INDEPENDENT AUDITOR'S REPORT

To the City of Oakwood
Oakwood, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Oakwood, Georgia, (City) as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the City as of December 31, 2014, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and budgetary comparison information in section A and D respectfully, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 12, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Oakwood, Georgia
Management's Discussion and Analysis
Year Ended December 31, 2014

The Management's Discussion and Analysis (MD&A) section offers readers of the City of Oakwood's financial statements a narrative overview and analysis of the financial activities of the City for the year ended December 31, 2014. Readers are encouraged to consider the information presented here in conjunction with additional information furnished in this report.

Financial Highlights

- The assets of the City exceeded its liabilities at December 31, 2014 by $16,792,898 (net position); of this amount $980,278 is unrestricted net position. The government's total net position increased by $1,592,993 during the year ended December 31, 2014.

- As of December 31, 2014, the City's governmental funds reported combined ending fund balances of $633,479 an increase of $421,210 in comparison with the prior year.

- The unassigned fund balance for the governmental funds at December 31, 2014 was $370,465. The restricted governmental funds balance at December 31, 2014 was $244,041 and the nonspendible fund balance was $18,973.

- The City's long-term liabilities experienced a net decrease of $775,930 during the year ended December 31, 2014. This decrease was primarily due to principal repayments.

- Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements: The "government-wide financial statements" are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The "statement of net position" presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The "statement of activities" presents information showing how the government's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future periods (e.g. uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that were principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their cost through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets and recreation. The business-type activities of the City include sewer services.

The government-wide financial statements can be found on pages B1-B3 of this report.

Fund financial statements: A "fund" is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the governmental-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing

decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains four individual governmental funds (general fund, hotel/motel tax fund, TAD fund and SPLOST fund). Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, which is considered to be a major fund.

The City adopts an annual appropriated budget for the general fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with their budgets.

The basic governmental fund financial statements can be found on page B4-B7 of this report.

Proprietary funds: The City maintains just one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer activities.

Proprietary funds provide the same type of information as the government-wide financial statements. The proprietary fund financial statements provide information for one enterprise fund which is considered to be a major fund of the City.

The basic proprietary fund financial statements can be found on pages B8-B9 of this report.

Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found in section C of this report.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which can be found in section D of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by $16,792,898 at the close of the most recent year. The following table provides a comparative summary of the City's net assets as of December 31, 2014 and 2013:

City of Oakwood – Net Assets ($000)

	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
Current and other assets	$ 712	$ 713	$ 516	$ 709	$ 1,228	$ 1,422
Capital assets	18,556	17,405	11,179	11,299	29,735	28,704
Total assets	$ 19,268	$ 18,118	$ 11,695	$ 12,008	$ 30,963	$ 30,126
Long-term Liabilities outstanding	$ 5,142	$ 5,627	$ 8,950	$ 9,241	$ 14,092	$ 14,868
Other liabilities	78	58	-	-	78	58
Total Liabilities	5,220	5,685	8,950	9,241	14,170	14,926
Net position:						
Invested in capital assets, net of related debt	13,414	11,778	2,229	2,058	15,643	13,836
Restricted for capital projects	169	122	-	-	169	122
Unrestricted	465	533	516	709	981	1,242
Total net assets	14,048	12,433	2,745	2,767	16,793	15,200
Total liabilities and net position	$ 19,268	$ 18,118	$ 11,695	$ 12,008	$ 30,963	$ 30,126

A portion of the City's net position (93%) reflects its investments in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investments in its capital assets is reported net of related debt, it should be noted that resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of unrestricted net position $980,278 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current year, the City is able to report positive balances in all categories of net position. The same situation held true for the prior year.

The government's net position increased by $1,592,993 during the current year.

City of Oakwood – Changes in Net Assets ($000)

	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013

Other	-	-	-	-	-	-
Total revenues	5,013	3,923	586	17	5,080	3,430
Expenses (net of indirect costs):						
General administrative & management	576	632	-	-	576	632
Public safety	1,512	1,526	-	-	1,512	1,526
Streets	698	734	-	-	698	734
Solid waste	39	45	-	-	39	45
Economic development	61	68	-	-	61	68
Planning & development	126	166	-	-	126	166
Community services	43	57	-	-	43	57
Sewer	-	-	608	580	608	580
Interest on long-term debt	343	249	-	-	343	249
Total expenses	3,398	3,477	608	580	4,006	4,057
Increase in net position before transfers	1,615	446	(22)	(563)	1,593	(117)
Transfers	-	-	-	-	-	-
Increase in net position	1,615	446	(22)	(563)	1,593	(117)
Net position - Jan 1	12,433	11,987	2,767	3,330	15,200	15,317
Net position - Dec 31	$ 14,048	$ 12,433	$ 2,745	$ 2,767	$ 16,793	$ 15,200

Governmental activities: Governmental activities increased the City's net position by $1,615,025. This is a $1,169,187 increase compared to prior years increase in net position. Key elements of this increase are as follows:

- Property tax revenue increased by $478,637 (72%)
- Charges for services decreased by $128,043 (14%)
- Expenditures decreased by $80,061 (2%)
- Gain on sale of capital assets was $442,500

Mostly, increases in expenses closely paralleled inflation and growth in the demand for services. However, overall governmental activity expenses decreased by $80,061 (2 percent) mainly due to decreases in streets and planning and development.

