional personnel are deferred action (savings $500k).
4. No Step nor COLA increase is budgeted for the 3rd consecutive year (impact annualized is $900K)
5. No funding for promotions, any positions required will be by voluntary appointments without pay increases, actions to be reviewed quarterly.
6. Evaluate employee retirement program for changes in FY2011.

Total Operational Initiatives including Personnel Actions could lower FY11 costs by over $5M from requested levels.

Cost of Living Increase (COLA)

For 2011, the Cost of Living increase is deferred.

Normal procedures:

- For planning purposes, a midyear 2% increase was forecasted
- The market and salary conditions need to be evaluated in the spring
- Suggested funding is earmarked in the Contingency

The cost savings of deferring COLA is $232,000.

2011 "Salary Step Increase" Program

For 2011, the "Salary Step Increase" is deferred.

Normal procedures:

- Given a satisfactory personnel evaluation
- Employees will move through the pay scale, instead of always being at the base salary
- Suggest a midyear start for the program
- Need to revamp the Evaluation program to identify below standard performance
- Train evaluators in the proper way to use the evaluation program
  - Need for counseling for below par performance
  - Ability to terminate below par performers
- Suggested funding is earmarked in the Contingency

The cost savings of deferring Salary Step Increase is $232,000.

Financial Management Policies

OPERATING BUDGET POLICIES:

1. Whitfield County will strive to finance all current expenditures with current revenues. Even though legally allowable (see item #4), the use of prior year fund balance to finance current year expenditures will be avoided unless a majority of the Board of Commissioners approve the unusual use by resolution. The government will strive to avoid budgetary procedures that balance current expenditures through the obligation of future resources. Whitfield County will not use short-term borrowing to meet operating budget requirements.

2. The operating budget will provide for adequate maintenance of capital equipment and facilities as well as planning for their orderly replacement.

3. All Governmental Funds are subject to the annual budget process. Budgets will be prepared for Enterprise Funds to establish fees and charges and to control expenses.

4. The annual operating budget must be balanced for all budgeted funds. Total anticipated revenues and other resources available, including prior year fund balance, must equal total estimated expenditures for each fund.

5. All budgets will be adopted on the basis of accounting used for financial reporting purposes with Generally Accepted Accounting Principles (GAAP). There are no differences between the basis of accounting and budgeting. Moreover, items such as depreciation and compensated absences are recorded only at the entity wide level and Whitfield County prepares its budgets at the fund level. For governmental funds, revenues are credited when they become measurable and available and expenditures are charged against the budget when they become measurable, when a liability has been incurred, and the liability will be liquidated with current resources. For enterprise funds, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

6. Appropriations not spent during the fiscal year will lapse at year end. Therefore, they are not recorded as a reservation of the fund balance. Outstanding commitments are re-budgeted each year. They will be charged against the new year's budget when a liability has been incurred.

7. The budget shall be adopted at the legal level of budgetary control which is the fund/department level (i.e., expenditures may not exceed the total for any department within a fund). Transfers of appropriations within a

Department, other than personnel lines, shall require only a request by the Department Head or Constitutional Officer. Any transfer of funds that changes the total amount budgeted for a department or that increase the amount budgeted for salaries and benefits for a department shall require the approval of the Board of Commissioners in accordance with the enabling legislation. Department heads and management personnel are directed to operate within budget limitations to prevent "emergency" situations.

8. Whitfield County will strive to include an amount in the General Fund budget approved by the Chair and Commission (i.e., a line item for contingencies) for unforeseen emergency operating expenditures. The amount of the contingency will be no more than 5% of the operating budget.

9. Whitfield County will maintain a budgetary control system to ensure that purchases are not authorized if there are not sufficient funds in the budget to pay for them. The county will prepare timely financial reports comparing actual revenues and expenditures with budgeted amounts so that the Board of Commissioners, County Administrator, department heads and other interested parties may monitor the adherence to the budget.

10. The operating budget shall be developed to control both the direct and indirect costs of programs and services whenever possible.

11. Whitfield County shall comply with all state laws applicable to budget hearings, public notices, public inspection, and budget adoption.

12. It is expected that the revenues for Enterprise fund budgets shall be sufficient to pay the expenses of those funds. Excess revenues of Enterprise funds shall not be transferred to other funds unless authorized in the Annual Budget.

FUND RESERVE POLICIES:

1. Purpose:

The purpose of this policy is to establish and provide for the sound financial management of Whitfield County's various designated reserves and to establish procedures for implementing the county's provisions regarding undesignated fund balance.

2. Undesignated Fund Balance:

A. Definition. Whitfield County's undesignated fund balance as reported annually in the Financial Report represents potentially supplemental

financial resources to the county which are available for subsequent expenditures. These are funds which have generally accrued through receipt of revenues in excess of those anticipated within a fiscal year as well as annual operating appropriations which have not been expended.

B. Purpose. The undesignated fund balance serves a number of stabilizing purposes. It represents a savings account or "rainy day fund" which is available for unforeseen emergencies, provides a cash flow cushion to offset the need for borrowing in anticipation of tax receipts, and provides evidence to Whitfield County's bond holders and bond rating agencies of financial stability and credit worthiness.

C. Policy. It is the policy of Whitfield County to maintain an undesignated fund balance approximately 25% of operating expenditures (90 days).

D. Deficits in Other Funds. Before applying the provisions of this policy, the Finance Director along with the County Administrator shall make a recommendation to the Board of Commissioners to transfer funds from the General Fund to eliminate deficits in other funds of the primary government. The first step will be for the Finance Director to transfer funds to eliminate any amounts due to the General Fund from those other funds that cannot be repaid since there was a deficit in the funds. Then such additional funds necessary to eliminate the deficits shall be transferred to those funds. These transfers will serve to reduce the General Fund undesignated fund balance used in the computation in 2.F. below.

E. Computation of Fund Balance. On an annual basis upon receipt of the audit for the prior fiscal year, the Finance Director shall calculate the percentage of General Fund expenditures represented by the undesignated fund balance. This shall be calculated as follows: General Fund Expenditures plus Other Financing Uses shall be taken from The Statement of Revenues, Expenditures, and Changes in Fund Balance, Governmental Funds. Other financing uses shall be computed on a gross basis except that transfers to the Capital Projects Fund during the year shall be excluded from the amount of other financing uses. The unreserved/undesignated fund balance from Balance Sheet, Governmental Funds shall be divided by the total General Fund expenditures/uses.

F. Transfer or Appropriation of Undesignated Fund Balance. The Board of Commissioners may, by resolution, transfer amounts from Whitfield County's undesignated fund balance to any designated reserve. Funds may also be authorized for expenditure from undesignated fund balance through Board of Commissioners appropriation.

G. Priority Uses for Fund Balance Surplus. Any surplus fund balance may be used for the purposes set forth below:

1) To increase designated reserves set aside to offset established or anticipated liabilities of the General Fund where existing reserves, if any, are insufficient.

2) To increase the designated reserve for improvements established below.

3) To increase other established capital reserves where such reserves may be insufficient to meet their purposes, as set forth below.

4) To increase Whitfield County's appropriated contingency - account to address unanticipated current year needs.

In general, undesignated fund balance should not be used to fund any portion of the on-going and routine year to year operating expenditures of the county. It should be used primarily to insure adequate designated reserves, to respond to unforeseen emergencies, and to provide overall financial stability.

