Finance Department

Dr. C. Grayson Day, Jr.
MAYOR

Filiz Morrow, CPA, MPA
Director of Finance

March 22, 2022

Honorable Mayor Charles Grayson Day, Jr
Members of the City of Kingsland Council
And Citizens of the City of Kingsland

Ladies and Gentlemen:

I am pleased to submit the City of Kingsland's Annual Comprehensive Financial Report (ACFR) for the year ended September 30, 2021. Georgia state law requires we publish audited financial statements within six months of the fiscal year end. This ACFR satisfies that requirement. This was accomplished by using the Government Finance Officers Association's (GFOA) guidelines. We prepared the report by these stringent guidelines to provide the City Council, City Staff, our Citizens, and other readers with detailed information concerning the financial position and activities of the City.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed report is accurate in all material respects and is organized in a manner designed to fairly present the financial position and results of operations of the City.

Mauldin & Jenkins, LLC, Certified Public Accountants, has conducted an independent audit and issued an unmodified ("clean") opinion on the City of Kingsland's financial statements for the year ended September 30, 2021. This report can be found at the front of the financial section of the ACFR beginning on page 1 of this report.

The Report

This report is presented in the format required by Governmental Accounting Standards Board (GASB) Statement 34. The format provides more comprehensive information to the readers regarding city-wide financial information. The basic premise of GASB 34 is to enhance the accountability of governmental financial reports. Additionally, GASB 34 requires management to include a narrative section that provides the financial highlights and analysis of financial trends. This discussion is to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found directly following the auditor's report beginning on page 4.

The ACFR is presented in three sections:

- The introductory section that includes this letter of transmittal, the Government Finance Officers Association of the United States and Canada's (GFOA) Certificate of Achievement for Excellence in Financial Reporting, a list of principal officials and department heads, and the City's organizational structure.
- The financial section presents the independent auditor's report, Management's Discussion and Analysis, the basic financial statements and notes, combining and individual fund statements and schedules, and required supplemental information.
- The statistical section includes relevant financial, economic, and demographic data for the past ten years to facilitate trend analysis.

City Profile

The City of Kingsland is a municipal corporation incorporated in 1908 under the laws of the State of Georgia. The Mayor and a four-member Council conduct the affairs of the City. Under the City's Charter, all legislative powers are vested in the Council. No person is eligible to serve as Mayor or as a Council member unless he or she is a qualified voter of the City at the time of his or her election to such office. The Mayor is elected at-large by the voters of the entire City. The Council Members run for a specific post, but are elected by a city-wide vote. Each is elected to staggering four year terms with elections being held every two years.

Under the City's Charter, the Mayor is the chief executive officer of the City and has general jurisdiction of all affairs of the City. The Mayor presides at all meetings of the Council and has a vote only in the case of a tie vote by the members of the Council. The Mayor has the power to veto every ordinance or resolution passed by the Council, which veto may be overridden only upon the affirmative vote of the four members of the Council. Under the City's Charter, the City Manager, who is appointed by and serves at the pleasure of the Council, is the chief administrative officer of the City responsible to the Mayor and Council for the administration of all City affairs placed in his or her charge pursuant to the Charter of the City.

The primary government provides services consisting of, but not limited to, police and fire protection, construction of roads and streets, community planning and development, building and code enforcement, water, sewer, and sanitation services.

The City is located in the southeastern portion of the state of Georgia in Camden County, which is bordered on the south by the state of Florida. The City presently serves a population of 18,337 and encompasses a total area of approximately 45 square miles. Of the area, 44.67 square miles is land and 0.33 square miles is water. Kingsland has a population density of 407.49 people per square mile. Most of the City is approximately 25 feet above sea level with the downtown area being 35 feet above.

GASB 14 mandates any board or authority that is controlled by or is dependent on the City to be included as part of the reporting entity. The Kingsland Development Authority (KDA) and the Kingsland Downtown Development Authority (KDDA) are reported as blended component units and the Kingsland Area Convention and Visitors Bureau Authority (C&VB) and the Georgia Gateway Community Improvement District (GGCID) are reported as discretely presented component units. This is explained in more detail in the “Notes to the financial Statements” that can be found directly behind the basic financial statements.

The budgetary process begins in July of each year and cumulates with Council adopting the budget in September. The annual budget serves as the foundation for the City’s future and assists in controlling the financial well-being of the government. A budget is adopted for all governmental funds as required by law and for enterprise funds to be used as a management tool. Project length budgets are adopted for capital project funds. Department heads may transfer budget amounts within their departments, as the legal level of budgetary control is approved at each department level. Any increase in salaries and/or total department expenditures requires Council approval. The long-term policies and goals of the City are the basic premise of the budget process. No increase may be made to the budget without a provision for financing such an increase.

Local Economy

Kingsland is the largest of three cities located in Camden County. As a result, what affects Camden County has a direct relationship on Kingsland. Camden County has tremendous economic potential. According to the Joint Development Authority, Camden County provides access to the largest market in Georgia outside of Atlanta. One million two-hundred fifty thousand people live within a one hour drive of Interstate 95 at Exit 3, which is located in Kingsland. It also has a strategic location between the three seaports of Jacksonville (FL), Brunswick (GA), and Savannah (GA). It is also home port of the East Coast Trident Submarine fleet and the only Navy base in Georgia. Kingsland also has nearly 60,000 cars per day traveling through it on Interstate 95 (I-95). Per Georgia Department of Transportation, over 2,150,000 vehicles exit off of I-95 yearly at Kingsland’s Exit 3.

With 2020 census population of 18,337, Kingsland is the 63rd most populated city in the state of Georgia out of 621 cities. In 2000 the City's population more than doubled from the 1990 population, as depicted in the population growth table below. The growth began with the construction of Kings Bay Naval Submarine Base in the mid 80's. However, it is now attributed to many different factors, including retirees and families from northern states finding the local area's environment, economic condition, and the close proximity to Jacksonville, FL attractive. The naval base here is one of the largest and is the east coast home of the nation's Trident nuclear powered submarines. Many retirees from the base choose to stay and retire here.

Population Growth

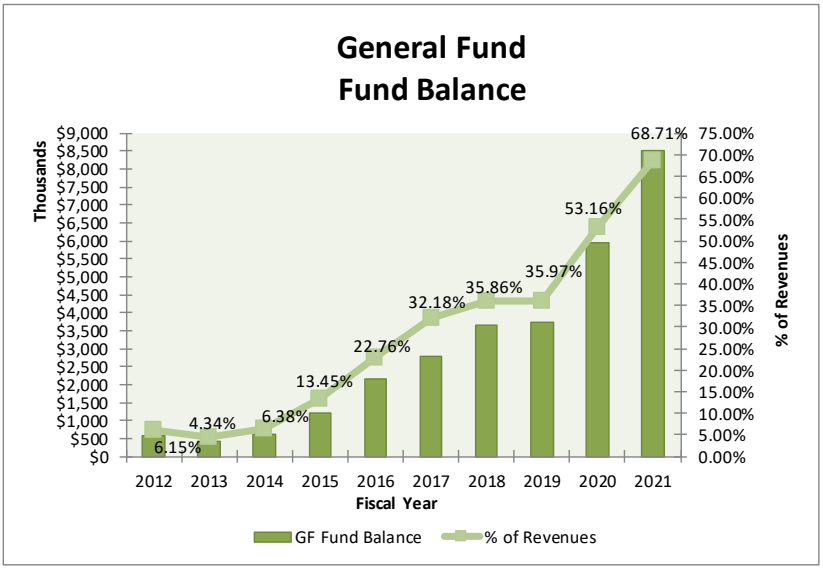

Entity	1990	2000	Growth %	2010	Growth %	2020	Growth %
Kingsland City	4,699	10,506	123.58%	15,946	51.78%	18,337	15.00%
Camden County	30,164	46,664	54.70%	50,513	8.25%	55,681	10.23%

When the County passed the estimated population mark of 50,000 in 2010, more major companies began to take interest in locating in the area. In commercial development, several chain restaurants and retail stores opened with the most recent fiscal year totaling 40 permits. In residential development, one new apartment complex (288 units), one RV park, and 304 single-family homes were constructed. So far in the first five months of the new year, we already have issued over 200 permits. Near Kingsland's Exit 3, a 500-acre site has been selected for a sports complex and resort entertainment destination. The economic impact of this project to our county over 10 years is estimated at $1.9 billion. A development agreement for the project was approved in FY 2017. Additionally, the county is on its way to becoming Georgia's Space Coast by working on initiatives to develop a site off of Exit 7 on Interstate 95 for a commercial spaceport. Camden County will be well positioned to capitalize on the global $304 billion space industry.

Additional signs of growth are in our sales tax and property tax digest. Sales tax is up 25% over the last two years and continues to show signs of growth. Our property tax digest grew by 16% with 5.4% belonging to new construction growth. With this increase in the digest, the City was able to roll back the millage rate without having an increase to the taxpayers.

We are about two years past the initial onset of the pandemic that resulted in a national health emergency from the spread of COVID-19. Our schools and most of our businesses were closed for about 12 weeks at the onset but have since been open. Some of our small businesses and a couple of restaurants closed permanently. Our hotels were the slowest to recover reaching about 70% of their pre-COVID revenue this time last year. The hotels have since fully recovered and some are even doing better than pre-COVID revenue numbers. As far as affecting our budget in the previous year, our lodging taxes declined along with some increases in expenses related to cleaning, disinfectant, and medical supplies for protective measures and we continue to see a significant increase in credit card processing fees.

Long-term Financial Planning

This graph displays the cumulative result of excess (shortage of) General Fund Revenues over expenditures and total fund balance as a percentage of General Fund revenues. Data is based on actual audited numbers. Percentage of revenue is based on operating revenues only, other financing sources are not included.

The City has maintained a healthy fund balance since 2016. As you can see in the graph to the right, this was not the case in the earlier years. In the early 1980's, rapid growth with the arrival of the naval base was difficult for a very small city. Additionally, the years following the 2008 recession took a toll on the City's reserves. However, over the past years through careful planning, using cost versus benefit analysis and through the continued practice of being more efficient, the government has been able to gradually increase the general fund's fund balance to the recommended level. After the onset of the recession, the fund balance plummeted to an all-time low at 4.34% of revenues in FY 2013. In this fiscal year, the fund balance increased to $8.4M (68.71% of revenues). This continued growth in fund balance is due to realizing the benefits of FY 2014's early retirement initiative and innovative cost sharing plans with the county. Mayor, Council, and management have taken the stance of protecting the fund balance. The unrestricted portion of the fund balance, or up to 20% of revenues, has been assigned to reserve for emergencies, debt extinguishment, and capital expenditures based on financial policy. Additionally, funds received to offset public safety salaries from the CARES Act related to the COVID-19 pandemic has been assigned to future public safety capital outlay. Financial policy requires reserves to be between a lower limit of 10% and an upper limit of 20% of the operating budget. To continue to build a secure budget and adequate reserves, capital outlay expenditures were kept at a minimum. For the coming year, five new positions were approved. These new positions are two in the police department for the growth of the traffic team, one shared administrative assistant for court and fire, one fire fighter, and one wastewater plant operator. Duties that can be reassigned to current staff through attrition are always being considered and evaluated.

Major Initiatives

In the last few years, the cities and county have been sharing services, personnel, and equipment where feasible through intergovernmental agreements. These efforts continue to show savings in various departments; such as, economic development, planning and zoning, police, fire, and grant management. Council continues to strive in implementing cost saving initiatives to benefit taxpayers county-wide.

As the General Fund fund balance finally exceeded recommended levels after the recession, over the last couple of years Council took a stance to pay down debt in efforts to eliminate interest cost and enhance the stability of our financial position. This initiative was successfully completed in fiscal year 2020 with the general fund being debt free by September 30, 2020. Additionally, the enterprise funds are now debt free as of December 31, 2021 with the exception of one Georgia Environmental Finance Authority (GEFA) loan funded project. This loan was taken out to take advantage of the principal forgiveness grant portion and will be paid off when construction is completed.