Financial Analysis of the Government's Fund

As noted earlier, the City uses fund accounting to insure and demonstrate compliance with finance-related legal requirements.

Government funds: the focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of the end of the current year, the City's governmental funds reported combined ending fund balances of $633,479, an increase of $421,210 in comparison with the prior year. $370,465 of the fund balance is classified as unassigned.

The general fund is the chief operating fund of the City. At the end of the current year, unassigned fund balance of the general fund was $370,465. As a measure of the general fund's liquidity, it would be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 9% of the total expenditures.

The fund balance, of the City's general fund, increased by $373,590 during the current year. General fund expenditures exceeded revenues by $248,349 during the current year. Key factors in this activity are as follows:

- Revenues increased by $617,842 (18%)
- Expenditures decreased by $55,305 (1%)

Expenditures continue to outpace revenues year over year, however, at a significantly lower rate in 2014 compared to 2013.

Proprietary funds: The City's proprietary funds provide the same type of information found in the government-wide financial statements.

Fund assets are earmarked (but not legally restricted) for capital improvements and debt service in future years.

General Fund Budgetary Highlights

The difference between the original budget appropriations and the final amended budget appropriation for expenditures and transfers was $571,008. The City significantly increased the public services capital outlay budget due to capital projects funding received in 2014 helping the City move forward with new capital projects. Other budget revisions are proposed to closely match revenues and expenditures. No budget revisions are expected to have a significant effect on future services or liquidity.

Capital Asset and Debt Administration

Capital Assets: The City's investments in capital assets for its governmental and business-type activities as of December 31, 2014, amounted to $29,735,483 (net of accumulated depreciation). The investment in capital assets includes land; furniture, machinery and equipment and construction in process. The total increase in the City's investment in capital assets for the current fiscal year was 4%; mostly due to land purchases, construction in process, improvements other than buildings and depreciation. The construction in process in the governmental fund includes infrastructure assets. The proprietary fund construction in process is the new sewer system.

The following table summarizes the City's governmental activity and business-type activity capital assets by major category as of December 31, 2014 and 2013:

City of Oakwood – Capital Assets ($000)

	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
Land	$ 6,548	$ 5,386	$ -	$ -	$ 6,548	$ 5,386
Plants and buildings	1,546	1,546	-	-	1,546	1,546
Improvements other than buildings	11,263	10,711	5,924	5,865	17,187	16,576
Machinery, equipment, fixtures & vehicles	1,718	1,645	-	-	1,718	1,645
Construction in process	1,268	1,242	6,364	6,346	7,632	7,588
Less accumulated depreciation	(3,787)	(3,125)	(1,109)	(912)	(4,896)	(4,037)
Total	$ 18,556	$ 17,405	$ 11,179	$ 11,299	$ 29,735	$ 28,704

Additional information on the City's capital assets can be found in the Notes to the Financial Statements in Section C of this report.

Long-term debt: As of December 31, 2014, the City had total debt outstanding of $14,092,047.

The following table summarizes outstanding debt of the City as of December 31, 2014 and 2013:

	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
Notes payable	$ 2,307	$ 2,527	$ 8,950	$ 9,241	$ 11,257	$ 11,768
Capital lease	-	-	-	-	-	-
Bonds payable	2,835	3,100	-	-	2,835	3,100
	$ 5,142	$ 5,627	$ 8,950	$ 9,241	$ 14,092	$ 14,868

City of Oakwood – Outstanding Debt ($000)
(General obligation bonds, notes, revenues bonds and contractual obligations)

The City's total debt decreased by $775,930 (5%) during 2014. The decrease was due mostly to principal repayments.

Additional information on the City's long-term debt can be found in the Notes to the Financial Statements in Section C of this report.

Economic Factors and Next Year's Budgets and Rates

The City considered the current year results as well as other factors in preparing the City of Oakwood's Budget for the 2014 year. The 2014 budget is a balanced budget with current revenues covering current expenditures.

Requests for Information

This financial report is designed to provide a general overview of the City of Oakwood's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to: The Office of the City Clerk, City of Oakwood, P.O. Box 99, Oakwood, Georgia 30566.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

I. A. INTRODUCTION

The accounting and reporting framework and the more significant accounting principles and practices of The City of Oakwood, GA are discussed in subsequent sections of this Note. The remainders of the Notes are organized to provide explanations, including required disclosures, of the City's financial activities for the fiscal year ended December 31, 2014.

