INDEPENDENT AUDITORS' REPORT

Board of Commissioners
City of Hawkinsville, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hawkinsville, Georgia (the City), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained *in Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Qualified Opinion on Business Type Activities and Proprietary Fund Level Financial Statements

Prior to June 30, 1981, the City of Hawkinsville, Georgia did not capitalize capital asset acquisitions as required by accounting principles generally accepted in the United States of America, nor did the City of Hawkinsville, Georgia maintain a record of its capital assets. Assets acquired prior to June 30, 1981, were recorded at appraised values which is a departure from accounting principles generally accepted in the United States of America. The effect of this departure on the business-type activities and the fund level financial statements for the Water and Sewerage Fund, the Gas Fund, and the Training Facility Fund cannot be reasonably determined.

Qualified Opinion

In our opinion, except for the valuation and expensing of capital assets for the business-type activities and the fund level financial statements for the Water and Sewerage Fund, the Gas Fund and the Training Facility Fund as described in the preceding paragraph, the financial statements referred to in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the fund level financial statements for the Water and Sewerage Fund, the Gas Fund, and the Training Facility Fund of the City of Hawkinsville, Georgia, as of June 30, 2013, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major governmental fund and the fund level statement for the Sanitation Fund, and the aggregate remaining fund information of the City of Hawkinsville, Georgia, as of June 30, 2013, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 22 to the financial statements, during the year ended June 30, 2013, the City adopted new accounting guidance in accordance with GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and the schedule of funding progress listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The City has not presented the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hawkinsville, Georgia's basic financial statements as a whole. The combining and individual nonmajor fund financial statements and schedules and other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules, other supplementary information, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report, dated December 31, 2013, on our consideration of the City of Hawkinsville, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*, in considering the City of Hawkinsville's internal control over financial reporting and compliance.

CITY OF HAWKINSVILLE, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2013

NET CHANGES IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS		$(38,120)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:		
Expenditures for capital assets	$ 431,560	
Donated capital assets	9,000	
SPLOST assets transferred to Enterprise Funds	(116,714)	
Capital assets transferred from Enterprise Funds:		
Cost	119,951	
Less: accumulated depreciation	(115,697)	
Less: current year depreciation	(217,507)	110,593
In the Statement of Activities, only the loss on the disposal of capital assets is reported, whereas in the Governmental Funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the assets disposed.		
Cost of disposed capital assets	$ 68,606	
Accumulated depreciation of disposed capital assets	(68,606)	- - -
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in Governmental Funds:		
Property taxes	$ (2,002)	
Grant revenues	(49,047)	
Note receivable interest	13,104	
Animal Control fees	1,453	(36,492)
Long-term compensated absences are reported in the Statement of Activities, but do not require the use of current financial resources. Therefore, long-term compensated absences are not reported as expenditures in Governmental Funds.		3,750
Issuance of long-term debt provides current financial resources to Governmental Funds, while the repayment of the principal of long-term debt consumes current financial resources of Governmental Funds. Neither transaction, however, has any effect on net position:		
Notes and leases principal paid	$ 112,915	
Interest paid	293	113,208
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES		$152,939

The notes are an integral part of these financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The City of Hawkinsville, Georgia (City) is an incorporated municipality under the provisions of Georgia law. The City operates under a commissioner-manager form of government in lieu of a Mayor and Council. The Commissioners have all the rights and powers of a Mayor and Council and additional administrative powers as provided by the City Charter. The City provides various services, levies taxes, and issues licenses as provided by the Charter. These services include public safety, highways and streets, sanitation, wastewater treatment, water, gas, and administrative services.

The financial statements of the City have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles. The City's reporting entity applies all relevant GASB pronouncements. The financial statements of the business-type activities apply pronouncements of the Financial Accounting Standards Board (FASB) and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. The following is a summary of the more significant policies:

A. THE REPORTING ENTITY: As required by GAAP, the financial reporting entity consists of (1) the primary government (the City), (2) organizations for which the City is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the City are such that the exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The financial statements are formatted to allow the user to clearly distinguish between the primary government and its component units. The financial statements presented herein do not include agencies that have been formed under applicable state laws or separate and distinct units of government apart from the City.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organizations; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Some component units, because of the closeness of their relationship with the City, should be blended as though they are part of the City. Otherwise, most component units should be discretely presented. At present, there are three organizations which would be considered component units:

Hawkinsville Downtown Development Authority - Management has determined that the Hawkinsville Downtown Development Authority is considered to be a blended component unit of the City and is included as a Special Revenue Fund. The Hawkinsville Downtown Development Authority (the Authority) is governed by seven directors appointed by the City of Hawkinsville's Board of Commissioners. The Authority's purpose is to revitalize and redevelop the central business district of the City of Hawkinsville, Georgia. Because the Authority's total debt outstanding is expected to be repaid entirely or almost entirely with resources of the City, the Authority is reported as if it were part of the City's operations. Component unit financial statements are available from the Authority, 100 Lumpkin Street, Hawkinsville, Georgia.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Hawkinsville Development Authority - Management has determined that the Hawkinsville Development Authority is considered to be a blended component unit of the City and is included as a Special Revenue Fund. The Hawkinsville Development Authority (HDA), an entity legally separate from the City, is governed by a seven member board appointed by the City Commission. HDA's purpose is to provide financing for new industries in Hawkinsville. To date, the HDA has provided $1,200,000 in financing for the Speculative building that has been leased to the City. Because the HDA's only activity has been with the City, the HDA is reported as if it were part of the City's operations. Component unit financial statements are available from the City of Hawkinsville, 319 Broad Street, Hawkinsville, Georgia.

Hawkinsville Urban Redevelopment Agency - Management has determined that the Hawkinsville Urban Redevelopment Agency is considered to be a blended component unit of the City and is included as a Special Revenue Fund. The Hawkinsville Urban Redevelopment Agency (HURA), an entity legally separate from the City, is governed by an eleven member board appointed by the City Commission. HURA's purpose is to facilitate improvement of substandard buildings within the City. Because the HURA's only activity has been with the City, the HURA is reported as if it were part of the City's operations. Component unit financial statements are available from the City of Hawkinsville, 319 Broad Street, Hawkinsville, Georgia. On September 12, 2012, the City suspended operations of HURA for one year.

B. RELATED ORGANIZATIONS: The City's officials are responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making these appointments. The City commissioners appoint the board members of the Hawkinsville Historical Commission, Hawkinsville Housing Authority, Planning and Zoning Commission, and the Board of Registrars.

C. JOINT VENTURES:

Jointly Owned Natural Gas Transmission Line - The Jointly Owned Natural Gas Transmission Line (Line) is a joint venture of the Cities of Warner Robins, Perry, Hawkinsville, Cochran, and Byron, Georgia. The Line was established in 1953 with the purpose of providing maintenance and related services for the transmission line serving the member cities and customers. The Line is governed by a board of directors composed of one member from each city. Each director has one vote. The investment is accounted for using the equity method.

Under the terms of the joint venture contract, each member owns its own separate section of the transmission line and maintains the cost of operating the particular section. Income earned by the Line is allocated to each member based on various percentages as specified in the joint venture contract. Each member's equity share in the income and retained earnings of this joint venture is reported in the audited financial statements of the Line. The income and retained earnings from the Line as of and for the year ended September 30, 2012, are reported in the Gas Fund for the current year.

Income of $2,258 was reported in the Gas Fund for the year ended June 30, 2013. Total investment in the Line recorded as an investment by the Gas Fund totaled $681,564 at June 30, 2013.

The City owns approximately 19.18% of the total assets of the Line.

