INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and City Council
City of Summerville, Georgia

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of City of Summerville, Georgia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund information of City of Summerville, Georgia as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Confiscated Drug, ARPA Fund and the Hotel/Motel Special Revenue Funds, the 2014 SPLOST and 2020 SPLOST Capital Projects Funds and for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of City of Summerville, Georgia, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Summerville, Georgia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City of Chatsworth, Georgia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Summerville, Georgia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in Net Pension Liability and Related Ratios , Schedule of Required Contributions and Schedule of Changes in Net OPEB Liability, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise City of Summerville, Georgia's basic financial statements. The combining and individual fund nonmajor fund financial statements, and the schedules of special purpose local option sales tax expenditures, as required by the Official Code of Georgia 48-8-121, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of the other auditors, the combining and individual non-major fund financial statements and the schedules of special purpose local option sales expenditures are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2022 on our consideration of the City of Summerville, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Summerville, Georgia's internal control over financial reporting and compliance.

CITY OF SUMMERVILLE, GEORGIA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO STATEMENT OF NET POSITION
June 30, 2022

Total Governmental Fund Balances		$ 2,952,029
Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because:		
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds balance sheet.		5,169,425
A portion of pension plan contributions are for future use and are considered deferred outflows of resources.		261,170
Differences between expected and actual returns on pension and OPEB plan investments are not recognized at the fund level, yet are presented as a deferred inflow of resources in the Statement of Net Position		(1,036,235)
Long term liabilities are not due and payable in the current period and, therefore, they are not reported in the governmental funds balance sheet.		
Due within one year	$ (25,349)	
Due after one year	(243,491)	
Net pension asset	304,818	
Net OPEB liability	(245,362)	
		(209,384)
Net Position of Governmental Activities		$ 7,137,005

See accompanying notes to basic financial statements.

CITY OF SUMMERVILLE, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2022

Net Changes in Fund Balances - Total Governmental Funds		$ 374,941
Amounts reported for Governmental Activities in the Statement of Activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the Government-Wide Statement of Activities and Changes in Net Position, the cost of those assets is allocated over their useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period:		
Capital outlay expenditures recorded in the governmental funds	$ 89,793	
Depreciation expense recorded in the Statement of Activities	(367,441)	
		(277,648)
Repayment of capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		29,504
Governmental funds report monthly pension plan premiums as current period expenditures, while governmental activities recorded a portion of those payments as a deferred outflow of resources.		(39,238)
Changes in the value of the pension and OPEB plan are not reflected in the governmental funds. However, they are accounted for in the governmental activities.		(940,630)
Governmental funds do not report changes in long-term liabilities, while governmental activities report such liabilities and the changes in them:		
Compensated absences	9,675	
Net pension liability	1,200,307	
Net OPEB liability	82,766	
		1,292,748
Changes In Net Position of Governmental Activities		$ 439,677

See accompanying notes to basic financial statements.

1. Summary of Significant Accounting Policies

The City of Summerville was incorporated January 1, 1891 and operates under a Council-Manager form of government. The City provides the following services: Animal Control, Culture and Recreation, Public Works (which includes streets and sanitation), Public Utilities (gas and water), Public Safety (police and fire), and General and Administrative Services.

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to the governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Reporting Entity

The financial statements of the reporting entity include those of the City (the primary government) and its component units. In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. As required by generally accepted accounting principles, certain potential component units are considered for inclusion in the reporting entity because of the significance of their operational or financial relationships with the City. At June 30, 2022, the City of Summerville had no component units.

Related Organization

The City Council is responsible for appointing all board members of the Summerville Housing Authority. However, the City has no further accountability for the Authority, nor does it have any financial interest or control over the Authority. At year-end, there were no receivables or payables between the City and this organization. Financial statements are available at the Housing Authority's office.

B. Government-wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements, each of which present different views of the City. The government-wide and fund financial statements categorize primary activities as either governmental or business type. Fiduciary funds are not included in the government-wide statements.

The government-wide financial statements (the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the City. The effects of interfund activity, within the governmental and business-type activities columns, have been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, permits and fines, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

In the government-wide statement of net assets, governmental and business type activities are presented on a consolidated basis and reflect full accrual, economic resources basis, which includes long-term assets and receivables as well as long-term debt and obligations.