I. B. FINANCIAL REPORTING ENTITY - BASIS OF PRESENTATION

I. B. 1. COMPONENT UNITS

The City of Oakwood, GA operates under a council/manager form of government and provides the following services: Public Safety, Streets, Recreation, and General and Administrative services. The accompanying financial statements present the City's primary government and component units over which the City exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the City (as distinct from legal relationships). The City had no such component units as of December 31, 2014.

I. B. 2. RELATED ORGANIZATIONS

Related Organizations	Brief Description of Activities and Relationship to the City.
Housing Authority of the City of Oakwood (HACO)	Administer Federal funding and/or other financing for improvements of housing conditions in the City. The Governing Board is appointed by the City Council. The City has no significant influence over the management, budget, or policies of HACO. The Authority reports independently.

I. B. 3. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole excluding fiduciary funds and component units that are fiduciary in nature, such as employee pension plans. The primary government and component units are presented separately within the financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity.

Program revenues include: (1) charges for services which report fees, fines and forfeitures and other charges to user of the City's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements

Fund Financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns of non-major funds.

I. B. 4. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The financial statements of the City are prepared in accordance with generally accepted accounting principles (GAAP). The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The City's reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds).

Reimbursements are reported as reductions to expenses. Proprietary and fund financial statements and financial statements of City component units also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows Property tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met.

Pension trust funds recognize employer and participant contributions in the period in which contributions are due and the City has made a formal commitment to provide the contributions. Retirement benefits are recognized when due and payable in accordance with the terms of the plan. See Note VI.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for general obligation debt principal and interest which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual include: sales and use taxes, franchise taxes (fees), intergovernmental revenues, and investment income. In general, other revenues are recognized when cash is received. See Note III. A. 2. for related information.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed.

Allocation of Indirect Expenses

The City does not allocate indirect expenses primarily comprised of central governmental services to operating functions and programs benefiting from those services

I. B. 5. FUND TYPES AND MAJOR FUNDS

The City reports the following major governmental funds:

General Fund – Reports as the primary fund of the City. This fund is used to account for all financial resources not reported in other funds.

Hotel/Motel (Special Revenue) Tax Fund – Reports the financial resources and expenditures of the Hotel/Motel taxes.

Tax Allocation Fund (TAD) – Accounts for tax allocation funds from the City and County to be used for land acquisition and capital project in the TAD district.

SPLOST Fund (Capital Projects Fund) – Reports financial resources related to Special Purpose Local Option Sales Tax.

Proprietary Funds

Sewer Fund – reports resources related to the activities of the sewer system.

Other Fund Types

-NONE-

I. C. ASSETS, LIABILITIES, AND NET POSITION

I. C. 1. CASH AND INVESTMENTS

The City reporting entity considers highly liquid investments (including restricted assets) with an original maturity of three months or less when purchased to be cash equivalents.

Investments are reported at fair value which is determined using selected bases. Cash deposits are reported at carrying amount which reasonably estimates fair value.

I. C. 2. INVENTORIES AND PREPAIDS

Inventories are not recorded by the City. Purchases of supplies (maintenance, office, etc.) are charged to expense when increased.

Prepaids record payments to vendors that benefit future reporting periods and are reported on the consumption basis. Prepaids are similarly reported in government-wide and fund financial statements.

I. C. 3. CAPITAL ASSETS, DEPRECIATION, AND AMORTIZATION

The City's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. The City maintains infrastructure asset records consistent with all other capital assets except that infrastructure assets purchased prior to January 1, 2004 have not been recorded. Donated assets are stated at fair value on the date donated. The cost of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method and generally includes items with a cost of $ 500 or more. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts and the resulting gain or loss is recorded in operations.

Estimated useful lives, in years, for depreciable assets are as follows:

Buildings	30
Building Improvements	30
Improvements, other than building	12
Equipment / Computers	5-7
Furniture and fixtures	7
Vehicles	5-7
Infrastructure	20

I. C. 4. CAPITALIZED INTEREST

Interest costs are capitalized on debt where proceeds were used to finance the construction of assets. Interest earned on proceeds of tax-exempt borrowing arrangements restricted to the acquisition of qualifying assets is offset against interest costs in determining the amount to be capitalized.

I. C. 5. LONG-TERM DEBT, DEFERRED DEBT EXPENSE, AND BOND DISCOUNT/PREMIUMS

Long Term Debt outstanding consisted of the following:

-- Bond payable for $ 3,500,000 dated 12/16/07 to provide funding for Road projects. The bonds call for interest only payments semi-annually commencing 06/01/08 through 06/01/11. Principal and interest is then due in varying amounts from 12/01/11 through 12/01/20 at a rate of 4.41% per annum.