Council voted to apply for financing under the GEFA Drinking Water and Clean Water Program in fiscal year 2018 for needed water and sewer infrastructure projects. This program awards partial principal forgiveness and provides low interest loans. This loan provided funding to change out phase II of the City's water meters with an automatic meter reading system, make improvements to one of the existing water plants, and bring the old treatment plant back online. The City currently has one GEFA loan open with up to $300,000 available in principal loan forgiveness. Expected completion for this project is in fiscal year 2022.

SPLOST funding and projects remain on track. The City purchased a fire truck, completed several resurfacing projects, utility relocations for road widening, road construction, drainage improvements, water/sewer projects, and engineering work on upcoming projects.

The City was allocated $6.7M in American Rescue Plan Act (ARPA) funds. These funds will be utilized for road, water, and sewer infrastructure projects. Additionally, an assessment is being conducted through a local non-profit to determine the needs of our community. The results of this assessment will determine related funding to help offset the negative impact COVID-19 had on our community.

The City is currently working on a redevelopment plan with the assistance of a Transportation Alternatives Program (TAP) grant for improving safety, aesthetics, and multi-modal use at Kingsland's Exit 3/Highway 40 interchange. Additional traffic lights, in-pavement warning lights for pedestrian crossing, multi-use paths, landscaping, lighting and wayfinding signage are being planned. These improvements will provide an economic boost for the restaurants, hotels, and retail establishments that are already located and ones that will be coming at this busy exit.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Kingsland for its annual comprehensive financial report for the fiscal year ended September 30, 2020. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Government Finance Officers Association (GFOA) also awarded the City of Kingsland a Distinguished Budget Presentation Award for its annual budget document for the fiscal year beginning October 1, 2020. This was the twentieth time the City has received the award. In order to qualify, the budget document has to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device. This is the highest award for governmental budgeting and it is a significant achievement to be awarded. We believe our current budget document continues to meet the stringent criteria of the Distinguished Budget award and we have submitted it for consideration of another certificate.

I appreciate the initiative and cooperation of Mayor and Council and each City department as we work together to provide quality, efficient services to the Citizens of Kingsland. The preparation of this report would not be possible without the dedicated and proficient efforts of the finance department's entire staff. I would like to thank each of them for the excellent work they do that makes this report able to be published in a timely manner. Special thanks for those who assist in the year end closing and the preparation of this report as this is not an easy accomplishment within a small department and would not be possible without Ms. Cindy McCollough's assistance and the finance department staff. Additionally, I thank management and the governing board for their continued support in maintaining the highest standards of professionalism while conducting the financial affairs of the City of Kingsland.

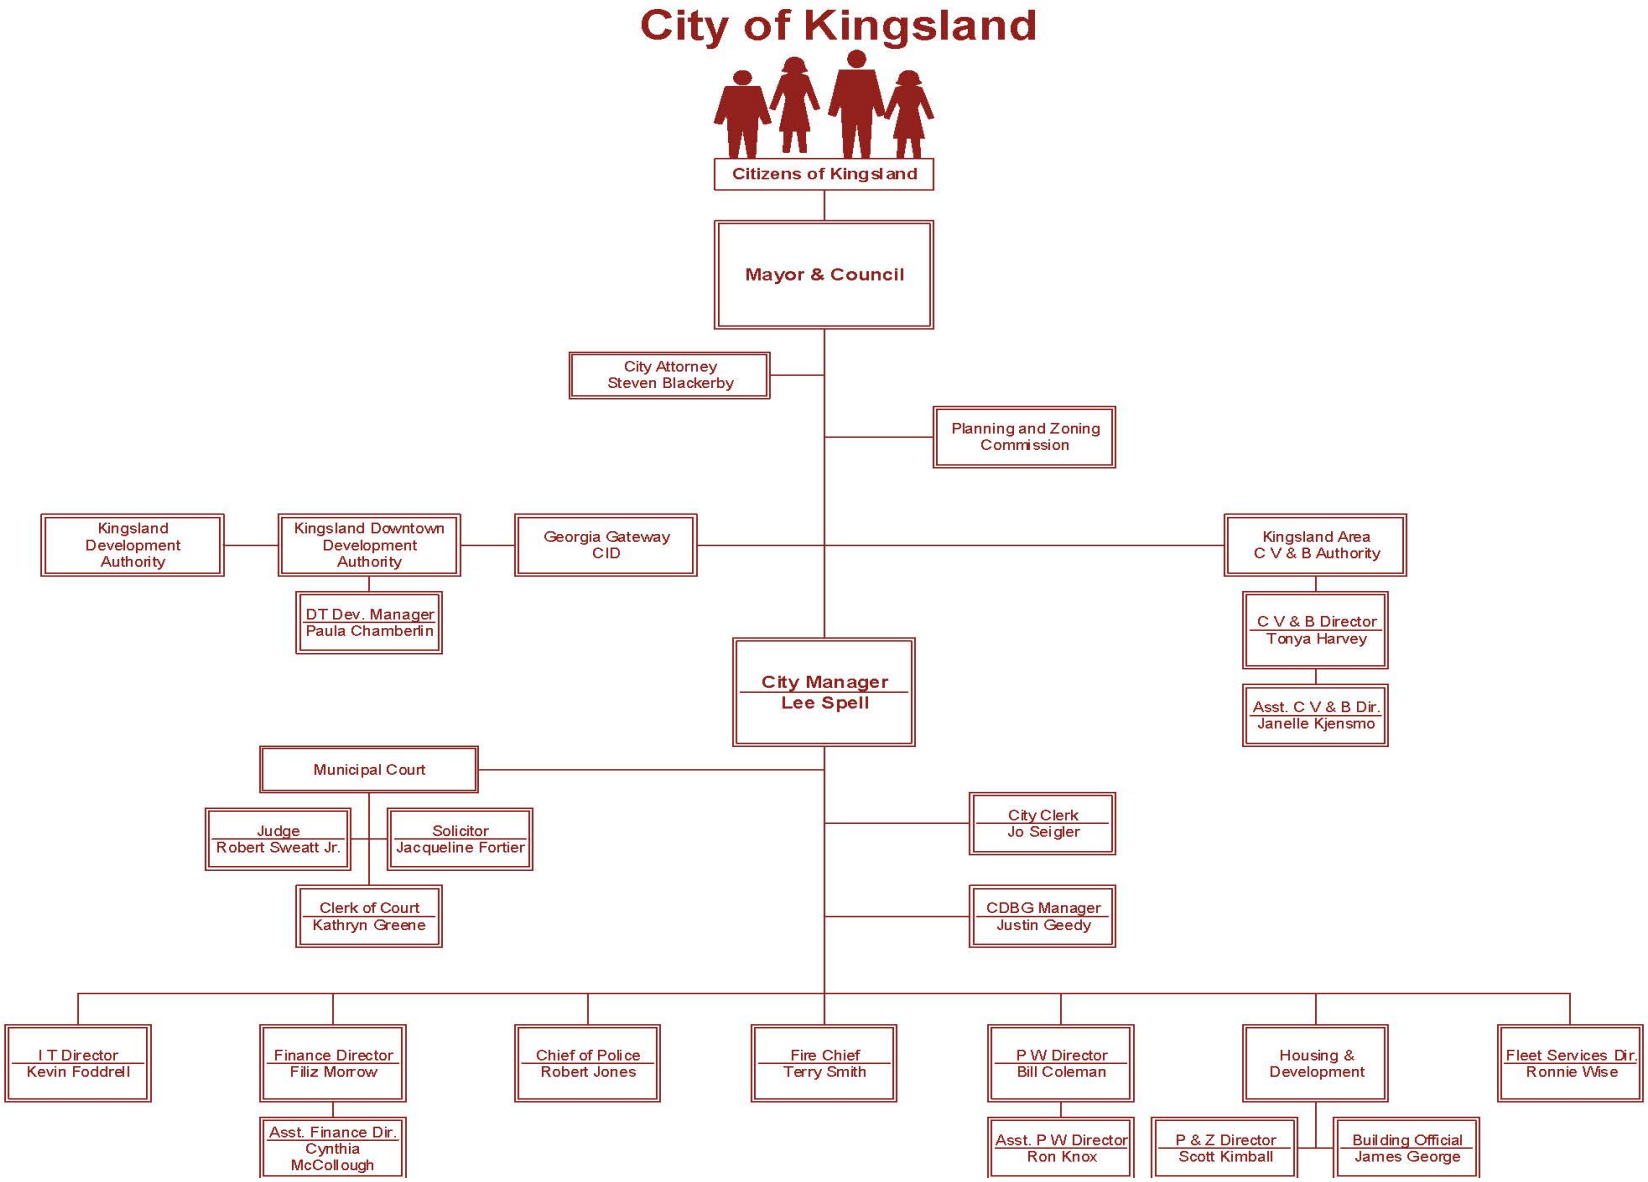

Respectfully submitted,

Filiz Morrow, CPA, MPA
Finance Director

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members
of the City Council
City of Kingland, Georgia
Kingsland, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **City of Kingsland, Georgia** (the "City"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of September 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparisons for the General Fund and the American Rescue Plan Act ("ARPA") Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 4 through 20), the Schedule of Changes in the City's Net Pension Liability and Related Ratios (on pages 65 and 66), and the Schedule of City Contributions (on pages 67 and 68) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, the balance sheet and statement of revenues, expenses and changes in fund balance for the aggregate discretely presented component units, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements of the City. The accompanying schedules of expenditures of the Special Purpose Local Option Sales Tax ("SPLOST") proceeds are presented for purposes of additional analysis as required by the Official Code of Georgia Annotated ("O.C.G.A.") §48-8-121, and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations* Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and is also not a required part of the basic financial statements of the City.

The combining and individual nonmajor fund financial statements and schedules, the schedules of expenditures of SPLOST proceeds, the schedule of expenditures of federal awards, and the balance sheet and statement of revenues, expenses and changes in fund balance for the aggregate discretely presented component units are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, the schedules of expenditures of SPLOST proceeds, the schedule of expenditures of federal awards, and the balance sheet and statement of revenues, expenses and changes in fund balance for the aggregate discretely presented component units are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF KINGSLAND, GEORGIA

MANAGEMENT'S DISCUSSION AND ANALYSIS SEPTEMBER 30, 2021

As management of the City of Kingsland, Georgia (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Kingsland, Georgia for the fiscal year ended September 30, 2021. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found beginning on page i.

FINANCIAL HIGHLIGHTS

Key financial highlights for FY 2020-21 are as follows:

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the fiscal year by $81,734,259 (*total net position*). Of this amount, $22,823,940 (unrestricted net position), may be used to meet the ongoing obligations of the City government. Additionally, $56,707,105 of net position is investment in capital assets and $2,203,214 belongs to restricted funds for various projects and programs. The City's total net position increased by $7,529,015. Of this increase, 59% is in the enterprise funds for increased revenues in tap fees due to new construction and investments in capital assets for capital projects.

- At the end of the current fiscal year, the City's governmental funds reported a combined ending fund balance of $10,240,527, an increase of $1,692,983 from the prior year. The main reason for this increase is due to an increase in the general fund of $2,565,037 from increased revenues in sales taxes and tax digest growth.

- At the end of the current fiscal year, the fund balance in the general fund was $8,491,500. Of that amount, the unassigned portion was $4,399,940 which represents approximately 34.01% of fiscal year 2021 revenues. The Fund Balance policy stipulates to maintain 20% to cover unforeseen emergencies and/or revenue shortfalls and amounts above the limit to be used to pay off outstanding debt. In the prior year, the City did utilize amounts above the 20% to pay off all remaining general fund debt. The assigned portion of fund balance in the general fund was $3,881,328 which is reserved for capital outlay as outlined in the capital improvements plan. Of the assigned balance, $879,589 received from the Coronavirus Aid, Relief and Economic Security ("CARES") Act to offset public safety salaries in the previous year has been earmarked to fund public safety capital outlay. Additionally, Council previously took action to dedicate one mill for public safety raises and capital expenditures, this equates to approximately $560,000 annually.