1. Summary of Significant Accounting Policies - continued

B. Government-wide and Fund Financial Statements - continued

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Indirect expenses are allocated to functions on a usage basis. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund financial statements emphasize major funds in either the governmental or business-type category. Non-major governmental funds (if any) are reported as a separate column in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The City segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance.

The government-wide statements and fund financial statements for proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in net total position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e. when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when the government receives the cash. In applying the susceptible to accrual concept, non-exchange transactions are recognized in accordance with GASB Statement 33.

1. Summary of Significant Accounting Policies - continued

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation - continued

The City has presented the following major governmental funds:

General Fund – The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

2014 SPLOST Capital Projects Fund – The 2014 SPLOST Capital Projects Fund accounts for the receipt and disbursements of Special Local Option Sales Tax assessments that are to be used to finance the acquisition and/or construction of capital assets.

2020 SPLOST Capital Projects Fund - The 2020 SPLOST Capital Projects Fund accounts for the receipt and disbursements of Special Local Option Sales Tax assessments that are to be used to finance the acquisition and/or construction of capital assets.

American Rescue Plan Fund – The American Rescue Plan Fund accounts for the City's American Rescue Plan Act (ARPA) Local Fiscal Recovery Funds.

Confiscated Drug Fund – The Confiscated Drug Fund accounts for law enforcement confiscations of cash and property seized in the case of illegal narcotics-related arrests.

Hotel/Motel Tax Fund – The Hotel/Motel tax fund accounts for the receipt of taxes collected to promote tourism.

The City has presented the following major proprietary funds:

Water and Sewer Fund – The Water and Sewer Fund accounts for those operations of the City which involve water distribution, sewage pumping stations, collection systems, and the sewage treatment plant. Fees are charged to external users for goods or services, and the activity is intended to be self-supporting.

Gas Fund – The Gas Fund accounts for those operations of the City that involve natural gas distribution, to include gas line maintenance and additions, meter maintenance and additions/replacement. Fees are charged to external users for goods or services and the activity is intended to be self-supporting.

Both the water/sewer and gas funds are reported as major funds. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water/sewer and gas enterprise funds are charges to customers for sales and services. Both funds also recognize as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-

1. Summary of Significant Accounting Policies - continued

sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation - continued

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and unrestricted as needed.

D. Budgets

Budgets are adopted on a basis consistent with generally accepted accounting principles. An annual appropriated budget is adopted for the general fund. Annual appropriations lapse at fiscal year-end.

Encumbrance or commitments related to the unperformed contract for goods or services (if any) were for immaterial amounts and therefore are not reported as reservations of fund balances.

E. Cash and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with a maturity date within three months of the date acquired by the City, and must be by law insured or collateralized, and investments, if any, are limited by law and bond ordinances, to federal and state securities and stated at fair value.

F. Short-term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. The balances, which represent receivables and payables between governmental and business-type activities, are reported as internal balances. As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are administrative charges between the general fund and the water/sewer and gas funds. Elimination of these charges would distort the direct costs and revenues reported for the two funds.

G. Restricted Cash

Demand and time deposits set aside for repayment of water and sewer revenue bonds are classified as restricted on the balance sheet because their use is limited by applicable bond covenants.

1. Summary of Significant Accounting Policies - continued

H. Prepaid Items

Prepaid balances are for payments made by the City in the current year to provide services occurring in the subsequent fiscal year, and the reserve for prepaid items has been recorded to signify that a portion of fund balance is not available for the other subsequent expenditures.

I. Capital Assets

Capital assets that cost more than $5,000 with an estimated useful life of more than one year are capitalized and depreciated. Capital assets, which include property, plant, vehicles, equipment, and infrastructure (streets, bridges, curbs and gutters, sidewalks, drainage and lighting systems) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds.

All purchased capital assets are valued at cost or estimated historical cost if actual historical is not available. Donated assets are valued at their estimated fair value on the date donated. Depreciation is computed on the straight-line basis over the estimated useful life of the asset.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Interest is capitalized on proprietary fund assets acquired with debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

J. Compensated Absences

Vested or accumulated vacation leave and sick leave is recorded as an expense and a liability when incurred in the proprietary fund financial statements and as a liability in the governmental funds only in the government-wide financial statements.

K. Long-term Obligations

Long-term debt and other obligations are reported as a liability in the government-wide financial statements and the proprietary fund financial statements.