--Note payable to GEFA in the original amount of $ 8,439,410 (GEFA Note A). The note calls for 240 monthly payments of $ 51,945 at 4.18% per annum. The principal amount due at 12/31/14 was $ 7,342,970.

--Note payable to GEFA in the original amount of $ 2,477,470 (GEFA Note B). Once all funds have been drawn down, the note calls for 240 monthly payments of $ 15,249 at 4.18% per annum. As of 12/31/14 the City had drawn down $ 686,802, plus accrued construction interest of $ 920,212 was added to the principal making a total of $ 1,607,014.

--Note payable for $655,454 to purchase a four (4) acre tract of land. The outstanding principal balance if this Note shall bear interest at the fixed rate of four and one-half (4.5%) percent per annum.

Interest payments only shall be payable monthly beginning January 20, 2013 and continuing on the 20th day of each month thereafter until December 20, 2015. After which, principal and interest payments shall begin on January 20, 2016, amortized over 240 months. The interest rate shall adjust every thirty-six (36) months beginning on January 20, 2016. The adjusted interest rate shall be at "Prime" plus one and one-quarter (1.25%) fixed. Principal and interest payments shall be recalculated based on the new interest rate and payable on the 20th day of each month. One final payment of all principal and interest shall be due on December 20, 2035, which date is the maturity date and at which time all the outstanding principal and all other then outstanding indebtedness under this Note shall be payable in full.

--Note payable for $1,480,000 to purchase seventeen and a half (17.5) acres of land. The "Maturity Date" of the Note, is July 1, 2025. Thereafter on July 1, 2015, Borrower promises to pay to the order of Lender the sum balance of $ 1,480,000.00 with interest from said date at the initial rate of five percent on said principal sum, said payments of principal and interest to be paid as follows: Initial monthly payments of $ 15,697.70 beginning August 1, 2015 over a ten year period with a final payment on July 1, 2015.

On the July 1, 2018, the interest rate herein shall adjust from five percent to the current prime rate (with said prime rate being the "prime rate" as published by the Wall Street Journal) for years four through six hereof (with a cap of a maximum increase of one percent for years four through six) and the monthly payments shall be adjusted accordingly. On the July 1, 2021, the interest rate herein shall adjust from the rate for years four through six as set heretofore to the current prime rate (with said prime rate being the "prime rate" as published by the Wall Street Journal) for years seven through ten hereof (with a cap of a maximum increase of one percent over the years four through six rate) and the monthly payments shall be adjusted accordingly. At no time during the term of this promissory note shall the interest rate drop below five percent.

--A note for $ 1,050,100 to purchase twenty eight (28) acres for future development. The $ 1,050,100 note calls for quarterly payments of $ 58,191.62 beginning 10/01/10 and continuing until paid in full on or before 07/01/15. The note carries an interest rate of 4.0% per annum.

--The City also obtained a tax anticipation note on August 1, 2014 in the amount of $ 200,000 bearing an annual rate of 3.95%. This note was paid off by December 31, 2014.

I. C. 6. FUND EQUITY

The governmental fund financial statements report fund balance for amounts not available for appropriation or legally restricted for specified purposes.

Fund Balance Classification Policies and Procedures

For the classification of fund balances: (1) the City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and (2) committed amounts are considered to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

I. D. REVENUES, EXPENDITURES, AND EXPENSES

I. D. 1. LEASE REVENUE

The City did not lease any of its facilities.

I. D. 2. COMPENSATED ABSENCES

Full-time employees are granted vacation benefits in varying amounts to specified maximums depending on tenure with the City. Sick leave accrues to full-time employees to specified maximums. Generally, employees are entitled to a percentage of their sick leave balance and all accrued vacation leave upon termination. The City did not record a liability for accumulated vacation at December 31, 2014.

I. D. 3. HOTEL/MOTEL TAX

During the current year, the City collected a total of $ 96,838 in hotel/motel excise tax. As required by O.C.G.A. 48-1-54, these finds were used to promote tourism in the area, by funding the Lake Lanier Convention and Visitors Bureau. Funds expended for the current year was $ 40,461 or 42% of receipts.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

II. A. DEFICIT FUND NET POSITION

Primary Government

-NONE-

II. B. BUDGETARY INFORMATION

II. B. 1. BUDGET POLICY AND PRACTICE

Each year, Management prepares a proposed budget for consideration by the City Council. Prior to the beginning of the new fiscal year, the City holds budget hearings seeking comments and fielding questions from its citizens. After consideration of all comments and a review of the proposed budget, the City Council either approves the original proposed budget or a revised budget, after making appropriate changes.

II. B. 2. BASIS OF BUDGETING

The budget is prepared on a detailed line item basis. Revenues are budgeted by source. Expenditures are budgeted by department and class as follows: personal services, other services and charges, supplies, capital outlay, transfers, debt service. This constitutes the legal level of control.