The audited financial statements of the Line are on file with the City and copies are available upon request.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Middle Georgia Regional Commission - Under Georgia law, the City, in conjunction with municipalities and counties in the eleven (11) county Middle Georgia area are members of the Middle Georgia Regional Commission (MGRC). Membership in the MGRC is required for each municipality and county in the Middle Georgia region. The Official Code of Georgia Section 50-8-34 provides for the organizational structure. The MGRC Board membership includes the chief elected official of each county and the chief elected official of each municipality. The City board members and municipal board members from the same county elect one Member of the Board who is a resident (but not an elected or appointed official or employee of the County or municipality) to serve as a nonpublic member and a minority member who must be an elected official to serve as board members from a County. O.C.G.A. 50-8-39.1 provides that the member governments are liable for any debts or obligations of the MGRC. Separate financial statements for the MGRC are available from:

Middle Georgia Regional Commission
175C Emery Highway
Macon, GA 31217

D. JOINTLY GOVERNED ORGANIZATIONS: The City, in connection with Pulaski County, has created the Library Board, Hawkinsville-Pulaski County Recreation Board, and the Pulaski County-Hawkinsville Development Authority. The board members for each organization are composed as follows:

Library Board - 4 appointed by City, 5 appointed by Pulaski County; Hawkinsville-Pulaski County Recreation Board - 2 appointed by City, 3 appointed by Pulaski County; Pulaski County-Hawkinsville Development Authority - 3 appointed by City, with Commission Chairman, 3 appointed by Pulaski County along with sole Commissioner of Pulaski County, and 1 member at large.

The City's expenditures for June 30, 2013, were $19,200 and $75,000 to the Library Board and Hawkinsville-Pulaski County Recreation Board, respectively.

E. BASIC FINANCIAL STATEMENTS: The basic financial statements consist of the government-wide financial statements, fund financial statements, and notes to the financial statements. Both the government-wide financial statements and the fund financial statements categorize activities as either governmental activities or business-type activities. These statements provide valuable information that can be analyzed and compared.

Government-Wide Financial Statements - The government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements display information about the reporting government as a whole and provide a consolidated financial picture of the government. All funds other than fiduciary activities are included at the government-wide reporting level. The primary government and the component unit are presented separately within the financial statements with the focus on the primary government. In the government-wide Statement of Net Position, both governmental and business-type activities and the component unit columns are presented on a consolidated basis by column and are reflected on a full accrual, economic resources basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities, for each identifiable activity of the business-type activities of the City, and for each component unit of the City. Direct expenses are those that are specifically associated with a function and therefore clearly identifiable to that particular function. The City does not allocate indirect expenses to functions in the Statement of Activities.

The government-wide Statement of Activities also reports functional categories of programs provided by the City and demonstrates how and to what degree those programs are supported by specific revenues. Program revenues are classified into three categories: charges for services, operating grants and contributions, and capital grants and contributions. Charges for services relate to charges to customers who purchase, use, or directly benefit from goods or services provided by a given function. Grants and contributions refer to revenues restricted for specific functions for operational or capital requirements. The general revenues section displays revenues collected that help support all functions of the government and contribute to the change in the net position for the fiscal year. The gross expenses (including depreciation) are reduced by related program revenues, operating grants, and capital grants. The net costs (by function and business-type activity) are normally covered by general revenue.

Fund Financial Statements - Fund financial statements for the government's governmental and proprietary funds are presented after the government-wide financial statements. These statements display information about major funds individually and non-major funds in the aggregate for governmental and proprietary funds. The governmental funds statements in the fund financial statements are presented on a current financial resource and modified accrual basis of accounting. The proprietary funds statements are presented on a full accrual, economic resources basis. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented on the page following the statement which briefly explains the adjustment necessary to transform the fund based financial statements into the governmental column of the government-wide presentation.

F. **BASIS OF PRESENTATION**: The financial transactions of the City are organized on the basis of funds. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which the resources are to be spent and the means by which spending activities are controlled. Fund financial statements are designed to present financial information of the City as a more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. The non-major funds are combined in a column in the fund financial statements and detailed in the supplementary information section of this report.

Governmental Funds - Governmental Funds are those through which most governmental functions typically are financed. The acquisition, use, and balances of the government's expendable financial resources and the related current liabilities - except those accounted for in other funds - are accounted for through governmental funds. The flow of current financial resources measurement focus is used for governmental funds. It is based on the determination of financial position, rather than on net income determination. Major Governmental Funds used by the City include:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

General Fund - The General Fund is the general operating fund of the City. It is used to account for and report all financial resources except those required to be accounted for and reported in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for and report the proceeds of specific revenue sources and grants that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

UDAG Grant - This fund is used to account for and report economic development revenues and expenditures.

HOPE VI - This fund is used to account for and report revenues and expenditures of a Hope VI Main Street Grant for 11 housing units in the River Market Lofts Project.

Capital Projects Funds - Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other assets other than those financed by Proprietary Funds or for assets that will be held in trust for individuals, private organizations, or other governments.

2010 SPLOST - This fund is used to account for and report SPLOST revenues and expenditures to be used for a new City Hall, upgrading City property and equipment, Opera House repairs, renovation of the Old Firehouse, public safety, and grant matching funds.

Additionally, the City reports the following nonmajor governmental fund types:

Special Revenue Funds:

Mill Project - This fund is used to account for and report revenues and expenditures related to the Cotton Mill Lofts Project.

2010 Community Development Block Grant - Housing - This fund is used to account for and report revenues and expenditures of a Community Development Block Grant for housing rehabilitation.

Riverwalk Grant - This fund is used to account for and report revenues and expenditures of a State of Georgia Department of Natural Resources project grant for the Hawkinsville - Pulaski Riverwalk Trail.

Cemetery Fund - This fund is used to account for and report revenues and expenditures for the maintenance of the City Cemetery.

Hotel / Motel Tax Fund - This fund is used to account for and report the hotel / motel taxes collected as required by law.

2011 CHIP Grant - This fund is used to account for and report revenue and expenditures of a Community Home Investment Program Grant for housing rehabilitation.

Hawkinsville Development Authority - This fund is a blended component unit of the City and is used to account for and report the financing and construction of industrial and technological parks and facilities and to promote economic growth through opportunities for its citizens.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Hawkinsville Urban Redevelopment Agency - This fund is a blended component unit of the City and is used to account for and report revenues and expenditures related to improvement of substandard buildings within the City.

Hawkinsville Downtown Development Authority - This fund is a blended component unit of the City and is used to account for and report revenues and expenditures to revitalization and redevelopment of the central business district of the City.

Debt Service Funds - Debt Service Funds are used to account for and report the accumulation of financial resources that are restricted, committed, or assigned to expenditure for general long-term debt principal, interest, and related costs, other than those payable from Proprietary Funds and Special Assessment Funds.

Workforce Development Center - This fund is used to account for and report the collection and disbursement of the 1% Special Purpose Local Option Sales Tax (SPLOST) needed to comply with the interest and principal requirements of the debt related to the construction of the Workforce Development Center.

Capital Projects Fund -

General SPLOST - This fund is used to account for and report the SPLOST revenues and expenditures to be used for public works, economic development, and office equipment.

Proprietary Funds - Proprietary Funds are accounted for using a flow of economic resources measurement focus. This measurement focus utilizes the accrual basis of accounting which recognizes revenues when earned and expenses when incurred without regard to the timing of receipt or payment. Proprietary Fund types include -

Enterprise Funds - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Major Enterprise Funds used by the City include:

Water and Sewerage Fund - This fund was established for the control of the operating revenue and expenses of the water distribution system and sewerage processing system.

Gas Fund - This fund was established for control of the operating revenue and expenses of the natural gas distribution system.