L. Bond Discounts

Bond discounts are deferred and amortized over the term of the bonds using the bonds-outstanding method which approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of the bonds payable.

M. Fund Equity

At the governmental fund financial reporting level, fund equity is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

1. Summary of Significant Accounting Policies - continued

M. Fund Equity – continued

Fund Balance – represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund balance classifications based on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- Nonspendable - fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (for example, items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- Restricted - fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- Committed - fund balances are reported as committed when they can only be used for specific purposes pursuant to constraints imposed by formal action of the City Council through the adoption of a resolution. Only the council may modify or rescind the commitment.
- Assigned - fund balances are reported as assigned when amounts are constrained by the City's intent to be sued for specific purposes, but do not meet the criteria to be classified as restricted or committed. Intent would be expressed by the City Council itself or the Council would delegate the authority to assign fund balance to management.
- Unassigned - fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criteria. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balance may be reported in all funds.

When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted fund balance, it is the City's policy to use fund balance in the following order: committed, assigned and unassigned.

Net Position - represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets net of accumulated depreciation, reduced by the outstanding balances of any borrowing use for the acquisition construction or improvements of those assets and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on the use either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remaining balance of net position is reported as unrestricted.

N. Deferred Outflows/Inflows of Resources –

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then. The City of Summerville has only one type of item that qualifies for reporting in the category: deferred expense related to pensions reported in the government-wide and proprietary funds statement of net position.

1. Summary of Significant Accounting Policies - continued

N. Deferred Outflows/Inflows of Resources – continued

In addition to liabilities, the Statement of Financial Position will sometimes report a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City of Summerville has only one type of item which qualifies for reporting in this category: deferred expense related to pensions and post employment benefits reported in the government-wide and proprietary funds statement of net position.

O. Inventory

Inventory is valued at lower of cost (first-in, first-out) or market. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. The Street, Water/Sewer Fund, and Gas Fund inventories are valued at lower of cost or market using the first-in, first-out method.

P. Property Taxes

The City is responsible for assessing, collecting, and distributing property taxes in accordance with enabling state legislation. Property taxes become a lien on the first day of the levy year.

The City did not levy a property tax for the fiscal year ended June 30, 2022.

2. Legal Compliance – Budgets

Georgia law requires an annual balanced budget for the general fund and a project length budget for each capital project fund. All departments of the City submit requests for appropriation to the City Clerk so that a budget may be prepared. The budget is prepared by fund, function and department), and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

No later than 45 days prior to the beginning of the fiscal year, the proposed budget is presented to the Mayor and Council for review. The Council holds public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget. Department heads may make transfers of appropriations within a department. The legal level of budgetary control is at the department level. Transfers of appropriations between departments must be approved by an affirmative vote of a majority of the Council, except for emergencies as defined by the charter and unanimously voted by the Council.

3. Deposits and Investments

Cash includes amounts in demand and time deposits that must be by law insured or collateralized, and investments, if any, are limited by law and bond ordinances, to federal and state securities. As of June 30, 2022, all of the City's deposits were insured or collateralized.

The City has no other investments other than cash.

4. Receivables

As of June 30, 2022, receivables for the City's individual major funds and non-major funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	Governmental Activities	Business-type Activities	Total
Receivables:			
Accounts	$ 137,449	$ 1,947,217	$ 2,084,666
Less: Allowance for Uncollectibles	(69,853)	(860,264)	(930,117)
Net Total Receivables	$ 67,596	$ 1,086,953	$ 1,154,549

5. Interfund Receivables, Payables, and Transfers

Due to/from other Funds

Outstanding balances between funds reported as "due to/from other funds" include outstanding charges by one fund to another for services, short-term non-operating subsidies and other miscellaneous transactions between funds. This activity is similar to lending/borrowing arrangements and outstanding balances at year-end are presented as "due to/from other funds". Balances between governmental or proprietary funds are netted when presented in the government-wide statements and reported as "internal balances". As of June 30, 2022, interfund receivables and payables that resulted from various interfund transactions were as follows:

Receivable Fund	Payable Fund	Amount
Gas Fund	General Fund	$ 626,848
General Fund	Water and Sewer	898,504

Transfers and Payments

Routine transfers and payments between funds are to subsidize operations and capital acquisitions. The ARPA fund reimbursed for grant expenditures paid by the general fund. Interfund transfers for the year ending June 30, 2022 are as follows:

