Morgan County Board of Commissioners
PO Box 168
Madison, GA 30650

December 28, 2012

Chairman
Members of the Board of Commissioners
Morgan County, Georgia

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to the requirements, we hereby issue the comprehensive annual financial report of Morgan County, Georgia for the fiscal year ended June 30, 2012.

We believe that the data as presented is accurate in all material aspects. We encourage readers to consider the presented information in conjunction with the information provided in management's discussion and analysis, the financial statements, and the notes to the financial statements.

This report demonstrates how the County receives, spends, and accounts for financial resources and illustrates the key indicators of its financial strength. Responsibility for the accuracy of the data and the completeness and fairness of the presentation rests with the County.

Profile of the Government
Morgan County is located 58 miles southeast of the city limits of the City of Atlanta and encompasses 349.7 square miles. The most recent population estimates (2011) from the U.S. Census Bureau have the County's population at 17,961. The County was formed from sections of Baldwin County in 1807. Georgia's 32nd county is named for Revolutionary War General Daniel Morgan who defeated the British at Cowpens. It is the home of Hard Labor Creek State Park, Georgia's largest state park. The City of Madison has been the county seat since its incorporation in 1809. Madison has a large designated historic district, which encompasses most of the town. Morgan County is also home to the City of Rutledge, founded in 1845, the City of Bostwick, and the City of Buckhead, founded in 1891. Additional demographic information is provided in the Statistical Section of this report.

The County operates under a Commission-Manager Form of Government. Under this system of local government, the Commissioners are policy makers who establish a vision for the County, and who hire the Manager to carry out policy. The Board of Commissioners consists of five (district-elected) members, who serve on a part-time basis and are elected to staggered terms of four years. The Manager is responsible for directing day-to-day operations and coordinating the work of department heads and other employees.

Morgan County provides a full range of services, including law enforcement; corrections; the construction and maintenance of buildings, parks, streets and highways; parks and recreation activities; 911 emergency communications, voter registration and elections, county systems, tax assessment and collection, building inspections, planning and zoning, solid waste collection and recycling, and general administrative and support activities.

Economic condition and outlook

In these uncertain economic times, the County has not been immune to the economic realities but continues to maintain a strong financial position. Although many economic factors are largely outside of local government control, the Board of Commissioners, County Manager and departments have displayed impressive financial stewardship over the years. This philosophy entails reviewing the needs of the County relative to a standard that services and associated costs should not be appropriated unless they are justified as strategic goals of the organization that serve to accomplish our guiding principles.

At the State level, revenue short falls are requiring significant budget reductions and negatively impact local government funding as the state reduces programs to live within its means. Challenges facing local government are expected to mount as the demands for services grow while revenue sources struggle to achieve last year's levels and costs continue to climb. Property values – Total taxable assessed property values decreased by 17.4 percent for the 2011 property tax year. Communities across Georgia and throughout the nation are experiencing declines in new home construction, increases in the number of filings for foreclosures and increased in commercial vacancy rates.

The recession has changed the way governments operate at the local level. Short-term solutions of leaving vacant positions unfilled, deferring capital projects, and implementing targeted cuts in expenditures will not resolve the issue entirely. These steps implemented during the recession now represent a new way of doing business that will continue beyond this fiscal crisis.

Internal controls

County management is responsible for establishing and maintaining an internal accounting control system. This system is designed to ensure that County assets are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Internal accounting controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of an accounting control should not exceed the benefits likely to be derived, and 2) the evaluation of costs and benefits requires estimates and judgment by management.

Budget controls

The annual budget serves as the foundation for the County's financial plan and assists in control of the financial stability and health of the government. As required by the statues of the State of Georgia, the County adopts annually a balanced budget. The legal level of control (i.e. the spending level at which expenditures may not legal exceed appropriations) is at the department level within a given fund. Reallocation of appropriations between line-items is acceptable within a given department. Additional details regarding budgetary controls may be found in Note 3 of the notes to the financial statements.

Cash management

For the FY 2012, the County's funds are deposited into interest-bearing accounts. The County's investment program is managed in accordance with all applicable laws. Investment objectives include the safeguarding of public funds through minimization of market and security risk.

For FY2013, the County's funds were moved into non-interest bearing accounts. In the current economic environment, placing County funds in non-interest bearing accounts with no processing fees is a more financially beneficial decision than placing funds in the available interest bearing accounts with extremely low interest rates.

Independent audit

The financial statements included in this report are prepared in compliance with governmental financial reporting standards issued by the Governmental Accounting Standards Board; guidelines issued by the Government Finance Officers Association of the United States and Canada, and generally accepted accounting principles applicable to governmental entities. State of Georgia statutes require an annual audit by an

independent Certified Public Accountant. The accounting firm of Bates Carter & Co., LLP report on the County's basic financial statements is included in the financial section of this CAFR.

Acknowledgements

The preparation and production of this document would not be possible without the cooperation of all County departments. Their willingness to work together has enabled the County to exceed expectations in financial reporting by producing a quality report that is readable, informative, and beneficial to citizens. We also extend our appreciation and gratitude to our independent auditors, Bates Carter & Co., LLP, for the professional guidance and assistance in producing a technically sound document. Finally, we thank the Board of Commissioners for their support and direction in conducting the financial affairs of the County in a responsible manner.

Respectfully submitted,

Michael Lamar, County Manager

INDEPENDENT AUDITORS' REPORT

December 28, 2012

Board of Commissioners
MORGAN COUNTY, GEORGIA
Madison, Georgia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of MORGAN COUNTY, GEORGIA, as of, and for the year ended June 30, 2012, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Board of Commissioners of MORGAN COUNTY, GEORGIA. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Morgan County Health Department and Morgan County Hospital Authority, component units of the County, as of and for the year then ended June 30, 2012, which statements reflect total assets of $431,694 and $6,698,000, as of June 30, 2012, and total revenues of $560,089 and $14,196,000, respectively, for the year then ended. Those financial statements were audited by other auditors whose report has been furnished to us and our opinion on the basic financial statements, insofar as it relates to the amounts included for the Morgan County Health Department and Morgan County Hospital Authority, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of MORGAN COUNTY, GEORGIA, as of June 30, 2012, and the respective changes in financial position, and where applicable, cash flows, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 28, 2012, on our consideration of MORGAN COUNTY, GEORGIA's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulation, contracts, grants, agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*, and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Pension Funding Progress, Budgetary Comparison Schedule - General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively compromise MORGAN COUNTY, GEORGIA's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The accompanying schedule of projects constructed with Special Sales Tax Proceeds is presented for purposes of additional analysis as required by Official Code of Georgia 48-8-12. The combining and individual nonmajor fund financial statements, supplemental budgetary comparison schedules, the schedule of expenditures of federal awards, and schedule of projects constructed with Special Sales Tax Proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Bates, Carter & Co, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

The discussion and analysis of Morgan County's financial performance provides an overview of the County's financial activities for the fiscal year ended June 30, 2012. Please read i-iii in conjunction with the County's financial statements, which begin on page 1.

As a result of the enactment of GASB 34, the County is required to present a discussion and analysis of its financial condition and performance for the year ended June 30, 2012.

FINANCIAL HIGHLIGHTS

- The County's assets exceeded its liabilities at June 30, 2012 by $62,244,318 (Net Assets). Of this amount, $6,419,778 is considered unrestricted and can be used to meet the County's ongoing obligations.

- The County's total net assets decreased by $3,632,323 (Change in Net Assets). This is discussed in further detail in the Government-Wide Financial Analysis.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Morgan County's basic financial statements. Morgan County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements, presented on pages 1 and 2, provide a broad overview of Morgan County's finances in a manner similar to that of private-sector businesses. The statements include the following:

- The Statement of Net Assets presents the County's assets and liabilities, with the difference between the two reported as net assets. Over time, the change in net assets is an indicator of the improvement (an increase) or deterioration (a decrease) in the County's financial condition.

- The Statement of Activities presents the revenues and expenses of the County. The difference between these is the change in net assets for the year.

Both of the government-wide financial statements identify the various functions of Morgan County that are principally supported by taxes and intergovernmental revenues from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of Morgan County, Georgia include general government, public safety, court systems, health and welfare, recreation and culture, public works, and housing and development. The business-type activity of Morgan County, Georgia is the Solid Waste operation.

The government-wide financial statements include not only Morgan County, Georgia itself (known as the primary government), but also a legally separate Health Department and Hospital Authority for which Morgan County, Georgia is financially accountable. Financial information for these component units is reported separately from financial information presented for the primary government itself.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Projects Fund (which was closed during the year), and SPLOST, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements on pages 49 and 50 of this report.

The County adopts an annual appropriated budget for its General Fund and Special Revenue Funds. Project length budgets are adopted for the Capital Projects Funds. A Budgetary Comparison Schedule has been provided for the General Fund and Special Revenue Funds to demonstrate compliance with this budget.

The basic governmental funds financial statements can be found on pages 3 and 5 of this report.

Proprietary funds. The County maintains one proprietary fund. Enterprise (proprietary) funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses an enterprise fund to account for the Solid Waste operation.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail.

The basic proprietary fund financial statements can be found on pages 7-9 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 10 and 11 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 14-45 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's pension plans on pages 46 and a schedule of budgetary comparisons for the general fund on pages 47 and 48. Combining and individual fund statements and schedules can be found on pages 49-55 of this report, and Schedules of Projects Constructed with Special Purpose Local Option Sales Tax can be found on page 58-60.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

During FY 2012, Morgan County, on an entity-wide basis, had a decrease in net assets of $3,632,323 which is the result of adding the $3,499,265 decrease in governmental activities and the decrease in net assets for business type activities of $133,058. The change in governmental activities is discussed below, and the change in business type activities is discussed under the heading Proprietary Funds.

The County had total Net Assets of $62,244,318, of which $54,816,164, net of debt and accumulated depreciation, was invested in capital assets. The table below shows the split of net assets between governmental and business-type activities.

