FINANCIAL SECTION

The financial section includes the independent auditor's report on the financial statement audit, the MD&A which provides a narrative introduction, overview and analysis of the financial statements, the basic financial statements including notes.

Independent Auditor's Report

Earl A. Lawson, CPA
Certified Public Accountant

INDEPENDENT AUDITOR'S REPORT

To the County Commissioners
Charlton County, Georgia

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the aggregate discretely presented component unit of Charlton County Georgia, as of and for the year ended December 31, 2018, and the related notes which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I did not audit the financial statements of the Charlton County Health Department, which represent 2.7 percent, -.07 percent, and 5.6 percent, respectively, of the assets, net position, and revenues of Charlton County, Georgia. Those statements were audited by other auditors whose report has been furnished to me, and my position, insofar as it relates to the amounts included for Charlton County Health Department, is based solely on the report of the other auditors. I conduced my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

1025 Elizabeth St
Blackshear, GA 31516
912-449-5485
earlcpa@bellsouth.net

Opinions

In my opinion, based on my audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, the aggregate remaining fund information and the aggregate discretely presented component unit of Charlton County, Georgia as of December 31, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information as listed in the table of contents be presented to supplement the financial statements. Such information, although not a part of the basis financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquires, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Charlton County, Georgia's basic financial statements. The combining and individual nonmajor fund financial statements and budgetary schedules, community development block grant cost schedule are not a required part of the basic financial statements. The schedule of expenditures of special local option sales tax proceeds are presented for purposes of additional analysis as required by the *Official Code of Georgia 48-8-121* and also not a required part of the basic financial statements.

The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and budgetary schedules, capital asset schedules, the schedule of expenditures of federal awards, the community development block grant cost schedule and the schedule of expenditures of special purpose local option sales tax proceeds are the responsibility of management and were derived from and relate directly to the underlying accounts and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements of to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated June 14, 2019 on my consideration of Charlton County, Georgia's internal controls over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements and other matters. The purpose of that report is to describe the scope of my testing, of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Charlton County's internal control over financial reporting and. compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis (MD&A) is a narrative introduction, overview and analysis of the basic financial statements prepared by the County.

Management's Discussion and Analysis

Within this section of Charlton County, Georgia (County) annual financial report, the County's management provides narrative discussion and analysis of the financial activities of the County for the year ended December 31, 2018. The County's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section. The discussion focuses on the County's primary government and, unless otherwise noted, component units reported separately from the primary government are not included.

FINANCIAL HIGHLIGHTS

The County's total assets exceeded its total liabilities by $23,449,814 (net position) for the year reported. This compares to the previous year when the total assets exceeded the total liabilities by $21,886,182.

Total net position are comprised of the following:

1. Net Investment in Capital Assets, of $16,909,196 include property and equipment, net of accumulated depreciation, and reduced by outstanding debt related to the purchase and construction of capital assets.
2. Net position of $1,489,676 are restricted by constraints imposed upon the County by laws and regulations.
3. Unrestricted net position of $5,050,942 represent the portion available to maintain the County's continuing obligations to citizens and creditors.

The County's governmental funds reported total ending fund balance of $7,014,118 this year. This compares to the prior year ending fund balance, of $5,447,273 as restated showing an increase of $1,566,845 during the current year.

At the end of the current year, unassigned fund balance for the General Fund was $5,540,840, or 49.45% of total General Fund expenditures.

Overall, Charlton County, Georgia, continues to maintain a strong financial position.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities on pages 21 - 22 provide information about the activities of the County as a whole and present a longer-term view of the County's finances. Fund financial statements start on page 23. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the County's operations in more detail than the government-wide statements by providing information about the County's most significant funds. The remaining statements provide financial information about activities for which the County acts solely as a trustee or agent for the benefit of those outside of the government.

Overview to the Financial Statements

Management's Discussion and Analysis introduces the County's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The County also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The County's annual report includes two government- wide financial statements. These statements provide both long-term and short-term information about the County's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the Statement of Net Position. This is the County-wide statement of position presenting information that includes all of the County's assets and liabilities, with the difference reported as Net Position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County as a whole is improving or deteriorating. Evaluation of the overall health of the County would extend to other nonfinancial factors such as diversification to the taxpayer base or the condition of County infrastructure in addition to the financial information provided in this report.

The second government-wide statement is the Statement of Activities which reports how the County's net position changed during the current year. All current year revenues and expenses are included *regardless of when cash is received or paid. An important purpose of the design of the statement* of activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers.

Governmental activities include general government, judicial, public safety, public works, health and welfare, culture and recreation and community development. The County's fiduciary activities simply holds resources temporarily for others and are not included in the government-wide statements since these assets are not available to fund County programs.

The County's financial reporting includes the funds of the County (primary government) and, additionally, organizations for which the County is accountable (component units). These component units operate independently and provide services directly to the citizens, though the County remains accountable for their activities. These component units are governed by a board of directors that the County Commission has appointed. The County Health Department, are reported separately from the primary government though included in the County's overall reporting entity.

The Government-wide financial statements are presented on pages 21 - 22 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The County uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the County's most significant funds rather than the County as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The County has two kinds of funds:

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus Is very different with fund statements providing a distinctive view of the County's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to assist in understanding the differences between these two perspectives.

Budgetary comparison statements are included in the required supplementary information for the general fund. Budgetary comparison schedules for special revenue funds can be found in a later section of this report. These statements and schedules demonstrate compliance with the County's adopted and final revised budget.

Pension Plan information are included as Required Supplementary Information.

Fiduciary funds (i.e., the agency funds) are reported in the fiduciary fund financial statements, but are excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund County programs. Fiduciary fund financial statements report similarly to proprietary funds.

The basic fiduciary fund financial statement is presented on page 30 of this report.

Notes to the basic financial statements

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements are on pages 31 - 69 of this report.

Other information

Major funds and component units are reported in the basic financial statements as discussed. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report on pages 84 - 98.

