INDEPENDENT AUDITOR'S REPORT

To the Schley County Board of Commissioners
Ellaville, Georgia

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Schley County, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Schley County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Schley County, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Schley County Department of Public Health, which represents 100.0 percent, 100.0 percent, 100.0 percent, respectively, of the assets and deferred outflows of resources, net position, and revenues of the aggregate discretely presented component units as of June 30, 2022, and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Schley County Department of Public Health, is based solely on the report of the other auditor.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Schley County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Schley County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Schley County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Schley County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in the County's Net Pension Liability (on page 43), and the Schedule of Contributions (on page 44) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We, and other auditors, have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis("MD&A") that GAAP requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by GASB who considers it to be an essential part of financial reporting for placing the basic financial statement in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Schley County's basic financial statements. The combining nonmajor fund financial statements and the schedule of expenditures of special purpose local option sales tax proceeds as required by the Official Code of Georgia

Annotated ("O.C.G.A.") §45-8-121, as listed in the table of contents, are presented for purposes of additional analysis, and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements, and the schedule of expenditures of special purpose local option sales tax proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit, the combining nonmajor fund financial statements, and the schedules of expenditures of Special Purpose Local Option Sales Tax proceeds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 16, 2023, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government *Auditing Standards* in considering Schley County, Georgia's internal control over financial reporting and compliance.

SCHLEY COUNTY, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2022

The change in net position reported for governmental activities in the statement of activities is different because:		
Net change in *fund balances* - total governmental funds.		$ 288,208
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital outlays	200,000	
Gain on item traded	10,470	
Depreciation	(275,186)	(64,716)
In the statement of activities, the gain or loss on the sale or disposal of capital assets reported, whereas, in the governmental funds the proceeds from the sale increase financial resources.		
Cost of assets disposed	(89,913)	
Related accumulated depreciation	89,913	-
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Property tax receivable	(13,908)	(13,908)
The proceeds of the issuance of the capital lease provides current financial resources to the governmental funds, but issuing the debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		
Capital lease proceeds	(100,000)	
Capital lease payments	17,474	(82,526)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Compensated absences	(3,709)	
Net pension liability	(3,090)	
Landfill expenditures	50,132	43,333
Change in Net Position of Governmental Activities.		$ 170,391

See accompanying notes to financial statements.

Note 1 – Summary of Significant Accounting Policies

The financial statements of Schley County have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting.

The most significant of the County's accounting policies are described below.

1-A. Reporting Entity

Schley County was established in 1857, and is a political subdivision of the State of Georgia. The County operates under the County Commissioner-Manager form of government. The County is governed by a five-member Board of Commissioners four of whom are elected to represent the four districts in the County plus one commissioner elected at large to serve as chairman. The Commissioners, who serve on a part-time basis, are elected to staggered terms of four years. The Commissioners have employed a full-time county manager who is responsible for the day-to-day operations of the general government including the proprietary funds. The Board of County Commissioners' regular monthly meeting is held on the second Tuesday morning of each month.

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of Schley County, Georgia (the primary government), and component units. The primary government of the County consists of all funds, departments, boards and agencies of the County.

Component units are legally separate organizations for which the County is financially accountable. Depending on the significance or accountability of their operational or financial relationships to the County (as distinct from legal relationships) they may be reported as blended or discrete. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organizations; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to the organization; or the County is obligated for the debt of the organization.

Blended component units, although legally separate entities, are, in substance, part of the County's operations, and management of the County has operational responsibility for the component units. The following component unit is reported as blended:

Schley County Utilities Authority: By action of the Georgia State Legislature Senate Bill 220 was passed and subsequently signed by the Governor of Georgia establishing the Schley County Utilities Authority, a body corporate and politic, a political subdivision of the State of Georgia and a public corporation. The effective date of the Authority was July 1, 2016. The Authority shall consist of five members, appointed by the Board of Commissioners of Schley County, all of whom must be residents of Schley County. The powers of the authority include the operation and management of the current water system, to issue revenue bonds to finance and pay for the costs of construction, maintenance, and expansion of the Utilities Authority water system and, if established the Utilities Authority sewer system. All employees and water operations are performed by the County; therefore, financial data from the Authority are combined with the financial data of the primary government as a major enterprise fund.

Discretely presented component units generally are reported only at the government-wide financial reporting level. The component unit column included on the government-wide financial statements identifies the financial data of the County's discretely presented component unit. Component units are

reported separately to emphasize that they are legally separate from the County. The following component units are discretely presented in the reporting entity:

Schley County Health Department (Health Department): Title 31, Chapter 3 of the Official Code of Georgia Annotated, establishes County Boards of Health and prescribes their powers, functions and membership. The Health Department is charged with determining the health needs and resources of the County, developing programs, activities, and facilities responsive to those needs, and enforcing all laws relating to health matters unless they fall under the jurisdiction of other agencies. The Board of Health is composed of seven members whose, qualifications are stipulated in the Code. One member is a Schley County Commissioner, and three are appointed by the County Commission. The County does not have the authority to approve or modify the Health Department's budgets, however, it does have the ability to control the amount of funding it provides and such funding is significant to the operations of the Health Department. The Health Department issued separately audited financial statements with a fiscal year ended June 30, 2022. Copies of these financial statements may be obtained from the administrative office at: The Schley County Health Department, 45 W. Oglethorpe St., Suite B, Ellaville, Georgia 31806.

Excluded Potential Component Unit

Ellaville-Schley County Recreation Authority: Schley County and the City of Ellaville jointly contribute to the Ellaville-Schley County Recreation Authority funds to support the recreation program. The Authority Board is composed of seven members, four are appointed by the Schley County Board of Commissioners and three are appointed by the City of Ellaville. The County does not have the authority to approve or modify the Recreation Authority's budgets, however, it does have the ability to control the amount of funding it provides, and such funding is significant to the operations of the Recreation Authority. During the year ended June 30, 2022, Schley County contributions were $40,000 cash, and provided the use of a County building for which the County pays utilities and upkeep for the Recreation Authority. Financial statements as of and for the year ended December 31, 2020, have not been prepared, however financial information for the Ellaville-Schley County Recreation Authority can be obtained from: Ellaville-Schley County Recreation Authority, P.O. Box 1144, Ellaville, Georgia 31806.

See Notes 15 & 16 for descriptions of relationships with organizations other than component units.

1-B. Basis of Presentation

The County's basic financial statements consist of: government-wide statements, and fund financial statements.

Government-wide Financial Statements – The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information for the County as a whole for all of the non-fiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges between the County's proprietary funds and the various other functions of the County. *Governmental activities*, which generally are supported by taxes and County general revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of net position presents the financial position on the last day of the fiscal year of the primary government (its governmental and business-type activities) and the discretely presented component units of the County.

