Honorable George Gornto, Mayor
And Members of the City Council
City of East Dublin
East Dublin, GA 31027

Mayor and Council Members:

The comprehensive annual financial report of the City of East Dublin, Georgia for the fiscal year ended June 30, 2018 is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the government. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the government. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The comprehensive annual financial report is divided into an introductory section, financial section, and statistical section:

- The **introductory section** is intended to familiarize the reader with the organization structure of the City, the nature and scope of the services it provides, and the specifics of its operating environment within the context of the local economy.
- The **financial section** includes the independent auditors' report, basic financial statements, the combining and individual fund and statements and schedules, and other supplementary information. GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A).
- The **statistical section** provides readers with additional historical perspective, content, and detail to assist in understanding the information in the financial statements, notes to the financial statements, required supplementary information, and for assessing the City's economic condition.

The City is required to have an audit in conformity with Governmental Auditing Standards. The auditors' report on compliance and internal control over financial reporting is included in this report.

This report includes all funds of the government. The government provides a full range of services. These services include police protection, fire protection, the construction and maintenance of streets and drainage improvements, planning and zoning, engineering, building and code enforcement, refuse collection, and water and sewer service.

A Mayor and five (5) City Council members serve the City of East Dublin. The Mayor and two City Council members are elected at large. Three City Council members are elected from districts. All serve four (4) year terms. The Mayor and City Council serve as the legislative body responsible for enacting City ordinances, resolutions, appropriating funds, and providing policy direction to City staff. The City Council appoints a City Administrator, City Attorney, City Auditor, Municipal Court Judge, a zoning board an appeals board. The City Council annually adopts a balanced budget and establishes a tax rate for the support of the City

programs. The City Administrator and Department Directors have the responsibility of administering these programs in accordance with policies and the annual budget adopted by the City Council.

General Information. The City of East Dublin is located in Laurens County. East Dublin was incorporated on February 12, 1952.

Economic Condition and Outlook

The City of East Dublin is located in central Laurens County, which is located in the central part of the state, approximately 135 miles south of Atlanta. The economic condition and outlook of the City remain strong as the area is predicted to have a sustained growth pattern through 2019. City leaders have recognized and plans have been developed and/or implemented to maintain balanced, controlled and planned developments in concert with an economic development plan that encourages appropriate growth. The City has still been able to provide its services at a cost per capita that is comparable to other communities with similar demographic and economic characteristics.

The financial position of the City has continued to be strong. This is primarily a result of a careful budget management and expenditure of funds. The City has been able to maintain low millage rates on Ad Valorem taxes for the past several years.

Future stability for the City of East Dublin is good based upon the solid fund equity balance that is maintained in the funds. This shows that the city has goals and objectives that can be met in the public service area; police and fire protection, street and drainage improvements, and infrastructure.

Major Initiatives
Mayor and City Council:

Overall Goals and Objectives – (1). Achieve all goals while striving for the lowest total cost for public services with a minimal property tax millage rate. (2). Maintain a managed growth policy that requires quality development in concert with our economic development strategy. (3). Provide for the public safety and welfare by committing appropriate resources to police, fire, streets, recreation, water and sewer. (4). Continue cooperative efforts with other governments. (5). Preserve our historic and cultural heritage.

Finance and Administration: The Finance and Administrative Department consists of the City Clerk, and support personnel. The City Clerk is appointed by the Mayor and City Council and is responsible for the execution of policies and legislative action of the City Council, direction, control and coordination of operational agencies. The City Clerk is responsible for City Council agenda preparation, minutes and custodian of City records. The City Clerk also acts in a support role to the Mayor and City Council. The Clerk is responsible for planning, developing, implementing and maintaining the administrative and financial operations of the City including purchasing, water administration, and assisting the Mayor with preparing the annual budget and capital improvement plan.

Municipal Court: The Municipal Court of East Dublin is dedicated to the principle of equal and timely access to justice so that all individuals are treated with integrity, honesty, equality, respect for the rule of law, and the rights of all. The Court uses all staff members in a collaborative effort to operate the court efficiently and effectively while maintaining public trust and confidence. The Municipal Court prepares and processes records, citations, warrants and other legal papers for the Court. Court personnel receive and deposit monies collected for fines and fees, set court dates, issue subpoenas and warrants, prepare various

reports, records, and other documents pertinent to the operation of the Court and those required by the State of Georgia.

Police: The men and women of the East Dublin Police Department are committed to protect life, property, and the constitutional guarantees of all citizens of East Dublin and those who travel through our City. With community partnership as our foundation, we, as a department, are entrusted to enhance the quality of life, seek solutions to community problems and foster a sense of peace and security for all people within our City. We will honor this trust placed in us by holding ourselves to the highest standards of professional police conduct.

Fire: The City of East Dublin Fire Department responds to various types of emergency incidents including all types of fires, motor vehicle and other accidents, rescue calls, severe weather and flooding emergencies. Fire department personnel perform numerous prevention and public relations functions, fire safety inspections, annual hydrant maintenance, emergency management functions, and other specialty programs. The City of East Dublin provides for a volunteer service to supplement career resources. The volunteer section maintains a rank structure for supervision on training exercises, emergency scenes, work details, and to provide general maintenance of the program. Volunteer Services supplements through emergency response, stand by at stations or other assistance for special events or work details.