Morgan County, Georgia's Net Assets
June 30

	Governmental Activities		Business-type Activities		Total Primary Government	
	2012	2011	2012	2011	2012	2011
Capital assets (net of depreciation)	$ 69,848,304	$ 72,498,517	$ 388,750	$ 423,478	$ 70,237,054	$ 72,921,995

Net Assets, end of year	$ 62,244,318	$ 65,743,583	$ -	$ 133,058	$ 62,244,318	$ 65,876,641

General Revenues such as Property Taxes and Local Option Sales Tax supplement the Governmental Activities. General Government required $2,770,628, Judicial required $573,005, Public Safety required $5,375,501, Public Works required $4,980,373, Health and Welfare required $981,379, Recreation required $1,360,583, Housing and Development $398,607 of General Revenues.

Revenues by Source

Government-Wide Activities

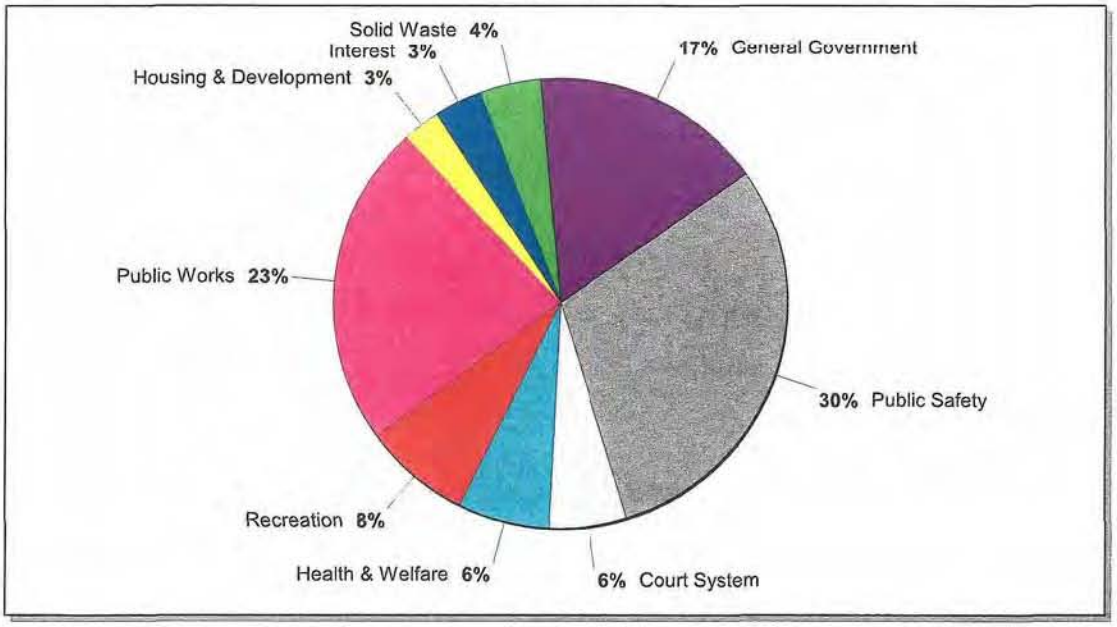

*Due to rounding, charts may not always equal 100%

Government-wide expenses were $21,335,126 for 2012, of which $20,410,344 were for governmental activities and $924,782 for business-type activities. The chart below shows further detail of total primary government expenses.

Expenses by Function

Government-Wide Activities

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the County's governmental funds is to provide information on near-term inflows and outflows of spendable resources. Such information is useful in evaluating a government's near-term financing requirements.

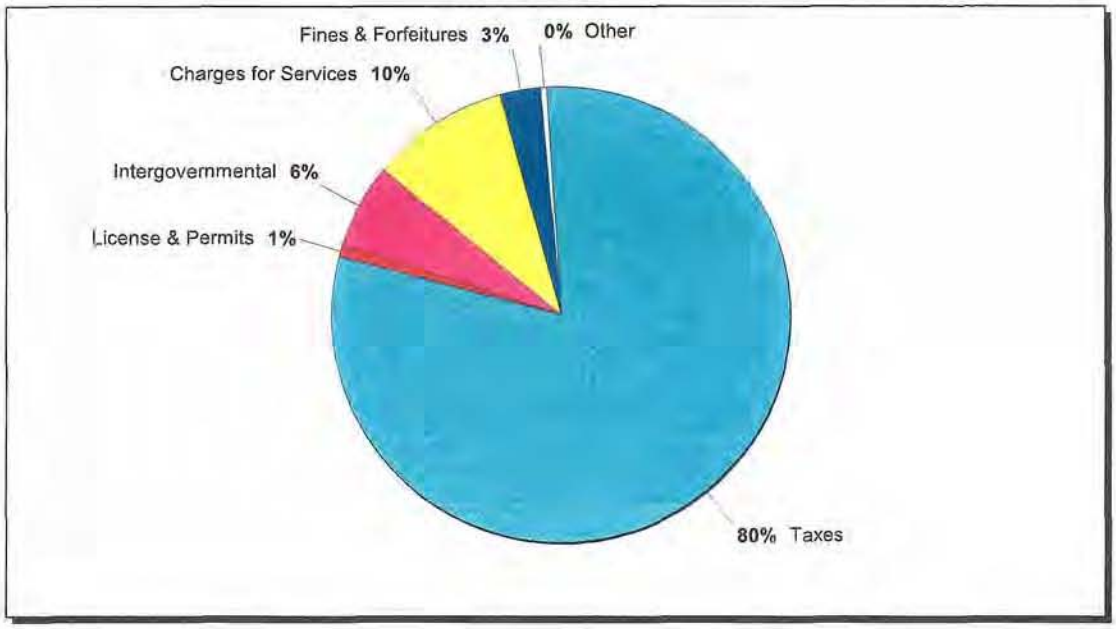

The primary governmental funds are the General Fund, the Capital Projects Fund, and SPLOST. As the county completed the year, its governmental funds (as presented in the balance sheet on page 3) reported a combined fund balance of $6,757,808, which is $(2,004,090) less than last year's total. The decrease in the SPLOST fund balance was $(898,510), which was the expenditure of tax proceeds collected in the prior year. The fund balance in the General Fund increased $1,023,505. Local Option Sales taxes collected were about $158,460 above projected budget and Property tax collections exceeded budgeted amount by $40,895.

In 2012, Governmental revenues were up $(1,236,051) from fiscal year 2011. Property taxes were down $(844,330) due to slight increase in the digest. Intergovernmental revenue was up $(255,891) due to fewer grants for Public Safety. Investment income was down $22,732 due to lower interest rates and cash balances.

The total amount of sales tax revenue for fiscal year 2012 was $6,243,915 which is a 3.0% increase from FY 2011 due to the slight economic recovery. Morgan County currently shares two different taxes on all sales within the county. The Local Option Sales Tax (LOST) is a direct offset to the property taxes and is renewed every ten years by agreement with the City of Madison, the City of Bostwick, the City of Buckhead and the City of Rutledge. The latest agreement renewed in FY 2003 distributes the funds 73% to the County, 22% to the City of Madison, 4% to the City of Rutledge, .60% to the City of Bostwick, and .40% to the City of Buckhead. A SPLOST referendum passed in a November 2006 election was effective April 1, 2007 with an expiration date of March 31, 2013 or at the end of the quarter where the raising of $26,000,000 is reached, whichever occurs first. Distribution of monthly SPLOST V funds are based on a percentage distribution as agreed upon by the following municipalities: City of Madison receives 6.94%, City of Rutledge receives .61%, City of Bostwick receives .23% and the City of Buckhead .14%. The County's SPLOST V projects include a new public safety/detention center, road and bridge improvements, library facility improvements, water system equipment and improvements, purchase of sanitation equipment and improvement of solid waste facility and the purchase of the a county administrative building. The City of Madison has designated projects for road and bridge improvements, a public works building, renovation to City Hall and park improvements. The City of Rutledge has designated funds for water and sewer improvements. The City of Bostwick will improve roads and bridges, city hall improvements and water system improvements and equipment. The City of Buckhead will improve the fire station and roads and bridges.

Revenues by Source

Fund Level - Governmental

Expenditures in the governmental funds were $19,168,134, down $2,107,999 from FY 2011. Expenditures for the General Fund of $13,850,797 were up $310,385. The General fund transferred $452,262 and $187,850 to Solid Waste and E911 funds, respectively, to subsidize operations this year. The County expenditures in SPLOST funds of $4,461,300 were $2,025,863 more than prior year due to the timing of expenditures. Of the SPLOST expenditures, $482,639 of this was for capital outlay on planned projects and $1,844,762 was for debt service payments on the jail bonds. The remaining $2,133,899 is spread over multiple departments, primarily for the purpose of infrastructure repaving which is expensed.

In FY 2012, Morgan County's Fund balance of all governmental funds was 39% of revenues. At year end, the Fund Balance in the General Fund was 43% of general fund revenues.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Beginning in FY 2003, Morgan County has reported the Solid Waste fund as a proprietary fund. This change has allowed users of the financial statements to analyze the County's Solid Waste Department as a business-like activity and focus attention on the cost of providing services.

In FY 2012, Morgan County's Solid Waste Facility reported a loss of $133,058. Operating revenues decreased by $(35,859) from FY 2011. Of the total decrease in operating revenue, recycling and transfer fees decreased $35,831. The Solid Waste Fund on its own doesn't generate sufficient revenues to fund operations; it relies on a subsidy from the General Fund. The General Fund decreased the transfer in from $630,175 in 2011 to $500,228 in 2012.

Expenses decreased $62,594 from fiscal year 2011, which was due to an decrease in landfill closure/postclosure cost of $45,721 offset by higher costs for other services.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. Morgan County's Government-wide investment in capital assets at June 30, 2012 was $54,816,164, net of accumulated depreciation and related debt. This investment, which includes land, buildings, roads, bridges, machinery and equipment, park facilities, and vehicles, is discussed in Note 6.

Government-wide additions in FY 2012 were $0.79 million. Major capital asset activities in FY 2012 were:

In Governmental Activities:

- Right of way was purchased to begin bridge replacement in the amount of $30,600.

