One Team, One Goal: Student Success

514 Glover Street
Marietta, GA 30060
Telephone: (770) 426-3300
www.cobbk12.org

December 1, 2017

To the Members of the Cobb County Board of Education and Citizens of Cobb County, Georgia:

We are pleased to submit to you the comprehensive annual financial report (CAFR) of the Cobb County School District (District) for the fiscal year ended June 30, 2017. This report conforms to generally accepted accounting principles as applicable to governmental entities. The Financial Services Division prepared this report. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the District's administration and is presented for your careful review.

We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the District as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the District's financial activity have been included. A comprehensive framework of internal control is in place to give reasonable assurance that the financial statements are free of any material misstatements. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Readers of this report are encouraged to consider the information presented here in conjunction with additional information presented in the Management's Discussion and Analysis beginning on page four of this report.

PROFILE OF THE SCHOOL DISTRICT

Cobb County School District is one of two public school districts located in Cobb County, Georgia. The District serves the entire county area with the exception of the City of Marietta, which has its own independent school district. It provides a program of public education from kindergarten through grade twelve. The purpose and responsibility of the District is to provide a thorough and efficient educational system for the children enrolled in public schools within its boundaries whereby each child has access to programs and services that are appropriate to his or her educational needs.

The District is the second largest school system in Georgia and the 23rd largest in the United States with an active daily enrollment of 112,412. The District is governed by a Board of Education consisting of seven members elected from seven county posts. Members serve four-year terms and each year appoint

BOARD OF EDUCATION David Chastain, *Chair* • Scott Sweeney, *Vice Chair*
David Banks • David Morgan • Randy Scamihorn • Susan Thayer • Brad Wheeler

SUPERINTENDENT Chris Ragsdale

a chairperson and vice-chairperson. The Board appoints a Superintendent to oversee the day-to-day administration of the School District.

Mr. Chris Ragsdale currently serves as the Superintendent of the Cobb County School District. Mr. Ragsdale also previously served as the Deputy Superintendent for Operations and as the Chief Technology Officer. During his tenure with the District, he has managed plant operations, provided oversight for the District's technology integration, and been responsible for planning and execution of capital projects approved by Cobb voters and funded by the Special Purpose Local Option Sales Tax. Mr. Ragsdale holds a Bachelor of Science in Information Systems and a Master's Degree in Educational Leadership, both from Kennesaw State University and is also the recipient of Kennesaw State University's Distinguished Alumni Award. He has more than two decades of experience in school operations and information technology in the public and private sectors, including roles as Chief Information Officer for nearby Paulding County Schools and in network and database management for Bellsouth (AT&T) and IBM.

The District prides itself on providing a quality educational experience to all of our students, while efficiently managing our resources. Here are a few of the many accomplishments from the 2017 fiscal year:

- The District average score on the newly redesigned SAT of 1088 is 38 points higher than the state average and 40 points higher than the national average.
- The four-year graduation rate for Cobb high schools was 83.6% in 2017. Cobb exceeds the state graduation rate of 80.6% by 3.0%.
- The Georgia Department of Education has only awarded a STEM (Science, Technology, Engineering, and Math) or STEAM (adds the Arts) certification to 58 public schools in Georgia, out of a total of 2,200 schools. Cobb is proud of the fact that we have six of our schools who share this rare distinction. Our STEM certified schools are: Ford Elementary, Tritt Elementary, Cooper Middle, Kennesaw Mountain High, and Wheeler High. Our STEAM certified schools are: Mableton Elementary and Wheeler High.

More details may be obtained through the District's Communications Department.

The District has reviewed its operating entity definition in order to ensure conformance with the Governmental Accounting Standards Board Statement No. 61, "The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34." This report includes all funds and account groups of the District. The District is not included in any other reporting entity, and no other entities are included within this report.

The District maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Cobb County Board of Education. Activities of the General Fund and Special Revenue Funds are included in the annual appropriated budget. Capital Projects Funds are budgeted on a multi-year, project-length basis. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by function within an individual fund.

ECONOMIC CONDITION AND OUTLOOK

The District is located in the northwest quadrant of the Atlanta metropolitan area. Metropolitan Atlanta is a national center for finance, transportation, distribution and communications. In 2016 (most recent figures available), Cobb County had one of the metropolitan area's highest median household incomes at $70,947, an unemployment rate of 4.6%, and a growing population which increased from 670,438 in 2007 to 748,150 in 2016. Student enrollment for the 2017 fiscal year was 112,412.

We are pleased by the positive increase in property values in fiscal year 2017 and expect this trend to continue into fiscal year 2018. In fiscal year 2017 the District's gross property digest increased by 6.3% over the 2016 fiscal year's digest as compared to an increase of 3.6% the previous year and was the largest annual increase in nine years.

In regards to state funding, the District experienced a $10.4 million reduction in QBE formula earnings in fiscal year 2017 due to austerity cuts. This was $18.1 million less than last year's $28.5 million austerity cut.

LONG-TERM FINANCIAL PLANNING

The District anticipates meeting its projected capital improvement needs by means of county special sales tax revenues. On March 21, 2017, the voters of Cobb County approved the continuation of the Education Special Purpose Local Option Sales Tax (Ed-SPLOST V), beginning January 1, 2019 and ending December 31, 2023. The revenue generated from the 1% special education sales tax has been or will be used to construct new schools, improve existing schools, construct major additions to many schools, improve technology and security throughout the District and acquire land for future expansion. A schedule of District school buildings and their ages can be found on pages 148 - 155, in the statistical section. The District anticipates acquiring a short-term construction loan in the next fiscal year, which will expedite the completion of various construction projects authorized by the previous SPLOST IV Special Sales Tax Initiative. The District's exceptional Aaa credit rating, first issued by Moody's in 2015, and reaffirmed in 2017, should qualify the District for a competitive interest rate.

OTHER INFORMATION

New Educational Model: The Cobb County School District has now completed its second year as a Strategic Waiver School System. A chief reason for selecting this model over the charter system model was the greater ability to develop customized student achievement plans for individual schools.

Independent Audit: The financial statements have been audited by Mauldin & Jenkins, LLC, whose opinion is expressed on page 1. The District complies with the requirements of the Single Audit Act and associated reports and schedules are presented in a separately issued Report of Independent Certified Public Accountants in Accordance with the Uniform Guidance and *Governmental Auditing Standards.*

Financial Reporting Awards: Every year since 1980, our comprehensive annual financial report has earned a Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association of the United States and Canada (GFOA). Additionally, the District's comprehensive annual financial report received the Association of School Business Officials' (ASBO) Certificate of Excellence in Financial Reporting every year since 1984.

These prestigious awards are made only to government units which publish a comprehensive annual financial report that is easily readable, efficiently organized, and conforming to program standards and satisfies generally accepted accounting principles and applicable legal requirements. The awards are valid for a period of one year only. We believe the accompanying report continues to conform to award eligibility, and will submit it for determination as appropriate.

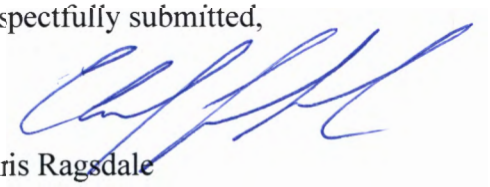

Budget Presentation Award: The District prepares an official budget document each year which is issued as a separate report. Since 1990, the district has received the Distinguished Budget Presentation Award from GFOA. In order to receive this award, the District must publish a budget document that meets program criteria as a policy document, a financial plan, an operations guide, and as a communications device. The award is valid for a period of one year only. We have received the Meritorious Budget Award from ASBO every year since 2005. The criteria required by ASBO includes an introductory, organizational, financial and information section. We believe the most recent budget continues to conform to program requirements, and we are submitting it to GFOA and ASBO to determine its eligibility for another award.

Acknowledgments: We wish to express our appreciation to Jan Hendrix, Director of Accounting Services, and to the entire staff of the Financial Services Division whose dedicated efforts have enabled this report to be prepared on a timely basis.

The active involvement and professional support of Mauldin & Jenkins, LLC Audit Manager, Christopher McKellar, and his auditing staff have been instrumental in the prompt completion of the associated audit of this report.

In closing, sincere gratitude is expressed to the Board of Education for their leadership and dedication to the Cobb County School District, its taxpayers, employees, and, most importantly, its students. To the citizens of the Cobb County School District, please accept our gratitude for your support of our successful school district.

Respectfully submitted,

Chris Ragsdale

COBB COUNTY SCHOOL DISTRICT
FUNCTION AND COMPOSITION
JUNE 30, 2017

All matters relating to education and operations in the Cobb County School District are governed and controlled by the Board of Education as provided by Georgia law. The Board has the responsibility to maintain a uniform system of public schools providing quality education for all young people of Cobb County. With the advice of the superintendent, the Board must determine the policies and prescribe the rules and regulations for the management and administration of the school system.

Generally, the Board holds public meetings twice a month to conduct normal business with special sessions as needed. The Board is composed of seven members who are each elected for four years from one of seven geographical districts in the county. The Board elects a chairman and vice-chairman from the seven members to govern the body for a one year period. As of June 30, 2017, the members of the Board and years of expiration of their terms are as follows:

Title	Name	Term Expires
Chair	Mr. David Chastain	December 31, 2018
Vice-Chair	Mr. Scott Sweeney	December 31, 2018
Board Member	Mr. Brad Wheeler	December 31, 2020
Board Member	Mrs. Susan Thayer	December 31, 2018
Board Member	Mr. David Morgan	December 31, 2020
Board Member	Mr. David Banks	December 31, 2020

INDEPENDENT AUDITOR'S REPORT

To the Superintendent and Members of
the Cobb County Board of Education
Marietta, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the **Cobb County Board of Education** as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Cobb County Board of Education's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Cobb County Board of Education as of June 30, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Proportionate Share of Net Pension Liability – Teacher Retirement System of Georgia, Schedule of Contributions – Teacher Retirement System of Georgia, Schedule of Proportionate Share of Net Pension Liability – Employee Retirement System of Georgia, Schedule of Contributions – Employee Retirement System of Georgia, and Schedule of Proportionate Share of Net Pension Liability – Public School Employee Retirement System of Georgia, on pages 4 through 15 and pages 69 through 75 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cobb County Board of Education's basic financial statements. The combining and individual fund financial statements and schedules, the SPLOST III schedule of expenditures of Special Purpose Local Option Sales Tax Projects, the SPLOST IV schedule of expenditures of Special Purpose Local Option Sales Tax Projects, and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, the SPLOST III schedule of expenditures of Special Purpose Local Option Sales Tax Projects, and the SPLOST IV schedule of expenditures of Special Purpose Local Option Sales Tax Projects are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, the SPLOST III schedule of expenditures of Special Purpose Local Option Sales Tax Projects, and the SPLOST IV schedule of expenditures of Special Purpose Local Option Sales Tax Projects, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Governmental Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2017 on our consideration of the Cobb County Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Cobb County Board of Education's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cobb County Board of Education's internal control over financial reporting and compliance.

MANAGEMENT'S

DISCUSSION

AND ANALYSIS

The discussion and analysis of the Cobb County School District's (subsequently referred to as the District) financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the District's financial performance as a whole. Readers should also review the transmittal letter and complete financial statements, with notes, to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2017 are as follows:

- Total net position increased from $807.0 million in 2016 to $829.1 million in 2017, an increase of $22.1 million, primarily from an increase in capital assets.