3. Designated Fund Balance Reserves

There are hereby established the following designated reserves:

A. Capital Projects Reserve.

B. Debt Service Reserves.

C. Special Program Reserve.

4. Capital Projects Reserve

A. Purpose. The Capital Projects Reserve is established to provide potential sources of funding for the following purposes:

1) The purchase of capital assets.
2) Major maintenance of county assets such as building/maintenance and repairs.
3) Funding projects designed to reduce future year expenditures by enhancing operating efficiency or reducing costs.
4) Providing a potential source of funding for capital projects which otherwise might require the issuance of debt.

B. Funding. The Capital Projects Reserve may be funded by direct annual appropriation in Whitfield County's operating budget, transfers from undesignated fund balance or other designated reserves, appropriation of unanticipated revenues received during any fiscal year, or transfers of unused or unneeded existing appropriations within Whitfield County's operating budget.

C. Authority to Use and Withdraw. The Board of Commissioners must authorize the expenditure of these funds either as an element of the annual General Fund operating budget or through a separate appropriation resolution. Funds may be transferred from this reserve to other designated reserves or released to undesignated fund balance by BOC resolution. Funds may be transferred to a Capital Project Fund. Funds can then be expended from the Capital Projects Fund for items that have been included in a capital budget approved by Board of Commissioners resolution.

D. Amounts of Limits. No limitations are placed on the amount which may be carried in this reserve.

5. Debt Service Reserve

A. Purpose. The Debt Service Reserve is established to assist the County in continuing its normal operations without increasing the tax rate or by reducing tax rate increases. As such, this source may be used to fund any appropriate County expenditure.

B. Funding. The Debt Service Reserve may be funded by direct annual appropriation and through transfers from undesignated fund balance or other reserves.

C. Authority to Use. The Board of Commissioners must authorize the use of this reserve through an appropriation resolution.

D. Amounts and Limits. No limitations are placed on the amounts which may be placed in this reserve.

6. Special Projects Reserve

A. Purpose. The Special Projects Reserve is established to assist the County in continuing its normal operations without increasing the tax rate or by reducing tax rate increases. As such, this source may be used to fund any appropriate County expenditure.

B. Funding. The Special Projects Reserve is funded by specific revenue sources that are legally restricted as to use by Federal or State Governments or special purposes established by the Board of Commissioners.

C. Authority to Use. Each project has its own authority for use and can use

it for the designated/legal purposes up to the full reserve balance.

D. Amounts and Limits. No limitations are placed on the amounts which may be placed in this reserve.

7. Other Provisions

A. Creation of New Reserves. The Board of Commissioners may, at their discretion, create such other reserve funds as shall be deemed advisable. Such reserves shall be created by BOC resolution which shall include a statement as to the intent and purpose of the fund, the funding mechanism, and the authority to use and withdraw from the fund.

B. Elimination of Reserves. The Board of Commissioners may, by BOC resolution, eliminate any existing reserve. At the time such reserve is eliminated, the BOC shall either transfer any remaining balance to another designated reserve or undesignated fund balance or appropriate the remaining balance within the reserve to be used for the purpose for which the reserve was established, or for any other purposes designated by the Board of Commissioners.

C. Administrative Responsibilities. The Finance Director shall be responsible for monitoring Whitfield County's various reserves and for insuring that this policy is adhered to. The County Administrator is authorized to make recommendations to the BOC on the use of reserve funds both as an element of the annual operating budget submission and from time to time throughout the year as needs may arise.

REVENUE ADMINISTRATION POLICIES:

1. Whitfield County will try to maintain a diversified and stable revenue system to shelter it from short-run fluctuations in any one revenue source. The revenue mix should combine elastic and in-elastic revenue sources to minimize the effect of an economic downturn.

2. Whitfield County will estimate its revenues by an objective analytical process that strives to avoid estimates that are not achievable.

3. Whitfield County will follow a policy of paying for services with user charges when possible to reduce the reliance on taxes and other general revenue sources.

4. Whitfield County will aggressively seek public and private grants,

contracts, and other outside sources of funding projects when appropriate.

5. Whitfield County will establish the levels of all user charges based on an analysis of the cost of providing the services. User charges will be re-evaluated annually.

6. Whitfield County will set fee charges for each Enterprise Fund at a level that fully supports the total direct and indirect cost of the activity. Indirect costs include the cost of annual depreciation of capital assets and requirements for future capital costs.

ACCOUNTING. AUDITING. & FINANCIAL REPORTING:

1. An independent audit in compliance with Generally Accepted Audit Standards will be performed annually by a qualified external auditor in accordance with GA Code 36-81-7.

2. Whitfield County Government will prepare a Comprehensive Annual Financial Report in accordance with Generally Accepted Accounting Principles (GAAP).

3. Whitfield County will strive to prepare the Comprehensive Annual Financial Report to meet the standards of the GFOA Certificate of Achievement in Financial Reporting Program.

4. Whitfield County will establish and maintain a high degree of accounting practice. Accounting systems will conform to Generally Accepted Accounting Principles (GAAP).

5. Whitfield County will maintain accurate records of all assets to insure a high degree of stewardship of public property.

6. Whitfield County will develop an ongoing system of financial reporting to meet the needs of the governing authority, the manager, department heads, and the general public. The reporting systems will promote budgetary control and comparative analysis.

7. Whitfield County shall review billings related to the various properties in the name of Whitfield County Industrial Development Authority on behalf of private entities to be sure that all entities are paying the correct amount of property tax.

   When industrial revenues bonds have been issued on behalf of a private entity and their property has been placed in the name of the Whitfield County Industrial Development Authority, this review shall include determining whether a tax abatement agreement has been entered into or not. If not, then the review shall determine that the private entity has been billed for the full amount of the property taxes for the year.

Where tax abatement agreements have been entered into with those companies, this review shall include ensuring that the terms of the abatement have been followed correctly in determining the property values to be taxed for the year.

It will also include ensuring that when such abatement agreements or industrial revenue bonds expire, that the properties in question are transferred back into the name of the private entity and have been included in the digest valuation for the appropriate year property taxes so that the proper billing will be made.

DEBT POLICIES:

1. Whitfield County will confine long-term borrowing to capital improvements and moral obligations.

2. Whitfield County will not use short-term debt for operating purposes.

3. Whitfield County will follow a policy of full disclosure on every financial report and bond prospectus.

4. General obligation debt will not be used for enterprise activities.

5. Enterprise Fund debt will be used only when revenues are sufficient to satisfy operating expenses and debt service requirements.

6. Whitfield County will limit the use of lease purchase and other short-term debt when possible.

INVESTMENT POLICIES:

1. Whitfield County will maintain a program of investing all government funds under the direction of the Manger or designee.

2. The investment program shall be operated based on the following principles in the order listed.

   A. Legality - all investments comply with state and local laws.

   B. Safety - principal is protected from loss with secure investment practices
   and collateralization.

   C. Liquidity - investments are readily convertible to cash when needed without losses; and

D. Yield of Return on Investment - earnings are maximized without diminishing the other principles.

3. The investment program shall comply with all Georgia laws and federal/state regulations for investing public funds and safekeeping/security requirements.