Financial Analysis of the County as a Whole

The County's combined net positon were $23,449,814 of December 31, 2018. This is a $1,563,632 increase from last year's nets position of $21,886,182. The following Table provides a summary of the County's net position:

Summary of Net Position

Assets and Deferred Outflows of Resources:	Governmental Activities		Total		Percentage of Total	
	2018	2017	2018	2017	2018	2017
Current and other assets	$ 8,189,606	$ 6,303,582	$ 8,189,606	$ 6,303,582	31.75%	25.73%
Capital assets	16,958,032	17,384,819	16,958,032	17,384,819	65.74%	70.97%
Total assets	25,147,638	23,688,401	25,147,638	23,688,401	97.48%	96.71%
Deferred Outflows of Resources	649,709	806,529	649,709	806,529	2.52%	3.29%
Total Assets and Deferred Outflows of Resources	25,797,347	24,494,930	25,797,347	24,494,930	100.00%	100.00%
Liabilities and Deferred Inflows of Resources:						
Current liabilities	277,258	320,950	277,258	320,950	11.81%	12.30%
Long-term liabilities	1,075,944	1,622,906	1,075,944	1,622,906	45.83%	62.21%
Total liabilities	1,353,202	1,943,856	1,353,202	1,943,856	57.64%	74.51%
Deferred Inflows of Resources	994,331	664,892	994,331	664,892	42.36%	25.49%
Total Liabilities and Deferred Inflows of Resources	2,347,533	2,608,748	2,347,533	2,608,748	100.00%	100.00%
Net position:						
Net investment in capital assets	16,909,196	17,111,200	16,909,196	17,111,200	72.11%	78.18%
Restricted	1,489,676	642,196	1,489,676	642,196	6.35%	2.93%
Unrestricted (deficit)	5,050,942	4,132,786	5,050,942	4,132,786	21.54%	18.88%
Total net position	$ 23,449,814	$ 21,886,182	$ 23,449,814	$ 21,886,182	100%	100.00%

The County continues to maintain a high current ratio. The current ratio compares current assets to current liabilities and is an indication of the ability to pay current obligations. The current ratio for governmental activities is 29 to 1. This ratio is strong.

Note that approximately 72.2% of the governmental activities' net position is in capital (with 29.8% of the capital assets being infrastructure). The County uses these capital assets to provide services to its citizens.

The County reported positive balances in net position for governmental activities. Net position increased $1,563,632 for governmental activities.

Summary of Statement of Activities

Financial Analysis of the County's Funds

The County had two grants from the Federal Emergency Management Agency during 2018. The two grants totaled $1,091,770. One of the grants was for the West Mims Fire and is shown above as an "Operating Grant" and as a related expense item when it was distributed to the fire departments for their part in the West Mims Fire fighting. The other grant was for Hurricane Irma damage within the county and is shown above as an "Capital Grant". These two grants and well as other items during 2018 increased the revenue and also increased the expenses for 2018.

The overall repairs and maintenance expense for the Equipment within the County was down in 2018 because of the upgrades made to the County Equipment.

Governmental funds

As discussed, governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements.

The General Fund is the County's primary operating fund and the largest source of day-to-day service delivery. The General Fund reported ending fund balances of $5,634,411 for 2018 and $4,870,337, for 2017. In 2018 $93,571 was restricted and $5,540,840 was unassigned and available to pay current obligations.

General Fund Budgetary Highlights

The original budget adopted anticipated a $0.00 decrease in its fund balance. The budget was subsequently revised to reflect a decrease in its fund balance of $0.00. The actual fund balance increase was $764,074

Capital Asset and Debt Administration

Capital assets

The County's investment in capital assets, net of accumulated depreciation, for governmental activities as of December 31, 2018, was $16,958,032.

	Capital Assets (Net of Accumulated Depreciation)					
	Governmental Activities		Total		Percentage of Total	
	2018	2017	2018	2017	2018	2017

Charlton County, Georgia
Reconciliation of Total Governmental Fund
Balances to Net Positions of Governmental Activities
For The Year Ended December 31, 2018

Total Governmental Fund Balances			$ 7,014,118
Amounts Reported for Governmental Activities in the Statement of net position are different because:			
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.			
	Cost	30,703,498	
	Less accumulated depreciation	(13,745,466)	16,958,032
Other long-term assets and deferred outflows of resources are not available to pay for current period expenditures and therefore are deferred in the funds .			
	Property taxes	292,058	
	Sales taxes	60,080	
	Transporation Special Local Option Sales Tax	89,235	
	Special Local Option Sales Taxes	26,250	467,623
Deferred inflows and outflows related to the net pension obligation is not a current asset or liability:			
	Deferred outflows	649,709	
	Deferred inflows	(435,541)	214,168
Liabilities, included notes and capital leases are not due and payable in the funds.			
	Note payable	(48,836)	
	Accrued interest	(994)	
	Net pension obligations	(924,996)	
	Compensated absences	(137,188)	
	Other Liabilities	(92,113)	(1,204,127)
Net Position of Governmental Activities			$ 23,449,814

Statement of Revenues, Expenditures, and Changes in Fund Balance
Governmental Funds
For The Year Ended December 31, 2018

	General	Capital Project Funds: CDBG 17 P-Y-024 5925	Capital Project Funds: 2014 SPLOST	Capital Project Funds: Grant Fund	Other Gov't Funds	Total Gov't Funds
Other Financing Sources (Uses):						
Proceeds from debt	-	-	-	-	-	-
Proceeds from leases	-	-	-	-	-	-
Sale of Capital Assets	-	-	-	-	-	-
Transfers In	-	-	-	-	-	-
Transfers Out	-	-	-	-	-	-
Total Other Financing Sources (Uses)	-	-	-	-	-	-
Net Change in Fund Balances	764,074	(15,300)	319,365	396,262	102,444	1,566,845
Fund Balance Beginning	4,870,337	15,300	506,406	42,447	12,783	5,447,273
Fund Balances - End of Year	$ 5,634,411	$ -	$ 825,771	$ 438,709	$ 115,227	$ 7,014,118

See Accompanying Notes to the Basic Financial Statements.

Charlton County, Georgia
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities
For The Year Ended December 31, 2018

Net Changes in Fund Balances - Total Governmental Funds		$ 1,566,845
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.		
Capital outlay	928,963	
Depreciation expense	(1,355,750)	(426,787)
In the statement of activities, only the gain or loss on the sale or trade in of assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the assets sold:		
Cost of assets disposed of	-	
Accumulated Depreciation on asset traded	-	
Net book value of assets disposed of		-
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Special Local Option Sales Tax	(62,985)	
Taxes	228,558	
Sales taxes	4,845	
Transporation Special Local Option Sales Tax	89,235	
		259,653
Issuance of long term debt provides current financial resources to governmental funds while the repayment of the principal of long term debt consumes the current financial resources of governmental funds. The issuance of long term debt increases long term liabilities and the repayment of long term debt reduces long term liabilities in the statement of net position.		
Accrued Interest	1,686	
Other Liabilities	(38,376)	
Repayment of long term debt	224,783	
		188,093
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Compensated Absences	2,592	
Net Pension Liability and changes in related deferred outflows of resources	(26,764)	(24,172)
Change in Net Position of Governmental Activities		$ 1,563,632

See Accompanying Notes to the Basic Financial Statements

Charlton County, Georgia (the County), was incorporated under the laws of the State of Georgia. The County operates under a Commissioner- Chairman form of government. The County is governed by a board of five commissioners elected by the voters of the County.