- Total revenue increased from $1,237.4 million in 2016 to $1,300.6 million in 2017, an increase of $63.2 million. The revenue increase was primarily from an increase in state funding, as well as higher property and sales taxes.

- Total expenses increased from $1,161.5 million in 2016 to $1,278.5 million in 2017, an increase of $117.0 million. The increased expense was largely due to higher instructional salaries and services.

Overview of the Financial Statements

This discussion and analysis serves as an introduction to the District's basic financial statements. The basic financial statements comprise three components: 1) District-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

District–wide Financial Statements

The District-wide financial statements provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. Changes in net position appear as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses appear in this statement for some items that will result in future fiscal period cash flows (e.g., uncollected taxes and earned but unused vacation leave).

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. District funds are in one of three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Most of the District's activities are reported in governmental funds. The governmental fund statements focus on how money flows in and out of those funds and on the balances left at year-end that are available for spending in future periods. These statements also provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The District maintains numerous governmental funds with the majority of activity occurring in the General Fund.

Proprietary Funds

Proprietary funds are those used to account for ongoing organizations and activities which are similar to those found in the private sector. The District's proprietary funds are internal service funds and report activities that provide supplies and services for its other programs and activities. The District's internal service funds consist of the Unemployment Compensation Fund and the Self-Insurance Fund.

Fiduciary Funds

The District is the trustee, or fiduciary, for assets that belong to others. The District's fiduciary funds include the Student Activity Fund and the Payroll Withholding Fund. The District is responsible for ensuring that the assets in these funds are used exclusively for their intended purposes for the benefit of those to whom the assets belong. The District excludes these funds from the district-wide financial statements because it cannot use these assets to finance its operations.

District-wide Financial Analysis

The Condensed Statement of Net Position Table (Table I), presented on the following page, summarizes and compares the Statement of Net Position for 2016 and 2017.

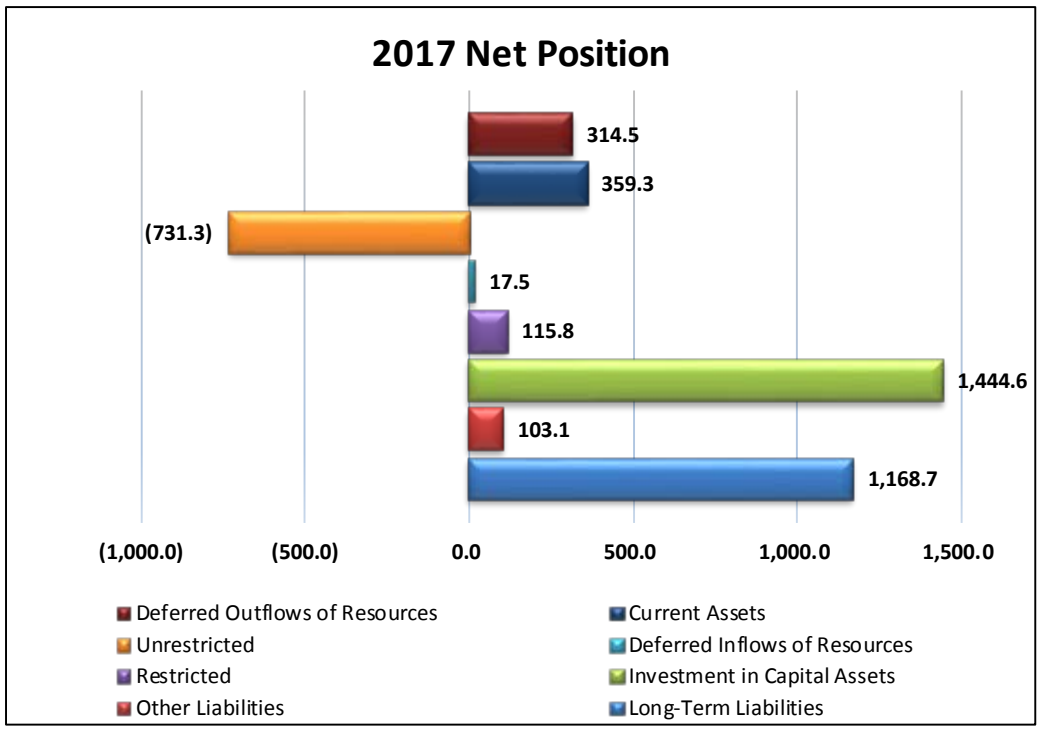

In 2017, the District's net position increased 2.7%, or $22.1 million, over the prior year.

Total current and other assets reflected a net decrease of 6.1%, or $23.4 million, primarily due to a decrease in cash and cash equivalents. Capital Assets increased by 5.3%, or $73.0 million, which was largely attributable to capital improvements to local school buildings financed by SPLOST sales taxes, as well as school buses and technology equipment.

Governmental accounting standards require the District to report its proportional liability of state-administered pension plans in which the District participates for the benefit of its employees.

Finally, the Condensed Statement of Net Position Table indicates a reduction in Restricted Net Position over the past fiscal year from $137.2 million in 2016 to $115.8 million in 2017, a decrease of 15.6%, which is primarily due to a decrease in the District's restricted fund balances for capital improvements funded by the SPLOST3 and SPLOST4 special sales tax, as the projects in those funds near completion.

Table I
Condensed Statement of Net Postion
(amounts expressed in millions)

Governmental Activities	2016	2017	Percentage Change
Assets:			
Current and Other Assets	$ 382.7	$ 359.3	(6.1)
Capital Assets	1,371.6	1,444.6	5.3
Total Assets	1,754.3	1,803.9	2.8
Deferred Outflows of Resources	98.5	314.5	219.3
Liabilities:			
Long-Term Liabilities	$ 840.1	$ 1,168.7	39.1
Other Liabilities	112.4	103.1	(8.3)
Total Liabilities	952.5	1,271.8	33.5
Deferred Inflows of Resources	93.4	17.5	(81.3)
Net Position:			
Investment in Capital Assets	$ 1,371.6	$ 1,444.6	5.3
Restricted	137.2	115.8	(15.6)
Unrestricted	(701.8)	(731.3)	(4.2)
Total Net Position	**$ 807.0**	**$ 829.1**	**2.7**

Changes in Net Position from Operating Results

The Changes in Net Position from Operating Results Table (Table II), presented on the following pages, summarizes and compares the Statement of Activities for 2016 and 2017.

Revenues

In 2017, the District's total revenues increased 5.1%, or $63.2 million, over the prior year due primarily to an increase in state and federal funding and greater property tax revenue.

- Operating grants and contributions increased by 6.0%, or $34.8 million, primarily due to an increase in state instructional program revenue.

- Capital grants and contributions decreased by 48.7%, or $9.2 million, primarily due to a substantial reduction in state-funded school construction grant requests over the previous year.

- General property taxes increased 6.4%, or $30.3 million, mainly due to a 6.3% increase in the real property tax digest.

- Charges for services decreased by 0.5% or $0.3 million, due to a decrease in cell tower proceeds. All other categories of charges: after school program revenue, school meal sales revenues, and facility use revenues remained constant or showed slight increases in 2017.

- Other revenue increased by 112.5%, or $4.5 million, largely as a result of $1.7 million gain on the sale of capital assets, $0.5 million increase in interest income, a $1.0 million donation, and an increase of $0.9 million in the District's E-Rate Grant funding.

Expenses

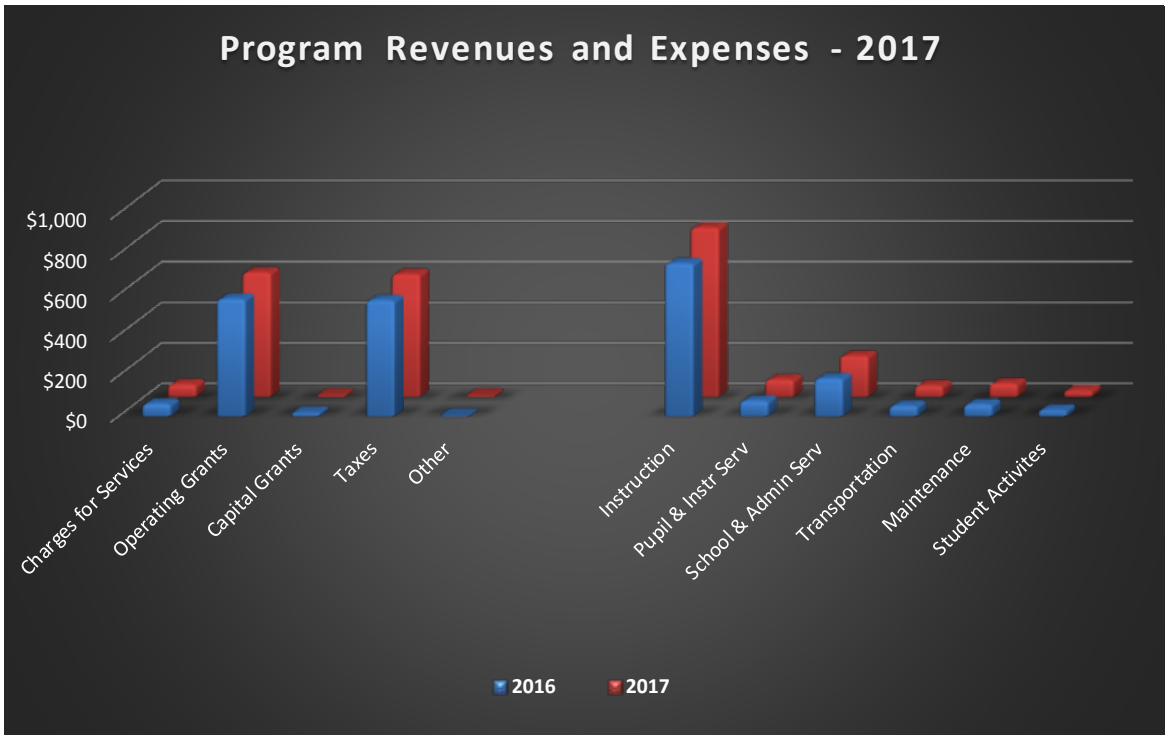

In 2017, the District's total expenses increased 10.1%, or $117.0 million, over the prior year due primarily to an increase in instructional and school administrative salaries and employer-paid benefits.

- Instruction increased by 10.6%, or $80.3 million, largely due to a 2.5% increase in teacher salary schedules.

- Pupil and Instructional Services expenditures increased this fiscal year. Combined, these expenses jumped 12.5% from $76.9 million in 2016 to $86.5 million in 2017 to meet our students' changing needs.