Public Works: The City of East Dublin Public Works Department is responsible for the maintenance of all streets, sidewalks, and drainage facilities located on public property. The department is also responsible for grass cutting along City streets and State highways. The department provides landscaping services for public property. In addition, this department is responsible for traffic control and the resurfacing of City streets in association with the Georgia Department of Transportation Local Assistance Road Program (LARP). The Public Works Department provides emergency services including road closing and sandbagging flood prone areas. The department assists Police with traffic control during City events. The department also oversees refuse collection.

Planning and Zoning: The Planning and Zoning Department strives to maintain and improve the overall quality of life for all citizens of the City of East Dublin by promoting sustainable development, encouraging a stable and enduring economic base, providing for the safety, health and education and preserving the natural, cultural and historic assets of the City of East Dublin. The Planning and Zoning Department coordinates the development and implementation of the City of East Dublin's Comprehensive Plan, special area studies, plan review process, Zoning Ordinance, Sign Ordinance, Landscape Ordinance and GIS program. The Planning and Zoning Department expeditiously review and respond to all inquiries, applications and studies dealing with current planning, zoning, subdivision and land development to achieve a well-designed, planned and quality community in accordance with adopted ordinances, resolutions, and policies. The Planning and Zoning Department provides all necessary land use, economic, environmental and social data upon which to base effective governmental decision resulting in orderly growth and development and a high quality of life for present and future citizens.

Water and Sewer: The Water and Sewer Department is responsible for supplying water to City of East Dublin residents for potable and fire-fighting uses. They are also responsible for the treatment and disposal of the wastewater generated by the City of East Dublin as per regulations set forth by all state and federal agencies.

Financial information

Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that; (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgements by management.

Basis of accounting. The basis of accounting used determines when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Governmental fund types and expendable trust funds use the modified accrual basis of accounting. Their revenues are recognized when they become both measurable and available. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. The financial statements for the proprietary fund types are accounted for on the accrual basis of accounting. Under this method revenues are recorded when earned, and expenses are recognized when the liability is incurred.

Accounting systems. In developing and evaluating the City's accounting control system, consideration is given in the adequacy of internal accounting controls. Internal accounting controls comprise the plan of organization and the procedures and records concerned with safeguarding of assets and the reliability of financial records and consequently are designed to provide reasonable assurance regarding: (1) the safeguarding of assets against loss from unauthorized user disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets.

Budgetary control. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. The level of budgetary control is on a departmental basis. A budget is legally adopted for all Governmental Fund types and Proprietary Fund types. Formal budgetary integration is employed as a management control device during the year. The budget is based on the same method of accounting as the fund it represents. Transfers of appropriations within a department budget or within a non-departmental expenditure category require the approval of the finance director. Increase in appropriations in a departmental budget or in a non-departmental expense category requires approval of the governing body in the form of amendments to the budget ordinance.

General government functions. Municipal activities and services are accounted for in the General Fund, Capital Projects Fund, Special Revenue Funds, and Enterprise Funds.

Capital Projects Fund The capital projects fund is used to account for capital projects that are being acquired or built. The City of East Dublin has one capital improvement fund:

> *SPLOST Fund.* The fund is used to account for special purpose local option sales tax proceeds for approved capital projects. The revenues equal $352,719. Total expenditures were made in the amount of $286,941 for approved capital projects.

Special Revenue Fund. The special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes. The City of East Dublin has two Special Revenue Funds:

Hotel/Motel Tax Fund. The fund is used to account for hotel/motel taxes collected for the use of tourism. Total revenues equal $15,701. Expenditures were made in the amount of $9,775 for tourism and recreation purposes.

TSPLOST Fund The fund is used to account for transportation special purpose local option sales tax collected for the use of the public works department. Total revenues equal $32,203. Expenditures were made in the amount of $36,638 for infrastructure improvements.

Enterprise Fund. Business-type activities of the City of East Dublin are accounted for in the Enterprise Fund. The Enterprise Fund for the City of East Dublin is the Water and Sewer Fund.

Water and Sewer Fund. The Water and Sewer Fund charges City residents for the consumption of potable water and for the treatment of the wastewater. The Water and Sewer fund charges a sewer proportionate share fee to cover the portion of the capacity of the sewer treatment facility. Total water and sewer charges for fiscal year 2018 were $775,522. Total operating expenditures for fiscal year 2018 were $779,977. The change in net position after a capital grant contribution of $303,683, depreciation, and non-operating revenues and/or expenses was $492,352 for fiscal year end.

Relevant Financial Policies. Throughout the year, the city administrator and city clerk administer the governing council's approved financial policies. These policies address issuance of debt, purchasing and procurement, cash and investment management, and accounting practices. In totality, these policies formulate the core criteria for which internal evaluations occur. On a continuous basis, these policies are reviewed in order to maintain relativity to the changing financial needs of the government.

Other Information.

Independent Audit. State statutes require an annual audit by independent certified public accountants. The accounting firm of TJS Deemer Dana LLP was selected by the city council. The auditors' report on the general purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report.

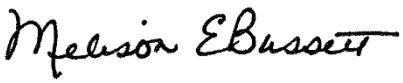

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of East Dublin for its comprehensive annual financial report for the fiscal year ended June 30, 2017. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards of preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of East Dublin, Georgia has received a Certificate of Achievement for twenty-four years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

Acknowledgements. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the clerk's office. Each member of the department has my sincere appreciation for the contributions made in the preparation of this report.