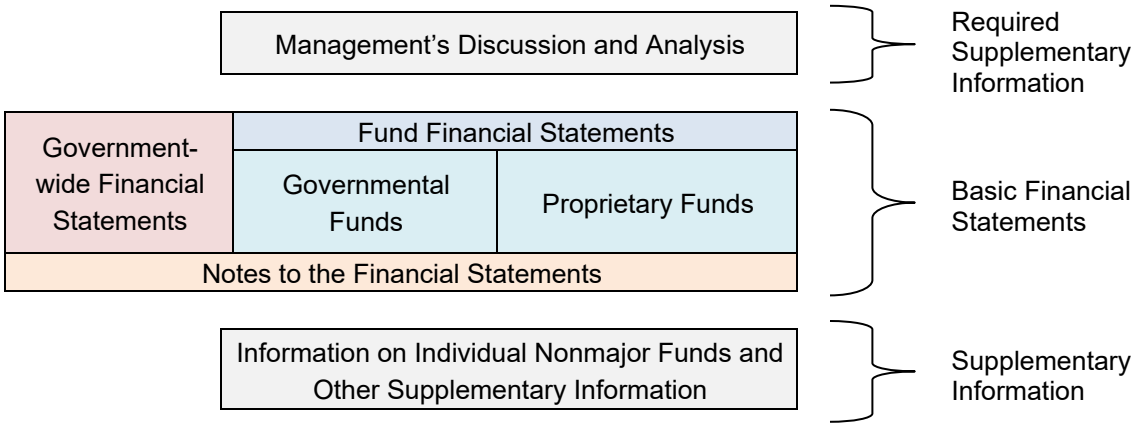

- The City's total long-term debt decreased by $1,559,367 during the fiscal year due to resources paying down revenue bonds for the welcome center and water/sewer fund. This included a decrease by $303,303 in pension liability and a decrease by $26,541 in compensated absences.

- Combined revenue totaled $26,698,606 of which $16,577,170 belonged to governmental activities and $10,121,436 was business-type activities.

- Combined expenses were $19,169,591 of which governmental activities totaled $13,027,289 and business-type activities totaled $6,142,302.

OVERVIEW OF THE FINANCIAL STATEMENTS

The following illustration is provided as an overview of the financial statements:

The discussion and analysis provided here is intended to serve as an introduction to the City of Kingsland's basic financial statements. This report also includes supplementary information intended to provide additional detail to support the basic financial statements.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Kingsland's finances, in a manner similar to a private-sector business. The statements provide short and long-term debt information, which assists in assessing the City's economic condition. These are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. This results in methods used by most businesses. The government-wide financial statements include the following two statements:

- ***Statement of Net Position***. The *statement of net position* presents financial information on all the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. This statement is a tool to measure the City's financial health or financial position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

- ***Statement of Activities.*** The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods; such as, uncollected taxes and earned unused vacation leave. This statement also presents a direct comparison between program revenues and expenses for each function of the City.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, judicial, public safety, public works, and housing and development. The business-type activities of the City include water and sewer distribution system and a solid waste collection operation.

Also, included in the government wide financial statements are the Kingsland Development Authority ("KDA") and Kingsland Downtown Development Authority ("KDDA"). These authorities are blended into the governmental funds as if its transactions were that of the primary government. The Convention and Visitor's Bureau ("CVB") and the Georgia Gateway Community Improvement District ("GGCID") are included in the financial statements as a discretely presented component unit. They are evaluated as either major or nonmajor funds and reported accordingly. More discussion on these component units can be found in Note 1 in the Notes of the Financial Statements section.

The government-wide financial statements can be found on pages 21 – 23 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The individual fund financial statements report the operations of the City in more detail than the government-wide statements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds. These funds use different accounting methods and should be interpreted differently.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources,* as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. This approach is known as the modified accrual method that recognizes the revenues when they become measurable and available. This means as soon as the amount is known and it is collected in the current year or soon enough thereafter to pay current liabilities, it is recognized. This provides for a short-term assessment of the current needs of the City and whether there will be adequate resources to meet those needs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities.*

The City maintains sixteen (16) individual governmental funds to account for the following activities:

- General
- Special Revenues
    - Revolving Loan
    - Drug Forfeiture
    - CARES Act/FEMA Grant
    - CDBG-MIT Grant
    - CDBG-DR Grant

- TAP Grant
- ARPA Grant
- Multiple Grant
- Tax Allocation District 1
- Hotel/Motel Tax
- Downtown Development Authority
- Kingsland Development Authority

- Capital Projects
  - Special Purpose Local Option Sales Tax ("SPLOST") VII
  - Special Purpose Local Option Sales Tax ("SPLOST") VIII
- Debt Service
  - Revenue Bond

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, American Rescue Plan Act ("ARPA") fund, and SPLOST VIII because they are considered to be major funds. Data from the other thirteen (13) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* located after the general fund budgetary comparison which is immediately behind the notes.

The City adopts an annual appropriated budget for its general fund as well as several of the nonmajor funds. A budgetary comparison statement has been provided for these governmental funds to demonstrate compliance with this budget. The City adopts a project length budget for the Capital Projects funds.

The governmental fund financial statements can be found on pages 24 – 29 of this report.

Proprietary Funds. These funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements. Since these funds charge fees for services rendered and are supposed to be self-sustaining, they are treated like a business. They are called e*nterprise funds*. The City uses two enterprise funds to account for its water and sewage system and solid waste operations.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund statements provide separate information for the water and sewer operation and the solid waste operation. This year, both enterprise funds calculated to be a major fund. However, even in years when the solid waste fund does not calculate to be a major fund, for presentation purposes this fund is also presented as a major fund.

The basic proprietary fund financial statements can be found on pages 30 – 33 of this report.

***Notes to the Financial Statements*.** The notes provide additional information that is essential to gain a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 34 of this report.

***Required Supplementary information*.** In addition to the basic financial statements and accompanying notes, this report presents the General Fund budgetary comparison schedule and the schedule of funding progress for the City's pension obligation as required supplementary information beginning on page 65 of this report.

Other Information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information. Following combining statements is the fund financial statements of the City's discretely presented component units. These can be found beginning on page 69 of this report. Also included in the compliance section is the State mandated program information beginning on page 115.

Statistical Section. In addition to the basic financial statements and accompanying notes, this report also presents various supplementary and statistical information; such as, 10 year presentation of revenues, expenditures, and tax rates. The statistical section can be found beginning on page 89 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Following is a summary of the City's net position as found on page 21 of this report.

City of Kingsland's Net Position
As of September 30, 2021 and 2020

	Governmental Activities		Business-type Activities		Total	
	2021	2020	**2021**	2020	**2021**	2020
Assets:						
Current and other assets	**$ 15,016,466**	$ 9,466,509	**$ 16,064,966**	$ 13,450,108	**$ 31,081,432**	$ 22,916,617
Capital assets	**27,879,105**	27,118,235	**32,819,103**	31,969,518	**60,698,208**	59,087,753

Non-current liabilities	**3,021,582**	3,468,766	**2,103,200**	3,215,383	**5,124,782**	6,684,149
Total liabilities	**7,245,174**	4,208,544	**3,300,967**	4,256,422	**10,546,141**	8,464,966
Deferred inflows of resources	**196,277**	145,129	**-**	-	**196,277**	145,129
Net position:						
Net investment in capital assets	**26,050,635**	25,297,031	**30,656,470**	28,863,547	**56,707,105**	54,160,578
Restricted for:						
Capital Projects	**1,448,947**	2,292,665	**-**	-	**1,448,947**	2,292,665
Public Safety	**35,120**	22,984	**-**	-	**35,120**	22,984
Economic development	**478,809**	260,418	**-**	-	**478,809**	260,418
Debt Service	**240,338**	193,295	**-**	-	**240,338**	193,295
Unrestricted	**7,897,308**	4,975,647	**14,926,632**	12,299,657	**22,823,940**	17,275,304
Total net position	**$ 36,151,157**	$ 33,042,040	**$ 45,583,102**	$ 41,163,204	**$ 81,734,259**	$ 74,205,244

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Kingsland, assets plus deferred outflows exceeded liabilities plus deferred inflows by $81,734,259 at the close of the most recent fiscal year.

By far the largest portion of the City's net position (69.38%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (2.70%) represents resources that are subject of external restrictions on how they may be used. At the close of fiscal year 2021, the City's restricted net position was $2,203,214 representing:

- $1,448,947 for SPLOST funded projects authorized through referendum
- $35,120 in confiscated funds for law enforcement
- $478,809 in economic development
- $240,338 in debt service

The remaining balance in *unrestricted net position* of $22,823,940 (27.92%) may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the fiscal year, the City was able to report positive balances for the government as a whole, as well as for business-type activities. Prior year was able to report the same.

The following table shows the revenue and expenses by activity and changes in net position for governmental and business-type activities:

City of Kingsland's Changes in Net Position
September 30, 2021 and 2020

	Governmental Activities		Business-Type Activities		Total	
	2021	2020	**2021**	2020	**2021**	2020
Revenues						
Program Revenues:						
Charges for services	**$ 2,026,029**	$ 1,619,930	**$ 9,624,281**	$ 9,673,308	**$ 11,650,310**	$ 11,293,238

Water and sewer	**-**	-	**5,100,477**	4,834,243	**5,100,477**	4,834,243
Solid waste	**-**	-	**1,041,825**	1,006,432	**1,041,825**	1,006,432
Total expenses	**13,027,289**	11,806,714	**6,142,302**	5,840,675	**19,169,591**	17,647,389
Excess	**3,549,881**	3,977,984	**3,979,134**	4,067,893	**7,529,015**	8,045,877
Transfers	**(440,764)**	(2,479,404)	**440,764**	2,479,404	**-**	-
Change in net position	**3,109,117**	1,498,580	**4,419,898**	6,547,297	**7,529,015**	8,045,877
Net position, beginning of year	**33,042,040**	31,543,460	**41,163,204**	34,615,907	**74,205,244**	66,159,367
Net position, end of year	**$ 36,151,157**	$ 33,042,040	**$ 45,583,102**	$ 41,163,204	**$ 81,734,259**	$ 74,205,244

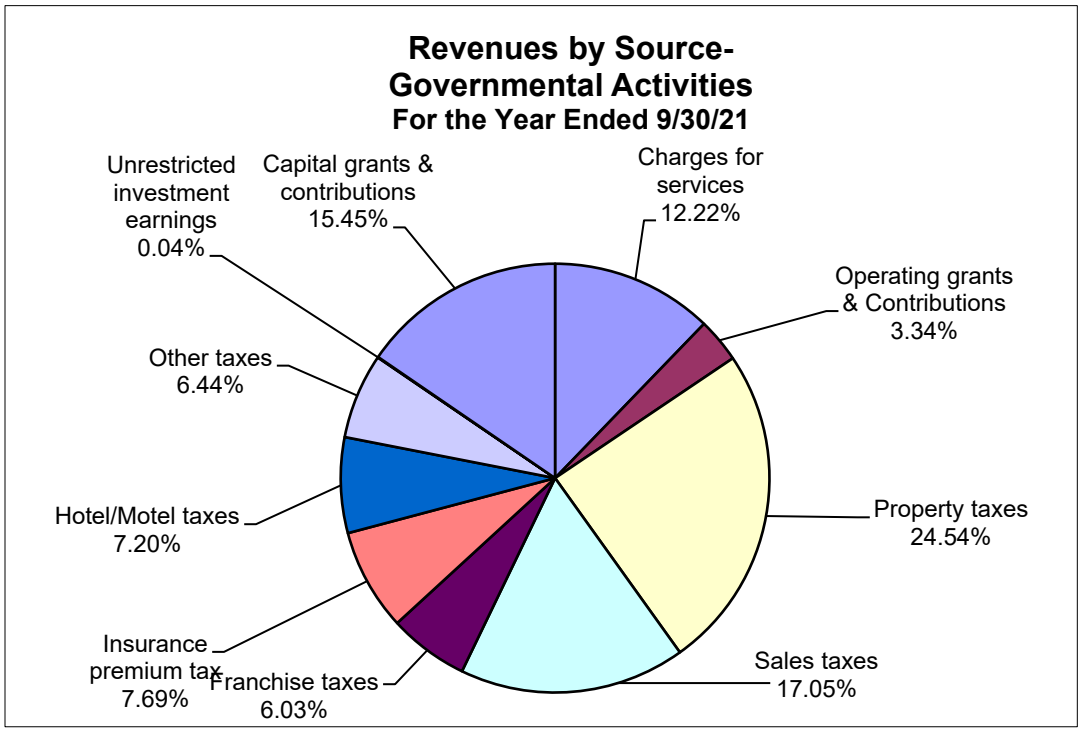

Changes in Net Position. Governmental and business-type activities increased the City's net position by $7,529,015 in fiscal year 2021.