4. The investment program should use a competitive selection process for investments in excess of 30 days. Investments should only be placed with qualified financial institutions.

5. The investment program should provide for a system of internal control over investments and timely financial reporting over investing activities.

6. All investments shall be made with consideration for environmental and human rights impact.

PURCHASING POLICIES:

1. It is the intent of the governing authority of Whitfield County, Georgia to establish uniform regulations and procedures to provide for an efficient and fiscally responsible system for the purchase of materials and services necessary for the effective operations of the county. The administration of this system will comply with the highest ethical and fiscal standards and applicable laws.

2. The County Administrator shall be responsible for the operation of Whitfield County's purchasing system.

3. All departments and agencies of Whitfield County must utilize competitive bidding procedures as specified in an ordinance adopted by the Commission.

4. Bids will be awarded on a nondiscriminatory basis with appropriate efforts to include local businesses.

5. Whitfield County will strive to obtain the highest quality of goods and services for the most economical costs. Bulk purchases, quantity discounts, standardization of common items, and other approaches will be used to economically acquire goods and services.

6. The Finance Department shall have full authority to question the quality to question the quality, quantity, and type of commodity or service requisitioned to assure that the best interest of the County are served. However, the Finance Department shall not alter or in any way change

technical requirements stated on the requisition.

7. The Finance Department shall have the authority to require a performance bond, before entering a contract, in such amount as it shall find reasonably necessary to protect the best interests of the County.

8. The Finance Department shall not receive any benefit or profit from any contract or purchase made by the County.

9. Other than advertising novelties, acceptance of gifts at any time shall be prohibited. No County employee shall become obligated to any vendor and shall not conclude any County transaction from which they may personally benefit directly or indirectly.

10. The Finance Department shall strive to maintain strong professional and cooperative relationships with vendors and also with those who have a desire to meet the quality, service, and price needs of the County.

11. All qualified bidders shall be given equal opportunities and terms to quote on a specified item.

12. The Finance Department shall not knowingly issue a purchase order when there is a conflict of interest. All known or suspected conflicts of interest shall be referred to the County Attorney, whose opinion shall be final in the absence of any specific instructions from the County Administrator of County Commissioners. The issuing authority shall document such instructions.

13. The Finance Director shall have the authority to place Vendors on the Ineligible Vendor List for a period of Two (2) Years if the Vendor submits a bid in bad faith, willfully, or repeatedly breaches a contract with the County, or establishes a pattern or practice of unethical or immoral business practices.

BUDGETING AND ACCOUNTING CONTROLS:

As the chief financial officer for Whitfield County, the Finance Director is responsible for establishing and maintaining internal controls to ensure that the assets of the county are protected from loss, theft, misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and that the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the government is

also responsible for ensuring that adequate internal controls are in place to assure compliance with applicable laws and regulations related to those programs. Thus internal controls are subject to periodic evaluation by management.

In addition, the county maintains budgetary controls to ensure compliance with the annual appropriated budget approved by the Whitfield County Commission. Annual appropriated budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, debt service fund, and all special revenue funds. Annual operating budgets are not legally required for enterprise funds, but are prepared for use in planning, control, and evaluation purposes. Budgetary control is essential to ensure high-quality financial management, and that the county has established a tradition of balanced budgets and good budgetary control. Budgets are prepared for all fund types. For each fund, financing sources are identified for all expenditures/ expenses. The level of budgetary control (the level at which expenditures cannot legally exceed the approved budget) is established at the department level. Appropriated amounts lapse at year end and are generally re-appropriated as part of the following year's budget.

Bonds:

The County has three Revenue Bond Series, issued through the Dalton-Whitfield Joint Development Authority and backed by a pledge of up to 1 Mill of property tax proceeds. These are all budgeted in the General Fund, Debt Service line.

Series 2009:

In 2009, the County issued $3,625,000 of revenue bonds through the Dalton-Whitfield Joint Development Authority. The proceeds were used for the acquisition and development of land for Commerce Park I, which became the site for a $71,000,000 plant constructed by IVC, USA, and for a sewer line to the Tunnel Hill interstate exit. Series 2010A & 2010B:

As Commerce Park I was fully utilized by the IVC project, the County needed additional land to allow the Joint Development Agency (JDA) to continue to recruit new businesses to the County. In 2010, the County was able to purchase land adjacent to I-75 at the Carbondale exit and has been named the Carbondale Business Park. Any new business that is recruited into the Carbondale Business Park will purchase the land used for their site. Since this land will not be used for a public purpose but for private development, the land designed for resale had to be issued under a taxable bond issue (Series 2010B) for 15 years. Note: As parcels of land are sold, that portion of these bonds will be retired.

The roads, entrances, and development are all for public purposes and were issued under a non-taxable bond issue (Series 2010A) for 10 years. Series 2010A bonds were issued in the amount of $3,775,000 and Series 2010B was for $6,075,000.

INDIRECT COST CENTER ALLOCATION

Whitfield County began to allocate the costs of departments that primarily service other departments with the County (indirect costs) rather than the general public (direct cost centers) in 2009. To give a better picture of the true costs of the direct cost departments to the public, indirect costs are allocated to the direct cost centers in the following manner:

1. Information Technology - The Information Technology services are responsible for providing and maintaining the County's network computer system and aid in software selection and training. This department works from a budget all its own. The IT allocations are based on the number of devices in each department.

2. Board of Commissioners – (a) General Administration and Human Resources (HR) and (b) Finance and Accounting:

   (a) General Administration/Personnel - General Administration of the Whitfield County Board of Commissioners offices consists of the office of the County Administrator, Executive Assistant and the Clerk of Commissioners. The Personnel-HR division is responsible for recruitment, testing, interview assistance and on with assisting in the selection of County employees on an as needed basis. Personnel records are managed and employee benefits are coordinated for all County employees. Additional tasks include administrative assistance with regard to insurance risk management and Countywide training programs. This department works from a budget all its own. The General Administration/Personnel allocations are based on the number of employees in each department.

   (b) Finance and Accounting - The Accounting division provides accounting services for all cost centers. This division records revenues and expenses, provides prepared financial statements, provides payroll services, participates in the budget preparation and monitors investments. The finance office also reviews and approves all invoices and disburses County funds. The office had the duty to audit all cash accounts of the County. This department works from a budget all its own. The Finance Department allocations are based on the number of employees in each department.

3. Building & Grounds - The Building & Grounds division provides maintenance and custodial service for the various facilities owned by Whitfield County. This department works from a budget all its own. The Building & Grounds allocations are based on square footage and by departments.

PERSONNEL SUMMARY

For the FY 2011 Budget, Whitfield County has funded 514 full-time employees and 25 part-time employees for a total employment of 539. This is a drop of 2% or 13 positions from 2010. Each of the regular full-time employees will also be subject to at least 4 furlough days and may have additional departmental level furlough days.

The following page details the count by functional area such as General Government, Judicial, Public Safety, etc. with a listing of the departments falling into these functional areas.

Note the following:

- The staff of the Public Defenders and District Attorney's offices are all either contract or state positions and are not included in Whitfield County employment numbers
- Part-Time Staff. We have elected not to count the following groups in our part-time staff numbers as not being normal part-time staff. These 2 groups have a relatively high number of workers but work very occasionally and would skew the true employment picture.
    - Because of an Internal Revenue Service ruling, Poll Workers are now treated as employees.
    - The Parks & Recreation Department cancelled a contract for Officials/Referees for the various sports and has elected to hire the officiating on a per game basis.