Note 1- Summary of Significant Accounting Policies

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. For its enterprise funds, the County applies any FASB statements and interpretations issued after November 30, 1989, unless they conflict with or contradict GASB pronouncements.

The most significant of the County's accounting policies are described below.

1-A. Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards and agencies that are not legally separate from the County. For Charlton County, this entity includes all departments and activities that are directly operated by the elected county officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organizations; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units also may include organization that are fiscally dependent on the County in that the County approves the budget, levies their taxes or issues their debt.

The Component unit columns included on the government-wide financial statements identifies the financial data of the County's discretely presented component units. They are reported separately to emphasize that they are legally separate from the County.

Note 1- Summary of Significant Accounting Policies (Continued)

Brief descriptions of the discretely presented component units follow:

Charlton County Health Department (Health Department)- The Health Department provides health care services and health education to residents of Charlton County. The Health Department receives financial support from Charlton County, Georgia, the State of Georgia and the Federal Government. The County Commission appoints a majority of the Board of Directors. The Health Department issued separately audited financial statements with a fiscal year ended June 30, 2018 and copies of these financial statements may be obtained from their administrative office at:

Charlton County Health Department
Folkston, Georgia 31533

Other public entities located within the County are not included in the basic financial statements include municipalities and the following independent taxing districts authorized and established by the laws of Georgia.

Charlton County Development Authority
Charlton County Board of Education
Charlton County Board of Family & Children Services

Any disbursements to these units by the County are based on contractual agreements, have been budgeted, and expended as part of the regular operations of the County.

The accounting policies of Charlton County, Georgia conform to generally accepted accounting principles, as applicable to governments. The following is a summary of the more significant policies.

1-B. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized

Note 1- Summary of Significant Accounting Policies (Continued)

1-B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service, compensated absences, and claims and judgments expenditures are recorded only when payment is due.

Property taxes, franchise fees, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

Government-wide Financial Statements- The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the County as a whole. The primary government and the component units are presented separately within these financial statements with the focus on the primary government. Fiduciary activities are not included at the government-wide reporting level. Individual funds are not displayed but the statements distinguish governmental activities which are generally supported by taxes and County general revenues, from business-type activities which are generally financed in whole or in part with fees charged to external customers.

The statement of net position presents the financial position of the governmental and business-type activities of the County and its discretely presented component units at year-end.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and for each identifiable activity of the business-type activities of the County. Direct expenses are those that are specifically associated with a function and therefore clearly identifiable to that particular function. The County does not allocate indirect expenses to functions in the statement of activities.

Note 1- Summary of Significant Accounting Policies (Continued)

Government-wide financial statements (continued)

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) Charges for services which report fees and other charges to users of the County's service; (2) Operating grants and contributions which finance annual operating activities including restricted investment income; and (3) Capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. For identifying to which function program revenue pertains, the determining factor for *charges for services* is which function *generates* the revenue. For *grants and contributions,* the determining factor is to which functions the revenues are *restricted.*

Taxes and other revenue sources not properly included with program revenues are reported as general revenues of the County. The comparison of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements:

The underlying accounting system of the Government is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements display information about major funds individually and non-major funds in the aggregate for governmental and proprietary funds. The fiduciary fund statements include financial information for the agency funds. These funds represent assets held by the Government in a custodial capacity for individuals or other governments.

When both restricted and unrestricted resources are combined in a fund, expenses are considered to be paid first from restricted resources, and then from unrestricted resources.

Note 1- Summary of Significant Accounting Policies (Continued)

Governmental Funds:

Governmental funds are used to account for the Government's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period. The Government considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on general long-term debt which is recognized when due, and accumulated unpaid sick pay which does not vest.

Property tax revenues are considered measurable and available if they are collected during the current period or within sixty days after the end of the period. Property taxes not collected within days are recorded as receivable, however, the related revenue is deferred and recognized when subsequently collected. Sales tax revenue is considered measurable and available when collected from the customer at the time that a taxable transaction occurs. Expenditure -driven grants are recognized then the qualifying expenditures have been incurred and all other grant requirements are met.

Interest revenue and charges for services revenues, are considered measurable and available if collected during the current period or within twelve months of the end of the period. The Government has determined that fines and forfeitures, in compliance with GASB 22, *Accounting for Taxpayer-Assessed Tax Revenues in Governmental Funds*, are not deemed to be susceptible to accrual as they are not measurable until received in cash.

Governmental fund types include: The General Fund, Special Revenue Funds and Capital Project Funds

Basis of Presentation:

GASB Statement 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category and the governmental and enterprise combined) for the determination of major funds. The County has used GASB 34 minimum criteria for major fund determination. The non-major funds are combined in a column in the fund financial statements and detailed in the combining section of this report.

Note 1- Summary of Significant Accounting Policies (Continued)

Major Governmental Funds:

General Fund - The general fund accounts for all financial resources except those required to be accounted for in another fund. The general balance is available to the County for any new purpose, provided it is expanded or transferred according to the general laws of Georgia.

Capital Project Funds:

CDBG 17 P-Y-024-1-5924-To account for the revenue and expenditures of the funds provided by the Grant.

2014 SPLOST Fund-To account for the revenue and expenditures of the funds collected from the 2014 SPLOST.

Grants Fund-To account for the revenue and expenditures of the funds collected from various grants.

Fiduciary Funds - Fiduciary funds reporting focuses on net position. The County's fiduciary funds are agency funds. These agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Constitutional officers use these funds to temporarily hold assets.

Revenues- Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, the phrase "available for exchange transaction" means expected to be received within twelve months of year-end.

Revenues- Non-exchange Transactions - Non-exchange transactions in which the County receives value without directly giving equal value in return, include sales tax, property taxes ,grants, and donations. On an accrual basis, revenue from sales tax is recognized in the period in which the taxable sales takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See Note 4-C) Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue form non-exchange transaction also must be available (i.e., collected within 60 days) before it can be recognized.

Note 1- Summary of Significant Accounting Policies (Continued)

1-E. Assets, Liabilities and Fund Equity

1-E-1 Cash, Cash Equivalents and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the County.

Investments are stated at fair value based on quoted market prices.

Georgia law authorizes the County to invest in the following type of obligations:

- Obligation of the State of Georgia or of any other states
- Obligations of the United States Government
- Obligation fully insured or guaranteed by the government of governmental agency
- Obligation of any corporation of the government
- Prime bankers' acceptances
- The State of Georgia local government investment pool (i.e., Georgia Fund I)
- Repurchase agreements
- Obligations of the other political subdivisions of the State of Georgia

Any investment or deposit in excess of the Federal Deposit Insurance Corporation (FDIC) insured amount must be secured by 110% of an equivalent amount of State or U.S. obligations.

1-E-2 Receivables

All trade and property tax receivables are reported net of an allowance for uncollectible.

