INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council
City of Arabi
Arabi, Georgia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and the remaining fund information of the City of Arabi, Georgia, as of and for the year ended December 31, 2011 which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Arabi's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and the business-type activities, and the remaining fund information of the City of Arabi, Georgia, as of December 31, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated June 30, 2012 on our consideration of the City of Arabi's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The budgetary information on page 25 is not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The City of Arabi has not presented management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be a part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Arabi's basic financial statements. The individual fund and account group schedules listed in the table of contents as Supplementary Information, and the Schedule of Projects Constructed with Special Sales Tax Proceeds, as required by Official Code of Georgia Annotated Section, 48-8-121, are presented for purposes of additional analysis and are not a required part of the basic financial statements of City of Arabi, Georgia. The individual fund and account group schedules listed in the table of contents as Supplementary Information, and the Schedule of Projects Constructed with Special Sales Tax Proceeds as required by the Official Code of Georgia Annotated Section, 48-8-121, has been subjected to the auditing procedures applied in the audit of the basic financial statements taken as a whole, and in our opinion are fairly presented in all material respects in relation to the basic financial statements taken as a whole.

Wade J. Hasty, CPA, P.C.

CITY OF ARABI, GEORGIA
STATEMENT OF FIDUCIARY ASSETS AND LIABILITIES
AT DECEMBER 31, 2011

NOTE 1 Summary of Significant Accounting Policies

A. Reporting Entity

The City of Arabi was established in 1917. The City operates under a mayor/council and clerk form of Government and provides the following services: public safety, police and fire, streets and sidewalks, recreation and general administrative services. In addition, the City operates a public utilities for water and sewage. Arabi Industrial Development Authority (The Authority) is a component unit of the City. The Authority is so intertwined with the city that it is in substance, the same as the city and, therefore, is blended and reported as if it were part of the city. The city appoints all the members of the Authority. There are no financial statements on the Authority.

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units.

B. Basis of Presentation, Basis of Accounting

Basis of Presentation

Government- Wide Statements: The Statement of Net Assets and the Statement of Activities display information about the City of Arabi's primary government (The City). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City, and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statements of activities. Program revenues include (A) fees, fines, and charges paid by the recipients of goods or services offered by the programs, and (B) grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

The City did not submit a "Management discussion and analysis" to be included in the audited financial statements for the year ended December 31, 2011.

Fund financial statements: The fund financial statements provide information about the City's funds, including its blended component unit. Separate statements for each fund category-governmental, and proprietary are presented. The City's only fiduciary fund, is the Fines & Fees Account. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charged to customers for sales and service. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTE 1 Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation, Basis of Accounting (Continued)

The City reports the following major governmental funds:

General Fund
This is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds
The Community Development Fund is used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specific purposes. The SPLOST Fund is a Capital Project Fund use to account for the SPLOST Revenue and Expenditures.

The City reports the following major enterprise fund:

Water Fund
This fund accounts for the operation, and maintenance of the City's Water Department. The fund is used to account for those operations that are financed and operated in a manner similar to private business.

Measurement Focus, Basis of Accounting

Government-Wide and Proprietary Fund Financial Statements. The Government-Wide and Proprietary Fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which The City gives (or receives) value without directly receiving (or giving) equal value in exchange, including taxes, grants entitlements, and donations. On an accrual basis, revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Taxes, Licenses and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general funds.

All governmental and business-type activities and enterprise funds of the City follow all FASB Statements and interpretations issued on or before November 30, 1989; Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

NOTE 1 Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation, Basis of Accounting (Continued)

Accumulated Unpaid Vacation or Sick Pay
These amounts are accounted for when paid. Such amounts are not accrued, and do not exceed normal year's accumulations.

Prepaids
Payments made to vendors for services that will benefit periods beyond December 31, 2011 are recorded as prepaid Items.

Inventories
The City of Arabi, Georgia reports materials purchased as expenditures when acquired due to lack of materiality.

Capitalization of Assets and Depreciation

Assets with an estimated life of five or more years are capitalized for both the General Fund Assets and Water Fund Assets. Depreciation is computed using the straight-line method with lives ranging from five (5) years fifty (50) years depending on the estimated life of the assets.

Asset	Years
Infrastructure	15-40
Buildings and structures	10-40
Equipment and furnishings	5-20
Water System	50

Investments
The City's cash is considered to be cash on hand, demand deposits, short-term investments, and monies invested in the Georgia local government investment pool. State statutes authorize the City to invest in obligations of the state of Georgia, the U.S. Government and Corporations of the U.S. Government, obligations insured by the by the U.S. Government, and the local government investment pool. The City has no other investments except certificates of deposit in various local banks.

