INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners
of Telfair County, Georgia
McRae, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Telfair County, Georgia, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We did not audit the financial statements of the Telfair County Department of Leisure Services, the Telfair County Hospital Authority, the Development Authority of Telfair County or the Telfair County Board of Health which collectively represent 100% of the assets, net position, and revenues of the aggregate discretely presented component units.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Telfair County Department of Leisure Services, the Telfair County Hospital Authority, the Development Authority of Telfair County or the Telfair County Board of Health, which represent 100% of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation

of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Telfair County Georgia, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedule of changes in the net pension liability and related ratios on page 43, the schedule of contributions on page 44, and the budgetary comparison information on pages 45 through 48, as well as the note to required supplementary information on page 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Telfair County, Georgia's basic financial statements. The combining and individual fund financial statements on pages 50 through 56 are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of special purpose local option sales tax proceeds on

page 57 is presented for purposes of additional analysis as required by Official Code of Georgia 48-8-121, and is not a required part of the basic financial statements.

The combining and individual fund financial statements and the schedule of expenditures of special purpose local option sales tax proceeds, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements, the schedules of expenditure of special purpose local option sales tax proceeds, the revolving loan fund schedule of expenditures of federal awards, and the revolving loan fund schedule of program loans are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2018, on our consideration of Telfair County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Telfair County, Georgia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Telfair County, Georgia's internal control over financial reporting and compliance.

TELFAIR COUNTY, GEORGIA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2017

Amounts reported for governmental activities in the statement of net position are different because:		
Total governmental fund balances		$ 8,066,676
Capital assets used in governmental activities are not financial resources, and therefore, are not reported in the funds.		
Cost of capital assets	$ 15,644,198	
Less accumulated depreciation	(6,542,859)	9,101,339
Other long-term assets are not available to pay for current-period expenditures and, therefore, are reported as unavailable revenue in the funds.		707,656
Some liabilities, including net pension obligations, are not due and payable in the current period and, therefore, are not reported in the funds.		
Net pension liability		(625,675)
Deferred outflow and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.		
Deferred outflow of employer contributions after the measurement date		117,988
Asset (gain)/loss		91,587
Liability (gain)/loss		28,241
(Gain)/loss due to assumption change		59,695
Long-term liabilities, such as compensated absences and capital leases are not due and payable in the current period and, therefore, are not reported in the funds.		(661,915)
Net position of governmental activities		$ 16,885,592

The accompanying Notes to Financial Statements are an integral part of these statements.

TELFAIR COUNTY, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2017

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ (216,249)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital outlay	$ 1,954,429	
Depreciation expense	(722,552)	1,231,877
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Property taxes:		
Unavailable revenue - property taxes at June 30, 2017	$ 707,656	
Unavailable revenue - property taxes at June 30, 2016	(426,077)	281,579
Governmental funds report pension contributions as expenditures. However, in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.		
Pension contributions	$ 125,311	
Cost of benefits earned net of employee contributions	(179,508)	(54,197)
The issuance of long-term debt (e.g. bonds, leases), provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.		
Capital lease proceeds	$ (500)	
Principal repayments	125,573	125,073
Change in net position of governmental activities		$ 1,368,083

The accompanying Notes to Financial Statements are an integral part of these statements.

Due to expendable trust fund	$	555
Other liabilities		948,564
Total liabilities	$	949,119

The accompanying Notes to Financial Statements are an integral part of these statements.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

B. Reporting entity

Telfair County, Georgia (the County), was incorporated December 10, 1807, under provisions of the laws of the State of Georgia. The County is governed by a five-member elected board of commissioners and provides the following services in addition to general administrative responsibilities: public safety, roads and bridges, health, recreation activities and sanitation. The accompanying financial statements present the County and its component units, entities for which the County is considered to be financially accountable.

In evaluating the County as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the County may be financially accountable and, as such, should be included within the County's financial statements. The County (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial burden on the County. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The component units are discretely presented and are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County.