Source Fund	Transfer to Fund	Amount
Gas Fund	General Fund	$ 1,873,859
Water Fund	General Fund	200,000
ARPA Fund	General Fund	25,430

6. Capital Assets

Governmental Activities:

	Balance July 1, 2021	Additions	Retirements	Balance June 30, 2022

Total Capital Assets being Depreciated, Net	19,308,584	(183,955)	-	19,124,629
Total Business-type Activities Capital Assets, Net	$ 20,785,836	$ 103,655	$ -	$ 20,889,491

6. Capital Assets - continued

Depreciation for the year by functions was as follows:

General Government	$ 34,132	
Public Safety	52,967	
Fire	19,628	
Streets	84,650	
Recreation	174,397	
Animal Control	1,667	
Total Government Activities		$ 367,441
Water/Sewer		647,194
Gas		52,601
Total Business Activities		699,795
Total Depreciation		$ 1,067,236

The following estimated useful lives are used to compute depreciation (straight-line method):

Buildings	20-50 years
Equipment	3-10 years
Infrastructure	50 years
Park Improvements	5-40 years
System	20-75 years

7. Long Term Debt

The following is a summary of the City's long-term debt activity for the year ended June 30, 2022:

	Balance June 30, 2021	Increase	Decrease	Balance June 30, 2022	Due Within One Year
Governmental Activities:					
Capital Leases	$ 81,015	$ -	$ 29,502	$ 51,513	$ 25,349
Compensated Absences	227,002	81,219	90,894	217,327	-
Total Governmental Activities	$ 308,017	$ 81,219	$ 120,396	$ 268,840	$ 25,349
Business-Type Activities:					
Capital Leases	$ -	$ -	$ -	$ -	$ -
Loans Payable	3,320,118	276,982	247,927	3,349,173	254,915
Revenue Bonds	3,661,579	-	761,673	2,899,906	787,587
Compensated Absences	97,452	49,834	43,281	104,005	-
Total Business-Type Activities	$ 7,079,149	$ 326,816	$ 1,052,881	$ 6,353,084	$ 1,042,502

7. Long Term Debt - continued

Advance Refundings

In 2005 the City issued $9,695,000 of Combined Public Utility Revenue and Refunding Bonds ("2005 Bonds") for the advance refunding of the City's 2002 Combined Public Utility Revenue and Refunding Bonds ("2002 Bonds") and for related capital improvements to the City's water system. As a result of this issuance, $7,749,047 was used to purchase United States Government State and Local Government Series securities that were placed into an escrow account for the purpose of generating resources for payment of principal, interest, and redemption premium on the 2002 Bonds beginning in fiscal year 2013 and continuing through maturity in fiscal year 2026. The portion of the 2002 Bonds being refunded is considered defeased and has been removed from the government-wide Statement of Net Position and the proprietary fund Balance Sheet. As of June 30, 2022, $6,920,000 was considered defeased.

Revenue Bonds

On May 17, 2017, the City issued City of Summerville Junior Lien Combined Public Facility Revenue Bond, Series 2015. The principal face amount is $651,543, with monthly payments of $3,740 including interest at 3.375% with the first payment due June 2017. This bond was issued for the purpose of refinancing a lease for the gas meter swap project. This bond is secured by the revenues derived from operations of the utility system.

Loans Payable

GEFA Loan - $1,481,839: With total approved loan amount of $1,489,839, and fully drawn down as of June 30, 2009; due in monthly installments of $9,089, bearing interest at 4.14%, with a maturity date of May 1, 2029.
GEFA Loan - $201,600: With total approved loan amount of $201,600 and $172,800 drawn down. This loan entered repayment phase as of April 1, 2011; due in monthly installments of $958, bearing interest at 3.00%, with a maturity date of April 1, 2031.
GEFA Loan - $2,484,448: With total approved loan amount of $2,484,448 and fully drawn down. This loan entered repayment phase as of January 1, 2013; due in monthly installments of $12,104, bearing interest at 3.00%, with a maturity date of January 1, 2033.
GEFA Loan - $1,320,000: With total approved loan amount of $1,320,000 and fully drawn down. Principal forgiveness of $122,000 was granted at time of project completion. This loan entered into repayment phase as of February 1, 2017; due in monthly installments of $5,246, bearing interest at .5%, with a maturity date of February 2, 2037.
GEFA Loan - $1,250,000: With total approved loan amount if $1,250,000 and $276,982 drawn down as of June 30, 2022. This loan bears interest at 2.44%.

