April 15, 2022

The Honorable Hal Floyd, Chairman
Members of the Polk County Commissioners
And Citizens of Polk County, Georgia

State law requires that all local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Polk County for the fiscal year ended June 30, 2021.

This report consists of management's representations concerning the finance of Polk County. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the County. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included.

Management of the County is responsible to establish and maintain a comprehensive internal control system that is designed to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Polk County financial statements in conformity with GAAP. Because the cost of internal controls have been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Nichols, Cauley & Associates LLC, a firm of licensed certified public accountants, have audited the County's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2021, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended June 30, 2021, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis

(MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Polk County, Georgia (the County) is a political subdivision of the State of Georgia and was created on December 20, 1851, by legislative action. Named for President James K. Polk, Polk County is located in the Northwest portion of Georgia. Polk County encompasses 312 square miles and serves a population of approximately 42,000 residents. Polk County is empowered to levy a property tax on both real and personal property within its boundaries.

The County operates under a county manager form of government. Policy-making and legislative authority are vested in the Board of Commissioners consisting of six commissioners elected at large. The commissioners serve four year staggered terms. The Board of Commissioners, as the County's governing authority, is responsible for, among other things, enacting ordinances, adopting the annual budget, setting the millage rate, appointing committees, and appointing the government's manager, attorney, county clerk, Department Heads, and auditors. The County Manager is responsible for carrying out the policies and ordinances of the County Commission, for overseeing the day to day operation of the government, and for managing the heads of the various departments.

Polk County provides a full range of services, including police services, maintenance of roads and other infrastructures; judicial and court services, tax assessments and collections, jail operations, animal control services, E911, planning & zoning, building inspection, emergency management, and general administration. In addition, the County provides financial assistance to numerous agencies that perform services for the county including, but not limited to, the Polk County Health Department, Department of Family and Children's Services, Meals on Wheels, the Sara Hightower Regional Library System, and the Development Authority of Polk County.

The annual budget serves as the foundation for Polk County's financial planning and control. All departments of the County are required to submit requests for appropriations to the County Manager, who in turn submits a recommended budget to the Board of Commissioners for review. The County Manager conducts a public hearing on the proposed budget. The final budget is typically adopted at the Board of Commissioners business meeting in June. The appropriated budget is prepared by fund and by department. Department heads may make transfers of appropriations within a department with the exception of salaries and capital expenses. Transfers of appropriations to salary or capital expenses or between departments, however, require special approval by the Board of Commissioners. Budget to actual comparisons are provided in a report for each individual government fund for which an appropriated annual budget has been adopted.

ECONOMIC CONDITION AND OUTLOOK

Polk County has experienced better than expected growth in our local economy similar to what other communities are experiencing. During fiscal year 2021, new residential construction fueled the bulk of the growth. Polk County's unemployment rate improved substantially when compared to the last three months of fiscal year 2020, beginning the fiscal year at 6.6% in July of 2020 and declined to 3.9% in June of 2021. Sales tax revenue increased by 18.09% in fiscal year 2021, compared to 2020.

Economic development is important to the long-term success of Polk County. Polk County continues to partner with and fund the Development Authority of Polk County to support existing industry and to attract new industries. An ample supply of water, a good school system, relatively low taxes, access to high speed fiber, and a capable work force are available to all companies looking to locate here.

Public Safety is Polk County's highest priority. The combined 2021 budgets for Public Safety totaled comprised just over 47% of the County's General Fund Budget. Staffing within our Public Safety Departments has improved due to salary increases implemented over the past few years. The County is in the planning stages for making improvements to the County's fire services which has included engaging a fire consultant for recommended improvements.

Polk County is committed to maintaining and improving the County's infrastructure. The FY 2021 General Fund and SPLOST budgets reflected substantial investment by the County in addition to State Funds that enabled the County to resurface approximately 14.4 miles of county roads. We are also planning ahead for maintenance and improvements to the County's bridges and culverts.

In years 2021 and beyond, Polk County will remain committed to being fiscally responsible with its tax dollars; however we cannot continue to pursue the idea of doing more with less.

Maintaining and updating the County's buildings and facilities is also another top priority for the County. Additional improvements are planned for fiscal year 2022. The Sheriff's Department and Jail are among the list of projects as well as Court House updates and improvements. An ongoing 7.8 million dollar runway extension project at the Polk County Airport – Cornelius Moore Field is nearing completion which is being funded by grants, the Landfill Fund, and the 2014 SPLOST.
SPLOST is a vital source of revenue which funds many projects throughout the County. On July 1, 2020 the County began collections on the 2020 SPLOST. This is a six year SPLOST program that includes county wide recreation, public infrastructure improvements, public safety facilities, equipment and vehicles, public works facilities, equipment, and vehicles, transportation equipment, and vehicles, county buildings, facilities, and equipment and economic development.

Since 2010, the County has operated without having to utilize Tax Anticipation Notes. This is mainly due to the County's fiscal policies as well as maintaining at least 25% of its annual O & M budget in a fund reserve. As well as the County does not have any long term debt other than guarantees made on notes.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department, as well as, the assistance and contributions by County Department Head and their staff. Credit must also be given to the Chairman and members of the Polk County Board of Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of the County's finances.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

Polk County Board of Commissioners
Polk County, Georgia
Cedartown, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Polk County, Georgia, (the County), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Polk County Health Department, which represents 23%, 33%, and 82% of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Polk County Health Department, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2021, and the respective changes in the financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10 through 21, schedule of changes in the County's net pension liability and related ratios on page 61, schedule of County pension contributions on page 62, the schedule of changes in the County's total OPEB liability and related ratios on page 63, and the budgetary comparison schedules for the General Fund and E-911 Emergency Telephone Fund on pages 64-70 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, the Schedule of Projects Constructed With Special Purpose Local Option Sales Tax Proceeds, as required by the Official Code of Georgia 48-8-121, and the Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules and the Schedule of Projects Constructed With Special Purpose Local Option Sales Tax Proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the Schedule of Projects

Constructed With Special Purpose Local Option Sales Tax Proceeds are fairly stated in all material respects in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 15, 2022 on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis (MD&A) is a narrative introduction, overview and analysis of the basic financial statements prepared by the Finance Director.

THIS PAGE INTENTIONALLY LEFT BLANK

MANAGEMENT'S DISCUSSION AND ANALYSIS

Within this section of the annual comprehensive financial report for Polk County (the County), the County's management is pleased to provide this narrative discussion and analysis of the financial activities of the County for the year ended June 30, 2021. Within the context of the accompanying financial statements and disclosures following this section, the County's financial performance is discussed and analyzed.

2021 FINANCIAL HIGHLIGHTS

- The County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by $60,926,816 (total net position) as of June 30, 2021.
- Total net position is comprised of the following:
  (1) Capital assets net of related debt of $43,749,020 include property and equipment net of accumulated depreciation, and reduced for outstanding liabilities related to the purchase or construction of capital assets.
  (2) Net position of $8,966,682 is restricted by constraints imposed from outside the County such as grantors, laws, or regulations.
  (3) Unrestricted net position of $8,211,114.
- The County's governmental funds reported total ending fund balance of $21,708,903 at June 30, 2021. This compares to the prior year ending fund balance of $20,837,442 showing an increase of $871,461 during the current year.
- At the end of the current year, the unassigned fund balance for the General Fund was $11,935,260 or 52.3% of total General Fund expenditures.
- Overall, the County continues to maintain a strong financial position.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management's Discussion and Analysis document introduces the County's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. The County also includes in this report additional information to supplement the basic financial statements. Comparative data is presented to allow comparison to the prior year.

Government-wide Financial Statements

The County's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the County's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the *Statement of Net Position.* This is the government-wide statement of position presenting information that includes all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as *net position.* Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County as a whole is improving or deteriorating. Evaluation of the overall health of the County would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of County infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the County's net position changed during the current year. All current year revenues and expenses are included regardless of when cash is received or paid.

An important purpose of the design of the statement of activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers.

Both government-wide financial statements distinguish governmental activities of the County principally supported by taxes from business-type activities intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, judicial, public safety, public works, sanitation, culture and recreation, planning and community development, and health and welfare. Business-type activities include the landfill operations.

The government-wide financial statements are presented on pages 22 and 23 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The County uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the County's most significant funds rather than the County as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The County has three kinds of funds:

Governmental funds are reported in the fund financial statements and encompass the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the County's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 24 to 27 of this report.

Individual fund information for nonmajor governmental funds is found in combining statements in a later section of this report.

Proprietary funds are reported in the fund financial statements and generally report services for which the County charges customers a fee. The County's proprietary funds are classified as an enterprise fund. The enterprise fund essentially encompasses the same function reported as business-type activities in the government-wide statements. Services are provided to customers external to the County organization for solid waste services.

The basic proprietary fund financial statements are presented on pages 28 to 30 of this report.

Fiduciary funds (i.e., the custodial funds) are reported in the fiduciary fund financial statements, but are excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund County programs. These funds are used primarily by the County's constitutional officers.

The basic fiduciary fund financial statement is presented on pages 31 to 32 of this report.

Notes to the Basic Financial Statements

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the basic financial statements begin on page 33 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this section presents certain required supplementary information concerning The Association of County Commissioners of Georgia Pension Plan (ACCG Plan), The Healthcare Plan of Polk County, and budgetary comparison schedules for the General Fund and E-911 Emergency Telephone Fund. Required supplementary information can be found on pages 61 to 70 of this report.

Other Supplementary Information

These statements and schedules demonstrate compliance with the County's final revised budget. As discussed, the County reports major funds in the required supplementary information. Combining and individual statements and schedules for nonmajor funds are presented in a subsequent section of this report beginning on page 71.

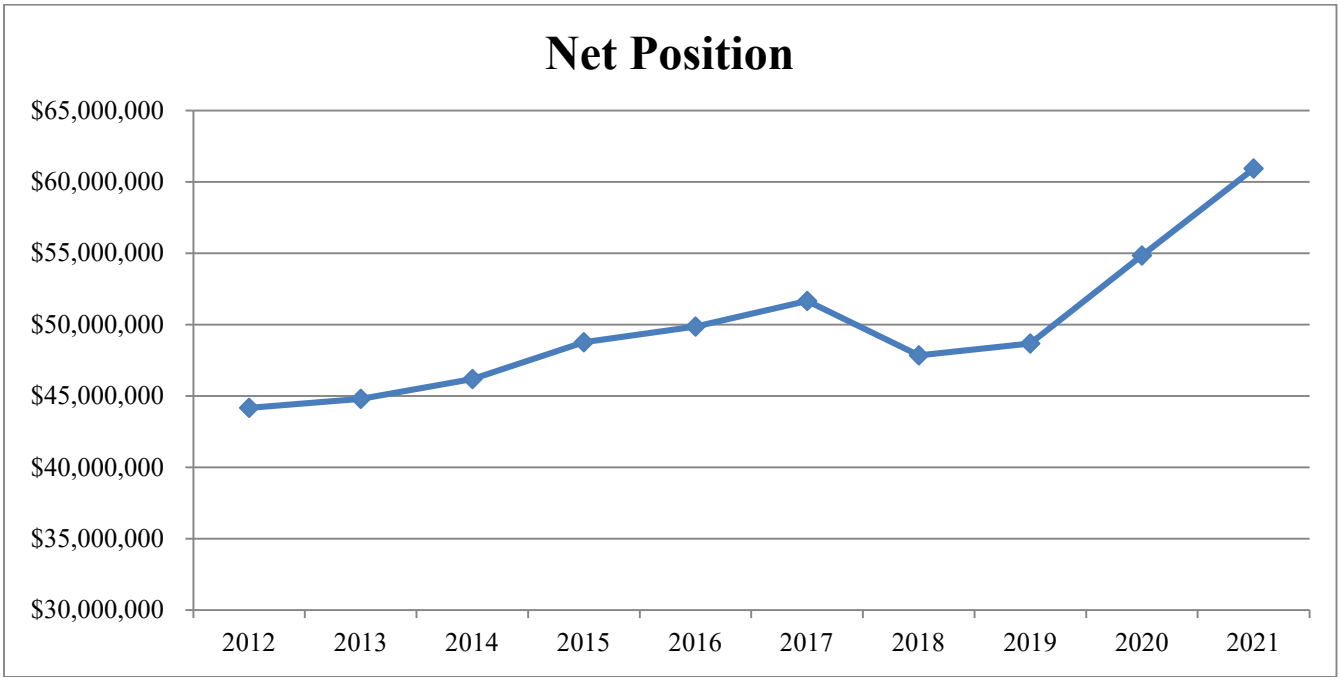

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

The County's net position at year-end is $60,926,816. The following table provides a summary of the County's net position:

Summary of Net Position

	Governmental Activities		Business-type Activities		Total	
	2021	2020	2021	2020	2021	2020
Assets:						
Current and other assets	$ 31,029,648	$ 25,688,758	$ 17,504,274	$ 14,681,335	$ 48,533,922	$ 40,370,093
Capital assets	45,296,402	41,576,814	355,681	366,173	45,652,083	41,942,987
Total assets	76,326,050	67,265,572	17,859,955	15,047,508	94,186,005	82,313,080
Deferred Outflows of Resources:						
Deferred outflows	5,760,508	3,745,989	-	-	5,760,508	3,745,989
Liabilities:						
Current liabilities	8,663,419	3,559,761	15,380	43,506	8,678,799	3,603,267
Long-term liabilities	20,304,730	17,751,074	4,798,496	4,503,827	25,103,226	22,254,901
Total liabilities	28,968,149	21,310,835	4,813,876	4,547,333	33,782,025	25,858,168
Deferred Inflows of Resources:						
Deferred inflows	5,237,672	5,372,141	-	-	5,237,672	5,372,141
Net position:						
Net investment in capital assets	43,393,339	41,426,528	355,681	366,173	43,749,020	41,792,701
Restricted	8,966,682	10,361,300	-	-	8,966,682	10,361,300
Unrestricted	(4,479,284)	(7,459,243)	12,690,398	10,134,002	8,211,114	2,674,759
Total net position	$ 47,880,737	$ 44,328,585	$ 13,046,079	$ 10,500,175	$ 60,926,816	$ 54,828,760

The following chart reports the County's total net position balances from years 2012 – 2021 before any restatements.

