INDEPENDENT AUDITORS' REPORT

Board of Commissioners
McDuffie County, Georgia

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of McDuffie County, Georgia, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We did not audit the financial statements of the McDuffie County Health Department, a discretely presented component unit, whose statements reflect total assets of $138,200 and total net position of ($362,075) as of June 30, 2015, and total revenues of $525,536 for the year then ended. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the McDuffie County Health Department, is based on the report of other auditors.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the McDuffie County Health Department, a discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for McDuffie County, Georgia, is based solely on the report of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions
In our opinion, based on our audits and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of McDuffie County, Georgia, as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 5 through 14), the Schedule of the Net Pension Liability (on page 54), the Schedule of Contributions (on page 55) and budgetary comparison information (on page 50 through 53), be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise McDuffie County, Georgia's basic financial statements. The combining and individual nonmajor fund financial statements, the Schedule of Special Purpose Local Option Sales Taxes 2004-2008, Schedule of Special Purpose Local Option Sales Taxes 2009-2014, and Schedule of Special Purpose Local Option Sales Taxes 2015-2019 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the Schedule of Special Purpose Local Option Sales Taxes 2004-2008, Schedule of Special Purpose Local Option Sales Taxes 2009-2014, and Schedule of Special Purpose Local Option Sales Taxes 2015-2019 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the of Schedule Special Purpose Local Option Sales Taxes 2004-2008, Schedule of Special Purpose Local Option Sales Taxes 2009-2014, and Schedule of Special Purpose Local Option Sales Taxes 2015-2019 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2016, on our consideration of McDuffie County Georgia's internal control over financial reporting and on our tests of its compliances with certain provisions of laws regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering McDuffie County Georgia's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MCDUFFIE COUNTY GOVERNMENT
Management's Discussion and Analysis
For the Fiscal Year Ended December 31, 2015

As management of McDuffie County, we offer the readers of our financial statements this narrative overview and analysis of the financial activities for the fiscal year ended December 31, 2015. We encourage readers to consider the information presented in this analysis along with the complete financial statements and notes in the 2015 Audit Report to enhance their understanding of McDuffie County's financial performance.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to McDuffie County Government's financial statements which include government-wide and fund statements as well as notes to the financial statements. This report also contains other supplementary information in addition to the basic financials that may be of interest to the reader.

McDuffie County's basic financial statements are comprised of three components: The first component is government-wide financial statements, second is fund financial statements and third, notes to the financial statements. The Government-wide financial statements present an overall picture of McDuffie County's financial position and results of operations. The Fund financial statements present financial information for McDuffie County's major funds. The Notes to the financial statements provide additional information concerning McDuffie County's finances that are not disclosed in the Government-wide or Fund financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a similar manner to a private-sector business.

The statement of net position presents information on all the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. The purpose of the design of the statement of activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers. This statement also presents a comparison between direct expense and program revenues for each function of the government.

Both statements attempt to distinguish functions of McDuffie County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

In the *Statement of Net Position* and the *Statement of Activities*, we divide the County into three kinds of activities:

- Governmental activities - Most of the County's basic services are reported here, including general government, public safety, highway and streets, health and welfare, culture and recreation, judicial system and economic development.
- Business-type activities - The County charges a fee to customers to help cover the cost of certain services it provides. The County's solid waste operations are reported here.
- Component units - The County includes two separate entities in our report, The Development Authority of McDuffie County and the City of Thomson, and the McDuffie County Health Department. The Development Authority serves to promote, pursue and implement economic development in the County. The Health Department is a public health department serving all citizens and non-citizens of McDuffie County needing the available services provided by the Health Department.

The government-wide financial statements can be found on pages 16-21 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Like other state and local governments, McDuffie County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information is useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This will allow readers to better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 30 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the major funds. McDuffie County reports three major governmental funds – General Fund, SPLOST VI, and the Debt Service fund.

Proprietary Funds

The Government has one type of proprietary funds report used to account for activities that operate similar to commercial enterprises found in the private sector. The proprietary fund is the Solid Waste fund. This fund charges fees for services provided to outside customers including other local governments and are known as enterprise funds.

The proprietary fund statements can be found on pages 22-24 of this report.

Fiduciary Funds

Fiduciary Funds are used to account for resources held by the government for private organizations, other governments or other departments inside the government. The government is responsible for ensuring that these assets are used only for their intended purposes and are paid to the intended recipients. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's operation or programs. However, the accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 71-73 of this report.

Government-wide Financial Analysis

Net Position

Net position may serve over time as useful indicators of a Government's overall financial position to determine if the Government is improving or deteriorating. The Statement of Net Position presents information on all the Government's assets/deferred outflows and liabilities/deferred inflows, with the difference being reported as net position.

Government Assets exceed liabilities by $41.3 million and $40.1 million as of December 31, 2015 and December 31, 2014, respectively. Management has included comparative data which may be useful in comparing the current year and noting possible changes. The largest portion of McDuffie County's net position, 71%, reflects its investment in capital assets such as land, buildings, roads and equipment. The balance of unrestricted net position, 12% in 2015 and 13% in 2014 may be used to meet the Government's obligations to citizens and creditors.

The following table provides a summary of the County's governmental and business-type net position for fiscal year 2015 and 2014.

McDuffie County's Net Position
December 31, 2015 and 2014

	Governmental Activities		Business-Type Activities		Totals

Changes in Net Position

Governmental Activities

Governmental activities increased the Government's net position by $1.2 million. Listed below are some of the key elements of this change:

Governmental Revenues: The main source of revenues for governmental activities is property tax collections which represented 48.9% of the total governmental revenues. Property taxes decreased by $1,270,404 from 2014 as a result of a lower collection rate for 2015 and prior years. The Motor Vehicle Title Ad Valorem Tax was implemented which contributed to an increase in property taxes. The recent law changes remove sales and use tax on the purchase of motor vehicles and the annual ad valorem tax on the same motor vehicles and replaced these taxes with a one-time title ad valorem tax paid every time the ownership of a vehicle is transferred. Sales tax collections reflected a slight decrease due to implementation.

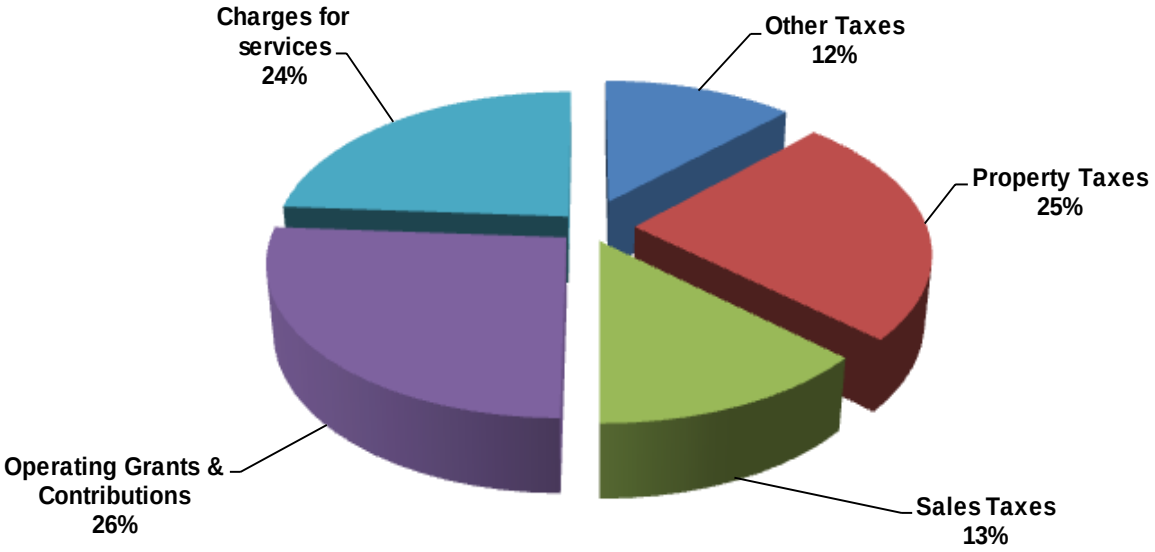

Governmental Functional Expenses: As reflected in the changes of net position, the Government expended $525,416 below the previous year. Public Safety represents of 40% of the Government's budget. The County is committed to providing substantial financial resources for the safety of its citizens.