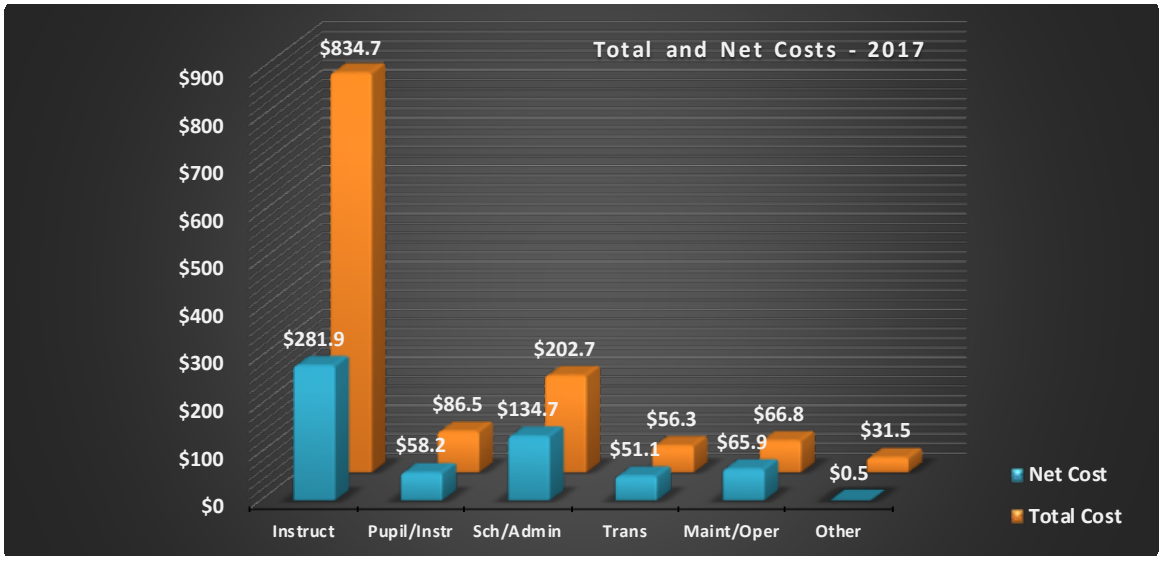

- School and administrative services increased 8.5%, or $15.8 million, in large part due to the salary increase, as well as a 19% increase in employer health insurance contributions for classified employees.

Governmental Activities

The Net Cost of Governmental Activities Table (Table III) presents the total and net cost of six major District activities for fiscal year ended June 30, 2017: Instruction, Pupil and Instructional Services, School and Administrative Services, Student Transportation, Maintenance and Operations, and Other.

Net Cost of Services is the total cost less fees generated by the activities and intergovernmental revenue provided for specific programs. The net cost shows the financial burden on the District's taxpayers by each activity. The total cost of governmental services in 2017 was $1,278.5 million. Users of the District's programs financed $62.2 million of the costs. Federal and State grants, subsidized programs and contributions financed $624.0 million of the cost. District taxpayers financed the remaining costs of 2017 which totaled $592.3 million.

The School District's Funds

The District ended fiscal year 2017 with a healthy fund balance in its governmental funds. The combined balance of all governmental funds, at $245.8 million, was 5.2% lower than 2016's ending balance of $259.3 million due to increased expenditures in instructional services and in new school construction. In spite of an increase in expenditures, the General Fund's fund balance increased by $8.9 million, or 8.5%, due to increased property tax revenue and state funding. SPLOST IV decreased its fund balance by 14.6% from the prior year, or $15.0 million, due to a 37.3% increase in expenses in 2017 as many taxpayer-approved construction projects were in full swing. The nonmajor governmental fund balances decreased in the aggregate by $7.4 million, or 14.1%. Much of this decrease was in SPLOST III, as it no longer had sales tax revenue and neared the completion of its construction projects.

General Fund Budgetary Highlights

The most significant fund for the District is the General Fund, funded primarily through state revenue and local property tax revenue. The State of Georgia is required to maintain a balanced budget (a constitutional requirement in Georgia), as are all state-funded school districts.

Revenue for local property taxes and state student funding were both higher in 2017, by $32.2 million and $29.0 million, respectively. This reflected a rebound in property tax values and increased tax collections at the state level. Although we budgeted a decrease in General Fund Balance of $23.2 million, due to higher than expected revenues, the General Fund Balance, in fact, increased by $8.9 million. Actual revenue exceeded budget by $27.9 million, and actual expenditures were below budget by $4.1 million. This netted a favorable budget variance of $32.0 million.

General Fund Balance

The unassigned General Fund balance at June 30, 2017 was $96.1 million. This represents approximately 35 days of general fund expenditures. The Board of Education made a concerted effort to maintain adequate reserves for the District.

Other Governmental Funds

Capital Projects Funds

The District uses Capital Projects Funds to account for school construction and improvement projects which, prior to 1999, were financed primarily through bond issues. SPLOST III and IV focus on revitalizing schools. For SPLOST III, collections of the tax began on January 1, 2009 and ended on December 31, 2013. The SPLOST III fund, which is included with nonmajor governmental funds, had expenditures of $6.5 million and an ending fund balance of $9.1 million in 2017.

SPLOST IV began January 1, 2014 and will end on December 31, 2018. The SPLOST IV fund had expenditures of $156.6 million and an ending fund balance of $87.4 million. A full listing of SPLOST III and SPLOST IV projects can be located on pages 115-118.

On March 21, 2017, the voters of Cobb County approved the continuation of the Education Special Purpose Local Option Sales Tax (Ed-SPLOST V) beginning January 1, 2019.

Nonmajor Governmental Funds

The Nonmajor Governmental Funds, including the SPLOST III Fund mentioned above, had aggregate expenditures of $170.9 million and aggregate fund balances of $45.1 million in 2017. Within the Nonmajor Governmental Funds, the Funds with the highest expenditures in 2017 were School Nutrition at $55.1 million, Local School Funds at $31.1 million, Title I (of the Elementary and Secondary Education Act) at $23.9 million, and Special Education at $21.5 million. Nonmajor Governmental Funds ending the year with the highest fund balances were School Nutrition at $19.2 million, Local School Funds at $8.4 million, and After School Program at $5.0 million. The fund balance of Nonmajor Governmental Funds, in aggregate, decreased from $52.5 million in 2016 to $45.1 million in 2017, a decrease of $7.4 million. Descriptions of these funds can be located on pages 77-79.

Capital Assets and Debt Administration

Capital Assets

The Capital Assets, Net of Depreciation (Table IV), presented on the following page, summarizes and compares the capital assets for 2016 and 2017.

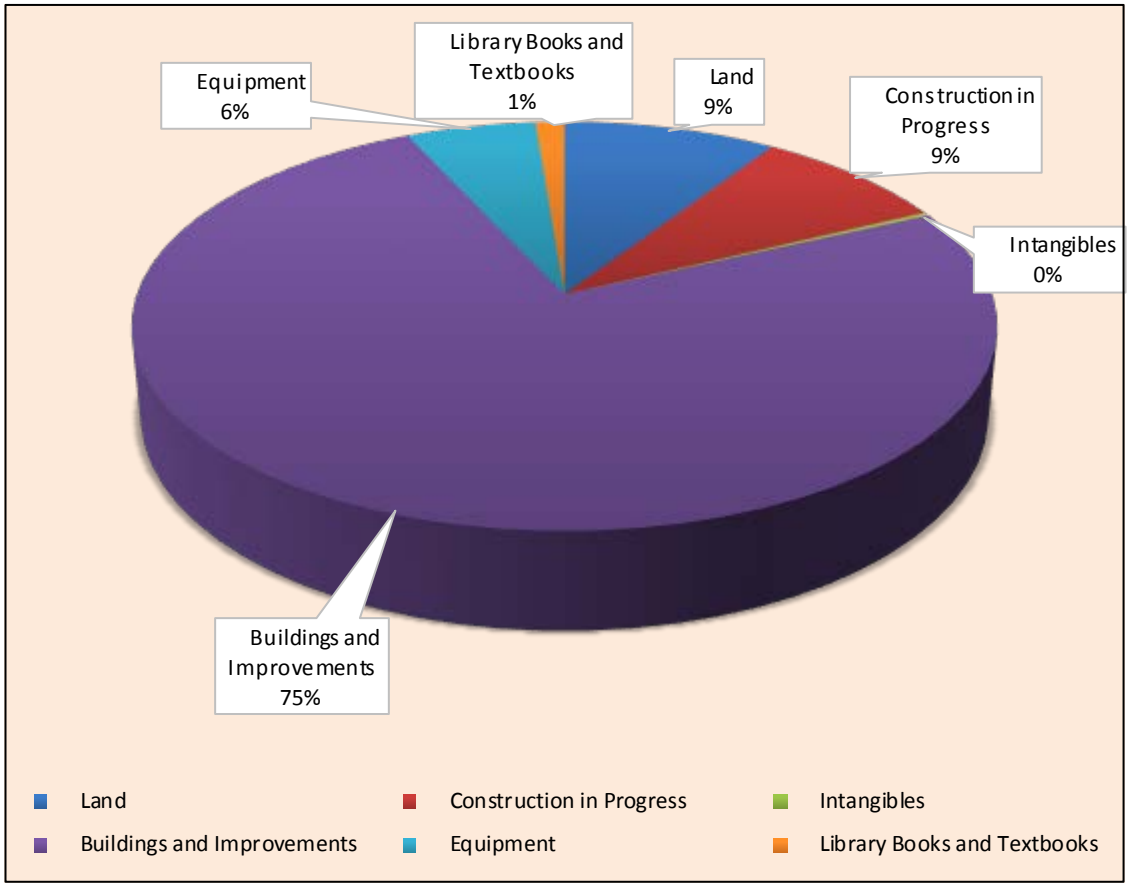

Capital assets increased 5.3% from $1,371.6 million in 2016 to $1,444.6 million in 2017, an increase of $73.0 million. Construction in Progress increased by $52.8 million, or 74.4%, due to the start of construction on three new schools. Land increased by $1.6 million, or 1.2%, as land was acquired for future school expansion. Library and Textbooks increased by $0.4 million, or 2.3%. Equipment increased by less than $0.4 million.

More detailed information about capital assets can be found in Note 5 of the *Notes to the Basic Financial Statements*.

Long-Term Obligations

As of June 30, 2017, the District had $10.0 million in outstanding long-term obligations for compensated absences and a net pension liability of $1,150.9 million. More detailed information about long-term obligations can be found in Notes 9, 12 and 13 of the *Notes to the Basic Financial Statements*.

Total	**$ 1,371.6**	**$ 1,444.6**	**5.3%**

Factors Bearing on the District's Future

We are fortunate that the Cobb County School District has no issued debt, allowing us to devote all of our financial resources to providing a quality education for our students. We are also grateful for our citizens' approval of the Ed-SPLOST V capital financing initiative which will enable the financing of new schools for the approximate 2,000 new students projected to enter the District in the next five years and for needed building improvements to existing schools. Our District is committed to working as one team for the goal of student success, and we greatly appreciate the support of our schools by the public and by local community organizations.

Contacting the District's Financial Management

This financial report is designed to provide a general overview of Cobb County School District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Financial Services Division, Cobb County School District, 440 Glover Street, Marietta, Georgia, 30060.

COBB COUNTY SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2017

(amounts expressed in thousands)

Total Net Change in Fund Balances-Governmental Funds		**$ (13,570)**
Amounts reported for governmental activities in the statement of activities are different because:		
Capital assets are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:		
Capital outlay	**$ 159,303**	
Depreciation expense	**(83,550)**	**75,753**
In the governmental funds, current year expenditures related to pensions are comprised solely of amounts contributed to the plan for the current year. However, in the statement of activities, expenses related to pensions include amounts that do not require the use of current financial resources. This amount represents the difference in the required accounting treatment of pensions and related items.		**(35,481)**
Revenues in the statement of activities that do not provide current financial resources are considered as unavailable revenues in the governmental funds.		
Property taxes	**(1,971)**	
Intergovernmental	**629**	**(1,342)**
The net effect of various miscellaneous transactions involving capital assets (i.e., sales and disposals) is to decrease net position.		**(2,773)**
Internal service funds are used by management to charge the costs of insurance to individual funds. The net expenses of the internal service funds is reported with governmental activities.		**(46)**
Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. This activity consists of the increase in compensated absences.		**(452)**
Change in Net Position of Governmental Activities		**$ 22,089**

See accompanying notes to the basic financial statements.