BOARD OF ELECTIONS

Mission

The mission of the Board of Elections is to provide an efficient means for citizens to cast a vote, to ensure an accurate list of voters, and to actively promote voter education, thus instilling confidence that public officials are properly elected.

Goals

- Prepare, conduct and administer all elections in Dalton-Varnell-Whitfield County
- Provide for proper maintenance and security of voting equipment
- Prepare, deliver, and oversee absentee balloting for all elections including adhering to federal and state guidelines for military and overseas voters
- Obtain, maintain and safeguard the registration of all eligible voters for all elections; to do this accurately and legally and with the least amount of inconvenience to voters; and to adequately function as a public relations and information facility at all times
- Establish and maintain precinct lines, controlling any disproportionate inequities in population to include redistricting due to representative district line shifts and the Census
- Continually evaluate and survey polling locations to ensure handicap accessibility, and to try to alleviate long lines on election day by ensuring that sites are properly suited and staffed

TAX COMMISSIONER

Mission

Our focus on being A Leader in Public Service has never been more acute. We are committed to being accountable to the citizens of Whitfield County, as well as to others for whom we provide services.

The Georgia Constitution mandates the Office of the Tax Commissioner. This office safeguards tax receipts of Whitfield County. This office complies with all Constitutional laws of Georgia pertaining to the Tax Commissioner's Office, as well as state and local legislation and regulations.

In partnership with state, county and city governments, the Whitfield County Tax Commissioner's Office is charged with the responsibility of collecting taxes, taking application of title, certificate of registration and license plates to vehicles owned and operated in Whitfield County. This office collects out of state sales tax on vehicles purchased outside the state of Georgia. It is also responsible with the duty of issuing handicapped placards and mobile home decals. Homestead and other related exemption applications are filed in this office. The Whitfield County Tax Commissioner's office will provide services that are accessible and responsive to the needs of the citizens of the greater Dalton/Whitfield County area through innovation, technology and a professional workforce.

Our goal is to perform these duties efficiently, timely and to provide our citizens with above measure quality customer service. The Whitfield County Tax Commissioner's Office continually remains available and sensitive to the needs of our citizens through a professional workforce, innovation and integrating technology.

Goals

- Presence of TEAMWORK - Demonstrate proactive INNOVATION
- Thrive to SERVE customers
- Establish meaningful and challenging work that matches employee skill and interest
- Provide OPEN and ETHICAL work environment
- LEAD by fact to remain conservative stewards of public resources
- Forecast FUTURE needs
- Cross-train Employees to build better Customer Service and timely Operations
- Monthly staff meeting focusing on positive impression and professional image
- Implement employee incentives to raise awareness of individual customer service abilities
- Monthly scorecards to promote self development through analysis performance

Methodology- Vision

Issuance of motor vehicle license plate decals is handled by customer service representatives, mail or internet services. Transactions processed by customer service representatives or by the internet can be paid by credit card. Property tax payments are collected by customer service representatives, by mail or through internet services. The tax payments can be viewed the following day by internet service at www.whitfieldcountyga.com.

These collections include real estate, mobile homes, personal property, ad valorem tax on motor vehicles, tag and title fees, sales tax, insurance lapse fees, and other related duties as required.

Collections for all governing bodies such as the City of Dalton, School Systems (County and City), Whitfield County Government and the State of Georgia.

Foster teamwork ~ encourage proactive innovation ~ Exist to SERVE

Provide more than adequate places and services to allow our citizens ease in payment and collection of information; we strive to Lead in Customer Service.

SUPERIOR COURT

Mission

Article III, Section 2 of the United States Constitution creates the mission for the Superior Courts in that it establishes the power of the Judicial Branch of Government. Furthermore, the Fifth, Sixth, and Seventh Amendments to this same Constitution describe in more detail how the courts are to function in order to protect the rights of our citizens and establish the mission of the court system.

Amendment 5 - Trial and Punishment, Compensation for Takings
No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in the Militia, when in actual service in time of War or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation.

Amendment 6 - Right to Speedy Trial, Confrontation of Witnesses
In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the Assistance of Counsel for his defense.

Amendment 7 - Trial by Jury in Civil Cases
In Suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury, shall be otherwise re-examined in any Court of the United States, than according to the rules of the common law.

Goals

- To provide a safe and efficient experience to the citizens
- To enhance the process of the court as much as practical in order to expedite cases

PROBATE COURT

Mission

The Probate Court is designed to provide a wide variety of services for the general public. Our major functions fall under two categories. The "Probate" or civil Department has the responsibility of assisting in matters regarding the probate of wills and the administration of estates, guardianships and conservatorships of minors and incapacitated adults, and involuntary mental health evaluations. The issuance of firearms' permits, fireworks permits and marriage licenses' are also obtained through this department. The "Traffic" or criminal Department is responsible for the intake, arraignment and trial of county misdemeanor traffic citations. Revenue received from probate fees or traffic fines is disbursed to various State programs and the Board of Commissioners office as provided by Georgia law.

Goals

- To conduct monthly staff meetings for the purpose of providing a more efficient operation and to educate employees of Court practices and procedures
- To have Court staff attend training on updated laws and procedures on at least a biennial basis
- To complete program for access to records from the internet through file imaging
- To maintain an office of integrity, competence and accessibility through a courteous manner and concern for the needs of the general public

SHERIFF'S DEPARTMENT

Mission

The mission of the Whitfield County Sheriff's Office is to affirmatively promote a feeling of safety and security to the members of our community. We do this by providing high quality police services related to the protection of life and property; by taking steps to prevent criminal activity; by detecting and investigating criminal activity; by the apprehension and incarceration of offenders and the enforcement of criminal laws; by recovering property; by providing leadership in community involvement and awareness programs; by keeping and maintaining records; by training of personnel; and by maintaining high ethical standards.

Goals

- Work with Human Resources to develop a pre-employment protocol for improving the screening and selection of law enforcement recruits.
- Develop strategies which will enable our Patrol Division to be more fuel efficient during their daily duties.
- Enhance the "On the Job" training program for new recruits in the Detention Division of the Sheriff's Office.
- Have additional supervisors from the Sheriff's Office attend and successfully complete the "Professional Management Program."

FIRE DEPARTMENT

Mission

The Fire Department's mission is to serve our citizens with a combination of modern fire suppression, fire prevention and public safety education methods to reduce the loss of lives and property.

Goals

- Continue to make improvements & additions to the Training Center. Examples;
  - Bathroom facilities
  - LP Gas fire simulators
  - Area for extrication training
- Add a minimum of 20 additional full-time personnel, to allow a minimum of 2 personnel at each station 24/7, as allowed by budget
- Continued replacement of older vehicles and equipment on a regular basis as allowed by budget
- Addition of 3 Fire Stations:
  - A Fire Headquarters
  - One to cover the northwest section of county
  - One for the area between Eastside, Valley Point, and Carbondale
  - These additional stations would be a step toward improving our ISO rating, based on their latest report
- Maintain a modern and effective training program through up-to-date training manuals, training software & hardware, etc.
- Maintain a good working relationship with all departments within the county in order to provide the best service possible
- Continue to provide opportunities to our employees to advance their education in the area of Fire Science
- Continue our conservative spending practices
- Continue our fuel and utilities cost saving policies

ANIMAL CONTROL

Mission

The Whitfield County Animal Shelter exists for the sole purpose to provide temporary housing for abused, loose and unattended, and owner relinquished animals. The mission of the shelter, while performing this task, is to provide a secure environment with proper nourishment and care to sustain life until a disposition can be determined.