Brief descriptions of discretely presented component units follow:

Telfair County Department of Leisure Services - Actively serves the Community by planning and providing recreational activities for the children and youth of the community. The County appoints the majority of the Board of Directors and has a significant relationship with the Department.

Telfair County Hospital Authority - Actively serves the community by providing for the planning and availability of health care facilities, encouraging physicians and other necessary medical personnel to locate and practice within the County and to assist in funding indigent care. The County appoints the majority of the Board of Directors and has a significant relationship with the Authority.

Development Authority of Telfair County - Provides for the development and promotion for the public good, trade, commerce industry and employment opportunities and to promote the general welfare of the State of Georgia. The County appoints the majority of the Board of Directors and has a significant relationship with the Authority.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Telfair County Board of Health - Provides for various health services for citizens in Telfair County under a contract with the Georgia Department of Human Resources. The County appoints the majority of the Board of Directors and has a significant relationship with the Board of Health.

A complete copy of the component unit financial statements can be obtained from the Telfair County Board of Commissioners, 713 Telfair Avenue, McRae, Georgia 31055.

Governmental accounting standards require reasonable separation between the Primary Government and it's discretely presented component units, both in the financial statements and in the related notes and required supplementary information. Because the discretely presented component units, although legally separate, have been and are operated as if each is part of the primary government, there are limited instances where special note reference or separation will be required. If no separate note reference or categorization is made, the user should assume that information presented is equally applicable.

C. Basis of presentation – government-wide financial statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the government's enterprise fund. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the County has four discretely presented component units. While none are considered to be a major component unit, they are nevertheless shown in a separate column in the government-wide financial statements.

D. Basis of presentation – fund financial statements

The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category - governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County reports the following major governmental funds:

General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

SPLOST Fund is a capital projects fund and accounts for 1% sales tax proceeds required to be used for capital outlay projects for purposes authorized by local referendum.

T-SPLOST Fund is a capital projects fund and accounts for 1% sales tax proceeds required to be used for transportation improvement projects.

The County reports the following major proprietary fund:

Landfill Fund is a proprietary fund which accounts for the operations of the landfill and is treated similar to a private business enterprise.

Additionally, the County reports the following fund types:

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of revenue sources other than special assessments that are legally restricted to expenditures for specified purposes. They include the Revolving Loan Fund, Multipurpose Grant Fund, Sheriff Commissary Fund, Expendable Trust Fund and Hotel-Motel Tax Fund.

Capital Projects Funds – Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds. They include the SPLOST Fund, T-SPLOST Fund and LMIG Program Fund.

Agency Funds - Agency Funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

During the course of operations the County has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

E. Measurement focus and basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources.* The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the County.

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency funds have no measurement focus but utilizes the *accrual basis of accounting* for reporting their assets and liabilities.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

G. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

1. ***Cash and Cash Equivalents*** - include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the County.

   State statutes authorize the County to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements and investment pools. Investments in non-negotiable certificates of deposit are stated using a cost-based measure.

   The investments of the Telfair County Hospital Authority consist of Marketable Debt Securities with a cost of $200,800 and a market value of $208,555.

   The Telfair County Board of Health certificate of deposits balance at 6/30/2017 was $598,771.

2. ***Short-term Interfund Receivables/Payables*** - During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. The purpose of the interfund balances is to account for those transactions that have not been settled as of the financial statement date. These receivables and payables are classified as "due from other funds" or "due to other funds" on the respective fund's balance sheet and as internal balances on the statement of net position. All interfund balances shown are expected to be settled within one year.

3. ***Taxes Receivable and Other Receivables*** - Taxes receivable and other receivables, are shown net of an allowance for uncollectible accounts. The allowance for general government accounts receivable is derived from the age of the individual receivable and consists of a percentage of the receivable, based upon actual historical losses.

4. ***Prepaid Items*** - Payments made to vendors for services that will benefit periods beyond June 30, 2017, are recorded as prepaid items.