Current assets in governmental activities increased in the current year by $5,340,890 and for business-type activities increased $2,822,939. Current liabilities increased $5,103,658 for governmental activities and for business-type activities decreased $28,126.

The County continues to maintain high current ratios. The current ratio compares current assets to current liabilities and is an indication of the ability to pay current obligations. The current ratio for governmental activities is 3.6 to 1 as compared to 7.2 to 1 at June 30, 2020. The ratio for business-type activities has not been calculated since, due to the landfill operations being managed by a private contractor, it basically has no significant current liabilities.

The County reported a positive balance in net position for both the governmental and business-type activities. During 2021, net position increased $3,552,152 for governmental activities and increased $2,545,904 for business-type activities.

Note that approximately 59.3% of the governmental activities' total assets are tied up in capital assets. The County uses these capital assets to provide services to its citizens. Combining governmental activities with business-type activities, the County has invested approximately 48.5% of its total assets in capital assets, as presented in the government-wide statement of net position.

(This page is continued on the subsequent page)

The following table provides a summary of the County's changes in net position at June 30, 2021 and 2020:

Summary of Changes in Net Position

	Governmental Activities		Business-type Activities		Total	
	2021	**2020**	**2021**	**2020**	**2021**	**2020**
Revenues:						
Program:						
Charges for services and fines	$ 4,155,392	$ 3,638,511	$ 1,880,586	$ 1,656,707	$ 6,035,978	$ 5,295,218
Operating grants and contributions	2,236,977	870,772	10,000	10,000	2,246,977	880,772
Capital grants and contributions	3,078,824	3,705,837	-	-	3,078,824	3,705,837
General:

Ending net position	$ 47,880,737	$ 44,328,585	$ 13,046,079	$ 10,500,175	$ 60,926,816	$ 54,828,760

Governmental Activities Revenues

The County is heavily reliant on both property taxes and sales taxes to support governmental operations. Property taxes provided 33.6% of total revenues as compared to 40.0% in 2020, and sales taxes provided 35.4% of total revenues as compared 27.1% in 2020. Insurance premium taxes saw a $91,166 increase. Other tax collections increased $2,170 which consists of a number of small taxes, while intangible taxes saw an increase of $74,729 over the prior year.

Charges for services and fines increased approximately 14.2%. Overall, charges for services and fines increased by $516,881. This was due to the courts being closed for Covid-19 in 2020.

Operating grants vary from year to year, and 2021 saw an increase in grant funds received. In total, operating grant revenue in 2021 was over those of 2020 by $1,366,205. The increase is attributed to the CARES Act grants. Capital grants and

contributions for 2021 were $627,013 less than those of 2020. The decrease was due to less work done on the Airport project in 2021.

In 2021, there was $50,924 in investment earnings. This is less than the 2020 earnings by $171,776 because there were less resources available for investment. This is also due to a decrease in interest rates.

Note that program revenues covered just 26.5% and 29.3% of governmental expenses for 2021 and 2020, respectively. This means the government's taxpayers and the County's other general revenues normally fund 73.5% of the governmental activities, primarily from property and sales taxes. As a result, the general economy and the success of local businesses have a major impact on the County's revenue streams.

Governmental Activities Expenses

The following table presents the cost of each of the County's programs, including the net cost (i.e., total cost less revenues generated by the activities). The net cost illustrates the financial burden that was placed on the County's taxpayers by each of these functions.

	Governmental Activities			
	Total Cost of Services	**Percentage of Total**	**Net Cost of Services**	**Percentage of Total**
General government	$ 5,248,123	14.7%	$ (2,734,603)	10.4%
Judicial	4,336,246	12.1%	(2,400,047)	9.2%
Public safety	13,181,714	36.9%	(11,845,413)	45.2%
Public works	10,490,438	29.4%	(9,434,895)	36.0%
Planning/community development	1,034,391	2.9%	1,595,239	-6.1%
Health and welfare	276,946	0.8%	(276,946)	1.1%
Culture and recreation	339,208	1.0%	(339,208)	1.3%
Sanitation	732,515	2.1%	(732,515)	2.8%
Interest and fiscal charges	51,663	0.1%	(51,663)	0.2%
Total	$ 35,691,244	100.0%	$ (26,220,051)	100.0%

The public safety expenses total 36.9% of gross costs and 45.2% of net costs. As noted, total cost and net costs do not differ substantially by percentage for each function.

Business-Type Activities

Solid Waste Fund - The business-type activity is the Solid Waste Fund. Total assets increased $2,812,447. Total liabilities increased $266,543.

In total, operating revenues were up $223,879 or 13.5% and operating expenses were down $32,060 or 9.8% from 2020 as a result of a decrease in professional services acquired to do less monitoring at the Old 278 Landfill and a decrease in legal fees. On February 26, 2002, the County entered into an agreement with a private contractor to operate our landfill facility. As a result, we do not receive landfill-tipping fees and operating expenses as nominal.

During 2021, the Solid Waste Disposal Fund reported an operating gain of $1,595,543 as compared to $1,339,604 in 2020.

FUND ANALYSIS

Governmental Funds

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of $21,708,903 compared to $20,837,442 in 2020. The

General Fund reported an increase of $2,073,923 due to several Cares Acts Grants and an increase in sales taxes. The SPLOST funds reported a decrease in fund balance of $1,300,233 due to the debt service payments and the public safety radio project. The E-911 Emergency Telephone Fund reported a decrease to the negative fund balance by $191,525 because of more phone revenue and increased transfers from general fund.

Of this year-end total, $11,897,486 is unassigned indicating availability for continuing County service delivery requirements. $844,104 of the total fund balance is classified as nonspendable and relates to prepaid items, inventory, and advances to other funds. The following amounts in the other County funds are restricted for capital projects of $8,590,826, public safety of $162,754 and other programs purposes of $213,102.

The total ending fund balances of governmental funds show an increase of $871,461 from the prior year.

Major Governmental Funds

General Fund - The General Fund is the County's primary operating fund and the largest source of day-to-day service delivery. The General Fund's fund balance increased by $2,073,923 or 19.4% as compared to a 3.3% decrease in 2020. The ending unassigned fund balance is considered adequate, representing the equivalent of 52.27% of annual expenditures for 2021 compared to 45.06% at June 30, 2020. This is a positive indicator for the County and is generally recognized as being adequate.

General property taxes increased $187,031 or 1.7%. The current year digest was slightly more than the prior year. The increase was due to a slight increase in the digest values. Local option sales tax (LOST) increased $657,092 or 22.1%, which indicates the economic growth. Real estate transfer taxes increased $18,476 or 35.5%. Intangible taxes increased $74,729 by 38.0%. These are both signs of a strong real estate market. Insurance premium tax increased $91,166 or 4.9%. In total, taxes increased $295,260 or 1.6% over fiscal year 2020.

In 2021, licenses and permits were $37,633 or 16.0% above the prior year. The increase indicates that the trend is steady for occupational and building permits. Building permit revenues increased steady for the year when compared to 2020, which reported an increase because of homeowners making improvements to their existing homes as well as building new homes. This is attributed to favorable interest rates and a strong economy.

Overall, 2021 saw a $1,349,935 or 117.7% increase in intergovernmental grants. Intergovernmental revenues are primarily grants and these vary from year to year with the types of grants awarded and the timing of the payment of the funds. The largest grant was Care Act Grant.

Total charges for services increased by $56,942 or 6.9%. Prisoner housing revenue decreased $3,568 or 2.62%. This was due to the Sheriff housing less prisoners due to Covid. Airport fuel sales was up $30,251 or 21.07%. The reduction last year was due to Covid. The increased tax revenues mentioned above have resulted in increased commissions of $31,248 or 5.91%.

Total fines and forfeitures increased by $344,282 or 43.1%. The Clerk of Superior Court Fines had an increase of $86,783 or 36.63%. Magistrate Court has a $1,153 or .74% decrease, while Probate Court showed an increase of $55,645 or 15.56%. This was due to a increase in the number of cases due to Covid. Juvenile Court decreased $835 or 31.17%. County Ordinance showed a slight decrease with of $5,053 or 20.27% over 2020. The main increase was a one time payment of bond forfeiture fees. All of these revenue sources vary depending upon caseloads and disposition of each court.

Other revenues increased by $105,782 or 14.5% from 2020. This was due to an increase in insurance reimbursements and fingerprint fees.

In 2021, no funds were transferred to the General Fund. The funds in the past transferred were primarily used for General Fund Operations.

The 2021 General Fund expenditures are $1,308,812 or 6.1% more than 2020 expenditures. Described below are the most significant changes from the prior year.

General government expenditures are $376,355 or 10.90% more than those of 2020. Administration showed a $103,546 or 8.10% increase due to an increase is salary cost and benefits. Elections was up $49,126 or 30.22% due to an increase election

and grant expenses. The Information Technology department was up $3,246 or 1.73% due to an increase in salary. The Tax Commissioner was up $69,526 or 12.81% due to an increase in salary and benefits. The Tax Assessors office was up $132,874 or 19.49% due to the cost of contracting with an independent firm to do a reevaluation of real property to be paid over a three year period. Building maintenance was up $10,513 or 1.81% from the prior fiscal year. Building maintenance cost increased because of more building maintenance and repairs.

Judicial expenditures exceed those of the prior year by $333,190 or 8.97%. The Clerk of Superior Court had an increase of $206,447 or 30.56% due to a decrease in salary and benefits. The Clerk's Office had some deed books scanned at a cost of $158,153. This was funded by Cares grants. Superior Court increased $31,430 or 26.73% due to an increase in technical service. Drug Accountability Court cost decreased $95,912 or 11.09%. This was due to less grant expenses. The District Attorney cost increased slightly at $ 42,328 or 15.16%. This was due to an additional employee being added and an increase in salary. Magistrate Court cost had a $17,283 or 4.04% increase. This increase was in the salary expense. Probate Court slight increase of 23.58% or $ 99,570. This was due to a increase in salary, group insurance and fingerprint fees. Juvenile Court was 9.75% or $41,908 more than 2020. There were increases in salary, benefits, technical service and indigent defense. The Public Defender Office remained steady with a $2,868 or 1.00% increase over 2020. The Coroner's Office had a $21,336 or 21.61% decrease. This is due to a decreased case load.

Public safety is a priority in the County. General fund public safety expenditures are $422,647 or 4.29% more than 2020. The County Police increased $107,080 or 3.46% due to an increase in salary and benefits. The Sheriff Department had a $228,090 of 4.05% increase with the most significant increases in salary and benefits. Jail Medical increased $41,500 or 10.35%. This was due to more outside medical expenses. Emergency Management remained steady with a 7.06% or $11,621 increase, while the Fire Department had an $18,143 or 8.69% increase. This was due to an increase in fire fighter response pay. Animal Control increased $ 13,351 or 4.00% due to an increase in group insurance

The public works expenditures increased $75,011 or 3.11%. The largest increase was in group insurance, culvert pipe and roadway materials. The majority of the paving is done in the SPOST fund.