The statement of activities presents a comparison between direct expenses and program revenues (defined below) for each function of the County's governmental activities and for each identifiable activity of the business-type activities of the County. A *function* is an assembly of similar activities and

may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. The comparisons of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business activity is self-financing or draws from the general revenues of the County.

The statement of activities reports the expenses of a given function offset by program revenues directly related to the functional program. *Direct expenses* are those that are specifically associated with a function, and are, therefore, clearly identifiable to that particular function. The County does not allocate indirect expenses to functions in the statement of activities. *Program revenues* include: (1) charges for services which report fees and other charges to users of the County's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. For identifying to which function program revenue pertains, the determining factor for charges for services is which function generates the revenue. For grants and contributions, the determining factor is to which function the revenues are restricted. Taxes and other revenue sources not properly included with program revenues are reported as *general revenues* of the County.

Fund Financial Statements – In order to aid financial management and to demonstrate legal compliance, the County segregates transactions related to certain County functions or activities in separate funds. A fund is a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements are designed to present financial information of the County at this more detailed level. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. The major individual governmental and enterprise funds are reported in separate columns. Non-major funds are reported together in one column. Custodial funds are the only fiduciary fund. The County uses funds to maintain its financial records during the year. The County uses three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds – Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The County reports the difference between governmental fund assets and liabilities as fund balance. The following are the County's major governmental funds:

General Fund – The general fund accounts for all financial resources except those required to be accounted for in other funds described below. It also provides ambulance services and emergency medical services to the citizens of the County for which it charges a fee. This service is treated as an exchange transaction. Exchange transactions are those in which each party receives and gives up essentially equal values. The general fund's fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Georgia.

Special 1% Sales Tax Funds **(SPLOST 2019)** – This is a Capital Projects Fund which is used to collect a special 1% sales tax to pay for the following county-wide projects: renovation/expansion of the gymnasium, purchase a Class A Pumper truck, purchase a new ambulance, renovations/expansion of other public buildings, purchase three sheriff vehicles, purchase of public works vehicles and equipment, renovation of public facilities including fire stations, construction/expansion of County storage facilities, purchase a purchase of additional public safety vehicles, tools and equipment. An agreed upon percentage of the tax is allocated to the City of Ellaville for their capital purposes.

Transportation Special 1% Sales Tax Fund (T-SPLOST) – This Governmental Fund is used to collect allocations of a special 1% sales tax by the county for transportation projects as defined in paragraph (10) of Code Section 48-8-242 or as the local match as required for state transportation projects and grants.

ARPA Fund (American Rescue Plan Act) is used to account for the revenues received from the American Rescue Plan Act. This program is intended to provide support to State, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses.

Proprietary Funds – Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. Proprietary funds are classified as enterprise funds. Operating revenues are charges for services, which result from exchange transactions associated with the principal activity of the fund. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. The major proprietary funds are as follows:

Utilities Authority Water Fund – This fund is used to account for the operation of the County's water system which provides services to the residents and businesses located within Schley County and portions of Sumter County. It is a blended component unit; see Note 1.A. Schley County Utilities Authority on page 18.

Sanitation Fund – This fund is used to account for the operations of the County's solid waste disposal program. The County contracts for the disposition of its solid waste.

Additionally, the County reports the following fund types:

The **Special Revenue Funds** account for revenue sources that are legally restricted to expenditures for specific purposes.

Custodial Funds are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals, such as traffic fines, support payments and ad valorem and property taxes. They are accounted for using the accrual basis of accounting.

The measurement focus (defined below) of the governmental funds balance sheet generally includes only current assets and current liabilities. The statement of revenues, expenditures and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

1-C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

Government-wide Financial Statements – The government-wide and proprietary funds financial statements are reported using the *economic resources* measurement focus and the *accrual* basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Custodial funds are reported using the *economic resources* measurement focus and the *accrual basis* of accounting.

Governmental Fund Financial Statements – The governmental funds financial statements are reported using the *current financial resources* measurement focus and the *modified accrual* basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, ambulance charges, franchise taxes, licenses, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water and solid waste programs. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activities of each program. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

1-D. Assets, Liabilities and Fund Equity

1-D-1. Cash, Cash Equivalents, and Investments

For the County and the discretely presented component units, cash and cash equivalents include amounts in demand deposit accounts as well as short-term investments with a maturity date within three months of the date acquired by the County. The County does not have a formal deposit policy for custodial credit risk.

Georgia law, authorizes the County to invest in obligations of the State of Georgia or of any other states, obligations of the United States Government, obligations fully insured or guaranteed by the government or governmental agency, obligations of any corporation of the government, prime bankers' acceptances, the State of Georgia local government investment pool (i.e., Georgia Fund 1), repurchase agreements, and obligations of the other political subdivisions of the State of Georgia.

Investments, if any, are stated at fair value based on quoted market prices. The County does not have a formal investment policy that would identify and manage investment rate risk.

1-D-2. Prepaid Items

Payments to vendors applicable to future accounting periods are recorded as prepaid items in the proprietary funds, the government-wide financial statements, and the government funds.

1-D-3. Restricted Assets

Customer security deposits, and funds held in separate accounts required by bond covenants are classified as restricted in the fund statements and the Statement of Net Position.

1-D-4. Receivables and Payables

All trade receivables and property tax receivables are reported net of an allowance for uncollectibles, where applicable. Receivables and payables are recorded on the County's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectability. The provision of ambulance services to the citizens of Schley County is considered an exchange transaction; therefore, income earned is recognized in the period the service is rendered (net of allowance for uncollectible accounts) in both the fund financial statements (General Fund) and the government-wide financial statements.

1-D-5. Interfund Receivables and Payables

On the governmental fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "due to/from other funds." These amounts are eliminated in the governmental and business-type activities columns of the government-wide statement of net position, except for any net residual amounts due between governmental and business-type activities, which are reclassified and presented as "internal balances".

1-D-6. Inventories

On the government-wide financial statements and the fund financial statements, inventories are presented at the lower of cost (first-in, first-out basis) or market. Inventories of the governmental funds and the proprietary funds are expensed when used (i.e., the consumption method). Inventory reported in the governmental fund balance sheet consists of bulk fuel and culverts for the road department.

1-D-7. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in governmental funds. The County reports these assets in the governmental activities column of the government-wide statement of net position, but does not report these assets in the governmental fund financial statements. Capital assets utilized by enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the enterprise funds' statement of net position.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of five thousand dollars. Improvements to capital assets are capitalized. The County has not capitalized infrastructure assets (roads and bridges) acquired prior to July 1, 2003. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed.