- Four new trucks for Sheriff's Department were purchased at a cost of $129,720 and one new fire truck at a cost of $98,416 which was paid with 95% grants funds and 5% County match.

- Various other machinery and equipment – JD Backhoe Loader $73,325, HUS Lawnmower $8560, K9 EOD trained dog $12,500, dog kennel, outdoor walk-in-bunker and other miscellaneous items totaling $37,162.

Long-term debt. At June 30, 2012, Morgan County governmental activities had outstanding debt of $16,156,074. Of this amount $88,121 is from notes payable, $218,469 is from various capital leases, $15,680,233 is from contracts payable, $91,052 is from the net pension obligation, and $257,372 is from compensated absences payable. See note 7 for more details. Payments of $335,581 were made on capital leases. Payments of $1,148,785 were made on contracts payable.

GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget, the final budget and actual results for the General Fund are shown on pages 47 and 48.

The reasons for major changes to the original budget are as follows:

Each year, Morgan County adopts the General Fund budget in June based on a preliminary digest. The millage rate is set in September when the digest is finalized by the Georgia Department of Revenue. The final, amended budget was up $644,528.

The budget increase is a result of the County being awarded several grants which were approved after the fiscal year 2012 budget was adopted. The Assistance to Firefighters Grant in the amount of $115,000 was awarded for the purchase of a new firetruck. There was also $65,000 GEFA Grant which had been budgeted in prior year however the work was not completed and revenue was not recognized until FY 2012. The County was also awarded a COPS grant which was approved after the adoption of the final budget in the amount of $35,990.

Charges for services revenues related to participant recreation increased 2%. This increase was used to offset related expenditures due to increase number of participants.

LOST revenues were also higher than anticipated so a mid-year budget adjustment was made to compensate for additional expenditures approved by the Board of Commissioners.

Contingency funds were budgeted in the Financial Administration Department. These funds were used to cover additional expenditures in other departments as needed.

ECONOMIC FACTORS AND THE 2013 BUDGET

The County continues to face challenges during these economic times with declining revenues and controlling costs to meet the expectations for and use of services provided to citizens. Expenditures were only slightly higher than 2011 which still allowed the County to end fiscal year 2012 with a moderate fund balance.

The economic outlook for 2013 is stable considering the County has maintained a careful and conservative approach in the past which has resulted in a healthy fund balance which will help supplement FY 2013 budget. The fiscal year 2013 annual budget for the general fund is $14,191,607; this is an increase of 2.1% from the adopted 2012 budget.

Most of the County's revenue sources for fiscal year 2013 will remain relatively unchanged with the exception of slight increases in sales tax and license and permits. Property tax values decreased just over 11% from prior year. The 2013 budget was adopted assuming a millage rate of 8.99. Although this is the same rate at last year most taxpayers will most likely see a decrease for the County portion in their property tax bills due to the declining trend in assessed property values.

The County actively searches for funding sources and has been successful in obtaining various grants in the area of public safety and energy efficiency and conservation. Through the energy efficiency and conservation block grant the County anticipates reducing future energy costs. With this grant being shared with the City of Madison and the Board of Education, benefits are expected to reach county wide.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Morgan County's finances for all those interested. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Morgan County Commissioners Office, PO Box 168, Madison, Georgia 30650.

FUND BALANCES, End of year	$ 5,749,432	$ 741,298	$ 267,078	$ 6,757,808

The accompanying notes are an integral part of this statement.

MORGAN COUNTY, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2012

Net change in fund balances (page 5)		$ (2,004,090)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		
Capital outlays	794,267	
Depreciation expense	(3,444,481)	
		(2,650,214)
In the statement of activities, only the gain/loss on the sale of various capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the net book value of the capital assets sold.		
Net book value of capital assets sold	1	
		1
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Property taxes	351,078	
Fines	100,001	
Investment in joint venture	1,366,000	
		1,817,079
Revenues reported in the funds that relate to prior years are not reported as revenue in the statement of activities.		
Property taxes	(501,680)	
Investment in joint venture	(1,302,834)	
Fines	(135,814)	
		(1,940,328)
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, where as these amounts are deferred and amortized in the statement of activities. This adjustment combines the net change of two balances.		
Proceeds from borrowing including premiums and discounts	(129,721)	
Principal payments on long-term debt	1,326,856	
Amortization of bond premium, discounts and issuance cost	68,088	
		1,265,223
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Compensated absences, current year	(257,372)	
Compensated absences, prior year	269,936	
		12,564
Net pension obligation is not available during the current period and therefore is not reported in the funds.		
End of year	(91,052)	
Beginning of year	91,548	
		496
Rounding		4
Changes in net assets of governmental activities (page 2)		$ (3,499,265)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of MORGAN COUNTY, GEORGIA have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

(A) REPORTING ENTITY

The government is a political subdivision of the State of Georgia governed by an elected five-member commission. In addition, there are four Constitutional Officers; the Tax Commissioner, Probate Court Judge, Sheriff, and Clerk of Superior Court. The Constitutional Officers are elected county wide. The Board of County Commissioners budgets and approves all funding used by the separate Constitutional Officers. As required by generally accepted accounting principles, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Each discretely presented component unit is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government. Each discretely presented component unit has a June 30 year-end.

Brief descriptions of discretely presented component units follow:

MORGAN COUNTY HOSPITAL AUTHORITY: The hospital authority owns and operates a twenty bed acute care facility and a twenty-one bed hospital-based skilled nursing unit. The County appoints all the members of the seven-member board that governs the hospital authority. The hospital authority is fiscally dependent on the County since the County provides a subsidy which allows the Authority to remain solvent and the County guarantees the Authority's debt. During 2012, the County transferred $600,000 to the hospital authority. The hospital authority is presented as a proprietary fund type.

MORGAN COUNTY HEALTH DEPARTMENT: The health department is charged with determining the health needs and resources of its jurisdiction, developing programs, activities, and facilities responsive to those needs, and enforcing all laws related to health matters unless they fall under the jurisdiction of other agencies. The health department is governed by the Morgan County Board of Health (Board). The Board includes seven members representing government, health professions, and the needy. The County appoints the voting majority of the board. Additionally, the health department is fiscally dependent on the County since it must have its budget approved by the County. During 2012, the County transferred $180,339 to the health department. The health department is presented as a governmental fund type.

Complete financial statements for each of the individual component units may be obtained at the entity's administrative offices.

Morgan County Health Department
259 North Second Street
Madison, Georgia 30650-1317

Morgan County Hospital Authority
1077 South Main Street
Madison, Georgia 30650-2073

(B) GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

(C) MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statement (fiduciary funds use the economic resources measurement focus to indicate that agency funds have no measurement focus.) Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property taxes as available if they are collected by the end of the current fiscal year. Fines are considered available if they are collected within 60 days of the end of the current fiscal period for which they are levied. Other revenues susceptible to accrual are considered available if they are collected within 90 days of the end of the current fiscal period for which they are imposed. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales tax, franchise taxes, fines, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *SPLOST Capital Projects Fund* accounts for funds received from a local 1% sales tax reserved for construction of various capital projects.

The government reports the following major proprietary funds:

The *Solid Waste Enterprise Fund* accounts for the activities of the County's solid waste disposal and recycling programs.

Additionally, the government reports the following fund types:

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of others.

Private-purpose trust funds account for assets held by the government under the terms of a formal trust agreement and are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. The Braswell Fund, a testamentary trust fund, is the private-purpose trust fund. The fund is restricted to the use of educating orphaned children who reside in the County.

Agency funds are custodial in nature and do not represent results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the Tax Commissioner, Clerk of Court, Probate Court, Magistrate Court, and Sheriff holds for others in an agency capacity.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to the same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are interfund services provided and used are not eliminated in the process of consolidation. Elimination of these charges would distort the direct costs and program revenues for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues for the Solid Waste enterprise fund are charges to customers for sales and services. Operating expenses for the Solid Waste enterprise fund include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

(D) ASSETS, LIABILITIES AND NET ASSETS OR EQUITY

1. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are recorded as fair value based on quoted market prices as of the balance sheet date. Increases or decreases in fair value during the year are recognized as part of investment income.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable, available financial resources.

All trade and property tax receivables are shown net of an allowance of uncollectibles.

Property taxes attach as an enforceable lien on property as of January 1. The 2011 taxes were levied October 20, 2011, and were due 60 days after issuance. Interest and penalties are assessed on taxes not paid by this date. The taxes are subject to lien after March 20, 2012.

The County's property taxes were levied on the assessed values of all real and personal property including mobile homes and motor vehicles located in the County.

3. Inventories and Prepaid Items

Inventories, consisting of expendable supplies, not held for resale are valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. *Capital Assets*

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e. roads, bridges, sidewalks, culverts, and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of $5,000 and an estimated useful life in excess of three years. Roads, bridges and culverts are defined by the County as projects with an individual cost of $5,000 or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Roads, bridges and culverts acquired prior to July 1, 1980 have been reported.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	40
Building improvements	10-25
Machinery and Equipment	5-10
Vehicles	5
Infrastructure	10-50
Land improvements	10-20

5. *Compensated Absences*

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. In accordance with the provisions of Statement of Governmental Accounting Standards No. 16, "Accounting for Compensated Absences," no liability is reported for unpaid accumulated sick leave because the benefits are paid only upon illness of an employee, and the amount of such payments cannot be reasonably estimated. All vacation pay is accrued when incurred in the government-wide and proprietary financial statements. Vacation pay that is expected to be liquidated with expendable available financial resources is reported as expenditure and a fund liability of the governmental fund that will pay it. Upon retirement, unused vacation and sick leave will be included in years of service for benefit calculation purposes. At the end of each calendar year unused vacation time above 240 hours and unused sick time above 480 hours is rolled over to credit the years of service for retirement purposes.

6. *Long-term Obligations*

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, or proprietary fund type statement of net assets.

7. *Fund Equity/Net Assets*

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net assets."