Fund Equity
In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for a specific purpose. Designations of fund balance represents tentative management plans that are subject to change.

NOTE 3 C.D.B.G. Funds-Notes receivable

During 2008, the City utilized Revolving Loan Funds to assist Wanda Lynn Pate in the purchase of land, furniture, equipment and inventory for Pate's Country Store. The original amount of the loan was $40,000 at (5%) interest, and is to be paid back by a monthly payment of $316 over 15 years.

	Interest	Principle	Total
2012	1,653	2,144	3,797
2013	1,543	2,254	3,797
2014	1,428	2,369	3,797
2015	1,307	2,490	3,797
2016	1,180	2,617	3,797
2017-2023	4,099	22,166	26,265
Total	11,210	34,040	45,250

NOTE 4 Litigation

Officials of the City of Arabi, Georgia advice us that there were no material litigations, claims or assessments for or against the City at December 31, 2011.

NOTE 5 Contingent Liabilities

There were no contingent liabilities at December 31, 2011.

NOTE 6 Interfund Receivables and Payables

The General Fund owes the Water Works Fund $21,952 for the year ending December 31, 2011. The purpose of these interfund balances is due to operating transfers being made to the General Fund from the Water Works Fund.

NOTE 7 Pension Plan

At December 31, 2011 the City did not have a pension plan.

NOTE 8 Other Required Individual Fund Disclosures

Generally accepted accounting principles require disclosure of certain information concerning individual funds, including a deficit balance of retained earnings of proprietary type funds. No deficit balance existed at 12-31-11.

NOTE 9 EXCESS OF EXPENDITURES OVER APPROPRIATION

The original 2011 budget was not amended during the year. The individual major fund which has expenditures in excess of appropriations for the year ended December 31, 2011 is as follows:

	Expenditures	Appropriations	Variance
Law Enforcement	40,268	38,000	2,268
Fire Department	42,886	37,500	5,386

The City Council will review budget spending and amend the budget as necessary.

NOTE 10 Note Payable –Water Works

The City owes Georgia Environmental Facilities Authority (G.E.F.A.) a note payable (G.E.F.A. #1) in the original amount of $52,000 for the purpose of Arabi Water System Instrumentation. This loan is being paid with monthly payments of $820.26 at two (2%) percent interest.

G.E.F.A. #1

	Interest	Principal	Total
Year 2012	38	5,710	5,748
Year 2013	0	0	0
Year 2014	0	0	0
Year 2015	0	0	0
Year 2016	0	0	0
	$ 38	$ 5,710	$ 5,748

The City owes Georgia Environmental Facilities Authority (G.E.F.A.) a note payable (G.E.F.A. #2) in the original amount of $168,789 for the purpose of Arabi Water System Instrumentation. This loan is being paid with monthly payments of $853.87 at two (2%) percent interest.

G.E.F.A. # 2

	Interest	Principal	Total
Year 2012	3,079	7,167	10,246
Year 2013	2,932	7,314	10,246
Year 2014	2,785	7,461	10,246
Year 2015	2,635	7,611	10,246
Year 2016	2,482	7,764	10,246
2017-2021	9,990	41,242	51,232
2022-2026	5,657	45,575	51,232
2027-2030	1,141	33,023	34,164
	$ 30,701	$ 157,157	$ 187,858

The current portion of notes payable to G.E.F.A. is:

G.E.F.A. #1	$ 5,710
G.E.F.A. #2	7,167
Total Current	$ 12,877

During the year 2002, the City entered into a maintenance contract with the Utilities Service Co., Inc. for annual maintenance on the water tanks. The contract allows a 3% increase/decrease every 3 years. The contract price paid for 2011 was $7,715. The contract price in 2012 will be $7,715. The contract will increase again in 2013.

Water Works – Long Term Debt
Changes in Long – Term Debt

Description	Beginning Balance	Increase	Decrease	Ending Balance
Utility Service Co., Inc	$ 7,715	$ 7,715	$ 7,715	$ 7,715
G.E.F.A	15,342	-	9,632	5,710
G.E.F.A # 2	164,186	-	7,028	157,158
	$ 187,243	$ 7,715	$ 24,375	$ 170,583

NOTE 11 Risk Management

The City is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other municipalities in the state as a part of the Georgia Inter-local Risk Management Agency and the Georgia Municipal Association Workers Compensation Self Insurance Fund, Public Entity Risk Pools currently operating as common risk management and insurance programs for member local governments.