Sanitation Fund - This fund was established for control of the operating revenue and expenses relating to garbage pickup and disposal.

Training Facility Fund - This fund was established for control of the operating revenues and expenses of the City's harness racing track facility.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

G. BASIS OF ACCOUNTING: Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, governmental funds use the modified accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, the phrase, "available for exchange transaction" means expected to be received within 60 days of year end.

Revenues - Nonexchange Transactions - Nonexchange transactions in which the City receives value without directly giving equal value in return, include sales taxes, property taxes, grants, and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the taxable sale takes place and on the modified accrual basis, it is recognized in the year received (i.e., when considered available). Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions also must be available (i.e., collected within 60 days of year end) before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: grants, interest on investments, and property taxes.

Fines and a related allowance are recorded as assessed, and fine revenue is recognized when collected.

Deferred Revenue - Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

On governmental fund financial statements (i.e., on the modified accrual basis), receivables that will not be collected within the available period have been reported as deferred revenue (i.e., they are measurable but not available) rather than as revenue. Property taxes receivable not collected within 60 days of year end have been recorded as deferred revenue. Grants received before the eligibility requirements are met also are recorded as deferred revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Interfund Activity - The City has two types of interfund transactions. Services rendered transactions are accounted for as revenues and expenditures in the funds involved and operating appropriations are accounted as transfers in the funds involved. Intrafund transfers, except interfund services provided and used and reimbursements, are reported as transfers in or out in the funds involved as other financing sources. However, as a general rule, recorded intrafund revenues and expenditures have been eliminated in the GAAP-basis government-wide financial statements.

H. CASH AND CASH EQUIVALENTS: Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

For purposes of the Statement of Cash Flows, the proprietary fund types consider all highly liquid investments with an original maturity of three months or less to be cash equivalents.

I. CONTRACTUAL PROVISIONS FOR DEPOSITS AND INVESTMENTS: The City follows the practice of maintaining separate cash accounts for each fund except for funds invested in the Georgia Fund 1, which are pooled. Each Fund's portion of the Georgia Fund 1 is presented by fund in the combined balance sheet.

Various restrictions on deposits and investments, including repurchase agreements, are imposed by State statutes. These restrictions are summarized below:

Deposits - All deposits with financial institutions must be collateralized in an amount equal to 110% of uninsured deposits. However, the City may waive the collateral requirement for operating funds placed in demand deposit accounts.

Investments - The City may invest and reinvest funds subject to its control and jurisdiction in obligations of the United States and of its agencies and instrumentalities; and in bonds or certificates of indebtedness of this State and of its agencies and instrumentalities; and certificates of deposit of banks that have deposits insured by the Federal Deposit Insurance Corporation. The City may also invest through the Georgia Fund 1 state investment pool and other specific Georgia and Georgia related financial instruments.

J. RECEIVABLES: The City does not normally record an allowance for doubtful accounts. The City has established an accounts receivable write off policy for its Enterprise Funds where all accounts over 180 days old are considered uncollectible for financial reporting purposes. The City recorded a receivable of uncollected fines in the amount of $200,066. Due to the delinquent nature of these fines, the City recorded an allowance for uncollectibles in the amount of $200,066.

K. INTERFUND RECEIVABLES/PAYABLES: Outstanding balances resulting in transactions between funds are reported as “due to/from other funds.” To the extent that these balances are between governmental funds, they have been eliminated on the government-wide financial statements. Any residual balances between the governmental activities and the business-type activities are reported on the government-wide financial statements as “internal balances” and eliminated in the total primary government column.

L. PROPERTY TAXES: Property taxes attach as an enforceable lien on property as of December 2. Taxes are levied on August 1, and are due and payable by December 1. All unpaid taxes levied August 1, become delinquent after December 1, and fifa's are recorded on or after March 1.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

M. INVENTORIES: On government-wide financial statements, inventories are recorded at the lower of cost or market using the first in first out flow assumption and are accounted for using the consumption method.

On the fund financial statements, inventories of governmental funds are recorded at cost using the first in first out flow assumption and are accounted for using the purchases method.

N. PREPAID ITEMS: Payments made to vendors for services that benefit periods beyond June 30, 2013, are recorded as prepaid items.

O. DEPOSITS: Deposits at June 30, 2013, consisted of a $50 utility deposit paid by the Gas Fund.

P. INVESTMENTS:

Governmental Activities - These investments are held in the Special Revenue Fund - UDAG Grant and consist of investment property purchased for economic development purposes. This investment property is carried at cost.

Business-type Activities - This investment is the City's investment in the Jointly Owned Natural Gas Transmission Line which is discussed in Note 1-C.

Q. CAPITAL ASSETS: Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, water and sewerage distribution systems and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized in the government-wide financial statements to the extent the City's capitalization threshold of $5,000 is met.

All property, plant, and equipment acquired after June 30, 1981, is valued at historical cost or estimated historical cost if actual historical cost is not available. Assets acquired before June 30, 1981, are recorded at appraised values which is a departure from GAAP. Donated property, plant, and equipment is valued at the estimated fair value on the date donated. General infrastructure assets acquired or constructed prior to July 1, 2003 are not reported in the financial statements. General infrastructure assets include all roads and bridges and other infrastructure assets acquired or constructed subsequent to July 1, 2003.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. The City follows the policy of capitalizing interest as a component of the cost of property, plant, and equipment constructed for its own use. During the current fiscal year, no interest was capitalized.

Depreciation for capital assets is computed using the straight-line method over the assets estimated useful lives. The estimated useful lives for governmental and business-type activities are as follows:

	Governmental Activities	Business-Type Activities
Buildings	20-40 years	20-40 years
Improvements other than buildings	20-50 years	20-50 years
Machinery and equipment	5-10 years	5-10 years
Infrastructure	20-50 years	N/A

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

R. OPERATING/NONOPERATING ITEMS: Proprietary funds distinguish between operating and nonoperating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

S. COMPENSATED ABSENCES: Vacation leave is earned by all permanent City employees at the rate of twelve days per year for the first ten years of service. After ten years of service, the employees earn at a rate of fifteen days per year. Vacation leave may be accumulated and carried over to a maximum of forty-five days per employee. Upon separation from the City, employees are entitled to accumulated vacation leave. At June 30, 2013, accrued vacation leave of $41,738 has been recorded in the government-wide Statement of Net Position in the Governmental Activities and $35,117 in the proprietary fund financial statements, which represents the City's commitment to fund such cost from future operations. In governmental fund financial statements, the cost of vacation leave is recognized when due to employees.

T. LONG-TERM OBLIGATIONS: In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt is reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

U. FUND EQUITY: Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance - Fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

Nonspendable - Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted - Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Committed - Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Commission through the adoption of a resolution. Only the City Commission may modify or rescind a commitment.

Assigned - Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted or committed.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Unassigned - Fund balances are reported as unassigned when the balances do not meet any of the above criteria. The City reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed, then assigned, and finally unassigned funds, as needed.

The City does not have a formal minimum fund balance policy.

Net Position - Net position represent the difference between assets and liabilities. Net position is categorized as follows:

Net Investment in Capital Assets - This category consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Position - This category results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position - This category consists of net position that does not meet the definition of the two preceding categories. Unrestricted net position is often designated to indicate that management does not consider it to be available for general operations. Unrestricted net position often has constraints on resources that are imposed by management, but can be removed or modified.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the City's policy is to apply restricted net position first.

V. OPERATING LEASES: The City leases the "Spec" building to Sider-Oxydro, Inc. The monthly lease payment on this lease is $3,000 per month. Total amount of lease income for fiscal year 2013 totaled $36,000.