Fund balance - Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- *Nonspendable* - Fund balances are reported as nonspendable when the amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash like inventories and prepaid items) or (b) legally or contractually required to be maintained intact.
- *Restricted* - Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.
- *Committed* - Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Commissioners through the adoption of a resolution prior to the end of the fiscal year. In order to modify or rescind the commitment, the Board of Commissioners must adopt another resolution.
- *Assigned* - Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the Board of Commissioners has authorized the County's finance director to assign fund balances.
- *Unassigned* - Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all other governmental funds.

Net Assets - Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any debt used for the acquisition, construction, or improvement of those assets. In determining the outstanding balance of any borrowing, proceeds of that debt which has not been spent is deducted. Accounts payable for costs related to acquisition, construction, or improvement of those capital assets is considered debt for this calculation. Net assets are reported as restricted as described in the fund balance section above. All other net assets are reported as unrestricted.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then committed, assigned, and unassigned (or unrestricted) resources as they are needed.

8. Invested in Capital Assets, Net of Related Debt

The "invested in capital assets, net of related debt" reported on the government-wide statement of net assets as of June 30, 2012 are as follows:

Invested in capital assets, net of related debt:	Governmental Activities	Business-type Activities
Cost of capital assets	$ 108,431,219	$ 1,334,297
Less accumulated depreciation	(38,582,915)	(945,547)
Book value	69,848,304	388,750
Less capital related debt	(15,420,890)	-
Invested in capital assets, net of related debt	$ 54,427,414	$ 388,750

9. Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - FUND BALANCE/NET ASSETS

The government-wide statement of net assets reports $1,008,376 of restricted net assets, of which none is restricted by enabling legislation.

Additional details related to fund balances at the governmental fund level are presented below:

Restricted:

SPLOST Fund

Capital outlay projects - For funds received from the imposition of the Special Purpose Local Option Sales Tax (SPLOST) restricted by the voter approved referendum. $ 741,298

Nonmajor Restricted Progams Funds

Judicial Programs -

Law Library - Used to account for surcharges on fines and forfeitures which are for the operation of the County Law Library and other expenditures as restricted by the OCGA-36-15. 6,588

Public Safety Programs -	
Emergency E911 Telephone Services Fund - For fund to operate the E911 center as restricted by the OCGA-46-5.	48,847
Restricted Progams Fund - To account for funds received from surcharges on fines and forfeitures restricted for operation of the county jail, and drug abuse, treatment and education programs.	83,341
Sheriff's Law Enforcement - to account for funds from seizures to be used for law enforcement activities.	103,388
Subtotal - Restricted for Public Safety Programs	235,576
Health and Welfare Programs -	
Restriced Progams Fund - To account for funds received from surcharges on fines and forfeitures restricted for youth enrichment activities.	20,795
Total Restricted Fund Balance	$ 1,004,257
Assigned:	
General Fund	
Appropriated as a resource in next year's budget	$ 1,915,412

NOTE 3 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

(A) BUDGETARY INFORMATION

Annual appropriated budgets are adopted on a basis consistent with generally accepted accounting principles.

Annual appropriated budgets are adopted for the general fund and all special revenue funds. Project-length budgets are adopted for capital projects funds. All annual appropriations lapse at fiscal year end.

All agencies of the government submit requests for appropriation to the County's manager so that a budget may be prepared. The budget is prepared by fund, function and activity and line item, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

The proposed budget is presented to the government's Board of Commissioners for review. The government's Board of Commissioners holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the County's manager or the revenue estimates must be changed by an affirmative vote of a majority of the government's Board of Commissioners.

The County manager may amend the line item budget within a department's appropriation. However, expenditures may not legally exceed budgeted appropriations at the department level. The legal level of budgetary control is at the department level within individual funds.

During the year, the Board of Commissioners authorized amendments to include appropriations for some activities that were not originally budgeted and to reclassify certain character and functional expenditures.

NOTE 4 - DEPOSITS AND INVESTMENTS

The County's investments are held in a private purpose trust fund known as the Braswell Fiduciary Fund and held as cash equivalents in the SPLOST fund. Investments are carried at fair value. Unrealized gain is recognized as income.

Primary Government

Custodial credit risk - deposits. Custodial credit risk for deposits is the risk that, that in the event of a bank failure, the government's deposits may not be returned. The County's policies permit it to exceed the FDIC insured limit in making deposits in commercial banks and savings and loans institutions if the funds are otherwise adequately secured. As of June 30, 2012, all deposits of the County were insured or collateralized.

State statutes require collateral pledged in the amount of 110% of deposits. Depositories may secure deposits of public funds using the dedicated method or the pooled method as described below.

- Under the dedicated method, a depository shall secure the deposits of each of its public depositors separately.

- Under the pooled method, a depository shall secure deposits of public bodies which have deposits with it through a pool of collateral established by the depository with a custodian for the benefit of public bodies having deposits with such depository as set forth in code Section 45-8-13.1.

The County utilized both methods to secure its deposits of public funds.

Custodial credit risk - investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Interest rate risk. Interest rate risk is the risk that changes in interest rates may adversely affect an investment's fair value. Since the price of a bond fluctuates with market interest rates, the risk that an investor faces is that the price of a bond held in a portfolio will decline if market interest rates rise. Morgan County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State statutes authorize the government to invest in obligations of the U.S. Treasury and of its agencies and instrumentalities; bonds or certificates of indebtedness of this state or of other states and of its agencies and instrumentalities; certificates of deposits of banks insured by FDIC; the State of Georgia Local Government Investment Pool; repurchase agreements; bonds, debentures, notes or other evidence of indebtedness of any solvent corporation of the United States government. Morgan County does not have an investment policy that would further limit these investment choices.

Concentration of credit risk. Morgan County places no limit on the amount it may invest in any one issuer.

Fiduciary Fund
Custodial credit risk - investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.
Interest rate risk. The Braswell Fiduciary Fund does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. The Braswell fund is authorized to invest in securities in accordance with the will that established the fund. The Braswell Fiduciary Fund has no investment policy that would further limit its investment choices. At June 30, 2012, the ratings of its investments are shown above.

Concentration of credit risk. The Braswell Fiduciary Fund places no limit on the amount it may invest in any one issuer. As of June 30, 2012, the Braswell Fiduciary Fund held 6% of the total investments in common stocks of both the Atlanta Gas Company and the Southern Company.

As of June 30, 2012, the Braswell Fiduciary Fund had the following investments:

Investment Type	Fair Value	Rating	Rating Agency	Weighted Average Maturity (Years)
Common Stocks	$ 51,092	n/a	n/a	n/a
Mutual Funds	184,607	n/a	n/a	n/a
Subtotal Equity Securities	235,699			
Mutual Fund Debt Securities	38,068	BB	Morningstar	9.66
Total Investments	$ 273,767			

The goal of the Braswell Fiduciary Fund in investing is to obtain a reasonable return on investments with a minimum exposure to potential loss of capital due to market fluctuations.

NOTE 5 - RECEIVABLES

Receivables as of year-end for the County's individual major funds, nonmajor governmental funds in the aggregate, and enterprise fund including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	SPLOST	Nonmajor Governmental Funds	Enterprise Fund Solid Waste
Receivables:				
Property Taxes	$ 351,078	$ -	$ -	$ -
Fines	4,991,077	-	-	-
Accounts	26,504	-	49,469	44,645
Intergovernmental	324,846	312,439	6,107	-
Total Gross Receivables	5,693,505	312,439	55,576	44,645
Less: Allowance for Uncollectibles	(4,877,100)	-	-	-
Total Net Receivables	$ 816,405	$ 312,439	$ 55,576	$ 44,645

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	UNAVAILABLE	UNEARNED	TOTAL
Delinquent property taxes receivable (General Fund)	$ 351,078	$ -	$ 351,078
Probation Fines (General Fund)	100,001	-	100,001
Total deferred/unearned revenue for governmental funds	$ 451,079	$ -	$ 451,079

Property taxes receivable at June 30, 2012, consist of the following:

DIGEST YEAR	GENERAL FUND
2012[1]	$ 5,562
2011	251,507
2010	45,189
2009	13,299
2008	10,626
2007	8,850
2006	3,820
2005	4,437
2004	839
2003	1,042
2002	2,217
2001	1,240
2000	697
1999	896
1998	298
1997	290
1996	218
1995	51
Total	$ 351,078

(1) 2012 only consists of taxes due on mobile homes. Taxes on real and personal property are not levied until after fiscal year end. Therefore, they are not included.

Receivables as of year-end for the County's component units, including the applicable allowances for uncollectible accounts, are as follows:

	Health Department	Hospital Authority
Receivables:		
Accounts	$ 12,016	$ 4,185,000
Intergovernmental	16,211	84,000
Total Gross Receivables	28,227	4,269,000
Less: Allowance for Uncollectibles	-	(2,005,000)
Total Net Receivables	$ 28,227	$ 2,264,000

NOTE 6 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2012 was as follows:

Governmental Activities:	Beginning Balance	Additions	Retirements	Transfers	Ending Balance
Non-Depreciable Assets:					
Land and improvements	$ 9,734,113	$ 30,600	$ 1	$ -	$ 9,764,714

Governmental activities long-term liabilities	$ 17,642,456	$ 1,072,705	$ (2,379,914)	$ 16,335,247	$ 1,638,238	$ 14,697,009
Business-type Activities:						
Compensated absences	$ 14,890	$ 8,451	$ (5,051)	$ 18,290	$ -	$ 18,290
Landfill closure/postclosure	368,920	(9,616)	4,911	364,215	24,041	340,174
Business-type activities long-term liabilities	$ 383,810	$ (1,165)	$ (140)	$ 382,505	$ 24,041	$ 358,464

Notes Payable

The County issued an installment note in the amount of $129,721 with the Bank of Madison with monthly principal and interest payable at 2.219% per annum in the amount of $45,203 and $45,869 due on November 1, 2012 and 2013, respectively. The County issued this note payable to finance the purchase vehicles for the Sheriff's Department. The amount outstanding as of June 30, 2012 is $88,121.