Goals

- The goals of the Whitfield County Animal Shelter are to operate efficiently within the given set of budget parameters.
- Work in conjunction with the Humane Society of Northwest Georgia, and Atlanta Pet Rescue and Adoption Inc. for the successful placement of unwanted adoptable animals.
- Provide guidance and assurance for those individuals faced with the necessity of using our shelter.
- Act in the most humane manner possible while carrying out the euthanasia process when a final disposition has been determined.

SOLID WASTE DISPOSAL

Mission

The Dalton-Whitfield Regional Solid Waste Management Authority's mission is to provide a public service that protects human health and environment and economically manages solid waste for the citizens of Whitfield County and the City of Dalton.

Goals

- Maintain a constant annual disposal tonnage over the planning period despite an increase in population and industrial activity
- Provide consistent and universal access to collection services for solid waste to all citizens in Whitfield County
- Ensure that solid waste handling facilities have capacity to handle all solid waste generated in the County, do not negatively impact the natural environment or public health, and are consistent with the Solid Waste Management Plan
- Ensure that proposed solid waste handling facilities and expansions are consistent with environmental requirements, local land use plans, and the Solid Waste Management Plan
- Ensure that all citizens of Whitfield County have access to information about waste reduction and solid waste management

Narrative

The Authority operates as an Enterprise Fund, supported mainly by user fees. All user fees are retained and dedicated to the operation, future development, closure, and post closure activities. Revenues are also generated through the sales of recyclables, wetland and stream mitigation credits, landfill gas, and greenhouse gas credits. These additional revenue streams help to diversify the sources of revenue and help to minimize the impact of the current economic situation. In light of current economic conditions the Authority carefully reviews and adjusts its operations and expenditures to reflect lower operating revenues.

FAMILY SUPPORT COUNCIL

Mission

Murray/Whitfield Court Appointed Special Advocate (CASA) provides community-based advocacy to make certain the needs of abused and neglected children are met quickly. Trained and supervised CASA volunteer advocates provide a sustained focus on the child's best interest to avoid further victimization, and to educate the community about the needs of abused and neglected children, to advocate for resources, to help the legal system be more focused: one child at a time, so the child's right to a permanent, safe home is ensured.

Goals

- Safety Goal – CASA advocates make independently based recommendations, service referrals, monitoring of compliance and barrier removals for reunification efforts. Cases receive monthly advocate contact. CASA monitors indicators of improvement in school progress, educational needs, childcare adequacy, health needs, socialization skills, visitation with family including siblings. Adequacy, location, and safety of the family home are monitored. Indicators of improved family functioning typically includes: participation/completion of parent education, anger management, domestic violence treatment, substance abuse treatment and psychological evaluation and adherence to recommendations. The outcome will be reduced repeat maltreatment.

- Permanency Goal – CASA is cognizant of the importance of the child's sense of time, and the need for stability, nurturance and consistency. To reach the goal of permanency, CASA assesses family strength and works diligently to prevent unnecessary case court delays and promotes prompt compliance with reunification goals. CASA recognizes and supports removal of barriers to reunification with the family. Barriers may include: substance abuse; domestic violence; parenting ignorance; unemployment; child behavior unmet medical, social or psychological needs; transportation; and numerous other needs. CASA strongly advocates for the placement of siblings together while in care, preferably in close proximity to family. CASA encourages consistent visitation with parents and siblings. When reunification with the family of origin is not

appropriate, relative placement is the next preferred option, with adoption being third. The outcome will be permanency.

- Well-Being Goal – To achieve the goal of child well being, CASA volunteers donate their time, expertise and energy for the wellbeing of our children. The advocates receive 40 hours of intensive advocacy training and undergo state and federal criminal background checks before they can become official advocates of the deprived children. The well-being (referred to in CASA as **"best interest"** of the child) is the primary goal of CASA training and advocacy. Family reunification is the preferred outcome for CASA advocacy with families having the capacity to provide for their children's need

Narrative

Advocacy entails the referral of appropriate community services. Support of the families in acceptance of the services and monitoring of participation and resultant outcomes of improved family functioning are key advocacy components. CASA monitors demonstration of service outcomes and reports to the juvenile court accordingly. Indicators that family reunification is successful occur when the family becomes knowledgeable about community resources and are enabled to access resources as needed. Families will show evidence of improved capacity in parenting skills, and knowledge of developmental, educational, physical and mental needs of their child prior to recommendation of reunification by a CASA Advocate.

PARKS AND RECREATION DEPARTMENT

Mission

The Whitfield County Parks and Recreation Department is committed to provide organizational, professional, developmental, and maintenance assistance to the sponsoring community volunteer agencies of the elementary school districts.

This commitment includes the purpose of providing organized recreational activities for the youth of Whitfield County to aid in the physical development through fun and exercise, teach the basic fundamental skills of each individual sport offered, aid in the social development through good sportsmanship and moral character with adult guidance and to teach good attitudes and discipline. The organizational commitment includes arranging meetings with the community athletic associations to insure the rules are fair and apply to all teams, to provide an Executive Committee of volunteers to govern all youth leagues participating and to insure that all participants can register in their local community.

The Parks and Recreation Department staff is dedicated to train and develop good skills in the adult coaches through clinics and classroom study.

The Parks and Recreation Department is responsible to develop and maintain recreational facilities at each community park in cooperation with the Whitfield County Board of Education and the local community volunteer athletic associations.

Goals

- Promote and market Whitfield County's Recreation Programs, Parks and Open Spaces. Offer new opportunities for residents!
- Maintain harmony with Community Associations
- Ensure every Visitor has a quality experience
- To construct a community park for the residents in the West Side community
- Refurbish existing Park Facilities to a high standard

- Implement new programs that will serve more residents
- Involve and Empower Community Groups
- Conserve and sustain Whitfield County's Natural and Cultural Resources for future generations
- Work out an agreement with the School System on joint use of facilities
- Continue to utilize inmate labor to upgrade existing facilities throughout our park system
- Continue to work with City of Dalton, Tunnel Hill, Cohutta and Varnell on future possibilities for recreation

DALTON REGIONAL LIBRARY

Mission

The Dalton-Whitfield County Public Library will provide a well-selected, organized collection of print, non-print and electronic materials, and special programming to meet the informational, educational, recreational, and cultural needs of a growing, diverse community, with emphasis placed on the chosen roles of the library system.

Goals

- CHILDREN'S DOOR TO LEARNING: The children in the area served by DWPL, as well as their parents or guardians, will have access to the materials and programs necessary to provide a foundation for lifelong learning.
- REFERENCE, SPECIAL COLLECTIONS AND GENEALOGY: The citizens of Dalton and Whitfield County will have access to the materials and services necessary to meet their informational and reference needs.
- LIFELONG INDEPENDENT LEARNING LIBRARY: The citizens served by DWPL will have access to materials, services and programs to promote lifelong learning and self-directed personal growth.
- POPULAR MATERIALS LIBRARY: The DWPL will provide current books and materials in various formats to meet the popular fiction and non-fiction needs of the service area.