Compensated absences in governmental activities are liquidated by the general fund and compensated absences in the business-type activities are liquidated by the water and gas funds.

7. Long Term Debt - continued

The annual requirements to amortize the long-term debt as of June 30, 2022, including interest payments, are as follows:

	REVENUE BONDS		GEFA LOAN	
YEAR	PRINCIPAL	INTEREST	PRINCIPAL	INTEREST
2023	$ 787,587	$ 112,055	$ 254,915	$ 73,868
2024	823,489	80,829	262,147	66,637
2025	849,509	48,089	269,631	59,153
2026	30,521	14,359	277,376	51,407
2027	31,567	13,313	285,396	43,387
2028-2032	174,769	49,631	1,247,040	101,687
2033-2037	202,463	17,503	465,200	6,973
2038	-	-	10,486	7
TOTAL	$ 2,899,905	$ 335,779	$ 3,072,191	$ 403,119

8. Lease Obligations

Capital Leases

The City entered into a lease agreement with Community First National Bank as lessee for financing the acquisition of various equipment for the fire department for $108,020. The effective interest rate is 3.214%.

Future minimum lease payments together with the net present value of minimum lease payments at June 30, 2022 is as follows:

	AMOUNT
Minimum lease payments for capital lease	$ 54,010
Less amount representing interest at the County's incremental borrowing rate	(2,497)
Present value of minimum lease payments	$ 51,513

The assets acquired through capital leases are as follows:

Governmental Activities:	
Asset:	
Equipment	$ 108,020
Less Accumulated Depreciation	(15,431)
Net Book Value	$ 92,589

9. Restricted Assets

The City is required to establish and maintain cash accounts to comply with bond covenants and external legal requirements. The debt service and capital acquisition/improvements cash accounts are restricted for payment of bond principal and interest and certain construction funds are restricted for specified capital projects or improvements. Customer deposit accounts are restricted to application against outstanding balances or are subject to being refunded. The Drug Enforcement account is restricted for monies used in law enforcement activities. The Recreation cash account is for monies designated for the maintenance and improvement of recreational facilities and small equipment.

As of June 30, 2022, restricted assets consist of the following:

Governmental Activities:

Cash – Council Restricted	$ 1,002,195
Cash – Clean & Lien	21,447
Cash – Recreation Dept.	2,057
Cash – Debt Forgiveness	6
Cash – Main Steet	11,991
Cash – Capital Acquisitions/Improvements	81,458
Total	$ 1,119,154

Business-type Activities:

Cash – Debt Service	$ 1,168,687
Cash – Capital Acquisitions/construction	1,353,549
Total	$ 2,522,236

10. Pension Plan

Plan Description

The City has a non-contributory defined benefit plan covering all full time employees. The City of Summerville Retirement Plan is administered by the Georgia Municipal Employees Benefit System (GMEBS), a statewide, agent multiple-employer type plan. GMEBS policy direction and oversight for the fund is provided by a 15-member board comprised of elected and appointed officials from the fund's membership. GMEBS handles administrative and investment functions relative to the plan. The City established the plan effective April 1, 1985, and the authority to establish, amend or discontinue the plan remains with the City. The plan provides pension benefits and death and disability benefits for all employees that have been employed full time for one year. Members may retire at 62 years of age with 5 years of service. Early retirement is possible at age 50 with 10 years of service. Benefits are calculated at 1.75% of the average monthly earnings for the period of the five highest years prior to retirement.

The Georgia Municipal Employees Benefit System issues a publicly available annual financial report that includes financial statements and required supplementary information. This report may be obtained by contacting the Georgia Municipal Employees Benefit System, c/o Georgia Municipal Association – Risk Management and Employee Benefit Systems, 201 Pryor Street, SW, Atlanta, Georgia 30303.

10. **Pension Plan - continued**

Funding Policy and Annual Contributions

The funding policy for the plan is to contribute an amount equal to the recommended contribution in each year. These contributions are determined under the projected unit credit actuarial cost method and the asset valuation method for developing the actuarial value of assets. The period, and related method, for amortizing the initial unfunded actuarial accrued liability is level dollar over 30 years for the initial unfunded accrued liability, 15 years for actuarial gains and losses, 10 years for temporary retirement incentive programs, 20 years for changes to plan provisions and 30 years for actuarial assumptions and cost methods. These amortization periods, if applicable, are close for this plan year.