Business-type activities: Business-type activities increased the Government's net position by approximately $243,926. The Solid Waste Facility increased the tipping fees by $1 per ton resulting in higher revenue collections. Also, a new contract was negotiated for hauling and disposal which decreased the operating costs.

Government-Wide Revenues

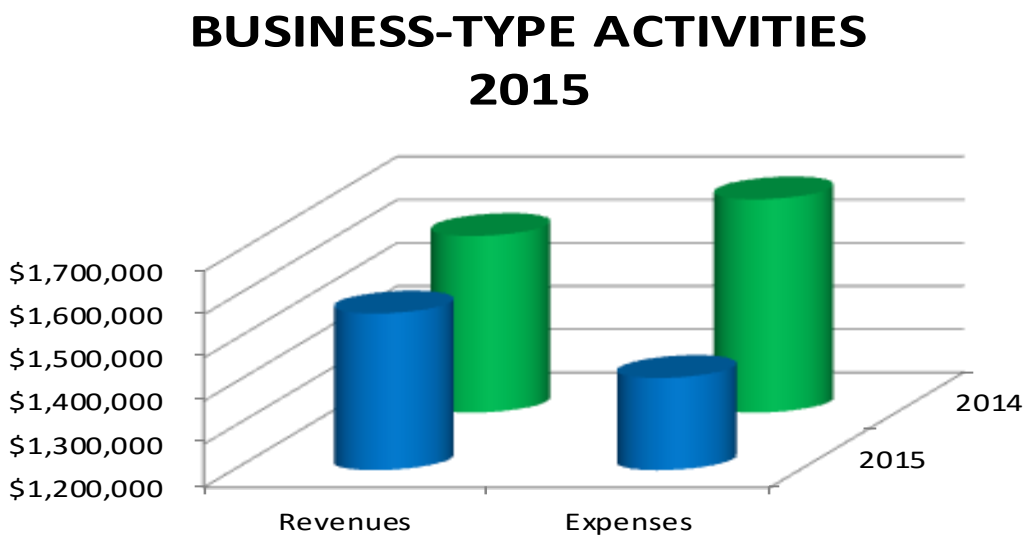

Government-Wide Expenses

Business-type activities

Business type activities reflected lower expenses and lower revenues for 2015. The solid waste system incurred a profit of $149,185 for the year. The illustration below compares the revenues and expenses for 2015 and 2014.

Financial Analysis of McDuffie County's Funds

As noted earlier, McDuffie County employs fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

Governmental funds provide information on near-term inflows, outflows, and balances of spendable resources. In assessing McDuffie County's financing requirements, unassigned fund balance is a particularly useful measure of net resources available for spending at the end of the fiscal year. The governmental fund types include the General Fund, Special Revenue Funds and Capital Projects Fund. The major funds are General Fund, SPLOST VI, and the Debt Service Fund.

As of December 31, 2015, McDuffie County governmental funds, which include the major funds and various other funds, reported combined fund balances of $12,657,815.

The General Fund is the chief operating fund of the County. At December 31, 2015, total fund balance was $5,598,337. The fund balance of McDuffie County has increased by $316,826 since 2014.

Capital Project funds account for the construction of capital improvements with SPLOST VI being the major fund. The SPLOST Capital Project Fund reflects funds collected from the 1% Special Local Option Sales Tax and expended for capital items that are in agreement with the resolution approved by the voters. Because projects often bridge several years and involve design, land acquisition, and construction phases, expenditures may vary widely from year to year. Costs expended yearly in capital projects funds are added to the County's construction-in-progress until the project is complete, and then depreciated over the assets' useful life.

Debt Service is another major fund for the Government. This fund includes the general obligation bond for the Government Center Complex which was issued in 2008. Debt payments are made from SPLOST V and SPLOST VI and should be completed by 2021.

A Local Maintenance and Improvement Grant is awarded annually by the Georgia Department of Transportation. The Board of Commissioners submits a listing of recommendations along with the estimated costs to the State of Georgia. Once approved by the State the grant is awarded and funds are disbursed to the County. Any additional funds needed are funded through SPLOST and T-SPLOST known as the Transportation Special Purpose Local Option Sales Tax.

Proprietary Funds

Proprietary fund statements provide the same information as in the business-type activities column of the government-wide statements, but in greater detail, and on a fund basis for enterprise funds.

Enterprise Funds – At December 31, 2015, total net position amounted to $685,892 for enterprise funds compared to $374,755 at December 31, 2014. The reason for this dramatic change is delineated below. Net position changes are a result of operations, other non-operating revenues and expenses, capital contributions and donated assets and grants. These funds received additional revenue from sources such as fees and transfers from the General Fund.

The solid waste transfer system had earned a profit of $149,185 for the year. The revenues decreased by $46,180 and the expenditures decreased by $280,258 for the year.

Capital Assets and Debt Administration

Capital Assets

McDuffie County has invested $40,193,726 in capital assets (net of accumulated depreciation). Approximately 99% of this investment is related to governmental activities and includes infrastructure, land, buildings and machinery and equipment. As always McDuffie County continues to increase capital assets each year to provide the best services to the citizens of McDuffie County. Capital assets are discussed in more detail in Note 6 of the financial statements.

The Citizens of McDuffie County voted to pass the T-SPLOST and tax collections began in January, 2013. These additional revenues were used for the resurfacing and paving of roads in the community along with joint projects with other Counties. In 2015, Georgia Department of Transportation approved the expansion of the western bypass. This award was in the amount of $16,987,900. This expansion will be near the new University Hospital McDuffie facility and connect to the other completed portion of the western bypass. This project will be paid from the T-SPLOST proceeds for joint projects with other Counties.

During 2015, the County began receiving collections from SPLOST VI, which is the new six year SPLOST the voters approved in 2014. These funds will assist with many capital assets needed in the community.

Capital assets held by the County at the end of the fiscal year are summarized as follows:

McDuffie County Capital Assets
(net of accumulated depreciation)

	Governmental		Business-Type		Totals	
	2015	2014	2015	2014	2015	2014
Land	$ 3,487,567	$ 3,615,820	$ 312,891	$ 312,891	$ 3,800,458	$ 3,928,711
Buildings	37,369,179	37,465,270	212,237	212,237	37,581,416	37,677,507
Machinery & equipment	10,491,793	9,476,540	320,856	967,890	10,812,649	10,444,430
Infrastructure	42,685,391	41,781,387	-	-	42,685,391	41,781,387
Construction in progress	128,546	62,493	249,576	-	378,122	62,493
Total Assets	94,162,476	92,401,510	1,095,560	1,493,018	95,258,036	93,894,528
Accumulated Depreciation	(54,757,479)	(52,762,137)	(306,831)	(1,042,828)	(55,064,310)	(53,804,965)
Net Capital Assets	$39,404,997	$39,639,373	$ 788,729	$ 450,190	$40,193,726	$40,089,563

Listed below are some of the significant capital asset transactions which occurred in 2015:

- General Fund funded two patrol vehicles totaling $68,584, digital images $21,239 and other capital assets totaling $34,979.
- Local maintenance and Improvement Grant funded a portion of road resurfacing in the amount of $324,902.
- SPLOST V, funded equipment for recreational activities in the amount of $12,775.
- T-SPLOST funded a portion of road resurfacing in the amount of $564,075.
- Solid Waste Facility began the development stages of a new inert waste landfill.

Debt Service

McDuffie County is a very fiscally conservative government. Debt agreements are used for capital outlay items. McDuffie County continues to have an excellent credit rating with Dunn & Bradstreet and should have no conflicts that would affect the financing of any planned facilities or services.

The County entered into a general obligation bond in the amount of $17,655,000 during 2008 to build a new government complex building. Interest and principal payments of $1,979,250 were paid from SPLOST V collections towards the general obligation bond. Standard & Poor's Rating Services has raised its rating on McDuffie County's general obligation bond to AA- from A+.