Expenditures may not exceed appropriations at this level. All budget revisions at this level are subject to final review by the City Council. Within these control levels, management may transfer appropriations without Council approval. Revisions were made to the original budget.

The City adopted budgets for the general, Hotel/Motel Tax and SPLOST funds on a basis which approximates generally accepted accounting principles (GAAP) as applied to local governments.

II. B. 3. MATERIAL VIOLATIONS OF FINANCE-RELATED LEGAL PROVISIONS

The City did not exceed its expenditure budget in any department.

III. DETAILED NOTES ON FUNDS AND COMPONENT UNITS

III. A. ASSETS

III. A. 1. DEPOSITS AND INVESTMENTS (*in thousands)*

Deposits

It is the City's policy for deposits to be 110 percent secured by collateral valued at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance. The City's deposits are categorized to give an indication of the level of risk assumed by the City at fiscal year-end.

The categories are described as follows:

Category 1 – Insured or collateralized with securities held by the City or by its agent in the City's name.

Category 2 – Collateralized with securities held by the pledging financial institution's trust department or agent in the City's name.

Category 3 – Uncollateralized.

Deposits, categorized by level of risk, are:

	Category			Bank	Carrying
	1	2	3	Balance	Amount
Primary Government					
Governmental Activities					
General Fund	618,915	-0-	-0-	618,915	617,521
SPLOST Fund	43,719	-0-	-0-	43,719	43,719
TAD Fund	125,465	-0-	-0-	125,465	125,465
Business-Type Activities					
Sewer Fund	181,251	-0-	-0-	181,251	181,251

Investments

Generally, the City's investing activities are managed under the custody of the City Manager. Investing is performed in accordance with investment policies complying with state statutes and the City Charter. City funds may be invested in: (1) direct obligations of the United States government, its agencies or instrumentalities to the payment of which the full faith and credit of the government of the United States is pledged, or obligations to the payment of which the full faith and credit of the State of Georgia is pledged; (2) obligations of the Government National Mortgage Association, Federal National Mortgage Association, or Federal home Loan Mortgage Corporation, or any Federal farm credit bank, Federal land bank or Federal home loan bank notes or bonds; (3) collateralized or insured certificates of deposit and other evidences of deposits at banks, savings banks, savings and loan associations and credit unions located in the City when secured by appropriate collateral; (4) repurchase agreements that have underlying collateral of direct obligations or obligations of the United States government, its agencies and instrumentalities, (5) money market funds regulated by the Securities and Exchange Commission and which investments consist of the authorized (domestic securities) and restrictions as specified in state law; (6) State and Local Government Series (SLGS); and (7) City direct debt obligations for which an ad valorem tax may be levied or bonds issued by a public trust of which the City is a beneficiary and judgments rendered against the City by a court of record, provided it is a prudent investment.

The City had no investments at December 31, 2014.

III. A. 2. RECEIVABLES, UNCOLLECTIBLE ACCOUNTS, AND DEFERRED REVENUE

Enterprise Receivables, Uncollectible Accounts, and Deferred Revenue

-NONE-

Property Taxes Receivables, Deferred Revenue, and Property Tax Calendar

Property taxes attach as an enforceable lien on property at the City council's direction. Taxes are generally levied on December 1st of each year, and are due and payable by February 1st. All unpaid taxes become delinquent and subject to lien on February 1st. The City bills and collects its own property taxes. City property tax revenues are recognized when levied. An allowance is established for delinquent taxes to the extent that their collectibility is improbable.

III. A. 3. RESTRICTED ASSETS

There are currently no restricted assets.

(Continued on next page)

III. B. 3. RISK MANAGEMENT – CLAIMS AND JUDGMENTS

The City is exposed to various risks of losses related to torts, thefts, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

All significant programs are covered by commercial insurance and no significant changes have occurred in coverage during the past three years. During the year ended December 31, 2014, the City paid 0 claims. The City is not aware of any claims which the City is liable for which were outstanding and unpaid at December 31, 2014. No provisions have been made in the financial statements for the year ended December 31, 2014 for any estimate of potential unpaid claims.

Pursuant to Title 34, Chapter 9, Article 5 of the Official Code of Georgia Annotated, the City of Oakwood became a member of the Georgia Municipal Association of Workers' Compensation Self Insurance Fund. The liability of the fund to the employees of any employer is specifically limited to such obligations as are imposed by applicable state laws against the employer for workers' compensation and/or employer's liability.

The Fund is to defend, in the name of and on behalf of the members, any suits or other proceedings which may at any time be instituted against them on account of injuries or death within the preview of the Workers' Compensation Law of Georgia, or on the basis of employer's liability, including suits or other proceedings alleging such injuries and demanding compensation therefore, although such suits, other proceedings, allegations or demands be wholly groundless, false or fraudulent. The Fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses

incurred for investigation, negotiation or defense. The City is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool agents and attorneys, to follow loss reduction procedures established by the fund and to report promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The City joined the Georgia Interlocal Risk Management Agency which allows the City to share liability, crime, motor vehicle and property damage risks.