Sincerely,

Melissa E. Bassett

Executive Director/CEO

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of City Council
City of East Dublin, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activity, each major fund and the aggregate remaining fund information of the City of East Dublin, Georgia (the "City"), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of City of East Dublin, Georgia, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4-11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of East Dublin, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, the budgetary comparison schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of projects constructed with special sales tax proceeds is presented for purposes of additional analysis as required by Official Code of Georgia section 48-8-121 and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the budgetary comparison schedules, and the schedule of projects constructed with special sales tax proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the budgetary comparison schedules, and the schedule of projects constructed with special sales tax proceeds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2019, on our consideration of the City of East Dublin, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of East Dublin, Georgia's internal control over financial reporting and compliance.

TJS Deemer Dana LLP

Dublin, Georgia
January 29, 2019

CITY OF EAST DUBLIN, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2018
(UNAUDITED)

This management discussion and analysis of the City of East Dublin, Georgia's financial performance provides an overall review of the City's financial activities for the fiscal year ended June 30, 2018. It is designed to give the reader an objective and easily readable analysis of the City's financial performance. The primary intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the letter of transmittal, notes to the basic financial statements, and the financial statements to enhance their understanding of the City's financial performance.

FINANCIAL HIGHLIGHTS

- The assets of the City's primary government activities' assets exceeded its liabilities as of June 30, 2018, by $10,814,097
- As of June 30, 2018, total net position consisted of $9,950,738 net investment in capital assets, $81,554 restricted, and $781,805 unrestricted.
- During fiscal year 2018, the city's net position increased by $373,832.
- As of June 30, 2018, the City's governmental funds reported ending fund balance of $123,965, a decrease of $110,504 in comparison with the prior year.
- As of June 30, 2018, the City's General Fund reported ending fund deficit of ($128,414), a decrease of $180,773 in comparison with the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This comprehensive annual financial report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the City of East Dublin as a financial whole, or as an entire operating entity.

Statement of Net Position and Statement of Activities

The Statement of Net Position and Statement of Activities provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short term as well as what remains for future spending. For proprietary funds, the statements offer short and long term financial information about activities the City operates like businesses, such as water and sewer. The fund financial statements also look at the City's most significant funds with all other non-major funds presented in total in one column.

The purpose of the Statement of Net Position and the Statement of Activities is to answer the question, "How did we do financially during FY2018?" These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private sector companies. This basis of accounting considers all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the City's net position and changes in position. This change in net position is important because it tells the reader that, for the City as a whole, the financial position of the City has improved or diminished. The causes of this change may be the result of many

factors, some financial, some not. Non-financial factors include the City's property tax base, facility conditions, and other factors.

In the Statement of Net Position and the Statement of Activities, the City has both governmental and business type activities:

Governmental Activities
Most of the City's programs and services are reported here including general government, public safety, public works, culture and recreation. Sales taxes, property taxes, sanitation services and recycling services.

Business-Type Activities
The City charges fees to cover the services it provides. These activities include water and sewer services.

Reporting the City's Most Significant Funds
Fund financial reports provide detailed information about the City's major funds. The City uses funds to account for a multitude of financial transactions. However, these fund financial statements focus on the City's most significant funds.

Governmental Funds
Most of the City's activities are reported in the governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general governmental operations and basic services it provides. Governmental fund information helps you determine whether there are more financial resources that can be spent in the near future to finance governmental services. The relationship (or difference) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements. See Note #1 to the Financial Statements.

The capital projects funds are used to account for financial resources to be used for the acquisition, construction, or renovation of major capital assets. The City of East Dublin has one Capital Projects Fund currently referred to as the SPLOST Fund.

The special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes. The City of East Dublin has two Special Revenue Funds currently referred to as the Hotel/Motel Tax Fund and the TSPLOST Fund.

Proprietary Funds

Proprietary funds are activities that a City operates like a business in that it attempts to recover costs through charges to the user. The City's only proprietary funds are enterprise funds. Enterprise funds may be used to account for any activity or service that charges a fee to external users to cover the cost of operations, including cost of depreciation and debt service. The City operates its water and sewer fund as an enterprise fund. Proprietary fund statements use the accrual basis of accounting like the City-wide statements.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As was previously stated, the FY2018 total net position represents an increase/decrease over FY2017. See Tables 1 and 2 for a schedule of net position and change in net position.

TABLE 1 – NET POSITION

Governmental Activities

Please note that general government expenses of $822,561 represent 41% of the total governmental expenses. General government expenses primarily consisted of personnel costs and general insurance. The next most significant program expense is public safety which totals $650,900 and 33% of the total. Public safety primary expenses were related to personnel and fuel. Expenses of general government, public safety and public works changed nominal amounts during FY2018, primarily due to budget control.

The SPLOST fund is the capital improvements fund of the City. At the end of the current fiscal year, the restricted for capital outlay fund balance was $189,261 which was an increase of $68,778 from the previous year. This increase was primarily due to the completion of a major construction project in the prior year.

Business-Type Activities

The only business-type activity of the City is the Water and Sewer Department. The majority of its revenue was derived from user fees charged for product and service. The sewer department saw a large increase in expenses primarily from the costs of running their new wastewater treatment facility and significant repairs due to lightning damage. Personnel costs and depreciation were the two largest expenditures for the water and sewer fund, which accounted for 56% of the total expenses in this fund.

Cost of Program Services

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for governmental and business-type activities, the combined total cost of services and the combined net cost of services, that is, it identifies the cost of these services supported by tax revenue.