During 2002, the City discontinued operating the harness horse training facility and began leasing the facility to a third party. On September 13, 2010, the City entered into a lease for five years beginning September 1, 2010 and ending August 31, 2015, for use and operation of the training tracks, barns A through L, other buildings, camp area, and equipment. The lease requires payment of $100 per horse for each horse brought into the facility during the term of the lease. The lease is payable in two installments. On July 11, 2009, the City also entered into an annual lease of the arena and barns M through O. The lease requires payment of $5,500 due on the first day of the lease. The City recorded lease revenue of $16,801 during 2013. Subsequent to year end, the City and the Lessees have agreed to terminate these leases. The City hired a facility manager who began operating the Harness Horse Training Facility in September 2013.

W. POST EMPLOYMENT HEALTH CARE BENEFITS: Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City provides health care benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. This program is offered for a duration of 18 months after the determination date. There is no cost to the City under this program. There was one former employee participating in this plan as of June 30, 2013.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

X. CONTRIBUTED CAPITAL: Contributions of capital reported in proprietary fund financial statements and the government-wide financial statements arise from outside contributions of capital assets and grants or outside contributions of resources restricted to capital acquisition and construction.

2. CUSTODIAL CREDIT RISK - DEPOSITS: Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it.

Primary Government

The City does not have a deposit policy for custodial credit risk. As of June 30, 2013, $-0- of the City's bank balance of $1,139,788 was exposed to custodial credit risk.

As of June 30, 2013, the City had invested $306 into the local government investment pool, Georgia Fund 1. The pool was created by O.C.G.A. 36-83-8 and is a stable net asset value investment pool which follows Standard and Poor's criteria for AAAf rated money market funds. Georgia Fund 1 is the combined state general fund and local government investment pool. Regulatory oversight of the fund is provided by the Georgia Office of State Treasurer. The method used by the pool for reporting interest rate risk is 43 day WAM. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. Net asset value is calculated daily and reported to the rating agency weekly to ensure stability. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal ($1.00 per share value). The fair value of the City's position in the pool is the same as the value of the pool shares. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on $1.00 per share. Investment policies for Georgia Fund 1 are established by the State Depository and investments may include certificates of deposit; prime bankers' acceptances; repurchase agreements; insured or guaranteed obligations of the United States government and its agencies; obligations of any states; and obligations of political subdivisions of the State of Georgia. The title to all investments, including collateral pledged to secure the investments, is held in the custody of the Director, Fiscal Division, Department of Administrative Services, State of Georgia, according to state law. Georgia Fund 1 deposits are not guaranteed or insured by any bank, the Federal Deposit Insurance Corporation, the Federal Reserve Board, or any State agency.

3. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS:

Interfund balances at June 30, 2013, consisted of the following amounts and represent charges for services or reimbursable expenses or expenditures. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The City's intention is to repay interfund balances within one year from the date of the financial statements.

	Payable from:	
Payable to:	**General Fund**	**Total**
Nonmajor Governmental Fund - Hotel / Motel Tax	$4,720	$4,720
Total	$4,720	$4,720

3. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS: (continued)

Interfund transfers for the year ended June 30, 2013, consisted of the following:

	Transfers from:						
Transfers to:	General Fund	UDAG Grant	Nonmajor Governmental Funds	Water and Sewerage Fund	Gas Fund	Sanitation Fund	Total
General Fund	$ - - -	$ 3,000	$93,985	$34,429	$602,277	$ 4,200	$ 737,891
Special Revenue - UDAG	197,090	- - -	- - -	- - -	- - -	19,676	216,766
Nonmajor Governmental Funds	3,437	109,487	- - -	- - -	- - -	2,667	115,591
Water and Sewerage Fund	3,598	- - -	- - -	- - -	3,062	2,155	8,815
Gas Fund	- - -	- - -	- - -	3,598	- - -	1,229	4,827
Sanitation Fund	43,316	- - -	- - -	366	27	- - -	43,709
Total	$247,441	$112,487	$93,985	$38,393	$605,366	$29,927	$1,127,599

Transfers are used to move unrestricted revenues collected in various funds to finance various programs accounted for in other funds in accordance with budgetary authorizations and to return money to the fund from which it was originally provided, once a project is completed.

The transfers on the government-wide Statement of Activities differ from the transfers on the fund level Statement of Revenues, Expenditures, and Changes in Fund Balance by $112,460 which consists of the following:

Cost of SPLOST assets transferred to Enterprise Funds		$116,714
Enterprise Fund assets transferred to the General Fund Street Department:		
Cost	$ 119,951	
Accumulated Depreciation	(115,697)	(4,254)
Net difference between transfers at the government-wide level and fund level statements		$112,460

4. NOTES RECEIVABLE - MILL PROJECT:

During the year ended June 30, 2010, the City obtained a $485,000 note receivable from Landmark Properties, LLC (Landmark). This note represents grant proceeds loaned to the developer, Landmark, to pay for environmental studies and testing and or environmental clean-up costs for the Mill Project. This note was subsequently modified to Cotton Mill Lofts, LLC. During the year ended June 30, 2013 the maturity date of the note was modified. The maturity date was extended to December 31, 2042. As of June 30, 2013, $485,000 has been advanced. Unadvanced funds on this note at June 30, 2013, were $-0-. Due to the terms of this note, the City has recorded an allowance in the amount of $485,000.

The City also received a note receivable from Cotton Mill Lofts, LLC for funds expended by the City and for in kind services provided by the City for demolition, up-fit, appraisal and low income housing tax credit application costs of $148,800. The maturity date of this note is December 31, 2042. Unadvanced funds on this note at June 30, 2013, were $-0-. Due to the terms of this note, the City has recorded an allowance in the amount of $148,800. During the year ended June 30, 2013, the maturity date of this note was extended to December 31, 2042 from November 3, 2024.

A description of the notes outstanding is as follows:

	Amount Due
Cotton Mill Lofts, LLC :	
The note is a single payment note deferred for twenty nine years including interest at 0% per annum. Payment in full will be due December 31, 2042.	$ 485,000
Allowance	(485,000)
The note is a single payment note deferred for sixteen years including interest at 0% per annum. Payment is full will be due December 31, 2042.	148,800
Allowance	(148,800)
Total notes receivable, net of allowance	$ - - -

5. NOTE RECEIVABLE - RIVER MARKET LOFTS, LLC:

During the year ended June 30, 2012, the City obtained a $1,000,000 note receivable from River Market Lofts, LLC (River Market). This note represents grant proceeds loaned to the developer, River Market, to pay for renovation of a building located at the Farmers Market into 11 apartments. As of June 30, 2013, $1,000,000 has been advanced to River Market. Unadvanced funds on this note at June 30, 2013, were $-0-. Due to the terms of this note, the City has recorded an allowance in the amount of $1,000,000. During the year ended June 30, 2013, the due date of this note was extended to February 21, 2052.

A description of the note outstanding is as follows:

	Amount Due
River Market -	
The note is a single payment note deferred for forty years including interest at 0% per annum. Payment in full will be due February 21, 2052.	$ 1,000,000
Allowance	(1,000,000)
Total notes receivable, net of allowance	$ - - -

6. NOTE RECEIVABLE - COTTON MILL LOFTS, LLC:

During the year ended June 30, 2012, the Hawkinsville Downtown Development Authority, a blended component unit shown as a Special Revenue Fund, obtained a $160,000 note receivable from Cotton Mill Lofts, LLC, (Cotton Mill). This note represents monies loaned to the developer, Cotton Mill, to pay for environmental studies and testing at the Cotton Mill Lofts. As of June 30, 2013, $160,000 has been advanced to Cotton Mill. There were no unadvanced funds on this note at June 30, 2013.