1-E-3 Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are reclassified and presented as internal balances.

Note 1- Summary of Significant Accounting Policies (Continued)

1-E-4 Consumable Inventories

On the government-wide financial statements, inventories are presented at the lower of cost of market on a first-in, first-out basis and are expensed when used (i.e., the consumption method).

On the fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as expenditure in the governmental fund types when consumed. Inventories of the proprietary funds are expensed when consumed.

1-E-5 Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2018, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reserved as this amount is not available for general appropriation.

1-E-6 Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in governmental funds. The County reports these assets in the governmental activities column of the government-wide statement of net position but does not report these assets in the governmental fund financial statements. Capital assets utilized by enterprise funds are reported both in the business-type activities column of the government-wide statements of net position and in the enterprise fund's statement of net position.

Note 1- Summary of Significant Accounting Policies (Continued)

1-E-6 Capital Assets (Continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of five thousand dollars. The County's infrastructure consists of roads and bridges. Improvements to capital assets are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed. Interest incurred during the construction of capital assets utilized by the enterprise is capitalized.

Charlton County is a Phase III Government in regards to the implementation of GASB 34. Therefore, the infrastructure included in these financial statements includes the infrastructure added since the implementation of GASB-34. Infrastructure prior to the implementation of GASB-34 is not included.

All reported capital assets are depreciated except for land, right-of-ways and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Improvements other than buildings	10-60 years	10-60 years
Buildings	40-60 years	40-60 years
Machinery and equipment	3-10 years	3-10 years
Infrastructure	40 years	40 years

At the inception of capital leases at the governmental fund reporting level, expenditures and an "other financing source" of an equal amount are reported at the new present value of future minimum lease payments.

Note 1- Summary of Significant Accounting Policies (Continued)

1-E-7 Compensated Absences

Vacation benefits are not accrued as a liability, because if the vacation time is not taken by the employee during the year earned, the vacation time will expire at the end of the year in which it was earned.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the County's past experience of making termination payments.

All compensated absence liabilities include salary-related payments, where applicable.

The total compensated absence liability is reported on the government-wide financial statements. Government funds report the compensated absence liability at the fund reporting level only "when due."

Compensated absences are paid from the General Fund of the County.

1-E-8 Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligation are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of these funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only of the the extent that they are "due for payments" during the current year. Bonds and capital leases are recognized as a liability in the governmental fund financial statements when due.

1-E-8 Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance- Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

Note 1- Summary of Significant Accounting Policies (Continued)

1-E-8 Fund Equity (Continued)

Nonspendable - Fund balances are reported as nonspendable when amounts cannot be spent because that are either (a) no in spendable form (I.E., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted - Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Committed - Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of County Commissioners through the adoption of a resolution. The Board of Commissioners also may modify or rescind the commitment.

Assigned - Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes, but are neither restricted or committed. Through resolution, the Board of County Commissioners has authorized the County's manager to assign fund balances.

Unassigned - Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The county reports positive unassigned fund balance only in the General Fund.

Flow Assumptions - When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County's policy to use restricted first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance. It is the County's policy to use fund balance in the following order:

Committed
Assigned
Unassigned

Net Position- Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used (i.e., the amount the County has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted as described in the fund balance section above. All other net positions are reported as unrestricted .

The County applies restricted resources first when an expense is incurred for purposed for which both restricted and unrestricted net positions are available.

Note 1- Summary of Significant Accounting Policies (Continued)

1-E-10 Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses section in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business-type activities column are eliminated.

1-E-11 Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County and that are either unusual in nature or infrequent in occurrence.

1-F-12 Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management of make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes.

Note 2- Stewardship, Compliance and Accountability

2-A. Budgetary Information - Primary Governments

The County adopts an annual operating budget for the General Fund and each Special Revenue Fund. A project budget is adopted for each Capital Projects Fund. The budget resolution reflects the total of each department's appropriation in each fund.

The general fund budget is adopted on a basis consistent with GAAP except that the occurrence of capital lease obligations and the related capital lease expenditures are not budgeted. Budgets for the Special Revenue Funds are adopted on a basis consistent with GAAP. Budgets for Capital Projects funds are adopted one basis consistent with GAAP except the budget period is a project period rather than an annual period. At year-end, no capital project period exceeded the annual.

Note 2- Stewardship, Compliance and Accountability

2-A. Budgetary Information - Primary Governments (continued)

The legal level of control (the level at which expenditures may not legally exceed appropriations) for each adopted annual operating budget generally is the department level within each individual fund. Any change in total to a fund or departmental appropriation within a fund requires approval of the Board of Commissioners.

Either the County Chairman or County Administrator may approve budget transfers within departments, except those related to personnel or capital expenditures. The Board of Commissioners must approve transfers of personnel or capital appropriations. During the year, the Board of Commissioners approved budget revisions.

All unexpended annual appropriations lapse at year-end.

2-B. Component Unit

An annual budget is adopted by the entity for the general fund as required by the grant contract. The budget is adopted on a Non-GAAP budgetary basis. The difference between the GAAP and the budgetary basis is that the encumbrances are treated as expenditures and prior year fund balances are shown as current year revenues. The budget can be modified by management at all levels based on the needs of the programs within the limitations of the grant contract specifications and approval by the granting agency.

3-A. Deposits and Investments

Following is a reconciliation of the County's deposit and investment balances as of December 31, 2018:

The bank balance for the reporting entity totaling $6,625,556 includes $642,196 classified as Restricted Assets.

Cash & Investment reconciliation:

	Cash
Fund Reporting Level:	
Governmental Funds - Balance Sheet	$ 4,424,615
Statement of fiduciary Assets and Liabilities	344,444
Total	$ 4,769,059

Any bank deposit in excess of the total of the FDIC insured amount must be secured by an equivalent of 110% of State or U.S. Obligations.

Note 3 - Detailed Notes on All Funds (Continued)

3-B. Receivables

Receivables at December 31, 2018, consisted of taxes, interest, accounts, and intergovernmental receivables arising from grants.

Receivables and payables are recorded on the County's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectability.