The State of Georgia has established a limit on the amount of general obligation debt that a unit of government can issue. he law limits the debt to 10% of the total assessed value of taxable property located within the government's jurisdiction. The legal debt margin for McDuffie County is approximately $46 million.

The following table displays all debt owed by McDuffie County for the current and prior years. This entire amount is backed by full faith and credit of the government. This table presents accrued compensated absences which reflect the liability the county owes the employees for vacation time. Also, the table includes postclosure cost for the landfill.

This liability represents the cost for routine water monitoring at the facility. The landfill was closed in 1995 and the county must maintain the landfill for thirty years. The net pension liability listed in the chart below represents the amount the County needs to fund future pension payments. This liability was calculated by the actuarial valuation as of December 31, 2014. Note 8 of the financial statements provide a summary of the long term liability transactions for the year ending 2015.

McDuffie County
Outstanding Debt
Fiscal Years 2015 and 2014

	Governmental Activities		Business-Type Activities		Totals	
	2015	2014	2015	2014	2015	2014
Accrued compensated absences	$ 320,735	$ 328,743	$ 5,544	$ 11,681	$ 326,279	$ 340,424
Net pension liability	1,111,156	-	-	-	1,111,156	-
Bonds payable	9,945,000	11,385,000	-	-	9,945,000	11,385,000
Postclosure costs	-	-	264,695	282,877	264,695	282,877
Total Debt	$ 11,376,891	$ 11,713,743	$ 270,239	$ 294,558	$ 11,647,130	$ 12,008,301

Economic Factors and Rates

McDuffie County Board of Commissioners continues to aggressively address the current and future needs of the County by focusing on sound financial management, the reserve policy, the use of current resources for capital expenditures and the development of capital improvements plans. With a growing population the challenge is to continue to improve the quality of life by concentrating on the demands placed on other infrastructure such as providing residents in the County with water, sewer and many other quality services.

During 2015, University Hospital McDuffie opened its new facility near Interstate 20. Several medical offices have been built in the complex adjacent to the hospital. These investments into the community should provide potential commercial growth for the area. McDuffie County opened in July, 2015 the Raysville Campground which had previous been operated by the Corps of Engineers. This facility is an asset to the community and attracts visitors from all across the State of Georgia.

McDuffie County is making every effort to keep the unemployment rate low. The unemployment rate as of December, 2015 was 7.2% compared to December, 2014 of 7.5%.

Budget Highlights for the Fiscal Year Ending December 31, 2016

- Balanced budget with no reduction in services and no tax increase
- A majority of County departments remained at the same budget allocation as 2015
- 2.5% cost of living pay increase and a merit increase of 2.5% was included for all full time employees
- Consolidated departments for the County Fire Department and Emergency Medical Services
- SPLOST VI collections will begin and funds will assist with necessary capital improvements
- T-SPLOST funds will be in the fourth year of collections and these accumulations will permit major roadway projects to proceed

Request for Information

This financial report is designed to provide a general overview of McDuffie County Government's finances for anyone interested in our County's finances. Questions concerning this report or any requests for additional information may be addressed to the McDuffie County Board of Commissioners, 210 Railroad Street, Thomson, GA 30824, and 706-597-7300 or at our Website www.thomson-mcduffie.com.

Amounts reported for governmental activities in the statement of activities are different because:	
Net change in fund balances - governmental funds	$ 676,085
Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the costs of capital assets are allocated over their estimated useful lives as depreciation expense. For the current year, these amounts were:	
Capital outlay	1,187,338
Depreciation expense	(2,290,251)
Net change in capital assets	(1,102,913)
In the statement of activities, the gain or loss on disposal of capital assets is reported. Conversely, governmental funds report only proceeds from disposal of capital assets. Thus, the change in net assets differs from the change in fund balance by the cost of the capital assets disposed.	
Cost of capital assets	(78,860)
Accumulated depreciation	78,860
Net book value	-
Because some revenues will not be collected for several months after the County's fiscal year end, they are not considered "available" revenues and are deferred in the governmental funds. Unearned revenues increased by this amount in 2015.	338,975
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, the repayment of the principal of long- term debt consume the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.	
Repayment of debt	1,440,000
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	
Pension expense	(56,335)
Compensated absences	8,008
	(48,327)
Change in net position of governmental activities	$ 1,303,820

The notes to the financial statements are an integral part of this statement.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Introduction

The financial statements of McDuffie County, Georgia (the "County") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

As permitted by accounting principles generally accepted in the United States of America, the County has elected to apply only applicable Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, that do not contradict GASB pronouncements in its accounting and reporting practices for its government-wide and proprietary operations. The County's more significant accounting policies are described in the following:

B. The Financial Reporting Entity

McDuffie County, Georgia, (the "County)", is located in the Central Savannah River area of Georgia, west of Augusta, Georgia. It was created from Columbia and Warren counties in 1872, the one-hundred thirty-second county created in Georgia. The County was named for George McDuffie, who was born in Georgia, served as governor and senator from South Carolina, and was a notable orator throughout the South. The County operates under an elected Commission, appointed manager, form of government.

The accompanying summary of the County's more significant accounting policies is presented to assist the reader in interpreting the financial statements and other data in this report. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. These policies conform to accounting principles generally accepted in the United States of America as applicable to governmental units.

A board of five elected County Commissioners (the Board) governs McDuffie County, Georgia. They appoint a County Manager who is the Chief Administrative Officer and is responsible for day to day operations and implementation of the policy decisions made by the Board. As required by generally accepted accounting principles, these financial statements present McDuffie County, Georgia, (the primary government) and its component units. The component units are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

C. Individual Component Unit Disclosures

Development Authority of McDuffie County and the City of Thomson - The Authority was created for the purpose of promoting and developing trade, commerce, industry, and employment opportunities within the County. A Board of Directors appointed by the County Board of Commissioners governs the Authority. The Authority is funded and administered by the County. Separate financial statements have not been prepared for the Development Authority of McDuffie County and the City of Thomson.

McDuffie County Health Department – The Health Department receives funding from McDuffie County. The McDuffie County Board of Commissioners appoints Board members. The McDuffie County Board of Health has a June 30, year-end, and the financial statements included herein are as of and for the year ended June 30, 2015. Separate financial statements have been issued, and are available from the McDuffie County Board of Health. The address is: McDuffie County Health Department, 300 Greenway Street, Thomson, GA 30824.

Discretely presented component units are presented in separate columns on the government-wide statement of net position and statement of activities to emphasize legal separation from the County.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Certain County elected officials collect and disburse taxes, fees, fines, etc. Separate records of accountability are maintained for such transactions, which are recorded in the agency funds of the County. Receipts transferred from these funds to the County's General Fund, and Special Revenue Funds are included as revenue in these funds.

Operating costs for these officials are included as expenditures in the General Fund. These elected officials are:

Tax Commissioner
Probate Court Judge
Magistrate Court Judge
Clerk of Superior Court
Sheriff

D. Basic Financial Statements

The basic financial statements consist of the following:

Government-wide financial statements
Fund financial statements
Notes to the basic financial statements

Government-wide statements – The statement of net position and the statement of activities report information on all of the nonfiduciary activities of the primary government and its component units. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with the program or function of the County's governmental activities. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund financial statements – The fund financial statements provide information about the County's funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented, although the latter is excluded from the government-wide financial statements. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

E. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements and the fiduciary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The County considers all revenues available if they are collected within sixty days after year end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Property taxes, franchise taxes, licenses, interest and special assessments are susceptible to accrual. Sales taxes collected and held by the state at year end on behalf of the County are also recognized as revenue. Other receipts and taxes become measurable and available when cash is received by the County and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria is met. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The accounts of the County are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with financial related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The County reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the County. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, state grants, and various other taxes and licenses. The primary expenditures are for general administration, public safety, highways and streets, health and welfare, and culture and recreation.

SPLOST VI Fund - The SPLOST VI Fund is used to account for proceeds from SPLOST VI.

Debt Service Fund - The Debt Service Fund is used to account for the resources accumulated and payments made for principal and interest on long-term debt of governmental funds.

The County reports the following major enterprise funds:

Water Fund – The Water Fund is used to account for water operations as well as construction and maintenance of water projects.

Solid Waste Fund – The Solid Waste Fund is used to account for the cost of operating and maintaining the landfill facility.