The Plan is subject to the minimum funding standards of the Public Retirement Systems Standards Law (Georgia Code Section 47-20-10). According to the latest actuarial valuation, dated January 1, 2022, the estimated minimum annual contribution under these funding standards is $316,377.

According to the most recent annual plan valuation dated January 1, 2022, the recommended contribution to the plan for 2022 is $343,600, ($0 employee and $343,600 employer; 0% employee and 10.6% employer of covered payroll respectively), and for 2021 was $373,635 ($0 employee and $373,635 employer; 12.2% employer of covered payroll respectively). Covered payroll for 2022 and 2021 is $3,205,229 and $3,027,574 respectively.

Net Pension Liability

The City's net pension liability (NPL) was measured as of January 1, 2022, along with the total pension liability (TPL) and fiduciary net position (FNP) used to calculate the NPL. These actuarial assumptions are based on the results of an actuarial measurement date of September 30, 2021.

10. Pension Plan - continued

Net Pension Liability - continued

Changes in Net Pension Liability

	Total Pension Liability (a)	Fiduciary Net Position (b)	Net Pension Liability (a)-(b)
Balances at September 30, 2020	$ 13,769,900	$ 12,156,985	$ 1,612,915
Changes for the year:			
Service Cost	158,066	-	158,066
Interest	1,001,968	-	1,001,968
Differences between expected and actual experience	(110,144)	-	(110,144)
Contributions-employer	-	314,807	(314,807)
Contributions-employee	-	-	-
Net investment income	-	2,926,168	(2,926,168)
Benefit payments, including refunds of employee contributions	(683,922)	(683,922)	-
Administrative expense	-	(24,460)	24,460
Other changes	-	-	-
Net changes	365,968	2,532,593	(2,166,625)
Balances at September 30, 2021	$ 14,135,868	$ 14,689,578	$ (553,710)

Discount Rate

The discount rate used to measure the total pension liability was 7.375 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

	1% Decrease Rate (6.375%)	Current Discount Rate (7.375%)	1% Increase Rate (8.375%)
Net pension liability	$ 1,166,758	$ (553,710)	$ (1,987,814)

10. **Pension Plan - continued**

Discount Rate - continued

As of January 1, 2022, employee membership data related to the current plan membership was as follows:

Retirees and beneficiaries receiving benefits	82
Terminated plan participants entitled to but not yet receiving benefits	30
Active plan participants	
Vested	40
Nonvested	44
Total number of plan participants	196

Significant Actuarial Assumptions

Actuarially determined contribution rates are calculated as of January 1, 2022

Actuarial Assumptions:

Net Investment Rate of Return	7.375% per year
Projected Salary Increase	2.25% plus age and service based merit increases
Inflation Rate	2.10%
Post Retirement Benefit Increase	N/A

Actuarial Methods:

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Closed Level dollar for remaining unfunded liability
Remaining Amortization Period	Remaining amortization period varies for the bases, with a net effective amortization period of 10 years.
Actuarial Value of Assets	Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.
Mortality Rate	Mortality assumptions are based on the Sex-distinct Pri-2012 head-count weighted Mortality tables, which are founded on a four year review of mortality experience for the period July 1, 2015 through June 30, 2019.

10. Pension Plan - continued

Significant Actuarial Assumptions - continued

For the year ended June 30, 2022, the City recognized pension expense of $(195,497). The City reported deferred outflows of resources and deferred inflow of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$ 144,289	$ (82,608)
Changes of assumptions	-	(1,424)
Net difference between projected and actual earnings on pension plan investment	-	(1,637,518)
Contribution made after measurement date	280,226	-
Total	$ 424,515	$ (1,721,550)

$280,226 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal year end June 30,	
2023	$ (362,405)
2024	(317,705)
2025	(488,330)
2026	(408,821)
Total	$ (1,577,261)

Net Investment Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

10. Pension Plan - continued

Net Investment Return - continued

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset collection as of September 30, 2021 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	45%	6.55%
International equity	20%	7.30%
Fixed income	25%	.40%
Real estate	10%	3.65%
Cash	0%	
Total	100%	

Payable to the Pension Plan

There were no outstanding amounts of contributions to the pension plan required for the year ended June 30, 2022.