The annual requirements to amortize notes payable outstanding as of June 30, 2012 are as follows:

Year ending, June 30,	Principal	Interest	Total
2013	$ 43,248	$ 1,955	$ 45,203
2014	44,873	996	45,869
Total	$ 88,121	$ 2,951	$ 91,072

Capital Leases

The County leases certain land and facilities under non-cancelable capital leases. The leases relate to the DFACS/Health Department building and E911 equipment. Ownership of the related assets will be transferred to the County at the end of the lease terms. The assets acquired through capital leases are as follows:

	Governmental Activities
Buildings and improvements	$ 885,714
Machinery and equipment	199,110
Less: Accumulated Depreciation	(332,143)
Total	$ 752,681

The County entered into a capital lease agreement in 1997 with Wachovia Bank to finance the construction of a DFACS building. The lease term is one year with fourteen one-year renewable lease terms.

The County entered into a capital lease agreement in 2011 with AT&T to finance the acquisition of Vesta equipment for the E911 center. The lease term is 60 months.

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2012, were as follows:

Year Ending June 30,	Governmental Activities
2013	$ 114,402
2014	45,376
2015	45,376
2016	30,250
Total minimum lease payments	235,404
Less: amount representing interest (6.45%)	(16,935)
Present value of minimum lease payments	$ 218,469

Contracts payable

During 2000, the County entered into an intergovernmental contract with the Development Authority of Walton County to acquire land for an industrial park and issue the "Development Authority of Walton County (Georgia) Industrial Park Revenue Bond Anticipation Note, Series 1998" in order to finance the acquisition of land for the Industrial Park Project. The total amount of this issue is $7,500,000. Morgan County's share of the debt was 15%, or $1,125,000. During 2001, this revenue bond anticipation note was replaced by a revenue bond issued by the Joint Development Authority of Jasper County, Morgan County, Newton County, and Walton County in the amount of $9,000,000. Morgan County's share of the debt is 15%. The outstanding balance of this debt at June 30, 2012 is $5,200,000 with Morgan County's share being $780,000.

The bonds are variable rate demand bonds. A common feature of such bonds is that bondholders have the right to tender their bonds back for purchase each week for any reason. Should the Remarketing Agent be unable to find new buyers for any tendered bonds, a bank is obligated to purchase the bonds under a Liquidity Facility. Should that happen, the bonds become "Bank Bonds" with an interest rate equal to the greater of prime rate or Federal Funds rate plus 0.50% per annum. In addition, the fees for providing the Liquidity Facility would increase from 0.195% per annum to 0.440% per annum; also, the repayment of principal would be accelerated on a five year schedule commencing with the next principal payment.

Just after June 30, 2008, the rating for the bond issuer for the Joint Development Authority of Jasper County, Morgan County, Newton County, and Walton County, (JDA) Series 2001 bonds was downgraded from a triple-A rating. As a result, the Remarketing Agent was unable to find new investors and the Bank purchased the bonds under the Liquidity Facility. This bank bond rate was 5.0% at June 30, 2008. On September 23, 2008 the interest rate was 6.0% with a total rate of 6.44% per annum.

In an effort to reduce the interest rate back to the terms in effect at June 30, 2008, the JDA obtained a letter of credit from a bank in the amount of $6,474,667 ($6,400,000 principal and $74,667 interest component). This letter of credit has a stated expiration date of September 15, 2011. The variable interest rate as of June 30, 2012 is 0.35%. The annual requirements to amortize the JDA bond using terms in effect as of June 30, 2012, are as follows:

Year ending, June 30,	Principal	Interest	Total
2013	$ 75,000	$ 1,638	$ 76,638
2014	75,000	1,481	76,481
2015	75,000	1,323	76,323
2016	75,000	1,165	76,165
2017	90,000	1,008	91,008
2018-2022	390,000	2,111	392,111
Total	$ 780,000	$ 8,726	$ 788,726

During 2008, the County acquired a GEFA loan of $67,311 for the extension of water and wastewater to the Joint Industrial Development Authority Industrial Park property. Morgan County is required to pay 13.8% of the total loan. The total debt outstanding at June 30, 2012 is $50,792.

The annual requirements to amortize the GEFA loan using terms in effect as of June 30, 2012, are as follows:

Year ending June 30,	Principal	Interest	Total
2013	$ 3,965	$ 2,293	$ 6,258
2014	4,152	2,106	6,258
2015	4,349	1,909	6,258
2016	4,554	1,704	6,258
2017	4,770	1,488	6,258
2018-2022	27,456	3,833	31,289
2022-2026	1,546	18	1,564
Total	$ 50,792	$ 13,351	$ 64,143

During 2008, the County entered into an intergovernmental contract with the Morgan County Building Authority for $19,000,000 to acquire the land and make renovations to the Jail building and build an aquatic center. The County is to make annual payments. Interest rates vary from 4% to 5%. The outstanding balance of this debt at June 30, 2012 is $14,325,000.

The annual requirements to amortize Jail Bonds using terms in effect as of June 30, 2012, are as follows:

Year Ending June 30,	Principal	Interest	Total
2013	$ 1,140,000	$ 703,012	$ 1,843,012
2014	1,195,000	646,013	1,841,013
2015	1,255,000	586,262	1,841,262
2016	1,320,000	523,513	1,843,513
2017	1,385,000	457,512	1,842,512
2018-2022	8,030,000	1,177,313	9,207,313
Total	$ 14,325,000	$ 4,093,625	$ 18,418,625

Compensated Absences

Typically, the general fund has been used to liquidate compensated absences except for items related to the solid waste enterprise fund.

Health Department Discretely Presented Component Unit

Long-term debt activity for the Health Department for the year ended June 30, 2012, was as follows:

Governmental Activities	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year	Due After One Year
Compensated absences	$ 41,539	$ 31,965	$ (39,779)	$ 33,725	$ 7,868	$ 25,857

Hospital Authority Discretely Presented Component Unit

Long-term debt activity for the Hospital Authority for the year ended June 30, 2012 , was as follows:

Business-type Activities	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year	Due After One Year
Bonds	$ 635,000	$ -	$ (80,000)	$ 555,000	$ 80,000	$ 475,000
Notes payable	422,000	-	(422,000)	-	-	-
Capital leases	1,621,000	-	(327,000)	1,294,000	415,000	879,000
Total long-term liabilities	$2,678,000	$ -	$ (829,000)	$ 1,849,000	$ 495,000	$ 1,354,000

The terms and due dates of the Hospital Authority's long-term debt, including capital lease obligations, at June 30, 2012, are as follows:

- 1997 Series Revenue Certificates, at varying rates of interest from 3.85% to 5.35%, principal maturing in varying annual amounts, due July 2017, secured by County commitment to provide revenues, through tax levy, sufficient to meet obligations under the bond contract and to pay all reasonable operating expenses of the Authority. The original proceeds of $1,385,000 were used to build a 21 bed skilled nursing unit.

- 2001 Series Revenue Anticipation certificate No.1, at 7.75% interest rate, due August 2011, payable in monthly installments of $3,000, collateralized by real estate and guaranteed by Morgan County Board of Commissioners.

- 2001 Series Revenue Anticipation certificate No.2, at 5.00% interest rate, due August 2011, payable in monthly installments of $32,000, collateralized by real estate and guaranteed by Morgan County Board of Commissioners.

- Note payable for line-of-credit refinance at 3.229% interest rate, due July 5, 2012, payable in seven monthly interest only installments then four monthly installments of $15,000 with the remaining balance due at maturity, collateralized by real property.

- Capital lease obligation, at varying rates of inputed interest from 3.48% to 5.37%, collateralized by leased equipment.

The annual requirements to amortize long-term debt as of June 30, 2012 are as follows:

Year Ending June 30,	Bonds and notes payable			Capital Leases		
	Principal	Interest	Total	Principal	Interest	Total
2013	$ 80,000	$ 27,000	$ 107,000	$ 415,000	$ 43,000	$ 458,000
2014	85,000	23,000	108,000	432,000	26,000	458,000
2015	90,000	18,000	108,000	365,000	9,000	374,000
2016	95,000	13,000	108,000	82,000	-	82,000
2017	100,000	8,000	108,000	-	-	-
2018	105,000	3,000	108,000	-	-	-
Total	$ 555,000	$ 92,000	$ 647,000	$ 1,294,000	$ 78,000	$ 1,372,000

Short-Term Borrowings
On November 3, 2009, the Hospital Authority and the Morgan County Board of Commissioners jointly entered into a $1,000,000 line-of-credit agreement with a local financial institution. The line-of-credit is being used to fund project development costs associated with the replacement facility. The line-of-credit bears interest at 3.229%, is collateralized by real property, and has a maturity date of June 30, 2011. On June 30, 2011, the Authority and County refinanced the balance of the line-of-credit with a note exceeding one year in maturity.

On August 1, 2011, the Authority issued $3,320,000 in Revenue Anticipation Certificates No. 1 and No. 2 to refinance outstanding accounts payable, lines of credit, capital leases, and a portion of long-term debt. These certificates are guaranteed by the Morgan County Board of Commissioners.

Under the terms of the 1997 Series Revenue Certificates, the Authority is required to maintain certain deposits with a trustee.Such deposits are included in the statement of net assets as part of restricted cash.

NOTE 8 - INTERFUND BALANCES AND ACTIVITY

The composition of interfund balances as of June 30, 2012, is as follows:

	Due From			
Due To	SPLOST	Other nonmajor governmental funds	Landfill	Total Due from Other Funds
General Fund	$ 54,471	$ 157,313	$ 80,424	$ 292,208
Total Due to Other Funds	$ 54,471	$ 157,313	$ 80,424	$ 292,208

These balances resulted from (1) the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, (2) the time lag between the dates that transactions are

recorded in the accounting system, (3) the time lag between the dates that payments between funds are made, (4) short-term loans, and (5) to fund capital projects.