Sewer Fund - The Sewer Fund is used to account for sewer operations as well as construction and maintenance of sewer projects.

Additionally, the County reports the following fund types:

Fiduciary Funds – Fiduciary Funds are custodial in nature and do not involve the measurement of operating results. Such funds have no equity accounts since all assets are due to individuals or entities at some future time. These funds account for assets held by the County in an agency capacity for individuals and other government units.

Fiduciary funds include all trust funds which account for assets held by the County as a trustee for individuals or other government units. The accounting used for fiduciary funds is accrual basis, much like that used for proprietary funds.

The County has adopted GASB Statement No. 20, Accounting and Financial Reporting of Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting, and has elected to follow GAAP prescribed by GASB and all Financial Accounting Standard Board (FASB) standards issued prior to November 30, 1989. Subsequent to this date, the County accounts for its proprietary funds as presented by GASB.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Proprietary funds are accounted for using the accrual basis of accounting and distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues are charges to customers for sales and services. Operating expenses for enterprise funds include costs of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

F. Budgets and Budgetary Accounting

Annual appropriated budgets are adopted by the Board of Commissioners for the General, Debt Services and Special Revenue Funds on a total revenues and total expenditures basis.

The following are the statutory procedures followed by the Board in establishing a budget:

1. Prior to July 20, the County Manager receives budget requests from County Departments for the fiscal year commencing January 1.
2. Prior to the first Wednesday in August, the County Manager presents the proposed budget to the Board of Commissioners.
3. The Board of Commissioners holds public hearings.
4. Prior to October 20, the Board of Commissioners formally adopts the budget for the fiscal year commencing January 1.
5. The legal level of budgetary control is the departmental level.
6. All appropriations lapse at year end.
7. The operating budgets originally adopted may be revised or amended throughout the year as presented below:
    a. The County Manager may authorize transfers (revisions) within the departments, except for substantive salary amendments.
    b. The Board approves transfers (amendments) between departments or between funds.
    c. Increases or decreases in the total fund appropriation are by authority of the Board.
    d. Increases or decreases within any department are by authority of the Board.
    e. Appropriation of fund balances in excess of established reserve requirements are by authority of the Board.

The County's legally adopted budget is on the cash basis. The County adopted fiscal year 2015 budgets for the General Fund, Debt Services and Special Revenue Funds. A reconciliation of cash basis to generally accepted accounting principles (GAAP) is included in the financial statements. A project-length balanced budget was adopted for each capital project fund.

G. Encumbrance Accounting

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue Funds and Capital Projects Funds. Encumbrances outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

At December 31, 2015, the County reported no reserve for encumbrances.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

H. Assets, Liabilities and Fund Equity

Cash and Investments
The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments that mature within three months of the date acquired.

The County follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools.* Nonparticipating interest-earning investment contracts (investments whose value is not affected by interest rates or other market changes), including savings accounts, certificates of deposit, repurchase agreements, money market investments (short-term, highly liquid debt instruments including commercial paper, banker's acceptances and U.S. Treasury and agency obligations) and participating interest-bearing investment contracts, that have a remaining maturity, at purchase, of one year or less are reported at cost or amortized cost assuming their fair value has not been impacted by changes in the credit worthiness of the issuer or similar factors. All other investments are reported at fair value (the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale).

"Georgia Fund 1", created by OCGA 36-83-8, is a stable net asset value investment pool which follows Standard and Poor's criteria for AAA rated money market funds. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal ($1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on a $1.00 per share. The Office of the State Treasurer is the regulatory oversight agency for Georgia Fund 1.

Receivables
All receivables are reported at their net realizable value.

Inventories
Inventories are valued at cost using the first-in/first-out (FIFO) or specific identification methods. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Prepaid Expenses
Certain payments to vendors reflect costs applicable to future accounting periods and are recorded in the year of purchase in both government-wide and fund financial statements.

Interfund Receivables and Payables
During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as interfund receivables and payables on the balance sheet of the fund financial statements and as "internal balances" on the statement of net position in the government-wide financial statements.

Restricted Assets
The restricted cash recorded in the Debt Service Fund reflects amounts set aside for debt service. Amounts equal to two payments of the debt service are restricted.

The restricted cash recorded in the Water-Sewer Expansion Fund reflects amounts set aside for debt service. Amounts equal to one-tenth of the monthly debt service are restricted.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Capital Assets
Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial individual cost of more than $2,500 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Infrastructure acquired prior to June 30, 1980 is not reported.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as the projects are constructed. Interest incurred during the construction phase of proprietary assets is included as part of the capitalized value of the assets constructed. All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets.

Depreciation is computed using the straight-line method over the following useful lives:

	Years
Buildings	25–50
Building improvements	20–25
Infrastructure	20–50
Furniture, fixtures and equipment	5–15
Vehicles	3–5
Specialized use equipment	2–10
Water system additions	15–40

Deferred Outflows/Inflows of Resources
In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County had outflow of resources related to net pension liability.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County has only one type of item which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and resources related to net pension liability.

Compensated Absences
It is the County's policy to permit employees to accumulate earned but unused leave benefits. Employees are allowed to accumulate a maximum of 320 hours' vacation time; there are no limits on the accumulation of sick time. The County's government-wide and proprietary funds include an accrual for the estimated compensation costs attributable to employee earned but unused leave benefits. Compensated absences are liquidated through the General Fund.

Long-Term Obligations
In the government-wide financial statements and proprietary funds financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary funds statement of net position.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fund Equity
Fund equity at the government fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

Fund balance reported in the governmental funds financial statements generally represents the difference between current assets and current liabilities. Fund balance classifications represent a hierarchy based primarily on the extent to which the County is bound to honor constraints on specific purposes for which amounts in those funds can be spent. These classifications may consist of the following:

a. **Nonspendable** - Fund balances are classified as nonspendable when amounts cannot be spent because they are either i) in nonspendable form or ii) they are legally contractually required to be maintained intact. The County includes items that are not expected to be converted to cash such as inventories and prepaid amounts.
b. **Restricted -** Fund balances are reported as restricted when their use is restricted for specific purposes including i) constraints on funds externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or ii) constraints imposed by law through constitutional provisions or enabling legislation.
c. **Committed** - Fund balances are reported as committed if their use is for a specific purpose as approved by formal action by the County Council (resolution). Amounts committed cannot be used for any other purpose unless Council removes or changes the specific use by approving such action through resolution at a Council meeting. Budget resolutions are considered a plan for specific use.
d. **Assigned** - Fund balances are reported as assigned when constrained by the County's intent to use the funds for specific purposes that are neither restricted nor committed. Assigned fund balances include i) all remaining amounts (except negative balances) reported in governmental funds, other than the General fund, that are not classified as nonspendable, restricted or committed, and ii) amounts in the General Fund intended for a specific use identified by either the County Manager or Finance Director, and iii) amounts appropriated to eliminate a projected budget deficit in the subsequent year.
e. **Unassigned** - Fund balances are reported as unassigned when the balances do not meet any of the above four criteria for classification. The County reports positive unassigned fund balance in only the General Fund. Negative unassigned fund balances may be reported in all governmental funds.

For purposes of fund balance disbursement, unless otherwise approved by the County Council, the County will expend restricted fund balance when an expenditure is incurred for which both restricted and unrestricted fund balance is available. Next the County will expand committed fund balance when an expenditure is paid for which unrestricted fund balance is available. The County would next disburse fund balance assigned for purposes of the fund before disbursing other assigned fund balance amounts. In the General Fund, the County would disburse unassigned fund balance prior to disbursing fund balance assigned for financial policy reserve levels or amounts assigned to eliminate subsequent year's budget deficit.

Net position is classified in three components in the government-wide financial statements.

a. **Invested in capital assets, net of related debt** consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
b. **Restricted net position** consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
c. **Unrestricted net position** consists of all other net position that does not meet the definition of "restricted" or "invested in capital assets".

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

I. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, expenses and expenditures during the reporting period. Actual results could differ from those estimates.