Planning and community development expenditures increased by $12,919 or 1.53% from 2020. Airport expenditures remained level with a 5.74% or $14,427 increase. This was due to an increase in fuel. Economic development is a priority for the County and remained consistent with the prior year. Permits and Inspections increased to $11,354 or 8.21% due a decrease in salary. Also, Extension Service increased 31.10% due to an increase in salary and the cost of the State of Georgia benefits for the employee supplements.

Health and welfare expenditures increased 13.79% from 2020.

Culture and recreation expenditures remained steady with no change.

Sanitation expenditures increased by $53,818 or 7.95% from 2020. This was due to an increase in disposal service, auto repairs. and salary.

SPLOST Capital Projects Fund

This fund is utilized to account for the proceeds of a 1 percent special purpose local option sales tax, approved by the Polk County Voters. Polk County currently has three SPLOST in use.

The 2008 SPLOST was approved on November 6, 2007 for a period of time not to exceed six years for the purpose of funding County-wide projects and projects controlled through intergovernmental agreements with the cities of Cedartown, Rockmart, and Aragon.

The 2014 SPLOST fund was approved on March 6, 2012 for a period of time not to exceed six years for the purpose of funding County-wide recreation, paving and bridge improvements, equipment and facilities for public safety, public health equipment and facilities, public welfare improvements, County buildings and facilities, economic development and safety equipment and an intergovernmental agreement with the cities of Cedartown, Rockmart, and Aragon.

The 2020 SPLOST fund was approved on November 6, 2018 for a period of time not to exceed six years for the purposes of funding County-wide recreation, public infrastructure improvements, public safety facilities, equipment and vehicles, public works facilities, equipment and vehicles, transportation equipment and vehicles, county building, facilities, and equipment and economic development.

These funds are being spent down, consistent with the approved referendum projects.

In 2021, these funds recognized $6,843,820 in sales tax revenue and had investment earnings of $9,513.

These funds expended $7,249,134 for County projects controlled by the Board of Commissioners, including $338,604 for general government, $7,448 for judicial projects, $1,763,862 for public safety, $2,299,693 for public works, $2,834,597 for planning and community development, and $4,930 for culture and recreation. We transmitted $3,167,320 to the cites pursuant to the applicable intergovernmental agreements.

At June 30, 2021, the fund balance was $8,590,826, a decrease of $1,300,233 compared to previously reported fund balance of $9,891,059 at June 30, 2020.

E-911 Emergency Telephone Special Revenue Fund

This fund is utilized to account for funds generated from telephone subscriber surcharge fees for the emergency 911 system.

At June 30, 2021, cash and accounts receivable were $27,548 or 14.3%, less than 2020 while accounts payable, accruals, and advances to other funds were down $219,070 or 51.9%. The fund deficit at June 30, 2021 was $37,774 which is a 83.50% decrease in the deficit fund balance reported at 2020 year-end of $229,299 by 83.5%.

Charges for services increased by $19,430 or 2.54%, from 2020. This was due to an increase in telephone revenue for landline and cell phones. Total expenditures in 2021 were $35,957 or 3.14%, more than 2020. This was due to increased maintenance cost and salary.

Proprietary Funds

Proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. The business-type activities analysis above discusses the County's enterprise fund.

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund's revenue budget was amended upward in 2021, by $4,111,683 or 20.2%.

Tax revenues were above the final budget by approximately $930,356. While general property taxes were $411,659 over budget, motor vehicle and mobile home taxes were over budget by $13,922, Local Option Sales Tax was over budget by $332,814, and interest and penalties were $8,168 over budget. Taxes were collected at a slight increase and there was a millage rate decrease.

In addition to general property taxes there were Malt Beverage revenues that exceeded the 2021 budget. Insurance Premium, franchise, and real estate transfer tax exceeded budget.

In total, intergovernmental revenues were over budget. Accountability grants increased. We also had several Cares Act Grants. Grant amounts exceeded budgeted expectations.

Charges for services were over the final budget by a nominal $11,877 or 1.37%. The largest increase is in a one time payment of Sheriff Bond Fees. Variance with budget in all other charges is minimal.

Total fines and forfeitures were $5,390 below the final budget. The Magistrate Court was $4,810 over budget. County Ordinance was under budget by $19,122. Probate Court was over budget $3,274.

The General Fund's expenditure budget was increased $1,230,009 or 5.4%.

The general government was under budget by $642,398. Administration was under $567,182. This was due to all contingency funds not being spent. Information technology was under by $1,868 because of more software upgrades.

The judicial function was under budget by $147,083. Superior Court was under budget by $24,196. These actual expenditures can fluctuate with types of cases and the number that actually go to trial. Juvenile Court was under by $19,477. Caseloads and the number of court appointed attorneys vary for this department. Magistrate was under by $11,247. Clerk of Superior Court was under by $43,881. Probate Court and Magistrate Court were all under budget by minimal amounts. District Attorney, Accountability Court, and Public Defender were under budget.

The public safety budget was under spent by $114,185 or less than 1.10%. This is a nominal amount for the $10.4 million public safety budget. Sheriff's office was $1,944 or 0.03% under budget while County Police was $36,565 or 1.13% under budget. This was due to the departments not being fully staffed.

The public works budget was under budget by $53,088 or 2.09%. Recreation was consistent with budget. Planning and community development was under budget by $17,726. Health and welfare was under budget by $40,000. Sanitation was under budget by $8,885.

In total, the County underspent the final general fund expenditures and other financing uses budget by $1,031,778 or 4.22%.This was due to not all contingency funds were used and several vacant positions.

(This page is continued on the subsequent page)

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The County's investment in capital assets, net of accumulated depreciation, for governmental and business-type activities as of June 30, 2021 was $45,296,402 and $355,681 respectively. The change in this net investment was an approximate 8.95% increase for governmental activities and decrease of 2.87% for business-type activities. See Note 3-D for additional information about changes in capital assets during the year and outstanding at the end of the year.

The following table provides a summary of capital asset activity:

Capital Assets

	Governmental Activities		Business-Type Activities		Total	
	2021	2020	2021	2020	2021	2020
Non-depreciable assets:						
Land	$ 3,239,469	$ 3,211,159	$ 180,890	$ 180,890	$ 3,420,359	$ 3,392,049
Construction in progress	9,003,049	5,383,298	19,682	19,682	9,022,731	5,402,980
Total non-depreciable	12,242,518	8,594,457	200,572	200,572	12,443,090	8,795,029
Depreciable assets:						
Buildings and improvements	26,206,790	26,201,290	4,970,255	4,970,255	31,177,045	31,171,545
Machinery, equipment and vehicles	18,102,352	17,293,595	-	-	18,102,352	17,293,595
Infrastructure	41,513,604	40,355,431	-	-	41,513,604	40,355,431
Total depreciable assets	85,822,746	83,850,316	4,970,255	4,970,255	90,793,001	88,820,571
Less accumulated depreciation	52,768,862	50,867,959	4,815,146	4,804,654	57,584,008	55,672,613
Book value - depreciable assets	33,053,884	32,982,357	155,109	165,601	33,208,993	33,147,958
Percentage depreciated	61.5%	60.7%	96.9%	96.7%	63.4%	62.7%
Total Capital Assets	$ 45,296,402	$ 41,576,814	$ 355,681	$ 366,173	$ 45,652,083	$ 41,942,987

At June 30, 2021, the depreciable capital assets for governmental activities were 61.5% depreciated. This compares to 60.7% at June 30, 2020. This comparison indicates the County is replacing its assets at almost the same rate as they are depreciating, which is a positive indicator. With the County's business-type activities, 96.9% of the asset values were depreciated at June 30, 2021 compared to 96.7% at June 30, 2020. Since the operations of the landfill are contracted out, this depreciation is not a significant issue.

For governmental activities, the balance of construction in progress relates to the extension of the runway at the Airport and Motorola Radio Project in the amount of $8,819,457. The remaining CIP relates to miscellaneous projects throughout the county.

In the infrastructure and improvements categories we had additions of $1,158,173 and none respectively. Infrastructure increases were for road paving of approximately 11 roads with in the county. In the vehicles category, we had additions of $402,296 which includes a two Dump Trucks and several public safety vehicles. The remaining $653,369 was for public works and technology equipment. In the building improvements category, we had additions of $5,500 for a sign at the jail.

Long-Term Obligations

The following table reports long-term obligation balances at June 30, 2021 and 2020:

	Long-Term Obligations					
	Governmental Activities		Business-type Activities		Total	
	2021	2020	2021	2020	2021	2020
Net pension liability	$ 3,222,300	$ 4,501,575	$ -	$ -	$ 3,222,300	$ 4,501,575
Total OPEB liability	15,296,512	10,865,340	-	-	15,296,512	10,865,340
Compensated absences	985,608	1,004,780	-	-	985,608	1,004,780
Capital leases	2,132,959	2,714,029	-	-	2,132,959	2,714,029
Advanced funding - postclosure trust agreement	-	-	4,019,767	3,738,867	4,019,767	3,738,867
Closure and postclosure care costs	-	-	778,729	778,729	778,729	778,729
Total	$ 21,637,379	$ 19,085,724	$ 4,798,496	$ 4,517,596	$ 26,435,875	$ 23,603,320

See Note 3-G for additional information about the County's long-term debt. We discuss the landfill closure and post closure care liability in Note 3-F, the net pension liability in Note 3-I, and the total OPEB liability in Note 3-J.

A SUMMARY OF THE ECONOMIC CONDITIONS AFFECTING THE COUNTY

The County is located in the Coosa Valley area of Northwest Georgia. The County is located approximately sixty miles west of the City of Atlanta and borders the state of Alabama.

According to the latest information available, the County's 2021 unemployment rate is 3.9%, which is slightly lower than the state's average of 4.4%. The County's employment for 2021 is estimated at 17,708 and will continue to grow as more businesses come to the area. The median household income for County residents is estimated at $44,891 which is lower than the $58,700 average for the state's 159 counties.

The primary revenue streams for the County are property taxes and sales taxes. This is a good revenue mix as property taxes are classified as "inelastic" and sales taxes are classified as "elastic". General property taxes were over the prior year and they came in at a rate that is slightly above budget. Sales tax revenue is highly sensitive to fluctuations in the economy. The slowly recovering economy caused this revenue source to be slightly over what was budgeted. The County continues to demonstrate a commitment to provide quality services with limited resources. The 2021 operational budget demonstrates a strong commitment to economic development, public safety and infrastructure improvements.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the County's finances, comply with finance-related laws and regulations, and demonstrate the County's commitment to public accountability. Questions concerning any of the information provided in this report or request for additional information should be addressed to the Polk County Finance Department, 216 Main Street, Cedartown, GA 30125.

BASIC FINANCIAL STATEMENTS

The basic financial statements include the government-wide statement of net position and government-wide statement of activities which include all the primary government's governmental activities, business-type activities and component units. In addition, the basic financial statements include the fund financial statements and the notes to the financial statements.

Polk County, Georgia
Reconciliation of the Balance Sheet of Governmental Funds
to the Government-wide Statement of Net Position
June 30, 2021

Total Governmental Fund Balances		$ 21,708,903
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not current financial resources and therefore, are not reported in the funds.		45,296,402
Other long-term assets are not available to pay for current-period expenditures and therefore are unavailable in the funds.		
Property taxes	511,303	
Grant proceeds	178,672	
Due from component unit	1,300,000	1,989,975
Deferred outflows of resources are not an available resource and, therefore, are not reported in the funds.		
Deferred outflows related to pensions	2,308,903	
Deferred outflows related to OPEB	3,451,605	5,760,508
Long-term liabilities and deferred inflows of resources are not due and payable in the current period and therefore are not reported in the governmental fund balance sheets but are reported on the government-wide statement of net position.		
Advance funded equipment acquisition lease	(2,132,959)	
Net pension liability	(3,222,300)	
Deferred inflows related to pensions	(2,484,584)	
Total OPEB liability	(15,296,512)	
Deferred inflows related to OPEB	(2,753,088)	
Accrued compensated absences	(985,608)	(26,875,051)
Net Position of Governmental Activities		$ 47,880,737

See accompanying notes to the basic financial statements

Polk County, Georgia
Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balance of Governmental Funds to the Government-wide Statement of Activities
For the Year Ended June 30, 2021

Net Changes In Fund Balances - Total Governmental Funds		$ 871,461
Amounts reported for governmental activities in the statement of activities are different because		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. When assets are sold or retired, the difference between the sales proceeds, if any, and the net book value of the assets is reported in the Statement of Activities as a gain or loss.		
Depreciation expense	(2,145,189)	
Capital outlay	5,867,399	
Loss on disposal of capital assets	(2,622)	3,719,588
Revenues reported in the government-wide statement of activities that do not provide current financial resources are not reported as revenues at the fund financial reporting level.		
Deferred revenues		(636,230)
The issuance of long-term debt provides current financial resources and the repayment of principal on long-term debt consumes current financial resources in the governmental funds. Governmental funds report the effect of premiums, discounts, and similar items when debt is issued, whereas these amounts are deferred and amortized in the statement of activities.		
Principal payments on debt	581,070	581,070
Some expenses reported in the statement of activities do not require the use of financial resources and therefore are not reported as expenditures in governmental funds. These expenses are:		
Net pension liability and changes in related deferred inflows/outflows of resources	(211,712)	
Total OPEB liability and changes in related deferred inflows/outflows of resources	(791,197)	
Accrued compensated absences	19,172	(983,737)
Change In Net Position of Governmental Activities		$ 3,552,152

Polk County, Georgia (the County) is a political subdivision of the State of Georgia and was created by a legislative act in 1851. Named after President James K. Polk, the County is located in the Coosa Valley area of Northwest Georgia. The County operates under a Commission-Manager form of government and is governed by a six member elected board of county commissioners, which is governed by state statutes and regulations and elected from single-member districts. There are certain elected officials whose operations are wholly included within the financial records and financial statements of the County. These elected officials include the Tax Commissioner, Clerk of Superior Court, Magistrate Court, Sheriff, Probate Court, County Probation, and Juvenile Court. The County's major services include general government, judicial, public safety, public works, planning and community development, health and welfare, culture and recreation, and sanitation.