In the government-wide and proprietary funds financial statements, interest cost incurred before the end of a construction period is recognized as an expense in the period in which the cost is incurred. In the governmental fund financial statements, interest cost incurred before the end of a construction period is recognized as an expenditure on a basis consistent with governmental fund accounting principles

All reported capital assets are depreciated, except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Primary Government		
Land Improvements	20 years	20 years
Buildings and Plant	50 years	45 - 50 years
Machinery and equipment	5 – 12 years	5 – 10 years
Vehicles	4 - 8 years	6 years
Water plant and wells	Not Applicable	35 – 50 years
Infrastructure	50 years	Not Applicable
Component Unit		
Machinery and equipment	5 – 10 years	5 – 10 years

1-D-8 Deferred Outflows / Inflows of Resources

In addition to assets, the statement of net position and the balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense / expenditure) until then. The County has no items that qualify for reporting in this category other than items related to changes in the net pension liability.

In addition to liabilities, the statement of net position and the balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has one type of item, which arise only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that they become available. The County also reports deferred inflows of resources related to their defined benefit pension plan.

1-D-9. Pension Plan

Net pension liability is the amount by which the total pension liability exceeds the fiduciary's net position available for paying benefits. Calculations are made by the Plan actuary based upon employee date, financial information and plan provisions provided by the County and other persons or organizations designated by the County. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows or resources related to pensions, and pension expense, information about the fiduciary net position of the Schley County Defined Benefit Plan (the Plan) and additions to or deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reposted at fair value.

The Plan actuaries produce an annual financial report that contains information necessary to make adjustments to the County's Government-Wide financial statements in accordance with GASB Statement 68. The report includes certain changes in the net pension liability that are to be recognized as pension expense over time. The following items are reported as deferred outflows or deferred inflows of resources: employer contributions made to the pension plan subsequent to the measurement date

(will be recognized as reduction to the County's net pension liability in the following year); assumption changes are amortized into pension expense over the average expected remaining service lives of the plan members; differences between projected investment return on pension investments and actual return; experience gains or losses that result from periodic studies by the actuary for certain trend information that was previously assumed, for example the assumed rates of retirement of plan members.

1-D-10. Unearned Revenue

Unearned revenues arise when potential revenues do not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received by the County before it has legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures.

1-D-11. Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick benefits. Based on length of service, employees earn vacation leave at the rate of from 40 to 120 hours per year. For employees who started after to October 12, 2020, up to 160 hours of unused vacation time may be carried over and may be paid upon termination or resignation. For employees who were hired prior to October 13, 2020, an unlimited number of hours can be carried over and used at retirement of resignation, however, only 160 hours can be paid. On December 31 of any year, an employee can also ask to be paid for unused annual leave. This is a change in accounting that affects only the government-wide financial statements. (See Note 18)

Employees accrue sick leave at the rate of one day for each month worked, and may accumulate up to 90 days. No liability accrues for unpaid accumulated sick leave.

All vacation pay is accrued when incurred in the government-wide and the proprietary fund financial statements. Governmental funds report the compensated absence liability at the fund reporting level only *"when due."*

1-D-12. Accrued Liabilities and Long-term Obligations

In both the government-wide financial statements and in the proprietary fund type financial statements, all payables, accrued liabilities, and long-term obligations are reported in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

In the fund financial statements, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of these funds. The face amount of long-term debt issued is reported as other financing sources. Debt service expenditures are recognized as a liability in the governmental fund financial statements when due.

1-D-13. Bond Premiums, Discounts and Issuance Costs

In the government-wide financial statements, bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. In the fund financial statements, governmental fund types report bond premiums and discounts as other financing sources and uses, separately from the face amount of the bonds issued. Bond issuance costs are reported as debt service expenditures.

1-D-14. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position".

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus. In the fund financial statements, government funds report fund balance classifications following a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purpose for which amounts in the fund can be spent. Fund balances are classified as follows: *Nonspendable* – Amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact. *Restricted* - Amounts that can only be used for the specific purposes stipulated by (a) constitutional provisions or enabling legislation or (b) external constraints imposed by creditors, resource providers, or laws or regulations of other governments. *Committed* - Amounts that can only be used for specific purposes pursuant to constraints imposed by resolution of the Schley County Board of Commissioners. *Assigned* – Amounts intended to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the Board of Commissioners, another body (such as a finance committee), or by an official to whom that authority has been given. *Unassigned* - This is the residual classification for the County's general fund and includes all spendable amounts not contained in the other classifications. The County reports positive unassigned fund balance only in the General Fund.

Flow Assumptions - When both restricted and unrestricted fund balances are available for expenditures, restricted amounts will be used first and then unrestricted amounts as available. Unrestricted amounts of fund balance will be used in the following order: committed, assigned, unassigned.

Net Position – Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. All other net position are reported as unrestricted. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then, unrestricted resources as they are needed.

1-D-15. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside loan principal forgiveness, contributions of capital assets, grants, or other contributions of resources restricted to capital acquisition and construction.

1-E. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and as a separate category after non-operating revenues/ expenses in proprietary funds.

Transfers between governmental and business-type activities on the government-wide statement of activities are reported below general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business type activities column are eliminated.

1-F. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 2 – Stewardship, Compliance and Accountability

2-A. Budgetary Information

Schley County adopts an annual appropriated budget for the general fund on a basis consistent with generally accepted accounting principles, Annual budgets are also adopted for each special revenue required by OCGA 36-81-3(b). The County Manager prepares the budget based on requests from department heads and elected officials, and submits it to the Board of County Commissioners for review. After conducting public hearings, the Commissioners adopt the budget by passing the budget resolution. The operating budget includes proposed expenditures and the means of financing them.

Annual operating budgets are adopted for the water fund, and the sanitation fund for planning, control, and evaluation purposes. Budgets for the Capital Projects Funds (SPLOST Funds) are adopted on a project basis.

The level of budgetary control (the level at which expenditures may not exceed appropriations) is the department level with the following provisions:

- The County Commissioners may transfer funds from one object or purpose to another within the same department.
- The Commissioners may amend the budget by motion during the fiscal year.

2-B. Excess of Expenditures Over Appropriations

The following schedule presents excess of actual expenditures over the appropriations for the year ended June 30, 2022, at the department level (the legal level of control):

GENERAL FUND	Final Budget	Actual	Overage
County Clerk	$ 121,550	$ 124,586	$ (3,036)
Tax Assessor	196,510	198,858	(2,348)
General Operations	286,330	355,518	(69,188)
Superior Court Judges	12,712	14,224	(1,512)
Jail	232,137	239,684	(7,547)
Fire Department & Ambulance Service	429,364	443,269	(13,905)
Coroner	10,555	12,410	(1,855)
Middle Flint E-911	27,313	47,523	(20,210)
Road Department	340,968	736,052	(395,084)
Landfill Postclosure Care Costs	23,000	33,785	(10,785)
Health Department	41,020	53,814	(12,794)
Family and Children Services	6,850	7,132	(282)
Recreation	40,000	47,500	(7,500)
Interest	2,000	3,147	(1,147)
Transfers (Out)	108,000	391,624	(283,624)

The excesses were funded with revenue overages, existing unassigned fund balance, and cost savings in other departments.