STATEMENT OF CASH FLOWS
PROPRIETARY FUNDS
FOR THE YEAR ENDED JUNE 30, 2017

(amounts expressed in thousands)

	Governmental Activities
	Internal Service Funds
Cash Flows from Operating Activities:	
Receipts from Interfund Services Provided	$ 6,322
Payments to Suppliers	(299)
Payments for Medical Fees and Insurance Claims	(5,803)
Payments to Employees	(678)
Net Cash Used in Operating Activities	(458)
Cash Flows from Noncapital Financing Activities:	
Transfers-In	1,195
Net Cash Provided by Noncapital Financing Activities	1,195
Net Change in Cash and Cash Equivalents	737
Cash and Cash Equivalents at Beginning of Year	8,078
Cash and Cash Equivalents at End of Year	8,815
Reconciliation of Operating Loss to Net Cash Used in Operating Activities:	
Operating Loss	$ (1,241)
Adjustments to Reconcile Operating Loss to Net Cash Used in Operating Activities:	
Decrease in Prepaids	6
Increase in Claims Payable	787
Increase in Accrued Payroll and Payroll Withholdings	1
Decrease in Accounts Payable	(11)
Total Adjustments	783
Net Cash Used in Operating Activities	$ (458)

See accompanying notes to the basic financial statements.

COBB COUNTY SCHOOL DISTRICT
STATEMENT OF FIDUCIARY ASSETS AND LIABILITIES
FIDUCIARY FUNDS
JUNE 30, 2017

(amounts expressed in thousands)

	Agency Funds
Assets:	
Cash and Cash Equivalents	**$ 41,902**
Total Assets	**$ 41,902**
Liabilities:	
Due to Student Groups	**$ 1,592**
Payroll Withholdings Payable	**40,310**
Total Liabilities	**$ 41,902**

See accompanying notes to the basic financial statements.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Cobb County School District (District) was established under the laws of the State of Georgia and operates under the guidance of a school board elected by the voters of Cobb County and has a superintendent appointed by the Board. The Board is organized as a separate legal entity and has the power to levy taxes and issue bonds. Its budget is not subject to approval by any other entity. Accordingly, the District is a primary government and consists of all the organizations that compose its legal entity.

A financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity of a primary government in conformity with generally accepted accounting principles. Based on the guidance of the Governmental Accounting Standards Board (GASB) Statements 14 and 61, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity.

B. Basis of Presentation

The District's basic financial statements are collectively comprised of the District-wide financial statements, fund financial statements and the notes to the basic financial statements of the Cobb County School District.

District-wide Statements

The Statement of Net Position and the Statement of Activities display information about the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and nonexchange transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities.

- Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses (expenses of the District related to the administration and support of the District's programs, such as office and maintenance personnel and accounting) are not allocated to programs, except for federal indirect costs allocated to federal grant programs.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The fund financial statements provide information about the District's funds, including fiduciary funds. Separate statements for each category (governmental, proprietary and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

- General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those resources required to be accounted for in another fund.

- Special Purpose Local Option Sales Tax IV Fund (SPLOST IV) account for sales tax proceeds required to be used for capital outlay for educational purposes as authorized by local referendum.

Additionally, the District reports the following fund types:

- Special revenue funds account for restricted or committed specific revenues and their related expenditures. Revenues for the District include various federal and state grants, donations to the District, rental of District facilities, charges for after-school programs, adult high school, and performing arts.

- Capital project funds account for restricted and assigned revenues and related capital expenditures. The expenditures are used for capital outlays for educational purposes as authorized by local referendum and management's decision.

- Internal service funds (proprietary funds) account for insurance and unemployment compensation provided to other funds of the District on a cost reimbursement basis.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Fiduciary funds (agency funds) account for assets and liabilities held by the District as an agent for various governments or individuals on the accrual basis of accounting. Specifically, the District temporarily holds assets for numerous school student activity organizations and payroll withholdings.

C. Basis of Accounting/Measurement Focus

The basis of accounting determines when transactions are reported on the financial statements. The District-wide governmental activities and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, sales taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from sales taxes is recognized in the fiscal year in which the underlying transaction (sale) takes place. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Agency funds report only assets and liabilities and, accordingly, do not have a measurement focus.

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all non-grant revenues reported in the governmental funds to be available if they are collected within 60 days after year-end. The District considers all intergovernmental revenues to be available if they are collected within 120 days after year-end. Property taxes, sales taxes, intergovernmental and interest are considered to be subject to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term liabilities and acquisitions under capital leases are reported as other financing sources.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The State of Georgia reimburses the District for teachers' salaries and operating costs through the Quality Basic Education (QBE) Formula Earnings program. State of Georgia law defines the formula driven grant that determines the cost of an academic school year and the State of Georgia's share in this cost. Generally, teachers are contracted for the school year (July 1 – June 30) and paid over a twelve-month contract period, generally September 1 through August 31. In accordance with the requirements of the enabling legislation of the QBE program, the State of Georgia reimburses the District over the same twelve-month period in which teachers are paid, funding the academic school year expenditures. At June 30, the amount of teachers' salaries incurred but not paid until July and August of the subsequent year are accrued as the State of Georgia has only postponed the final payment of their share of the cost until the subsequent appropriations for cash management purposes. By June 30 of each year, the State of Georgia has a signed appropriation that includes this final amount, which represents the State of Georgia's intent to fund this final payment. Based on guidance in Government Accounting Standards Board (GASB) Statement No. 33, paragraph 74, the State of Georgia recognizes its QBE liability for the July and August salaries at June 30, and the District recognizes the same QBE as a receivable and revenue, consistent with symmetrical recognition.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants, categorical grants, and general revenues. Thus, when program costs are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply grant resources to such programs, followed by cost-reimbursement grants, then general revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services. Operating revenues in the internal service funds are charges to customers for services. Operating expenses for internal service funds consist of the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition in authorized financial institutions. Georgia Law OCGA 45-8-14 authorizes the District to deposit its funds in one or more solvent banks or insured Federal savings and loans associations.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Investments

Included in cash equivalents are items such as deposits with the Georgia local government investment pool and certificates of deposit. All of the District's investments as of June 30, 2017, were purchased with a maturity date less than one year from the date of purchase.

Investments made by the District in nonparticipating interest-earning contracts (such as certificates of deposit) and repurchase agreements are reported at cost. Both participating interest-earning contracts and money market investments with a maturity at purchase greater than one year are reported at fair value. Investment income is reported in the fund containing the invested assets which generated the income. The Official Code of Georgia Annotated Section 36-83-4 authorizes the District to invest its funds. In selecting among options for investment or among institutional bids for deposits, the highest rate of return shall be the objective, given equivalent conditions of safety and liquidity. Funds may be invested in the following:

(1) Obligations issued by the State of Georgia or by other States,

(2) Obligations issued by the United States government,

(3) Obligations fully insured or guaranteed by the United States government or a United States government agency,

(4) Obligations of any corporation of the United States government,

(5) Prime banker's acceptances,

(6) The Local Government Investment Pool administered by the State Treasurer of the State of Georgia.

(7) Repurchase agreements, and,

(8) Obligations of other political subdivisions of the State of Georgia.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Receivables

Receivables consist of amounts due from property and sales taxes, grant reimbursements due on Federal, State or other grants for expenditures made but not reimbursed and other receivables disclosed from information available. Receivables are recorded when either the asset or revenue recognition criteria has been met. Intergovernmental and Taxes Receivables at June 30, 2017 were as follows:

(amounts expressed in thousands)

	General Fund	Special Purpose Local Option Sales Tax IV	Nonmajor Governmental	Total
Federal Receivables	$ -	$ -	$ 7,206	$ 7,206
State / Local Receivables	75,287	307	824	76,418
Intergovernmental Receivables	$ 75,287	$ 307	$ 8,030	$ 83,624

	General Fund	Special Purpose Local Option Sales Tax IV	Nonmajor Governmental	Total
Taxes Receivables	$ 10,550	$ 11,354	$ -	$ 21,904
Allowances	(480)	-	-	(480)
Net Taxes Receivables	$ 10,070	$ 11,354	$ -	$ 21,424

G. Property Taxes

The Cobb County Board of Commissioners fixed the property tax levy for the 2016 tax digest year (calendar year) in July 2016 (levy date) based on property values as of January 1, 2016. Taxes were due on October 17, 2016 (lien date). Taxes collected within the current fiscal year or within 60 days after year-end on the 2016 tax digest are reported as revenue in the governmental funds for fiscal year 2017. The Cobb County Tax Commissioner bills and collects the property taxes for the School District, withholds 1.6% of taxes collected as a fee for tax collection and remits the balance of taxes collected to the District. Property tax revenues during the fiscal year ended June 30, 2017 totaled $475,835,000.

School tax by law cannot be greater than 20 mills per dollar for the support and maintenance of education. Tax millage rates levied for the 2016 tax year (calendar year) for the Cobb County School District were as follows (a mill equals $1 per thousand dollars of assessed value):

School Operations	18.90 mills

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Sales Taxes

A one percent Special Purpose Local Option Sales Tax is to be used for capital outlay for educational purposes and debt service. The State will terminate collection of this tax once an additional $270,006,753 has been collected or on December 31, 2018, whichever occurs first.

I. Tax Abatements

In fiscal year 2017, the Cobb County School District implemented Governmental Accounting Standards Board (GASB) Statement No. 77, *Tax Abatement Disclosures*. This statement requires state and local governments to disclose tax abatement agreements entered by other governments that reduce the reporting governments tax revenues. The following information should be disclosed; (1) brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients; (2) the gross dollar amount of taxes abated during the period; and (3) commitments made by a government, other than to abate taxes, as part of a tax abatement agreement.

Cobb County, through the Development Authority of Cobb County, allows for taxable revenue bond financing, pursuant to the Georgia Development Authorities law, under Title 36 Chapter 62 of the Official Code of Georgia, in order to promote the creation of jobs and stimulate development activity within Cobb County. The taxable revenue bond financings result in the reduction of ad valorem (real and/or personal property) taxes.

The County offers a reduction in property taxes through the structure of these financing arrangements. Specifically, the Development Authority of Cobb County, a tax exempt public organization created independently from the County, may enter into agreements with private individuals or entities in order to incentivize these businesses to build, relocate, expand, or renovate in Cobb County. The agreements involve a bond issuance and sale-leaseback transaction, whereby the Development Authority takes title to property and leases it back to the company. The business or individual is responsible for making ad valorem tax payments on its leasehold interest. The rental payments for the leasehold offset the debt service on the bonds over a fixed 10 year term, so that at the end of the incentive period the bonds are fully retired and the company regains title of the property through an option to purchase.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Development Authority considers the fiscal impacts of a proposed project and weighs such benefits against the costs of reduced revenue impacts when considering whether to enter into a taxable revenue bond deal with an individual or entity. Generally eligible projects involve a commitment of significant capital investment and/or the creation of net new jobs to the County, which propose a favorable return on investment for the County. There are no additional commitments other than to provide favorable tax treatment. There are provisions for recapturing some portion of the value of these incentives in the event capital investment and job creation numbers are not met during the incentive period; however, the Development Authority can immediately return title to a company for a non-performing project, which cancels the incentive going forward. There are no amounts receivable from other governments.