Note 1 - Summary of Significant Accounting Policies

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting.

The most significant of the County's accounting policies are described below.

1-A. Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards and agencies that are not legally separate from the County. For the County, this entity includes the constitutionally elected officers.

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of the operational and financial relationships with the County. In conformity with accounting principles generally accepted in the United States of America, as set forth in Governmental Accounting Standards Board Statement No. 61, "*The Financial Reporting Entity: Omnibus - An Amendment of GASB Statements No. 14 and No. 34*" the component units' financial statements have been included as discretely presented component units. The discretely presented component units are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the County based upon the application of these criteria. The following is a brief review of the component units addressed in defining the County's reporting entity.

Polk County Health Department (Health Department) – The Health Department works to promote and preserve the health of the citizens of the County. The Health Department's Board consists of seven members, the Chairman of the Board of Commissioners, Chairman of the Cedartown City Commission, the Superintendent of the Polk County Board of Education, three members appointed by the County Commission, and one member appointed by the City of Cedartown. The County, by virtue of its' appointments and the presence of the Chairman of the Board of Commissioners on the Board of the Health Department, controls much of the Health Department's governing positions. Although the County does not have the authority to approve or modify the Health Department's budgets, it does have the ability to control the amount of funding it provides to the Health Department and such funding is significant to the overall operations of the Health Department. The Health Department is reported as a discretely presented component unit in the County's financial statements because the entity is legally separate, the primary government appoints a voting majority of the entity's board, the primary government is able to impose its will on the entity, the entity does not provide services entirely or almost entirely to the primary government, and in most cases, the entity and primary government do not have boards that are substantively the same. The fiscal year end of the Health Department is June 30th. Complete financial statements for the Health Department may be obtained from its administrative office at 125 E Ware St, Cedartown, Georgia 30125.

Development Authority of Polk County (the Authority) – The Authority's purpose is to develop and promote trade, commerce, industry, and employment opportunities within Polk County. The Authority exists to promote economic development in the County by working with existing industries to expand as well as by recruiting additional business to the community. The Authority was created by a resolution of the Board of Commissioners. All board members are appointed by the Board of Commissioners. The Authority is responsible for adopting its own annual budget and making its own operational decisions however, the County provides substantial financial support each year and has contractually obligated itself to use its taxing powers to guarantee the repayment of principal and interest on certain bank loans issued by the Authority. The Authority is

Note 1 - Summary of Significant Accounting Policies (Continued)

presented as a governmental fund type component unit. There are no separately issued financial statements available for the Development Authority of Polk County. The fiscal year end of the Authority is June 30th.

A blended component unit, although a legally separate entity, is in substance part of the County's operations and so financial data from this unit is combined with the financial data of the primary government. The following is presented as a blended component unit.

Polk County Public Purpose Corporation (the Corporation) – The Corporation is governed by a three-member board appointed by the Board of Commissioners. Although it is legally separate from the County (pursuant to Georgia law), the Corporation is reported as if it were part of the primary government because its primary purpose was to acquire and construct rental property and subsequently sell the assets to the County pursuant to an installment agreement that includes annual funding provisions. This entity has been inactive for several years.

Joint Ventures

The Northwest Georgia Regional Commission (RC) is considered a joint venture based upon the criteria in Governmental Accounting Standards Board (GASB) Statement No. 14, as amended by GASB Statement No. 61. Under Georgia law, the County, in conjunction with other cities and counties in the fifteen (15) county Northwest Georgia area, is a member of the RC. Membership in the Regional Commission is required by the official Code of Georgia Section (O.C.G.A) 50-8-34, which provides for the organizational structure of the RDC in Georgia. The County paid dues of $28,183 to the RC for the fiscal year ended June 30, 2021. The Regional Commission Board membership includes the chief elected official of each county and municipality of the area. O.C.G.A 50-39-1 provides that the member governments are liable for any debts or obligations of a Regional Commission. Complete financial statements of the RC may be obtained from the Northwest Georgia Regional Commission, 1 Jackson Hill Dr., P.O Box 1798, Rome, GA 30162.

The Polk County Drug Task Force (the "Task Force") is considered a joint venture with no equity interest based upon the criteria in GASB Statement No. 14, as amended by GASB Statement No. 61. Pursuant to an intergovernmental agreement established between the Polk County Police Department, Polk County Sheriff's Office, Cedartown Police Department, and Rockmart Police Department, the Task Force was established in 2013 to provide services to combat the use and influence of illicit drugs and attempt to reduce the incidences of violent crimes. The agreement is construed as a joint contract of services between governmental entities, authorized pursuant to the general provisions of Georgia law and Article IX, Section III, Paragraph 1 of the Constitution of the State of Georgia. The Task Force Control Board is comprised of the District Attorney, the Polk County Sheriff, the County Manager, the Cedartown City Manager, and each participating police department's Chief. These representatives may name designees to represent their interest on the Control Board. During the fiscal year ended June 30, 2021, there were no transactions made between the County and the Task Force.

1-B. Government-wide and Fund Financial Statements

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements – The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the County. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities,* which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenue.*

Note 1 - Summary of Significant Accounting Policies (Continued)

Fund Financial Statements - Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. Fund financial statements are provided for governmental, proprietary and fiduciary funds.

1-C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide Financial Statements - The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting,* as are the proprietary fund and fiduciary fund financial statements. Agency funds are custodial in nature and do not present the results of operations or have a measurement focus. All assets and all liabilities associated with the operation of the County are included on the statement of net position. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of the related cash flows. Property taxes are recognized as revenues in the fiscal year for which they are levied. Property taxes levied in September are for the next fiscal year beginning July 1. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund Financial Statements - Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers most revenues to be available if they are collected within 60 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales tax, intergovernmental grants, and investment income associated with the current fiscal year are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the County.

In accordance with GASB Statement No. 34, major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Fund Accounting - The County uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The County uses three categories of funds: governmental, proprietary and fiduciary.

> ***Governmental Funds*** - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The County reports the difference between governmental fund assets and liabilities as fund balance. The following are the County's major governmental funds:
>
> > ***General Fund*** – This fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
> >
> > ***ARPA Grant Special Revenue Fund*** – This fund is used to account for the ARPA grant proceeds.
> >
> > ***Special Purpose Local Option Sales Tax (SPLOST) Capital Project Fund –*** This fund is used to account for the proceeds of a 1 percent special purpose local option sales tax approved by voter referendum for various projects throughout the County.

Note 1 - Summary of Significant Accounting Policies (Continued)

E-911 Emergency Telephone Special Revenue Fund - This fund is used to account for funds generated from telephone subscriber surcharge fees and the emergency 911 system.

Additionally, the County reports the following non-major governmental fund type:

Special Revenue Funds – These funds account for revenue sources that are legally restricted or committed to expenditures for specific purposes, such as grant programs, certain fines and forfeitures, and law enforcement services.

Proprietary Funds – Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. The County reports the following major proprietary fund.

Solid Waste Fund – This fund accounts for the activity at the County landfill for which operation is contracted to a private sector vendor.

Custodial Funds – Custodial funds are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals. Constitutional officers use these funds to temporarily hold assets.

In accounting and reporting for its proprietary operations, the government applies all GASB pronouncements. GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements* incorporated in the GASB's authoritative literature certain accounting and financial reporting guidance issued on or before November 30, 1989 which does not conflict with or contradict GASB pronouncements.

As a general rule the effects of interfund activity have been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other changes between the County's emergency medical services and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various function concerned.

Amounts reported as *program revenues* include 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the County's internal service funds are charges for goods and services provided. Operating expenses of the enterprise funds and internal service funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

1-D. Assets, Liabilities and Fund Equity

1-D-1 Cash, Cash Equivalents, and Investments

Cash and cash equivalents include cash on hand, demand deposits as well as short-term investments and certificates of deposits with a maturity date within three months of the date acquired by the County. In addition, investments in Georgia Fund 1, an external investment pool sponsored by the State of Georgia, are considered to be cash equivalents because they are sufficiently liquid to permit withdrawal of cash at any time without prior notice or penalty.

Georgia Fund 1 is the combined state general fund and local government investment pool and is managed by the Office of State Treasurer. Georgia Fund 1 is offered by the State of Georgia to counties, municipalities, public colleges and universities, boards

Note 1 - Summary of Significant Accounting Policies (Continued)

of education, special districts, state agencies, and other authorized entities as a conservative, efficient, and liquid investment alternative. The primary investment objectives of Georgia Fund 1 are safety of capital, liquidity, yield, and diversification with primary emphasis on safety of capital and liquidity.

Georgia Fund 1 invests the pooled funds in U.S. Treasury obligations, securities issued or guaranteed by the U.S. government or any of its agencies or instrumentalities, banker's acceptances and repurchase agreements contracted with highly rated counterparties, and commercial paper rated "A-1" or better. The fund may also invest in certificates of deposit issued by banks domiciled in the State of Georgia that maintain Standard & Poor's ratings of "A-1" or better.

Investments are stated at fair value based on quoted market prices. The reported value of funds invested in Georgia Fund 1 is the same as the fair value of the pool shares.

Georgia law authorizes the County to invest in the following type of obligations:

- Obligations of the State of Georgia or of any other states
- Obligations of the United States Government
- Obligations fully insured or guaranteed by the United States Government or United States Government Agency
- Obligations of any corporation of the United States Government
- Prime bankers' acceptances
- The State of Georgia local government investment pool (i.e., Georgia Fund I)
- Repurchase agreements
- Obligations of the other political subdivisions of the State of Georgia

1-D-2 Restricted Assets

Pursuant to the landfill operating agreement, a trust was established to provide for post-closure costs on the existing Grady Road Landfill. These resources can only be used for post-closure costs until all mandated requirements are met. Liabilities payable from these restricted assets are reported separately to indicate that the source of payment is the restricted assets.

Additionally, ARPA and other grant funds, SPLOST and E-911 proceeds can only be used for costs specifically allowed in the grant agreement or referendum, respectively.

1-D-3 Receivables

All trade and property tax receivables are reported net of an allowance for uncollectibles, where applicable.

1-D-4 Interfund Balances

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal period as well as all other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, represent long-term borrowing arrangements with established repayment schedules, and are offset by a fund balance account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

1-D-5 Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. Inventories consist of expendable supplies held for consumption. The cost is recorded as an asset at the time the individual item is purchased. Inventories reported in the governmental funds are equally offset by a nonspendable fund balance category, which indicates that they do not constitute "available, spendable financial resources" even though they are a component of net current assets.

Note 1 - Summary of Significant Accounting Policies (Continued)

1-D-6 Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2021, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, prepaid items are equally offset by a nonspendable fund balance category, which indicates that they do not constitute "available, spendable financial resources" even though they are a component of net current assets.

1-D-7 Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County maintains a capitalization threshold for machinery and equipment, buildings, and infrastructure of five, fifteen, and twenty thousand dollars, respectively.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition values as of the date received. The County's infrastructure consists of roads and bridges. The County's infrastructure was reported retroactively in 2007.

Improvements to capital assets are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed.

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement.

Depreciation is computed using the straight-line method over the following useful lives:

Asset Class	
Improvements other than buildings	10-40 Years
Buildings	20-60 Years
Building improvements	10-60 Years
Machinery and equipment	3-15 Years
Vehicles	5-20 Years
Infrastructure	20-40 Years

At the inception of capital leases at the governmental fund reporting level, expenditures and an "other financing source" of an equal amount are reported at the net present value of future minimum lease payments.