J. Property Taxes

Property taxes are an enforceable lien on property as of January 1 of the current tax year. Generally, taxes are levied in September and are due and payable on or before November 15. Since the tax digest, which is prepared by the McDuffie County Tax Appraiser, has to be approved by the Georgia Department of Revenue, the tax levy may be delayed later than September. In such cases, the taxes are due within 60 days after levy. The County bills and collects its property taxes. County property tax revenues are recognized when levied. An allowance is established for delinquent taxes to the extent that their collectability is improbable based on management's estimate of the amount to be collectible. Current year property taxes were levied August 18, 2015, and were due November 15, 2015.

K. Local Option Sales Tax

The County receives sixty-seven percent (67%) of a one percent (1%) local option sales tax on all retail sales within the County. The proceeds of this tax are used to reduce, on a dollar-for-dollar basis, the millage equivalent amount of property taxes to be levied in the subsequent year. Insurance premium taxes collected must also reduce the ensuing property tax levy. The County has established a fiscal policy to designate that portion of the General Fund's fund balance, if available, for subsequent years' expenditures.

NOTE 2 – MCDUFFIE COUNTY/CITY OF THOMSON, GEORGIA WATER AND SEWER COMMISSION

The City of Thomson, Georgia and McDuffie County, Georgia have established the McDuffie County/City of Thomson, Georgia, Water and Sewer Commission to operate, maintain and extend the water and sewerage system for the City/County area. The Commission assumed the ownership and operations of the City of Thomson Water and Sewer Enterprise Fund in 1988, in conjunction with funding for expansion with the one percent (1%) Special Purpose Local Option Sales Tax. The Commission has seven members, three each from the City and County, and the seventh appointed by the Commission. The Commission was established for a term of fifty years. The City and County are equally responsible for the ownership of and the future maintenance and improvements to the System. The System is a closed system whereby all funds derived from the operation of the System must be used for the purposes of operating, maintaining, improving, or expanding the System.

Based on the standards established by Statement No. 14 of the Governmental Accounting Standards Board, the Commission is a legally separate governmental organization classified as a joint venture. A joint venture is a legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants in a separate and specific activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility.

Generally, the purpose of a joint venture is to pool resources and share the costs, risks, and rewards of providing goods or services to the venture participants directly, or for the benefit of the general public or specific service recipients. Joint control means that no single participant has the ability to unilaterally control the financial or operating policies of the joint venture.

An ongoing financial interest in a joint venture includes an equity interest when the agreement stipulates that the participating governments have a present or future claim on the net resources of the joint venture.

A participating government has an ongoing financial responsibility for a joint venture if it is obligated in some manner for the debts of the joint venture, or if the joint venture's continued existence depends on continued funding by the government.

NOTE 2 – MCDUFFIE COUNTY/CITY OF THOMSON, GEORGIA WATER AND SEWER COMMISSION- Continued

Each participating government of the Commission has final authority for establishing rules and water and sewer rates, fees, standards and any other policy matters as are appropriate for the efficient delivery of water and sewer services. As such, each participating government has an indirect financial responsibility for the System, as defined by GASB Statement No. 14.

The City and County share certain responsibilities with respect to the Commission. The City is responsible for operations, maintenance and customer billing for the System. The County is responsible for administering construction funds obtained through the Special Purpose Local Option Sales Tax. The City and County jointly or individually administer grant and other funds, depending on the terms of such funding.

The basic financial statements of the Commission are presented in a manner consistent with primary governments. Operating transfers to the Commission by the participating governments are accounted for as intergovernmental transfers. Federal and state grant funds transferred to the Commission by the participating governments are accounted for as sub-recipient grant funds. Financial information for the year ended December 31, 2015, is summarized as follows:

Operating revenues	$ 4,307,240
Depreciation and amortization expense	1,345,893
Operating income (loss)	(436,489)
Change in net position	(339,440)
Capital asset change	1,250,944
Net working capital	1,969,078
Total assets	40,490,110
Deferred outflows of resources	98,588
Revenue bonds and other long-term liabilities	10,892,315
Deferred inflows of resources	(66,544)
Total net position	28,889,339

The Commission has issued a separate financial report that may be obtained from:

City of Thomson
P. O. Box 1017
Thomson, Georgia 30824

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Bonds Payable
As of December 31, 2015, the County is in compliance, in all material respects, with requirements under covenants relating to its bonds payable.

Credit Risk – State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime banker's acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia.

Custodial Credit Risk – Deposits – Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities.

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY- Continued

Custodial Credit Risk – Investments – Custodial credit risk for investments is the risk that, in the event of failure of the counterparty, the County will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. State statutes require all investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities.

NOTE 4 – CASH AND TEMPORARY INVESTMENTS

As of December 31, 2015, the County had the following investments:

Investments	Weighted Avg Maturities	Fair Value	Credit Rating
Primary Government:			
Various Certificates of Deposit	43 days	$ 725,934	AAAm
Total fair value		$ 725,934	

Interest Rate Risk – The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 5 – TAXES RECEIVABLE

The County's Tax Commissioner bills and collects property taxes, then remits to the County its respective share of property taxes. Current year property taxes were levied August 18, 2015, and were due November 15, 2015. Property taxes become a lien on the first day of the levy year. Unpaid property taxes received within 60 days of year end are recognized and recorded as revenue (considered measurable and available), and property taxes unpaid 60 days after year end are recorded as unearned revenue. A summary of the 2015 tax levy follows:

		General Fund
2015 millage rate -	incorporated	8.50
	unincorporated	7.80
Net property tax levy		$ 4,532,497
Property tax receivable		$ 716,335
Allowance for doubtful account		(148,918)
Property tax receivable, net allowance		$ 567,417
Unearned property tax revenues		$ 563,511

NOTE 6 – CAPITAL ASSETS

Governmental capital assets activity for the year ended December 31, 2015, was as follows:

	Balance 1/1/2015	Balance 1/1/15, restated	Transfers/ Additions	Deletions	Balance 12/31/2015
Capital assets not being depreciated					
Construction in process	$ 62,493	$ 62,493	$ 66,053	$ -	$ 128,546
Land	3,615,820	3,487,567	-	-	3,487,567

Furniture, fixtures, and equipment	(6,642,937)	(6,912,932)	(812,019)	78,860	(7,646,091)
Less accumulated depreciation	(52,762,137)	(52,546,088)	(2,290,251)	78,860	(54,757,479)
Net capital assets being depreciated	35,961,060	36,957,850	(1,168,966)	-	35,788,884
Governmental activities capital assets - net	$ 39,639,373	$ 40,507,910	$ (1,102,913)	$ -	$ 39,404,997

Depreciation expense was charged to functions as follows:

General Government	$ 827,880
Public Safety	435,167
Highways and Streets	835,413
Health and Welfare	41,781
Culture and Recreation	150,010
	$ 2,290,251

NOTE 6 – CAPITAL ASSETS - Continued

Business-type capital assets activity for the year ended December 31, 2015, was as follows:

Water Fund:

	Balance 1/1/2015	Balance 1/1/15, restated	Additions	Transfers/ Deletions	Balance 12/31/2015
Capital assets not being depreciated					
Construction in process	$ 189,144	$ 189,144	$ -	$ -	$ 189,144
Total capital assets not being depreciated	189,144	189,144	-	-	189,144

Solid Waste Fund:

	Balance 1/1/2015	Balance 1/1/15, restated	Additions	Transfers/ Deletions	Balance 12/31/2015
Capital assets not being depreciated					
Construction in process	$ -	$ -	$ 60,432	$ -	$ 60,432
Land	312,891	312,891	-	-	312,891
Total capital assets not being depreciated	312,891	312,891	60,432	-	373,323
Capital assets being depreciated					
Buildings and improvements	212,237	212,237	-	-	212,237
Furniture, fixtures, and equipment	967,890	967,890	34,310	(681,344)	320,856
Total capital assets being depreciated	1,180,127	1,180,127	34,310	(681,344)	533,093
Less accumulated depreciation:					
Buildings and improvements	(109,160)	(109,160)	(5,305)	-	(114,465)
Furniture, fixtures, and equipment	(933,668)	(865,108)	(8,602)	681,344	(192,366)
Less accumulated depreciation	(1,042,828)	(974,268)	(13,907)	681,344	(306,831)
Net capital assets being depreciated	137,299	205,859	20,403	-	226,262
Business-type activities capital assets - net	$ 639,334	$ 518,750	$ 80,835	$ -	$ 788,729

Depreciation expense on capital assets of the Proprietary Funds was $13,907 for the year ended December 31, 2015.