Vision

The Dalton-Whitfield County Public Library (DWPL) strives to anticipate and meet the needs and wants of its citizens by providing excellent service and materials within the budget available to the library program.

Narrative

The library staff and board have identified issues that must be addressed if the library is to fulfill its vision. Issues addressed are: Technology, Staffing, and Facilities. Goals and objectives were written to show improvement in every issue and to enable us to chart improvement in these areas. Again, objectives and other plan information are available in detail, but I have attempted to follow the model provided, and keep our response brief.

- TECHNOLOGY: The DWPL will maintain current equipment, and provide for future technology and education of staff.
- STAFF: The DWPL will provide staff to meet goals and objectives and work toward meeting state minimum staffing standards.
- FACILITIES: DWPL will work to meet the state standard of .6 square feet of library space per capita, as well as maintain the library infrastructure/physical plant(s).

- Cost Containment Measures: There are a number of reductions that have already been made here, and others which we have planned. A few of these are noted below:
  - We have moved from 18 full-time staff positions to 13, and we have moved from 4 part-time positions to 6. We expect to eliminate another position this spring.
  - We have eliminated an administrative assistant position and a regional secretary position, eliminated a Public Services Library Assistant position, eliminated an Information Technology Library Assistant position, and changed a "converted" state-paid librarian's position to a support staff position (saves at least $30,000 per year).
  - We have reduced staff travel (we have sent no one to a national or regional conference, for example), we limit use of private automobiles when we can (often, staff members donate the cost of trips, both in the area and around the state), and we have cut the number and expense of cell phones, etc.

COUNTY EXTENSION SERVICE

Mission

The mission of the University of Georgia Cooperative Extension in Whitfield County is to extend lifelong learning to Georgia citizens through unbiased, research-based education in agriculture, environmental studies, communities, youth and families. The UGA Whitfield County Extension staff will research, verify, and disseminate this knowledge via student education, public outreach programs and educational seminars. Whitfield County Extension will serve the public by providing relevant and accurate programming that seeks to improve the quality of life of the citizens of Whitfield County and promotes positive development in the areas of Agricultural and Natural Resources, Family and Consumer Sciences, and 4-H.

Goals

- Provide, in a timely manner, accurate information to the citizens of Whitfield and neighboring counties in regards to Agriculture and Natural Resources, Family and Consumer Sciences, and 4-H
- Determine the educational needs of Whitfield County residents
- Develop programs that specifically target and impact these needs
- Receive the professional and educational trainings necessary to address these determined needs
- Be a trusted source of education, innovation, and information for the county's agricultural industry and all residents in Whitfield County
- Provide education and information to promote healthy lifestyles for Whitfield County residents
- Assist Whitfield County's youth via 4-H in-school and after school programs in acquiring knowledge, developing life skills, and forming attitudes that will enable them to become self-directing, productive and contributing members of society

NARRATIVE

Whitfield County Extension touches the lives of Whitfield County residents in many different ways.

- **Agriculture and Natural Resources** programs include the Whitfield/Murray County Master Gardener monthly meetings with approximately 30 active members and 17 current interns; two Adopt-a-Stream activities – monthly monitoring at Tar Creek/Al Rollins Park and an Annual River's Alive clean up event at McClellan Creek/Civitan Park; Lakeshore Community Garden with 44 members working 56 plots as well as a gleaner's garden whose produce is donated to local food banks; an educational rain

garden at Al Rollins Park; setting up water conservation or horticultural displays at various community events; collaborations with Northwest GA Fair Board, Civitan Club, Dalton Tree Board, Keep Dalton/Whitfield Beautiful, Whitfield County Saddle Club, Cattleman's Association and local garden clubs, as well as agriculture/natural resources classes with Southeast High School.

- **Family and Consumer Science** program priorities in Whitfield County are focused on offering: continuing education courses for state mandated trainings for employees in the food service and child care industries, state accepted continuing education training courses for childcare center directors and staff, a personal financial course for filers of Chapter 7 or 13 mandated by the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005, and various nutrition classes and exhibits addressing healthy lifestyles. Whitfield County Extension promotes Walk Georgia, a statewide Extension program, every spring and fall. This program encourages exercise to help reduce risks of obesity and chronic diseases such as diabetes and cancer.

- **Whitfield County 4-H** In-school programs use the University of Georgia's "*Agriscience*", "*Your Money, Your Future*", and *"Project Citizen"* curricula, meeting Georgia Performance Standards and bringing experiential learning opportunities to the Whitfield County and Dalton Public schools . In addition, 4-H club meetings are held for homeschoolers in Whitfield County and at the Boys and Girls Club. Over 1,200 4-H'ers participate in Whitfield County 4-H programs. Whitfield County Extension Office

INSPECTIONS & ENFORCEMENT DEPARTMENT

Mission

The Inspection and Enforcement division of the Whitfield Planning and Engineering Department is responsible for the administration and enforcement of the Georgia minimum standard technical codes for construction and the enforcement of the City of Dalton and Whitfield County ordinances for building, zoning and property maintenance to ensure the health, safety and welfare of the general public.

Goals

- To develop and retain a highly trained and qualified staff of certified professional inspectors. All inspectors will cross train to competently perform all inspections for a single structure providing better personal service than a succession of different inspectors.

- To provide quality customer service through prompt, courteous, knowledgeable responses to citizen inquires and efficient processing of applications for permits and plan reviews.

- To promptly investigate complaints of violations of Whitfield County and City of Dalton zoning regulations and the adopted property maintenance codes and to initiate actions to abate such violations. The inspections staff will also be responsible for enforcement of these regulations.

- To save time and conserve fuel by combining inspections where possible to reduce the number of driving trips to construction projects, planning the most efficient inspection routes reducing back tracking, and dividing inspections by areas to limit driving time between inspections and prevent overlapping inspection routes.

- To train all staff to be proficient in the use of permitting software.

Narrative

The Inspections and Enforcement office will maintain a relatively small staff of inspector/code enforcement personnel cross-trained in all code areas including construction, zoning enforcement, housing and property maintenance. This will allow greater flexibility in assigning work to the inspectors and empower them to resolve all code issues without referring identified violations to others.

Fuel and vehicle maintenance cost will be reduced by planning more efficient inspections and inspection routes requiring fewer driving miles. This should also allow inspectors more time in the office for training, entering inspection information into the computer and returning calls and emails.

Dalton-Whitfield Planning Department

DALTON/WHITFIELD METROPOLITAN PLANNING ORGANIZATION (MPO)

Mission

The overall mission of the MPO is to maintain a continuing, comprehensive, and cooperative planning process. Led by two MPO committees, the process is designed to encourage involvement by all interested groups, such as the business community, neighborhood associations, environmental organizations, social service agencies, educational institutions, and the general public. The MPO in coordination with local governments, local transportation agencies, the Georgia Department of Transportation, and Federal Highway and Transit Administration conduct the transportation planning process.

Goals

1. **Establish a setting:** Establish and manage a fair and impartial setting for effective regional decision making in the metropolitan area.