Governmental Activities. During the fiscal year ended September 30, 2021, governmental activities increased the City of Kingsland's net position by $3,109,117 accounting for 41.30% of the total growth in net position. This is primarily due to increasing tax revenues from property tax digest growth and related building fees due to new construction growth along with an increase in sales tax revenues.

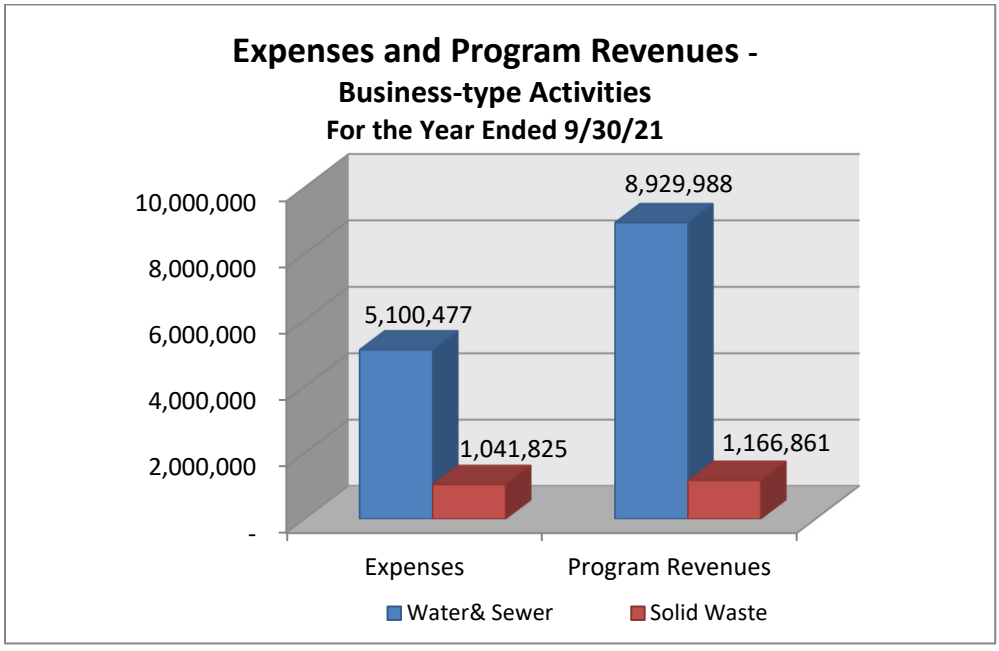

The following graphs present the cost of each of the City's governmental functions programs – general government, judicial, public safety, public works, and housing and development – as well as the program revenues generated by these activities.

- The cost of all governmental activities this year was $13,027,289.
- However, the amount that our taxpayers paid for these activities through property, sales, franchise and other taxes was $11,435,837. The remaining cost was paid by:
  - Those who directly benefited from the programs and paid $2,026,029 in user charges, or
  - Other governmental and organizations that subsidized certain programs with grants and contributions paid $3,115,304.
- Public safety required the largest net amount of funds after subtracting program revenue, grants, and contributions. The total subsidy was $4,437,600. Public safety comprised 44.44% of total governmental expenses. Public Safety subsidized expense increased by 1.12%. This increase was due to increases in expenses related to salaries and capital outlays.
- Public works comprised 24.19% of total governmental expenses. This is a 1.4% decrease over last year due to an increase in expenditures for other functions.
- General government comprised 14.11% of total governmental expenses. This is a .88% increase over last year due to increases in salaries and capital outlays.
- For every one dollar of the total governmental activities in fiscal year 2021, $16 came from charges for services.

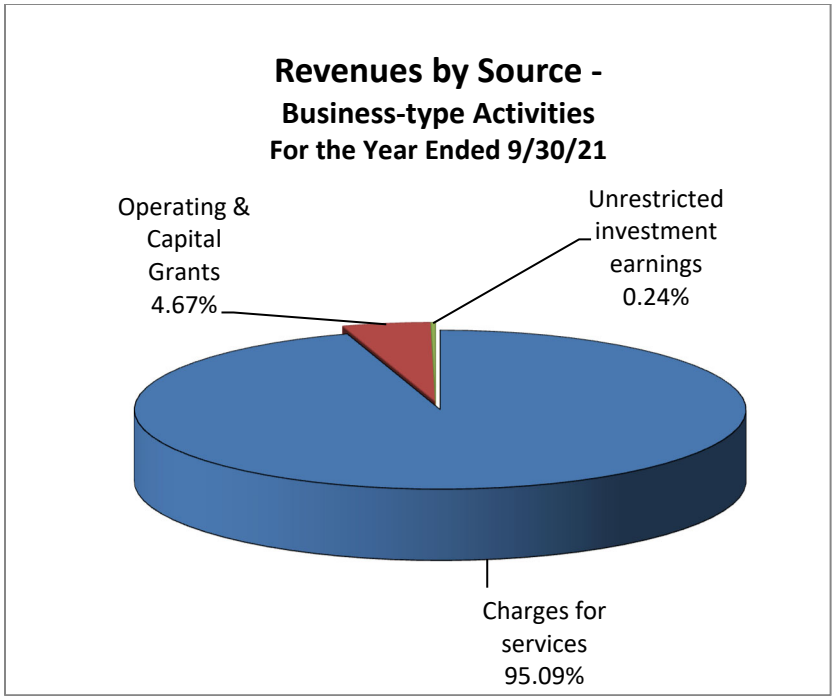

Business-type Activities. Business-type activities during the same period increased net position by $4,419,898 accounting for 58.70% of the total growth in net position. Increase in business-type activities resulted from increases in tap fees and investments in capital assets. Net operating income for the water/sewer fund and solid waste funds resulted in a gain of $3,517,458 before non-operating revenues/expenses were added. Non-operating expenses were primarily the net of interest revenue and expense of ($10,892), and capital contributions of $1,026,478 and transfers out of ($113,146).

Business-type Activities – by Revenue Source. The following graphs present the cost of each of the City's business-type activities – the water and sewer fund and the solid waste fund – as well as the program revenues generated by these activities.

- The cost of all business-type activities this year was $6,142,302. This reflects a 5.16% increase from prior year. Operating costs increased as we continue to invest in improving our infrastructure by replacing outdated systems and other related costs; such as, salaries, services, and supplies to continue programs.
- Business-type activities increased the City of Kingsland's net position by $4,419,898, or 58.70% of the City's total increase in net position.
- Charges for services accounts for 95.09% of the business-type revenues, with the water/sewer fund generating 87.88% of total revenues.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City of Kingsland uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2021, the City reported governmental funds combined ending fund balance of $10,240,527, an increase of $1,692,983 from prior year. Approximately 39% of this balance, or $3,945,363, constitutes unassigned fund balance.

The remainder of the fund balance is categorized as non-spendable, restricted, or assigned. Non-spendable fund balance for inventories and prepaid expenditures totals $210,232. Restricted fund balance consists of amounts restricted for capital projects of $1,448,947, public safety of $35,120, economic development of $478,809, and debt service of $240,338. Assigned fund balance of $3,881,328 is reserved for capital outlay as outlined in the capital improvements plan and $390 for housing and economic development. Of the assigned balance, $879,589 received from the CARES Act to offset public safety salaries and one mill (approximately $560,000) has been earmarked to fund public safety capital outlay and salary increases.

The City of Kingsland presents three major governmental funds which are the General Fund, ARPA Grant Fund, and SPLOST VIII Fund.

General Fund

The General Fund is the primary operating fund of the City. It accounts for many of the City's core services, such as law enforcement, judicial, fire protection, housing and development, roads and drainage, economic development, administration, finance, information technology, and fleet services. At the end of fiscal year 2021, the total fund balance was $8,491,500. This is an increase of $2,565,037 from the beginning fund balance. Of this amount, $3,881,328 constitutes "assigned fund balance" which is reserved under financial policy. Assigned fund balance is at 30% of revenues. The unassigned amount is $4,399,940 and will be available for spending at the government's discretion for non-recurring items; such as, one-time capital outlay purchases or debt retirement. The other amounts in fund balance, $158,537 and $51,695 are non-spendable inventories and prepaid items, respectively.

Special Revenue Funds

The City has 12 special revenue funds. Only one of those, the ARPA Fund, is presented as a major fund. This fund is new and is a major fund due to the value of the asset recorded which is $3,276,795. The fund was established to account for the revenues and expenditures associated with the U.S. Department of Treasury's Coronavirus State and Local Recovery Funds established by the American Rescue Plan Act of 2021. The City plans to use the majority of the funds to invest in water and sewer infrastructure.

The total fund balance for the special revenue funds is $59,742 which primarily includes $440,366 in the multiple grant fund offset by two grant funds having negative fund balances in anticipation of pending receivables for expenditures incurred. This is a timing difference that will zero out in next fiscal year.

Capital Projects Funds

The City has two capital projects funds, SPLOST VII and VIII, which only SPLOST VIII is presented as a major fund. The SPLOST funds are used to account for projects constructed with special purpose local option sales tax. The City's share of SPLOST funds is forwarded from the County on a monthly basis. The $0 fund balance of SPLOST VII reflects it being closed out permanently as all projects have been completed. SPLOST VIII began collections in July 2019. At the end of the fiscal year, SPLOST VIII fund balance was at $1,448,947. These funds will be spent on voter approved SPLOST projects per the referendum.

Debt Service Funds

The City has one debt service fund which is a nonmajor fund. The Revenue Bond fund accounts for the accumulation of resources for, and retirement of revenue bonds for the Welcome Center housed by the Convention and Visitors' Bureau. This fund collects 17% of hotel/motel taxes to fund the Welcome Center bond payment. Prior increases in hotel/motel tax revenues contributed to a positive fund balance currently at $240,338, this is an increase from prior year by $47,043 due to an increase in hotel stays rebounding after the onset of the pandemic.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The City accounts for business-type activities in two enterprise funds: water and sewer fund and solid waste fund. Both funds are shown as major funds for comparative purposes.

Net position of the Water and Sewer fund at the end of the year amounted to a positive $43,922,361 and the Solid Waste fund amounted to $1,660,741. These are increases over prior year for the water and sewer fund by 10.89% and for the solid waste fund by 6.84%. Increases are attributed to investment in capital assets and new construction growth increasing customer base. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City of Kingsland's business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City conducts an annual mid-year budget process in order to realign appropriations made during the annual budget process with significant unexpected trends. This process ensures adjustments facilitating appropriations are in alignment with expected resources. The legal level of control the budget is adopted is at the department level which allows for line item adjustments within each department. Differences between the original budget and final amended budget are summarized as follows:

- Total revenue appropriations increased by $938,049.
    - The appropriation for taxes increased by $166,921 due to new construction growth.
    - Fines and forfeitures increased by $81,034 due to the implementation of a new traffic team program.
    - Miscellaneous revenues increased by $400,000 for cash carry forward.

  - Other financing sources increased by $290,094 due to an increase in lodging tax revenues rebounding after the pandemic.
- Total expenditure appropriations increased by $937,037 mainly in personal services and capital outlays.
- Operating transfers out increased by $1,000 for transfers out to the grant fund.

During the year, General Fund revenues exceeded budgetary projections, and expenditures were less than budgetary estimates. Actual revenues and other financing sources were $1,650,951 higher than estimates, whereas expenditures were $613,401 lower than final budgetary appropriations. Operating transfers out were $491 higher than final budgetary appropriations due a transfer to the grant fund.

- The variance of $1,650,951 in revenues is partly attributed to local option sales tax ("LOST") and title ad valorem tax coming in higher than anticipated. Additionally, unexpected increases were in building permits and fines.

- The expenditures were $613,401 less than final budgeted total expenditures primarily due to conservative budget estimates and the continued conservative efforts by Mayor, Council, and departments to minimize expenditures as a precautionary measure due to the uncertain economic environment related to the pandemic. Among the departments with larger favorable variances in by expending less than final budget were general government by $281,083, public safety by $150,169, and public works by $102,758.