2-C. Deficit Fund Equity

In the Enterprise Fund, the Water Fund unrestricted net deficit is due to operating expenditures and bond interest expense exceeding revenues. The Commissioners expect that the deficit in the Water Fund will not be corrected in future years, because new customers tap-on to the system are expected to continue to be substantially less than projected. Future operating deficits will be funded by transfers from the General Fund.

Note 3 – Deposits and Investments

Deposits - State statutes require that the County take appropriate measures to mitigate *Custodial Credit Risk* for their deposits. Custodial Credit Risk for deposits is the risk that, in the event of bank failure, the County's funds on deposit would be lost. The County has no formal policy for deposit custodial credit risk. County funds are on deposit at a local FDIC insured bank in non-interest-bearing accounts. All of the county's deposits in excess of FDIC coverage are collateralized by securities in the bank's "Pledging Pool".

Investments - As of and for the year ended June 30, 2022, the County did not have any investments. To mitigate *Credit Risk,* State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations fully insured or guaranteed by the U.S. government or by any government agency or the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. The County does not have a formal investment policy that addresses *Interest Rate Risk* as a means of limiting its exposure to fair value losses arising from rising interest rates.

Note 4 – Receivables

Receivables as of year-end for the County's individual major funds and nonmajor governmental, including the applicable allowances for uncollectible accounts, are as follows:

GOVERMENTAL ACTIVITIES	General	T-SPLOST	SPLOST 2019	Total
Receivables				
Property Taxes	$ 77,819	$ -	$ -	$ 77,819
Intergovernmental	26,328	32,567	42,118	101,013
City of Ellaville	2,487	-	-	2,487
Accounts	190,152	-	-	190,152
Gross Receivables	296,786	32,567	42,118	371,471
Less: Allowance for Uncollectible	(141,129)	-	-	(141,129)
Net Receivables	$ 155,657	$ 32,567	$ 42,118	$ 230,342

Non-current property tax receivable of $39,748 (net of allowance for uncollectible of $7,291) is reported as assets, but on the Balance Sheet of the Governmental Funds, it is reported as deferred inflows of resources, because they do not represent financial resources available to pay current expenditures.

Property taxes for the 2021 digest were levied on September 21, 2021. Taxes were billed on September 27, 2021, and were due and payable by December 20, 2021.

The County bills and collects its own property taxes as well as taxes for the State, County School District, and the City of Ellaville. Collections of the County taxes and their remittances are accounted for in the Tax Commissioner's Custodial Fund.

Receivables as of year-end for the County's individual major enterprise funds, including the applicable allowances for uncollectible accounts, are as follows:

ENTERPRISE FUNDS	Water	Sanitation	Total
Receivables			
Accounts	$ 75,318	$ 116,752	$ 192,070
Gross Receivables	75,318	116,752	192,070
Less: Allowance for Uncollectible	(39,413)	(61,459)	(100,872)
Net Receivables	$ 35,905	$ 55,293	$ 91,198

Note 5 – Capital Assets

Capital asset activity for the year ended June 30, 2022, was as follows:

	Beginning Balance	Additions	Retirements	Transfers	Ending Balance
Governmental Activities:					
Capital Assets, Nondepreciable:					
Land	$ 217,123	$ -	$ -	$ -	$ 217,123
Construction in Progress	102,258	-	-	-	102,258
Total Nondepreciable Capital Assets	319,381	-	-	-	319,381
Capital Assets, Being Depreciated:					
Buildings	2,401,279	-	-	-	2,401,279

Total business-Type Activities Depreciation Expense	$ 323,769

Note 6 – Interfund Receivables, Payables and Transfers

The composition of interfund balances at June 30, 2022 is as follows:

Due to / from other funds: The General Fund maintains a central payroll account through which salaries and wages and related taxes and benefits are paid for the general fund and the enterprise funds. The funds record receivables and payables for their share of reimbursable expenses and, when funds are available, they make reimbursements to the general fund.

The composition of interfund balances as of June 30, 2022, is as follows:

Receivable Fund	Payable Fund	Amount
Water Fund	T-SPLOST	3,453
		$ 3,453

Interfund transfers: The following is a summary of interfund transfers for the year:

Transfers In	Transfers Out	Amount
Water Fund	General Fund	$ 367,851
Sanitation Fund	General Fund	23,773
General Fund	Sanitation Fund	200,000
General Fund	ARPA Fund	678,207
		$ 1,269,831

Note 6 – Interfund Receivables, Payables and Transfers (continued)

Interfund transfers are used to: 1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them, and 2) use unrestricted revenues collected to finance various programs accounted for in other funds in accordance with budgetary authorizations. Transfers are eliminated in the government-wide financial statements if the interfund transfer is within the governmental fund group or the Business-type fund group.

The transfer from the General Fund to the Water Fund was for payment of principal and interest on the short-term bank loan, to supplement operating expenses, and payment of principal and interest on the USDA Series 2017 Bonds. Transfer from the General Fund to the Sanitation Fund was to supplement operating expenses. Transfer from Sanitation Fund to the General Fund was to transfer the insurance premium tax. Transfer from ARPA Fund to the General Fund was to supplement the General Fund for revenue loss.

Note 7 – Fund Equity

Below are the fund balance classifications for the governmental funds at June 30, 2022:

	General	ARPA Fund	T-SPLOST	SPLOST 2019	Nonmajor Governmental Funds	Total Governmental Funds
Fund Balances						
Non Spendable						
Inventory	$ 12,676	$ -	$ 5,152	$ -	$ -	$ 17,828
Prepaid items	31,796	-	-	-	-	31,796
Total Non Spendable	44,472	-	5,152	-	-	49,624
Restricted						
Capital Projects	15,508	-	254,060	586,525	21,590	877,683
Law Library	-	-	-	-	35,270	35,270
Drug Education	-	-	-	-	15,453	15,453
Jail Maintenance	-	-	-	-	9,560	9,560
Clerk of Court	-	-	-	-	3,124	3,124

Committed						
Jail Inmate Services	-	-	-	-	4,427	4,427
Total Committed	-	-	-	-	4,427	4,427
Assigned						
Sheriff's Department	-	-	-	-	17,706	17,706
Total Assigned	-	-	-	-	17,706	17,706
Unassigned	584,327	-	-	-	-	584,327
Total Fund Balances	$ 644,307	$ -	$ 259,212	$ 586,525	$ 107,130	$ 1,597,174

NOTE: The Board of Commissioners with the approval of the Georgia Department of Transportation has restricted LMIG funding for this and the next year for the paving of approved County roads.