Capitalization of Interest Costs requires that interest expenditures incurred during construction of assets be capitalized. *Capitalization of Interest Costs in Situations Involving Certain Tax-Exempt Borrowings and Certain Gifts and Grants* concludes that constructed assets financed with the proceeds of tax-exempt debt (if those funds are externally restricted to finance the acquisitions of the asset or used to service the related debt) should include capitalized interest only to the extent that interest costs exceed interest earned on related interest-bearing borrowing. There were no construction period interest costs capitalized in the Water and Sewer Fund during the year ended December 31, 2015.

NOTE 6 – CAPITAL ASSETS – Continued

Capital assets of the Discretely Presented Component Units consist of the following:

Development Authority	Balance 1/1/2015	Additions	Transfers/ Deletions	Balance 12/31/2015
Capital assets not being depreciated				
Land and land improvements	$ 3,637,441	$ 188,023	$ -	$ 3,825,464
Property, plant and equipment				
Buildings and improvements	2,048,491	-	-	2,048,491
Equipment and furniture	57,001	-	-	57,001
Total property, plant and equipment	2,105,492	-	-	2,105,492
Less accumulated depreciation				
Buildings	(463,459)	(55,707)	-	(519,166)
Equipment and furniture	(41,115)	(6,344)	-	(47,459)
Total accumulated depreciation	(504,574)	(62,051)	-	(566,625)
Net capital assets being depreciated	1,600,918	(62,051)	-	1,538,867
Component unit capital assets - net	$ 5,238,359	$ 125,972	$ -	$ 5,364,331

Depreciation expense on capital assets of the Development Authority was $62,051 for the year ended December 31, 2015.

At June 30, 2015, the Health Department's investment in capital assets totaled $15,348, all of which were fully depreciated. Schedule included in the Health Departments financial statements.

NOTE 7 – NOTES RECEIVABLE

At December 31, 2015, the Development Authority of McDuffie County and the City of Thomson (a discretely presented component unit) had the following notes receivable outstanding. The notes were collateralized by real estate.

Note receivable bearing interest at 2.75%, due in monthly installments of $1,697, including principal and interest, maturing in 2024.	$ 148,763
Note receivable bearing interest at the WST prime rate minus 1%, as adjusted every 12 months, loan facility will be for a term of 5 years.	94,484
Notes receivable bearing interest at the federal fund rate as adjusted every six months, loan facility will be for a term of 10 years.	268,374
Notes receivable bearing interest at the federal fund rate as adjusted every six months, loan facility will be for a term of 15 years.	192,447
	$ 704,068

NOTE 8 – LONG TERM DEBT

The following is a summary of the long-term liability transactions for the year ended December 31, 2015:

	Balance 1/1/2015	Additions	Deletions	Balance 12/31/2015	Due within One Year
Governmental Activities					
Bonds payable	$ 11,385,000	$ -	$ (1,440,000)	$ 9,945,000	$ 1,495,000
Net pension liability	1,167,511	935,914	(992,269)	1,111,156	-
Accrued compensated absences	328,743	-	(8,008)	320,735	-
Total debt - governmental activities	$ 12,881,254	$ 935,914	$ (2,440,277)	$ 11,376,891	$ 1,495,000
Business-type Activities					
Accrued compensated absences	$ 11,681	$ -	$ (6,137)	$ 5,544	$ -
Accrued closure and postclosure costs	282,877	-	(18,182)	264,695	-
Total debt - business-type activities	$ 294,558	$ -	$ (24,319)	$ 270,239	$ -

Bonds Payable

In December, 2008, the County entered into a bond agreement for $17,655,000 bearing interest rates of 3% - 5.25% for the purpose of paying the costs of the acquisition and furnishing of a City of Thomson/McDuffie County government center. Annual debt service requirements to maturity for these bonds are as follows:

For the year ending December 31,	Principal	Interest	Total Debt Service
2016	$ 1,495,000	$ 450,356	$ 1,945,356
2017	1,555,000	377,994	1,932,994
2018	1,615,000	304,650	1,919,650
2019	1,685,000	224,169	1,909,169
2020	1,760,000	138,044	1,898,044
2021	1,835,000	47,022	1,882,022
Total	$ 9,945,000	$ 1,542,235	$ 11,487,235

NOTE 8 – LONG TERM DEBT - Continued
Long Term Debt-Discretely Presented Component Units

The following is a summary of the Discretely Presented Component Units' long term debt:

Health Department	Balance 7/1/2014	Additions	Deletions	Balance 6/30/2015	Due within One Year
Net pension liability	$ 491,767	$ -	$ (16,414)	475,353	
Accrued compensated absences	32,145	18,897	(24,327)	26,715	-

Development Authority	Balance 1/1/2015	Additions	Deletions	Balance 12/31/2015	Due within One Year
Note payable	$ 2,160	$ -	$ (2,160)	$ -	$ -

NOTE 9 – RETIREMENT PLAN
Defined Benefit Pension Plan
The County sponsors the Association County Commissioners of Georgia Restated Pension Plan for McDuffie County Employees (The Plan), which is a defined benefit pension plan.

The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of the adoption agreement, is affiliated with the Association County Commissioners of Georgia Third Restated Defined Benefit Plan (an agent multiple-employer pension plan, administered by GEB Corp. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of the ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of The Plan, as provided in Section 19.02 of the ACCG Plan document. The Plan issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained by writing Government Employees Benefits Corporation of Georgia, 400 Galleria Parkway, Suite 1250, Atlanta, Georgia 30339

All full-time County employees are eligible to participate in the Plan after completing three years of service with benefits vesting after five years of service. Participants become eligible to retire with unreduced benefits at the earlier of age 65 with 5 years of participation in the Plan, or by age 62 with 35 years of service. Upon eligibility to retire, participants are entitled to a monthly benefit in the amount of 1% of average annual compensation up to $10,000 plus 1.5% of average annual compensation in excess of $10,000, plus $36 for each year of service up to 35 years, payable as a ten year certain and life annuity. Average annual compensation is calculated based on the highest five-year period during the ten years prior to retirement or termination. The Plan also provides benefits in the event of death or disability. These benefit provisions were established by an adoption agreement executed by the County Board of Commissioners.

County employees are not required to contribute to the Plan. The County contributes the entire cost of the Plan.

Participant counts as of January, 1, 2014, (the most recent actuarial valuation date) and covered compensation (based on covered earnings for the preceding year) are shown below:

Retirees and beneficiaries receiving benefits	48
Terminated Plan participants entitled to, but not yet receiving benefits	54
Active employees participating in the Plan	121
Total number of Plan participants	223
Covered compensation for active participants	$ 4,008,169

NOTE 9 – RETIREMENT PLAN- Continued

Contributions

The County is required to contribute an actuarially determined rate. Sections 47-20 of the Georgia Code sets forth the minimum funding standards for state and local governmental pension plans. Administrative expenses are based on the total covered compensation of active plan participants and are added to the state-required annual funding requirement.

The Georgia Constitution enables the governing authority of the County, The Board of Commissioners, to establish, and amend from time-to-time the contribution rates for the County and its plan participants.

Net Pension Liability

The County's net pension liability was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The total pension liability as of December 31, 2014 valuation was determined by an actuarial valuation using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.50%	
Salary Increases	3.50%	per year with an age based scale
Investment rate of return	7.50%	per year

Mortality rate were based on the RP-2000 Combined Mortality Table for Males and Females set back two years for males and set back three years for females.