As part of these risks, the government is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim or loss. The government is also to allow the pool's agents and attorneys to represent the government in investigation, settlement discussions and all levels of litigation arising out of any claim made against the government within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the Worker's Compensation Law of Georgia. The Funds are to pay all cost taxed against members in any legal proceedings defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

NOTE 12 Joint Venture

Under Georgia Law, the City, in conjunction with other cities and counties in the eight county West Central Georgia area, is a member of the River Valley Regional Commission (RVRC) (formerly Middle Flint Regional Development Center (RDC)) and is required to pay annual dues thereto During the year ended December 31, 2011, the City paid $ 519 in such dues. Membership in RVRC is required by the Official Code of Georgia Annotated (OCGA) section 50-8-34 which provides for the organizational structure of the RVRC in Georgia. The RVRC board membership includes the chief elected official of each municipality and county of the area OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of RVRC. Separate financial statements may be obtained from:

RIVER VALLEY REGIONAL COMMISSION
228 WEST LAMAR STREET
AMERICUS, GEORGIA 31709

NOTE 13 Bank Deposits

At December 31, 2011, the carrying amount of the City's deposits was $332,404 and the bank balance was $344,514. All funds were covered by federal depository insurance. The carrying amount of the City's deposits held at Planters First bank was $184,375 and the bank balance was $196,245. This entire amount is covered by FDIC insurance due to the bank's participation in the FDIC's Transaction Guarantee Program, which covers all demand deposits up to any amount that have an interest rate less than 0.05%.

Note 14 Interfund Transfers

Generally, Interfund Transfers between funds reported as Transfers on the statement of Revenues, Expenses and changes in Fund Net Assets include reimbursement by one fund to another for services or goods and other miscellaneous expenses between funds.

A summary of Interfund Transfers at December 31, 2011 follows:

Transferred From	Transferred To	Amount
Water Fund	General Fund	$29,116

INDEPENDENT AUDITOR'S REPORT ON SPECIAL PURPOSE LOCAL OPTION SALES TAX

Honorable Mayor
Member of the City Council
City of Arabi, Georgia

We have audited the accompanying Schedule of Special Purpose Local Option Sales Tax for the City of Arabi, Georgia for the year ended December 31, 2011. This schedule is the responsibility of the City of Arabi's management. Our responsibility is to express an opinion on the Schedule of Special Purpose Local Option Sales Tax based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Special Purpose Sales Tax is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Schedule of Special Purpose Sales Tax. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Schedule of Special Purpose Sales Tax. We believe that our audit provides a reasonable bases for our opinion.

The accompanying Schedule of Special Purpose Sales Tax was prepared for the purpose of complying with the Official Code of Georgia Annotated 48-8-121 on the accrual basis as described in Note 1 and is not intended to be a complete presentation of City of Arabi's revenues and expenditures.

In our opinion, the Schedule of Special Purpose Sales Tax referred to above present fairly, in all material respects, the original estimated cost, the current estimated cost, and the current and prior year expenditures for each project in City of Arabi's resolution or ordinance calling for the tax for the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

REPORTS REQUIRED BY GOVERNMENTAL AUDITING STANDARDS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor
Members of the City Council
City of Arabi, GA

We have audited the financial statements of governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of The City of Arabi, as of and for the year ended December 31, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of American and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered The City of Arabi's internal control over financial reporting as a basis for designing our auditing procedures and for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The City of Arabi's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Arabi's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected in a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We identified certain deficiencies in internal control over financial reporting described in the accompanying *Schedule of Findings* and *Responses* that we consider to be significant deficiencies in internal control over financial reporting. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The City of Arabi's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, we do not express such an opinion.

The results of test of noncompliance and other matters are disclosed on the following pages in the *Schedule of Findings and Responses.* There where no significant deficiencies identified and no material weaknesses noted.

The City of Arabi responses to the findings identified in our audit is described in the *Schedule of Findings and Responses.* We did not audit The City of Arabi's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Mayor and Council and is not intended to be and should not be used by anyone other than these specified parties.

Ward & Mosley, CPA, P.C.

Fitzgerald, Georgia
June 30, 2012

SCHEDULE OF FINDINGS AND RESPONSES

City of Arabi, Georgia
Arabi, Georgia

Year Ended
December 31, 2011

FINANCIAL STATEMENT FINDINGS

2010-1

Condition

The City has not established practices for the identification of risks affecting it and has not developed an appropriate fraud risk assessment and monitoring process.

Recommendation

The City should develop a comprehensive fraud risk assessment and monitoring process and those charged with governance should understand and exercise oversight of the assessment and monitoring process.

View of Responsible Officials and Planned Corrective Action

The City intends to develop a formal risk assessment plan and comprehensive fraud risks assessment and monitoring plan commensurate with the size and complexity of the City.