Note 8 – Short-Term Debt

General Fund: On August 1, 2021, the Board of Commissioners authorized a Tax Anticipation Note (TAN), in the amount of $500,000 from local bank. Interest at 3.25% is due on maturity. The loan was repaid on December 31, 2021 with interest of $1,273.

The proceeds of the TAN was provided to the general fund as operating resources for the County.

	Outstanding 6/30/2021	Additions	Reductions	Outstanding 6/30/2022
Tax anticipation note payable	$ -	$ 100,000	$ (100,000)	$ -
Total General fund	$ -	$ 100,000	$ (100,000)	$ -

Water Fund: To provide operating cash and funds for installation of additional water lines. Revenues from the Water Fund will be used to repay these loans.

Single Advance loan dated December 31, 2020, was obtained from a local bank; maturity date is December 31, 2021. Interest accrues at 4.25% per annum payable at maturity. $ 521,680
Accrued interest payable as of June 30, 2022, was $11,240.

The short-term loan is not collateralized.

	Outstanding 6/30/2021	Additions	Reductions	Outstanding 6/30/2022
Single Advance Note	$ 557,650	$ 521,680	$ (557,650)	$ 521,680
Total Business-Type Activities	$ 557,650	$ 521,680	$ (557,650)	$ 521,680

Note 9 – Long-Term Debt

Primary Government

Changes in Long-Term Debt – Changes in the County's long-term obligations consisted of the following for the year ended June 30, 2022:

	Outstanding 6/30/2021	Additions	Reductions	Outstanding 6/30/2022	Amounts Due in one Year
Governmental Activities:					
Capital Lease Payable	$ 35,724	$ 100,000	$ (17,474)	$ 118,250	$ 29,127
Compensated Absences	64,780	38,427	(34,718)	68,489	23,971
Net Pension Liability	294,082	62,063	(72,831)	283,314	-
Landfill Postclosure Costs	170,417	-	(50,132)	120,285	16,800
Total Governmental Activities	$ 565,003	$ 200,490	$ (175,155)	$ 590,338	$ 69,898

For governmental activities compensated absences, net pension liability and landfill postclosure care costs will be liquidated by the General Fund.

The prior period adjustment to compensated absences was to record accumulated hours for certain employees who had accumulated over 160 hours.

Capital Lease: On January 26, 2021, the County signed a Georgia Municipal Capital Lease-Purchase Agreement for the purpose of financing "Financial Software". The lease calls for 48 monthly payments of $889.96, each which includes interest at $4.98% per annum. The software is in development at June 30, 2022; total costs to date is $37,257.50 – no depreciation has been applied.

Note 9 – Long-Term Debt (continued)

Primary Government (continued)

Capital Lease (continued):

Capital Lease: On December 9, 2021, the County signed a Caterpillar Financial Services Equipment Lease-Purchase Agreement for the purpose of financing 2021 Caterpillar Motor Grader. The lease calls for 59 monthly payments of $1,845.22, each which includes interest at 3.07% per annum. The Motor Grader's total costs to was $210,470. Depreciation for the year ended June 30, 2022 was $17,539.

The County's capital leases debt service requirements to maturity are as follows:

Fiscal year ending June 30:	Governmental Activities
2023	$ 32,823
2024	32,822
2025	28,373
2026	22,143
2027	11,072
Total minimum lease payments	127,233
Less: Amount representing interest	(8,983)
Present value of future minimum lease payments	$ 118,250

	Outstanding 6/30/2021	Additions	Reductions	Outstanding 6/30/2022	Amounts Due in one Year
Business-Type Activities:					
Compensated Absences	$ 11,409	$ 5,550	$ (8,182)	$ 8,777	$ 3,900
Note Payable	316,884	-	(15,751)	301,133	15,892
Water Revenue Bonds	6,095,311	-	(128,464)	5,966,847	131,922
Net Pension Liability	33,440	22,450	(11,521)	44,369	-
Total Business-Type Activities	$ 6,457,044	$ 28,000	$ (163,918)	$ 6,321,126	$ 151,714

Principal and interest payments related to the County's water enterprise fund are financed from income derived from the operation of the water system. The General Fund provides supplemental financing as needed by way of inter-fund transfer. Compensated absences and net pension liability are liquidated by the Water and Sanitation Funds.

Landfill post closure costs: In 1996 the Schley County Municipal Solid Waste Landfill (MSWLF) was closed following EPD Guidelines. In accordance with State and Federal laws and regulations, the County must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. As of June 30, 2022, the County has 4 years of monitoring remaining. The County has contracted with a geotechnical, environmental and construction materials consultant to conduct post-closure monitoring and assessment. This work includes routine monitoring activity and contamination assessment. Based on the consultant's projections of the postclosure care costs for the remaining ten years, management has estimated the liability to be $120,285. Actual costs may be higher due to changes in inflation, technology or applicable laws or regulations. Post-closure monitoring and assessment costs will be paid from the General and/or Sanitation Fund based on budget.

Note 9 – Long-Term Debt (continued)

Primary Government (continued)

Water Revenue Bonds:

Series 2003: On April 9, 2003, Schley County issued Water Revenue Bonds, Series 2003, in the principal amount of $1,594,600 to finance part of the cost of a county–wide water distribution, commonly referred to as Phase One. The registered owner of the Bonds is the United States Department of Agriculture, Rural Development. The Bonds are secured by a first and prior pledge of and charge or lien on the revenues of the Water System of Schley County. Beginning May 9, 2004, the County is to make monthly installments of $7,240 which includes interest at 4.50% for a maximum of 468 payments.

The Sinking Fund required to be used in accordance with the issuing Resolution has had no transactions applied since its inception.

The following schedule presents annual payment amortization of the 2003 Series Water Revenue Bonds for the next five years, and in five-year increments thereafter for the life of the bonds:

Year Ending June 30,	Principal	Interest
2023	34,887	51,993
2024	36,490	50,390
2025	38,166	48,714
2026	39,920	46,960
2027	41,754	45,126
2028 - 2032	239,365	195,035
2033 - 2037	299,636	134,764
2038 - 2042	375,082	59,318
2043	65,956	67,225
Total	$ 1,171,256	$ 699,525

Series 2017 - On February 21, 2017, Schley County issued Water Revenue Bonds, Series 2017, in the principal amount of $5,282,072.97 for the purpose of exchanging and cancelling the Series 2008 Bond. The issuance is duly authorized by resolutions of the Board of County Commissioners, adopted January 14, 2003 and January 19, 2017. The purpose of the Bond is to finance part of the cost of a county–wide water distribution system, commonly referred to as Phase Two. The registered owner of the Bonds is the United States Department of Agriculture, Rural Development. The Bonds are secured by a first lien on the net revenues of the Water System of Schley County, on a parity with the lien thereon securing the Series 2003 bonds. Beginning March 21, 2017, the Bonds require monthly installments of $16,005.00 which includes interest at 2.00% for a maximum of 468 payments. Maturity is scheduled for March 21, 2057.