Although program revenues make up a significant percentage (29%) of the combined revenues, the City is dependent upon tax revenues for governmental activities.

TABE 3 – GOVERNMENTAL AND BUSINESS TYPE ACTIVITIES (COMBINED)

	Total Cost of Services		Net Cost of Services	
	2018	2017	2018	2017
General government	$ 822,561	$ 856,903	$ (775,352)	$ (476,607)
Public safety	650,900	668,236	(430,974)	(464,708)
Public works	511,059	555,613	(159,386)	(232,117)
Culture and recreation	9,775	10,183	(9,775)	10,183
Business-type activities	898,117	1,086,685	-	(142,252)
Total Expenses	$ 2,892,412	$ 3,177,620	$ (1,375,487)	$ (1,305,501)

Governmental Fund Balance

The General Fund's ending fund balance for the FY2018 was ($128,414). The General Fund 2018 fiscal year budget included no appropriation of fund balance. The governmental fund balance decreased by $110,504 during 2018.

	2018	2017
General	$ (128,414)	$ 52,359
SPLOST	189,261	175,117
Other governmental funds	63,118	61,627
Total Governmental Fund Balance	$ 123,965	$ 289,103

Proprietary Net Position

At the end of FY2018, the net position of the City's Proprietary Funds were $8,521,362.

GENERAL FUND BUDGETING HIGHLIGHTS

- The City's budget is prepared according to Georgia law. The most significant budget fund is the General Fund.
- For the General Fund, the actual revenues of $1,693,997 were less than the final budgeted amount of $1,979,800 by $285,803.
- The actual expenditures of $1,882,375 were less than the final budgeted amount of $1,998,800 by $116,425.

CAPTIAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of FY2018, the City had $13,164,909 invested in capital assets. The table below shows FY2018 and FY2017 balances.

	Governmental Activities		Business Type Activities		Total	
	2018	2017	2018	2017	2018	2017
Land	$ 289,153	$ 289,153	$ 73,480	$ 73,480	$ 362,633	$ 362,633

Accumulated depreciation	(1,734,757)	(1,651,574)	(4,192,083)	(3,892,785)	(5,926,840)	(5,544,359)
Total Capital Assets	$ 2,076,390	$ 2,094,388	$ 11,088,519	$ 10,987,766	$ 13,164,909	$ 13,082,154

Additional information on the City's capital assets can be found in Note 3 of this report.

Long-Term Debt

The amount of outstanding long-term debt is $3,248,012, consisting of $33,841 owed to employees for compensated absences, $2,975,870 owed in revenue bonds for the construction of the waste water treatment plant and $238,301 owed to the Georgia Environmental Facilities Administration to finance the cost of a surface water supply, a water treatment and transmission facilities and a new gravity sewer line to connect the East Laurens Schools.

	Governmental Activities		Business-type Activities	
	2018	2017	2018	2017
Compensated Absences	$ 23,829	$ 43,893	$ 10,012	$ 17,411
Bonds Payable	-	-	2,975,870	3,019,727
Notes Payable	-	-	238,301	280,930
Total long-term liabilities	$ 23,829	$ 43,893	$ 3,224,183	$ 3,318,068

Additional information on the City's long-term liabilities can be found in Note 3 of this report.

Economic Outlook

The City of East Dublin is located in central Laurens County, which is located in the central part of the state, approximately 135 miles south of Atlanta. According to U.S. Census figures, the City of East Dublin had a small decrease in its population from 2000 to 2010. The 2000 Census population figure for the City of East Dublin was 2,850 and the 2010 U.S. Census population figure was 2,441. Even with a decline in population, the economic condition and outlook of the City remains strong. City leaders have recognized this growth pattern and plans to have been develop and/or implemented to maintain balanced, controlled and planned developments in concert with an economic development plan that encourages appropriate growth. The economic growth has also placed increased demands on services, but the City has adopted a conservative approach and implemented programs to meet these demands. The City has been able to provide its services at a cost per capita that is comparable to other communities with similar demographic and economic characteristics.

Contracting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability of the money it receives. If you have questions about this report or need additional financial information, contact Melissa Bassett, Clerk, City of East Dublin, at 116 Savannah Avenue, East Dublin, Georgia 31027, 478-272-6883.

EXHIBIT 6

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES
OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2018

Net change in fund balances - Total Governmental Funds	$	(110,504)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Capital outlays, reported as expenditures in governmental funds, are shown as capital assets in the Statement of Net Position.		120,418
Depreciation expenses on governmental capital assets are included in the governmental activities column in the Statement of Net Position but are not shown in the governmental funds.		(138,414)
In the Statement of Activities, only the gain (loss) on the disposal of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the assets disposed of; less prior depreciation.		-
Revenues in the statement of activities that do not provide financial resources are not reported as revenues in the funds. The amount of deferred revenues recognized as revenue in the statement of activities is as follows -		
Property taxes		(10,084)
Long -term compensated absences are reported in the Government-Wide Statement of Activities and Changes in Net Position, but they do not require the use of current financial resources. Therefore, long-term compensated absences are not reported as expenditures in Government Funds.		
Compensated absences changed by this amount during the fiscal year.		20,064
Change in Net Position of Governmental Activities	$	(118,520)

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of East Dublin, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Reporting Entity

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in Governmental Accounting Standards Board SGAS 14 which defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of the component unit's board and either A) the ability to impose will by the primary government, or B) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Based upon the application of this criteria, the City of East Dublin reporting entity consists of the city itself consisting of five funds: the General Fund, Hotel/Motel Tax Fund, Water and Sewer Fund, TSPLOST Fund and the SPLOST Fund.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities,* which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities,* which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues.*

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis* of accounting, as is the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The format of the fund financial statements has been modified by GASB Statement No. 34. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. GASB Statement No. 34 also required, as required supplementary information, Management's Discussion and Analysis which includes an analytical overview of the City's financial activity.