Interfund transfers as of the year ended June 30, 2012 are as follows:

	Transfers in			
Transfers out	General Fund	Other nonmajor governmental funds	Solid Waste Fund	Total Transfers Out
General Fund	$ -	$ 187,850	$ 452,262	$ 640,112
SPLOST	-	-	47,966	47,966
Other nonmajor governmental funds	78,853	-	-	78,853
Total - Transfers in	$ 78,853	$ 187,850	$ 500,228	$ 766,931

Transfers are used to (1) supplement operating budgets, (2) pay for the Soccer Complex, (3) help fund construction projects and debt service, (4) reimburse unrestricted revenue, (5) reimburse pension costs, and (6) move the County's matching portion on federal and state grants.

NOTE 9 - RETIREMENT PLANS

Defined Benefit Pension Plan

A. Plan Description

The County contributes to the Association County Commissioners of Georgia Defined Benefit Plan (the Plan), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating counties in Georgia. The Plan was effective January 1, 1998.

The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of an adoption agreement, is affiliated with the Association County Commissioners of Georgia Defined Benefit Plan (the ACCG Plan), an agent multiple-employer pension plan administered by Georgia Employees Benefits Corporation of Georgia. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of The ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG Plan Document. The Plan issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained by writing to Morgan County Board of Commissioners, P.O. Box 168, Madison, Georgia 30650.

All full-time County employees are eligible to participate in the Plan after completing three years of service. Benefits vest after five years of service. Participants become eligible to retire at 60 with 3 years of participation in the Plan. The County's covered payroll for employees participating in the Plan as of January 1, 2011 (the most recent actuarial valuation date) was $3,953,057 (based on covered earnings for the preceding year).

Upon eligibility to retire, participants are entitled to an annual benefit in the amount of 2.0% of average annual compensation multiplied by the years of service. Compensation is averaged over a five-year period prior to retirement or termination. The Plan also provides benefits in the event of death or disability. These benefit provisions were established by an adoption agreement executed by the County Board of Commissioners.

B. Funding Policy

The County is required to contribute at an actuarially determined rate. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and must satisfy the minimum contribution requirement contained in the State of Georgia Statutes. Section 47-20 of the Georgia Code sets forth the funding standards for state and local governmental pension plans.

County employees are not required to contribute to the Plan. Contributions totaling $692,503 ($692,503 employer and $0 employee) were made in accordance with the contribution requirements determined by an actuarial valuation performed as of January 1, 2011. This was equal to the minimum required contribution of $692,503.

C. Annual Pension Cost

The cost of administering the plan is funded with earnings from investments.

The Georgia Constitution enables the governing authority of the county, the Board of Commissioners, to establish and amend from time to time, the contribution rates for the employer and its plan members.

The County's contributions to the Plan for the years ended June 30, 2012, 2011, and 2010 were $692,503, $333,895, and $578,600 respectively, and were equal to or greater than the required contribution for each year.

Schedule I included in the required supplementary information presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. The data for the most current year are as follows:

Actuarial Date of January 1	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Projected Unit Credit (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percent of Covered Payroll [(b-a)/c]
2011	$ 5,344,805	$7,640,940	$ 2,296,135	69.9%	$ 3,639,834	63.1 %

The annual required contribution and percentage contributed for the current year and prior years are as follows:

Fiscal Year June 30,	Annual Pension Cost (APC)	Actual County Contribution	Percentage of APC Contributed	Net Pension Obligation
2012	$ 692,007	$ 692,503	100.1 %	$ 91,052
2011	$ 620,706	$ 333,895	53.8 %	$ 91,548
2010	$ 552,903	$ 578,600	104.6 %	$ (195,263)

The information was determined as part of the actuarial valuation as of January 1, 2011. Additional information as of the latest actuarial valuation follows:

Valuation date	January 1, 2011
Actuarial Cost method	Projected Unit Credit
Asset Valuation method	Market Value
Amortization method	Level Percent of Pay (Closed)
Remaining amortization period (This represents the estimated amortization period for all unfunded liabilities combined into one amortization base.)	10 years
Actuarial assumptions:	
Assumed rate of return on assets*	8.0% per annum
Expected future salary increases*	6.0% per annum
Cost of Living Adjustments*	0.0% per annum
*Includes inflation at	3.0%

The County's annual pension cost and net pension obligation for the pension plan for the current year were determined as follows:

Annual required contribution	$ 692,503
Interest on net pension obligation	7,095
Amortization of net pension obligation	(7,591)
Annual pension cost	692,007
Contribution made	(692,503)
Increase (decrease) in Net Pension Obligation	(496)
Net pension obligation, January 1, 2011	91,548
Net pension obligation, January 1, 2012	$ 91,052

Other Plans

In addition to the above pension plans, the following pension plans cover County employees but the county is not legally responsible for contributions to the pension plans. Other governmental entities are legally responsible for these contributions as well as required disclosures:

(A) PROBATE JUDGES' RETIREMENT FUND OF GEORGIA: The Probate Judge is covered under a pension plan which requires that certain sums from marriage licenses and fines or bond forfeitures be remitted to the pension plan before the payment of any costs or other claims.

(B) SUPERIOR COURT CLERKS' RETIREMENT FUND OF GEORGIA: The Clerk of Superior Court is covered under a pension plan which requires that certain sums from fees and fines or bond forfeitures be remitted to the pension plan before the payment of any costs or other claims.

(C) SHERIFF'S RETIREMENT FUND/PEACE OFFICER'S ANNUITY AND BENEFIT FUND: The Sheriff and Sheriff's Deputies are covered under separate pension plans which require that certain sums from fines or bond forfeitures be remitted by the Probate Judge or Clerk of Superior Court to the pension plans before the payment of any costs or other claims.

(D) GEORGIA STATE EMPLOYEES' RETIREMENT SYSTEM: The Health Department's eligible employees participate in the Georgia State Employees' Retirement System (ERS), a statewide multiple-employer public employee retirement system covering employees of local boards of health and various agencies and departments of the State of Georgia. ERS is funded through employer and employee contributions and the Health Department has no legal obligation for paying benefits.

NOTE 10 - CONTINGENT LIABILITIES AND COMMITMENTS

The county's encumbrances outstanding at the end of the fiscal year that will be honored in the next fiscal year are not significant for any of the major funds nor for the nonmajor funds in total.

Amounts received or receivable for grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

The County is subject to possible legal actions in the nature of claims for damages to persons and property, civil rights isolation and other similar types of actions arising in the course of normal County operations. In the opinion of County management, after consultation with legal counsel, the ultimate outcome of these possible legal actions will not have a material impact on the financial position of the County.

The County has an agreement with The Morgan County Hospital Authority to reimburse the Authority for all expenditures necessary for the maintenance, operation, and providing of adequate and necessary facilities for medical care and hospitalization of the indigent sick. The County shall also reimburse reasonable reserves for expansion and make payment of the cost of all facilities of Morgan Memorial Hospital. The County agrees to adequately and fully pay all sums due to the Authority under the agreement out of general funds of the County and/or by levying all required taxes up to a maximum of seven (7) mils.

In March of 2001, the County accepted a Community Development Block Grant from the Department of Community Affairs in the amount of $500,000 for the construction of a new Senior Center. As a condition of the grant, the County must agree to use the facility for the approved purpose throughout the life of the facility. Should the facility be converted to an ineligible use, the Department of Community Affairs will require repayment of the grant. The repayment will be based on 20-year straight-line depreciation, except 100% repayment of the grant funds will be required to be repaid if the facility is converted during the first five years after the grant closeout date. The period for calculating the repayment amount began upon the closeout of the grant in 2003 and will continue until year 2023.

NOTE 11 - RISK MANAGEMENT

The County is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The following are ways the County handles these risks:

WORKERS' COMPENSATION

The County participates in the Association County Commissioners of Georgia (ACCG) Group Self Insurance Workers' Compensation Fund (GSIWCF), a self-insured pool cooperative arrangement among its members to finance workers' compensation coverage. The fund is owned by its members and is managed by a seven member Board of Trustees who are representatives from participating counties. The ACCG-GSIWCF operates under the authority of O.C.G.A. 34-9-150 et seq. and the Georgia Insurance Commissioner's Office. The members of ACCG-Group Self Insurance Workers' Compensation Fund are assessable if the losses that ACCG must pay exceed the assets of the pool. At June 30, 2012, there was no need for such an assessment. Therefore, no liability has been recorded in these financial statements.

OTHER

The County participates in the Association County Commissioners of Georgia Interlocal Risk Management Agency (IRMA), a risk sharing arrangement among Georgia County Governments. The fund exists by authority of O.C.G.A. 36-85-1 et seq. Premium liabilities are based on the estimated ultimate cost of settling the claims, including effects of inflation and other society and economic factors. The IRMA Limits of Liability shall not be charged with the first $2,500 of any loss. IRMA pays losses up to $100,000 per individual claim or $5,000,000 for all claims. However, excess losses, if any, are covered by reinsurance and would be paid by the reinsurer.

The members of IRMA are assessable if the losses that IRMA must pay exceed the assets of the pool. At June 30, 2012, there was no need for such an assessment. Therefore, no liability has been recorded in these financial statements.

As part of these risk pools (IRMA & GSIWCF), the County is obligated to pay all contributions and assessments to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents that could require the funds to pay any type of loss. The County is also to allow all the pools' agents and attorneys to represent the County in investigations, settlement discussions, and all levels of litigation arising out of any claim made against the County.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

The County also purchases combined automobile, crime, liability and property insurance coverage from the ACCG-IRMA. A $2,500 deductible applies to each claim. The County also purchases catastrophic coverage for inmate medical costs with a $20,000 deductible per inmate. The following is a summary of coverage at June 30, 2012:

Property Losses	$	5,000,000	aggregate
Comprehensive General and Law Enforcement Liability	$	5,000,000	per occurrence
Automobile Liability	$	5,000,000	per occurrence
Errors and Omissions Liability	$	5,000,000	per occurrence
	$	10,000,000	aggregate
Crime Coverage	$	150,000	per occurrence
	$	50,000	per employee
Boiler and Machinery	$	100,000,000	per occurrence
Inmate medical	$	250,000	Specific limit per inmate
Inmate medical	$	750,000	Aggregate limit

The County has no outstanding claims in excess of coverage for which a liability should be recorded as of June 30, 2012.