1-D-8 Property Held for Sale

Property held for sale includes commercial land and buildings held by the Development Authority of Polk County. The properties are being actively marketed for sale and were purchased and developed to aid in economic development and entice new business within the County. Property held for sale is valued at the lower of cost or market ("LCM").

Note 1 - Summary of Significant Accounting Policies (Continued)

1-D-9 Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the County's past experience of making termination payments.

All compensated absence liabilities include salary-related payments, where applicable.

The total compensated absence liability is reported on the government-wide financial statements. Governmental funds report the compensated absence liability at the fund reporting level only "when due for payment."

1-D-10 Deferred Outflows / Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense / expenditure) until then. The County has deferred outflows related to the County's pension and OPEB plans. These items only arise under the full accrual basis of accounting and are only reported in the government wide statement of net position.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of fund balance that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has three items that qualify for reporting in this category. The County has deferred inflows related to the County's pension and OPEB plans. These items only arise under the full accrual basis of accounting and are only reported in the government wide statement of net position. The other item that qualifies for reporting in this category arises only under the modified accrual basis of accounting. Accordingly, this item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources, property taxes and grant proceeds. This amount is deferred and recognized as an inflow of resources in the period the amounts become available.

1-D-11 Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of these funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are "due for payment" during the current year. Notes are recognized as a liability in the governmental fund financial statements when due.

1-D-12 Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Polk County, Georgia Retirement Plan (the "Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 1 - Summary of Significant Accounting Policies (Continued)

1-D-13 Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the total OPEB liability of The Healthcare Plan of Polk County ("the Plan") and additions to/deductions from the total OPEB liability have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

1-D-14 Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance – Generally, fund balance represents the difference between the assets and deferred outflows of resources and the liabilities and deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

a. *Nonspendable Fund Balance*: the portion of a fund balance that includes amounts that cannot be spent because they are either in nonspendable form (prepaid items, inventories of supplies, or loans receivable) or are legally contractually required to be maintained intact.

b. *Restricted Fund Balance*: the portion of a fund balance that reflects constraints placed on the use of resources other than nonspendable items that are either externally imposed by creditors (debt agreements, grantor, contributors, or laws or regulations of other governments), or be imposed by law through constitutional provisions or enabling legislation.

c. *Committed Fund Balance*: the portion of a fund balance that includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board of Commissioners and remain binding unless removed in the same manner. Board of Commissioner's resolution is required in order to establish, modify or rescind a fund balance commitment. This is the highest level of authoritative action at the local level.

d. *Assigned Fund Balance*: the portion of a fund balance that includes the amounts that are constrained by the County's intent to be used for specific purposes but are neither restricted nor committed. By motion, only the Board of Commissioners can authorize an assignment of fund balances. Also, any of the fund balance reported at year-end that is included in the subsequent year's budget is reported as assigned.

e. *Unassigned Fund Balance*: the portion of a fund balance that includes amounts that do not fall into one of the above four categories. The County reports positive unassigned fund balance only in the General Fund.

It is the County's policy to consider restricted fund balance to have been used before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, it is the County's policy to use fund balance in the following order:

1) Committed
2) Assigned
3) Unassigned

The County does not have a formal minimum fund balance policy.

Note 1 - Summary of Significant Accounting Policies (Continued)

Net Position - Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any liability used for the acquisition, construction or improvement of those assets. This net investment amount also is adjusted by any deferred bond premiums, discounts or refunding amounts. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position is reported as unrestricted. The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

1-D-15 Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers.

Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses section in the proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements (i.e., they are netted).

Transfers between funds reported in the governmental activities column are eliminated from the government-wide statement of activities.

1-D-16 Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1-D-17 Special Item

ETC of Georgia (Waste Industries) manages and operates the Grady Road landfill for Polk County. For several years they have been in dispute over certain provisions included in the contract. In March 2021, the two parties settled the ongoing lawsuit resulting in Polk County receiving payment of $1,075,106. The amount is included as a special item on the Proprietary Fund's Statement of Revenues, Expenses and Changes in Fund Net Position

Note 2 – Stewardship, Compliance and Accountability

2-A. Budgetary Information – Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP) for the General Fund and special revenue funds. A budget was not adopted for the ARPA Grant Fund. Project length budgets are adopted for capital project funds in the normal budget process or de facto through the SPLOST referendum process. For administrative control purposes, a budget is also adopted for the enterprise fund.

The legal level of control (the level at which expenditures may not legally exceed appropriations) for each adopted annual operating budget generally is the expenditure level within each individual fund. Any change in total to a fund or changes between department appropriations within a fund requires approval of the Board of Commissioners. The County Manager may approve budget transfers within departments. The Board of Commissioners must approve any transfers of personnel or capital appropriations. During the year, the Board of Commissioners approved budget revisions.

The original 2021 budget was amended during the year. All unencumbered annual appropriations lapse at year-end.

2-B. Excess of Expenditures over Appropriations

There were no departments that overspent the final total 2021 annual budget.

Note 2 – Stewardship, Compliance and Accountability (Continued)

2-C. Deficit Fund Equities

The following fund had a deficit fund equity as of June 30, 2021:

E-911 Emergency Telephone Fund	$ 37,774

The deficit will be funded by the General Fund transfers and/or E-911 fees in future years.

Note 3 - Detailed Notes on All Funds

3-A. Deposits and Investments

Deposits – The County's cash and investment policy limits deposits to demand and money market accounts, and time deposits at local banks. The County's deposits shall be secured by Federal Deposit Insurance Corporation (FDIC) coverage and/or bank pledges. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by using either the dedicated method or the pooled method. Under the *dedicated method,* a depository shall secure the deposits of each of its public depositors separately at an amount of 110% of the deposits. Under the *pooled method,* a depository shall secure deposits of public bodies which have deposits with it through a pool of collateral established by the depository with a custodian for the benefit of public bodies having deposits with such depository as set forth in code Section 45-8-13.1.

Custodial Credit Risk – Deposits – The custodial credit risk for deposits is the risk that, in the event of a bank failure, the County's deposits may not be recovered. At June 30, 2021, the County's deposits were covered, either by FDIC coverage or collateralized through the State of Georgia as explained above.

Credit and Interest Rate Risk – Investments – The County does not have a formal investment policy as of June 30, 2021.

As of June 30, 2021, the County had the following investments:

Type of Investment	Rating	Investment Maturities (in Years)				Fair Value
		Less than 1	1-5	5-10	More than 10	
Georgia Fund 1	AAAf	$ 6,090,476	$ -	$ -	$ -	$ 6,090,476
U.S. Treasury Notes	Aaa	-	4,085,260	-	-	4,085,260
Total Investments		$ 6,090,476	$ 4,085,260	$ -	$ -	$ 10,175,736

Investments of the primary government, detailed above, include $3,378,042 grouped in restricted assets and $5,800,771 grouped in cash and cash equivalents and exclude $1,245,329 of nonnegotiable certificates of deposits.

Note 3 - Detailed Notes on All Funds (Continued)

Fair Value Measurements

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Fair value is the exchange price that would be received for an asset (exit price) in the principal or most advantageous market for an asset in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

- Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets that the County has the ability to access.

- Level 2 inputs are inputs other than quotes prices included in Level 1 that are observable for the asset in active markets, as well as inputs that are observable for the asset (other than quoted prices), such as interest rates, foreign exchange rates and yield curves that are observable at commonly quoted intervals.

- Level 3 inputs are unobservable inputs for the asset which are typically based on the County's own assumptions, as there is little, if any, related market activity.

The County's recurring fair value measurements at June 30, 2021 are classified as follows:

		Fair Value Measurement Using		
	Total	Level 1	Level 2	Level 3
U.S. Treasury Notes	$ 4,085,260	$ -	$ 4,085,260	$ -

3-B. Receivables

Receivables at June 30, 2021, consisted of taxes, interest, accounts (billings for user charges) and intergovernmental receivables arising from grants.

Receivables and payables are recorded on the County's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectability.

The allowance for uncollectible is as follows -

- General Fund - $3,247,676

3-C. Property Taxes

The Board of Commissioners levied property taxes on August 30, 2021. Property taxes attach as an enforceable lien on property as of January 1. Property taxes were billed on August 30, 2021 and are due upon receipt, however, the actual due date was December 1, 2021. The County bills and collects its own property taxes and also collects property taxes for the County Board of Education and the State of Georgia. The County also collects vehicle and mobile home taxes for the cities located in the County and the State of Georgia. Collection of the County's taxes and for the other governmental agencies is the responsibility of the Tax Commissioner's Office, which is accounted for in an agency fund.

Note 3 - Detailed Notes on All Funds (Continued)

3-D. Capital Assets

Governmental fund activities capital asset activity for the year ended June 30, 2021, was as follows:

	Balance 7/1/2020	Additions	Deductions	Balance 6/30/2021
Nondepreciable capital assets:				
Land	$ 3,211,159	$ 28,310	$ -	$ 3,239,469
Construction in progress	5,383,298	4,459,064	839,313	9,003,049
Total nondepreciable capital assets	8,594,457	4,487,374	839,313	12,242,518
Depreciable capital assets:				
Improvements other than buildings	2,479,645	-	-	2,479,645

Total depreciable capital assets	83,850,316	2,219,338	246,908	85,822,746
Total capital assets	92,444,773	6,706,712	1,086,221	98,065,264
Accumulated depreciation:				
Improvements other than buildings	1,669,495	80,899	-	1,750,394
Buildings	7,157,629	405,910	-	7,563,539
Building improvements	2,892,602	76,228	-	2,968,830
Machinery and equipment	5,759,347	555,266	-	6,314,613
Vehicles	6,247,705	541,718	244,286	6,545,137
Infrastructure	27,141,181	485,168	-	27,626,349
Total accumulated depreciation	50,867,959	2,145,189	244,286	52,768,862
Total capital assets being depreciated, net	32,982,357	74,149	2,622	33,053,884
Governmental activities capital assets, net	$ 41,576,814	$ 4,561,523	$ 841,935	$ 45,296,402

Governmental activities depreciation expense	
General government	$ 230,935
Judicial	19,217
Public safety	956,366
Public works	792,366
Planning/community development	24,083
Health and welfare	122,222
Total governmental activities depreciation expense	$ 2,145,189

Note 3 - Detailed Notes on All Funds (Continued)

Business-type activities capital asset activity for the year ended June 30, 2021, was as follows:

	Balance 7/1/2020	Additions	Deductions	Balance 6/30/2021
Nondepreciable capital assets:				
Land	$ 180,890	$ -	$ -	$ 180,890
Construction in progress	19,682	-	-	19,682
Total nondepreciable capital assets	200,572	-	-	200,572
Depreciable capital assets:				
Improvements other than buildings	4,970,255	-	-	4,970,255
Total depreciable capital assets	4,970,255	-	-	4,970,255
Total capital assets	5,170,827	-	-	5,170,827
Accumulated depreciation:				
Improvements other than buildings	4,804,654	10,492	-	4,815,146
Total accumulated depreciation	4,804,654	10,492	-	4,815,146
Total capital assets being depreciated, net	165,601	(10,492)	-	155,109
Business-type activities capital assets, net	$ 366,173	$ (10,492)	$ -	$ 355,681

The depreciation expense for the business-type activities relates to the solid waste fund.

3-E. Interfund Balances and Transfers

Interfund Balances - Interfund balances at June 30, 2021 consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made.

	Payable from:				
Payable to:	General Fund	ARPA Grant Fund	SPLOST	Nonmajor Governmental Funds	Total
General Fund	$ -	$ 200	$ 7,581	$ 750	$ 8,531
Nonmajor Governmental Funds	15	-	-	-	15
Solid Waste Fund	12,287	-	-	-	12,287
Total	$ 12,302	$ 200	$ 7,581	$ 750	$ 20,833

The County expects to repay all interfund balances within one year.

Interfund Advances – Interfund advances for the year ended June 30, 2021 consisted of the following:

	Payable from:
Payable to:	E-911 Emergency Telephone Fund
General Fund	$ 167,236

Note 3 - Detailed Notes on All Funds (Continued)

Interfund Transfers - Interfund transfers for the year ended June 30, 2021 consisted of the following:

	Transfer to:			
Transfers from:	ARPA Grant Fund	SPLOST Fund	E-911 Emergency Telephone Fund	Total
General Fund	$ 200	$ -	$ 588,752	$ 588,952
Solid Waste Fund	-	131,306	-	131,306
Total	$ 200	$ 131,306	$ 588,752	$ 720,258

Interfund transfers are utilized to (1) report revenues in the fund required by statute or budget to collect such revenue, or to expend such revenue, (2) account for revenues collected in the general fund which are to be used by other funds in accordance with budgetary authorizations or anticipated capital projects, and (3) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due. All County transfers either occur on a regular basis or are consistent with the purpose of the fund making the transfer.