The City reports the following major governmental funds:

The *general fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *special purpose local option sales tax fund* accounts for the activities of the government's special purpose local option sales tax.

The City reports the following major proprietary fund:

The *water and sewer fund* accounts for the operation of the water and sewerage system including all revenues from sources applicable to these operations and all expenses off the operation.

Additionally, the government reports the following fund types:

The *special revenue funds* account for specific revenues that are legally restricted to expenditures for particular purposes.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and the other functions of the government. Elimination of these charges would distort the direct costs reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principle operating revenues of the enterprise funds are charges for goods and services provided. Operating expenses of the enterprise funds include the cost of these goods and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Position or Equity

1. Deposits and investments - The city's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. There are no investments other than cash and these are stated at cost.

2. Receivables and payables - Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

   Property tax receivables are shown net of an allowance for uncollectible accounts. As of June 30, 2018, the City expects to collect all outstanding property taxes and has recorded an allowance of $15,228.

3. Inventories - Inventories are valued at cost, which approximates market, using the first in, first out (FIFO) method. The consumption method is used to account for inventories. Under the consumption method, inventory items are recognized as expenditures when used.

4. Debt issuance costs –The City capitalized $42,000 as debt issuance costs as these costs were directly associated with obtaining financing for the entity. The costs are being amortized over the term of the bonds. Annual amortization expense is $1,050. Accumulated amortization as of June 30, 2018 is $5,863.

5. Restricted assets - Certain proceeds of enterprise fund block grants, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because their use is limited.

6. Capital assets - Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than $500 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the acquisition value at the date of donation.

   The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized.

   Property, plant and equipment of the primary government are depreciated using the straight line method over the following useful lives:

Asset	Years
Land Improvements	30
Buildings	30-40
Public Domain Infrastructure	25
System Infrastructure	25-50
Vehicles & Equipment	3-20
Computer Equipment	5

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

7. Compensated absences – It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements.

8. Long-term obligations - In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

   In the fund financial statements, governmental fund types report the face amount of debt issued as other financing sources.

9. Fund balance - Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the those funds can be spent. Fund balances are classified as follows:

   Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

   Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

   Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council through the adoption of a resolution. Only the City Council may modify or rescind the commitment.

   Assigned – Funds balances are reported as assigned when amounts are constrained by the City's intent (as determined by the mayor or city clerk) to be used for specific purposes, but are neither restricted nor committed.

   Unassigned – Fund balances are reported as unassigned when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

   The City uses restricted amounts to be spent when both restricted and unrestricted fund balances are available, unless there are legal documents/contracts that prohibit the use of restricted fund balances, such as grant agreements that require a dollar match. Additionally, the City would then use committed, assigned and lastly, unassigned amounts from the unrestricted fund balances when expending funds.

   Deficit Fund Balance – The gas fund had a deficit fund balance as of April 30, 2018.

   Net Position

   Net investment in capital assets – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that attributed to the acquisition, construction or improvement of the assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Restricted net position – This amount is restricted by external creditors, grantors, contributors or laws or regulations of other governments.

Unrestricted net position – This amount is all net position that do not meet the definition of "invested in capital assets, net of related debt" or "restricted net position."

10. Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

    Restricted, committed, and assigned fund balance on the governmental funds balance sheet as of June 30, 2018:

	General Fund	SPLOST Fund	Hotel/Motel Tax Fund	TSPLOST Fund
Restricted Fund Balance				
SPLOST Referendum Purchases	$ -	$ 189,261	$ -	$ -
Assigned Fund Balance				
Promotion of Tourism	$ -	$ -	$ 44,245	$ -
Public Works Expenditures	-	-	-	18,873

    Non-spendable fund balance on the governmental funds balance sheet as of June 30, 2018

	General Fund
Inventory	$ 9,343

11. Encumbrances - Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed. Actual expenditures and amounts payable are compared to budget at each meeting. The mayor and council feel that they have sufficient control in this manner, especially as this is a relatively small municipality.

12. Infrastructure - General infrastructure assets acquired prior to July 1, 2003 are not reported in the basic financial statements. General infrastructure assets include all roads and bridges and other infrastructure assets acquired subsequent to July 1, 2003.

13. Intergovernmental support- The City constructed and extended its water and sewer system to enable the system to provide adequate services to the Laurens County Board of Education (LCBOE). These improvements were funded by a note payable obtained from the Georgia Environmental Facilities Authority (see Note 3 D.) Accordingly, the City entered into an intergovernmental contract with the LCBOE, which among other things, includes provisions for the LCBOE to pay for the costs of the improvements including maintenance and installation incurred by the City. As a result the LCBOE remits an amount to the City annually to pay the quarterly payments due to GEFA plus another amount to cover maintenance costs and is recorded as intergovernmental revenue on the proprietary fund statement of revenues and expenses. The amount recorded for the year ended June 30, 2018 is $83,124.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

14. Deferred outlows/inflows of resources- In addition to assets, the statement of financial position will sometimes report a separate section for deferred outlows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources until then. The City has no items that fell under this financial statement element.