Receivables at December 31, 2018, consist of the following:

Primary Government	Fines	Taxes	Accounts Accounts	Inter-Governmental	Net Receivables
General Fund	$ -	$ 2,854,105	$ 5,900	$ -	$ 2,860,005

Total Reporting Entity	$ -	$ 3,121,801	$ 84,400	$ 575,559	$ 3,781,760

Note 3 - Detailed Notes on All Funds (Continued)

Amounts due from other governments include the following:

Primary Government:	
General Fund	
Georgia Department of Revenue	$ -
Capital Project Funds	
Georgia Department of Community Affairs CDBG	$ 558,790
Total Primary Government	$ 558,790
Component Unit:	
General Fund	
Department of Human Resources	$ 16,769
Local Funds	-
Total Component Unit	$ 16,769

3-C. Property Taxes

The Board of Commissioners levies property taxes by or about August 25th of each year. Property taxes attach as an enforceable lien on property as of January 1. Property taxes are billed on or about September 15th of each year and are payable within sixty days. The county bills and collects its own property taxes and also collects property taxes for the Charlton County Board of Education, and the state of Georgia. Collection of the County's taxes, and for the other government agencies, is the responsibility of the Tax Commissioner's Office, which is accounted for as an Agency Fund. County property tax revenue at the fund reporting level are recognized when levied to the extent that they result in current receivables (i.e., collectible in 60 days). For 2018, property tax bills was mailed on November 30, 2018, and were due on February 11, 2019.

Note 3 - Detailed Notes on All Funds (Continued)

3-D. Capital Assets

Capital asset activity for the year ended December 31, 2018, was as follows:

Note 3 - Detailed Notes on All Funds (Continued)

3-E. Interfund Balances and Transfers

Interfund balances at December 31, 2018, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The County expects to repay all interfund balances within one year.

	Payable from:			
Payable to:	General fund	Major Governmental funds	Fiduciary funds	Total
General fund	$ -	$ 100	$ -	$ -
Major governmental funds	-	-	-	-
Fiduciary funds	-	-	-	-
Total	$ -	$ 100	$ -	$ -

Interfund transfers for the year ended December 31, 2018, consisted of the following:

Fund Transferred To:	Fund Transferred From:	Amount	Purpose
There were no interfund tranfers during 2018.		$ -	

Transfers are used to report revenues from the fund that statute or budget requires to collect them, to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund which it was originally provided once a project is completed.

All County transfers either occur on a regular basis or are consistent with the purpose of the fund making the transfer.

Note 3 - Detailed Notes on All Funds (Continued)

3-F. Compensated Absences - Primary Government

Annual (Vacation/Personal) Leave:

All covered employees, both regular and working test, shall accrue annual leave from the date of employment in a covered position.

Employees earn annual (Vacation/Personal) leave as follows:

Year of Service	Hours/ Year
1 to 3 years	72 Hours
4 to 10 years	112 Hours
11 to 15 years	152 Hours
16 years and over	192 Hours

Vacation leave must be taken by December 31 of each year. Leave not taken will be forfeited. No vacation leave will be carried forward into the next calendar year.

Sick Leave:

Sick leave is earned to be taken for bona fide illness and injury, and other medically related necessities. All covered employees, both regular and working test, shall accrue sick leave from the date of employment in a covered position. Eligible employees shall accrue sick leave at a rate of 5.53 hours per month. Sick leave may not be accrued in excess of 240 hours. Employees will not be paid for accumulated sick leave upon separation. For additional information information see employees' handbook.

3-F-1 Component Unit

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Compensated Absences Payable" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported.

Note 3 - Detailed Notes on All Funds (Continued)

3-F-2 **Short Term Debt**

There was no short term debt issued due the year ended December 31, 2018.

3-G. Long-term Debt

Leases:

Operating Leases:

The County is committed under various noncancelable operating leases. Future minimum operating lease commitments are as follows:

Year Ending	Governmental Actifities
2019	$ 92,113
2020	92,113
2021	92,113
2022	38,376
2023	-
Total Minimum Payments Required	$ 314,715

Capital Leases:

Primary Government Capital Leases--The County has entered into capital leases for various pieces of equipment. These leases meet the criteria of a capital lease since they transfer benefits and risks of ownership to the lessees at the end of the lease term. Capital lease payments are reflected as debt service expenditures at the governmental fund reporting levels. The equipment acquired by the leases is included in governmental activities general capital assets in the amount of $190,040 (cost of $390,852 less accumulated depreciation of $200,812). The outstanding balance of the corresponding liabilities is included in governmental activities general long term debt. Future minimum lease payments are as follows:

	Capital Leases		
Year	Principal	Interest	Total
2019	$ 13,076	$ 1,404	$ 14,480
2020	13,760	720	14,480
2021	-	-	-
2022	-	-	-
2023	-	-	-
Totals	$ 26,836	$ 2,124	$ 28,960

Note 3 - Detailed Notes on All Funds (Continued)

Changes in Long-term Debt--Changes in the County's long term obligations consisted of the following for the year ended December 31, 2018.

Primary Government: Governmental Activities	Outstanding Balance Jan. 1, 2018	Additions	Deductions	Outstanding Balance Dec. 31, 2018	Amount Due in One Year	Amount Due in more than One Year
Capital lease	48,980	-	48,980	-	-	-
Capital lease	39,263	-	12,427	26,836	13,076	13,760
Total Capital Leases	88,243	-	61,407	26,836	13,076	13,760
Note Payable	123,376	-	123,376	-	-	-
Note Payable	62,000	-	40,000	22,000	22,000	-
Total Notes Payable	185,376	-	163,376	22,000	22,000	-
Totals	273,619	-	224,783	48,836	35,076	13,760
Compensated absences	139,780	73,640	76,232	137,188	-	137,188

The general fund is used to liquate compensated absences.

The amortization expense of assets recorded under these capital leases is included with depreciation txpense.

On May 7, 2015, the County entered into a lease agreement with Caterpillar Financial at an interest rate of 3.30% with an original amount of $142,184 with a maturity date of May 7, 2018. The cost of the equipment purchased under this lease was $153,558, accumulated depreciation is $80,435 the remaining value is ($153,558-$80,435) = $73,123.
The current amortization expense is $21,937
The future minimum lease payments are as follows:

Year Ended	Principal	Interest	Total
Dec. 31, 2019	$ -	-	$ -

4. EMPLOYEE BENEFIT PLANS

Defined Benefit Plan - ACCG Administered

Plan Description

The county, as authorized by the County Commission, has established a defined benefit pension plan (The Charlton County Retirement Plan) covering all full-time employees. The County's pension plan is affiliated with the Association County Commissioners of Georgia, (an agent multiple-employer pension plan). The Trustees for the Association County Commissioners of Georgia (ACCG). Pension Plan and Trust oversees the administration, investment and funding of the Association of County Commissioners of Georgia Retirement Program. Comtributions made by the County are commingled with contributions made by other members of the ACCG for investment purposes. The County does not own any securities on its own. Investment income from the securities is allocated on a pro rata basis. The Trustees for the Association County Commissioners issues a publicly available financial report that includes financial statements and required supplementary information for ACCG. That report may be obtained by writing to GEBCorp, 191 Peachtree Street Street NE, Suite 700, Atlanta, Georgia 30303 or by calling (800) 736-7166.