Settled claims in the past three years have not exceeded the coverage.

NOTE 12 - NORTHEAST GEORGIA REGIONAL COMMISSION

Morgan County, in conjunction with cities and counties in the area are members of the Northeast Georgia Regional Commission (NEGRC). Membership in the NEGRC is automatic for each municipality and county in the state. The official Code of Georgia Section 50-8-34 (Georgia Planning Act of 1989) provides for the organizational structure of the regional commissions. Each county and municipality in the state is required by law to pay minimum annual dues to the NGRC. The county paid annual dues in the amount of $17,868 to the NEGRC for the year ended June 30, 2012. The NEGRC Board membership includes the chief elected official of each county and the chief elected official of each municipality. The County board members and municipal board members from the same county elect one member of the Board who is a resident (but not an elected or appointed official or employee of the County or municipality) to serve as the nonpublic Board member from a County.

The Georgia Planning Act of 1989 (O.C.G.A. 50-8-34) defines regional commissions as "public agencies and instrumentalities of their members." Georgia laws also provide that the member governments are liable for any debts or obligations of an regional commission beyond its resources. (O.C.G.A. 50-8-39.1)

Separate financial statements for the NEGRC may be obtained from: Northeast Georgia Regional Commission, 305 Research Drive, Athens, Georgia 30605.

NOTE 13 - LANDFILL CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations required the County to place a final cover on its U.S. Highway 441 landfill site when it stopped accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as a current operating expenditure in each period based on landfill capacity used as of each balance sheet date.

These amounts are based on what it would cost to perform all closure and postclosure care in 2012. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

The County is also required to demonstrate financial assurance that the closure and postclosure care cost can be paid in the future. The County is in compliance at June 30, 2012, based on requirements issued by the EPA.

NOTE 14 - SIGNIFICANT ESTIMATES

As discussed in NOTE 1, estimates are used in the preparation of these financial statements. Three of the estimates qualify as significant estimates in that it is reasonably possible that the estimates will change in the near term due to one or more future confirming events and this change will have a material effect on the financial statements.

These estimates are as follows:

- The liability for landfill closure and postclosure care cost is based on estimates provided by the County's engineering consultants and reduced each year by expenses related to the closure and postclosure of the landfill. These estimates are based on what it would cost to perform closure and postclosure care currently. Actual costs may change due to higher inflation, changes in technology, or changes in regulations.

- The estimate for allowance for doubtful accounts related to fines. This estimate is calculated as 50% of the fines due to the County less amounts received in the first 60 days after year end. This estimate will be assessed in future periods and adjusted as necessary based on actual results.

- The estimate for accumulated depreciation on capital assets. This estimate is based on the original or estimated cost of the assets, depreciated over the estimated useful lives using the straight line method and composite method.

NOTE 15 - HOTEL/MOTEL TAX

During the year ended June 30, 2012, the County had receipts of $42,795 and spent $26,442 to promote tourism, conventions, and trade shows. Of this amount $15,541 was for state parks operated by the Department of Natural Resources. The total expenditures represent 100% of the tax receipts to be expended for these purposes under OCGA 48-13-51. The County has complied with the requirements of this law.

NOTE 16 - RELATED PARTY TRANSACTIONS

On October 6, 1998, Morgan County Commissioners voted to approve a resolution authorizing the release of Morgan County from the Joint Development Authority consisting of Athens-Clarke, Jackson, Madison, Morgan, Oconee, Oglethorpe and Walton counties.

During 1998, the Joint Development Authority of Jasper County, Morgan County, Newton County, and Walton County, a joint venture, was formed for the purpose of purchasing and developing an industrial site. The land was purchased through the Walton County Development Authority with temporary financing from Walton County until such time as the Joint Authority could issue permanent bond financing for the project. The Joint Authority issued $9,000,000 in bonded debt in October 2000 for repayment of the Walton County Development Authority, to pay issuance costs of the bond, and to provide initial development costs. The stated percentages of ownership and debt assumption are as follows: Newton County 37.5%, Walton County 37.5%, Morgan County 15%, and Jasper County 10%. The debt will amortize from 2001 and continue through 2021. This debt is discussed more fully in Note 6. The County records the investment in the joint venture at a value of $360,980, using the equity interest method.

The Authority entered into an agreement with Technology Park/Atlanta in 2000 that gave Technology Park/Atlanta the option to purchase land at the site at approximately 10% over the Authority's cost. The takedown schedule is summarized as follows:

				Revenue Generated (for Authority)
Phase 1 - Within 3 years	100 acres	Taken down in 2003	$	702,000
Phase 2 - Within 5 years	100 acres	225 acres taken down in 2005	$	1,650,000
Phase 3 - 2010	17 acres	17 acres taken down in 2010	$	208,080
Phase 4 - 2011	22 acres	22 acres taken down in 2011	$	275,375
Phase 5 - 2012	20 acres		$	-
Phase 6 - 2012	19 acres		$	-
Phase 7 - 2014	18 acres		$	-
Phase 8 - 2015	379 acres		$	-
Phase 9 - 2020	Balance of property		$	-

Should Technology Park/Atlanta fail to exercise an option, the balance of the property would be available for sale to other properties.

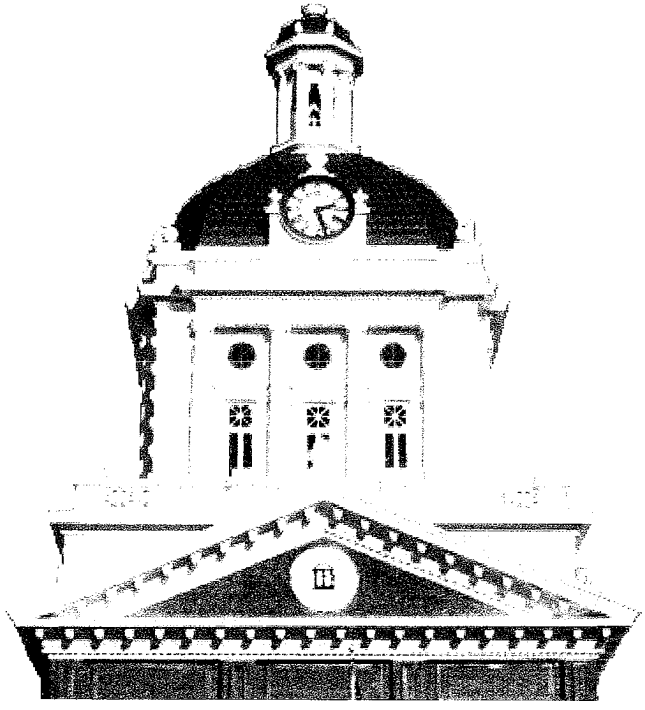

Separate financial statements of the Joint Development Authority of Jasper County, Morgan County, Newton County, and Walton County can be obtained directly from: Joint Development Authority of Jasper County, Morgan County, Newton County, and Walton County, C/O Madison Chamber of Commerce, 115 East Jefferson Street, Madison, Georgia 30650.

NOTE 17 - SUBSEQUENT EVENTS

In December 2012, the Morgan County Board of Commissioners entered into an Intergovernmental Agreement with the Joint Development Authority of Jasper County, Morgan County, Newton County, and Walton County (JDA) related to an inducment agreement that the JDA had entered into with Baxter Healthcare Corporation (Baxter) related to an estimated $1 billion biologics manufacturing, support, and distribution center in the Stanton Springs industrial park owned by the JDA. The JDA agreed to fund a total of $7.9 million of the cost of a waste water pretreatment facility. One Georgia Grant will fund $2 million of this cost. The remaining $5.9 million will be a loan from the Georgia Environmental Finance Authority (GEFA). This

loan will not incur interest charges during the construction period. After the construction is finished (estimated in 2014), the loan will be at 1.8% annually. No payments are required until the sooner of January 1, 2020 or FDA approval of the Baxter facility. Morgan County is responsible for 15% of the debt service payments. Morgan County's share of the $5.9 million loan is $885,000.

Required Supplementary Information

MORGAN COUNTY, GEORGIA
REQUIRED SUPPLEMENTARY INFORMATION
SCHEDULE OF PENSION FUNDING PROGRESS
For the Year Ended June 30, 2012
"Unaudited"

Actuarial Valuation Date (1/1)	(1) Actuarial Value of Assets	(2) Actuarial Accrued Liability (AAL)	(3) Funded Ratio (1) / (2)	(4) Unfunded AAL (UAAL) (2) - (1)	(5) Annual Covered Payroll (prior year)	(6) UAAL as a Percentage of Covered Payroll (4) / (5)
2011	$ 5,344,805	$ 7,640,940	69.9 %	$ 2,296,135	$ 3,639,834	63.1 %
2010	$ 5,164,339	$ 6,986,114	73.9 %	$ 1,821,775	$ 3,217,395	56.6 %
2009	$ 4,610,501	$ 6,480,259	71.1 %	$ 1,869,758	$ 2,842,259	65.8 %
2008	$ 4,556,779	$ 5,872,195	77.6 %	$ 1,315,416	$ 2,672,957	49.2 %
2007	$ 3,995,995	$ 5,266,541	75.9 %	$ 1,270,546	$ 2,706,560	46.9 %
2006	$ 3,388,004	$ 4,902,313	69.1 %	$ 1,514,309	$ 2,573,219	58.8 %

Analysis of the dollar amounts of actuarial value of assets available for benefits, actuarial accrued liability, and unfunded actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets available for benefits as a percentage of the actuarial accrued liability provides one indication of funding status on a going concern basis. Analysis of this percentage over time indicates whether the system is becoming financial stronger or weaker. Generally, the greater this percentage, the stronger the Plan.

Trends in unfunded actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded actuarial accrued liability as a percentage of annual covered payroll approximately adjusts for the effects of inflation and aids analysis of the Plan's progress in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage, the stronger the Plan.