Chapter 85 Title 36 of the Official Code of Georgia Annotated authorities Georgia municipalities to form interlocal risk management agencies. The Georgia Interlocal Risk Management Agency (GIRMA) is a municipal interlocal risk management agency to function as an unincorporated nonprofit instrumentality of its member municipalities – GIRMA establishes and administers one or more group self insurance funds and a risk management service to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of municipal government. GIRMA is to defend and protect in accordance with the member government contract and related coverage descriptions any member of GIRMA against liability or loss.

The City must participate at all times in at least one fund which is established by GIRMA. Other responsibilities of the City are as follows:

--To pay all contributions, assessments or other sums due to GIRMA at such times and in such times and in such amounts as shall be established by GIRMA.

--To select a person to serve as a member representative.

--To allow GIRMA and its agent's reasonable access to all facilities of the City and all records, including but not limited to financial records, which relate to the purposes of GIRMA.

--To allow attorneys appointed by GIRMA to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the Fund or Funds established by GIRMA.

--To assist and cooperate in the defense and settlement of claims against the City.

--To furnish full cooperation and GIRMA's attorneys. claims adjusters, Service Company, and any agent, employee officer or independent contractor of GIRMA relating to the purposes of GIRMA.

--To follow all loss reduction and prevention procedures established by GIRMA.

--To furnish to GIRMA such budget, operating and underwriting information as may be requested.

--To report as promptly as possible, and in accordance with any Coverage Description issued, all incidents which could result in GIRMA or any Fund established by GIRMA being required to pay a claim for loss or injuries to municipal property or injuries to persons or property when such loss or injury is within the scope of the protection of a Fund or Funds in which the City participates.

--The City retains the first $1,000 of each risk of loss in the form of a deductible. The City files all claims with GIRMA. GIRMA bills the City for any risk of loss up to the $1,000 deductible.

--The basis for estimating the liabilities for unpaid claim is "IBNR" established by an actuary.

--During the year ended December 31, 2014, the City paid 0 claims. The City has not compiled a record of the claims paid up to the $ 1,000 deductible for the prior years. The City is not aware of any claims which the City is liable for (up to the $ 1,000) which were outstanding and unpaid at December 31, 2014. No provisions have been made in the financial statements for the year ended December 31, 2014 for any estimate of potential unpaid claims.

III. C. BALANCES AND TRANSFERS/PAYMENTS WITHIN THE REPORTING ENTITY

III. C. 1. RECEIVABLES AND PAYABLES

The following inter fund receivables and payables were recorded at 12/31/14:

	Due to Sewer	Due to TAD	Due from General
General Fund	$ 334,732	$ 74,857	
Sewer Fund			$ 334,732
TAD Fund			74,857

All Interfund Receivables and Payables are generally satisfied in the following year.

III. C. 2. TRANSFERS AND PAYMENTS

Transfers and payments within the reporting entity are substantially for the purposes of subsidizing operating functions, funding capital projects and asset acquisitions, or maintaining debt service on a routine basis.

	Transfer from Hotel/Motel Tax Fund	Transfer to TAD	Transfer from Sewer Fund	Transfer from SPLOST
Transfer to General Fund	$ 96,838	$ 9,867	$ -0-	$ 330,000
Transfer from General Fund		14,766		

IV. SEGMENT INFORMATION

-NONE-

V. JOINTLY GOVERNED ORGANIZATION AND JOINT VENTURE

V.A. JOINTLY GOVERNED ORGANIZATION

-NONE-

V. B. JOINT VENTURE

Under Georgia law, the City, in conjunction with other cities and counties in the area, is a member of the Georgia Mountains Regional Commission (RC) and is required to pay annual dues thereto. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organization structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from:

Georgia Mountains Regional Commission
P.O. Box 1720
Gainesville, Georgia 30503

VI. RETIREMENT PLANS

VI. A. PLAN DESCRIPTION

The City contributes to the Georgia Municipal Employees Benefit System (GMEBS) Retirement Plan ("Plan"), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating cities in Georgia. The Plan which is a defined benefit pension plan is established under authority provided by O. C. GA. 47-5-1, and may be amended from time to time by the City and subsequent amendments of the Code provisions. The City's total payroll for employees was $ 1,069,256 with $ 1,002,251 being the amount of covered payroll for purposes of this plan.

All full-time City employees are eligible to participate in the Plan after six months of service. Benefits vest after five years of service. Participants become eligible to retire at age 65 after 5 years of service at early retirement age 55 after 10 years of service, or after meeting the criteria of the Rule of 75 (age + years of service = 75). Upon eligibility to retire, participants are entitled to an annual benefit in the amount of 1.25% of average annual compensation for each year of service payable as a life annuity. Compensation is averaged over a five year period prior to retirement or termination.

