INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the City Council of the
City of Baldwin, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the **City of Baldwin, Georgia** (the "City"), as of and for the fiscal year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the City of Baldwin, Georgia as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the General Fund – Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Baldwin, Georgia's basic financial statements. The other supplementary information, the schedule of expenditures of special purpose local option sales tax proceeds, as required by the Official Code of Georgia 48-8-121, and the Other Information as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditures of special purpose local option sales tax proceeds is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of special purpose local option sales tax proceeds, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Other Information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 29, 2019 on our consideration of the City of Baldwin, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF BALDWIN, GEORGIA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds	$	204,401
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.		665,119
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.		(314)
Some expenses (compensated absences) reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		(14,972)
Change in net position - governmental activities	$	854,234

The accompanying notes are an integral part of these financial statements.

Increase in accrued expenses	2,134
Increase in compensated absences	9,595
Decrease in customer deposits	(1,528)
Net cash provided by operating activities	$ 1,232,122

The accompanying notes are an integral part of these financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Baldwin, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Reporting Entity

The City, which was incorporated in 1896, operates under the council-manager form of government. Policy-making and legislative authority are vested in the governing council consisting of the mayor and five other members. The government provides such services as police and fire protection, cultural and recreational activities, community development, water and sewer services, and public works.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. The statement of net position includes non-current assets and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City's capital assets. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. However, any interfund services provided and used are not eliminated as this process would distort the direct costs and program revenues reported in the various functions.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers property taxes and fines to be available if they are collected within 60 days of the end of the current fiscal period. All other revenues are considered available if they are collected within 90 days of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

In accounting and reporting for its proprietary operations, the City applies all GASB pronouncements which includes GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This statement incorporated into the GASB's authoritative literature certain accounting and financial reporting guidance issued on or before November 30, 1989 which does not conflict with or contradict GASB pronouncements.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the enterprise fund are charges to customers for services provided. Operating expenses for the enterprise fund include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

In accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*, the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

In accordance with GASB Statement No. 34, major individual governmental funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **SPLOST (Special Purpose Local Option Sales Tax) Fund** is used to account for the proceeds of a sales tax levied in both Habersham and Banks County, Georgia, which will be used by the City for the exclusive purpose of capital outlay projects in the voter approved referendum.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The City reports the following major proprietary fund:

The **Water and Sewer Fund** is used to account for the user charges for water and sewer services and the expenses of maintaining and improving the infrastructure needed to deliver such services to the citizens of the City.

D. Budgets

Formal budgetary accounting is employed as a management control device for the general fund and capital projects funds of the City. The governmental fund budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual operating budgets are adopted for the General Fund each fiscal year through passage of an annual budget ordinance and amended as required. The City adopts project length budgets for the SPLOST Fund. During the fiscal year ended June 30, 2016, the original budget was amended through supplemental appropriations. These changes are reflected in the budgetary comparison schedules.

All unencumbered budget appropriations lapse at the end of each year.

E. Cash and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Georgia statutes authorize the City to invest in the following: (1) obligations of Georgia or any other State; (2) obligations of the United States; (3) obligations fully insured or guaranteed by the United States Government or one of its agencies; (4) obligations of any corporation of the United States Government; (5) prime bankers' acceptances; (6) the State of Georgia local government investment pool; (7) repurchase agreements; and (8) obligations of any other political subdivisions of the State of Georgia. Any investment or deposit in excess of the federal depository insured amounts must be collateralized by an equivalent amount of State or U.S. obligations. For purposes of the statement of cash flows, all highly liquid investments with an original maturity of less than 90 days are considered to be cash equivalents.

The remaining investments are recorded at fair value. Increases or decreases in the fair value during the year are recognized as a component of interest income.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

G. Interfund Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds are reported as “due to/from other funds.”

Advances between funds, as reported in the fund financial statements, represent long-term borrowing arrangements with established repayment schedules, and are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2016, are recorded as prepaid items in both government-wide and fund financial statements. These items are accounted for using the consumption method.

I. Restricted Assets

Proceeds of various issuances of bonds are classified as restricted assets on the balance sheet or Statement of Net Position because they are maintained in a separate bank account and their use is limited by applicable bond covenants.

J. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than $2,500 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. As allowed under GASB Statement No. 34, the City did not capitalize any infrastructure purchased or donated prior to the implementation of GASB Statement No. 34. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives is not capitalized.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets (Continued)

Capital assets of the City are depreciated using the straight line method over the following useful lives:

Asset	Years
Buildings	40
Vehicles	3-10
Machinery and equipment	5-20
Infrastructure	40

K. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide and proprietary fund statement of net position. A *deferred charge on refunding* results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of fund balance that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

L. Compensated Absences

City employees are entitled to certain compensated absences such as earned but unused vacation and sick pay benefits based on their length of employment. Compensated absences either vest or accumulate and are accrued when they are earned. The vesting method is used to compute earned vacation pay at year-end. No more than five days can be carried over to a subsequent year without approval. Sick leave is not accrued since no employee can be paid in lieu of sick leave. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. Compensated absences are reported as a liability in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Customer Deposits

The City collects deposits from new customers for water and sewer services. The deposits are held until the City discontinues services to the customer and, therefore, are reported as a liability in both the fund and government-wide financial statements.

N. Long-Term Obligations

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are accrued and amortized over the term of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premiums and discounts. Issuance costs are expensed in the period in which they are incurred.

In the fund financial statements, governmental fund types recognize the face amount of the debt issued as other financing sources and the repayment of debt as debt service expenditures. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

O. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

Fund Balance – Generally, fund balance represents the difference between the assets, liabilities and deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Fund Equity (Continued)

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by a formal vote and passage of an ordinance of the City Council. Only the City Council may modify or rescind the commitment through passage of a subsequent ordinance.

Assigned – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The ordinance passed by the City Council establishing the City's fund balance policy delegated to the City's Financial Manager the authority to assign funds for particular purposes.

Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: (1) Committed, (2) Assigned, and (3) Unassigned.

Net Position - Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources for activities and funds which use the accrual basis of accounting. Amounts shown as net investment in capital assets are made up of capital asset costs, net of accumulated depreciation and any outstanding debt used to acquire, construct or improve the associated assets. Net position is reported as restricted when there are legal limitations or external restrictions imposed upon their use. All other net position is reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

P. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net change in fund balances – total governmental funds and change in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this $665,119 difference are as follows:

Capital outlay	$	861,571
Depreciation expense		(196,452)
Net adjustment to increase *net change in fund balances - total governmental funds* to arrive at *change in net position - governmental activities*	$	665,119

NOTE 3. LEGAL COMPLIANCE – BUDGETS

The budget is officially adopted by the governing body prior to the beginning of its fiscal year, or a resolution authorizing the continuation of necessary and essential expenditures to operate the City will be adopted. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level, within the fund.

Transfers of appropriations within a department budget or within a non-departmental expenditure category require the approval of the governing body. Increases in appropriations in a departmental budget or in a non-departmental expenditure category, require approval of the governing body in the form of amendments to the budget ordinance.

NOTE 4. DEPOSITS AND INVESTMENTS

Custodial Credit Risk – Deposits: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. Government, or bonds of public authorities, counties, or municipalities. As of June 30, 2016, all of the City's bank balances were insured and collateralized as defined by GASB and state statutes.

Investments: As of June 30, 2016, the City had $121,260 of investments, all of which were held in certificates of deposit at a local financial institution as follows:

Description	Term	Maturity Date	Balance
Certificate of deposit	One (1) year	April 15, 2017	$ 63,660
Certificate of deposit	One (1) year	April 15, 2017	17,215
Certificate of deposit	One (1) year	July 16, 2016	40,385
Total Investments			$ 121,260

Interest rate risk: The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 5. RECEIVABLES

Property taxes are levied on property values assessed as of January 1. The taxes are levied by October 1 based on the assessed value of property as listed on the previous January 1 and are due on or before December 1, with a lien date of January 1 of the following year. Property taxes are recorded as receivables and deferred inflows of resources when assessed. Revenues are recognized when available.

Receivables at June 30, 2016, for the City's individual major funds, including any applicable allowances for uncollectible accounts, are as follows:

	General	SPLOST	Water and Sewer
Receivables:			
Accounts	$ 225,851	$ -	$ 349,554
Taxes	81,872	-	-
Intergovernmental	-	54,379	123,101
Total receivables	307,723	54,379	472,655
Less allowance for uncollectibles	-	-	(150,431)
Net total receivable	$ 307,723	$ 54,379	$ 322,224