For the fiscal year ended June 30, 2017, the tax abatement programs noted above abated property taxes due to the School District that were levied on January 1, 2016 and due on October 17, 2016 totaling $738,574. Included in that amount abated, the following are individual tax abatement agreements that each exceeded 10 percent of the total amount abated:

Tax Abatement Project	% Abated	Amount of Taxes Abated (in thousands)
Terrell Mill LLC (Quintiles)	30%	$ 75,880
Federal Express - Phase II	60%	86,899
Novelis Global Technology Center	100%	87,463
Home Depot USA	100%	259,348

J. Inventories

On the district-wide financial statements, inventories of donated food commodities used in the preparation of meals are reported at their Federally assigned value and purchased foods inventories are reported at cost (first in-first out). The District uses the consumption method to account for inventories whereby donated food commodities are recorded as an asset and as revenue when received, and expenses are recorded as the inventory items are used. Purchased foods are recorded as an asset when purchased and expenses are recorded as the inventory items are used.

On the fund statements, inventories of governmental funds are reported at cost (first in-first-out). The District uses the consumption method to account for inventories whereby expenditures are recorded when inventory items are used.

K. Prepaid Items

Payments made to vendors for services that will benefit periods subsequent to June 30, 2017, are recorded as prepaid, according to the consumption method.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Capital Assets

Capital assets purchased, including capital outlay costs, are recorded as expenditures in the fund financial statements at the time of purchase. On the District-wide financial statements, all purchased capital assets are valued at cost where historical records are available and at estimated historical cost based on appraisals or deflated current replacement cost where no historical records exist. Donated capital assets are recorded at estimated acquisition value on the date donated. Disposals are deleted at depreciated recorded cost. The cost of normal maintenance and repairs that do not add to the value of assets or materially extend the useful lives of the assets is not capitalized. Depreciation is computed using the straight-line method.

Capitalization thresholds and estimated useful lives of capital assets reported in the District-wide statements are as follows:

	General Policy	Useful Life
Land	All	N/A
Buildings and Improvements	All	20 to 50 Years
Equipment	$10,000	5 to 10 Years
Intangible Assets	$1,000,000	10 Years
Library Books and Textbooks	All	5 Years

Depreciation expense is used to allocate the actual or estimated historical cost of all capital assets over estimated useful lives.

M. Deferred Outflows/Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period (s) and so will not be recognized as an outflow of resources (expenses/ expenditures) until then.

Deferred inflows of resources represent an acquisition of net position that applies to a future period (s) and so will not be recognized as an inflow of resources (revenue) until that time. Other than pensions (described in Note 1.N and Note 13), Cobb County School District has one type of item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. Governmental funds report unavailable revenues from two source: property taxes and intergovernmental. These amounts are deferred and recognized as inflows of resources in the period that the amounts become available.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Retirement System of Georgia (TRS) and additions to/deductions from TRS's fiduciary net position have been determined on the same basis as they are reported by TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Employees' Retirement System (ERS) and additions to/deductions from ERS's fiduciary net position have been determined on the same basis as they are reported by ERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

O. Net Position

The School District's net position in the District-wide Statements are classified as follows:

Investment in capital assets – This represents the School District's total investment in capital assets, net of outstanding debt obligations, as applicable, related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted net position – These represent resources for which the School District is legally or contractually obligated to spend resources for capital projects and support of Federal Programs in accordance with restrictions imposed by external third parties.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Unrestricted net position – Unrestricted net position represents resources derived from property taxes, sales, taxes, grants and contributions not restricted to specific programs, charges for services, and miscellaneous revenues. These resources are used for transactions relating to the educational and general operations of the School District, and may be used at the discretion of the Board to meet current expenses for those purposes.

P. Fund Balance

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

Generally, fund balance represents the difference between the assets, liabilities, and deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The District's fund balances per Cobb County School District Board Policy DI, Accounting and Reporting, are classified as follows:

1) ***Non-spendable Fund Balance*** - Non-cash assets such as inventories or prepaid items.

2) ***Restricted Fund Balance*** - Funds with limitations imposed on their use by external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

3) ***Committed Fund Balance*** - Amounts that can only be used for specific purposes pursuant to a formal action of the Board of Education through a majority vote by June 30. Only the Board may modify or rescind the commitment, through resolution by the Board of Education.

4) ***Assigned Fund Balance*** - Amounts intended by the Board of Education for specific purposes, but are neither restricted or committed. The Board of Education can choose to delegate this authority. The Board and the Chief Financial Officer have the authority to assign fund balances.

5) ***Unassigned Fund Balance*** - Residual spendable fund balance after subtracting all above amounts. Positive unassigned values are only reported in the General Fund.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Committed Fund Balances

The Board of Education, as the government's highest level of decision-making authority, may commit fund balance by a formal majority vote prior to the government's fiscal year-end. Future modification or rescission of committed funds must likewise be accomplished by a formal majority vote of the Board of Education prior to fiscal year-end. Pursuant to the requirements of Governmental Accounting Statement 54, the Board of Education, on June 8, 2011, committed substantially all of the revenue received by the following Special Revenue funds to be used exclusively for each respective program's expenditures.

Special Revenue Fund	Revenue Source
Donations	Donations by individuals or organizations to benefit school programs.
After School Program	Funds earned or donated at local schools used by local principals to benefit students and faculty subject to District policy.
Performing Arts / Art Career and Cultural	Voluntary student contributions to fund Performing Arts Programs and donations to fund artist workshops at local schools.
Tuition School / Adult High School	User tuition charges and GED fees.
Facility Use / Public Safety	User rental fees and student parking permit fees.
Local Schools	Funds earned or donated at local schools used by local principals to benefit students and faculty subject to District policy.

Assigned Fund Balances

The Board of Education, through resolution, delegates to the Superintendent, through the Chief Financial Officer, the authority to assign funds for particular purposes.

Spending Prioritization

When expenditures are incurred by the District that would qualify for payment with either restricted or unrestricted funds, it will be paid from restricted funds. When an expenditure is incurred that qualifies for payment from either of the three unrestricted fund balance categories, it will be applied in the following order:

1) Committed
2) Assigned
3) Unassigned

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Minimum Unassigned General Fund Balance

The Board of Education will strive to maintain a minimum unassigned general fund balance, less encumbrances, equivalent to a range of 30 to 55 days of annual expenditures unless this is unfeasible due to circumstances beyond its control such as:

a) A substantial decrease in the county property tax digest
b) A substantial decrease in State funding
c) An unanticipated fiscal necessity

Schedule of Fund Balances

	General Fund	Special Purpose Local Option Sales Tax IV	Nonmajor Governmental Funds	Total
Fund Balances:				
Nonspendable:				
Inventory	$ 1,013,000		$ 1,984,000	$ 2,997,000
Prepaids	1,138,000		9,000	$ 1,147,000
Restricted for:				
Capital Projects		$ 87,434,000	9,116,000	$ 96,550,000
School Nutrition			17,214,000	$ 17,214,000
Committed to:				
Local School Activities			8,383,000	$ 8,383,000
After School Program			5,021,000	$ 5,021,000
Tuition School / Adult High School			1,352,000	$ 1,352,000
Facility Use and Public Safety Programs			1,238,000	$ 1,238,000
Performing Arts and Art Career and Cultural			301,000	$ 301,000
Donations for the Benefit of School Programs			236,000	$ 236,000
Assigned to:				
Appropriation for Next Year's Budget	3,175,000			$ 3,175,000
Instruction	3,696,000			$ 3,696,000
Pupil Services	3,000			$ 3,000
Instructional Services	553,000			$ 553,000
Media Services	16,000			$ 16,000
School and Administrative Services	659,000			$ 659,000
Support Services - Business	729,000			$ 729,000
Maintenance and Operations	1,514,000			$ 1,514,000
Transportation	541,000			$ 541,000
Other Support Services	77,000			$ 77,000
Capital Outlay	4,060,000			$ 4,060,000
District Wide			449,000	$ 449,000
GNETS			337,000	$ 337,000
Unassigned:	96,064,000		(556,000)	$ 95,508,000
Total Fund Balance	$ 113,238,000	$ 87,434,000	$ 45,084,000	$ 245,756,000

Note 2. LEGAL COMPLIANCE – BUDGETS

The Board of Education budgets its operations on an annual basis for the General Fund and all Special Revenue Funds except the Local Schools Fund. Capital Projects Funds are budgeted on a multi-year, project-length basis. Prior to July 1 each year, the administration of the District submits a proposed budget to the Board of Education which conducts public hearings and legally adopts the budget. The administration then submits the adopted budget to the Georgia Department of Education for final approval.

The District prepares the budget on a basis other than accounting principles generally accepted in the United States of America (GAAP) as allowed by the State of Georgia. The District does not budget for other financing sources and uses, but rather budgets those as revenues and current expenditures of the funds. Appropriations not spent or encumbered lapse at year-end and encumbrances outstanding at that time are rebudgeted in the following fiscal year. Budget amendments which are funded through a decrease in fund balance must be approved by the Board of Education. All other budget amendments may be approved by the Superintendent or his designee.

The level of legal budgetary control (the level at which expenditures may not exceed appropriations) is at the function level within individual funds. The District makes certain reclassification of revenues and expenditures presented on a budgetary basis to conform to GAAP basis financial statements. Several supplementary appropriations were necessary during the fiscal year ended June 30, 2017.

The District's budgetary statements for the General Fund differ somewhat from generally accepted accounting principles (GAAP) prepared statements. The dollar effect for these differences are detailed in the following reconciliation for the year-end net change in fund balance (budgetary basis) to the year-end net change in fund balance (GAAP basis):

Actual Revenues GAAP Basis	$ 999,406,000
Other Financing Sources budgeted as revenues	4,561,000
Budgeted Revenues, Budgetary Basis	1,003,967,000
Actual Expenditures GAAP Basis	989,135,000
Other Financing Uses budgeted as expenditures	5,980,000
Budgetary Expenditures, Budgetary Basis	$995,115,000
Net Change in Fund Balance, Budgetary Basis	$ 8,852,000
Net Change in Fund Balance, GAAP Basis	$ 8,852,000

Note 2. LEGAL COMPLIANCE – BUDGETS (Continued)

For the year ended June 30, 2017, expenditures exceeded appropriations in several function areas (the legal level of budgetary control). These over-expenditures were offset by under-expenditures in other function areas within the same fund, or by revenues collected in excess of budgeted collections. The over-expenditures are identified in the following schedule:

General Fund:		
Instruction	$	4,000
School Administration		76,000
Central Operations		781,000
School Nutrition		419,000
Capital Outlay		1,000
Donations:		
Other Support Services		17,000
After School Program:		
Instruction		162,000
Tuition School/Adult High School:		
Instruction		31,000
Improvement of Instructional Services		18,000
Maintenance and Operation of Plant		6,000
Title IV:		
Pupil Services		7,000

Note 3. CASH EQUIVALENTS, DEPOSITS AND INVESTMENTS

COLLATERALIZATION OF DEPOSITS

Official Code of Georgia Annotated (OCGA) Section 45-8-12 provides that there shall not be on deposit at any time in any depository for a time longer than ten days a sum of money which has not been secured by surety bond, by guarantee of insurance or by collateral. The aggregate of the face value of such surety bond and the market value of securities pledged shall be equal to not less than 110 percent of the public funds being secured after the deduction of the amount of deposit insurance. If a depository elects the pooled method (OCGA 45-8-13.1) the aggregate of the market value of the securities pledged to secure a pool of public funds shall be not less than 110 percent of the daily pool balance. OCGA Section 45-8-11 (b) provides an officer holding public funds may, in his discretion, waive the requirement for security in the case of operating funds placed in demand deposit checking accounts.