As provided by State law, benefit provisions for Participants in ACCG are established and amended by the respective employers. As authorized by the County Commission, the Plan provides pension benefits and death and disability benefits for Plan members and beneficiaries. All employees, excluding elected officials, who work thirty hours or more per week, are eligible to participate immediately upon hiring. Benefits vest after five years of service. A County employee who retires at age 65 with five years of service is entitled to benefits of 2.25% of final average earnings in excess of covered compensation. An employee may elect early retirement at age 55 provided he or she has a minimum of 25 years total credited service to receive full benefits, otherwise early retirement may be elected after only 10 years of service for reduced benefits. Elected officials are entitled to $41 for each year of service after reaching normal retirement age. Ten years of service is required for nonservice related disability benefits. Disability benefits are paid out at 20% of an employee's current salary. Death benefits are calculated using an actuarial reserve.

At December 31, 2017 the date of the most recent actuarial valuation, there 128 participants consisting of the following:

Retirees, Beneficiaries and Disables receiving benefits	26
Terminated plan participants entitle to but not yet receinging benefits	35
Active employees participanting in the Plan	67
Total	128
Covered compensation for active participants	$ 2,429,495

4. EMPLOYEE BENEFIT PLANS - (Continued)

Defined Benefit - ACCG Administered

Contributions

The County is required to contribute at an actuarially determined rate. Section 47-20 of the Georgia Code sets forth the minimum funding standards for state and local governmental pension plans. Administrative expenses are based on total covered compensation of active plan participants and are added to the state-required annual finding requirement.

The Board of Trustees of ACCG has adopted a recommended actuarial funding policy for the Plan which meets State minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan is to contribute an amount equal to or greater than the recommended contribution described below. For the year 2017, the actuarially determined contribution rate was 12.3% of covered payroll.

For fiscal year ended December 31, 2017, the County's recommended and actual contribution was $299,026 which was actuarially determined and is expected to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The amount of employer contributions recognized in the actuarial report dated Debember 31, 2017 and included in the government-wide statement of activities amounted to $299,026.00

Pension Liabilities, Pension Expense, and Deferred Outflows and Deferred Outflows of Resources Related to Pensions

At December 31, 2018 the County reported a liability of $994,996 for its net pension liability. The net pension liability was measured as of December 31, 2017 and was determined by an actuarial valuation as of December 31, 2017. The changes in the Net Pension Liability for the year ended ended December 31, 2017 (the measurement date) were as follows:

	Total Pension Liability	Fiduciary Net Position	Net Pension Liability
Balances at December 31, 2016	$ 5,246,329	$ 3,812,039	$ 1,434,290
Changes for the year-			
Service cost	121,999	-	121,999
Interest	374,154	-	374,154
Liability Experience (Gain) / Loss	(172,539)		(172,539)
Changes in assumptions	12,530		12,530
Contributions - Employer	-	299,026	(299,026)

Pension Liabilities, Pension expense, and Deferred Outflows and Deferred Outflows of Resources Related to Pensions, continued

For the year ended December 31, 2018, the County recognized pension expense and deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Service cost	$ 121,999
Interest on The Pension Liability (TPL)	374,154
Amortization of:	
Liability Experience (Gain) / Loss	(38,301)
Change in assumption	63,499
Asset (Gain) / Loss	2,255
Employee Conributions	-
Projected earnings on plan investments	(268,939)
Administrative expenses	15,139
Other Change in FNP	18,776
Total pension expense	$ 288,582

$283,315 reported as deferred outflows of resources related to pensions resulting from the County's contributions made subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

F/Y/E December 31,	Deferred Outflows	Deferred Inflows
2018	$ 129,864	$ (87,108)
2019	129,743	(87,108)
2020	65,328	(87,108)
2021	41,459	(87,108)
2022	-	(87,109)
	$ 366,394	$ (435,541)

4. EMPLOYEE BENEFIT PLANS - (Continued)

Defined Benefit - ACCG Administered

Pension Liabilities, Pension expense, and Deferred Outflows and Deferred Outflows of Resources Related to Pensions, continued

Outstanding balances of deferred outflows/inflows of resources of resources related to pensions as of December 31, 2018 are as follows:

	Outflows	Inflows
Contributions subsequent to the measurement date	$ 283,315	$ -
Asset (Gain) / Loss	128,945	(249,110)
Liability (Gain) / Loss	12,327	(186,431)
Assumption change	225,122	-
Total	$ 649,709	$ (435,541)

Actuarial Assumptions

The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applies to all periods included in the measurement:

Actuarial Assumptions:

Net Investment Rate of Return	7.25%
Projected Salary Increases	4.00% plus service based merit increases
Cost of Living Adjustments	N/A
Mortality Rates -	
Healthy	RP-2000 Projected with Scale AA. The Society of Actuaries are developing a new mortality table for governmental employees. Once the mortality table for governmental employees is released the table will be reviewed in light of the mortality rates experienced in the state of Georgia.

4. EMPLOYEE BENEFIT PLANS - (Continued)

Defined Benefit - ACCG Administered

Actuarial Assumptions: continued

Disabled	Male rates (used for both sexes) derived from a 1977 Social Security Administration Study.
Plan Termination Basis	An experience based, age and service.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January1, 2010 through June 30, 2014.

The discount rate is determined through a blend of using a building blocks approach based on 20-year benchmarks (33.33%) and 30-year benchmarks (33.3%), as well as the forward-looking capital market assumptions for a moderate asset allocation (33.3%), as detrmined by UBS. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2017 are summarized in the following table:

Benchmark	Asset Allocation	Average 20 Year Return	Weighted 20 Year Return	Average 30 Year Return	Weighted 30 Year Return
S & P 500	30%	7.91%	2.37%	10.22%	3.07%
Barlay.s Agg.	30%	5.60%	1.68%	6.56%	1.97%
MSCI EAFE	15%	4.29%	0.64%	5.73%	0.86%
Citi Non US WE	5%	4.66%	0.23%	5.98%	0.30%
NAREIT Equity	5%	10.79%	0.54%	10.44%	0.52%
Russell 200	5%	8.06%	0.40%	9.33%	0.47%
Russell 3000	5%	8.03%	0.40%	10.14%	0.51%
S & P Mid Cap	5%	11.22%	0.56%	11.53%	0.58%
Weighted Return			6.82%		8.28%

4. EMPLOYEE BENEFIT PLANS - (Continued)

Defined Benefit - GMA Administered, (Continued)

Discount Rate, continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from the City will be made at the actuarially determined contribution rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Building block expected return based on 20-year benchmarks	6.82%
Building block expected return based on 30-year benchmarks	8.28%
UBS capital market assumption for moderate asset allocations	6.40%
20-year building blocks return (6.82% x .3333):	2.27%
30-year building blocks return (8.28% x .3333):	2.76%
UBS capital market assumption for a moderate asset allocation (6.40% x .3334)	2.13%
	7.16%
Discount rate (rounded to neareat .25%)	7.25%

4. EMPLOYEE BENEFIT PLANS - (Continued)

Defined Benefit - GMA Administered, (Continued)

Discount Rate, continued

Sensitivity of the Net Pension Liability
To Changes in the Discount Rate

The following presents the County's net pension liability calculated using the discount rate of 7.25 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease 6.25%	Current Rate 7.25%	1% Increase 8.25%
Total Pension Liability	$ 6,178,643	$ 5,411,298	$ 4,773,958
Fiduciary Net Position	4,486,302	4,486,302	4,486,302
Net Pension Liability	$ 1,692,341	$ 924,996	$ 287,656

Pension Plan Net Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Charlton County, Georgia's Retirement Plan financial report.