NOTE 6. CAPITAL ASSETS

Capital asset activity for the City for the fiscal year ended June 30, 2016 is as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities:				
Nondepreciable capital assets:				
Land and improvements	$ 226,920	$ 6,097	$ -	$ 233,017
Construction in progress	-	760,059	-	760,059
Total	226,920	766,156	-	993,076
Depreciable capital assets:				
Buildings and improvements	808,081	-	-	808,081
Machinery and equipment	597,392	5,000	-	602,392
Vehicles	964,099	90,415	(2,618)	1,051,896
Infrastructure	901,792	-	-	901,792
Total	3,271,364	95,415	(2,618)	3,364,161
Less accumulated depreciation for:				
Buildings and improvements	(227,080)	(28,277)	-	(255,357)
Machinery and equipment	(484,038)	(50,571)	-	(534,609)
Vehicles	(762,895)	(72,514)	2,618	(832,791)
Infrastructure	(242,903)	(45,090)	-	(287,993)
Total	(1,716,916)	(196,452)	2,618	(1,910,750)
Depreciable capital assets, net	1,554,448	(101,037)	-	1,453,411
Governmental activities capital assets, net	$ 1,781,368	$ 665,119	$ -	$ 2,446,487

NOTE 6. CAPITAL ASSETS (CONTINUED)

	Beginning Balance	Increases	Decreases	Ending Balance
Business-type activities:				
Nondepreciable capital assets:				
Land and improvements	$ 118,604	$ 30,618	$ -	$ 149,222
Construction in progress	-	174,628	-	174,628
Total	118,604	205,246	-	323,850
Depreciable capital assets:				
Buildings and improvements	202,400	4,050	-	206,450
Machinery and equipment	1,864,966	168,189	-	2,033,155
Vehicles	203,242	75,103	-	278,345
Infrastructure	16,007,585	191,364	-	16,198,949
Total	18,278,193	438,706	-	18,716,899
Less accumulated depreciation for:				
Buildings	(74,939)	(8,512)	-	(83,451)
Machinery and equipment	(1,370,063)	(126,434)	-	(1,496,497)
Vehicles	(107,492)	(41,043)	-	(148,535)
Infrastructure	(7,206,762)	(368,026)	-	(7,574,788)
Total	(8,759,256)	(544,015)	-	(9,303,271)
Depreciable capital assets, net	9,518,937	(105,309)	-	9,413,628
Business-type activities capital assets, net	$ 9,637,541	$ 99,937	$ -	$ 9,737,478

Depreciation expense was charged to functions/programs of the City as follows:

Governmental activities:	
General government	$ 19,529
Public safety	98,691
Public works	69,386
Culture and recreation	8,846
Total depreciation expense - governmental activities	$ 196,452
Business-type activities:	
Water and sewer	$ 317,649
Water plant	226,366
Total depreciation expense - business-type activities	$ 544,015

NOTE 7. LONG-TERM DEBT

The following is a summary of long-term debt activity of the City for the year ended June 30, 2016:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities					
Compensated absences	$ 20,981	$ 43,997	$ (29,025)	$ 35,953	$ 35,953
Total governmental activities long-term liabilities	$ 20,981	$ 43,997	$ (29,025)	$ 35,953	$ 35,953
Business-type activities					
Bonds payable	$ 4,960,000	$ -	$ (310,000)	$ 4,650,000	$ 325,000
Original issue premium	145,265	-	(18,584)	126,681	-
Compensated absences	14,598	26,632	(17,037)	24,193	24,193
Total business-type activities long-term liabilities	$ 5,119,863	$ 26,632	$ (345,621)	$ 4,800,874	$ 349,193

For governmental activities, compensated absences is generally liquidated by the General Fund.

The City has reported 100% of the compensated absences liability as due in one year as historical usage patterns show employees use earned vacation within one year.

NOTE 7. LONG-TERM DEBT (CONTINUED)

Revenue Bonds – Business-type Activities. In 2012, the City issued $5,400,000 of Series 2012 revenue bonds to refund the City's remaining Series 1987 revenue bonds, Series 1997 A&B revenue bonds, and series 2001 revenue bonds. These bonds carry interest rates ranging from 2% to 5% which are payable on June 1 and December 1 of each year and matures on June 1, 2038. The outstanding balance of these revenue bonds at June 30, 2016 is $4,650,000.

The City's debt service requirements to maturity on its business-type activities revenue bonds are as follows:

Year ending June 30,	Principal	Interest	Total
2017	$ 325,000	$ 156,146	$ 481,146
2018	340,000	143,146	483,146
2019	355,000	129,546	484,546
2020	370,000	122,446	492,446
2021	380,000	114,491	494,491
2022-2026	2,170,000	326,857	2,496,857
2027-2031	335,000	97,515	432,515
2032-2036	260,000	52,071	312,071
2037-2038	115,000	6,738	121,738
Total	$ 4,650,000	$ 1,148,956	$ 5,798,956

NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of June 30, 2016 is as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Water and Sewer Fund	$ 304,936
General Fund	SPLOST Fund	150,994
		$ 455,930

The outstanding balances between funds result mainly from the time lag between the dates that transactions are recorded in the accounting system and payments between funds are made.

NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (CONTINUED)

Interfund transfers:

Transfers In	Transfers Out	Amount
General Fund	Water and Sewer Fund	$ 570,850
SPLOST Fund	Water and Sewer Fund	88,013
		$ 658,863

Transfers are used to move unrestricted revenues collected in the water and sewer fund to finance various programs of the City accounted for in the general fund in accordance with budgetary authorizations and SPLOST Fund.

NOTE 9. DEFINED CONTRIBUTION PENSION PLAN

The City's 401(a) defined contribution retirement plan is a single employer defined contribution plan administered by the Georgia Municipal Association. The City matches 25% for each dollar of employee contributions up to 6% of the employee's contribution to the section 457(b) deferred compensation plan. Only full-time employees participating in the section 457(b) deferred compensation plan are eligible after being employed for one year. Plan provisions and contribution requirements are established and may be amended by the City Council. The City's contribution for 2016 was $- and employee contributions were $520.

NOTE 10. JOINT VENTURE

Under Georgia law, the City, in conjunction with other cities and counties in the area, is a member of the Georgia Mountains regional Commission (GMRC) and is required to pay annual dues thereto. During the year ended June 30, 2016, the City paid $2,807 in such dues. Membership in the GMRC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organization structure of the GMRC. GMRC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts of obligations of the GMRC. Separate financial statements may be obtained from the GMRC, P.O. Box 1720, Gainesville, Georgia 30503-1720.

NOTE 11. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other municipalities in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund, a public entity risk pool currently operating as common risk management and insurance programs for member local governments.

As part of this risk pool, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract. The fund is to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Settled claims have not exceeded the coverages in the last three years.

The City carries commercial insurance for other risks of losses. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage in the last three years.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Litigation:

The City is a defendant in certain legal actions in the nature of claims for alleged damages to persons and property and other similar types of actions rising in the course of City operations. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the City.

Grant Contingencies:

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the City believes such disallowances, if any, will not be significant.

NOTE 13. SUBSEQUENT EVENT

In April 2017, the City issued a GEFA note payable in the amount of $1,634,000. Proceeds from the note will be used to finance water system improvements including a new elevated water storage tank, servicing and painting existing storage tanks, a new booster pump station, installing pressure reducing valves in the distribution system and other related improvements. The note bears an interest rate of 2.03% annually. The term of the note shall extend 20 years from the commencement date.

MAULDIN & JENKINS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members
of the City Council
City of Baldwin, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the City of Baldwin, Georgia (the "City") as of and for the fiscal year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July 29, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Baldwin, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses, as items 2016-001, 2016-002, and 2016-003, that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as items 2016-004 and 2016-005.

City of Baldwin, Georgia's Responses to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mauldin & Jenkins, LLC

Atlanta, Georgia
July 29, 2019

CITY OF BALDWIN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2016

SECTION I
SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP: Unmodified

Internal control over financial reporting:

Material weaknesses identified? __X__ yes _____ no

Significant deficiencies identified? _____ yes __X__ none reported

Noncompliance material to financial statements noted? __X__ yes _____ no

Federal Awards

There was not an audit of major federal award programs for the year ended June 30, 2016 due to the total amount expended being less than $750,000.

CITY OF BALDWIN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2016

SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES

2016-001 Timely Reporting of Accurate Financial Information

Criteria: Timely and accurate financial reporting of all funds included in the financial statements of the City to facilitate informed financial decisions by the City's management and those with oversight of management is imperative.

Condition: Internal controls were not sufficient to facilitate the accurate, timely reporting of the City's overall financial position and results of operation as of and for the fiscal year ended June 30, 2016.

Context/Cause: The City did not complete its year-end closing process to provide the final trial balances and the necessary subsidiary ledgers for its funds for the fiscal year ended June 30, 2016 for auditing until January 2019.

Effects: The City was unable to report accurate financial information on either an accrual or modified accrual basis, as appropriate, in a timely manner.

Recommendation: We recommend the City implement procedures to ensure timely and accurate financial reporting to facilitate informed financial decisions.

Auditee's Response: We concur with the finding. Staff will take necessary steps to ensure that all funds pertaining to the City are included in the monthly accrual or modified accrual, as appropriate, closeout procedures, which in turn will simplify the year end accrual or modified accrual, as appropriate, close out procedures.

CITY OF BALDWIN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2016

SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES

2016-002 Segregation of Duties

Criteria: Internal controls should be in place, which provide reasonable assurance that an individual cannot misappropriate funds without such actions being detected during the normal course of business.