3-F. Landfill Closure and Postclosure Care Costs

State and federal laws and regulations required the County to place a final cover on its Highway 278 landfill when it stopped accepting waste and to perform certain maintenance and monitoring functions at the site for a minimum of 5 years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The $788,074 reported as landfill postclosure cost liability at fiscal year-end represents the cumulative amount reported to date based on the use of 100% of the estimated capacity of the landfill, net of related expenditures to date of $199,750. These amounts are based on what it would cost to perform all postclosure in 2021. The County stopped receiving waste in this landfill prior to April 9, 1994, but will be required to monitor the site for 30 years. The 30-year requirement began July 1, 1999 but was frozen in 2015 and therefore, the monitoring will be in effect for 13 more years. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

State and federal laws and regulations require the County to place a final cover on its Grady Road landfill when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as operating expenses in each period based on landfill capacity used as of each balance sheet date. The gross landfill closure/postclosure liability at year-end for this site is $13,534,034 and is based on the use of 42.12% of the estimated capacity of the Phase I, II, and III of the landfill, net of related expenditures to date of $0 and lessee closure contractual obligations of $13,534,034. These amounts are based on what it would cost to perform all closure and postclosure in 2021. As described below, all closure and postclosure costs are a contractual obligation of the lessee, and therefore the County does not expect to incur any additional costs associated with the closure and postclosure of Phase I, II, and III of the landfill. Actual cost may be higher due to inflation, changes in technology, or changes in regulations. Changes in closure and postclosure care financial assurance requirements will be met by the lessee's contractual commitments secured by a funded trust, bank letters of credit and performance bonds.

The County and contractor have obtained approval for certain major/minor modifications of the original Design & Operations (D & O) applicable to Phases I, II, and III of the Grady Road Landfill, including the remaining 40 acres that are under an existing D & O plan. These changes were effective in 2012 and updated by the County in 2015 with guidance from the Georgia Department of Natural Resources.

On December 4, 2001, (finalized February 26, 2002) the County entered into a sanitary operation agreement with ETC of Georgia, Inc. (the Contractor) (assigned to Waste Connections, Inc.). This agreement provides, among other things, that the Contractor will manage, operate, and maintain the Polk County Sanitary Landfill located at 316 Grady Road.

Note 3 - Detailed Notes on All Funds (Continued)

The Contractor is responsible for all closure and postclosure costs as mandated by federal and state authorities. A trust agreement requires that the Contractor make monthly payments to provide sufficient funds for the estimated costs. The Contractor paid the County the sum of one million ($1,000,000) dollars as an origination fee. The County will be charged a tipping fee of fourteen and 50/100 ($14.50) dollars per ton subject to consumer price index (CPI) increases beginning on the third (3rd) anniversary of the agreement. The County will also receive a "host" fee of four and 00/100 ($4) dollars per ton of tonnage up to 1,000 tons per day and two and 00/100 ($2) dollars for all tonnage in excess of 1,000 tons per day up to and including 4,000 tons per day. If the cap of 4,000 tons per day is exceeded, then the host fee will revert to four and 00/100 ($4) dollars per ton on all garbage generated and collected outside of the geographical boundary of Polk County. The Contractor has guaranteed an annual amount of five hundred twenty thousand and 00/100 ($520,000) dollars under this section. The Contractor will also make an annual charitable donation of ten thousand ($10,000) dollars to the County for purposes of solid waste and recycling education in the County.

The government is committed under various leases for machinery and equipment. These leases are considered, for accounting purposes, to be operating leases. Lease expenditures and outstanding obligations for the year ended June 30, 2021 were not significant.

3-G. Long-Term Liabilities

Changes in Long-term Liabilities - Changes in the County's long-term liabilities consisted of the following for the year ended June 30, 2021:

Governmental Activities	Outstanding 7/1/2020	Additions	Reductions	Outstanding 6/30/2021	Amounts Due in One Year
Long-Term Obligations:					
Advance funded equipment acquisition lease	$ 2,714,029	$ -	$ 581,070	$ 2,132,959	$ 593,443
Compensated absences	1,004,780	734,413	753,585	985,608	739,206
	3,718,809	734,413	1,334,655	3,118,567	1,332,649
Business Type Activities					
Net Post Closure Liability	778,729	9,345	-	788,074	9,345
Total	$ 4,497,538	$ 743,758	$ 1,334,655	$ 3,906,641	$ 1,341,994
Discretely Presented Component Unit - Development Authority of Polk County					
Notes payable	$ 1,559,162	$ -	$ -	$ 1,559,162	$ 786,525
Due to Primary Government	1,300,000	-	-	1,300,000	-
Due to Other Governments	470,000	-	-	470,000	26,667
Total debt	3,329,162	-	-	3,329,162	813,192
Compensated absences	4,400	5,365	4,400	5,365	5,365
Total Component Unit	$ 3,333,562	$ 5,365	$ 4,400	$ 3,334,527	$ 818,557

The governmental activities compensated absences liability will be paid from the fund from which the employees' salaries are paid, generally the General Fund. The compensated absences liability for the component units will be paid by the component unit.

Notes Payable (Direct Borrowings/Placements)

Governmental Activities:

Advance Funded Equipment Acquisition Lease

During fiscal year 2020, the County entered into a lease purchase agreement to finance certain equipment associated with the E-911 radio tower project at a rate of 2.11% due in equal monthly installments of $52,728 until December 2024.

Note 3 - Detailed Notes on All Funds (Continued)

The debt service requirements on this agreement are as follows:

Year	Principal	Interest	Total
2022	$ 593,443	$ 39,288	$ 632,731
2023	606,089	26,644	632,733
2024	619,001	13,732	632,733
2025	314,426	1,938	316,364
Total	$ 2,132,959	$ 81,602	$ 2,214,561

As of June 30, 2021, all of the equipment had not been purchased.

Component Unit:

A summary of the Development Authority of Polk County's notes payable, due to primary government, and due to other governments outstanding as of June 30, 2021 are as follows:

$2,005,488 – 2006 Note Payable (refinanced on March 1, 2019 in the amount of $772,637) is due and payable on March 1, 2025. No principal payments are due on the note until that time. Interest is payable monthly until maturity at a variable rate of 60% of the prevailing Prime Rate, as published in the Wall Street Journal, adjustable daily. The principal amount outstanding at June 30, 2021 was $772,637. The loan was issued to assist the Authority in acquiring certain parcels of commercial property in the County. Interest expense on the note for the fiscal year ended June 30, 2021 totaled $23,984. Debt service requirements to maturity as of June 30, 2021 is as follows:

Year	Principal	Interest	Total
2022	$ -	$ 23,984	$ 23,984
2023	-	23,984	23,984
2024	-	23,984	23,984
2025	772,637	17,987	790,624
Total	$ 772,637	$ 89,939	$ 862,576

$1,000,000 – 2013 Note Payable was originally due and payable on August 30, 2018. Interest was payable quarterly at a rate of 2.475% per annum. The note was renewed on May 21, 2020 for the total principal outstanding and is now due on November 1, 2021. No principal payments are due until that time. Interest is payable monthly at a rate of 3.75% per annum. The principal amount outstanding at June 30, 2021 was $786,525. The loan was issued to aid in the construction of the Development Authority of Polk County Speculative Building. Interest expense on the note for the fiscal year ended June 30, 2021 totaled $23,915. Debt service requirements to maturity as of June 30, 2021 are as follows:

Year	Principal	Interest	Total
2022	$ 786,525	$ 23,915	$ 810,440

$1,300,000 – Due to Primary Government represents an intergovernmental agreement dated May 24th, 2013 between the Development Authority of Polk County and Polk County, Georgia whereby the County loaned the Authority $1,300,000 to aid in the construction of the Development Authority of Polk County Speculative Building. The agreement bears no interest and no principal payments are due. The agreement will remain in effect for 50 years or until the property is sold, at which point the loan shall be repaid to the County in full from the proceeds of the sale.

Note 3 - Detailed Notes on All Funds (Continued)

$270,000 – Due to Other Governments represents an intergovernmental agreement dated August 28, 2013 between the Development Authority of Polk County (the Authority) and the Cedartown Development Authority (CDA) whereby the CDA conveyed title to certain property (totaling 18 acres) for the construction of a spec building to attract new industries to Polk County and induce them to locate their facilities in the Cedartown North Business Park. The agreement bears no interest and no principal payments are due. Once the speculative building is completed and sold, the Authority will pay the CDA the sum of $15,000 per acre (18 acres x $15,000 = $270,000). This agreement will remain in effect for 50 years or until the property is sold, at which point the loan shall be repaid to the CDA in full from the proceeds of the sale.

$200,000 – Due to Other Governments represents an intergovernmental agreement dated December 10, 2013 between the OneGeorgia Authority of the Georgia Department of Community Affairs and the Development Authority of Polk County whereby the OneGeorgia Authority awarded the Development Authority with an equity award in the amount of $200,000 to aid in the construction of the Development Authority of Polk County speculative building. The award was made in the form of an intergovernmental services contract in the amount of $200,000 for a term of 20 years at a 0% interest rate. Quarterly repayments will begin once the project is occupied, but not later than five years from the date of the last drawdown which was August 19th 2015. The agreement states that if the project remains unoccupied, quarterly repayments of $3,333 would begin August 19th, 2020 and would be required through December 31, 2022. The project remains unoccupied as of the date of this report.

3.H. Nonexchange Financial Guarantees

In March 2019, Polk County reaffirmed their guarantee on the note issued to the Development Authority of Polk County, a discretely presented component unit of the County, in the amount of $772,637 (entire amount outstanding as of June 30, 2021) in accordance with an intergovernmental agreement dated November 9, 2006, first reaffirmed on June 7, 2016, and reaffirmed on March 1, 2019. The note matures on March 1, 2025, with monthly interest payments for which the County is also liable. In the event that the property which the note was issued for does not sell by the maturity date, the County will be required to pay the outstanding principal and interest at the maturity date.

In August 2013, Polk County guaranteed the note issued to the Development Authority of Polk County, a discretely presented component unit of the County, in the amount of $1,000,000 ($786,525 principal outstanding as of June 30, 2021) in accordance with an intergovernmental agreement dated August 30, 2013. The note matures on April 1, 2020 with monthly interest payments for which the County is also liable. In the event that the property which the note was issued for does not sell by the maturity date, the County will be required to pay the outstanding principal and interest at the maturity date.

3-I. Pensions

Defined Contribution Plan

The County maintains a single employer sponsored money purchase retirement plan covering all full-time employees hired after January 1, 2005. The Association County Commissioners of Georgia (“ACCG”) 401(a) Deferred Contribution Plan for Employees of Polk County (the Plan) is a defined contribution plan established by the Board of Commissioners on February 1, 2005. A defined contribution plan provides retirement benefits in return for services rendered, provides an individual account for each participant and specifies how contributions to the individual’s account are to be determined instead of specifying the amount of benefits the individual is to receive.

Under a defined contribution plan, the benefits a participant will receive depends solely on the amount contributed to the participant’s account, the returns earned on investments of those contributions and forfeitures of other participant’s benefits that may be allocated to such participant’s account. As established by resolution of the Board of Commissioners, all employees who have been employed for one year are eligible to participate in the plan. Participants are fully vested after five years of service. There is partial vesting prior to the five-year anniversary. A participant that terminates employment with the County is entitled to their account balance, if vesting requirements are satisfied. The plan does not provide for participant contributions that are treated an employer pick-up contributions under Code Section 414(h). The Plan does not allow employee after-tax contributions. The County makes no basic contributions to the Plan. Investment options are selected by each Plan participant. Plan members do not make contributions to the plan, except as described below.

Note 3 - Detailed Notes on All Funds (Continued)

As part of the Plan, Polk County adopted a funding plan feature that gives certain 401(k) aspects to the defined contribution plan. Under the provisions, the County will match contributions made by an employee to the County's Section 457 deferred compensation plan on a 1 for 2 basis up to a maximum contribution by the County of 3%. Therefore, an employee who contributes 6% to the plan will receive an additional 3% contribution from the County.

The County's contributions were calculated using the formula detailed above. Employees contributed $151,471 and the County made the required matching contributions of $52,722 for the fiscal year ended June 30, 2021. There were no forfeitures allocated to participants' accounts for the fiscal year ended June 30, 2021.

Defined Benefit Pension Plan

Plan Description – The County participates in the ACCG Defined Benefit Plan, an agent-multiple employer public employee retirement system that acts as a common investment and administrative agent for participating counties in Georgia. The plan is administered by the Government Employee Benefits Corporation of Georgia (GEB Corp). The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The ACCG, in its role as the plan sponsor, has the sole authority to amend the provisions of the plan, as provided in Section 19.03 of the ACCG plan document.