The long-term expected rate of return on pension plan investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Range
Fixed income:	30%	25% - 35%
Domestic large equities	30%	25% - 35%
Domestic mid equities	5%	2.5% - 10%
Domestic small equities	5%	2.5% - 10%
REIT	5%	2.5% - 10%
International	15%	10% - 20%
Multi cap	5%	2.5% - 10%
Global allocation	5%	2.5% - 10%
TOTAL	100%	

*Rates shown are net of the 3.5% assumed rate of inflation

The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability

NOTE 9 – RETIREMENT PLAN – Continued

Change in the Net Pension Liability

	Pension Liability	Fiduciary Net Position	Net Pension Liability
Balance at December 31, 2014	$ 8,526,761	$ 7,359,250	$ 1,167,511
Changes for the year:			
Service cost	187,567	-	187,567
Interest	627,923	-	627,923
Contribution-employer	-	465,496	(465,496)
Net investment income	-	526,773	(526,773)
Benefit payments	(308,908)	(308,908)	-
Administrative expense	-	(22,037)	22,037
Other changes	-	(98,387)	98,387
Net changes	506,582	562,937	(56,355)
Balance at December 31, 2015	$ 9,033,343	$ 7,922,187	$ 1,111,156

The following presents the County's net pension liability calculated using the discount rate of 7.50%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current rate:

	1% Decrease 6.50%	Current Discount Rate 7.50%	1% Increase 8.50%
County's net pension liability	$ 2,280,953	$ 1,111,156	$ 127,700

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2015, the County recognized pension expense of $56,335. At December 31, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ -	$ -
Changes of assumptions	51,469	-
Net difference between projected and actual earnings on pension plan investments	-	-
Total	$ 51,469	$ -

Amounts report as deferred outflows of resources and deferred inflows of resources related to pension will be amortized in pension expense as follows:

Deferred Outflows/(Inflows) Recognized in Future Years

2016	$ 12,867
2017	12,867
2018	12,867
2019	12,868
2020	-
Thereafter	-

NOTE 9 – RETIREMENT PLAN – Continued

Other State of Georgia Pension Plans
The Sheriff, Clerk of Superior Court, Probate Judge, Tax Commissioner, and various other employees of the County are covered by the State of Georgia retirement plans and are not included as a part of the County's plan described above. These State Plans are funded, in part, through County fines and forfeiture collections.

Information on the Sheriff Retirement plan may be found at the following:

Georgia Sheriffs Association Retirement Fund
P.O. Box 1000
Stockbridge, GA 30281

Information on the Clerk of Superior Court Retirement plan may be found at the following:

Superior Court Clerk's Retirement Fund of Georgia
124 N. McDonough St., #3
Jonesboro, GA 30236

Information on the Probate Judge Retirement plan may be found at the following:

Probate Retirement Fund of Georgia
P.O. Box 56
Griffin, GA 30224

Information on the Tax Commissioners Retirement plan may be found at the following:

Employee Retirement System
Two Northside 75, Suite 300
Atlanta, GA 30318

Deferred Compensation Plans
The County has adopted deferred compensation plans in accordance with Section 457 of the Internal Revenue Code. The plans allow any employee participant to voluntarily defer the lesser of 100% of the participant's gross compensation or $15,000 per year. All administrative costs of the plans are deducted from the participants' accounts. Benefit payments are payable upon termination of employment, unforeseeable emergency, retirement or death. The Custodial Account Agreement requires the County set aside assets and income from the plan in trust for the exclusive benefit of the participants and their beneficiaries. The County is in compliance with the agreement.

Information about the GEBCorp Deferred Compensation plan may be found at the following:

The Charles Schwab Trust
425 Market Street, 7th Floor
San Francisco, CA 94105

The County believes that it has no liability for losses under the plans but does have the duty of due care that would be required of an ordinary prudent investor.

The investments are managed by the Plan Administrator in one of three investment options or a combination thereof. The available options include fixed annuity, variable annuity and universal life insurance. The participant makes the choice of investment option(s).

NOTE 9 – RETIREMENT PLAN – Continued

At December 31, 2015, 15.5%, or 47, of the County's 304 employees, were participants in the deferred compensation plans.

The employees of the County contributed $85,776, respectively, to GEBCorp deferred compensation plan during the year ended December 31, 2015.

GASB Statement No. 2, *Financial Reporting of Deferred Compensation Plans Adopted under the provisions of Internal Revenue Code Section 457,* established reporting requirements for IRC Section 457 plans. Based on the laws in effect at the time of its passage, that Statement required that all amounts deferred by the plan participants be reported as assets of the employer until made available to the participants or their beneficiaries. The laws governing these plans were changed to state that, as of August 20, 1996, new plans will not be considered eligible plans "unless all assets and income of the plan described in subsection (b)(6) are held in trust for the exclusive benefit of the participants and their beneficiaries". In the case of an existing plan, a trust need not be established before January 1, 1999. Since the County amended its plan to comply with the requirements of subsection (g) of Internal Revenue Code Section 457, it has adopted GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans.*

NOTE 10 – RISK MANAGEMENT, LITIGATION, AND CONTINGENCIES

Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the government is a member of a public entity risk pool currently operating as a common risk management and insurance program for member local governments. The County has joined together with other municipalities in the state as part of the Georgia Inter-Local Risk Management Agency Property and Liability Insurance Fund and the Association County Commissioners of Georgia Group Self-Insurance Workers' Compensation Fund (ACCG-GSIWCF). As part of these risk pools, the Government is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds. The funds are to defend and protect members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation, or defense.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. An excess coverage insurance policy covers individual claims. Liabilities include amounts that have been incurred but not reported. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors. The liability for claims and judgments is reported as long term debt because it is not expected that it will be liquidated from expendable available financial resources. As of December 31, 2015, the County had recorded no liability for claims.

The change in the balances of the workers' compensation pool claims during fiscal year 2015 is as follows:

Unpaid claims, beginning of fiscal year	$ 189,293
Incurred claims	155,542
Claim payments	(41,164)
Unpaid claims, end of fiscal year	$ 303,671

NOTE 10 – RISK MANAGEMENT, LITIGATION, AND CONTINGENCIES – CONTINUED

General, property, and vehicle liabilities are provided for by commercial insurance coverage. Surety coverage is provided by insurance bonding in amounts proportionate to employee exposure. The County is liable for the $1,000 deductible. The change in the property and liability claims during the year 2015 is as follows:

Unpaid claims, beginning of fiscal year	$ 48,001
Incurred claims	151,739
Claim payments	(14,113)
Unpaid claims, end of fiscal year	$ 185,627

The County accounts for the financial operations of a self-insured employee group health program in the General Fund. Specific stop loss coverage in the amount of $50,000 per covered individual is maintained to reduce the exposure from catastrophic claims. A third party administrator is employed to process claims for the program. On January 1, 2015 the County changed to a fully insured plan.

The change in the health insurance claims during year 2015 and 2014 are as follows:

	2015	2014
Unpaid claims, beginning of fiscal year	$ 51,128	$ 49,292
Incurred claims	-	718,081
Claim payments	(51,128)	(716,245)
Unpaid claims, end of fiscal year	$ -	$ 51,128

Contingent Liabilities
Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the County's management and counsel that resolution of these matters will not have a material effect on the financial condition of the County.

NOTE 11 – INTERFUND TRANSACTIONS

Due From/To Other Funds

Interfund receivables and payables account for loans between funds for cash management purposes. Interfund receivables and payables as of December 31, 2015, were as follows:

	Payable Fund		
Receivable Fund	General Fund	Drug Fund	Total
Hotel/Motel	$ 72,992	$ -	$ 72,992
General Fund	-	-	-
Drug Court Fund	-	3,802	3,802
Total	$ 72,992	$ 3,802	$ 76,794

NOTE 11 – INTERFUND TRANSACTIONS - Continued

Transfers To/From Other Funds

Transfers between the General Fund and other governmental funds were primarily to support the operations of the funds.

	Transfers in				
Transfers out	General Fund	Debt Service Fund	Non-major Govt Funds	Solid Waste Landfill	Total
General Fund	$ -	$ -	$ 513,811	$ -	$ 513,811
SPLOST VI	-	1,967,154	-	-	1,967,154
Debt Service Fund	-	-	1,655	-	1,655
Non-major Govt Funds	316,098	-	-	94,741	410,839
Total	$ 316,098	$ 1,967,154	$ 515,466	$ 94,741	$ 2,893,459

NOTE 12 – NET POSITION/FUND EQUITY

Reservations of net position/fund equity are created to either satisfy legal covenants that require a portion of the fund balance be segregated or identify the portion of the fund balance that is not appropriated for future expenditures. Specific reservations of the fund balance accounts are summarized as follow:

Restricted for encumbrances – This reserve was created to represent encumbrances outstanding at the end of the year based on purchase orders and contracts signed by the County but not completed as of the close of the fiscal year.