Acceptable security for deposits consists of any one of or any combination of the following:

(1) Surety bond signed by a surety company duly qualified and authorized to transact business within the State of Georgia,

(2) Insurance on accounts provided by the Federal Deposit Insurance Corporation,

(3) Bonds, bills, notes, certificates of indebtedness or other direct obligations of the United States or of the State of Georgia,

(4) Bonds, bills, notes, certificates of indebtedness or other obligations of the counties or municipalities of the State of Georgia,

(5) Bonds of any public authority created by the laws of the State of Georgia, providing that the statute that created the authority authorized the use of the bonds for this purpose,

(6) Industrial revenue bonds and bonds of development authorities created by the laws of the State of Georgia, and

(7) Bonds, bills, notes, certificates of indebtedness, or other obligations of a subsidiary corporation of the United States government, which are fully guaranteed by the United States government both as to principal and interest or debt obligations issued by the Federal Land Bank, the Federal Home Loan Bank, the Federal Intermediate Credit Bank, the Central Bank for Cooperatives, the Farm Credit Banks, the Federal Home Loan Mortgage Association, and the Federal National Mortgage Association.

Note 3. CASH EQUIVALENTS, DEPOSITS AND INVESTMENTS (Continued)

Cash Equivalents and Deposits

Cash equivalents consist of bank checking, savings, money-market accounts, and certificate of deposits.

Custodial credit risk-deposits and investments

Custodial credit risk is the risk that in the event of bank failure, the District's cash equivalents and deposits may not be returned to the District. At June 30, 2017, the District had deposits with a carrying amount of $192,028,321 and a bank balance of $198,058,731. The bank balance was entirely covered by Federal depository insurance, by collateral held by the District or the District's agent in the District's name, or by a multiple financial institution collateral pool authorized by the State of Georgia that insures public deposits.

The District has no custodial credit risk since there are no uncollateralized or uninsured securities not in the District's name.

Investments

As of June 30, 2017, the District's investments included $97,735,388 in a local government investment pool account called Georgia Fund One, the combined state general fund and local government investment pool managed by the Office of the State Treasurer. On that date, these funds had a weighted average maturity of 26 days. In addition, the District had $269,669 in certificates of deposit in various financial institutions. These investments are reported as cash equivalents.

The District's investment in Georgia Fund One, the State of Georgia Investment Pool, was rated AAAf by Standard & Poor's. The Office of the State Treasurer is the oversight agency for Georgia Fund One. Georgia Fund One, created by OCGA 36-83-8, is a stable asset value investment pool.

The Georgia Fund One's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal ($1 per share value). The pool is not registered with the SEC as an investment company. Asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on $1 per share. The pool also adjusts the value of its investments to fair market value as of year-end and the District's investment in the Georgia Fund One is reported at fair value. As of June 30, 2017, the District considers amounts held in Georgia Fund 1 as cash equivalents for financial statement presentation.

Note 3. CASH EQUIVALENTS, DEPOSITS AND INVESTMENTS (Continued)

Fair Value Measurements

The Georgia Fund One is an investment pool which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the District does not disclose investment in Georgia Fund One within the fair value hierarchy.

Credit Risk

The District's investment policy is to apply the prudent investor rule which states "investments shall be made with judgment and care, under circumstances when prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the primary objective of safety of capital as well as the objective of obtaining a market rate of return."

The policy of the District is to invest funds with larger banking institutions which are able to collateralize the public funds at 110%. Any bid to purchase securities must be from a broker/dealer who is a member of the NASD and SIPC and have a major presence in the metropolitan area.

Concentration of Credit Risk

Concentration of credit risk is defined as investments of more than 5% in any one issuer. Georgia Fund One is excluded from the requirement of disclosing concentration of credit risk.

Interest Rate Risk

In accordance with its investment policy, the District will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market, and investment operating funds primarily in money market funds or similar investment pools and limiting the average maturity in accordance with the District's cash requirements.

Foreign Currency Risk

The District is not authorized to invest in investments which have this type of risk.

Note 4. NON-MONETARY TRANSACTIONS

The District received food commodities from the United States Department of Agriculture (USDA) for school breakfast and lunch programs. **See Note 1 – Inventories**

Note 5. CAPITAL ASSETS

The following is a summary of changes in the capital assets during the fiscal year:

	Balance June 30, 2016	Increases	Decreases	Balance June 30, 2017
Governmental Activities				
Capital Assets, Not Being Depreciated:				
Land	$ 132,247,000	$ 2,457,000	$ (886,000)	$ 133,818,000
Construction In Progress	70,785,000	128,988,000	(76,231,000)	123,542,000
Total Capital Assets Not Being Depreciated	**203,032,000**	**131,445,000**	**(77,117,000)**	**257,360,000**
Capital Assets Being Depreciated:				
Buildings and Improvements	1,818,881,000	75,181,000	(3,612,000)	1,890,450,000
Intangibles	4,491,000	1,300,000	-	5,791,000
Equipment	183,457,000	20,782,000	(2,978,000)	201,261,000
Library/Textbooks	91,932,000	6,826,000	(3,156,000)	95,602,000
Total Capital Assets Being Depreciated	**2,098,761,000**	**104,089,000**	**(9,746,000)**	**2,193,104,000**
Less Accumulated Depreciation for:				
Buildings and Improvements	753,289,000	55,777,000	(2,067,000)	806,999,000
Intangibles	638,000	1,186,000	-	1,824,000
Equipment	102,095,000	20,080,000	(2,636,000)	119,539,000
Library/Textbooks	74,172,000	6,507,000	(3,156,000)	77,523,000
Total Accumulated Depreciation	**930,194,000**	**83,550,000**	**(7,859,000)**	**1,005,885,000**
Total Capital Assets Being Depreciated Net	**1,168,567,000**	**20,539,000**	**(1,887,000)**	**1,187,219,000**
Governmental Capital Assets,Net	**$ 1,371,599,000**	**$ 151,984,000**	**$ (79,004,000)**	**$ 1,444,579,000**

Note 5. CAPITAL ASSETS (Continued)

Current year depreciation expense by function for governmental activities is as follows:

Instruction	$	63,961
Pupil Services		3,272
Instructional Services		2,640
School and Administrative Services		7,597
Pupil Transportation		6,036
Maintenance and Operations		44
	$	83,550

Note 6. INTERFUND ASSETS AND LIABILITIES

Interfund receivable and payable balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All interfund balances will be paid within one year. The $5,066,000 receivable due to the General Fund from various nonmajor governmental funds was primarily for the financing of federal and state grant expenditures whose reimbursement was pending at year-end, as detailed below. The $960,000 receivable due to Local Schools from the General Fund largely represented local school excess cash reserves invested with interest. Interfund receivable and payable balances by fund as of June 30, 2017 are disclosed in the following schedule:

	Receivable	Payable
Governmental Funds:		
General Fund	$ 5,066,000	$ 960,000
Nonmajor Governmental Funds:		
Miscelleous Grants	-	1,580,000
Adult Education	-	84,000
GNETS	-	28,000
Title I	-	2,197,000
Special Ed Federal Grant	-	826,000
Vocational Education	-	21,000
Title II	-	165,000
Homeless Grant	-	3,000
Title III	-	97,000
Title IV	-	65,000
Local Schools	960,000	-
Total Nonmajor Governmental Funds	960,000	5,066,000
Total	**$ 6,026,000**	**$ 6,026,000**

Note 7. INTERFUND TRANSFERS

Interfund transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) to use unrestricted revenues in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The transfer from the General Fund to the County Wide Building Fund was for the purchase of land for future use at a school site and for portable classroom expenditures. The remaining transfers out of the General Fund were to provide needed supplemental funding of various school support services. The transfer in to the General Fund from nonmajor governmental funds represented excess uncommitted revenue above program expenditures that was returned to benefit the various instructional and support services of the District.

Interfund transfers for the year ended June 30, 2017, consisted of the following:

Transfers Out:	Transfers In:	Amount
General Fund:		
General Fund	County Wide Building Fund	$ 3,565,000
General Fund	Facility Use / Public Safety Fund	949,000
General Fund	Tuition School / Adult High School Fund	271,000
General Fund	Self-Insurance Fund	1,195,000
Total General Fund		**$ 5,980,000**
Nonmajor Governmental Funds:		
Facility Use / Public Safety Fund	General Fund	$ 123,000
Total Nonmajor Governmental Funds		**$ 123,000**
Total for All Funds		**$ 6,103,000**

Note 8. RISK MANAGEMENT

The District is self-insured for all claims under general liability, vehicle accidents and workers compensation. The District maintains a policy for excess workers compensation. The District is commercially insured for property, contents and boiler and carries fidelity bond coverage for employee dishonesty, in addition to a state-mandated Superintendent's bond and school principals' bond.

Premiums are paid into Internal Service funds by user funds and are available to pay claims and administrative costs of the program and establish claim reserves. These interfund premiums are recognized as revenue in the internal service funds. Actuarial analysis provides estimated ultimate losses for workers compensation and automobile liability, which are then converted to present values using an interest rate of 3%.

Note 8. RISK MANAGEMENT (Continued)

Estimated claims for the next fiscal year total $2,628,000 and the non-current liability for succeeding years is $5,142,000. In the past, the amount of any insurance settlements has not exceeded the insurance coverage for the past three years.

	Estimated Unpaid Claims at Beginning of Fiscal Year	Claims and Changes in Estimates	Claim Payments	Estimated Unpaid Claims at End of Fiscal Year
2016	$ 6,407,000	$ 3,549,000	$ (2,973,000)	$ 6,983,000
2017	$ 6,983,000	$ 4,847,000	$ (4,060,000)	$ 7,770,000

Note 9. LONG-TERM OBLIGATIONS

Fiscal year 2017 long-term obligations are as follows:

	Balance 6/30/2016	Increases	Decreases	Balance 6/30/2017	Current Amounts Due Within One Year	Long-term Amounts Due After One Year
Accrued Vacation Pay	$ 9,594,000	$ 4,779,000	$ 4,327,000	$ 10,046,000	$ 4,530,000	$ 5,516,000
Net Pension Liability	$ 823,504,000	$ 414,700,000	$ 87,342,000	$ 1,150,862,000	$ -	$ 1,150,862,000
Total	**$ 833,098,000**	**$ 419,479,000**	**$ 91,669,000**	**$ 1,160,908,000**	**$ 4,530,000**	**$ 1,156,378,000**

Accrued vacation pay and pension obligations are generally liquidated by the General Fund.

Note 10. ON-BEHALF PAYMENTS

The State of Georgia makes certain health insurance and pension plan payments on behalf of the District for its employees. The District records these payments as both a revenue and expenditure in the General Fund. The total of the on-behalf payments for the fiscal year ended June 30, 2017 was $1,857,551.