The Sinking Fund required to be used in accordance with the issuing Resolution has had no transactions applied since its inception.

Note 9 – Long-Term Debt (continued)

Primary Government (continued)

Debt service requirements to maturity on the bonds payable are as follows:

Year Ending June 30,	Principal	Interest
2023	97,035	95,025
2024	98,993	93,067
2025	100,991	91,069
2026	103,030	89,030
2027	105,109	86,951
2028 - 2032	558,239	402,061
2033 - 2037	616,898	343,402
2038 - 2042	681,721	278,579
2043 - 2047	753,355	206,945
2048 - 2052	832,517	127,783
2053 - 2057	847,703	888,201
Total	$ 4,795,591	$ 2,702,113

SCHLEY COUNTY UTILITIES AUTHORITY

Note Payable: On March 20, 2018, the Utilities Authority obtained a loan from the Drinking Water State Revolving Fund administered by the Georgia Environmental Finance Authority ("GEFA") in the amount of $446,000. The loan was obtained for the purpose of treatment improvements to the Goolsby-Stevens Road well. The project was completed and the loan was finalized on December 4, 2019. GEFA granted a $107,040 principal forgiveness, thus, the initial principal balance was $338,960. The terms of the loan are for monthly installments of $1,542.28 which includes interest at 0.89% per annum. The maturity date is January 1, 2040. Note payable debt service requirements to maturity are as follows as of June 30, 2022:

Year Ending June 30,	Principal	Interest
2023	15,892	2,615
2024	16,034	2,473
2025	16,177	2,330
2026	16,322	2,186
2027	16,468	2,040
2028 - 2032	84,572	7,965
2033 - 2037	88,421	4,116
2038 - 2040	47,247	563
Total	$ 301,133	$ 24,288

Note 10 – Defined Benefit Pension Plan

A. Primary Government

The County has established a non-contributory defined benefit pension plan, the Schley County Defined Benefit Plan (the Plan). All full-time employees meeting the provisions set out in the Adoption Agreement are eligible on the first day of the month coincident with or following the date the employee completes three years of service. The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of the adoption agreement, is affiliated with the Association County Commissioners of Georgia Third Restated Defined Benefit Plan (The ACCG Plan), an agent multiple-employer public employees retirement system that acts as a common investment and administrative agent for participating counties in Georgia. The Trustees for the

Note 10 – Defined Benefit Pension Plans (continued)

A. Primary Government (continued)

Association County Commissioners of Georgia (ACCG) Pension Plan and the Trust oversees the administration, investment and funding of the ACCG Plan. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of the ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of The Plan, as provided in Section 19.02 of the ACCG Plan document.

Normal retirement (as opposed to early retirement, vested termination or disability retirement) is at age 65 and one year of vesting service. Upon eligibility to retire, participants are entitled to monthly benefit equal to 0.75% of Average Annual Compensation (the highest average of the participant's compensation over five consecutive plan years during the ten plan years preceding the participant's date of retirement or other termination) multiplied by years of service.

The ACCG Plan issues a publicly available financial report that includes financial statements and required supplementary information for the pension trust. That report may be obtained at www.gebcorp.com or by writing to Association County Commissioners of Georgia, Retirement Services, 191 Peachtree Street, NE, Atlanta, Georgia 30303 or by calling (800) 736-7166.

Plan Membership
As of January 1, 2021, the date of the most recent actuarial valuation date, pension plan membership consisted of the following:

Retirees, beneficiaries and disableds receiving benefits	6
Terminated plan participants entitled to but not receiving benefits	6
Active employees participating in the Plan	20
	32

Contributions
The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The Board of Trustees of the ACCG Plan has adopted a recommended actuarial funding policy for the plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the plan. The funding policy for the Plan, as adopted by the County Commission, is to contribute an amount equal to or greater than the actuarially recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. No contributions are made by plan participants. For the year ended June 30, 2022, the County's contribution rate was 10.9% of annual covered payroll. The County's contribution to the Plan was $72,830 for the year ended June 30, 2022.

Net Pension Liability of the County
The County's net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as January 1, 2022.

Actuarial Assumptions. The total pension liability in the January 1, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Cost of Living Adjustment	2.0% per year
Salary increases	2.5% - 5.5% per year adjusted for age
Investment rate of return	7.00 % per year

Mortality rates were based on the RP-2010 projected with Scale AA to 2022.

The actuarial assumptions used in the January 1, 2022 valuation were based on the results of an actuarial experience study for February, 2019.

Note 10 – Defined Benefit Pension Plans (continued)

A. Primary Government (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The Trustees' guidelines for asset allocation are as follows:

	Target Allocation	Range
Fixed income	30%	25%-35%
Equities:		
Large Cap	30%	25%-35%
Med Cap	5%	2.5%-10%
Small Cap	5%	2.5%-10%
REIT	5%	2.5%-10%
International	15%	10%-20%
Multi Cap	5%	2.5%-10%
Global Allocation	5%	2.5%-10%

Discount Rate. The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that County contributions will be made based on the average County contribution made to the Plan over the prior five years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability of the County. The changes in the components of the net pension liability of the County for the year ended June 30, 2022, were as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at June 30, 2021	$ 609,085	$ 281,563	$ 327,522
Changes for the year:			
Service cost	25,263	-	25,263
Interest	41,867	-	41,867
Liability experience (gain) / loss	24,616	-	24,616
Assumption Change	1,140	-	1,140
Contributions - employer	-	72,830	(72,830)
Net investment income	-	40,640	(40,640)
Benefit payments	(21,970)	(21,970)	-
Administrative expense	-	(19,533)	19,533
Other charges	-	(1,212)	1,212
Net changes	70,916	70,755	161
Balances at June 30, 2022	$ 680,001	$ 352,318	$ 327,683

Governmental Activities	$ 283,314
Business-Type Activities	44,369
	$ 327,683

Note 10 – Defined Benefit Pension Plans (continued)

A. Primary Government (continued)

The required schedule of changes in the County's net pension liability and related ratios immediately following the notes to the financial statements presents multiyear trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate. The following presents the net pension liability of the County, calculated using the discount rate of 7.0 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0 percent) or 1-percentage-point higher (8.0 percent) than the current rate.

	1% Decrease (6.0%)	Current Discount Rate (7.0%)	1% Increase (8.0%)
County's net pension liability	$ 405,014	$ 327,683	$ 262,092

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of December 31, 2021 and the current sharing pattern of costs between employer and employee.

Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions
For the year ended June 30, 2022, the County recognized pension expense of $87,438. At June 30, 2022, the County reported deferred outflows of resources and deferred inflows of resources related to the plan from the following sources:

	Deferred Outflows of Resources		
	Governmental Activities	Business-Type Activities	Total
Difference between projected and actual earnings on pension plan investments	$ 3,756	$ 588	$ 4,344
Difference between projected and actual pension liabilities	35,386	5,541	40,927
Pension assumption changes	13,913	2,179	16,092
	$ 53,055	$ 8,308	$ 61,363

	Deferred Inflows of Resources		
	Governmental Activities	Business-Type Activities	Total
Difference between projected and actual earnings on pension plan investments	$ (28,768)	$ (4,505)	$ (33,273)
Difference between projected and actual pension liabilities	(1,311)	(206)	(1,517)
Pension assumption changes	-	-	-
	$ (30,079)	$ (4,711)	$ (34,790)

Note 10 – Defined Benefit Pension Plans (continued)

A. Primary Government (continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2023	$ 18,493
2024	6,083
2025	1,907
2026	90
	$ 26,573

Note 11 – Deferred Compensation Plan

Schley County has adopted the ACCG Deferred Compensation Program created in accordance with Internal Revenue Code Section 457. The plan is administered by the Governmental Employee Benefits Corporation of Georgia (GEBCorp), 1100 Circle 75 Parkway, Suite 300, Atlanta, Georgia 30339. Eligible employees, including elected or appointed officials, may elect to participate in the in the plan. All amounts of compensation deferred, all property rights purchased and all income, property, or rights are (until paid or made available to the employee or other beneficiary) held in trust for the exclusive benefit of the participants and their beneficiaries.

Plan benefit provisions and contribution requirements can be amended by the Board of Commissioners. For the year ended June 30, 2022, employees contributed $20,230. Schley County is not required to contribute to the plan and the County made no contribution for 2022.

Note 12 – Other Benefit Plans

The County provides certain group health insurance benefits to eligible employees and elected officials who are employed over 90 days and elect the coverage. The County's expense for the year ended June 30, 2022, was $165,390.

Various county employees and elected officials are covered under the following plans: Georgia Firefighters' Pension Fund, Magistrates' Retirement Fund of Georgia, Probate Judges' Retirement Fund of Georgia, Peace Officers' Annuity and Benefit Fund of Georgia, Sheriff's Retirement Fund of Georgia, and Superior Court Clerks' Retirement Fund of Georgia. Further information regarding these plans can be obtained from the plans' annual reports.

Note 13 – Risk Management

The County is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has joined the Georgia Interlocal Risk Management Agency for property and liability insurance and the Association of County Commissioners of Georgia Group Self-Insurance Workers Compensation Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments.

As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction

Note 13 – Risk Management (continued)

procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

There have been no significant reductions of insurance coverage from coverage in the previous year, and settled claims in the past three years have not exceeded the coverage.

Note 14 – Commitments and Contingencies

Litigation:
The County is not involved in any litigation, nor is management aware of any pending litigation against Schley County.

Grant Contingencies:
Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. Based upon prior experience, management believes such disallowances, if any, will not be significant.

Debt Burden:
For the year ended June 30, 2022, net position of the Water Fund decreased by $127,626, primarily due to depreciation, debt service and operating expenses. Operating bank loans in the Water Fund was reduced by $35,970 to $521,680 water customers, and implement cost control policies.

Note 15 – Joint Ventures

A joint venture is a legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain (a) an ongoing financial interest, or (b) an ongoing financial responsibility.

River Valley Regional Commission: Under Georgia law, the County, in conjunction with other cities and counties in the eight county west central Georgia area, is a member of the Middle Flint Regional Commission and is required to pay annual dues thereto. During the year ended June 30, 2022, the County paid $3,970 in such dues. Membership in Regional Commission is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the Regional Commission's in Georgia. The RDC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a Regional Commission.

Separate financial statements may be obtained from: River Valley Regional Commission, P.O. Box 1908, Columbus, Georgia 31902-4908.

Note 15 – Joint Ventures (continued)

Middle Flint Regional E-911 Authority: Pursuant to the authority granted in OCGA Section 46-5-120 et. Seq., Schley County is a "Participating County", together with Dooly, Macon, Marion, Sumter, Talbot, Taylor, and Webster Counties, in the Middle Flint Regional E-911 Authority ("Authority"). The Authority is governed by an eight-member board appointed by the participating counties. The Authority maintains custody and control of the equipment and furnishings at the E-911 Center, located in Ellaville, Georgia. Each Participating County holds interest in the title to the equipment in such portion as each county has subscribers as of January 1 of each year. The E-911 Center will receive telephone calls relating to public safety; it will provide emergency call answering services and dispatching. Funding for the E-911 Center is derived from a service charge added to telephone subscribers in the six Participating Counties. Operating costs not covered by the service charge will be paid by the Participating Counties in accordance with their relative number of subscribers. Schley County contributed $47,523 to the Authority during the twelve months ended June 30, 2022.

Financial statements for the Middle Flint Regional E-911 Authority can be obtained from: Middle Flint Regional E-911 Center, 222 Hayes Avenue, Ellaville, Georgia 31806.

Note 16 - Related Organizations

An organization for which a primary government is not financially accountable (because it does not impose will or have a financial benefit or burden relationship) even though the primary government may appoint a voting majority of the organization's governing board.

Schley – Sumter – Macon - Webster Counties Joint Development Authority: The four counties by separate and concurrent resolutions created the Authority under O.C.G.A. 36-62-5.1 to promote and expand business, industry and trade in Schley, Sumter, Webster and Macon Counties, and to attract and support new business industry, to provide increased employment for the citizens living within the jurisdiction of the Authority, and to expand the ad valorem property tax base for the three counties. The Authority is controlled by a nine-member board of directors consisting of three members from each county appointed by each Board of County Commissioners. No dues are required or paid by the participating counties.

Financial statements for the Schley – Sumter – Macon- Webster Counties Joint Development Authority may be obtained from their office at 409 Elm Avenue, Americus, Georgia 31709.

Note 17 – Related Parties

One member of the Board of Commissioners owns a repair shop which the County uses for vehicle and equipment service and repair. Total paid by the company during this fiscal year was $11,424. The Board of Commissioners was aware of these transactions, and the costs are reasonable, furthermore they maintain the position that the services provided by these commissioners are necessary and no other companies within a reasonable proximity to Schley County are qualified.

NOTES:

1. The County follows the accrual basis of accounting in preparing this schedule. The method is consistent with the preparation of the County's financial statements. There are no differences between the current year expenditures reported on this schedule and the expenditures reported on the Statement of Revenues, Expenditures and Changes in Fund Balances on Page 7.
2. On November 6, 2012, the voters of Schley County approved a special 1% sales tax to become effective July 1, 2013. This Special Purpose Sales Tax is a joint effort with the City of Ellaville, Georgia. The County receives 100% of the distributions from the State of Georgia and in turn distributes funds to the City as required.
3. Courthouse renovation have been funded as follows:

NOTES:

1. The County follows the accrual basis of accounting in preparing this schedule. The method is consistent with the preparation of the County's financial statements. There are no differences between the current year expenditures reported on this schedule and the expenditures reported on the County's financial statements.