City of Kingsland's General Fund Budget to Actual
As of September 30, 2021

	Budget

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The City of Kingsland's investment in capital assets as of September 30, 2021, governmental activities and business-type activities totaled $60,698,208 (net of accumulated depreciation) invested in land, buildings, system improvements, machinery and equipment and recreation and park facilities. This represents a $1,610,455, or 2.73%, overall increase from prior year. The capital assets for governmental activities increased by $760,870, or 2.81%. The main increase is attributed to infrastructure and equipment. The capital assets for business-type activities increased by $849,585, or 2.66%. This increase is a result of additional system improvements and equipment.

Major capital asset events during the current period include the following:

- Infrastructure projects valued at $1,104,780 for governmental funds were completed.
- Machinery, equipment, and vehicles purchased at a cost of $802,711 for governmental funds and $1,026,918 for enterprise funds.
- Various projects related to streets and water and sewer service (construction in progress as of the close of the fiscal year) were completed and transferred to depreciable assets for $5,108,545.

The City is a "stage 3" government as defined by Governmental Accounting Standards Board ("GASB") 34, which means roads, streets, and bridges prior to September 30, 2004, were not required to be capitalized, therefore, they are not.

Additional information on the City's capital assets can be found in Note 4 beginning on page 48 of this report.

Debt Administration

The City's total long-term debt consists of revenue bonds, capital leases, compensated absences, and net pension liability.

At the end of September 30, 2021, the City had $3,021,582 of outstanding long-term liabilities related to governmental activities and $2,103,200 of long-term liabilities related to business-type activities for a total of $5,124,782. The City's total debt decreased by $1,559,367.

The City issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. At the end of 2021, the governmental activity had bonded debt outstanding of $1,702,131 and the business-type activity had $1,102,754 for a total of $2,804,885. Of this amount, none of it is backed by the full faith and credit of the City. All of the City's debt represents bonds secured solely by specific revenue sources (i.e., revenue bonds).

The City maintains an "AA+" rating from Standard & Poor's for its Water and Sewer Utility revenue bonds.

State statutes limit the amount of general obligation debt a government entity may issue to 10% of its total assessed valuation. The current debt limitation for the City is $48,565,675 of which the City has no amount towards its debt limitation with general obligation bonds totaling zero.

Additional information on the City's debt can be found in Note 5 beginning on page 50 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The fiscal year 2022 Budget is the culmination of years of financial stewardship by the Mayor and Council, City Manager, City departments, and includes the following factors:

- Reduction of the City's millage rate to 7.400 mills from 8.000 mills (fiscal year 2021).
- Funding a total of $5,535,719 in capital investment across all funds. This includes $790,799 in general fund, $1,394,805 in water and sewer operations, and $3,350,115 in SPLOST.
- Continuation of the same high service levels our citizens, business owners, and stakeholders expect from the City.
- Expanded service levels within multiple departments; such as staffing a traffic control unit in public safety, along with enhanced equipment for law enforcement officers and funding for full staffing; improving technology, increasing online services, and increasing wastewater treatment plant capacity level from 2.2mgd to 4.4mgd.
- Budgeted the City's revenues and expenditures conservatively with the consideration of the current pandemic and with the total effect on the future economy being unknown. The City continues to limit the use of one-time revenues and fund balance to capital and other one-time non-recurring expenditures.

The outlook for fiscal year 2022 is cautiously positive and at the same time unknown. The economy is showing continued signs of growth through a decrease in unemployment rate which, in turn, correlates to an improved housing market as we continue to steadily see an increase in building permits. Several commercial sites, residential homes, and apartment complexes have developed and additional are under construction. However, we are currently two years into the COVID-19 pandemic from the March 13, 2020 Presidential declaration. The total impact on our economy is still unknown at this time.

The City's Tax Allocation District ("TAD") #1 and Georgia Gateway Community Improvement District, located just off of Interstate 95 at Exit 3, was designed to accommodate the development of a commercial and entertainment district. A development agreement for a proposed project on the 500 acre site is presently being finalized. The current developer intends to develop a fully integrated mixed use sports destination resort. The project will consist of multiple phases to include an upscale RV resort, hotel, conference center, amphitheater with indoor sports, outdoor sports fields, family entertainment center, and additional retail and commercial phases. The project is estimated to bring 400 temporary construction jobs and 600 permanent direct jobs on site with additional induced jobs to the surrounding area. Increased local sales tax revenue that will benefit the entire county through LOST, SPLOST, and Education Special Purpose Local Option Sales Tax ("E-SPLOST"), is expected to be at least $2.4 million annually from both direct sales inside the TAD and induced sales within the county.

As we continue to look to the future, our county government is securing a site and is seeking to entitle, license and acquire the site for the development of an aerospace industrial park. This site has a history of space activity and will be home to one or more commercial space companies. The Camden County Board of Commissioners, in partnership with the community, will be collaborating with the Camden County Joint Development Authority, the Georgia Department of Economic Development, the Georgia Department of Transportation, and other State and Federal Agencies, and commercial space companies, in pursuing the development of a world class spaceport in Camden County, Georgia. With our county being an ideal location on the coast of Georgia and bordering Northeast Florida, we are strategically positioned to be one of the most important commercial spaceports on the East Coast and in the United States. A favorable Environmental Impact Study for the site was released in March of 2018 indicating a move forward for the project. *(Source: www.spaceportcamden.us)*.

Our real economic engine here began in the late 1980s known as Kings Bay Naval Submarine Base, the east coast home of the nation's Trident nuclear powered submarines. Of our county's estimated 54,768 (2020 Census) population, almost half is connected to the 16,000-acre military base here. As a result, our economy has not been hit as hard as different areas of the country. We feel confident that the Base will remain here for many years as it is in a strategic location. Mayport Naval Base and Naval Air Station ("NAS") in Jacksonville, Florida all form a "fleet concentration area" in the southeast. The steadiness of the military and the civilians it employs has been a stabilizer in tougher times.

We are constantly striving to assure the revenue streams are there to provide the needed services at the current level or better. We recognize that we have to be proactive instead of reactive in relation to the growth because even though it has slowed in the past, it is moving forward now. Managing the future growth is the key to preserving the integrity of the City. It is a challenge to maintain the level of service the citizens need and deserve without increasing rates. The Mayor, Council, and management continue to strive to reach that goal every year.

REQUESTS FOR MORE INFORMATION

CITY OF KINGSLAND, GEORGIA

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION SEPTEMBER 30, 2021

Amounts reported for governmental activities in the Statement of Net Position are different because:		
Fund balances - total governmental funds		$ 10,240,527
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		
Cost of assets	$ 53,090,832	
Accumulated depreciation	(25,211,727)	
		27,879,105
Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds.		
Unavailable revenue - property taxes	$ 223,822	
Unavailable revenue - intergovernmental	328,525	
		552,347
Deferred outflows of resources are not due and payable in the current period and, therefore, are not reported in the funds. These deferred outflows of resources consist of the following:		
Contributions made subsequent to measurement date	$ 432,734	
Differences between expected and actual experience	105,755	
Changes in actuarial assumptions	158,548	
		697,037
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.		
Net pension liability	$ (1,018,253)	
Compensated absences payable	(301,198)	
Revenue bonds payable	(1,702,131)	
		(3,021,582)
Deferred inflows of resources are not available to pay for current period expenditures and, therefore, are not reported in the funds. These deferred inflows of resources consist of the following:		
Differences between expected and actual experience	$ (35,418)	
Net difference between projected and actual investment earnings	(160,859)	
		(196,277)
Net position of governmental activities		$ 36,151,157

The accompanying notes are an integral part of these financial statements.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

Amounts reported for governmental activities in the Statement of Activities are different because:		
Net change in fund balances - total governmental funds		$ 1,692,983
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense in the		
Capital outlay	$ 3,185,591	
Depreciation expense	(1,870,811)	
		1,314,780
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. This is the net book value of assets transferred to business-type activities.		(553,910)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.		373,160
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.		
Principal retirement on long-term debt		119,073
Pension expense related to the net pension liability as recorded in the Statement of Activities is based on the City's proportionate share of pension expense of the retirement system as a whole, whereas pension expenditures recorded in the funds are based on the use of financial resources (e.g., required contributions). Thus, the change in net position differs from the change in fund balance by the amount in which the City's proportionate share of pension expense exceeds actual contributions.		138,223
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. This amount represents the decrease in compensated absences payable.		24,808
Change in net position of governmental activities		$ 3,109,117

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Kingsland, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to government units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. The Financial Reporting Entity

The City was incorporated under the provisions of Georgia Laws 1959, H.B. No. 242, Act No. 148. The City operates under a Mayor/Council form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, housing and development, public improvements, planning and zoning, and general administrative services.

In determining the financial reporting entity, the City complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units* and includes all component units of which the City appointed a voting majority of the units' board, the City is either able to impose its will on the unit, or a financial benefit or burden relationship exists.

Blended Component Units

Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the City Council or the component unit provides service entirely to the City or exclusively for the benefit of the City. These component units are blended into those of the City by appropriate activity type to compose the primary government presentation. Currently, the City has the following blended component units:

The **Kingsland Development Authority (the "Authority")** - The governing body of the Authority is appointed by the City Council. Although it is legally separate from the City, the Authority is reported as if it were part of the primary government because its sole purpose is to finance the construction of the City's public buildings. The Authority does not issue separate financial statements.

The **Kingsland Downtown Development Authority (the "DDA")** - The governing body of the DDA is substantively the same as the City's Council. Although it is legally separate from the City, the DDA is reported as if it were part of the primary government because the DDA benefits the primary government almost exclusively. The DDA does not issue separate financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. The Financial Reporting Entity (Continued)

Discretely Presented Component Units

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending.

The **Kingsland Area Convention and Visitors Bureau (the "CVB")** was established in 1991 to promote tourism, trade and conventions. The CVB is legally separate from the City and the City appoints a voting majority of the CVB's governing body. The City has the ability to remove appointed members of the CVB's board, and the City can modify the budget of the CVB. Therefore, the City has the ability to impose its will on the CVB. The CVB does not issue separate financial statements.

The **Georgia Gateway Community Improvement District (the "CID")** was established in 2013 to exercise and fulfill the rights, powers, duties, and obligations of the CID in accordance with the terms of the City of Kingsland Community Improvement Districts Act, 2013 GA H.B. 586. The CID is legally separate from the City and the City appoints a voting majority of the CID's governing body. The City has the ability to remove appointed members of the CID's board, and the City can modify the budget of the CID. Therefore, the City has the ability to impose its will on the CID. The CID does not issue separate financial statements.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The ***General Fund*** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **American Rescue Plan Act** (***"ARPA") Fund*** was established to account for the revenues and expenditures associated with the U.S. Department of Treasury's Coronavirus State and Local Recovery Funds established by the American Rescue Plan Act of 2021.

The **Special Purpose Local Option Sales Tax** ***("SPLOST") VIII Fund*** is a capital projects fund used to account for the proceeds of a 1% SPLOST.

The City reports the following major proprietary funds:

The ***Water and Sewer Fund*** accounts for the provision of water and sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The ***Solid Waste Fund*** accounts for the activities of the City's solid waste management operations. All activities necessary to provide such services are accounted for in this fund.

Additionally, the City reports the following fund types:

The ***Special Revenue Funds*** account for revenue sources that are legally restricted to expenditure for specific purposes.

The ***Capital Projects Funds*** account for proceeds of a 1% SPLOST

The ***Debt Service Fund*** accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water and wastewater function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services provided. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budgets and Budgetary Accounting

Budgets are adopted on a basis consistent with GAAP for the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds. Enterprise fund budgets are prepared and utilized as a management tool to access the operations of the enterprise funds. Annual operating budgets are adopted each fiscal year through passage of an annual budget resolution and amended as required for the General Fund, Special Revenue Funds, Debt Service Funds, and Enterprise Funds. Project length budgets are adopted for the Capital Projects Fund. All annual appropriations lapse at the end of each year.

The City code provides for the following procedures in establishing the budgetary data reflected in these financial statements:

At least 30 days before its adoption, the budget is prepared by the chief administrative officer, transmitted to members of the governing body for their review and made available for public inspection. No earlier than seven days after the budget is transmitted to members of the governing body and no later than the date the budget is adopted by the governing body, a public hearing is held to give the public the opportunity to comment on the proposed budget.