11. Restricted Fund Balances/Net Position

Restrictions are used to indicate that a portion of the net position is not available for appropriations and is legally segregated for a specific future use. The City uses the following restrictions:

Governmental Funds

Restricted for capital project activities - Created to segregate money received from federal or state sources that restrict the funds eligible for capital construction projects.

Restricted for drug enforcement activities - Created to segregate money received from federal or state sources, as well as from confiscations, that restrict use for law enforcement purposes only.

Restricted for recreation - Created to segregate money received from patrons of recreational facilities, as well as from federal or state sources, for the use of facilities and small equipment maintenance and improvements.

Business Type activities

Restricted for debt service - The City's bond covenants require certain reservations of the water and sewer net assets for payments of bond principal and interest.

Restricted for capital project activities - Created to segregate money received from federal or state sources that restrict the funds eligible for capital construction projects.

12. Other Information

Vacation and Sick Leave

City employees' vacation and sick leave accrual policy is as follows:

Years of Service	Vacation Accrual	Sick Leave Accrual
1-3	5 days per year	5 days per year
4-9	10 days per year	10 days per year
10-14	15 days per year	15 days per year
15+	20 days per year	20 days per year

Employees with vacation time remaining at the end of the calendar year may carry their time forward to the next year. Carry forward limits are set at 13 weeks of vacation and 13 weeks for sick leave.

13. Risk Management

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the City. The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. The City is self-insured related to unemployment compensation. There have been no significant reductions in insurance coverage from the prior year.

During the past three years, the costs of any settlements have not exceeded insurance coverage.

The City is also exposed to the risk of injuries to employees, for which the City participates in the Georgia Municipal Association – Workers Compensation Self-Insurance Fund. The fund is considered a public entity risk pool, which is a self-insured program authorized by state statute (34-9-150), and administered by GMA. Unlike commercial insurance where the risk is transferred to another party, the risk pool simply spreads the risk among the members. All governmental entities located in the state of Georgia are eligible to participate. Members of the pool are responsible for paying estimated premiums based on payroll projections for each calendar year. The risk pool is responsible for paying all claims filed on behalf of the members.

14. Joint Venture

The City of Summerville is a member of the Coosa Valley Regional Development Center (RDC). The RDC was created under the laws of the State of Georgia and cities and counties in the area served by the RDC are required to be members. The membership of the RDC includes 10 counties and 35 municipalities. The City's annual dues are paid by Chattooga County in the City's stead. The City has no equity interest in the RDC nor does the City materially contribute to the continued existence of the RDC. The Official Code of Georgia Annotated Section 50-8-39.1 states that in the event the RDC ceases operation, the membership can be assessed for any debt or obligation of the RDC. Separate financial statements may be obtained from the Coosa Valley Regional Development Center, P.O. Box 1793, Rome, GA 30162.

15. Contingencies

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

16. Post Employment Benefits Other Than Pensions

Plan Description

Through the passage of local ordinance, the City of Summerville OPEB plan, a single employer defined benefit plan, provides continuation of healthcare and life insurance benefits to retired employees. All full time employees of the City are eligible for these benefits. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The plan is administered through the City's current insurance provider and no separate audit report is available. The City has the authority to amend the provisions of this plan.

Employees are eligible for retiree health coverage benefits until the age of 65 upon retirement once they reach age 62 with 10 years of service and are fully vested in the City's retirement plan. The normal retirement date of a participant is the first day of the calendar month coincident with or next following their 65th birthday. Employees are eligible for life insurance benefits at retirement once they meet eligibility requirements. A participant may retire on an early retirement date which may be the first day of any calendar month prior to their normal retirement date, provided they have then attained 1) their 50th birthday and completed 10 years of credited service 2) their 55th birthday and completed 30 years of service and 3) their 60th birthday with 5 years of service. A participant may continue in employment beyond his normal retirement date; such participant's postponed retirement date will be the first day of the calendar month coincident with or next following his actual retirement. Life insurance is provided for the life of the employee and is equal to a $30,000 benefit if the deceased beneficiary was less than 65 years of age at time of death, a $19,500 benefit when deceased beneficiary was 65 to 69 years of age at time of death, a $15,000 benefit when the deceased beneficiary was 70 to 74 years of age at time of death, and a $10,500 benefit when the deceased beneficiary was greater than 75 years of age at time of death.