Restricted for designated purposes – This reserve represents the portion of net position that is legally restricted for specified purposes.

Unrestricted – This represents the portion of net position that is not restricted and not designated for other purposes.

The LMIG Fund had a deficit in unrestricted net position totaling $2,136 as of December 31, 2015. The deficit will be funded through operations and transfers from the General Fund.

The McDuffie County Health Department had a deficit in restricted net position totaling $362,075 as of June 30, 2015. The deficit will be funded through operations of the Department.

NOTE 13 – SOLID WASTE FUND

The County maintains a solid waste landfill facility, which was established as an enterprise fund as of January 1, 1993. The current landfill was closed during 1994, to avoid the thirty-year post-closure monitoring for leaks into the ground water and removal and treatment of leachate, as required by regulations issued by the U.S. Environmental Protection Agency. By closing the facility, the County is required to monitor the facility. The licensure process for a new landfill has been completed, and the permit has been extended until completion.

The Solid Waste Fund is expected ultimately to be self-supporting. All revenues related to the collection and disposal of solid waste, and the expenses related to the operation are reported in this fund.

NOTE 13 – SOLID WASTE FUND - Continued

Government Accounting Standards Board Statement No. 18 (GASB-18) was issued effective June 15, 1993, to establish accounting standards for reporting the liabilities associated with required closure and post-closure costs. The standard states that the total estimated current cost of closure and post-closure monitoring is to be recognized as a liability as the landfill's usable area is consumed. The estimated total current cost includes: (1) the cost of equipment expected to be installed and facilities expected to be constructed, (2) the cost of the final earth cover to be applied when the landfill is full, and (3) the estimated costs of monitoring and maintaining the landfill in the post closure period. The accrued closure and post-closure costs liability totaled $282,877 as of December 31, 2015.

Costs for closure and post-closure care are based on engineering estimates and are subject to change based on various factors some of which include inflation, deflation, changes in technology, and changes in laws and regulations. These costs are to be funded by collection fees and by tonnage costs. Costs incurred during 2015 totaled $14,629.

NOTE 14 – HOTEL/MOTEL LODGING TAX

McDuffie County has levied a 5% lodging tax pursuant to O.C.G.A. 48-13-51. At least 40% of the tax is to be used for tourism related purposes. During 2015, approximately 73% of receipts were allocated for tourism. Transactions for the year ended December 31, 2015 were as follows:

Balance Carried	$ 36,330
Lodging tax receipts	250,432
Disbursements for promotion of tourism	(189,309)
Transfer to General Fund	(71,000)
Remaining balance	$ 26,453

NOTE 15 – JOINT VENTURE

Under Georgia law, the County in conjunction with other cities and counties in the Central Savannah River Area, is a member of the Central Savannah River Area Regional Commission (RC) and is required to pay annual dues thereto. During its year ended December 31, 2015, the County paid $14,548 in such dues. Membership in the RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the RC in Georgia. The RC board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the RC. Separate financial statements may be obtained from:

Central Savannah River Area Regional Commission
3023 Riverwatch Parkway, Suite A
Augusta, Georgia 30907-2016

NOTE 16 – RELATED PARTY TRANSACTIONS

There were no material related party transactions during the year ended December 31, 2015.

NOTE 18 - SUBSEQUENT EVENTS

In preparing the financial statements, the County has evaluated events and transactions for potential recognition or disclosure through June 15, 2016. Management has not identified any items requiring recognition or disclosure.

NOTE 19- PRIOR PERIOD ADJUSTMENT

During fiscal year 2015, the Government implemented GASB Statement No. 68 which establishes accounting and financial reporting standards that revised the recognition, measurement and disclosure requirements pertaining to pension benefits. Employers now report the difference between the actuarially determined total pension liability and the pension plan's fiduciary net position; this difference is reported as the net pension liability. The result is a decrease in net position at January 1, 2015 of $991,657 for Governmental Activities.

Due to a clerical error on Capital Assets, there was need for a restatement of beginning balance. The result is an increase in net position at January 1, 2015 of $868,537 for Governmental Activities and Solid Waste Fund of $67,211.
.

	Government-wide	Solid Waste Fund
Beginning net position	$ 40,120,201	$ 185,711
Net pension liability	(991,657)	-
Capital assets	868,537	67,211
Beginning net position, restated	$ 39,997,081	$ 252,922

COMBINING AND INDIVIDUAL FUND STATEMENTS

GENERAL FUND

The General Fund is used to account for resources traditionally associated with the County that are not required legally, or by sound financial management, to be accounted for in another fund.

MCDUFFIE COUNTY
NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Jail Fund – to account for fines charged by the County that are to be used for jail improvements.

Drug Task Force Fund – to account for add-on fees received from fines to be used to assist with drug enforcement needs.

Wireless Emergency Telephone System Fund – to account for collection of wireless 911 phone surcharges used for operation and maintenance of the 911 phone system.

Landfill Surcharge Fund – to account for fees received from Solid Waste.

Hotel/Motel Fund – to account for tax to be used for tourism-related purposes.

Law Library Fund– to account for receipt of fee revenue generated to support the legal library for the McDuffie County court system.

Juvenile Probation Fund – to account for fee revenue generated for juvenile probation.

Emergency Telephone System Fund – is used to account for the collection of 911 phone surcharges used for operation and maintenance of the 911 telephone system.

Drug Forfeiture Fund – to account for funds received as a result of property and cash seizures by the Sheriff's Department.

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Special Purpose Local Option Sales Tax IV Fund – to account for property acquisition and construction of projects designated to be funded by revenue from local option sales tax collections for the years 2004 – 2008.

Special Purpose Local Option Sales Tax V Fund – to account for property acquisition and construction of projects designated to be funded by revenue from local option sales tax collections for the years 2009-2013.

Bond Fund – to account for the cost of the acquisition and furnishing of the City of Thomson/McDuffie County government center.

Transportation SPLOST – to account for the construction of transportation related projects funded by the T-SPLOST proceeds.

LMIG Fund – to account for the construction of transportation related projects funded by the LMIG.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners
McDuffie County, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of McDuffie County, Georgia, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise McDuffie County, Georgia's basic financial statements and have issued our report thereon dated June 15, 2016. Our report includes a reference to other auditors who audited the financial statements of McDuffie County Health Department, as described in our report on the McDuffie County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered McDuffie County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of McDuffie County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of McDuffie County, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during out audit we did not identify any deficiency in internal control that we consider to be material weakness. We did identify certain deficiencies in internal control, described in the Schedule of Finding and Responses that we consider to be significant deficiencies, 2015-1.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether McDuffie County, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

McDUFFIE COUNTY, GEORGIA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED DECEMBER 31, 2015

SECTION I
SUMMARY OF AUDIT RESULTS

Financial Statements

Type of auditor's report issued	Unmodified
Internal control over financial reporting: Material weaknesses identified?	____ Yes __X__ No
Significant deficiencies identified not considered to be material weaknesses?	__X__ Yes ____ None reported
Noncompliance material to financial statements noted?	____ Yes __X__ No

Federal Awards

There was not an audit of major federal award programs as of December 31, 2015 due to the total amount expended being less than $500,000.

See independent auditors' report

McDUFFIE COUNTY, GEORGIA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED DECEMBER 31, 2015

SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES

2015-1
Criteria:
Account transactions should be accurately recorded and posted prior to start of the audit.

Condition:
An adjustment to the Capital Assets in the General Fund and Solid Waste Fund was required to fairly state the December 31, 2015 balance.

Cause:
A clerical error was made with Capital Assets when calculating the totals.

Effect:
The financial statements did not accurately report the account balances for the Capital Assets in the General Fund or Solid Waste Fund.

Recommendation:
To improve operating efficiency and internal control, management should establish policies and procedures that will accurately record and report the Capital Assets balances.

Management Response:
In future audit years, management will try to ensure all account transactions are posted prior the audit beginning.