The budget is officially adopted by the governing body prior to the beginning of its fiscal year, or a resolution authorizing the continuation of necessary and essential expenditures to operate the City will be adopted. The budget is adopted at the department level.

Transfers of appropriations within a department budget or within a non-departmental expenditures category require only the approval of the chief administrative officer. Increases in appropriations in a departmental budget or in a non-departmental expenditure category require approval of the governing body in the form of amendments to the budget resolution.

The City did not employ encumbrance accounting during the year. Encumbrances, if existing at the end of the fiscal year, are recorded and appropriations lapse at the year-end. Open encumbrances would then be a reservation of fund balance since the commitments would be honored in subsequent years. Encumbrances do not constitute expenditures or liabilities. There were no encumbrances outstanding at September 30, 2021, and none were recorded.

E. Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Deposits and Investments

State statutes authorize the City to invest in obligations of the U.S. government and agencies of corporations of the U.S. government; obligations of any state; obligations of any political subdivision of any state; certificates of deposit or time deposits of any national state bank or savings and loans which have deposits insured by the Federal Deposit Insurance Corporation ("FDIC") or Federal Savings and Loan Insurance Corporation ("FSLIC"); prime bankers' acceptances; repurchase agreements; and the Local Government Investment Pool of the State of Georgia ("Georgia Fund 1"). Georgia Fund 1 was created under the Official Code of Georgia Annotated ("O.C.G.A.") §36-83-8 and is a stable asset value investment pool, which follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal ($1 per share value). The asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants' shares sold and redeemed based on $1 per share. The pool also adjusts the value of its investments to fair market value as of year-end and the City's investment in the Georgia Fund 1 is reported at fair value. The City considers amounts held in Georgia Fund 1 as cash equivalents for financial statement presentation.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values. Increases or decreases in the fair value during the year are recognized as a component of interest income.

G. Inventory and Prepaid Items

Inventory in the governmental funds are valued at the average cost using the first in/first out ("FIFO") method. Inventory in the proprietary funds is valued at the lower of cost or market using the weighted average method. Prepaid expenses are accounted for using the consumption method. A prepaid item is recognized when a cash expenditure is made for goods or services that were purchased for consumption, but not consumed as of September 30.

H. Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" in the fund financial statements. Short-term interfund loans are classified as "interfund receivables/payables". Long-term interfund loans are classified as "advances". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Grants from Other Governments

Federal and state governmental units represent an important source of supplementary funding used to finance housing, business development employment, construction programs, capital asset additions and other activities beneficial to the community. This funding, primarily in the form of grants, is recorded in both governmental and proprietary funds. Grant contributions in the proprietary funds, which are for the purpose of construction activities, land easement or capital asset acquisitions, are recorded as capital contributions within the statement of revenues and expenses. For all funds, a grant receivable is recorded when the City has a right to receive the related grant amounts.

J. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of $5,000 in the governmental funds and $3,000 in the business-type funds and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. In accordance with GASB 34, the City has elected not to include infrastructure acquired prior to July 1, 2003.

Major outlays for capital assets and major improvements are capitalized as projects are constructed. Interest incurred during the construction period of capital assets of the business-type activities is included as part of the capitalized value of the assets constructed. The amount of interest capitalized is calculated by offsetting interest expense incurred (from the date of borrowing until the date of completion of the project) with interest earned on investment proceeds over the same period. During the fiscal year ended September 30, 2021, no amounts were capitalized.

Depreciation is provided on the straight-line method over the following estimated useful lives:

Asset	Years
Buildings	7 – 40
Land and building improvements	10 – 40
System improvements	10
Infrastructure	15 – 50
Machinery and equipment	5 – 20

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Long-Term Liabilities

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as deferred charges, are deferred and amortized over the life of the bonds using the straight-line method, which is not materially different than the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. It is the City's policy to pay 25% of unpaid accumulated sick leave when employees separate from service with the City. Accumulated unpaid vacation costs and 25% of sick pay are accrued when incurred in the government-wide and proprietary financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

M. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balance”. Fund equity for all other reporting is classified as “net position”.

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Fund Equity (Continued)

Fund balances are classified as follows:

- ***Non-spendable*** – Fund balances are reported as non-spendable when amounts cannot be spent because they are either: a) not in spendable form (i.e., items that are not expected to be converted to cash), or b) legally or contractually required to be maintained intact.

- ***Restricted*** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

- ***Committed*** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council through the adoption of a resolution. Only the City Council may modify or rescind the commitment.

- ***Assigned*** – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Council has authorized the City's Finance Director or City Manager to assign fund balances. It is City's policy for assigned fund balances in the General Fund to be at least 10% but not more than 20% of General Fund revenues for the year to fund future deficiencies or emergencies.

- ***Unassigned*** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

Net Position – Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Restricted Assets

The enterprise funds, based on certain bond covenants, are required to establish and maintain prescribed amounts of resources (consisting of cash and temporary investments) that can be used only to service outstanding debt. Customer deposits that must be refunded upon the termination of service are restricted.

O. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

P. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has three items that qualify for reporting in this category, all of which relate to the City's Retirement Plan, and are reported in the government-wide Statement of Net Position. The difference between expected and actual experience and assumption changes represent consumption of resources and are amortized against pension expense over a five-year period. Additionally, any contributions made by the City to the retirement plan before year-end but subsequent to the measurement date of the City's net pension liability are reported as deferred outflows of resources.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

P. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the government-wide Statement of Net Position and the governmental funds balance sheet will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three items that qualify for reporting in this category, one of which arises only under the modified accrual basis of accounting. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The other two items relate to the City's Retirement Plan and are reported in the government-wide Statement of Net Position.

Experience differences result from periodic studies by the City's actuary, which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience differences are recorded as deferred inflows of resources and are amortized into pension expense over the expected remaining service lives of the plan members. The net difference between projected and actual earnings on pension plan investments is deferred and amortized against pension expense over a five-year period, resulting in recognition as a deferred inflow of resources.

Q. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the City of Kingsland Retirement Plan (the "Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

R. Tax Abatement Agreements

In a prior year, the City implemented GASB Statement No. 77, *Tax Abatement Disclosures*. This statement requires the City to disclose information for any tax abatement agreements either entered into by the City, or agreements entered into by other governments that reduce the City's tax revenues. As of September 30, 2021, the City did not have any such agreements, either entered into by the City or by other governments that exceeded the quantitative threshold for disclosure.

NOTE 2. DEPOSITS AND INVESTMENTS

Total deposits and investments as of September 30, 2021, are summarized as follows:

As reported in the Statement of Net Position:	
Cash and cash equivalents	$ 20,595,792
Investments	5,049,899
Restricted assets:	
Cash and cash equivalents	1,808,267
Investments	862,034
Component Units - cash and cash equivalents	774,580
	$ 29,090,572
Cash deposited with financial institutions	$ 10,345,040
Certificates of deposit	5,911,933
Cash deposited with Georgia Fund 1	12,833,599
	$ 29,090,572

Credit Risk. State statutes authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. It is the City's policy to limit its investments to those allowed and authorized by state law. As of September 30, 2021, the City's investment in Georgia Fund 1 was rated AAAf by Standard & Poor's.

Interest Rate Risk. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

At September 30, 2021, the City had the following cash equivalents and investments subject to interest rate risk:

Investment	Maturities	Fair Value
Georgia Fund 1	40 day weighted average	$ 12,833,599
Certificates of Deposit	12 months	5,911,933
		$ 18,745,532

NOTE 2. DEPOSITS AND INVESTMENTS (CONTINUED)

Fair Value Measurements. The City categorizes its fair value measurements within the fair value hierarchy established by GAAP The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Investments classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those investments. Investments classified as Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

The Georgia Fund 1 is an investment pool which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the City does not disclose its investment in the Georgia Fund 1 within the fair value hierarchy. In addition, certificates of deposit are not subject to level disclosure.

Custodial Credit Risk – Deposits. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of September 30, 2021, the City did not have any deposits which were uninsured and under collateralized as defined by GASB pronouncements.

Custodial Credit Risk – Investments. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require all investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities.

NOTE 3. RECEIVABLES

Accounts Receivable

Receivables as of September 30, 2021, including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	SPLOST VIII	Nonmajor Governmental Funds	Total Governmental Funds
Receivables:				
Taxes	$ 293,376	$ -	$ -	$ 293,376
Accounts	187,964	-	101,381	289,345
Intergovernmental	448,163	333,868	503,108	1,285,139
Gross receivables	929,503	333,868	604,489	1,867,860
Less: allowance for uncollectibles	(85,687)	-	-	(85,687)
Net total receivables	$ 843,816	$ 333,868	$ 604,489	$ 1,782,173

	Water and Sewer	Solid Waste Fund	Total Proprietary Funds
Receivables:			
Accounts	$ 537,202	$ 107,355	$ 644,557
Gross receivables	537,202	107,355	644,557
Less: allowance for uncollectibles	(27,132)	(5,368)	(32,500)
Net total receivables	$ 510,070	$ 101,987	$ 612,057

Property Taxes

Property taxes are attached as an enforceable lien on property as of January 1. Taxes were levied on October 2, 2020, and payable on or before December 14, 2020. Penalties were applied on all unpaid taxes as of March 14, 2021. The City bills and collects its own property taxes. Property taxes levied for the year ended September 30, 2021, are recorded as receivable, net of the estimated uncollectable amount of $66,431.

NOTE 4. CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2021, was as follows:

	Beginning Balance	Increases	Decreases	Transfers	Ending Balance
Governmental activities:					
Capital assets, not being depreciated:					
Land	$ 2,247,162	$ -	$ -	$ -	$ 2,247,162
Construction in progress	1,099,596	1,231,192	-	(1,439,159)	891,629
Total capital assets, not being depreciated	3,346,758	1,231,192	-	(1,439,159)	3,138,791

NOTE 4. CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:	
General government	$ 187,142
Judicial	19,102
Public safety	470,915
Public works	1,149,721
Health and welfare	43,931
Total depreciation expense - governmental activities	$ 1,870,811
Business-type activities:	
Water and sewer	$ 1,737,557
Solid waste	198,452
Total depreciation expense - business-type activities	$ 1,936,009

Capital asset activity for the Convention and Visitors Bureau for the year ended September 30, 2021, was as follows:

	Beginning Balance	Increases	Decreases	Transfers	Ending Balance
Convention and Visitors Bureau					
Capital assets, not being depreciated:					
Land	$ 323,167	$ -	$ -	$ -	$ 323,167
Total capital assets, not being depreciated	323,167	-	-	-	323,167
Capital assets, being depreciated:					
Buildings and improvements	2,124,857	-	-	-	2,124,857
Machinery and equipment	68,413	-	-	-	68,413
Total capital assets, being depreciated	2,193,270	-	-	-	2,193,270
Less accumulated depreciation for:					
Buildings and improvements	(685,586)	(54,483)	-	-	(740,069)
Machinery and equipment	(12,273)	(13,683)	-	-	(25,956)
Total accumulated depreciation	(697,859)	(68,166)	-	-	(766,025)
Total capital assets, being depreciated, net	1,495,411	(68,166)	-	-	1,427,245
Convention and Visitors Bureau capital assets, net	$ 1,818,578	$ (68,166)	$ -	$ -	$ 1,750,412

Depreciation expense of $68,166 was charged to Housing and Economic Development for the year ended September 30, 2021.

NOTE 5. LONG-TERM DEBT

Changes in Long-Term Liabilities

Long-term liability activity for the year ended September 30, 2021, was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Due in One Year
Governmental activities:					
Revenue bonds payable	$ 1,821,204	$ -	$ (119,073)	$ 1,702,131	$ 137,526
Compensated absences	326,006	370,056	(394,864)	301,198	192,978
Net pension liability	1,321,556	1,355,953	(1,659,256)	1,018,253	-
Governmental activity long-term liabilities	$ 3,468,766	$ 1,726,009	$ (2,173,193)	$ 3,021,582	$ 330,504
Business-type activities:					
Bonds payable	$ 2,073,852	$ -	$ (971,098)	$ 1,102,754	$ 1,102,754
Notes payable from direct borrowings	911,042	1,471,706	(1,500,000)	882,748	-
Capital leases	121,077	-	(111,058)	10,019	10,019
Compensated absences	109,412	123,057	(124,790)	107,679	68,383
Business-type activity long-term liabilities	$ 3,215,383	$ 1,594,763	$ (2,706,946)	$ 2,103,200	$ 1,181,156

For governmental activities, compensated absences and pension liabilities are liquidated by the General Fund. For business-type activities, compensated absences are liquidated by the Water and Sewer Fund and the Solid Waste Fund.