Current parameters dictate that the plan be valued once every three years. The most recent valuation date is June 30, 2022. The number of participants as of June 30, 2022, is as follows:

Active Employees'	73
Retired Employees'	28
	101

Total OPEB liability

The City's Total OPEB liability of $445,708 was measured as of June 30, 2022 and was determined by an actuarial valuation as of that date.

16. **Post Employment Benefits Other Than Pensions - continued**

Actuarial Methods and Assumptions

Actuarial assumptions used in the plan are as follows:

Economic Assumptions:

Inflation Rate	2.25%
Discount Rate	4.09%
Salary Increases	2.25%
Healthcare cost trend rates	8% for 2022, decreasing .5 percent per year to an ultimate rate of 4.5% for 2029 and later
Retirees' share of benefit-related	City pays full cost of life insurance benefits. Retirees who elect retiree health benefits must Pay 50% of the full monthly premium.

Demographic Assumptions:

Discount Rate	Based on a yield for 20-year tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher.
Mortality	Pub-2010 General Headcount Mortality Table fully generational using Scale MP-2021
Termination	None. Vested employees entitled
Spousal Participation	None
Administrative expense	None

Changes in the Total OPEB Liability

	Total OPEB Liability
Balances at June 30, 2021	$ 591,009
Changes for the year:	
Service Cost	18,724
Interest	13,200
Changes of benefit terms	-
Changes in assumptions	(169,710)
Differences between expected and actual experience	6,557
Benefit payments	(14,072)
Net changes	(145,301)
Balances at June 30, 2022	$ 445,708

Changes in assumptions reflects a change in the discount rate from 2.19% to 4.09%.

16. Post Employment Benefits Other Than Pensions – continued

Sensitivity of the Net OPEB liability to changes in the discount rate

The following presents the Net OPEB liability of the City, as well as what the City's Net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.09%) or 1 percentage point higher (5.09%) than the current discount rate:

	1% Decrease Rate 3.09%	Current Discount Rate 4.09%	1% Increase Rate 5.09%
Net OPEB liability	$ 506,962	$ 445,708	$ 395,404

Sensitivity of the net OPEB Liability to changes in the healthcare cost trend rates

The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (6.5%) or 1 percentage point higher 8.50%) than the current healthcare cost trend rates:

	1% Decrease Rate (6.5% decreasing to 3.5%)	Current Discount Rate (7.5 % decreasing to 4.5%)	1% Increase Rate (8.5% decreasing to 5.5%)
Total OPEB liability	$ 431,509	$ 445,708	$ 462,348

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the City recognized OPEB expense of $7,019. The City reported deferred outflows of resources and deferred inflow of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$ 10,820	$ (18,228)
Changes of assumptions	39,083	(142,573)
Net difference between projected and actual earnings on OPEB plan investment	N/A	N/A
Total	$ 49,903	$ (160,801)

16. Post Employment Benefits Other Than Pensions – continued

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal year end June 30,	
2023	$ (24,903)
2024	(19,422)
2025	(19,672)
2026	(19,708)
2027	(27,193)
Total	$ (110,898)

17. Construction Commitments

The City's construction projects as of June 30, 2022 are as follows:

Business-type Activities

The City is in the process of performing improvements to the sewer system. This project is being financed by CDBG grant funds.

The City began improvements to the water system due to a water health advisory towards the end of FYE June 30, 2020 and work continued throughout FYE 2022. In addition to city funds used in the project, it will also be funded by a USDA grant, and ARC and GEFA loans.

18. Special Items

On March 11, 2021 President Joe Biden signed into law the American Rescue Plan which set aside $350,000 billion to assist state, local, territorial, and tribal governments address negative impacts of COVID-19. These funds are restricted to be used toward revenue loss recovery, premium pay for employees, public health/negative economic impacts, and water, sewer, and broadband investments.

The City of Summerville was awarded $1,584,490 and received the first allocation in July of 2021 of $792,245 and will receive the second allocation in 2022. . The City plans to use the funds to invest in water and sewer projects.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mayor and City Council
City of Summerville, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the City of Summerville, Georgia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Summerville, Georgia's basic financial statements and have issued our report thereon dated December 19, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Summerville, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Summerville, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Summerville, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Summerville, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