Note 11. COMMITMENTS AND CONTINGENCIES

The District makes various contractual commitments on an ongoing basis for construction and remodeling of its capital assets. The major outstanding commitments as of June 30, 2017 included additions and renovations at two elementary schools, two middle schools, and four high schools. As of June 30, 2017, the contract price and expenditures to date for the largest projects were as follows:

Project	Contract Price	Expenditures To Date
Replacement School Brumby ES	$ 24,266,172	$ 9,789,713
Maintenance/Renovation Campbell MS	10,881,306	1,640,973
Replacement School East Cobb MS	30,454,877	14,167,235
Replacement School Mountain View ES	25,032,410	24,393,804
Maintenance/Renovation North Cobb HS	24,440,870	8,170,684
Maintenance/Renovation Pope HS	25,336,410	16,761,910
Maintenance/Renovation South Cobb HS	9,790,564	651,208
Replacement School Walton HS	51,285,355	47,674,769

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2017, may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney and management, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

Note 12. COMPENSATED ABSENCES

It is the District's policy to allow employees to accumulate earned but unused vacation benefits. Employees are compensated for qualifying vacation benefits upon termination of their employment with the District. A liability for these vacation benefits are accrued and includes social security, medicare, and workers compensation. Employees are not compensated for sick leave benefits upon termination of their employment. Therefore, no liability is reported for earned but unused sick leave benefits.

Note 13. RETIREMENT PLANS

The District participated in three cost sharing multiple employer plans: the Teacher's Retirement System of Georgia, the Employee Retirement System of Georgia, and the Public School Employee Retirement System of Georgia. The following are aggregate amounts reported by the District related to these plans as of and for the year ended June 30, 2017:

Net Pension Liability	$ 1,150,862,000
Deferred Outflows related to Pensions	314,460,000
Deferred Inflows related to Pensions	17,478,000
Pension Expense	128,380,000

Teachers Retirement System of Georgia (TRS)

Plan Description

Substantially all teachers, administrators and clerical personnel are members of this cost-sharing multiple-employer defined benefit public employee retirement system. TRS was created in 1943 by an act of the Georgia General Assembly and is administered by a ten member Board of Trustees. TRS is funded by a combination of employee, employer and State of Georgia contributions. Benefits are established and may be amended by State statute and provide retirement, death, long-term disability, survivor and health insurance premium benefits. TRS issues a publicly available financial report that can be obtained at www.trsga.com/publications.

Benefits Provided

TRS retirement benefits are determined as 2 % of the average of the employee's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. An employee is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after 10 years of service and attainment of age 60. Ten years of service is required for disability and death benefits eligibility. Disability benefits are based on the employee's creditable service and compensation up to the time of disability. Death benefits equal the amount that would be payable to the employee's beneficiary had the employee retired on the date of death. Death benefits are based on the employee's creditable service and compensation up to the date of death.

Note 13. RETIREMENT PLANS (Continued)

Contributions

Per Title 47 of the O.C.G.A., contribution requirements of active employees and participating employers, as actuarially determined, are established and may be amended by the TRS Board. Pursuant to O.C.G.A. §47-3-63, the employer contributions for certain full-time public school support personnel are funded on behalf of the employer by the State of Georgia. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Plan members are currently required to contribute 6.00 percent of their annual covered payroll and the District is currently required to contribute 14.27 percent of the covered payroll. The District's contributions to TRS for the year ended June 30, 2017 was $90,646,328.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for support provided to the District by the State of Georgia for certain public school support personnel. The amount recognized by the District as its proportionate share of the net pension liability, the related State of Georgia support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	$ 1,150,754,699
State of Georgia's proportionate share of the net pension liability associated with the District	1,761,485
Total	$ 1,152,516,184

The net pension liability was measured as of June 30, 2016. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2015. An expected total pension liability as of June 30, 2016 was determined using standard roll-forward techniques. The District's proportion of the net pension liability was based on contributions to TRS during the fiscal year ended June 30, 2016. At June 30 2016, the District's proportion was 5.577763%, which was an increase of 0.169091% from its proportion measured as of June 30, 2015.

Note 13. RETIREMENT PLANS (Continued)

For the year ended June 30, 2017, the District recognized pension expense of $126,085,007 and revenue of $264,458 for support provided by the State of Georgia for certain support personnel. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 17,143,143	$ 5,690,490
Changes of Assumptions	29,825,972	-
Net difference between projected and actual earnings on pension plan investments	145,575,208	-
Changes in proportion and differences between District contributions and proportionate share of contributions	31,254,185	11,787,661
District contributions subsequent to the measurement date	90,646,328	-
Total	$ 314,444,836	$ 17,478,151

District contributions subsequent to the measurement date of $90,646,328 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2018	$ 25,293,616
2019	25,293,561
2020	89,656,833
2021	62,757,461
2022	3,318,886
Total	$ 206,320,357

Note 13. RETIREMENT PLANS (Continued)

Actuarial assumptions: The total pension liability as of June 30, 2016 was determined by an actuarial valuation as of June 30, 2015 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	3.75-9.00%, average, including inflation
Investment rate of return	7.50%, net of pension plan investment expense including inflation
Post-Retirement Benefit Increases	1.50% semi-annually

Post-retirement mortality rates were based on the RP-2000 White Collar Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward one year for males) for service retirements and depended beneficiaries. The RP-2000 Disable Mortality Table with future mortality improvement projected to 2025 with Society of Actuaries' projection scale BB (set forward two years for males and four years for females) was used for death after disability retirement. There is a margin for future mortality improvement on the tables used by the System. Based on the results of the most recent experience study adopted by the Board on November 18, 2015, the numbers of expected future deaths are 8-11% less than the actual number of deaths that occurred during the study period for healthy retirees and 9-11% less than expected under the selected table for disabled retirees. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014.

Note 13. RETIREMENT PLANS (Continued)

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation	Long-term expected real rate of return*
Fixed income	30.00%	(0.50)%
Domestic large equities	39.80	9.00
Domestic mid equities	3.70	12.00
Domestic small equities	1.50	13.50
International developed market equities	19.40	8.00
International emerging market equities	5.60	12.00
Total	100.00%	

* Rates shown are net of the 2.75% assumed rate of inflation

Remainder of Page Intentionally Left Blank

Note 13. RETIREMENT PLANS (Continued)

Discount rate: The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and State of Georgia contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long- term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50%) or one percentage point higher (8.50%) than the current rate:

	1% Decrease (6.5%)	Current discount rate (7.5%)	1 % Increase (8.5%)
District's proportionate share of the net pension liability	$ 1,791,163,884	$ 1,150,754,699	$ 623,483,296

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separately issued TRS financial report which is publically available at www.trsga.com/publications.

Payables to the pension plan

At June 30, 2017, the District reported a payable of $10,760,739 for the outstanding amount of contributions to the TRS pension plan required for the year ended June 30, 2017.

Note 13. RETIREMENT PLANS (Continued)

Employee Retirement System of Georgia (ERS)

Plan Description

ERS is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly during the 1949 Legislative Session for the purpose of providing retirement allowances for employees of the State of Georgia and its political subdivisions. ERS is directed by a Board of Trustees. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. ERS issues a publicly available financial report that can be obtained at www.ers.ga.gov/formspubs/formspubs.

Benefits Provided

The ERS Plan supports three benefit tiers: Old Plan, New Plan, and Georgia State Employees' Pension and Savings Plan (GSEPS). Employees under the old plan started membership prior to July 1, 1982 and are subject to plan provisions in effect prior to July 1, 1982. Members hired on or after July 1, 1982 but prior to January 1, 2009 are new plan members subject to modified plan provisions. Effective January 1, 2009, new state employees and rehired state employees who did not retain membership rights under the Old or New Plans are members of GSEPS. ERS members hired prior to January 1, 2009 also have the option to irrevocably change their membership to GSEPS.

Under the old plan, the new plan, and GSEPS, a member may retire and receive normal retirement benefits after completion of 10 years of creditable service and attainment of age 60 or 30 years of creditable service regardless of age. Additionally, there are some provisions allowing for early retirement after 25 years of creditable service for members under age 60.

Retirement benefits paid to members are based upon the monthly average of the member's highest 24 consecutive calendar months, multiplied by the number of years of creditable service, multiplied by the applicable benefit factor. Annually, postretirement cost-of-living adjustments may also be made to members' benefits, provided the members were hired prior to July 1, 2009. The normal retirement pension is payable monthly for life; however, options are available for distribution of the member's monthly pension, at reduced rates, to a designated beneficiary upon the member's death. Death and disability benefits are also available through ERS.

Note 13. RETIREMENT PLANS (Continued)

Contributions

Member contributions under the old plan are 4% of annual compensation, up to $4,200, plus 6% of annual compensation in excess of $4,200. Under the old plan, the state pays member contributions in excess of 1.25% of annual compensation. Under the old plan, these state contributions are included in the members' accounts for refund purposes and are used in the computation of the members' earnable compensation for the purpose of computing retirement benefits. Member contributions under the new plan and GSEPS are 1.25% of annual compensation. The District's contractually required contribution rate, actuarially determined annually, for the year ended June 30, 2017 was 24.81% of annual covered payroll for old and new plan members and 21.81% for GSEPS members. The District's contributions to ERS totaled $0 for the year ended June 30, 2017. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the District reported a liability for its proportionate share of the net pension liability of $107,570. The net pension liability was measured as of June 30, 2016. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2015. An expected total pension liability as of June 30, 2016 was determined using standard roll-forward techniques. The District's proportion of the net pension liability was based on contributions to ERS during the fiscal year ended June 30, 2016. At June 30 2016, the Employer's proportion was 0.002274%, which was a increase of 0.000113% from its proportion measured as of June 30, 2015.

Remainder of Page Intentionally Left Blank

Note 13. RETIREMENT PLANS (Continued)

For the year ended June 30, 2017, the District recognized pension expense of ($22,037). At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ -	$ 248
Changes of assumptions	911	-
Net difference between projected and actual earnings on pension plan investments	10,937	-
Changes in proportion and differences between District contributions and proportionate share of contributions	3,709	-
Total	$ 15,557	$ 248

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2018	$ 4,211
2019	1,546
2020	5,897
2021	3,655
Total	$ 15,309

Note 13. RETIREMENT PLANS (Continued)

Actuarial assumptions: The total pension liability as of June 30, 2016 was determined by an actuarial valuation as of June 30, 2015 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	3.25-7.00%, including inflation
Investment rate of return	7.50%, net of pension plan investment expense including inflation

Post-retirement mortality rates were based on the RP-2000 Combined Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB and set forward 2 years for both males and females for service retirements and dependent beneficiaries. The RP-2000 Disabled Mortality Table with future mortality improvement projected to 2025 with Society of Actuaries' projection scale BB and set back 7 years for males and set forward 3 years for females was used for death after disability retirement. There is a margin for future mortality improvement in the tables used by the System. Based on the results of the most recent experience study adopted by the Board on December 17, 2015, the numbers of expected future deaths are 9-12% less than the actual number of deaths that occurred during the study period for service retirements and beneficiaries and for disability retirements. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014.

Remainder of Page Intentionally Left Blank

Note 13. RETIREMENT PLANS (Continued)

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation	Long-term expected real rate of return*
Fixed income	30.00%	(0.50)%
Domestic large equities	37.20	9.00
Domestic mid equities	3.40	12.00
Domestic small equities	1.40	13.50
International developed market equities	17.80	8.00
International emerging market equities	5.20	12.00
Alternatives	5.00	10.50
Total	100.00%	

* Rates shown are net of the 2.75% assumed rate of inflation

Discount rate: The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 13. RETIREMENT PLANS (Continued)

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current rate:

	1% Decrease (6.5%)	Current discount rate (7.5%)	1 % Increase (8.5%)
District's proportionate share of the net pension liability	$ 145,777	$107,570	$75,010

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separately issued ERS financial report which is publically available at www.ers.ga.gov/formspubs/formspubs.