    In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports one of these items, unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

On or before June 30 of each year, all departments of the government submit requests for appropriation to the government's mayor and council so that a budget may be prepared. The budget is prepared by fund, function, and department, and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year.

Before June 30, the proposed budget is presented to the government's council for review. The government's council holds public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the mayor and council or the revenue estimates must be changed by an affirmative vote of a majority of the council.

The legal level of budgetary control is the departmental level within individual funds. The city clerk is authorized to transfer budgeted amounts within departments. Any revisions that alter total expenditures must be approved by the mayor and council. During the year, the budget may be amended by council if necessary.

Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund and special revenue funds. Enterprise fund budgets are prepared and utilized as a management tool to assess the operations of the enterprise funds. All annual appropriations lapse at fiscal year-end.

B. Expenditures in Excess of Appropriations

There were no material expenditures in excess of appropriations during the year ended June 30, 2018.

NOTE 3 – DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Custodial Credit Risk – Deposits - The custodial credit risk of deposits is the risk that in the event of failure of a bank the government will not be able to recover deposits. The City has a policy of only using FDIC insured banks and they require pledges on balances not covered by FDIC insurance. As of June 30, 2018, $10,722 of the government's bank balance was exposed to custodial credit risk.

Investments – The City owns no investments as of June 30, 2018.

State statutes authorize the City to invest obligations of the U.S.Treasury, other U.S. Government Agencies, State of Georgia, other states, prime banker's acceptances, repurchase agreements and other political subdivisions of Georgia.

NOTE 3 – DETAILED NOTES ON ALL FUNDS, CONTINUED

Interest Rate Risk – The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – State statutes authorize the City to invest obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by U.S. government agency of the United States. Obligations of any corporation of the U.S. government; prime banker's acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. As of , the City had no investments in financial securities.

B. Property and Other Taxes

Property Taxes

Property taxes for 2018 are to be levied in November 2018 on property values assessed as of January 1, 2018. Bills for one-half of the estimated levy were sent out on March 15 and due by June 30. The final bills are sent out in November with taxes due on January 15, 2019. After this date, penalties and interest are assessed by the government with active pursuance of delinquent taxes early in the following year. Liens are placed on property when taxes are delinquent more than one year from the due date.

Hotel/Motel Taxes

The City has levied a 5% lodging tax. The Official Code of Georgia Annotated §48-13-50 requires that all lodging taxes levied of 5% or more be expended or obligated contractually for the promotion of tourism, conventions, or trade shows. Management represents that $9,421 or 60% of the lodging tax received during the year ended June 30, 2018 was used or assigned for promoting tourism, conventions or trade shows and $6,280 or 40% was paid to the Dublin-Laurens County Recreation Department per intergovernmental agreement.

C. Accounts Receivable

Receivables at June 30, 2018:

	General	Water and Sewer Fund
Receivables:		
Taxes	$ 161,902	$ -
Accounts	38,939	88,327
Intergovernmental	66,228	-
Gross receivables	267,069	88,327
Less: allowance for uncollectibles	(15,228)	(1,203)
Total net receivables	$ 251,841	$ 87,124

NOTE 3 – DETAILED NOTES ON ALL FUNDS, CONTINUED

D. Capital Assets

Capital asset activity for the fiscal year ended June 30, 2018:

	Beginning Balance	Increase	Decrease	Ending Balance

Business-type activities capital assets, net	$ 10,987,766	$ 125,736	$ (24,983)	$ 11,088,519

NOTE 3 – DETAILED NOTES ON ALL FUNDS, CONTINUED

Water and Sewer improvements and equipment were acquired at a cost of $400,051.

D. Capital Assets

Depreciation expense was charged to functions/programs of the City as follows:

Governmental activities:		
General Government	$	29,446
Public safety		47,903
Public works		61,065
Total depreciation expense - governmental activities	$	138,414
Business-type activities:		
Water and Sewer	$	299,298
Total depreciation expense - business-type activities	$	299,298

E. Short-term Debt

The City was not a party to a short-term debt agreement during the year ended June 30, 2018.

F. Capital Leases

The City was not a party to a capital lease agreement during the year ended June 30, 2018.

G. Long-term Debt

General Obligation Bonds - The government issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. There were no outstanding general obligation bonds payable at June 30, 2018.

Revenue Bonds - The government can also issue bonds where the government pledges income derived from the acquired or constructed assets to pay debt service. In 2011, the City issued revenue bonds totaling $3,201,000 to help fund the city's portion of a United States Department of Agriculture project to upgrade the city's wastewater treatment plant. The bond consists of 468 monthly payments of $13,029 starting in December 2012. The annual interest rate is 3.75%. The city has pledged future revenues of the water and sewer system to service the bonds. The City is also required to deposit $1,039 monthly into a sinking fund reserve account until the balance is $156,348. The balance in the sinking fund reserve account as of June 30, 2018 is $80,930. The city is in compliance with this requirement.

SPLOST proceeds are also available for use in the debt service.