A description of the note outstanding is as follows:

	Amount Due
Cotton Mill -	
The note is due in 19 annual installments of $12,938 including interest at 5.25% per annum.	$147,062

As of June 30, 2013, the payment due December 31, 2012 has not been received.

7. NOTE RECEIVABLE - JOINTLY OWNED NATURAL GAS TRANSMISSION LINE:

The City has a note receivable from the Jointly Owned Natural Gas Transmission Line (JONGL). This note is to pay the One Georgia loan that the City obtained for JONGL for the expansion of the pipeline.

A description of the note outstanding is as follows:

	Amount Due
JONGL -	
The note is due in 100 monthly installments of $7,125 including interest at 3% per annum. Payments began on October 7, 2004.	$188,118

8. CAPITAL ASSETS:

Primary Government

Total depreciation expense - business-type activities	$500,129

9. SHORT-TERM OBLIGATIONS:

On December 21, 2006, the Hawkinsville Downtown Development Authority, a blended component unit shown as a Special Revenue Fund, acquired an unsecured line of credit from PlantersFirst in the amount of $175,115. The note was renewed in August 7, 2012 with a maturity date of August 7, 2013. The interest rate is a fixed rate of 5.50%. Interest and principal are due at maturity. This line of credit is to be used for the Pillowtex Cotton Mill Redevelopment. This line of credit will be repaid using funds received from the City of Hawkinsville, Georgia and will be renewed annually until paid in full.

Short-term debt activity for the year ended June 30, 2013, was as follows:

	Beginning Balance	Issued	Redeemed	Ending Balance
Line of credit	$62,675	$- - -	$21,488	$41,187
Total short-term debt	$62,675	$- - -	$21,488	$41,187

10. LONG-TERM OBLIGATIONS:

Primary Government

The following is a summary of changes in long-term obligations for the year ended June 30, 2013:

	Balance July 1, 2012	Additions	Reductions	Balance June 30, 2013	Amounts Due Within One Year
Governmental activities:					
Compensated absences	$ 45,488	$- - -	$ 3,750	$ 41,738	$ 41,738
Notes payable - Hawkinsville Development Authority	460,545	- - -	95,297	365,248	98,145
Notes payable - Workforce Development Center	219,556	- - -	17,618	201,938	18,389
Total governmental activities	$ 725,589	$- - -	$116,665	$ 608,924	$158,272
Business-type activities:					
Compensated absences	$ 44,842	$- - -	$ 9,725	$ 35,117	$ 35,117

Post-closure care costs	109,745	- - -	5,320	104,425	5,287
Total business-type activities	$1,464,759	$- - -	$362,582	$1,102,177	$178,761

A. LONG-TERM OBLIGATIONS FOR GOVERNMENTAL ACTIVITIES:

Compensated Absences - Compensated absences for governmental activities are generally paid by the General Fund.

10. LONG-TERM OBLIGATIONS: (continued)

Notes payable - Hawkinsville Development Authority - The Hawkinsville Development Authority, a blended component unit shown as a Special Revenue Fund, entered into a loan agreement with SunMark Community Bank to finance a speculative building on January 1, 2002. The note payable at June 30, 2013, consisted of the following:

SunMark Community Bank - $1,205,110 note due in 180 monthly installments of $8,963 including interest at 2.9%. This interest rate is variable and resets January 1 to the Wall Street Journal AAA quality tax free bonds rate plus 0.75%.	$365,248
Less current portion	98,145
Total long-term portion	$267,103

The annual debt service requirements to maturity, including principal and interest, for the Hawkinsville Development Authority note payable as of June 30, 2013, are as follows:

Year ending June 30,	Principal	Interest	Total
2014	$ 98,145	$ 9,412	$107,557
2015	101,148	6,409	107,557
2016	104,121	3,436	107,557
2017	61,834	576	62,410
Total	$365,248	$19,833	$385,081

The Development Authority entered into a capital lease with the City of Hawkinsville, the terms of which mirror the terms of the above note. Under GASB rules for blending component units, the capital lease is eliminated and the debt service is shown as an expenditure of the City and is included in the Special Revenue Fund - UDAG Grant.

Notes payable - Workforce Development Center - The City of Hawkinsville entered into a loan agreement with the United States Department of Agriculture (USDA) to finance the construction of the Workforce Development Center on December 29, 2006. The note requires the City to accumulate a reserve of one year's note payment of $27,224. As of June 30, 2013, the City has fully funded the reserve which is maintained in a separate bank account in the amount of $29,720. The note payable at June 30, 2013, consisted of the following:

USDA - $510,000 note due in forty annual installments of $27,224 including interest at 4.375%.	$201,938
Less current portion	18,389
Total long-term portion	$183,549

10. LONG-TERM OBLIGATIONS: (continued)

The annual debt service requirements to maturity, including principal and interest, for the Workforce Development Center note payable as of June 30, 2013, are as follows:

Year ending June 30,	Principal	Interest	Total
2014	$ 18,389	$ 8,835	$ 27,224
2015	19,194	8,030	27,224
2016	20,033	7,191	27,224
2017	20,910	6,314	27,224
2018	21,825	5,399	27,224
2019-2023	101,587	11,810	113,397
Total	$201,938	$47,579	$249,517

B. LONG-TERM OBLIGATIONS FOR BUSINESS-TYPE ACTIVITIES:

Compensated Absences - Compensated absences for business-type activities are generally liquidated by the applicable Enterprise Fund.

Notes and leases payable - Enterprise fund notes and leases payable at June 30, 2013, consisted of the following notes for water and wastewater system improvements and expansion:

State Revolving Loan Fund (SRF) - $3,568,847 note due in eighty quarterly installments of $54,795 including interest at 2%.	$ 54,522
Georgia Environmental Facilities Authority (GEFA) - $95,104 note due in 120 monthly installments of $967, including interest at 4.10%.	34,419
Georgia Environmental Facilities Authority (GEFA) - $735,697 note due in 240 monthly installments of approximately $3,722, including interest at 2.0%.	629,883
Total	718,824
Less current portion	97,273
Total long-term portion	$621,551

10. LONG-TERM OBLIGATIONS: (continued)

The annual debt service requirements to maturity, including principal and interest, for the Enterprise Fund notes and leases payable as of June 30, 2013 are as follows:

Year ending June 30,	SRF Principal	SRF Interest	SRF Total	GEFA Principal	GEFA Interest	GEFA Total

Note payable - One Georgia - On July 7, 2003, the City received approval for a loan from the One Georgia Authority in the amount of $500,000 to be used for Gas line improvements for the Jointly Owned Natural Gas Line (JONGL). The City disbursed these funds to JONGL. The note payable to One Georgia at June 30, 2013, consisted of the following:

One Georgia Authority - $500,000 note due in one hundred quarterly installments of $7,125 including interest at 3%.	$188,118
Less current portion	23,115
Total long-term portion	$165,003

The annual debt service requirements to maturity, including principal and interest, for the One Georgia Authority note payable as of June 30, 2013, are as follows:

Year ending June 30,	Principal	Interest	Total
2014	$ 23,115	$ 5,385	$ 28,500
2015	23,817	4,683	28,500
2016	24,539	3,961	28,500
2017	25,283	3,217	28,500
2018	26,051	2,449	28,500
2019-2021	65,313	2,614	67,927
Total	$188,118	$22,309	$210,427

10. LONG-TERM OBLIGATIONS: (continued)

Capital lease payable - During the year ended June 30, 2011, the City entered into a capital lease through the Georgia Municipal Association with BB&T Governmental Finance for the purchase of a 2010 Loadmaster garbage truck. This asset is recorded as machinery and equipment and totaled $154,380 at June 30, 2013. Capital notes payable consisted of the following at June 30, 2013:

BB&T Governmental Finance - Collateralized by a 2010 Loadmaster garbage truck for $91,380, due in five annual installments of $19,795, including interest at 3.28%.	$55,694
Less current portion	17,969
Total long-term portion	$37,725

The following is a schedule of future minimum lease payments under capital leases and the present value of the net minimum lease payments as of June 30, 2013:

Year ending June 30,	
2014	$19,795
2015	19,795
2016	19,795
Total minimum lease payments	59,385
Less amount representing interest	3,691
Present value of minimum lease payments	$55,694

Post-closure care costs - The City was under contract with Pulaski County to share in the cost of operating the local landfill. Therefore, the City is responsible to share in the cost of closure and post closure of the local landfill.