The specific benefit provisions of the County's plan, as provided by Section 19.02 of the ACCG plan document, were established by an adoption agreement executed by the Board of Commissioners. The Plan provides for benefits upon retirement, death, disablement, and termination of employment, if certain eligibility conditions are met.

Benefits Provided – All full-time eligible employees participate in the ACCG Plan (Plan) after completing three years of service. Benefits are fully vested after five years of service.

The County sponsors the Plan. The Plan provides retirement, disability, and death benefits to plan participants. The plan assets shall be used only for the payment of benefits to the members of the plan, in accordance with the terms of the plan.

Participants become eligible to retire at the later of the date: 1) the participant attains 65 years of age or, 2) the third anniversary of the first day of the Plan Year in which the participant commences participation in the Plan; 3) all participants are eligible for normal retirement at age 70 even if they have not completed three years of participation in the Plan. Upon reaching normal retirement age, as defined above, participants are entitled to a monthly pension of 2% of average annual compensation multiplied by each year of credited service. Average annual compensation is the highest average of the participant's compensation over three consecutive plan years during the ten plan years preceding the participant's date of retirement or other termination. The plan provides benefits in the event of death or disability. The plan also provides for early retirement subject to certain early retirement reduction factors. If the participant has 30 years of service with the County or another adopting employer (at least 25 years must be with the County), there will not be an early retirement reduction in benefits.

Complete financial statements of the pension plan trust can be obtained from the plan administrator at www.gebcorp.com or by writing to the Association of County Commissioners of Georgia, Retirement Services.

The following is the plan membership at January 1, 2021 (the most recent actuarial valuation date):

Membership	
Retirees, beneficiaries and disableds receiving benefits	77
Terminated plan participants entitled to but not yet receiving benefits	162
Active employees participating in the plan	176
Total	415

Note 3 - Detailed Notes on All Funds (Continued)

Contributions – The County is required to contribute an actuarially determined amount annually to the Plan's trust. County employees are not required to contribute to the plan. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Board of Trustees, and must satisfy the minimum contribution requirement contained in the State of Georgia statutes. County contributions to the Plan were $559,154 for the fiscal year ended June 30, 2021.

The Georgia Constitution enables the governing authority of the County, the Board of Commissioners, to establish and amend, from time-to-time, the contribution rates for the County and its plan participants. The County's actuarially determined contribution and contribution rate for the year ended December 31, 2020 was $559,154, or 7.9% of covered payroll. The County Commissioners provide for the benefits and funding policy through County ordinance and maintains the authority to change the policy.

Net Pension Liability – The County's net pension liability was measured as of December 31, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2020.

The total pension liability in the January 1, 2020 valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.5%
Salary increases	2.5% - 5.5% based on age
Investment rate of return	7.00%

Mortality table was changed from Pub-2010 Amount weighted Mortality Table with a blend of 50% of the General Employees Table and 50% of the Public Safety Employees with Scale AA to 2019 to the Pub-2010 Amount weighted Mortality Table with a blend of 50% of the General Employees Table and 50% of the Public Safety Employees with Scale AA to 2020.

The actuarial assumptions used in the January 1, 2020 valuation were based on the results of an actuarial experience study through February 2019.

The long-term expected rate of return on pension plan investments was determined through a blend of using a building-block method based on 20-year benchmarks (33.33%) and 30-year benchmarks (33.33%), as well as forward-looking capital market assumptions for a moderate asset allocation (33.34%), as determined by the United Bank of Switzerland ("UBS"). Expected future rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation are summarized in the following table:

Asset class	Target allocation
Fixed income	30%
Large Cap Equities	30%
Mid Cap Equities	5%
Small Cap Equities	5%
REIT Equities	5%
International Equities	15%
Multi Cap Equities	5%
Global Allocation Equities	5%

Discount Rate - The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that County contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 3 - Detailed Notes on All Funds (Continued)

Changes in the Net Pension Liability of the County – The changes in the components of the net pension liability of the County for the year ended June 30, 2021 were as follows:

	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability (Asset)
Balance, December 31, 2019	$ 23,216,556	$ 18,714,981	$ 4,501,575
Changes for the year:			
Service cost	265,175	-	265,175
Interest	1,595,197	-	1,595,197
Differences between expected and actual experience	(238,125)	-	(238,125)
Change in assumption	37,211	-	37,211
Employer contributions	-	513,201	(513,201)
Net investment income	-	2,556,099	(2,556,099)
Benefit payments	(856,050)	(856,050)	-
Administrative expense	-	(47,621)	47,621
Other	-	(82,946)	82,946
Net changes	803,408	2,082,683	(1,279,275)
Balance, December 31, 2020	$ 24,019,964	$ 20,797,664	$ 3,222,300

Sensitivity of the County's proportional share of the net pension liability to changes in the discount rate – The following presents the net pension liability of the County, calculated using the discount rate of 7.00 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease (6%)	Current discount rate (7%)	1% Increase (8%)
County's Net Pension Liability	$ 5,924,477	$ 3,222,300	$ (39,730)

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report. A copy of the plan's financial report may be obtained from:

Government Employee Benefits Corporation of Georgia
191 Peachtree Street NE, Suite 700
Atlanta, Georgia 30303

Note 3 - Detailed Notes on All Funds (Continued)

Pension expense and deferred outflows of resources and deferred inflows of resources related to pensions – For the year ended June 30, 2021, the County recognized pension expense of $770,866. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources**:**

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 841,719	$ 2,484,584
Net difference between projected and actual earnings on pension plan investments	4,337	-
Changes of assumption	903,693	-
Employer contributions subsequent to measurement date	559,154	-
	$ 2,308,903	$ 2,484,584

$559,154 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2022	$ (42,791)
2023	174,088
2024	(634,698)
2025	(231,434)
2026	-
Totals	$ (734,835)

Other Defined Benefit Plans

Certain employees, elected officials, and appointed officials are eligible for participation in various multi-employer cost-sharing defined benefit plans. The County does not make contributions to the plans, qualifying the plans as special funding situations under the requirements of GASB guidance. Management has determined the related impact on the financial statements to be immaterial. Further information may be obtained from the individual plans, as listed below:

Georgia Firefighters Pension Plan
Georgia State Employees' Retirement System
Peace Officers' Annuity and Benefit Fund of Georgia
Sheriff's Retirement System of Georgia
Judges of the Probate Courts Retirement Fund of Georgia
Magistrates' Retirement Fund of Georgia
Superior Court Clerks' Retirement Fund of Georgia

Note 3 - Detailed Notes on All Funds (Continued)

3-J. Other Postemployment Benefits (OPEB)

The County administers a single-employer defined benefit health care plan, the "*The Healthcare Plan of Polk County."*

Plan Description and Funding Policy – The Board of County Commissioners authorizes participation in the Plan and sets the contribution rates and benefits. Coverage under the plan includes medical and prescription drug for retirees and dependents. There are no separately issued financial statements related to the County's Plan.

Benefits Provided – Retirees who meet the following requirement are eligible to continue health insurance coverage:

- The retiree has 20 or more years of full-time service and is at least 60 years of age. Employees attaining full retirement status, and only such employees, shall have the right to carry and retain insurance coverage at employee-portion rates into retirement.

Retirees may stay on the plan for their lifetime by making the required contribution. Life insurance is offered to retirees, but must be paid entirely by the retiree.

Employees Covered by Benefit Terms – At June 30, 2020, the following employees were covered by the benefit terms:

Membership	
Inactive employees or beneficiaries currently receiving benefits	14
Inactive members entitled to but not yet receiving benefits	-
Active employees	251
Total	265

Contributions – Article 1, Section 12 of the County Code grants the authority to establish and amend the contribution requirements of the County. The Board establishes rates based on an actuarial valuation. The plan is financed on a pay-as-you-go basis. During the year ending June 30, 2021, the County contributed $156,007 to the plan. For the year ended June 30, 2021, the County's average contribution rate was 1.00 percent of covered-employee payroll. Employees are not required to contribute to the plan. There are no assets accumulated in a trust to pay related benefits.

Total OPEB Liability - The County's total OPEB liability was measured as of June 30, 2020, and was determined by an actuarial valuation as of the same date.

Note 3 - Detailed Notes on All Funds (Continued)

Actuarial assumption - The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.00%
Real wage growth	0.50%
Wage inflation	2.50%
Salary increases, including wage inflation	2.50% - 4.50%
Municipal Bond Index Rate:	
Prior measurement date	3.50%
Measurement date	2.21%
Healthcare cost trend rates:	
Pre-Medicare Medical and Prescription Drug	7.00% for 2019 decreasing to an ultimate rate of 4.50% by 2026
Medicare Medical and Prescription Drug	5.00% for 2019 decreasing to an ultimate rate of 4.50% by 2021

Mortality rates were based on the Pub-2010 amount weighted table with scale AA to 2020.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2020 valuation were based on the pension valuation prepared by GEBCorp as of January 1, 2021.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, etc.) used in the June 30, 2020 valuation were based on a review of recent plan experience done concurrently with the June 30, 2020 valuation.

Discount rate - The discount rate used to measure the total OPEB liability was 2.21 percent.

Changes in the Total OPEB Liability

Changes in the County's total OPEB liability were as follows:

Balance, June 30, 2019	$	10,865,340
Changes for the year:		
Service cost		583,037
Interest		398,715
Changes in benefit terms		-
Differences between expected and actual experience		11,036
Change in assumption		3,552,421
Benefit payments		(114,037)
Net changes		4,431,172
Balance, June 30, 2020	$	15,296,512

Note 3 - Detailed Notes on All Funds (Continued)

Sensitivity of the total OPEB liability to changes in the discount rate and healthcare cost trend rates - The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21 percent) or 1-percentage point higher (3.21 percent) than the current discount rate:

	1% Decrease (1.21%)	Current discount rate (2.21%)	1% Increase (3.21%)
County's Total OPEB Liability	$ 19,000,803	$ 15,296,512	$ 12,443,955

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates - The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
County's Total OPEB Liability	$ 11,965,827	$ 15,296,512	$ 19,833,674

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the County recognized OPEB expense(benefit) of $984,873. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 34,506	$ 1,311,377
Changes of assumption	3,261,092	1,441,711
Employer contributions to the OPEB plan subsequent to the measurement date of the total OPEB liability	156,007	-
	$ 3,451,605	$ 2,753,088

$156,007 reported as deferred outflows of resources related to OPEB resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30,	
2022	$ 3,121
2023	3,121
2024	3,121
2025	3,121
2026	3,121
Thereafter	526,905
Totals	$ 542,510

Note 3 - Detailed Notes on All Funds (Continued)

3-K. Property Held for Leasing

The County leases hangars at the airport monthly. However, lease agreements are not long-term and projections for future rental amounts are uncertain. Therefore, a schedule of minimum future rental amounts is not presented. In 2021, the County received $148,959 from hangar rentals.

Property held for leasing consists of land and buildings leased under operating leases to a commercial enterprise and agencies of the State of Georgia. Lease terms vary from one to ten years and require, in some cases, the construction of leasehold improvements that will be contributed to the County at lease termination. In 2021, the County received $239,791 from property leases.

The following is a schedule by year of minimum future rentals on cancelable operating leases as of June 30, 2021:

Year Ending June 30,	DFACS Building
2022	$ 239,790
2023	239,790
2024	239,790
2025	239,790
2026	239,790
Total	$ 1,198,950

3-L. Fund Equity

The County's governmental funds show the following fund equity accounts as of June 30, 2021:

	General Fund	ARPA Grant Fund	SPLOST Fund	E-911 Emergency Telephone Fund	Nonmajor Governmental Funds	Total Governmental Funds
Fund Balances (Deficits)						
Nonspendable						
Inventory	$ 36,840	$ -	$ -	$ -	$ -	$ 36,840
Prepaid items	640,028	-	-	-	-	640,028
Advances	167,236	-	-	-	-	167,236
Restricted						
Program purposes	-	-	-	-	213,102	213,102
Public safety	-	-	-	-	162,754	162,754
Capital projects	-	-	8,590,826	-	-	8,590,826
Assigned	-	631	-	-	-	631
Unassigned	11,935,260	-	-	(37,774)	-	11,897,486
Total Fund Balances (Deficits)	$ 12,779,364	$ 631	$ 8,590,826	$ (37,774)	$ 375,856	$ 21,708,903

Note 4 - Other Notes

4-A. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has joined together with other counties in the state as part of the Interlocal Risk Management Agency (IRMA) for property and liability insurance operated by the Association of County Commissioners of Georgia (ACCG) and the ACCG-Group Self-Insurance Workers' Compensation Fund (WCSIF), public entity risk pools currently operating as common risk management and insurance programs for member local governments. The ACCG administers both risk pools.