NOTE 3 – DETAILED NOTES ON ALL FUNDS, CONTINUED

G. Long-term Debt (Continued)

Debt service requirements to maturity for the revenue bonds payable are:

	Business-Type Activities Revenue Bonds	
Fiscal Year	Principal	Interest
2019	$ 45,530	$ 110,818
2020	47,267	109,081
2021	49,070	107,278
2022	50,943	105,405
2023	52,886	106,462
2024-2028	296,280	485,460
2029-2033	357,277	424,353
2034-2038	430,834	350,906
2039-2043	519,532	262,208
2044-2048	626,491	155,249
2049-2051	499,760	33,417
	$ 2,975,870	$ 2,250,637

Notes Payable - In 2003, the City obtained a note payable in the amount of $788,476 from the Georgia Environmental Facilities Authority for an extension of the water and sewer system. The note consists of 80 quarterly payments in the amount of $11,982. The annual interest rate is 2.00%.

The annual debt service requirements to maturity for the notes payable are as follows:

	Business-Type Activities GEFA	
Fiscal Year	Principal	Interest
2019	$ 43,488	$ 4,442
2020	44,358	3,574
2021	45,263	2,666
2022	46,170	1,761
2023	47,100	827
2024-2025	11,922	59
	$ 238,301	$ 13,329

Interest included in the direct expenses of the government-wide statement of activities for June 30, 2018 is $118,140.

NOTE 3 – DETAILED NOTES ON ALL FUNDS, CONTINUED

Long-term liability activity for governmental activities and business-type activities for the year ended June 30, 2018 was as follows:

Governmental Activities:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year	Due Within More Than One Year
Compensated Absences	$ 43,893	$ 23,829	$ (43,893)	$ 23,829	$ 23,829	$ -
Governmental Activities Long-term Liabilities	$ 43,893	$ 23,829	$ (43,893)	$ 23,829	$ 23,829	$ -

Business-Type Activities:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year	Due Within More Than One Year
Compensated Absences	$ 17,411	$ 10,012	$ (17,411)	$ 10,012	$ 10,012	$ -
Bonds Payable	3,019,727	-	(43,857)	2,975,870	45,530	2,930,340
Notes Payable	280,930	-	(42,629)	238,301	43,488	194,813
Business-Type Activity Long-term Payables	$ 3,318,068	$ 10,012	$ (103,897)	$ 3,224,183	$ 99,030	$ 3,125,153

Compensated absences are generally liquidated by the General Fund.

H. Risk Management

The City provides a fully insured employee health insurance plan for its employees. Commercial insurance is carried to cover risk of other claims or losses. These insured risks include workers' compensation, property damage and liability.

The City has joined together with other municipalities in the state as part of the Workers' Compensation Self-Insurance Fund (WCSIF), a public entity risk pool currently operating as a common risk management and insurance program for member local governments. The Georgia Municipal Association (GMA) administers the risk pool.

As part of the risk pool, the City is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in agents and attorneys to represent the City in investigation, settlement discussions, and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the fund.

The fund is to defend and protect the members of the fund against liability or loss as prescribed in the member governments' contracts and in accordance with the workers' compensation laws of Georgia. The fund is to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation, or defense.

I. Commitments and Contingencies

Reservations of fund balances of Governmental funds are established to either (1) satisfy legal covenants that require that a portion of the fund balance be segregated or (2) identify the portion of the fund balance that is not appropriable for future expenditures. Specific reservations of the fund balance accounts are summarized below.

NOTE 3 – DETAILED NOTES ON ALL FUNDS, CONTINUED

Grants
The City has received state and federal grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the City believes such disallowances, if any, will not be significant.

Litigation
During the course of normal operations of the City, various claims and lawsuits arise. The City attorney has advised that there are no potential liabilities that will impair the City's financial position as of the date of this audit report.

Tax Abatements
The City was not under a tax abatement agreement and property taxes were reduced for the year ended June 30, 2018.

J. Interfund Receivables, Payables, and Transfers

The city did not have any interfund receivables or payables as of June 30, 2018.

The composition of interfund transfers as of June 30, 2018, is as follows:

Transfer Out	Transfer In	Amount	Purpose
SPLOST Fund	Water/Sewer Fund	$ 216,367	Water and Sewer Capital Improvements
General Fund	Water/Sewer Fund	$ 11,628	Water and Sewer - Other

Transfers are used to 1) move revenues from the fund that statute or budget requires to collect them to the fund that the statute or budget requires to expend them, and 2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 4 – OTHER INFORMATION

A. Joint Venture

Under Georgia law, the City, in conjunction with other cities and counties in the seventeen county central Georgia area, is a member of the Heart of Georgia Altamaha Regional Commission (RC) and is required to pay annual dues thereto. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organization structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. OCGS 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from:

Heart of Georgia Altamaha Regional Commission
501 Oak Street
Eastman, Georgia 31023

B. Defined Contribution Pension Plan

The City has a voluntary matching savings plan whereby the City will match employees; contributions to an IRA established and maintained by the employee. Contributions for the fiscal year by the City totaled $16,683 by the General Fund and $3,963 by the Water Fund. The employees' voluntary contributions may be 2%, 4%, or 6% of their salary. Plan provisions and contribution requirements are established and may be amended

NOTE 4 – OTHER INFORMATION, CONTINUED

by the City. The plan conforms to Internal Revenue Code Section 408. At present the trustees of the accounts are the Capital City Bank, the Bank of Dudley, and the Citizens Bank of Laurens County.

The City is required by Georgia law to contribute a percentage of its fines collected to the Peace Officers Annuity and Benefit Fund. The General Fund contributed $6,180 during the fiscal year. Membership is limited to Peace Officers employed by the State of Georgia or any of its political subdivisions. Upon application and acceptance, a member must pay dues in the amount of $20.00 per month. None of the officers employed by the City are members. Benefits of membership include death payments and disability retirement income. Pension benefits with different payment options are also available to qualified members. The City has no liability or fiduciary responsibility beyond its contribution to the plan and no unfunded accrued liabilities.