5. ***Capital Assets*** - Capital assets purchased or acquired are carried at historical cost or estimated historical cost. Contributed assets are recorded at fair market value as of the date donated. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized in the government-wide financial statements to the extent the County's capitalization threshold of $5,000 is met. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on capital assets is calculated on the straight-line basis over the estimated useful lives of the respective assets as follows:

• Buildings and plant	40 years
• Machinery and equipment	5 - 20 years

6. ***Compensated Absences*** - National Council on Governmental Accounting Statement 4, effective for fiscal years beginning after December 31, 1982, requires that vacation and sick pay benefits be accrued when: 1) the employer's obligation to employees' right to receive compensation for future benefits is attributable to employee's service already rendered; 2) the obligation relates to rights that vest or accumulate; 3) payment of the compensation is probable; and 4) the amount can be reasonably estimated.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County compensates all employees for unused vacation at fiscal year-end; therefore, no accrual for vacation is necessary at June 30, 2017.

There is no liability for unpaid accumulated sick leave since the County does not have a policy to pay any amounts when the employees separate from service with the County.

7. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then. Under the full accrual method of accounting, the County has reported certain actuarial changes and the contributions to the defined benefit pension plan subsequent to the measurement date and prior to the fiscal year end as deferred outflows of resources.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources,* represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The County has reported various actuarial changes in its defined benefit pension plan. Additionally, the item, *unavailable revenue,* is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source: property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

8. Fund Equity:

Fund equity at the governmental fund financial reporting level is classified as “fund balance”. Fund equity for all other reporting is classified as “net position”.

Fund Balance - Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- **Nonspendable -** fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (ie., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

- **Restricted -** fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- **Committed -** fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the County Commissioners through the adoption of a resolution. The County Commissioners also may modify or rescind the commitment.

- **Assigned -** fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purpose, but are neither restricted nor committed. Through resolution, the County Commissioners have authorized the Chairman to assign fund balances.

- **Unassigned -** fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

9. Fund balance flow assumptions

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

10. Net position flow assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied.

It is the County's policy to consider restricted – net position to have been depleted before unrestricted - net position is applied.

11. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the period. Actual results could differ from those estimates.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

H. Revenues and expenditures/expenses

1. Program revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

2. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the landfill fund are charges to customers for landfill usage. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary basis of accounting

The County's procedures in establishing, maintaining and revising budgetary data reflected in the financial statements are as follows: Prior to July 1, the Board of Commissioners (the Board) prepares a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and expected means of financing. Public hearings are conducted in the Board's Office to obtain taxpayer comments. Prior to July 1, the budget is legally enacted through approval by the Board.

The Board is authorized to transfer budgeted amounts between departments within any fund. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds. Budgets for the General Fund and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles. All appropriations lapse at the end of the fiscal year on June 30th.

B. Encumbrances

Encumbrances accounting, the method by which purchase orders, contracts, and other commitments for expenditures of funds are recorded in order to reserve that portion of the applicable appropriation of expected revenues, is not utilized by the County because it is, at present, not considered necessary to assure effective budgetary control or to facilitate effective cash planning and control.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

C. Expenditures exceed appropriations

During the year ended June 30, 2017, expenditures exceeded appropriations in the following functions:

Fund	Department	Expenditures Over Budget
	General government:	
General	General government	$ 6,066
	Elections	4,688
	General adminstration	4,877
	Tax Commisioner	23,146
	Judicial -	
	Magistrate court	13,756
	Public safety:	
	School resources - Sheriff	561
	Jail operations	57,779
	Fire administration	1,689
	Emergency medical services	159,169
	Public works -	
	Highways and streets	8,358
	Health and welfare:	
	Health department building	17,404
	Intergovernment - Welfare	354
	Community services	10,564
	Housing and development -	
	Agricultural resources	8,057
	Debt service -	
	Interest	1,955
	Capital outlay:	
	Law enforcement administration	71,839
	Community services	328,218

III. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

A. Deposits and Investments

A summary of the County's deposits and investments at June 30, 2017 follows:

Account Balances	
Petty cash	$ 854
Demand deposits	11,185,677
Certificates of deposit	634,032
Investments	200,800
Total reporting entity	$ 12,021,363

Ownership of Funds	
Primary Government -	
Governmental funds:	
Cash and cash equivalents	$ 8,654,706
Proprietary fund -	
Cash	323,528
Total primary government	$ 8,978,234
Component Units:	
Cash and cash equivalents	$ 2,842,329
Investments	200,800
Total component units	3,043,129
Total reporting entity	$ 12,021,363

Custodial Credit Risk is the risk that in the event of a bank failure, the County's deposits (in excess of FDIC insurance) may not be returned to us.

***Deposits**:*

The County's deposits at year-end were entirely covered by federal depository insurance or by collateral held by the County's custodial banks in the County's name.

Investments:

Interest Rate Risk is the risk that changes in interest rates will adversely affect the value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

III. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

Credit Risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. The County has no investment policy that would further limit its investment choices from those authorized and listed in Note I G 1.

B. Taxes Receivable and Allowances for Uncollectible Accounts

Taxes receivable and allowances for uncollectible accounts at June 30, 2017 are as follows:

	Receivable	Allowance	Net
General fund-			
Property taxes	$ 792,457	$ (46,233)	$ 746,224
Special purpose local option sales tax	98,831	-	98,831
Transportation SPLOST	21,780	-	21,780
Local option sales taxes	37,062	-	37,062
Total	$ 950,130	$ (46,233)	$ 903,897

Property taxes for 2016-2017 were levied September 27, 2016 and due December 20, 2016 on property valued as of January 1, 2016. The tax rate to finance general governmental services for the fiscal year ended June 30, 2017 was $16.365 per $1,000 of assessed taxable property value for the unincorporated areas of Telfair County, and $16.365 per $1,000 of assessed taxable property value for the incorporated areas. Property tax revenues are recognized when they have become available. Available means when due, or past due and receivable within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Taxes relating to the current budget and collected within 60 days after the fiscal year end are recognized as revenue currently.

C. Interfund Receivables and Payables

Generally, outstanding balances between funds reported as due to/from other funds includes outstanding charges by one fund to another for services or goods, subsidy commitments outstanding, and other miscellaneous receivables and payables between funds. Balances to which a fiduciary fund is a party are treated as external receivables and payables.

A summary of interfund receivables and payables at June 30, 2017 follows:

	Payable to:		
Payable from -	Landfill	T-SPLOST	Total
General fund	$ 686,212	$ 4,596	$ 690,808

III. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

D. Transfers

A summary of fund transfers for the year ended June 30, 2017 follows:

Transfer out -	Transfer in - Landfill
General Fund	177,181

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them; to move unrestricted revenues collected in the funds to finance various programs accounted for in other funds in accordance with budgetary authorizations; and to segregate money for anticipated capital projects.

The voter referendum which created the SPLOST Fund authorized a portion of the SPLOST proceeds to be used for roads and bridges as well as for the landfill. From time to time, such expenditures of the SPLOST Fund for these approved projects are reported as a transfer out of the SPLOST Fund to either the General Fund or Landfill Fund. Therefore, the related improvements are reported in these respective funds.

III. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

E. Capital Assets

Following is a summary of changes in Capital Assets:

Primary Government:

	Balance June 30, 2016	Additions	Retirements or Transfers	Balance June 30, 2017
Governmental activities:

	Governmental Activities	Business-Type Activities
Net investment in capital assets		
Cost of capital assets	$ 15,644,198	$ 6,347,013
Less accumulated depreciation	(6,542,859)	(2,299,553)
Book value	9,101,339	4,047,460
Less capital related debt	(661,915)	(1,348,791)
Net investment in capital assets	$ 8,439,424	$ 2,698,669

H. Commitments and Contingencies

The County receives grant monies for various purposes. All grant monies received by the County are subject to examination and adjustment by the applicable governmental agency or their designee. However, in the opinion of the County officials, adjustments resulting from such examination are not expected to differ materially from amounts reflected in the accompanying financial statements.