City employees are not required to contribute to the Plan. The City contributes the entire cost of the Plan, using the actuarial basis described in the annual valuation report.

VI. B. STATE FUNDING STANDARDS

The Plan is subject to minimum funding standards of the Public Retirement Systems Standards Law (Georgia Code Section 47-20-10). The estimated minimum annual contribution under these standards is $ 242,237. The GMEBS Board of Trustees has adopted an actuarial funding policy which requires a different funding level than the estimated minimum annual contribution amounts and to accumulate sufficient funds to secure benefits under the plan. If the employer contributes the recommended contribution developed under the actuarial funding policy each year, the Plan will meet applicable funding standards. During the current year, the City made contributions in the amount of $ 334,467 which is 31.3 % of covered payroll. The City does not measure annual pension costs on the accrual basis. Annual pension cost is considered to be equal to the City's actual contributions $ 334,467.

VI. C. SUMMARY OF PLAN ASSET MATTERS AND ACCOUNTING POLICIES

The Plan's financial statements are prepared on a cash basis, modified to include unrealized gains or losses on marketable securities owned by the Plan and increments in the cash value of death benefits.

Plan assets do not include any loans, notes, bonds or other instruments or securities of the City or related parties. The Plan issues a stand alone financial report that can be obtained from the Georgia Municipal Association.

VI. D. SIGNIFICANT ACTUARIAL ASSUMPTIONS

The significant actuarial assumptions used to compute the actuarial accrued liability and the annual recommendation contribution of the plan meet the Actuarial Standard of Practice No. 4, Measuring Pension Obligations, establishing generally accepted actuarial principles and practices.

The significant actuarial assumptions used in the current valuation are:

- rate of return on investment	7.75% per year
- projected salary increases:	
-- social security wage base	3.5% per year
-- inflation	0.0% per year
-- postretirement benefits increases	Not Applicable

VI. E. FUNDING POLICY AND ANNUAL CONTRIBUTIONS

The funding policy for the plan is to contribute an amount equal to the recommended contribution in each year. The recommended contribution meets the guidelines for calculating an annual required contribution set forth in Paragraphs 9-10 of statement No. 27 of the Government Accounting Standards Board. These contributions are determined under the projected unit credit actuarial cost method and the asset valuation method for developing the actuarial value of assets. The period, and related method, for amortizing the initial unfunded actuarial accrued liability is 30 years from 1992 and current charges in the unfunded actuarial liability over 15 years for actuarial gains and losses, 20 years for plan provisions and 30 years for actuarial assumptions and cost methods as a level dollar amount. These amortization periods if applicable, are open for this plan year.

VI. F. EFFECT OF PLAN CHANGES ON RECOMMENDED CONTRIBUTIONS

The effect on the recommended contributions of any current – year changes in actuarial assumptions, benefit provisions or actuarial funding method is:

The plan provisions valued and the actuarial assumptions are the same as those used to determine the contribution requirement for the preceding year.

VI. G. EFFECT OF PLAN CHANGES ON THE ACTUARIAL ACCRUED LIABILITY

The effect on the actuarial accrued liability of any current – year changes in actuarial assumptions or benefits provisions is:

The plan provisions valued and the actuarial assumptions are the same as those used in the preceding valuation.

VI. H. CURRENT PLAN MEMBERSHIP

As of July 1, 2014, the current plan membership includes the following categories of participants:

- -retirees and beneficiaries currently receiving benefits	5
-- terminated employees entitled to benefits but not yet receiving them	14
-- current active employees	
- vested	20
- nonvested	9
-- total membership in the plan	48

VI. I. FUNDED STATUS

The table below sets forth required supplementary information to be disclosed in the plan's financial statements, The items presented are based on the July 1, 2014, 2013, and 2012 actuarial valuation (unless noted otherwise).

	2014	2013	2012
-- actuarial value of plan assets	$ 1,967,714	$ 1,688,428	$1,492,535
--actuarial accrued liability	3,548,939	3,263,807	2,949,873
-- percentage funded	55.5%	51.7%	59.6%
-- unfunded actuarial liability (funding excess)	1,581,225	1,575,379	1,457,338
-- annual covered payroll	1,002,251	855,047	913,700
-- unfunded (excess) as a percentage of covered payroll	157.8%	184.0%	159.5%
--employer contributions as a percentage of covered payroll	33.4%	37.0%	26.5%
-- annual pension cost	334,467	312,468	241,926
-- percentage of annual pension cost contributed	100%	100%	100%
-- Net pension obligation – end of year	-0-	-0-	-0-

VI. J. UNFUNDED ACTUARIAL ACCRUED LIABILITY

The following represents the changes in unfunded actuarial accrued liability for the most recent plan year ending July 1, 2014.