2. **Evaluate alternatives:** Evaluate transportation alternatives in context with the geography, the nature of existing transportation issues, and the available options. Evaluation of alternative is included in various planning activities that are outlined in the Unified Planning Work Program (UPWP).

3. **Develop a Unified Planning Work Program (UPWP):** Develop an annual work program that outlines the transportation planning activities to be performed by the MPO staff and other agencies.

4. **Maintain a Long Range Transportation Plan (LRTP):** Develop and update a long-range transportation plan for the Dalton/Whitfield County Urban Area covering a planning horizon of at least twenty years that promotes (1) mobility, access and safety for people and goods, (2) efficient transportation system performance and preservation, and (3) quality of life.

5. **Develop a Transportation Improvement Program (TIP):** Develop a program based on the long-range transportation plan and designed to serve Dalton and Whitfield County's goals, using expenditure, regulations, operating, management, and financial tools.

6. **Involve the Public:** With the aid of the MPO Citizens Advisory Committee, involve the general public and significantly affected sub-groups in the five functions listed above.

EMERGENCY SERVICES
E-911 Agency

Mission

Whitfield County Emergency Services 911 Communications Center strives to provide the most effective emergency communications possible. To reach this goal, we must establish and adhere to professional standards, attract, train and retain the qualified employees necessary to provide this service.

Goals

1. Provide the most effective emergency communications possible for the citizens and visitors of Whitfield County.
2. Provide public safety field personnel with professional communication services emphasizing safety, accuracy and cooperation.
3. Continue researching and providing an effective training program.
4. Establish, maintain, review and update guidelines and policies.
5. Continually seek out ways to improve the communications services we provide.

SUPERIOR COURT
Alternative Dispute Resolution Program

Mission

The Alternative Dispute Resolution or "ADR" Program provides a means for civil and domestic cases to be settled which can many times be faster and less costly than the use of traditional court proceedings such as hearings and trials. The most common form of ADR used in this program is "Mediation", in which a neutral third party called a mediator meets confidentially with the parties, and sometimes their attorneys to help them find common grounds of understanding which may lead to an acceptable solution to their dispute. When mediation is successful, since the parties have participated in the settlement of their case they will usually be more satisfied with the outcome and therefore less likely to need future court services. However, if an agreement cannot be reached through mediation the case will continue on through the normal court process. Cases are referred to the ADR Program by the judge assigned to the case and any party or their attorney may request that the judge make a referral. In most cases ADR Program services are free of charge to the parties. (Local Court ADR Rules)

SUPERIOR COURT
Divorcing Parents Seminar

Mission

The Divorcing Parents Seminar is a four-hour educational program designed to assist parents by offering time-proven information on ways they may effectively help their children cope with divorce or other family discord. The parties in all domestic cases involving minor children must attend the seminar before their cases can be finalized. The seminar is offered each month in Murray and Whitfield counties at a session on a Thursday morning in Dalton; a session on a Saturday morning in Chatsworth; and two, two-hour evening sessions in Dalton. Pre-registration at the Superior Court Clerk's Office in either Murray or Whitfield County is required before the seminar can be attended. Registration by telephone or at a seminar session is not allowed. There is a $30 per person fee charged to offset the expenses of the program. However, anyone who cannot afford to pay the fee may file a written application for fee waiver in the Court Administrator's office 8:30 a.m. to 4:30 p.m., Monday through Friday. The office is located on the second floor of the Whitfield County Courthouse.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources for the payment of general obligation long-term debt principal and interest.

Whitfield County's debt is from the 2001 issue in the original amount of $53,760,000 at 3.2% - 5.0% used to finance the construction of capital projects. In 2007, excess funds from the 2000 SPLOST were invested to provide for 100% of the remaining debt obligations.

ENTERPRISE & INTERNAL SERVICE FUNDS

Enterprise Funds

Enterprise funds are used to account for operations that are financed and operated in a manner similar to a private business enterprise – where the intent of the County is (a) that the costs of providing the goods or services to the general public on a continuous basis be financed or recovered primarily through user charges; or (b) where the County has decided that periodic determination of net income is appropriate for accountability purposes. The County maintains the following enterprise funds:

- **Whitfield County Transit Service –** To account for the operations of the County's rural transit service operated under Section 18 of the Federal Transit Act of 1964. This program provides the public with non-medical bus service, both ambulatory & wheel chair, for all residents of Whitfield County.

- **NorthWest Georgia Trade & Convention Center –** The County shares with the City of Dalton in maintaining a regional trade and convention center. The trade center has 2 exhibit halls, 9 meeting rooms, a 230 seat lecture hall and an executive board room. It can handle 15 person meetings up to a 1500 person convention.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods and services provided by one department or agency to other departments of the County on a cost reimbursement basis. The County maintains the following internal service fund:

- **Workers Compensation –** To account for the County's workman's compensation expenses. The County's workers compensation costs are paid on a fully funded basis. In other words, the County pays for all actual claims and expenses of the program.

Both Enterprise & Internal Service funds do not require budgets under state regulations. Whitfield County has voluntarily chosen to budget for the Whitfield County Transit Service but not to budget for any other of these funds.

RURAL TRANSIT

Mission

The mission of the Rural Transit is to offer an opportunity for Whitfield County citizens and residents to provide safe and efficient transit services for the community to improve access to any countywide location (ex. business, commercial, activity centers, personal, etc).

Goals

- To maintain an effective and efficient network of transportation services available to the public
- To extend our services throughout the county by advertising to ensure that persons needing the service are aware and are able to use the service
- To grow and generate revenues through the farebox, which will cut budget and allow for growth
- To use DOT leased buses when the repair cost on an older bus (that is to be returned in the near future) is very costly to repair. This will keep our maintenance and repair costs down
- Continue to watch overtime carefully and only use when necessary

FY2011 BUDGET, CAPITAL FUND NARRATIVE

Plans have been reduced or postponed to future years to preserve the remaining fund balance.

The FY2011 Budget includes a FIVE-YEAR plan for capital expenditures.

The capital expenditure budget is designed to allow the County to plan and for and fund future capital needs. However, the effect of falling revenues have prevented the reservation for future expenditures and has resulted in much of the planned spending for FY 2011 to be deferred and for many future projects to be pushed out to future years. Unless this changes, the County will have a difficult make up period as both deferred and upcoming projects vie for funding.

This Narrative is keyed to the capital spreadsheets in the next section. If more information is needed about a specific project or proposal, please send your questions to the County Administrator.

Capital Projects for FY10 that haven't been completed have been continued into FY11.

Building & Grounds

1. Building Infrastructure Upgrades. The County has an inventory of 47± buildings. It is important to have a continuing maintenance program to repair or replace essential equipment such as heating and air conditioning, roof treatments and other upkeep work. The reinvestment program will fund the work. Part of this capital line will be for major, unscheduled repair work.

2. Administration Building #1 & #2, Structural Evaluation & Engineering. Admin. Building #2 was acquired for slightly more than the land cost. The building needs significant upgrades to weatherize the structure, make it handicapped accessible, redo bathrooms and plumbing, elevators, energy efficient lighting, etc.