C. Subsequent Events

The City performed an evaluation of subsequent events through January 29, 2019, the date upon which the City's financial statements were available for issue. The City has not evaluated subsequent events after this date. No subsequent events were identified that would have required a change to the financial statements or disclosure in the notes to the financial statements.

GOVERNMENT REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and
Members of City Council
City of East Dublin, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activity, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of East Dublin, Georgia, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise City of East Dublin, Georgia's basic financial statements, and have issued our report thereon dated January 29, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of East Dublin, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of East Dublin, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of East Dublin, Georgia's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that may be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described as 2018-01, 2018-02, and 2018-03 in the accompanying schedule of findings and responses to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described as 2018-04 in the accompanying schedule of findings and responses to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of East Dublin, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was

not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of East Dublin's Response to Findings

The City of East Dublin, Georgia's response to the findings identified in our audit as described in the accompanying schedule of findings and responses and the City of East Dublin, Georgia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

TFS Deemer Dana LLP

January 29, 2019
Dublin, Georgia

CITY OF EAST DUBLIN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED JUNE 30, 2018

SECTION I.
SUMMARY OF AUDITOR'S RESULTS:

Financial Statements

Type of Auditor's Report issued:	Unmodified
Internal control over financial reporting:	
Material weakness identified?	Yes
Significant deficiency identified not considered to be material weakness?	Yes
Noncompliance material to financial statement noted:	No

Federal Awards
There was not an audit of major federal award programs as of June 30, 2018 due to the City having not exceeded the single audit threshold.

SECTION II.
FINANCIAL STATEMENT FINDINGS

MATERIAL WEAKNESS:

2018-01 Control Environment/Management Override of Controls

Condition: The City lacks certain internal controls to reduce the risk of material misstatement or misappropriation of assets. Immaterial fraud was discovered during fiscal year 2018.

Criteria: Internal controls should be in place to reduce the risk of material misstatement and fraud and to provide reasonable assurance that an individual cannot misappropriate funds without being detected during the normal course of business.

Cause: The City's limited size and staffing resources have resulted in a lack of internal controls adequately designed or implemented.

Effect or Potential Effect: Failure to fully implement adequate internal controls can lead to misappropriation of assets or misstatements that are not detected during the normal course of business.

Recommendation: Management should perform thorough review of the City's internal control processes.

Response: We concur with the recommendation and will review procedures to determine where modifications are needed to improve the system of internal controls.

2018-02 Proprietary Revenues are not Recorded on Accrual Basis

Condition: The City's water billing system is recording revenue on the cash basis. Revenue is not recorded on the general ledger until payment is received from the customer, rather than when the customer is billed for the services.

Criteria: Revenue and expenditures should be recorded on the accrual basis for proprietary funds. Revenue is recorded when earned and expenditures are recorded when incurred. When revenues and expenditures are not recorded on the accrual basis, the related receivables and payables are not recorded correctly.

Cause: The City's water billing system is not properly recording revenue when the customers are billed.

Effect or Potential Effect: Failure to fully implement accrual accounting leads to inaccurate financial reporting.

Recommendation: The City's water billing system should be updated to record revenue when the customers are billed.

Response: We concur with the recommendation and will evaluate the cost/benefit of recording the proprietary revenues on the accrual basis.

2018-03 Accounts and Transaction Recording

Condition: Certain audit adjustments were required to fairly state the balances on general ledger accounts at the end of the accounting period.

Criteria: Accounts should be properly adjusted and reconciled to ensure that the financial statements are presented fairly at the end of the accounting period.

Cause: The City's limited size and staffing resources have resulted in large number of adjusting entries.

Effect or Potential Effect: Failure to properly account for financial transactions could result in a material misstatement to the City's financial statements that would not be prevented or detected on a timely basis.

Recommendation: The City should consider additional training that would provide accounting personnel with the skills to detect and correct misstatements in the financial statements.

Response: We concur with the recommendation. We will review procedures in place to ensure that account balances are fairly stated at the end of the accounting period. We will also consider whether additional training for accounting personnel is necessary.

SIGNIFICANT DEFIENCY NOT CONSIDERED A MATERIAL WEAKNESS

2018-04 Controls Over Financial Statement Reporting

Condition: City personnel do not currently possess the professional skills necessary to prepare or review the financial statements in sufficient detail to detect material misstatements in the financial statements and related footnotes.

Criteria: City personnel should possess professional skills sufficient to be able to perform an adequate review of the City's financial statements in order to determine that the statements are materially correct.

Cause: The City's limited size and staffing resources have resulted in large number of adjusting entries.

Effect or Potential Effect: Failure to properly account for financial transactions could result in a material misstatement to the City's financial statements that would not be prevented or detected on a timely basis.

Recommendation: The City should consider additional training that would provide accounting personnel with the skills to detect and correct misstatements in the financial statements.

Response: We concur with the recommendation. We will consider whether additional training for accounting personnel is necessary.

CITY OF EAST DUBLIN, GEORGIA

SCHEDULE OF STATUS OF PRIOR AUDIT FINDINGS
YEAR ENDED JUNE 30, 2018

STATUS OF PRIOR AUDIT FINDINGS:

None noted.