There are several lawsuits pending in which the County is involved. The County Attorney has advised that potential claims against the County resulting from such litigation are such that they would not materially affect the financial statements of the County.

IV. OTHER INFORMATION

A. Risk Management

The County is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has joined together with other municipalities in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability.

The County is also part of the ACCG Group Self-Insurance Workers Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for member local governments.

IV. OTHER INFORMATION

As part of this risk pool, the Government is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the fund being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The responsibilities of the pool are to defend, in the name of and on behalf of the members, any suits or other proceedings which may at any time be instituted against them on account of injuries or death within the preview of the Workers' Compensation Law of Georgia, or on the basis of employer's liability. The pool is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment and all expenses incurred for investigation, negotiation or defense.

B. Landfill Closure and Post closure Care Costs

Under state and federal laws and regulations, the County is required to place a final cover upon closure and to continue to perform various maintenance and monitoring functions at the landfill site for a period of 30 years after closure. The expense and related liability are based on landfill capacity used to date. The estimated total cost of the landfill closure and postclosure care is estimated to be $2,903,607. This amount is based on equipment, facilities, and services necessary to close, monitor, and maintain the landfill. However, the actual cost may vary due to inflation or deflation, changes in technology, or changes in landfill laws and regulations. To date, the County has used 61% of the landfill capacity and the landfill has an estimated remaining life of 10.41 years.

C. Joint Venture

Telfair County, in conjunction with cities and counties in the sixteen (16) county Heart of Georgia area are members of the Heart of Georgia Altamaha Regional Commission (RC). Membership in an RC is automatic for each municipality and county in the state. The official Code of Georgia Section 50-8-34 (Georgia Planning Act of 1989) provides for the organizational structure of the RCs. Each county and municipality in the state is required by law to pay minimum annual dues to the RC. The county paid annual dues in the amount of $6,043 to the RC for the year ended June 30, 2017. The RC Board membership includes the chief elected official of each county and the chief elected official of each municipality. The County board members and municipal board members from the same county elect one member of the Board who is a resident (but not an elected or appointed official or employee of the County or municipality) to serve as the nonpublic Board member from a County. Copies of the RC's financial statements may be obtained from the Heart of Georgia Altamaha Regional Commission.

The Georgia Planning Act of 1989 (O.C.G.A. 50-8-34) defines RDCs as "public agencies and instrumentalities of their members". Georgia laws also provide that the member governments are liable for any debts or obligations of a RC beyond its resources. (O.C.G.A. 50-8-39.1)

IV. OTHER INFORMATION

D. Hotel/Motel Tax

The County levies a hotel/motel tax under the provisions of O.C.G.A. 48-13-51. The code section provides that the County shall expend for the purpose of promoting tourism, conventions, and trade shows a percentage of the total taxes collected under this Code section which is not less than the percentage of such tax collections expended for such purposes during the immediately preceding fiscal year. For the year ended June 30, 2017, the County received $11,752 in hotel/motel tax. The County distributed $4,701 to the Telfair County Chamber of Commerce for the promotion of tourism and retained $7,051 for general government purposes. The expended amounts total 100% of the amount received by the County.

For the year ended June 30, 2017, the County has complied with the expenditure requirements of code section 48-13-51.

E. Note Receivable

In April 2008, the Development Authority of Telfair County borrowed $90,000 from the Revolving Loan Fund of Telfair County. During the year ended June 30, 2011 the General fund repaid the Georgia Department of Community Affairs (DCA) the remaining balance of this loan of $72,174. The loan to the Development Authority of Telfair County is now being collected and accounted for in the general fund and is due in monthly installments of $954.59. The note bears an interest rate of 3.0%. As of June 30, 2017 the balance on this note was $9,331.