As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pools' agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member governments' contracts and in accordance with the workers' compensation laws of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

The County has not compiled a record of the claims paid up to the applicable deductible for the prior and current fiscal year. The County is not aware of any claims which the County is liable for (up to the applicable deductible) which were outstanding and unpaid at June 30, 2021. No provision has been made in the financial statements for the year ended June 30, 2021 for any estimate of potential unpaid claims.

There were no significant reductions in insurance coverage from the prior year and there have been no settlements that exceed the County's insurance coverage during the past three years.

4-B. Contingent Liabilities

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement to the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the County believes such disallowances, if any, will be immaterial.

The County was a defendant in several lawsuits at June 30, 2021. In the opinion of County management, the outcome of these contingencies will not have a material effect on the financial position of the County.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The recently declared pandemic could adversely impact the County's future financial results, especially if the community is negatively impacted by the decrease in economic activity caused by the virus. Such potential impact is unknown at this time.

Note 4 - Other Notes (Continued)

4-C. Jointly-Governed Organizations

The County assists with the operations of the Polk County Library System through annual funding requests. The Polk County Library System is a member of the Sara Hightower Regional Library System.

The Library Board consists of sixteen members, eleven members appointed by the Floyd County Library Board and five members appointed by the Polk County Library Board. The Board is without authority to determine the amount of its funding, except by submission of budget requests to local governmental units from which the library receives support and to the State of Georgia for state and federal funding. Membership in the library and participation in library services is at the discretion of each participating governmental agency. The Board has the power to designate management, the power to retain unassigned fund balances of local funds for continued operations and is the lowest level of oversight responsibility for the Library's operations. No single governmental agency has oversight responsibility or managerial control over the Library nor is any of the participating governments responsible for funding a deficit of the Library. Accordingly, the Library's financial statements are not included in the financial statements of any other reporting entity.

Complete financial statements of the Library System can be obtained directly from their administrative office at:

Sara Hightower Regional Library
245 East Avenue
Cedartown, Georgia 30125

4-D. Tax Abatements

The Development Authority of Polk County, the Cedartown Development Authority and the Rockmart Development Authority can enter into agreements with private individuals or entities for economic or industrial projects to encourage the creation of jobs and capital investment through an "Economic Incentive Program." This program is used to incentivize these businesses to build, relocate, expand, or renovate within incorporated and unincorporated Polk County. Each agreement provides a property tax benefit to the company through a schedule of discounted valuation that reduces, for ad valorem tax purposes, the fair market value of real and/or personal property that is held by the Authorities and leased to the company. Georgia case law and the Authorities' enabling legislation provides the Authorities with the power to enter into such agreements with private companies.

The Authorities may accept title to real and personal property assets from a company in return for job creation and capital investment, and provide a tax benefit to the company through a lease agreement with the Authority. In considering eligibility for providing this benefit to a company, the Authorities review the following criteria:

1. Eligible businesses can include new and existing industrial businesses.
2. But for an incentive agreement, the company would not create the jobs and investment in the community.
3. Eligible projects must involve significant investment in real and personal property.
4. The average wage of the business' employees should be above the average wage of goods producing employees in Polk County.
5. The business should offer medical benefits to all employees.
6. The impact to job retention will be considered for each expansion project.
7. As a condition of assistance, a business will be required to work with the Authority to convey title to the Authority.

In return for a property tax benefit, a company is required to commit to creating jobs and capital investment within a defined period as part of a performance and accountability agreement with the Authority that includes provisions for the company to pay back a prorated portion of the benefit if they fail to meet the performance criteria by a specified date. The Authorities monitor compliance with performance and accountability agreements to ensure the companies meet their commitments.

For the year ending June 30, 2021, the cumulative property tax not collected due to incentive agreements was $107,921.

STATISTICAL SECTION

The statistical section includes selected financial and general information presented on a multi-year comparative basis. The statistics are used to provide detail data on the physical, economic social and political characteristics of the County government. They are intended to provide the financial report user with a broader and more complete understanding of the government and its financial affairs than is possible from the basic financial statements.

THIS PAGE INTENTIONALLY LEFT BLANK

Polk County, Georgia

Introduction to Statistical Section

(Unaudited)

This part of Polk County's comprehensive annual financial report presents detailed information as a context for understanding this year's financial statements, note disclosures, and supplementary information. This information is unaudited.

Contents	Exhibits
Financial Trends Information These tables contain trend information that may assist the reader in assessing the County's current financial performance by placing it in historical perspective.	I-X
Revenue Capacity Information These tables contain information that may assist the reader in assessing the viability of the County's two most significant "own-source" revenue sources, property taxes and sales taxes.	XI-XV
Debt Capacity Information These tables present information that may assist the reader in analyzing the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future. The County has not had any general obligation bonds outstanding for the last ten fiscal years.	XVI-XVIII
Demographic and Economic Information These tables present demographic and economic information intended (1) to assist users in understanding the socioeconomic environment within which the County operates and (2) to provide information that facilitates comparisons of financial statement information over time and among counties.	XIX-XX
Operating Information These tables contain service and infrastructure indicators that can inform one's understanding how the information in the County's financial statements relates to the services the County provides and the activities it performs. The County will be expanding the disclosure of operating information in future years as limited information is available	XXI-XXIII

Data Source:

Unless otherwise noted, the information in these tables is derived from the comprehensive annual financial report for the applicable year.

Notes:

[1] Accounting standards require that net position be reported in three components in the financial statements: Net investment in capital assets; restricted; and unrestricted. Net position considered restricted only when (1) an external party, such as the State of Georgia or the federal government, places a restriction on how the resources may be used, or (2) enabling legislation is enacted by the County. There are no restrictions currently reported as a result of enabling legislation.

The amounts above do not include any prior period restatements.

**** Dollar Average For Ten Years.***

***** Percentage Change in Dollars Over Ten Years.***

Notes:

[1] All property is assessed at 40% of fair market value. Reported the state values which includes both the uncorporated and incorporated values.

[2] Gross digest before homestead or freeport exemptions.

[3] Generally includes timber, heavy equipment and historical.

[4] Tax rates expressed in rate per $1,000.

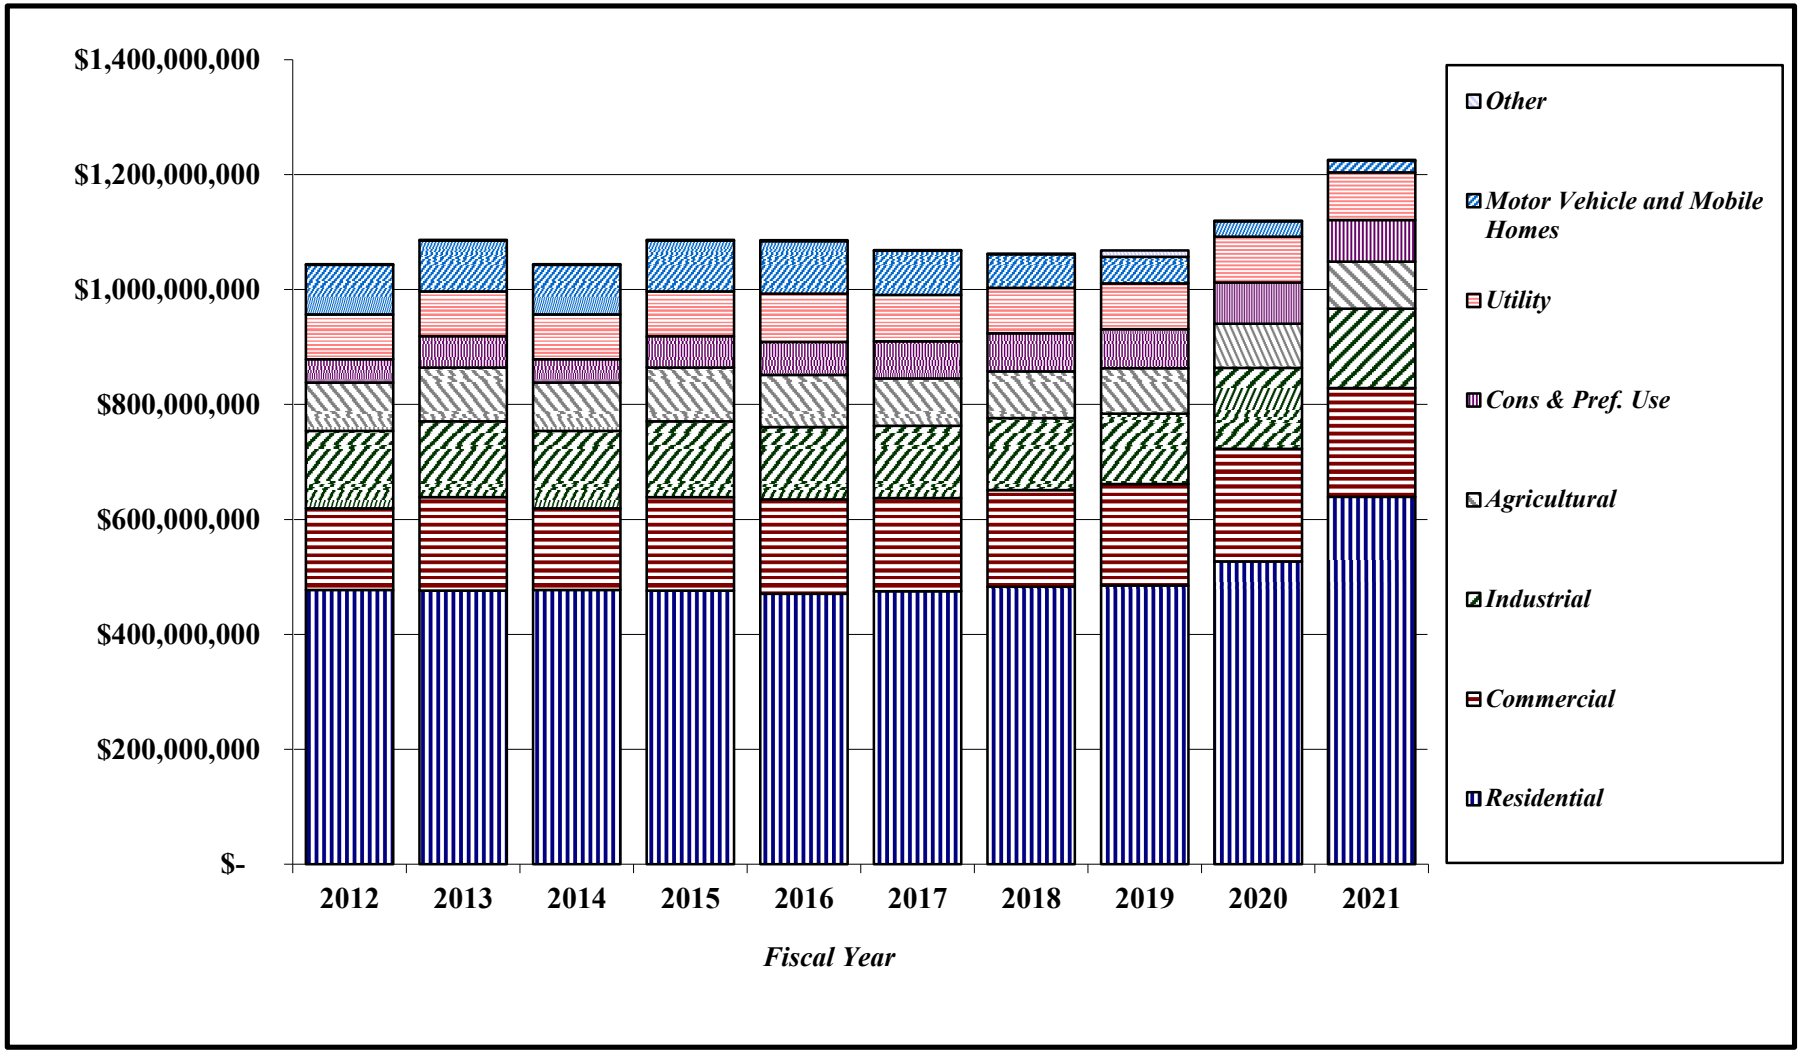

[5] The fiscal year indicated above reports the tax digest from the prior calendar year.

[6] In fiscal year 2011, the KIA corporation was added to both the industrial property and tax abatement concessions are reflected in tax exempt property.

Notes:

[1] Overlapping rates are those of governments that overlap the County's geographic boundaries.

[2] Underlying rates are those of the other governments that apply to property owners located within Polk County.

[3] The State of Georgia levies a tax on each county's taxable property to help finance their certification of each Georgia county's tax digest.