NOTES TO THE BUDGETARY COMPARISON SCHEDULE
1. The budgetary basis of accounting used in this schedule is the same as GAAP.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted for specific purposes. The following special revenue funds are maintained by the County:

Emergency Telephone Service - to account for the monthly "911" charge to help fund the cost of providing the service as provided in title 46, Chapter 5 of the Official Code of Georgia Annotated.

Restricted Program Fund - to account for funds, such as fines, confiscated monies and donations received by Elected Officials of Morgan County to be expended within legal guidelines of each program.

Hotel/Motel Tax – to account for taxes charged on rental of hotel/motel rooms as provided in title 48, chapter 13 of the Official Code of Georgia Annotated. These funds are used for the promotion of tourism, conventions and trade shows in the County.

Law Library - to account for funds collected from fines and forfeitures to be used to maintain the Law Library as provided in title 36, chapter 15 of the Official Code of Georgia Annotated.

Sheriff's Law Enforcement - to account for funds from seizures to be used for law enforcement activities.

FIDUCIARY FUNDS

Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds. Agency funds maintained by the County are as follows:

Tax Commissioner - to account for the collection of property taxes, motor vehicle tag and title fees and mobile home fees, etc. which are disbursed to various taxing units.

Clerk of Superior Court - to account for the collection of various fines, forfeitures, jury fund receipts, real estate transfer taxes, recording of intangibles, fees, civil awards, etc. which are disbursed to other parties.

Probate Court - to account for the collection of fees for a probate of wills, administration of estates, issuance of marriage licenses, and maintenance of other vital records which are disbursed to other parties.

Magistrate Court - to account for the collection of fees in jurisdiction of small claims courts which are disbursed to other parties.

Sheriff - to account for the collection of cash bonds, fines, forfeitures, fifas, etc. which are disbursed to other parties.

STATISTICAL SECTION

This part of the county's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	**Table**
Financial Trends	
These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	
Net Assets by Component	1
Changes in Net Assets	2
Fund Balances of Governmental Funds	3
Changes in Fund Balances of Governmental Funds	4
Five Year General Fund History	4A
General Governmental Tax Revenues by Source	5
Revenue Capacity	
These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.	
Assessed Value and Estimated Actual Value of Taxable Property	6
Property Tax Rates (Direct and Overlapping Governments)	7
Principal Property Taxpayers	8
Property Tax Levies and Collections	9
Debt Capacity	
These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	
Ratios of Outstanding Debt by Type	10
Other Long-Term Liabilities	10A
Reserved for Future Use	11
Direct and Overlapping Governmental Activities Debt	12
Legal Debt Margin Information	13
Reserved for Future Use	14
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.	
Demographic and Economic Statistics	15
Principal Employers	16
Operating Information	
These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	
Full-Time Equivalent County Government Employees by Function	17
Operating Indicators by Function	18
Capital Asset Statistics by Function	19

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Overlapping rates are those of local and county governments that apply to property owners within the County. Not all overlapping rates apply to all County property owners (e.g., the rates for special districts apply only to the proportion of the government's property owners whose property is located within the geographic boundaries of the special district. The districts that are within the city limits of municipalities that do not levy a city tax are considered with the unincorporated areas in computing the maximum rates.

(1) For purposes of this schedule, the County unincorporated rate is considered the total direct rate.

Maximum rates:

Source: Morgan County Tax Commissioner's Office.

Schedule includes amounts for County maintenance and operations.
Taxes levied include real and personal property, motor vehicle, mobile home, timber, and heavy equipment taxes.
(1) Since real and personal property taxes are levied in the fall after the June 30 year end, those taxes are included in the next fiscal year.
For example the 2011 property taxes due December 20, 2011 are reported as revenues in the fiscal year ended June 30, 2012.
Motor vehicle taxes are reported in the fiscal year that they are collected.
(2) Since mobile home taxes are levied in April, they are recorded in the fiscal year that they are levied.
For example the 2012 mobile home taxes are recorded in the year ended June 30, 2012. Likewise for timber and heavy equipment taxes.

Sources: Assessed value data used to estimate applicable percentages provided by the State Department of Revenue. Debt outstanding provided by the County & each local government. See Table 10.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the county. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the county. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the overlapping government's boundaries and dividing it by the overlapping government's total taxable assessed value.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

December 28, 2012

Board of Commissioners
MORGAN COUNTY, GEORGIA
Madison, Georgia

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of MORGAN COUNTY, GEORGIA as of and for the year ended June 30, 2012, which collectively comprise the MORGAN COUNTY, GEORGIA's basic financial statements and have issued our report thereon dated December 28, 2012.Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Morgan County Health Department and Morgan County Hospital Authority, as described in our report on MORGAN COUNTY, GEORGIA's basic financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

Management of MORGAN COUNTY, GEORGIA, is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered MORGAN COUNTY, GEORGIA's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of MORGAN COUNTY, GEORGIA's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the MORGAN COUNTY, GEORGIA's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable

possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs as finding 2012-02 that we consider to be significant deficiencies in internal control over financial reporting.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether MORGAN COUNTY, GEORGIA's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as finding 2012-01.

MORGAN COUNTY, GEORGIA's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit MORGAN COUNTY, GEORGIA's response, and accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Board of Commissioners, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

December 28, 2012

Board of Commissioners
MORGAN COUNTY, GEORGIA
Madison, Georgia

Compliance

We have audited MORGAN COUNTY, GEORGIA's compliance with the types of compliance requirements described in the OMB Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of MORGAN COUNTY, GEORGIA's major federal programs for the year ended June 30, 2012. MORGAN COUNTY, GEORGIA's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants, applicable to each of its major federal programs is the responsibility of MORGAN COUNTY, GEORGIA's management. Our responsibility is to express an opinion on MORGAN COUNTY, GEORGIA's compliance based on our audit.

MORGAN COUNTY, GEORGIA's basic financial statements include the operations of legally separate component units, Morgan County Health Department and Morgan County Hospital Authority. Any amounts of federal awards received by those component units are not included in the accompanying schedule of expenditures of federal awards. Our audit, described below, did not include the operations of Morgan County Health Department and Morgan County Hospital Authority because those component units engaged other auditors to perform any audit required in accordance with OMB Circular A-133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about MORGAN COUNTY,

GEORGIA's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on MORGAN COUNTY, GEORGIA's compliance with those requirements.

In our opinion, MORGAN COUNTY, GEORGIA complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

Internal Control Over Compliance

Management of MORGAN COUNTY, GEORGIA is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered MORGAN COUNTY, GEORGIA's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of MORGAN COUNTY, GEORGIA's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis..

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Commissioners, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

MORGAN COUNTY, GEORGIA
AUDITORS' SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2012

I SUMMARY OF AUDITORS' RESULTS:

1. Report issued on Financial Statements – Unqualified opinion.
2. Compliance (financial statements) – One instance of noncompliance.
3. Internal Control (financial statements) – One significant deficiency.
4. Compliance (major programs) – Unqualified opinion, no instances of noncompliance.
5. Internal control (major programs) – No material weaknesses.
6. Audit findings required to be reported under A133 Section 510(a)
    i) Significant deficiencies in internal controls over major programs – None reported
    ii) Material noncompliance related to major programs – None reported
    iii) Known questioned costs greater than $10,000 for major programs – None reported
    iv) Known questioned costs greater than $10,000 for a program not audited as major – None reported
    v) Circumstances if report on compliance is other than unqualified – N/A
    vi) Known fraud – N/A
    vii) Misrepresentation in schedule of prior audit findings – None reported
7. Major programs for the year – ARRA-Assistance to Rural Law Enforcement, CFDA 16.810, Federal Emergency Management Agency, Assistance to Firefighters's Grant, CFDA 97.044, ARRA-GEFA Energy Grant, CFDA 81.128
8. Dollar threshold used to distinguish between Type A and Type B programs – $300,000.
9. Does the auditee qualify as a low risk auditee under A133 Section 530 – No.

II AUDIT FINDINGS - GENERALLY ACCEPTED GOVERNMENTAL AUDITING STANDARDS

Finding Number

COMPLIANCE

2012-01 ***Statement of Condition:***

The County's entered into a long-term bank loan without approval of the voters.

Criteria:

Long-term debt is required to be approved by the voters before it is borrowed. There is an exception for capital leases which contain a fiscal funding clause that allows the Board of Commissioners the right to not renew such a lease at the end of the year.

Effect of Condition:

As a result, the County borrowed $129,721 without the proper approval of the voters.

Cause of Condition:

The debt was obtained to finance the purchase of four vehicles for the Sheriff's department. Neither the Sheriff nor the bank lending officer was aware of the requirements related to this specific debt issuance. The former finance director did not communicate this requirement to them nor to the Board of Commissioners. The Sheriff and Board of Commissioners were under the impression that they were entering into an allowable capital lease.

Recommendation:

We recommend that the County make every effort review the terms of any borrowings to be certain that they meet the legal requirements before finalizing the borrowing.

Response:

We concur with this recommendation and the balance of outstanding debt will be paid in full in January 2013.

SIGNIFICANT DEFICIENCY

2012-02 ***Statement of Condition:***

During the course of auditing capital assets, we noticed many older pieces of equipment that are still reflected on the County's capital asset schedules.

Criteria:

To ensure proper controls over capital assets, formal procedures should be in place to ensure that disposals are reported to the finance department as they occur. Without such a

procedure, the likelihood increases that disposals are not being recorded. Also, physical inventories of capital assets should be performed periodically to ensure dispositions are not occurring without proper authorization.

Effect of Condition:
As a result, this often leads to situations where capital assets that physically exist within the government and the asset listing maintained by the finance department are out of synch.

Cause of Condition:
In past years, physical inventories were performed on an annual basis. However, with reduction of staffing over the past three years this control has not been performed.

Recommendation:
We suggest that physical inventories of fixed assets be taken periodically and related records be timely and appropriately updated, to prevent large write-offs in the future.

Response:
We concur with this recommendation and are currently in the process of implementing annual physical inventory counts of all assets which will be compared to our asset listing in software as well as compared to the insurance listing.

III FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

There were no findings or questioned costs relating to Federal awards reported for the year ended June 30, 2012.