State and federal laws and regulations require that a final cover be placed on the landfill when it stops accepting waste, and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The local landfill was closed on April 8, 1994. All requirements for closure have been met, and the Certificate of Closure (Certificate) was received as of April 19, 2002. Conditions of the Certificate include monitoring and maintenance for a period of thirty years from the Certificate date.

The City has provided one-half of the cost to place a final cover on the landfill and monitoring costs to date. The remaining cost to monitor the landfill is estimated to be $104,425 and has been included in accrued expenses of the Sanitation Fund. During the year ended June 30, 2013, these expenses were estimated by the City's outside engineering firm and do not specifically include any estimates due to the effect of inflation or deflation, technology, or changes in applicable laws or regulations. During the current year, actual postclosure expenses of $5,320 were paid.

10. LONG-TERM OBLIGATIONS: (continued)

The post-closure care costs requirements as of June 30, 2013 are as follows:

Year ending June 30,	
2014	$ 5,287
2015	5,289
2016	5,289
2017	5,289
2018	5,289
2019-2023	26,445
2024-2028	26,445
2029-2032	25,092
Total	$104,425

11. DEFICIT FUND EQUITY:

There were no deficit fund balances or net position items in any individual fund for the fiscal year ended June 30, 2013.

12. VIOLATION OF FINANCE-RELATED LEGAL AND CONTRACTUAL PROVISIONS:

A. EXCESS OF EXPENDITURES OVER APPROPRIATIONS - There were no excesses of expenditures over appropriations in individual funds for the year ended June 30, 2013.

13. RESTRICTED NET POSITION:

The following table provides detail regarding the restricted net position reported for the primary government on the government-wide Statement of Net Position:

	Restricted by Enabling Legislation	External or Constitutional Restrictions	Total
Governmental Activities:			
Restricted for:			
Debt Service	$ 55,048	$ - - -	$ 55,048
Capital projects	254,471	- - -	254,471
Community and economic development	- - -	111,855	111,855
Recorder's Court	- - -	17,471	17,471
Training facility improvements	- - -	248	248
Cemetery:			
Expendable	- - -	5	5
Nonexpendable	- - -	5,000	5,000
Total restricted net position - Governmental Activities	$309,519	$134,579	$444,098

14. SIGNIFICANT GROUP CONCENTRATIONS OF CREDIT RISK:

The City's Water and Sewerage Fund, Gas Fund, and Sanitation Fund provide utility and garbage service to the community. The City's receivable from three commercial customers amounted to $168,937. Also, these three commercial customers accounted for approximately 38.90% of the total charges for services in these funds.

15. 2004 SPECIAL PURPOSE LOCAL OPTION SALES TAX:

The residents of the City approved a One Percent Special Purpose Local Option Sales Tax (SPLOST) on September 21, 2004, for funds to construct the Workforce Development Center, fire department facilities and equipment, recreation department facilities and equipment, and for various other purposes. Collections on the SPLOST began October 1, 2004, and will continue for six years or until $1.3 million is collected as the City's portion, whichever comes first. The City created a Debt Service Fund - Workforce Development Center to account for funds for the construction of the Workforce Development Center and a Capital Projects Fund - SPLOST Fire to account for funds for fire department facilities and equipment. Pulaski County, Georgia will administer all funds collected for the jointly owned recreation department per an intergovernmental agreement.

16. 2010 SPECIAL PURPOSE LOCAL OPTION SALES TAX:

The residents of the City approved a One Percent Special Purpose Local Option Sales Tax (SPLOST) on July 20, 2010, for funds to construct a new city hall, renovate the Opera House, construct a recreation department multi-purpose facility, purchase police and fire department equipment, and for various other purposes. Collections on the SPLOST began October 1, 2010, and will continue for six years or until $3.6 million is collected as the City's portion, whichever comes first. Pulaski County, Georgia administers all funds collected for the jointly owned recreation department per an intergovernmental agreement.

17. DEFERRED COMPENSATION PLAN:

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Pursuant to changes in Internal Revenue Code Section 457, the plan has been amended to convert the deferred compensation plan to a trust. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are solely the property and rights of the trust, established for the exclusive benefit of the participants and their beneficiaries. The City has no liability for these assets and they are not subject to the claims of the City's general creditors.

18. PENSION PLAN:

Plan Description - The City's defined benefit plan, City of Hawkinsville Retirement Plan (Plan), is administered through the Board of Trustees of the Georgia Municipal Employees Benefit System Retirement Fund (GMEBS) an agent multi-employer pension fund. The Plan was established by a City ordinance under authority of Georgia law. The authority to establish and amend the benefit provisions of the Plan rests with the City. The Plan provides retirement benefits to full time employees (at least 30 hours per week) of the City employed since September 1, 1970, and City officials elected since October 1, 1973. Employees are considered vested after 10 years and City officials are vested immediately. The GMEBS issues a publicly available financial report that includes financial statements and required supplemental information. That report may be obtained at City Hall in Hawkinsville, Georgia, or by contacting the Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, S. W., Atlanta, Georgia 30303.

Current membership in the Plan is comprised of the following:

Group	January 1, 2013
Retirees and beneficiaries currently receiving benefits	32
Vested terminated employees	12
Active employees:	
Fully vested	25
Nonvested	9
Total membership in the plan	78

Funding Policy - The plan is noncontributory for plan members; however, the City's funding policy for the Plan is to contribute an amount equal to the recommended contribution in each year. These contributions are determined under the projected unit credit actuarial cost method. The period, and related method, for amortizing the initial unfunded actuarial accrued liability is 30 years from 1982 and current changes in the unfunded actuarial accrued liability over 15 years for actuarial gains and losses, 20 years for plan provisions, and 30 years for actuarial assumptions and cost methods as a level dollar amount. These amortization periods, if applicable, are closed for this plan year. The contribution requirement for the year ended June 30, 2013, was $91,168 which was 10.84% of the covered payroll. The amount of the current year covered payroll is $841,183.

The Plan is subject to minimum funding standards of the Public Retirement Systems Standards Law (Georgia Code Section 47-20-10). The estimated minimum annual contribution under these standards is $91,168. The GMEBS Board of Trustees has adopted an actuarial funding policy which requires a different funding level than the estimated minimum annual contribution to minimize fluctuations in annual contribution amounts and to accumulate sufficient funds to secure benefits under the Plan. If the employer contributes the recommended contribution developed under the actuarial funding policy each year, the Plan will meet applicable state funding standards.

18. PENSION PLAN: (continued)

Annual Pension Cost - The City's annual pension cost for the current year and related information is as follows:

Annual pension cost	$133,465
Contributions made	$133,465
Actuarial valuation date	January 1, 2013
Actuarial cost method	Projected Unit Credit
Amortization method	Level Dollar (closed)
Remaining amortization period	Varies for the bases, with a net effective amortization period of 10 years
Asset valuation method	Sum of the actuarial value at the beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. Actuarial value is adjusted, if necessary, to be within 50% of market value for 2009, 44% of market value for 2010, 38% of market value for 2011, 32% of market value for 2012, 26% of market value for 2013, and 20% of market value for 2014 and later years.