Revenue Bonds

Governmental Funds

During fiscal year 2007, the City issued revenue bonds in the amount of $2,500,000 for the purpose of constructing a new welcome center. Revenue bonds outstanding at September 30, 2021, are as follows:

Issue Date	Purpose	Interest Rate %	Interest Dates	Maturity Date	Original Amount	Retired	September 30, 2021
2/1/2007	Welcome Center Construction	2.15%	Monthly	2/1/2031	$ 2,500,000	$ 797,869	$ 1,702,131

NOTE 5. LONG-TERM DEBT (CONTINUED)

Revenue Bonds (Continued)

Governmental Funds (Continued)

Debt service requirements to maturity on the revenue bonds are as follows:

Fiscal Year Payable	Principal	Interest	Total
2022	$ 137,526	$ 34,347	$ 171,873
2023	151,933	31,277	183,210
2024	155,139	28,071	183,210
2025	158,412	24,798	183,210
2026	161,755	21,455	183,210
2027 – 2031	861,438	54,612	916,050
2032	75,928	456	76,384
	$ 1,702,131	$ 195,016	$ 1,897,147

Enterprise Funds

The City issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. On March 13, 2014, the City issued the Series 2014 Bond, which was issued in printed form as a single revenue bond in the principal amount of $8,048,190. The bond was sold to a purchaser through a private placement transaction, and no premium or discount was recorded at issuance. The Series 2014 Bond may not be exchanged. The proceeds from the bond sale were used to refund all outstanding Series 2004 bonds and $2,365,000 of the Series 2010 Bond.

The refunding provided a reduction in total future debt service payments of $1,983,852, with most of the savings occurring within the first year.

Revenue bonds outstanding at September 30, 2021, are as follows:

Issue Date	Purpose	Interest Rate %	Interest Dates	Maturity Date	Original Amount	Retired	Balance at September 30, 2021
3/13/2014	Refunding 2014B Series Bonds	2.23%	6/1 - 12/1	12/1/2021	$ 2,712,300	$ 1,609,546	$ 1,102,754

NOTE 5. LONG-TERM DEBT (CONTINUED)

Revenue Bonds (Continued)

Enterprise Funds (Continued)

Debt service requirements to maturity on the water and sewer revenue bonds are as follows:

Fiscal Year Payable	Principal	Interest	Total
2022	$ 1,102,754	$ 12,296	$ 1,115,050

Notes Payable

Enterprise Funds

The Water and Sewer Fund has incurred debt to the Georgia Environmental Facilities Authority ("GEFA") for utility system improvements. This note is as follows at September 30, 2021:

Description	Original Amount	Interest Rate	Due Date	Amount
Water and Sewer GEFA Loan - DW2017016	$ 1,500,000	0.05%	2025	$ 882,748

This note is in the drawdown phase as of September 30, 2021, and repayment will be determined when construction is complete and all drawdowns have been made.

Capital Leases

The City has entered into a lease agreement as lessee for financing the acquisition of equipment. The lease agreement qualifies as a capital lease for accounting purposes (titles transfer at the end of the lease term) and has been recorded at the present values of the future minimum lease payment as of the date of its inception.

NOTE 5. LONG-TERM DEBT (CONTINUED)

Capital Leases (Continued)

The following is an analysis of equipment leased under capital leases as of September 30, 2021:

	Business-type Activities
Equipment	$ 224,740
Less accumulated depreciation	(112,370)
Carrying value	$ 112,370
Current year depreciation	$ 32,106

The following is a schedule of future minimum lease payments under the capital leases and the present value of the net minimum lease payments at September 30, 2021:

Fiscal Year Ended	Business-type Activities
2022	$ 10,048
Total minimum lease payments	10,048
Less amount representing interest	(29)
Present value of future minimum lease payments	10,019
Less current maturities	(10,019)
	$ -

Long-term liability activity for the year ended September 30, 2021, for the Convention and Visitors Bureau was as follows:

`	Beginning Balance	Increases	Decreases	Ending Balance	Due in One Year
Convention and Visitors Bureau					
Compensated absences	$ 9,977	$ 20,761	$ (20,502)	$ 10,236	$ 9,971
Net pension liability	50,064	58,444	(64,643)	43,865	-
Convention and Visitors Bureau long-term liabilities	$ 60,041	$ 79,205	$ (85,145)	$ 54,101	$ 9,971

NOTE 6. BUDGET COMPLIANCE AND DEFICIT FUND BALANCE

Deficit Fund Balance

The following funds reported a deficit fund balance for the fiscal year ended September 30, 2021: Coronavirus Aid, Relief and Economic Security ("CARES") Act Grant Fund's deficit fund balance of $127,777 and the Community Development Block Grant ("CDBG") Fund's deficit fund balance of $326,800. The CDBG Grant Fund's deficit is the result of timing and will be eliminated in the next fiscal year as reimbursement requests are submitted and the remaining grant funds are received. The City has filed an appeal with the Federal Emergency Management Agency as to whether the CARES Act Fund will receive any more reimbursements. If the appeal is not favorable, the City will transfer money from the General Fund to the CARES Act Fund in the next fiscal year to eliminate the deficit.

NOTE 7. PENSION PLAN

A. Plan Description

The City, as authorized by the City Council, has established a non-contributory defined benefit pension plan – the City of Kingsland Retirement Plan (the "Plan"), covering substantially all of the City's employees. The City's pension plan is administered through the Georgia Municipal Employee Benefit System ("GMEBS"), an agent multiple-employer pension plan administered by the Georgia Municipal Association. The Plan provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are provided by the Plan whereby retirees receive between 1% and 1.75% multiplied by the average of the five highest years of regular earnings multiplied by the total credited years of service. The City Council, in its role as the Plan sponsor, has the governing authority to establish and amend from time to time, the benefits provided and the contribution rates of the City and its employees. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained at www.gmanet.com or by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

Plan membership. As of January 1, 2021, pension plan membership consisted of the following:

Retirees and beneficiaries receiving benefits	76
Terminated plan members entitled to, but not receiving, benefits	84
Active plan members	153
Total	313

NOTE 7. PENSION PLAN (CONTINUED)

A. Plan Description (Continued)

Contributions. The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the Plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan, as adopted by the City Council, is to contribute an amount equal to or greater than the actuarially recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of plan members, as determined by the City Council. City and CVB contributions to the Plan were $432,734 and $18,652, respectively, for the year ended September 30, 2021.

B. Net Pension Liability of the City and CVB

The City and CVB's net pension liability were measured as of September 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2020, with update procedures performed by the actuary to roll forward to the total pension liability measured as of September 30, 2020.

Actuarial assumptions. The total pension liability in the January 1, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	2.25%, plus service based merit increases
Investment rate of return	7.375%

Mortality rates were based on the gender-distinct Pri-2012 head-count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25.

The actuarial assumptions used in the January 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2019.

Cost of living adjustments were assumed to be 2.10% although the Plan allowance for annual cost of living adjustment is variable, as established by the City Council, in an amount not to exceed 4.00%.

NOTE 7. PENSION PLAN (CONTINUED)

B. Net Pension Liability of the City and CVB (Continued)

Actuarial assumptions (Continued). The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2021 are summarized in the following table:

Asset Class	Target Allocation	Long-term expected real rate of return*
Domestic equity	45%	6.40%
International equity	20%	7.05%
Real estate	10%	4.50%
Global fixed income	5%	1.25%
Domestic fixed income	20%	1.15%
Cash	- %	
Total	100%	

NOTE 7. PENSION PLAN (CONTINUED)

B. Net Pension Liability of the City and CVB (Continued)

Discount rate. The discount rate used to measure the total pension liability was 7.375%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability. The changes in the components of the net pension liability of the City for the year ended September 30, 2021, were as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Beginning Balance	$ 14,337,999	$ 13,016,443	$ 1,321,556
Changes for the year:			
Service cost	251,550	-	251,550
Interest	1,054,494	-	1,054,494
Differences between expected and actual experience	13,304	-	13,304
Contributions - employer	-	398,695	(398,695)
Net investment income	-	1,253,972	(1,253,972)
Benefit payments, including refunds of employee contributions	(587,149)	(587,149)	-
Administrative expense	-	(30,016)	30,016
Net changes	732,199	1,035,502	(303,303)
Ending Balance	$ 15,070,198	$ 14,051,945	$ 1,018,253

NOTE 7. PENSION PLAN (CONTINUED)

B. Net Pension Liability of the City and CVB (Continued)

Changes in the Net Pension Liability (Continued). The changes in the components of the net pension liability of the CVB for the year ended September 30, 2021, were as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Beginning Balance	$ 613,453	$ 563,389	$ 50,064
Changes for the year:			
Service cost	17,716	-	17,716
Interest	45,450	-	45,450
Differences between expected and actual experience	573	-	573
Contributions - employer	-	17,184	(17,184)
Net investment income	-	54,048	(54,048)
Benefit payments, including refunds of employee contributions	(25,307)	(25,307)	-
Administrative expense	-	(1,294)	1,294
Net changes	38,432	44,631	(6,199)
Ending Balance	$ 651,885	$ 608,020	$ 43,865

The required schedule of changes in the City and CVB's net pension liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the City and the CVB, calculated using the discount rate of 7.375%, as well as what the City and CVB's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.375%) or 1-percentage-point higher (8.375%) than the current rate:

	1% Decrease (6.375%)	Current Discount Rate (7.375%)	1% Increase (8.375%)
City's net pension liability (asset)	$ 3,056,358	$ 1,018,253	$ (668,041)
CVB's net pension liability (asset)	131,730	43,865	(28,793)

NOTE 7. PENSION PLAN (CONTINUED)

B. Net Pension Liability of the City and CVB (Continued)

Sensitivity of the net pension liability to changes in the discount rate (Continued). Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of September 31, 2020, and the current sharing pattern of costs between employer and employee.

C. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2021, the City recognized pension expense of $299,905. At September 30, 2021, the City reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual investment earnings	$ -	$ 160,859
Changes in actuarial assumptions	158,548	-
Differences between expected and actual experience	105,755	35,418
Contributions subsequent to the measurement date	432,734	-
Total	$ 697,037	$ 196,277

NOTE 7. PENSION PLAN (CONTINUED)

C. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

City contributions subsequent to the measurement date of $432,734 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending September 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30,	
2022	$ (56,692)
2023	127,903
2024	57,183
2025	(60,368)
Total	$ 68,026

For the year ended September 30, 2021, the CVB recognized pension expense of $12,926. At September 30, 2021, the CVB reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual investment earnings	$ -	$ 6,933
Changes in actuarial assumptions	6,834	-
Differences between expected and actual experience	4,542	1,522
Contributions subsequent to the measurement date	18,652	-
Total	$ 30,028	$ 8,455

CVB contributions subsequent to the measurement date of $18,652 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending September 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30,	
2022	$ (2,443)
2023	5,513
2024	2,465
2025	(2,614)
Total	$ 2,921

NOTE 8. INTERFUND BALANCES AND TRANSFERS

Interfund receivable and payable balances as of September 30, 2021 are as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Governmental Funds	$ 629,382
Nonmajor Governmental Funds	Nonmajor Governmental Funds	17,235
		$ 646,617

Interfund receivables and payables result from timing differences related to payroll, grant reimbursements, and other year-end transactions which normally clear within one to two months.