   The County conducted a study at the end of 2008 which determined that it would be more cost effective to replace Building #2 with a structure that utilizes all the land area and consolidating offices currently in Administration Building #1 and services such as Building & Zoning. This would also significantly increase the available square footage. The consolidation would also help in creating a "ONE STOP SHOP" for permitting. Part of the project funding could come from the sale of the vacated buildings and properties. **Due to the economy, action on a new administration building and consolidation of offices has been pushed to the future. Only essential repairs and maintenance are in the FY2011**

budget. Note: The FY 2011 funding source for these repairs has not yet been identified. Accordingly, this work will not go forward without this funding.

3. Remodel Old Section of Courthouse.

   Remodel Large Courtroom. With the caseload expanding, it is expected that an additional Superior Court Judge will be authorized within the five-year time frame. Existing office space behind the old courtroom will be remodeled. (2014-2015)

Correctional Facility Expansion

It is difficult to predict when it will be necessary to add space for Corrections and also difficult to know the type of facility needed. Perhaps the expansion will be a dormitory for work release inmates, open-bay confinement areas or the more traditional design currently being used. The project is added as a financial placeholder. (2014-2015)

Emergency Communications—E911 & Emergency Management

Communication Antenna and Communications Network Evaluation. The current broadcast system has limitations that need to be evaluated. It will always be difficult to have highly reliable communications that cover all geographic areas over the mountain tops and down into the valleys. A technical evaluation will determine whether the aging systems are broadcasting at their design specifications and whether new equipment could provide higher reliability for emergency responders. Funds are projected to make upgrades. (2012-2014)

Fire Department

New Fire Stations and Headquarters. The most recent ISO Rating for Whitfield County pointed to several fire service improvements. At the north end of the county, there are areas more than five miles from a station. By building a station at the north end the ISO rating for structures will change from Class 9 to 5. This lower rating will result in much lower insurance premiums for homeowners and commercial establishments. In addition, there are a few new subdivisions at the north end that will increase demand for service.

1. Fire Station #11 (2013)

2. Fire Station Headquarters (2014)

3. Fire Station #12 (2015)

4. Fire Training Tower. The Training Tower is to be used for a better training environment. (2013)

5. Fire Truck Replacement Program. In recent years, the County has been without a regular schedule to replace fire equipment, pumpers and other response units. The replacement schedule proposes to replace one unit each year. The trucks respond to fire and medical emergency calls. In addition, the fire department has identified the need for 2 ladder trucks: The 1st to support the new county high school (pushed to 2012) and the 2nd to support the Carbondale Business Park (2013). **The FY2011 does not include funding for fire truck replacement or for a new ladder truck.**

Green Space, Historic Preservation & Conservation Easements

According to the U.S. Park Service, Whitfield County has the largest intact collection of Civil War defenses in the nation. The Whitfield County Commission has a strong interest in protecting these sites in addition to protecting its natural resources and undeveloped areas. Also, the upcoming Sesquicentennial celebration puts special emphasis on having historic sites available to visit and celebrate. Working with the Historic Preservation Commissions, Civil War Commission, Civil War Preservation Trust, the Georgia Battlefields Association, the Civil War Round Table and other groups, Whitfield County plans to continue its efforts at preservation and improvement of sites by acquiring more land, establishing and improving trailheads in addition to funding interpretative sites. (2011-2015)

Information Technology (IT)

In past years, the funding of an IT Strategy has fallen behind the investments in public safety and the judicial system. To provide the best support for public safety, the judicial system and other aspects of county government, a strong IT investment strategy is essential.

The value of the IT inventory is $2.674M. Because of constant improvements in 'operating systems' and software programs, computers need increased processing and storage power. Beyond the specific new programs discussed above, each year it is important to have a program to replace aging hardware and software computer systems. The funding for the FY 2011 projects has been cut in half. (2011-2015)

1. Financial Software. Our software vender has notified us that they are discontinuing the support of our current software. In addition, the County needs a more robust HR/Payroll system because our size and benefits. (2011)
2. Update GIS Aerial Photography. Our current GIS photography is out of date. We are sharing this cost with other entities and sharing the fly over with other counties to minimize the cost. (2011)

3. Public Works Software. The County does not have good public works software including the ability to track work requests from our citizens. (2012)
4. Database Integration. (2014)

Parks

The County has a relatively small inventory of parklands available for public use. With an expanding population and more demands for recreation, the Commissioners have an interest in increasing the investment in park assets.

1. Edwards Park completed in 2008.

2. P&R Master Plan completed in 2008.

3. Acquire New Park Lands. There aren't sufficient parklands available to meet current and future needs. Certain areas of the County have very few park assets. This financial plan will provide funding for the acquisition of additional property, facilitate the design and engineering work required to construct facilities, and appropriate monies to build the infrastructure. (2013,2015)

4. Westside Park construction/Miracle Field. The County purchased property a new site in 2010 that is much better suited for park use and allows for more features including a planned Miracle Field. Accordingly, the old site is being closed out. The Miracle Field will be funded by donations to a fund setup with the Community Foundation. The original intent was to get the roads & parking started in FY 2010 and completed in FY 2011 along with the ball field complex. However, much of this work has now been pushed into FY 2012 due to the overall budget situation. For FY 2011, a lump sum of $200,000 has been funded along with any labor and equipment costs that are in the Public Works operating budget to continue with the opening of the new site. (2011-2013)

Public Works

Public Works-Road Improvements. In 2008, a tax referendum for transportation (SPLOST) was passed that will fund road projects in excess of $45M over a 3-4 year period ending in 2011 (a few projects may extend into 2012). The projects will improve traffic safety and congestion in the towns and unincorporated areas. The SPLOST budgeting is covered in a separate account.

1. Road Upgrades, Maintenance. Both at the State and local road projects have been under-funded for many years. More monies need to be earmarked for

road maintenance and improvements. Without regular maintenance, the road system will get more costly to repair and resurface. In the coming years, more investment is programmed into the maintenance, upgrade and repair of roads. Part of the planning is to take advantage of the LARP Program though it has been greatly reduced by the state. (2011-2015)

2. Road Equipment Replacement. Much of the public works equipment is aging and will need to be replaced. An alternative study is underway to evaluate the use of leased equipment in lieu of replacement at least for some of the equipment inventory. (Unscheduled)

3. Guard Rails, ancillary work. Another part of the program will fund road safety items such as guard rails. (2011)

Service Centers

This new proposal is to help meet the service needs of a growing population. The creation of 'County Service Centers' with several services within one building will establish a linkage between residential and commerce centers. County services such as a Sheriff's substation, paramedic substation, branch library, indoor recreation, meeting rooms, etc will match current and future requirements. These Centers can be located at the crossroads of the County where it is easy for residents to walk, bike or drive. In addition, these Centers will facilitate the quick dispatch of county services. (2014-2015)

Vehicle & Motorized Equipment Replacement Program

The County has an extremely large fleet of vehicles in its public safety, judicial, public works and administrative departments. There has not been a program to regularly replace high mileage and high operating-hour equipment. The result has been a considerable amount of expensive and unscheduled engine replacements, problems with structural integrity, drive system repairs, etc. It is important to set aside monies to fund a regular replacement program, with priorities given to high mileage, operational inefficiency and repair costs. **2011 reduced to emergency replacement only plus 5 vehicles for the Sheriff's Dept.** (2011-2015)