Changes to Assumptions and Methods since preceding year - The plan provisions and the actuarial assumptions and cost methods are the same as those used in the preceding year.

Actuarial Assumptions - The significant actuarial assumptions used in the current valuation are:

Investment rate of return	7.75% per year
Projected salary increases	3.5% per year plus age and merit based increases
Cost of living adjustments	0.0% per year
Postretirement benefit increases	Not applicable
Inflation rate	3.5% per year

Three Year Trend Information

Fiscal Year Funding	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
06/30/11	$133,646	100.0%	$- - -
06/30/12	133,465	100.0%	- - -
06/30/13	109,677	100.0%	- - -

18. PENSION PLAN: (continued)

Funded Status and Funding Progress - The funded status of the plan for the current year is as follows:

Actuarial valuation date	January 1, 2013
Actuarial value of assets	$2,756,321
Actuarial accrued liability (AAL)	$2,969,740
Actuarial value of assets as percentage of AAL	92.81%
Unfunded actuarial accrued liability (UAAL)	$213,419
Annual covered payroll	$841,183
UAAL as percentage of annual covered payroll	25.37%

The schedule of funding progress, presented as RSI following the notes to the financials statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

19. RISK MANAGEMENT:

The City is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in the Georgia Municipal Association Workers' Compensation Self-Insurance Fund (Fund) and Georgia Interlocal Risk Management Agency (GIRMA), public entity risk pools currently operating as common risk management and insurance programs for member local governments. This membership allows the City to share liability, crime, motor vehicle, and property damage risks.

Chapter 85 of Title 36 of the Official Code of Georgia Annotated authorizes Georgia municipalities to form interlocal risk management agencies. GIRMA is a municipal interlocal risk management agency to function as an unincorporated nonprofit instrumentality of its member municipalities. GIRMA establishes and administers one or more group self insurance funds and a risk management service to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of municipal government. GIRMA is to defend and protect in accordance with the member government contract and related coverage descriptions any member of GIRMA against liability or loss.

As part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pools' agents and attorneys to represent the City in investigation, settlement discussions, and all levels of litigation arising out of any claim made against the City within the scope of loss protections furnished by the funds.

The liability of the Fund to the employees of the City is specifically limited to such obligations as are imposed by applicable state laws against the employer for workers' compensation and/or employer's liability. GIRMA members shall be jointly and severally liable for all legal obligations of the pools. Based upon the financial performance of the risk pools, the City may be liable for additional premium assessments to meet any financial deficiencies or be entitled to receive a dividend. The City's risk is constituted by a $1,000 deductible for each automobile occurrence and a $2,500 deductible each for all other occurrences.

19. RISK MANAGEMENT: (continued)

The fund is to defend, in the name of and on behalf of the members, any suits or other proceedings which may at any time be instituted against them on account of injuries or death within the realm of the Worker's Compensation Law of Georgia, or on the basis of employer's liability, including suits or other proceedings alleging such injuries and demanding compensation therefore, although such suits, other proceedings, allegations or demands be wholly groundless, false, or fraudulent. The fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation, or defense.

Management believes such coverage is sufficient to preclude any significant uninsured loss to the City. Settled claims have not exceeded the coverage provided in any of the past three years.

20. COMMITMENTS AND CONTINGENCIES:

The City has received federal and state grant or loan monies for specific purposes that are subject to review and audit by grantor agencies to ensure compliance with the specific conditions of the grant or loan. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant or loan. Any liability for reimbursement that may arise as a result of these reviews or audits cannot be reasonably determined at this time. Management believes that the amount, if any, would be immaterial.

During 2004, an agreement was made between the City and the Georgia Department of Community Affairs (DCA) for an EIP grant for the construction of a workforce development facility (Facility) in the City for the benefit of the citizens, businesses, and industries of the City and surrounding counties. The City agrees that, should the Facility cease to be owned by the City or to be utilized by an educational provider or other authorized user under EIP grant regulations and conditions, within twenty years from the awarding of said grant, the City, pursuant to the conditions of the grant, would repay a portion of the grant funds to DCA using the repayment formula specified in the grant.

The City and its component unit, the Hawkinsville Downtown Development Authority (HDDA) have committed $808,800 of finance assistance to the Redevelopment/Adaptive reuse of the former Pillowtex plant for quality affordable housing known as the Cotton Mill Lofts. The commitment will be fulfilled by the City issuing a zero rate loan of $648,800 for 30 years. The loan will be funded by the City from a $500,000 Redevelopment Fund Grant, $135,300 of in-kind services for the demolition and up-fit, and $13,500 of fees paid for appraisal and low income housing tax credit application. The remainder of the commitment will be funded by the HDDA issuing a loan of $160,000 with a term of 20 years and an interest rate of 5.50%.

The City has received notification that the Redevelopment Fund Grant has been approved. The grant proceeds are to be used as a loan to the developer to pay for environmental studies and testing and or environmental clean-up costs of $485,000 and $15,000 for grant administration. During fiscal year ended June 30, 2013, the City has advanced funds for environmental clean-up costs of $485,000 and recorded a note receivable from Cotton Mill Lofts, LLC as discussed in Note 4. Also During fiscal year ended June 30, 2013, the City advanced funds for $135,300 of in-kind services for the demolition and up-fit, and $13,500 of fees paid for appraisal and low income housing tax credit application and has recorded a note receivable from Cotton Mill Lofts, LLC, as discussed in Note 4.

20. COMMITMENTS AND CONTINGENCIES: (continued)

The HDDA has obtained local financing to fund its commitment of $160,000. The financing was used during 2010 to pay $146,319 of environmental studies and testing. These funds are to be loaned to the project under the terms of the commitment. The HDDA has recorded a note receivable from the Cotton Mill Lofts, LLC, as discussed in Note 6. The City has budgeted $39,375 for the 2013-2014 fiscal year to fund the HDDA.

The Middle Georgia Regional Development Authority along with the City was approved to receive a $500,000 grant from the One Georgia Authority for the acquisition, selective demo/stabilization and up-fit of the 11,200 square feet Building 7 at the former Pillowtex site in Hawkinsville, converting it into the Ocmulgee River Community Market with spaces for 37 selling stalls, a restaurant and retail shops, and 44 parking spaces below. This is part of the Redevelopment/Adaptive reuse of the former Pillowtex plant for quality affordable housing known as the Cotton Mill Lofts plus the City River Walk Project.

During the year ended June 30, 2010, the City entered into an agreement with Pulaski County, Georgia (County) to provide police protection within the City limits of Hawkinsville, Georgia beginning July 1, 2009. The City agreed to pay the County $43,333 per month which may be adjusted annually.

During the year ended June 30, 2010, the City received notification of approval of a HOPE VI Main Street grant from the U.S. Department of Housing and Urban Development in the amount of $1,000,000. This grant is to be used to construct 11 housing units in the non-historic building adjacent to the proposed community market. This is a new component of the Pillowtex Redevelopment. As of June 30, 2013, the City has advanced funds for construction of $1,000,000 and recorded a note receivable from the developer, River Market Lofts, LLC, as discussed in Note 5.

During the year ended June 30, 2011, the City entered into an agreement with Pulaski County, Georgia (County) to provide fire protection and emergency management services within the City limits of Hawkinsville, Georgia beginning July 1, 2011. The City agreed to pay the County $15,158 per month which may be adjusted annually.