Interfund transfers for the year ended September 30, 2021 consisted of the following:

Transfer To	Transfer From	Amount
Nonmajor Governmental Funds	Nonmajor Governmental Funds	$ 203,042
General Fund	Water and Sewer Fund	84,438
Nonmajor Governmental Funds	Water and Sewer Fund	10,005
General Fund	Solid Waste Fund	18,703
General Fund	Nonmajor Governmental Funds	465,803
Nonmajor Governmental Funds	General Fund	1,491
		$ 783,482

Transfers are used to: 1) move revenues from the fund that statute or budget requires collecting them to the fund that the statute or budget requires to expend them, and 2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 9. HOTEL/MOTEL LODGING TAX

The City has levied a 6% lodging tax. For the fiscal year ended September 30, 2021, $1,194,366 of hotel/motel tax was collected. Of the total collected, approximately 44%, or $525,521, was used for the promotion of tourism within the City; 17%, or $203,042, for the construction of a facility for visitor center purposes; and 39%, or $465,803, for general government needs.

NOTE 10. JOINT VENTURES

Under Georgia Law, the City, in conjunction with other cities and counties in the nine county coastal Georgia region, is a member of the Coastal Regional Commission and is required to pay annual dues thereto. The Coastal Regional Commission is one of the 16 Regional Commissions (“RC”) that cover the State of Georgia. During its year ended September 30, 2021, the City paid $10,365 in such dues. Membership in an RC is required by the O.C.G.A. §50-8-34 which provided for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. O.C.G.A. §50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from the Coastal Regional Commission, P.O. Box 1917, Brunswick, Georgia 31521.

NOTE 11. JOINTLY GOVERNED ORGANIZATION

Under a contract with the Camden County Public Service Authority (the "Authority") in conjunction with the City of St. Mary's, the City of Woodbine, and Camden County, the City provides funding on an annual basis to the Authority. During the year ended September 30, 2021, the City paid the Authority $545,457. The Authority board is made up of the Mayors of Kingsland and St. Mary's, and is charged with providing recreation services to all citizens of Camden County.

Separate financial statements may be obtained from the Camden County Public Service Authority, 1050 Wildcat Drive, Kingsland, Georgia 31548.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Litigation

The City is involved in several pending lawsuits. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the City.

Grants from Governments

Amounts received or receivable from grantor agencies are subject to audit and adjustment by such agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

NOTE 13. DEFINED CONTRIBUTION PLAN

The City offers its employees a defined contribution plan. The plan is administered by the Georgia Municipal Association. The City Council is responsible and has authority to amend provisions to the plan, available to all full-time government employees at their option, permits participants to defer a portion of their salary until future years. The City makes a 10% match with a bi-weekly cap of $25. The plan is included in the City's financial statements. The City made $6,339 in contributions to the plan during the year ended September 30, 2021.

NOTE 14. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other municipalities in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Workers' Compensation Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments.

As part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds and to report as promptly as possible and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pools' agents and attorneys to represent the City in investigation, settlement discussions, and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment and all expenses incurred for investigation, negotiation or defense.

Settled claims in the past three years have not exceeded the coverages.

The City pays unemployment claims to the state department of labor on a reimbursement basis. Liabilities on such claims are immaterial and are not accrued.

NOTE 15. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all full-time government employees at their option, permits participants to defer a portion of their salary until future years. The deferred compensation is not available to participants with GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. No assets or liabilities of the City's Deferred Compensation Plan are included in the City's financial statements.

SCHEDULE OF CITY CONTRIBUTIONS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30,

	2021	2020	2019
Actuarially determined contribution	**$ 451,386**	$ 413,663	$ 440,254
Contributions in relation to the actuarially determined contribution	**451,386**	413,663	440,254
Contribution deficiency (excess)	**$ -**	$ -	$ -
Covered payroll	**$ 5,914,527**	$ 5,707,047	$ 5,833,034
Contributions as a percentage of covered payroll	**7.6%**	7.2%	7.5%

Notes to the Schedule:

Valuation Date	January 1, 2021
Cost Method	Projected unit credit
Actuarial Asset Valuation Method	Sum of actuarial value at beginning of the year and the cash flow during the year plus assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.
Assumed Rate of Return on Investments	7.375%
Projected Salary Increases	2.25% plus service based merit increases
Cost of Living Adjustments	2.10% for participants terminated on or after 10/1/1989 provided participant was employed before January 1, 2014; 0.00% otherwise
Amortization Method	Closed level dollar for unfunded liability
Remaining Amortization Period	12 years

The schedule will present 10 years of information once it is accumulated.

AND SCHEDULES

CITY OF KINGSLAND, GEORGIA

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

The **Drug Forfeiture Fund** was established to account for cash received either as a result of a cash confiscation or from the sale of capital assets acquired from a drug raid.

The **Revolving Loan Fund** was established to account for cash and cash payments regarding loans paid by the City.

The **Kingsland Development Authority Fund** is used to account for the blended component unit activity related to financing the construction of the City's public buildings.

The **Downtown Development Authority Fund** is used to account for the blended component unit activity related to services and benefits for the community.

The **Tax Allocation District 1 Fund** was established to account for the receipt of the incremental increase of property taxes over the base years and expenditures committed to economic development.

The **Hotel/Motel Tax Fund** was established to account for the tax revenues collected from the hotels/motels in the City and to track the expenditures associated with those revenues.

The **CARES Act Grant Fund** was established to account for the grants proceeds as well as the expenditures associated with the CARES Act.

The **CDBG Grant Fund** was established to account for the grants proceeds as well as the expenditures associated with the CDBG program.

The **Tap Grant Fund** was established to account for the grants proceeds as well as the expenditures associated with the Tap program.

The **CDBG-MIT Grant Fund** was established to account for the grants proceeds as well as the expenditures associated with the CDBG program.

The **Multiple Grant Fund** was established to account for various grant proceeds as well as the expenditures associated with the grants.

CAPITAL PROJECTS FUND

The **SPLOST VII Fund** was established to account for the proceeds of a 1% Special Purpose Local Option Sales Tax (“SPLOST”).

DEBT SERVICE FUND

The **Revenue Bond Fund** was established to account for the principal and interest bond payments on the Series 1991 Revenue Bonds issued for the renovation and equipping of the old Camden Hotel within the City.

BALANCE SHEET
COMPONENT UNITS
SEPTEMBER 30, 2021

	Georgia Gateway CID	Convention and Visitors Bureau
ASSETS		
Cash and cash equivalents	$ 20,615	$ 753,965
Due from primary government	-	44,608
Prepaid items	-	17,179
Total assets	20,615	815,752
LIABILITIES		
Accounts payable	-	16,089
Accrued liabilities	-	4,932
Total liabilities	-	21,021
FUND BALANCES		
Non-spendable:		
Prepaid items	-	17,179
Unassigned	20,615	777,552
Total fund balances	$ 20,615	$ 794,731
Amounts reported for discretely presented component units in the statement of net position are different because:		
Fund balances of governmental funds	$ 20,615	$ 794,731
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	-	1,750,412
Deferred outflows of resources are not available to pay current period expenditures and, therefore, are not reported in the funds.	-	30,028
Compensated absences payable are not due and payable in the curent period and, therefore, are not reported in the funds.	-	(10,236)
The net pension liability is not due and payable in the current period and, therefore, is not reported in the funds.	-	(43,865)
Deferred inflows of resources are not due and payable in the current period and, therefore, are not reported in the funds.	-	(8,455)
Net position of discretely presented component units	$ 20,615	$ 2,512,615

CITY OF KINGSLAND, GEORGIA

SCHEDULE OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE
COMPONENT UNITS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

	Georgia Gateway CID	Convention and Visitors Bureau
Revenues		
Intergovernmental	$ -	$ 525,521
Taxes	6,481	-
Miscellaneous	1,291	22,944
Total revenues	7,772	548,465
Expenditures		
Current:		
Housing and economic development	60	397,780
Total expenditures	60	397,780
Net change in fund balances	7,712	150,685
Fund balances, beginning of year	12,903	644,046
Fund balances, end of year	$ 20,615	$ 794,731
Amounts reported for discretely presented component units in the statement of activities are different because:		
Net change in fund balances	$ 7,712	$ 150,685
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay in the current period.	-	(68,166)
Pension expense related to the net pension liability as recorded in the statement of activities is based on the CVB's proportionate share of pension expense of the retirement system as a whole, whereas pension expenditures recorded in the funds are based on the use of financial resources (e.g., required contributions). Thus the change in net position differs from the change in fund balance by the amount by which the CVB's proportionate share of pension expense exceeds actual contributions.	-	2,548
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	-	(259)
Change in net position of discretely presented component units	$ 7,712	$ 84,808

STATISTICAL SECTION

This part of the City of Kingsland's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, required supplementary information, and supplementary information says about the City's overall financial health.

Contents **Page**

Financial Trends ..... **89 – 91**
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity ..... **92 – 99**
These schedules contain information to help the reader assess the City's most significant local revenue sources.

Debt Capacity ..... **100 – 104**
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information ..... **105 and 106**
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information ..... **107 – 110**
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the City's financial reports for the relevant year.

Notes:

Convention and Visitors Bureau ("CVB") Fund is shown in Governmental Activities through FY 2009 as a blended component unit. Beginning in FY 2010 and forward, CVB is shown as a discretely presented component unit. A prior period adjustment was done in FY 2010 reflecting the presentation change of the CVB. Beginning in FY 2010, CVB is not reflected in the statistical data.

[1] Franchise fees were broken into a separate line item.

Notes:
Property in the City is reassessed periodically. Property is assessed at 40% of the fair market value; therefore, the assessed values are equal to 40% of the estimated actual value. Tax rates are per $1,000 of assessed value. Tax year levied fund the following fiscal year (i.e., taxes levied for 2020 are financial resources for fiscal year ended 2021).

Notes:
The City's total property tax rate may be increased only by a majority vote of the City's elected council. Rates for debt service are set based on each year's requirements. Tax year levied fund the following fiscal year (i.e., taxes levied for 2020 are financial resources for fiscal year ended 2021).

[1]Overlapping rates are those of local and county governments that apply to property owners within the City of Kingsland.

[2]County millage rate includes .20 beginning in FY 2012, decreasing by .05 each year until eliminated in 2016.

CITY OF KINGSLAND, GEORGIA

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITES DEBT
AS OF SEPTEMBER 30, 2021

Jurisdiction	New Debt Outstanding	Percentage Applicable to City of Kingsland[1]	Amount Applicable to City of Kingsland
Camden County, Georgia - Overlapping Debt	$ -	29.71%	$ -
Subtotal Overlapping Debt			-
City of Kingsland, Georgia - Direct Debt			$ 1,702,131
Total Direct and Overlapping Debt			$ 1,702,131

Sources: Assessed value data used to estimate applicable percentages provided by the County Board of Equalization and Assessment. Debt outstanding provided by the County and City Finance Departments.

Notes:
Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that could place burden on the residents and businesses of the City of Kingsland. This process recognizes that, when considering the government's abilitiy to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account.

[1] The percentage of overlapping debt applicable is estimated using the assessed gross digest. Applicable percentages were estimated by determining the portion of the City's assessed taxable value that is within the County's boundaries and dividing it by the County's total gross digest.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members
of the City Council
City of Kingland, Georgia
Kingsland, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Kingsland, Georgia (the "City"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City of Kingsland, Georgia's basic financial statements and have issued our report thereon dated March 22, 2022.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during out audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MAULDIN & JENKINS
CPAs & ADVISORS

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and Members
of the City Council
City of Kingland, Georgia
Kingsland, Georgia

Report on Compliance for Each Major Federal Program

We have audited the City of Kingsland, Georgia's (the "City") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the City's major federal program for the year ended September 30, 2021. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the City's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the City's major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Kingsland, Georgia complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2021.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF KINGSLAND, GEORGIA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of Kingsland, Georgia (the "City") and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of 2 CFR Part 200, OMB's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 2. NON-CASH ASSISTANCE AND LOANS

There were no federal awards expended in the form of non-cash assistance during the year. There were also no loans or loan guarantees outstanding at year-end.

NOTE 3. DE MINIMIS INDIRECT COST RATE

The City did not use the 10% de minimis indirect cost rate.

NOTE 4. SUBRECIPIENTS

Of the federal expenditures presented in this schedule, the City of Kingsland, Georgia provided federal awards of $75,000 from the American Rescue Plan Act of 2021 to Camden Community Alliance & Resources, Inc. to be used for expenditures incurred in response to COVID-19 and its negative impacts.