F. Retirement Plan

Plan Description

The County sponsors the Association County Commissioners of Georgia Restated Pension Plan for Telfair County Employees (The Plan), which is a defined benefit pension plan.

The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of the adoption agreement, is affiliated with the Association County Commissioners of Georgia Third Restated Defined Benefit Plan (The ACCG Plan), an agent multiple-employer pension plan, administered by GEBCorp. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of the ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG Plan document.

IV. OTHER INFORMATION

All full-time County employees are eligible to participate in the Plan after completing three years of service. Benefits vest after five years of service. Participants become eligible to retire at age 65 with 3 years of participation in the Plan. Upon eligibility to retire, participants are entitled to a monthly benefit for life equal to 1.0% of average annual compensation plus $36.00 for each year of service. Average annual compensation is the highest average of the Participant's annual compensation over five consecutive years during the ten plan years preceding the date of retirement or termination. The Plan also provides benefits in the event of death or disability. These benefit provisions were established by an adoption agreement executed by the County Board of Commissioners.

The following is the plan membership at January 1, 2017

Active plan participants	34
Retirees and beneficiaries currently receiving benefits	45
Active or terminated plan participants entitled to, but not yet receiving benefits	40
Total	119

Copies of the Plan's financial statements may be obtained by contacting:

Government Employee Benefits Corporation of Georgia
400 Galleria Parkway, Suite 1250
Atlanta, Georgia 30339

Contributions

The County employees are not required to contribute to the Plan. The County is required to contribute at an actuarially determined rate annually to the Plan's trust. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and must satisfy the minimum contribution requirements contained in the State of Georgia statutes. The County can always meet its funding obligation by making the Recommended Contribution.

The Georgia Constitution enables the governing authority of the County, the Board of County Commissioners, to establish and amend from time to time the contribution rates for the County and its plan participants.

The County's funding policy is to contribute at least the minimum actuarially determined contribution in accordance with the State of Georgia's requirements. There are no legal or contractual maximum contributions to the plan. The County's contributions to the Plan totaled $131,483 for the year ended June 30, 2017.

IV. OTHER INFORMATION

Net Pension Liability

The County's net pension liability was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The total pension liability in the June 30, 2017 actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation:	3.25%
Salary increases:	3.00% per year with an aged based scale as follows:
Age	Salary increase
Under 30	3.0% rate plus 1.5%
30-39	3.0% rate plus 1.0%
40-49	3.0% rate less 0.5%
50+	3.0% rate less 1.0%
Investment rate of return:	7.25% per year
Mortality rates:	RP-2000, projected with Scale AA

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The Trustees shall rebalance the portfolio at least annually for asset allocation purposes. The guidelines for allocation are: equities shall not exceed 70% of total plan assets, valued at cost. Fixed income shall be targeted at 30% of total plan assets, valued at cost. The guidelines for asset allocation are as follows:

	Target Allocation	Range
Fixed income:	30%	25% - 35%
Equities:	70%	65% - 75%
Large Cap	30%	25% - 35%
Mid Cap	5%	2.5% - 10%
Small Cap	5%	2.5% - 10%
REIT	5%	2.5% - 10%

Global allocation	5%	2.5% - 10%

IV. OTHER INFORMATION

Discount rate: The discount rate used to measure the total pension liability was 7.25 %. The discount rate is determined through a blend of using a building blocks approach based on 20-year benchmarks (25%) and 30-year benchmarks (25%), as well as the forward-looking capital market assumptions for a moderate asset allocation (50%), as determined by UBS. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Building block expected return based on 20-year benchmarks	6.82%
Building block expected return based on 30-year benchmarks	8.28%
UBS capital market assumption for a moderate asset allocation	6.40%
20-year building blocks return (7.44% x .25)	2.27%
30-year building blocks return (9.49% x .25)	2.76%
UBS capital market assumption for a moderate asset allocation (6.30% x .50)	2.13%
Discount rate (7.16% rounded to nearest .25%)	7.25%