During 2012, the City approved a joint resolution that will empower a committee of eight people from the City and eight people from the County to serve as Charter Committee responsible for devising a charter to serve as the framework for consolidating both governments and resolved the committee be appointed immediately and work in concert with the Sole County Commissioner and City Commission members to devise a Charter by December 31, 2012. During December 2012, the City and County passed a joint resolution to recommend a consolidation charter to the Georgia General Assembly. The Georgia General Assembly approved the consolidation of the City and the County under the name Hawkinsville-Pulaski County, Georgia. The citizens of the City and the County voted on the consolidation during November 2013 and the consolidation was defeated.

During 2013, the City entered into a Management Agreement with Jointly Owned Natural Gas to manage and operate the City’s natural gas system while the City retained ownership of the gas system. The City agreed to pay Jointly Owned Natural Gas $11,108 per month.

21. SUBSEQUENT EVENTS:

Subsequent to year end, the City has taken over the operation of the Harness Horse Facility which had been leased in previous years.

The Hawkinsville Downtown Development Authority has renewed the line of credit with PlantersFirst Bank. This line of credit will mature August 5, 2014.

During September 2013, Middle Georgia Regional Development Authority completed water and sewer infrastructure improvements at the Hawkinsville Technology Park in the amount of $499,925. These improvements will be donated to the City during the fiscal year ended June 30, 2014 to be capitalized as infrastructure.

During October 2013, the City has offered to sell the Spec Building at a price below carrying value.

22. PRIOR PERIOD ADJUSTMENTS:

Net position of the government-wide Governmental Activities and fund balance in the fund financial statements of the General Fund and 2010 SPLOST Capital Projects Fund were restated for the decrease in the accrued receivables for local option sales tax and special purpose local option sales tax. Net position of the government-wide Governmental Activities was also restated as a result of the reclassification of the Hawkinsville Downtown Development Authority as a blended component unit in accordance with GASB Statement No. 61 *The Financial Reporting Entity: Omnibus*.

	Government-Wide Governmental Activities
Net Position, beginning of year	$7,736,299
Prior Period Adjustments:	
Accrual of sales taxes	(79,424)
Reclassification of Hawkinsville Downtown Development Authority as blended component unit	86,116
Total prior period adjustments	6,692
Net Position, beginning of year, as restated	$7,742,991

	Fund Level	
	General Fund	2010 SPLOST Capital Projects Fund
Fund Balance, beginning of year	$178,725	$ 309,979
Prior Period Adjustment:		
Accrual of sales taxes	(42,316)	(37,108)
Total prior period adjustment	(42,316)	(37,108)
Fund Balance, beginning of year, as restated	$136,409	$ 272,871

1. BUDGETARY POLICY:

The budget is prepared by City management using generally accepted accounting principles. It is presented in an advertised public hearing forum for discussion. The budget for the fiscal year ending June 30 is then adopted by ordinance by the Board of Commissioners, as required by generally accepted accounting principles.

Annual budgets are prepared and adopted for the General Fund, Special Revenue Funds, Debt Service Fund, and the Proprietary Funds. Capital Projects Funds are prepared and adopted on a total project or project-length basis rather than on an annual basis.

The legal level of budgetary control is at the department level within individual funds. Increases in the total appropriations of a department, whether accomplished through an increase in estimated revenues or through a transfer of appropriations among departments, require the approval of the Board of Commissioners. As stated by the adopted ordinance, the amount budgeted for specific items or purposes is not required to be utilized for such items or purposes and may be spent by the City manager for other items within the same department for which allocations are originally made.

2. EXCESS OF EXPENDITURES OVER APPROPRIATIONS:

No individual major fund had expenditures in excess of appropriations for the year ended June 30, 2013.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners
City of Hawkinsville, Georgia

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining information of the City of Hawkinsville, Georgia as of and for the year ended June 30, 2013, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 31, 2013. The report on the business-type activities and the fund level financial statements for the Water and Sewerage Fund, the Gas Fund, and the Training Facility Fund was qualified because capital assets acquired prior to June 30, 1981, were capitalized at appraised values. The effects of these departures cannot be reasonably determined. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Hawkinsville, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Hawkinsville, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Hawkinsville, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item number 2009-1 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Hawkinsville, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance and other matters that are required to be reported under *Government Auditing Standards.*

City of Hawkinsville, Georgia's Response to Findings

The City of Hawkinsville, Georgia's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City of Hawkinsville, Georgia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF HAWKINSVILLE, GEORGIA
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of Hawkinsville, Georgia, under programs of the federal government for the year ended June 30, 2013, and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B - NONMONETARY ASSISTANCE

The City did not receive nonmonetary assistance during the year ended June 30, 2013.

NOTE C - SUBRECIPIENTS

Of the federal expenditures presented in the schedule, no amounts were provided to subrecipients by the City of Hawkinsville, Georgia.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Commissioners
City of Hawkinsville, Georgia

Report on Compliance for Each Major Federal Program

We have audited the compliance of the City of Hawkinsville, Georgia (the City) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the comptroller General of the United States; and OMB circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Hawkinsville, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Hawkinsville, Georgia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of the City of Hawkinsville, Georgia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Hawkinsville, Georgia's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

December 31, 2013

CITY OF HAWKINSVILLE, GEORGIA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013

SUMMARY OF AUDITORS' RESULTS

1. The auditors' report expresses a qualified opinion on the respective financial position of the business-type activities and the fund level financial statements for the Water and Sewerage Fund, the Gas Fund, and the Training Facility Fund of the City of Hawkinsville, Georgia. The auditors' report expresses an unqualified opinion on the respective financial position of the governmental activities, major governmental fund, the fund level financial statement for the Sanitation Fund, and the aggregate remaining fund information of the City of Hawkinsville, Georgia.

2. One significant deficiency disclosed during the audit of the financial statements is reported in the Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards,* and is included in the Schedule of Findings and Questioned Costs as item 2009-1. The condition is not reported as a material weakness.

3. No instances of noncompliance material to the financial statements of the City of Hawkinsville, Georgia, which would be required to be reported in accordance with *Government Auditing Standards,* were disclosed during the audit.

4. No material weaknesses or significant deficiencies were disclosed during the audit of internal control over the major federal award program.

5. The auditors' report on compliance for the major federal award program for the City of Hawkinsville, Georgia expresses an unqualified opinion on the major federal award program.

6. The audit disclosed no audit findings relative to the major federal award program.

7. The programs tested as a major program were:
   U.S. Department of Housing and Urban Development:
   HOPE VI Main Street-CFDA Number 14.878
   CHIP Housing-CFDA Number 14.239

8. The threshold used for distinguishing between Type A and B programs was $300,000.

9. The City of Hawkinsville, Georgia did not qualify as a low-risk auditee.

FINDINGS - FINANCIAL STATEMENT AUDIT

2009-1 **Segregation of Duties**

Condition: There is not appropriate segregation of duties between authorization, execution, recording, and reconciliation of transactions and the custody of related assets.

Criteria: Internal controls should be in place to provide reasonable assurance that an individual cannot misappropriate funds without such actions being detected during the normal course of business.

Effect: Failure to properly segregate duties between authorization, execution, recording, and reconciliation of transactions and the custody of related assets can lead to fraud or the misappropriation of funds that is not detected during the normal course of business.

Recommendation: The duties of authorization, execution, recording, and reconciliation of transactions and the custody of related assets should be segregated between employees.

Response: The Commission concurs with the recommendation. Due to the size of the City's staff, this condition cannot be totally addressed; however, this condition is minimized due to the involvement of the City Manager and the Assistant City Manager.

FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

None reported.

PRIOR YEAR FINDINGS AND SIGNIFICANT DEFICIENCIES

Prior year Findings-None reported.

Prior Year Significant Deficiency-The current year significant deficiency 2009-1 was a significant deficiency in the prior year and was first reported in the fiscal year ended June 30, 2009.