2. On November 6, 2018, the voters of Schley County approved a special 1% sales tax to become effective July 1, 2019. This Special Purpose Sales Tax is a joint effort with the City of Ellaville, Georgia. The County receives 100% of the distributions from the State of Georgia and in turn distributes 31.5% of the funds to the City as required.

COMPLIANCE SECTION

CHAMBLISS, SHEPPARD, ROLAND
& ASSOCIATES, LLP

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners of
Schley County, Georgia
Ellaville, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Schley County, Georgia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Schley County's basic financial statements, and have issued our report thereon dated January 16, 2023. Our report includes a reference to other auditors who audited the financial statements of the Schley County Department of Public Health, as described in our report on Schley County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Schley County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Schley County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Schley County, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses. (2022-001, 2022-003).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Schley County, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as item (2022-002).

Schley County's Response to Findings

Schley County, Georgia's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Schley County, Georgia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHLEY COUNTY, GEORGIA

Schedule of Findings and Responses
For the Year Ended JUNE 30, 2022

Section II
FINANCIAL STATEMENT FINDINGS AND RESPONSES

2022-001 General Fund Expenditures in Excess of the Budget

Criteria: State law provides that Schley County adopt an annual balanced budget and follow procedures that limit expenditures exceeding the budget at the Department level.

Condition: Careful monitoring of expenditures compared to budget would alert management and the public to budget violations, and possible misuse of County resources.

Context: Minutes of the Schley County Board of Commissioners record that financial reports are submitted, presented or otherwise distributed to the Commissioners. The minutes do not record any consideration of budget overages and how to resolve them.

Effect: Expenditures for the following General Fund departments or line items exceeded the budget:

GENERAL FUND	Final Budget	Actual	Overage
County Clerk	$ 121,550	$ 124,586	$ (3,036)
Tax Assessor	196,510	198,858	(2,348)
General Operations	286,330	355,518	(69,188)
Superior Court Judges	12,712	14,224	(1,512)
Jail	232,137	239,684	(7,547)
Fire Department & Ambulance Service	429,364	443,269	(13,905)
Coroner	10,555	12,410	(1,855)
Middle Flint E-911	27,313	47,523	(20,210)
Road Department	340,968	736,052	(395,084)
Landfill Postclosure Care Costs	23,000	33,785	(10,785)
Health Department	41,020	53,814	(12,794)
Family and Children Services	6,850	7,132	(282)
Recreation	40,000	47,500	(7,500)
Interest	2,000	3,147	(1,147)
Transfers (Out)	108,000	391,624	(283,624)

Cause: Lack of monitoring and insufficient budget oversight.

Recommendation: Financial reports should be prepared promptly each month and budget to actual reports should be carefully reviewed by the County Manager and County Clerk. The budget should be amended as necessary to provide for source of funds for unbudgeted expenditures.

Management's Response: We concur with the finding. Budget amendments will be obtained as needed. The County Manager will closely review budget-to-actual reports, and advise department heads of potential budget overruns, and require budget amendments promptly as necessary. There were no mis-uses of County funds.

SCHLEY COUNTY, GEORGIA

Schedule of Findings and Responses
For the Year Ended JUNE 30, 2022

2022-002 Failure to Adopt Budgets for the Special Revenue Fund.

Criteria: Georgia law (O.C.G.A. 36-81-3b) requires an annual balanced budget for the general fund and each special revenue fund and each debt service fund.

Condition: The County did not adopt annual budgets for the following Special Revenue Funds:

Law Library
Clerk's Account
Sheriff's Drug Fund
Sheriff's Miscellaneous
Jail Construction and Staffing
Drug Abuse Treatment and Education Fund
Inmate Services Fund

Effect: Unbudgeted expenditures were as follows:

Law Library	$ 2,881
Clerk's Account	7,235
Sheriff's Drug Fund	0
Sheriff's Miscellaneous Fund	1,239
Jail Construction and Staffing	819
Drug Abuse Treatment and Education Fund	1,894
Inmate Services Fund	11,714

Cause: Lack of understanding of requirements for budgeting special revenue funds.

Recommendation: Each special revenue fund should have its own separate budget which would be part of the budgeting process.

Management's Response: We concur with the finding. We will include special revenue fund budgets in our annual budget process, and make amendments when necessary.

2022-003 Accounting Posting Errors

Criteria: Good accounting policies require supervision and oversight of the accounting function.

Condition: Numerous posting errors especially in regards to interfund transfers.

Effect: Errors in accounting resulted in incomplete or inadequate financial reports.

Cause: Ineffective oversight and review.

Recommendation: Policies should be developed where the County Clerk and County Manager review monthly financial reports. Particular attention should be given to transactions posted to balance sheet accounts.

Management's Response: We concur with the finding. We will review interfund transfers

Section III
FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

Not applicable.

SCHLEY COUNTY, GEORGIA

Status of Prior Year Findings
As of JUNE 30, 2022

2021-001 Expenditures in Excess of the Budget

Criteria: State law provides that Schley County adopt an annual balanced budget and follow procedures that limit expenditures exceeding the budget at the Department level.

Condition: Careful monitoring of expenditures compared to budget would alert management and the public to budget violations, and possible misuse of County resources.

Auditee Response/ Status: Unresolved. See current finding 2022-001.

2021-002 Failure to Adopt Budgets for the Special Revenue Fund.

Criteria: Georgia law (O.C.G.A. 36-81-3b) requires an annual balanced budget for the general fund and each special revenue fund and each debt service fund.

Condition: The County did not adopt annual budgets for the following Special Revenue Funds:

Auditee Response/ Status: Unresolved. See current finding 2022-002.

2021-003 Incomplete Bank Reconciliations

Criteria: Good accounting policies require preparation of bank reconciliations promptly after each month end.

Condition: Bank reconciliations were incomplete.

Auditee Response/ Status: Resolved

2021-004 Accounting Posting Errors

Criteria: Good accounting policies require supervision and oversight of the accounting function.

Condition: Numerous posting errors especially in regards to interfund transfers.

Auditee Response/ Status: Unresolved. See current finding 2022-003.

2021-005 Accounts required by the Schley County Water Revenue Bonds, Series 2003 and Series 2017

Criteria: The Bond Resolution of the Schley County Water Revenue Bonds, Series 2003 and Series 2017, requires establishment and use of the Debt Service Account and the Reserve Account within the Sinking Fund.

Condition: The Debt Service Account and the Reserve Account have not been properly funded and used in accordance with the Resolution.

Auditee Response/ Status: Resolved