	Total Pension Liability (a)	Fiduciary Net Position (b)	Net Pension Liability (a)-(b)
Balances at December 31, 2015	$ 2,570,035	$ 1,954,614	$ 615,421

Net pension liability	$ 975,728	$ 697,237	$ 460,208

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued GEBCorp financial report.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2017, the County recognized pension expense of $211,407. At June 30, 2017, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Asset (Gain)/Loss	$ 102,066	$ -
Liability (Gain)/Loss	31,470	
Changes of assumptions	66,520	-
Employer contributions subsequent to the measurement date	131,483	-
Total	$ 331,539	$ -

The County's contributions subsequent to the measurement date of $131,483 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. There were no other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension.

PENSION

1. Changes of Assumptions

There were no changes in assumptions or benefits that affect the measurement of the total pension liability since the prior measurement date.

2. Method and Assumptions Used in Calculations of Actuarially Determined Contributions

The actuarially determined contribution rate was determined as of December 31, 2016, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the fiscal year ending June 30, 2017.

Actuarial cost method	Entry age normal
Amortization method	Level dollar, open
Remaining amortization period amortization period of 10 years	Remaining amortization period varies for the bases, with a net effective
Asset valuation method	Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.
Actuarial assumptions:	
Net investment rate of return	7.50%
Projected salary increases	3.00% plus service based merit increases
Cost of living adjustments	0.00%
Inflation rate	3.25%

BUDGET

1. Budgetary basis of accounting

The County's procedures in establishing, maintaining and revising budgetary data reflected in the financial statements are as follows: Prior to July 1, the Board of Commissioners (the Board) prepares a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and expected means of financing. Public hearings are conducted in the Board's Office to obtain taxpayer comments. Prior to July 1, the budget is legally enacted through approval by the Board.

The Board is authorized to transfer budgeted amounts between departments within any fund. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds. Budgets for the General Fund and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles. All appropriations lapse at the end of the fiscal year on June 30th.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners
of Telfair County, Georgia
McRae, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Telfair County, Georgia, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Telfair County, Georgia's basic financial statements and have issued our report thereon dated June 30, 2018. Our report includes a reference to other auditors who audited the financial statements of the Telfair County Department of Leisure Services, the Telfair County Hospital Authority, the Development Authority of Telfair County or the Telfair County Board of Health, as described in our report on Telfair County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Telfair County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Telfair County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Telfair County, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or

significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of financial statement findings that we consider to be a material weakness [2017-1].

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Telfair County, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Telfair County, Georgia's Response to Findings

Telfair County, Georgia's response to the findings identified in our audit is described in the accompanying schedule of findings. Telfair County, Georgia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TELFAIR COUNTY, GEORGIA
SCHEDULE OF FINANCIAL STATEMENT FINDINGS
YEAR ENDED JUNE 30, 2017

SECTION II - FINANCIAL STATEMENT FINDINGS

Findings noted on the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

2017 – 1

Criteria:
Duties should be segregated between employees so that the responsibility for authorizing transactions, recording transactions, and maintaining custody of assets are assigned to different personnel.

Condition:
Telfair County, Georgia is a small local government and has a limited amount of resources and employees. Therefore, the County does not have an adequate number of employees to provide for the proper segregation of duties.

Cause of Condition:
Since the County is a small local government, it is not financially feasible for the County to hire additional employees to provide for an adequate segregation of duties.

Effect of Condition:
The County's internal control structure does not contain adequate safeguarding controls provided by segregation of duties that would provide for the prevention or timely detection of unauthorized transactions and unauthorized access to assets that could result in losses that are material to the financial statements.

Response of Management:
Management concurs with the finding and is continually working to improve controls to mitigate the risks associated with this condition.