Note 4-1 Deferred Outflows/Inflows of Resources

Outflows of Resources:

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents an reduction of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until that time. The County reports one of these items as follows:

Governmental Activities:

Four items are reported as deferred outflows of resources related to pensions:

Contributions subsequent to the measurement date	283,315
Asset (Gain)/Loss	128,945
(Gain)/Loss due to assumption change	225,122
Liability (Gain)/Loss Loss	12,327
Total Deferred Outflows	$ 649,709

Inflows of Resources:

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisiton of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County reports three of these items as follows:

Governmental Activities:

Three Items, are reported as deferred inflows of resources since they are recognized as as receivables before the period for which the work is done. These amounts are reported on the governmental activities statement of net position.

Item 1	CDBG 17P-Y-024-5925	$ 558,790
Item 2	Asset (Gain) / loss pension	249,110
Item 3	Liability (Gain) / Loss pension	186,431
	Total	$ 994,331

Note 4-1 Deferred Outflows/Inflows of Resources (Continued)

Governmental Funds Financial Statement:
The Governmental Funds use the modified accrual basis of accounting whereas the Governmental Activities of the Statement of Net Position uses the accrual basis of accounting. This results in a timing difference in the recognition of revenue. Therefore, the Deferred Outfows of Resources are reporting differently between the Statement of Net Position and the Governmental Funds Balance Sheet. The following is the Deferred Outflows of Resources on the Governmental Funds Balance Sheet. The Governmental Funds Balance sheet has five (5) items listed as Deferred Outflows of Resources:

The first item, Property Tax, are reported as deferred inflows of resources since they are recognized as receivables before the period for which they are collected. These amounts are reported on the governmental fund financial statements $292,058.

The second item, Local Option Sales Tax, are reported as deferred inflows of resources since they are recognized as receivables before the period for which they are collected. These amounts are reported on the governmental fund financial statements $60,080.

The third item, CDBG 17P-Y-024-8925 Grant, are reported as deferred inflows of resources since they are recognized as receivables before the period for which they are collected. These amounts are reported on the governmental fund financial statements as $558,790

The fourth item, Special Local Option Sales Tax, are reported as deferred inflows of resources since they are recognized as receivables before the period for which they are collected. These amounts are reported on the governmental fund financial statements $89,235.

The fifth item, Transporation Special Local Option Sales Tax, are reported as deferred inflow of resources since they are recognized as receivables before the period for which they are collected. These amounts are reported on the governmental fund financial statements $26,250.

The amounts are reported as follows:

General Fund:	
Taxes	$ 292,058
Local Option Sales Taxes	60,080
Deferred Inflow of Resources	352,138
CDBG 17P-Y-024-5925	558,790
SPLOST Fund:	89,235
Transporation SPLOST	26,250
Total Deferred Inflow of Resources	$ 1,026,413

4-2 Fund Equity

Fund Balances--Fund balances are classified as follows:

Restricted--The following fund balances are legally restricted for specified purposes:

General Fund:	
Public Safety-training	$ 93,571
Major Capital Project Funds:	
CDBG 17P-Y-024-5925	-
2014 SPLOST	825,771
Grants Fund	438,709
Total Restricted Fund Balances Major Capital Project Funds	1,264,480
Nonmajor Capital Project Funds:	
Transporation SPLOST	104,565

Assigned--The following fund balances are assigned to the following purposes:

Nonmajor special revenue fund:	
Recreation Fund:	
County Recreation Department	$ 10,662

Note 5 - Other Notes

5-A. Risk Management - Primary Government

The County is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The County has joined the ACCG Interlocal Risk Management Agency (IRMA). The membership allows the County to share liability, crime, motor vehicle and property damage risks. The County is also a part of the ACCG Workers' Compensation Self Insurance Fund.

As part of these risk pools, The County is obligated to pay all contributions and assessments as prescribed by the pools. To cooperate with the pool's agents and attorneys. To follow loss reduction procedures established by the funds. To report as promptly as possible, and in accordance with any coverage descriptions issued , all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim against the County within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker' compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment and all expenses incurred for investigation, negotiation or defense.

Settled claims in the past three years have not exceeded the coverage's.

5-A-1 Component Unit

Significant losses are covered by commercial insurance for all major risks. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current or any previous year.

5-B. Subsequent Events

No subsequent events came to my attention that are expected to have a material effect on the County's financial statements.

Note 5 - Other Notes (Continued)

5-C. Contingent Liabilities - Primary Government

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement of the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the County believes such disallowances, if any, will be immaterial.

The County is not involved in any legal action as of December 31, 2018. The County Management or the Legal Counsel is not aware of any unasserted possible claims or assessments.

5-C-1 Component Unit

The Health Department participates in federal and state assisted programs subject to problem compliance audits by the grantors or their representatives. It is the Health Department's opinion that no material unrecorded liabilities will arise from audits previously performed or to be performed. Regardless, receipt of these federal and state grant revenues is not assured into the future.

5-D. Joint Ventures

Under Georgia law, the County, in conjunction with other cities and counties in South Georgia , is a member of the Southern Georgia Commission and is required to pay annual dues thereto. During its year ended December 31, 2018, the county paid $8,500 in such dues. Membership in an Southern GC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the Southern GC in Georgia, The Southern GC membership includes the chief elected official of each county and municipality of the area OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the Southern RC. Separate financial statements may be obtained from:

Southern Regional Commission
3395 Harris Road
Waycross, Georgia 31503

5-D-1 Closure and Post Closure Cost

The County entered into an agreement with Chesser Island Road Landfill, Inc., to provide landfill access to the County. Chesser Island Road Landfill, Inc. has assumed all responsibility for closure and post closure expense for the county landfill. Therefore, no liability will be borne by the County and no expense is accrued in the financial statements.