Unfunded Actuarial Accrued Liability Beginning of Year	$ 1,575,379
Change due to contribution policy:	
Normal cost due	119,306
Interest	119,017
Contributions	(317,968)
Expected Unfunded Actuarial Accrued Liability	1,495,734
Change due to actuarial (gain) or loss	85,491
Change in plan provisions	-0-
Change in actuarial assumptions	-0-
Change in actuarial cost methods	-0-
Unfunded actuarial accrued liability End of year	$1,581,225

VI. K. ACTUARIAL METHODS

Normal Cost and Actuarial
Accrued Liability - Projected Unit Credit

Actuarial Value of Assets- Calculate expected actuarial value of assets by rolling forward prior year's actuarial value with contributions, disbursements, and expected return on investments. Preliminary actuarial value of assets is expected actuarial value of assets.

In addition, the actuarial value of assets will not be less than 60 % or greater than 140 % of the market value of assets. This 40 % corridor will be reduced by 5 % each year until 2007, after which time the actuarial value of assets will not be less than 80 % or greater than 120 % of the market value of assets.

VII. RELATED PARTY TRANSACTIONS

The City was not involved in any related party transaction during the fiscal year December 31, 2014.

VIII. CONTINGENCIES

VIII. A. LITIGATION

See Note III.B.3 for the treatment of claims incurred but not reported and other tort liability information.

VIII. B. FEDERAL AND STATE GRANTS

In the normal course of operations, the City receives grant fund from various federal and state agencies. The grant programs are subject to audit by agents of the granting authorities the purpose of which is to ensure compliance with conditions precedent to the granting funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

INDEPENDENT AUDITOR'S REPORT

To the City Council
City of Oakwood, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of City of Oakwood, Georgia, (City) as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 12, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

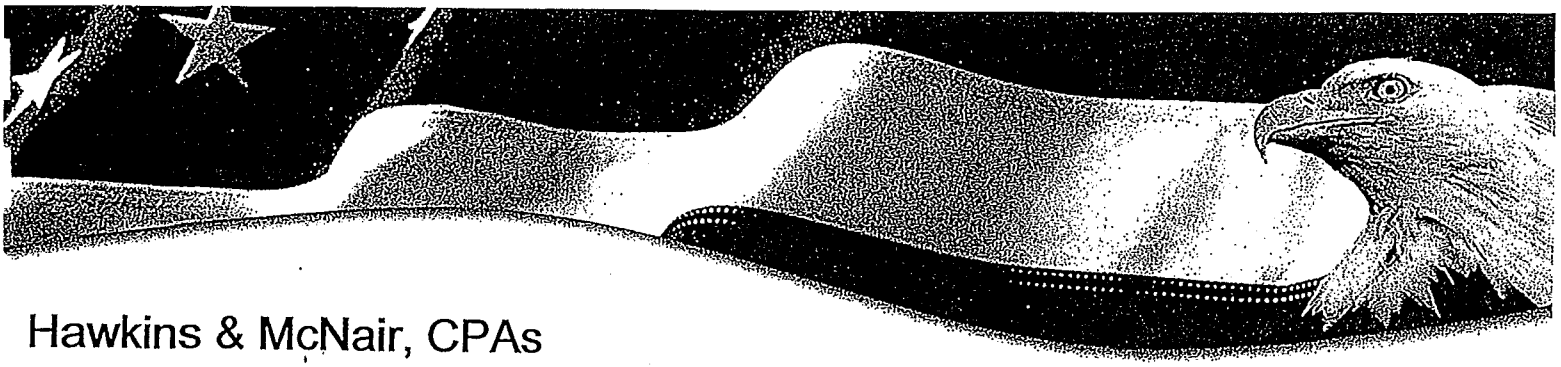

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council
City of Oakwood, Georgia

We have audited the accompanying Schedule of Special Purpose Local Option Sales Tax for the City of Oakwood, Georgia, for the year ended December 31, 2014. This schedule is the responsibility of the City of Oakwood, Georgia's management. Our responsibility is to express an opinion on the Schedule of Special Purpose Local Option Sales Tax based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Special Purpose Local Option Sales Tax is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Schedule of Special Purpose Local Option Sales Tax. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Schedule of Special Purpose Local Option Sales Tax. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Schedule of Special Purpose Local Option Sales Tax was prepared for the purpose of complying with the Official Code of Georgia Annotated, 48-8-121 on the modified accrual basis of accounting as described in Note I.B.5 and is not intended to be a complete presentation of the City of Oakwood, Georgia's revenues and expenditures.

In our opinion, the Schedule of Special Purpose Local Option Sales Tax referred to above presents fairly, in all material respects, the original estimated cost, the current estimated cost, and the current and prior year expenditures for each project in City of Oakwood, Georgia's resolution or ordinance calling for the tax for the year ended December 31, 2014, in conformity with accounting principles generally accepted in the United States of America.