Condition: The size of the City's accounting and administrative staff preclude internal controls that would be preferred if the office staff were large enough, to provide optimum segregation of duties. Appropriate segregation of duties was not noted within the following areas of the City: cash receipting, recording and reconciliation process; journal entry review; revenue and receivable recording; accounts payable and expense/expenditure recording; personnel and payroll recording; grant recording; inventory and capital asset maintenance; and debt and debt service expenditures.

Context/Cause: Although the small size of the City's staff limits the segregation of duties, it is important that incompatible duties be assigned to different individuals and/or compensating controls implemented. No one employee should have access to both physical assets and the related accounting records, or to all phases of a transaction.

Effects: Failure to properly segregate duties or implement compensating controls can lead to misappropriation of funds or abuse of the system that is not detected in a timely manner by employees in the normal course of performing their assigned functions.

Recommendation: We recommend the City segregate duties and/or implement compensating controls in the key areas noted above.

Auditee's Response: We will continue to review our operations to determine the most efficient and effective solution to properly segregate duties.

CITY OF BALDWIN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2016

SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES

2016-003 Interfund Balances

Criteria: Internal controls should be in place to ensure interfund activity is properly reported in the financial statements in accordance with GAAP. All receivables should be evaluated and reported at their net realizable value, including interfund balances.

Condition: The interfund activity was not being evaluated to determine the ability of the borrowing fund to repay the amounts owed.

Context/Cause: During our audit for the year ended June 30, 2016, a misstatement was identified for which the City was incorrectly reporting the interfund activity of the City. An adjustment was required to correctly report the interfund balances in the SPLOST Fund and Water and Sewer Fund in the amount of approximately $88,000.

Effects: An audit adjustment of approximately $88,000 was needed to correctly report interfund activities for the year ended June 30, 2016.

Recommendation: We recommend the City carefully review the financial statements and ensure the interfund activity is properly reported in accordance with GAAP.

Auditee's Response: We concur with the finding. We will take necessary steps in the future to ensure all interfund activity is properly evaluated and reconciled.

CITY OF BALDWIN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2016

SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES

2016-004 SPLOST Fund Accounting

Criteria: The Official Code of Georgia (OCGA) 48-8-121(a) requires the activity of each SPLOST not be commingled with the activity of other funds.

Condition: Misstatements were detected in the reporting of the City's balances within the various funds. SPLOST funds were commingled with General Fund funds during the fiscal year.

Context/Cause: During our testing of interfund balances, it was noted that the SPLOST Fund bank account transferred funds to the General Fund in the amount of approximately $48,500. These funds were not returned to the SPLOST Fund during the year and were owed at fiscal year-end.

Effects: During the fiscal year ended June 30, 2016, the General Fund owed the SPLOST Fund, approximately $48,500, for amounts transferred to the General Fund during fiscal year 2016.

Recommendations: We recommend the City carefully review all revenues and expenditures to ensure the activity is properly reported in the appropriate SPLOST Fund.

Auditee's Response: We concur with the finding. We will take necessary steps in the future to ensure SPLOST funds are not commingled with any other funds during the year.

CITY OF BALDWIN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2016

SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES

2016-005 Bond Covenants

Criteria: The Official Code of Georgia Annotated (O.C.G.A.) Section 36-82-65 states that "Any resolution or resolutions authorizing the issuance of bonds under this article to finance, in whole or in part, the acquisition, construction, reconstruction, improvement, betterment, or extension of an undertaking may contain covenants, notwithstanding that such covenants may limit the exercise of powers conferred by this article, as to: (3) The creation and maintenance of reserves or sinking funds and the regulation, use and disposition thereof;". Pursuant to the Bond Ordinance, the City has covenanted that it will maintain the reserve account in an amount equal to the reserve requirement. The reserve account should only be used to pay the principal of, redemption premium (if any) and interest on the Series 2012 Bonds in the event that amounts generally on deposit in the sinking fund are insufficient.

Condition: As of June 30, 2016, the City of Baldwin, Georgia (the "City") was in default of the performance of the debt service reserve account requirement and therefore not in compliance with O.C.G.A. 36-82-65 and the Bond Ordinance.

Context/Cause: During our testing of the City's bond covenants, we noted that the balance in the debt service reserve account was less than the reserve requirement as set forth in the Bond Ordinance.

Effects: The City's debt service reserve account was less than the reserve requirement and not in compliance with the Bond Ordinance.

Recommendations: We recommend the City carefully review the reserve account balance throughout the year to ensure the City is in compliance with bond covenants stated in the bond ordinance.

Auditee's Response: We concur with the finding. Staff will take necessary steps in the future to ensure that the bond reserve fund is in compliance with the bond covenants as stated in the bond ordinance.