Note 5 - Other Notes (Continued)

5-D-2 Unemployment Claims

The County has elected to provide for unemployment compensation claims on a "self-insured" basis. As such, any claims are processed by the Georgia Department of Labor Employment Security Agency and reimbursement is requested from the County. Based on past experience the claims made against the County have been of an insignificant amount per year. Therefore, no reserve has been set up at December 31, 2018.

Note 7 - Expenditures Over Appropriations

The following had expenditures that exceeded Appropriations:

Fund	Final Appropriations	Actual Expenditures	Expenditures Over Appropriations
No funds has excess expenditures over appropriations.			

REQUIRED SUPPLEMENTARY INFORMATION OTHER THAN MD&A

GENERAL FUND

A MAJOR FUND

The General Fund is the principal fund of the County and is used to account for all activities except those required to be accounted for in another fund.

Charlton County, Georgia
Notes to the Budgetary Comparison Schedule
For the Year Ended December 31, 2018

1 Stewardship, Compliance and Accountability:

A. Budgets and Budgetary Accounting:

The annual budget is the financial plan for the operation of Charlton County, Georgia for the ensuing year. The budget process provides for a professional management approach to the establishment of priorities and the implementation of work programs while providing an orderly means for control and evaluation of the financial posture of the Government. The Government is required to adopt an annual budget no later than sixty (60) days prior to the beginning of each fiscal year. The County Manager, with the assistance of the County Clerk and Department Heads, is required to prepare and submit a budget to the County Commission for review, public hearings and adoption. The Commission may approve, reject, or modify the proposed budget and shall adopt the final budget by ordinance no later than December 31. Upon recommendation of the County Manager and approval of the Chairman and Commission. The Government may make interfund or interdepartmental transfers in the current operating budgets at any regular or special meeting called for such purpose, provided funds are available. The budget is prepared and adopted on a basis consistent with generally accepted accounting principles.

Annual Budgets are adopted for the following funds:

Governmental Funds:

General Fund

Special Revenue Funds:

Recreation Department

Capital Project funds:

CDBG 17p-y-024-1-5925
2014 SPLOST Fund
Grants Fund

Budgetary amounts are formally integrated into the fund general ledgers.

The legal level of budgetary control is the governmental function level within the individual funds. Increases in the total appropriations of a function, whether accomplished through an increase in estimated revenues or through a transfer of appropriations among functions, require the recommendation of the County Manager and approval of the County Commission. The County Manager may authorize transfers of appropriations between line items with any function without Commission approval. Appropriations lapse at year end. Final budget amounts are included on all budget comparisons in this report.

Charlton County, Georgia
Notes to the Budgetary Comparison Schedule
For the Year Ended December 31, 2018

1 Stewardship, Compliance and Accountability:

B. Excess of Expenditures over Appropriations:

There were no excess of Expenditures over Appropriations.

(Historical information prior to implementation of GASB67/68 os not required.)

Analysis of the dollar amounts of Fiduciary Net Position available for benefits, Total Pension Liability, and Net Pension Liability in isolation can be misleading. Expressing the Fiduciary Net Position as a percentage of the Total Pension Liability provides one indication of funded status on a going-concern basis. Analysis of this percentage over time indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the Plan.

Trends in Net Pension Liability and annual covered payroll are both affected by inflation. Expressing the Net Pension Liability as a percentage of annual covered payroll approximately adjusts for the effects of inflation and aids analysis of the Plan's progress in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage, the stronger the Plan.

STATE COMPLIANCE SECTION

SPECIAL REPORTS

The Special Report is applicable to the Special 1 Percent Sales and Use tax required by the State of Georgia.

Earl A. Lawson, CPA
Certified Public Accountant

Independent Auditor's Report on the Schedule of Special Purpose
Local Option Sales Tax

To The County Commissioners
Charlton County, Georgia

I have audited the accompanying Schedule of Special Purpose Local Option Sales Tax for the Charlton County, Georgia for the year ended December 31, 2018. This schedule is the responsibility of the Charlton County's management. My responsibility is to express an opinion on the Schedule of Special Purpose Local Option Sales Tax based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the Schedule of Special Purpose Local Option Sales Tax if free of material misstatement. An audit includes examining, on a test basis, evidence suppurating the amounts and disclosures in the Schedule of special Purpose Local Option Sales Tax. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Schedule of special Purpose Local Option Sales Tax. I believe that my audit provides a reasonable basis for my opinion.

The accompanying Schedule of Special Purpose Local Option Sales Tax was prepared for the purpose of complying with the Official Code to Georgia Annotated, 48-8-121 on the modified accrual basis of accounting used for the SPLOST schedule as described in Note 1-D and is not intended to be a complete presentation of Charlton County's revenues and expenditures.

In my opinion, the Schedule of Special Purpose Local Option Sales Tax referred to above presents fairly, in all material respects, the original estimated cost, the current estimated cost, and the current and prior year expenditures for each project in Charlton County's resolution or ordinance calling for the tax for the year ended December 31, 2018, in conformity with accounting principles generally accepted in the United states of America.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To The County Commissioners
Charlton County, Georgia

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, aggregate discretely presented component unit and the aggregate remaining fund information of Charlton County, Georgia, as of and for the year ended December 31, 2018, and the related notes to the financial statements which collectively comprise Charlton County's basic financial statements, and have issued my report thereon dated June 14, 2019. My report includes a reference to other auditors who audited the financial statements of the Charlton County Health Department, as described in my report of Charlton County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Charlton, County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charlton County's internal control. Accordingly, I do not express an opinion on the effectiveness to the Charlton County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

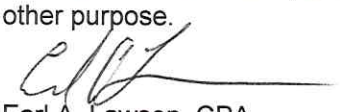

1025 Elizabeth St
Blackshear, GA 31516
912-449-5485
earlcpa@bellsouth.net

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charlton County's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Chairman and the Commissioners
Charlton County, Georgia

Report on Compliance for Each Major Federal Program

I have audited Charlton County, Georgia's (the "County") compliance with the types of compliance requirements described in the U.S. Office of Management and Budget *(OMB) Compliance Supplement* that could have a direct and material effect on each of the Charlton County, Georgia's major federal programs for the year ended December 31, 2018. Charlton County, Georgia's major federal program are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned cost.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

Auditor's Responsibility

My responsibility is to express an opinion on compliance for each of Charlton, Georgia's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United State of America; the standards applicable to financial audits contained in Government Auditing *Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Country of Charlton, Georgia's compliance with those requirements and performing such other procedure as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of the Charlton County, Georgia's compliance.

1025 Elizabeth St
Blackshear, GA 31516
912-449-5485
earlcpa@bellsouth.net

Independent Auditor's Report

Opinion on Each Major Federal Program

In my opinion, Charlton County, Georgia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

Report on Internal Control Over Compliance

Management of Charlton County, Georgia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered Charlton County, Georgia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of Charlton County, Georgia's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management of employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses of significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