Note 13. RETIREMENT PLANS (Continued)

Public School Employee Retirement System of Georgia (PSERS)

Plan Description

PSERS is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly in 1969 for the purpose of providing retirement allowances for public school employees who are not eligible for membership in the Teachers Retirement System of Georgia. These employees include bus drivers, maintenance, custodial, and lunchroom personnel. The ERS Board of Trustees, plus two additional trustees, administers PSERS. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. PSERS issues a publicly available financial report that can be obtained at www.ers.ga.gov/formspubs/formspubs.

Benefits Provided

A member may retire and elect to receive normal monthly retirement benefits after completion of ten years of creditable service and attainment of age 65. A member may choose to receive reduced benefits after age 60 and upon completion of ten years of service.

Upon retirement, the member will receive a monthly benefit of $14.75, multiplied by the number of years of creditable service. Death and disability benefits are also available through PSERS. Additionally, PSERS may make periodic cost-of-living adjustments to the monthly benefits. Upon termination of employment, member contributions with accumulated interest are refundable upon request by the member. However, if an otherwise vested member terminates and withdraws his/her member contribution, the member forfeits all rights to retirement benefits.

Funding Policy

The general assembly makes an annual appropriation to cover the employer contribution to PSERS on behalf of local school employees (bus drivers, cafeteria workers, and maintenance staff). The annual employer contribution required by statute is actuarially determined and paid directly to PSERS by the State Treasurer in accordance with O.C.G.A. §47-4-29(a) and 60(b). Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Note 13. RETIREMENT PLANS (Continued)

Plan members who became members prior to July 1, 2012 contribute $4 per month for nine months each fiscal year. Individuals who became members on or after July 1, 2012 contribute $10 per month for nine months each fiscal year. The State of Georgia, although not the employer of PSERS members, is required by statute to make employer contributions actuarially determined and approved and certified by the PSERS Board of Trustees. The District does not make an annual contribution to PSERS.

Employees who are covered by PSERS are eligible to participate in a supplemental defined contribution plan. If the employee contributes 1% of salary to the 403b plan administered by VALIC, s/he will receive a contribution equal to 2% of salary each month to match, for a total contribution of 3% of salary. The District's contributions to the supplemental defined contribution plan for the year ended June 30, 2017 was $578,457 with an average number of participants of 1,265.

Pension Liabilities and Pension Expense

At June 30, 2017, the District did not have a liability for a proportionate share of the net pension liability because of the related State of Georgia support. The amount of the State's proportionate share of the net pension liability associated with the District is as follows:

State of Georgia's porportionate share of the Net Pension Liability associated with the District	$12,322,331

The net pension liability was measured as of June 30, 2016. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2015. An expected total pension liability as of June 30, 2016 was determined using standard roll-forward techniques. The State's proportion of the net pension liability associated with the District was based on actuarially determined contributions paid by the State during the fiscal year ended June 30, 2016.

For the year ended June 30, 2017, the District recognized pension expense of $2,020,095 and revenue of $2,020,095 for support provided by the State of Georgia.

Note 13. RETIREMENT PLANS (Continued)

***Actuarial assumptions*:** The total pension liability was determined by an actuarial valuation as of June 30, 2015, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	N/A
Investment rate of return	7.50%, net of pension plan investment expense, including inflation

Post-retirement mortality rates were based on the RP-2000 Combined Mortality Table projected to 2025 with projection scale BB (set forward 3 years for males and 2 years for females) for the period after service retirements and for dependent beneficiaries. The RP-2000 Disabled Mortality Table projected to 2025 with projection scale BB (set forward 5 years for both males and females) was used for death after disability retirement. There is a margin for future mortality improvement in the tables used by the System. Based on the results of the most recent experience study adopted by the Board on December 17, 2015, the numbers of expected future deaths are 9-11% less than the actual number of deaths that occurred during the study period for healthy retirees and 9-11% less than expected under the selected table for disabled retirees. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014.

Remainder of Page Intentionally Left Blank

Note 13. RETIREMENT PLANS (Continued)

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation	Long-term expected real rate of return*
Fixed income	30.00%	(0.50)%
Domestic large equities	37.20	9.00
Domestic mid equities	3.40	12.00
Domestic small equities	1.40	13.50
International developed market equities	17.80	8.00
International emerging market equities	5.20	12.00
International emerging market equities	5.00	10.50
Total	100.00%	

* Rates shown are net of the 2.75% assumed rate of inflation

Discount rate: The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and nonemployer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 14. POST-EMPLOYMENT BENEFITS

Georgia School Personnel Post-Employment Health Benefit Fund

Plan Description

The Georgia School Personnel Postemployment Health Benefit Fund (School OPEB Fund) is a cost-sharing multiple-employer defined benefit postemployment healthcare plan that covers eligible former employees of public school systems, libraries, and regional education service agencies. The School OPEB Fund provides health insurance benefits to eligible former employees and their qualified beneficiaries through the State Employees Health Benefit Plan administered by the Department of Community Health. The Official Code of Georgia Annotated (O.C.G.A.) assigns the authority to establish and amend the benefit provisions of the group health plans, including benefits for retirees, to the Board of Community Health (Board). Additional information about the School OPEB Fund is disclosed in the *State of Georgia* Comprehensive Annual Financial Report. This report can be obtained from the Georgia Department of Audits and Accounts at www.audits.ga.gov/SGD/CAFR.html.

Funding Policy

The contribution requirements of plan members and participating employers are established by the Board in accordance with the current Appropriations Act and may be amended by the Board. Contributions of plan members or beneficiaries receiving benefits vary based on plan election, dependent coverage, and Medicare eligibility and election. For members with fewer than five years of service as of January 1, 2012, contributions also vary based on years of service. On average, members with five years or more of service as of January 1, 2012 pay approximately 25% of the cost of the health insurance coverage. In accordance with the Board resolution dated December 8, 2011, for members with fewer than five years of service as of January 1, 2012, the State provides a premium subsidy in retirement that ranges from 0% for fewer than 10 years of service to 75% (but no greater than the subsidy percentage offered to active employees) for 30 or more years of service.

The subsidy for eligible dependents ranges from 0% to 55% (but no greater than the subsidy percentage offered to dependents of active employees minus 20%). No subsidy is available to Medicare eligible members not enrolled in a Medicare Advantage Option. The Board of Community Health sets all member premiums by resolution and in accordance with the law and applicable revenue and expense projections. Any subsidy policy adopted by the Board may be changed at any time by Board resolution and does not constitute a contract or promise of any amount of subsidy.

Note 14. POST-EMPLOYMENT BENEFITS (Continued)

Participating employers are statutorily required to contribute in accordance with the employer contribution rates established by the Board. The contribution rates are established to fund all benefits due under the health insurance plans for both active and retired employees based on projected "pay-as-you-go" financing requirements. Contributions are not based on the actuarially calculated annual required contribution (ARC) which represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The combined active and retiree contribution rates established by the Board for employers participating in the School OPEB Fund were as follows for the fiscal year ended June 30, 2017:

Certified Employees	
July 1, 2016 – June 30, 2017	$945.00 per member per month

Non-Certified Employees	
July 1, 2016 – December 31, 2016	$746.20 per member per month
January 1, 2017 - June 30, 2017	$846.20 per member per month

No additional contribution was required by the Board for fiscal year 2017 nor contributed to the School OPEB Fund to prefund retiree benefits. Such additional contribution amounts are determined annually by the Board in accordance with the School plan for other post-employment benefits and are subject to appropriation.

The School District's combined active and retiree contributions to the health insurance plans, which equaled the required contribution, for the current fiscal year and the preceding two fiscal years were as follows:

Fiscal Year	Contribution	Contribution Percentage
2017	$ 115,072,580	100%
2016	$107,009,060	100%
2015	$101,172,545	100%

Note 15. DEFICIT FUND EQUITY

As of June 30, 2017, the Miscellaneous Grants Fund reported a deficit fund balance of $547,439. The deficit will be supported by the future recognition of unavailable revenue as of June 30, 2017.

Schedule of Proportionate Share of Net Pension Liability
Teacher Retirement System of Georgia
For the Year Ended June 30
(amounts expressed in thousands)

	2017	2016	2015
District's proportion of the net pension liability	5.578%	5.409%	5.327%
District's proportionate share of the net pension liability	$ 1,150,755	$ 823,417	$ 673,042
State of Georgia's proportionate share of the net pension liability associated with the District	1,761	1,497	1,082
Total	$ 1,152,516	$ 824,914	$ 674,124
District's covered-employee payroll during measurement period	612,318	570,929	544,177
District's proportionate share of the net pension liability as a percentage of its covered-employee payroll	187.93%	144.22%	123.68%
Plan fiduciary net position as a percentage of the total pension liability	76.06%	81.44%	84.03%

Notes to Required Supplementary Information
For the Year Ended June 30
(amounts expressed in thousands)

Changes of assumptions: In 2010 and later, the expectation of retired life mortality was changed to the RP-2000 Mortality Tables rather than the 1994 Group Annuity Mortality Table, which was used prior to 2010. In 2010, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience. In 2010, assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

On November 18, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, disability, withdrawal and salary increases. The expectation of retired life mortality was changed to RP-2000 White Collar Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward one year for males).

Method and assumptions used in calculations of actuarially determined contributions: The actuarially determined contribution rates in the schedule of contributions are calculated as of June 30, three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the contractually required contributions for year ended June 30, 2017 reported in that schedule:

Valuation date	June 30, 2014
Actuarial cost method	Entry Age
Amortization method	Level percentage of payroll, open
Remaining amortization period	30 years
Asset valuation method	Seven-year smoothed market
Inflation rate	3.00%
Salary increases	3.75%-7.00%, including inflation
Investment rate of return	7.5%, net of pension plan investment expense, including inflation
Post-retirement benefit increases	1.50% semi-annually

Schedule of Proportionate Share of Net Pension Liability
Employee Retirement System of Georgia
For the Year Ended June 30
(amounts expressed in thousands)

	2017	2016	2015
Agency's proportion of the net pension liability	0.002274%	0.002161%	0.002063%
Agency's proportionate share of the net pension liability	$ 108	$ 88	$ 77
Agency's covered-employee payroll	$ 53	$ 49	$ 46
Agency's proportionate share of the net pension liability as a percentage of its covered-employee payroll	203.77%	179.59%	167.39%
Plan fiduciary net position as a percentage of the total pension liability	72.34%	76.20%	77.99%

Nonmajor Governmental Funds

Special Revenue Funds

These funds are used to account for proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes other than debt service or capital projects. These funds also account for receipts and expenditures of resources transferred from the General Fund where revenues are inadequate to finance specified activities.

Donations	This fund is created to provide accounting of donations which are made to the District for specific purposes by individuals or organizations.
Facility Use/Public Safety	This fund is created to provide accounting of the Facility Use program which organizes the rental of school facilities during non-instructional hours to provide the community with a place to hold activities at a nominal fee and to account for funds collected for parking decals sold to students, which are used to pay for campus police officers. In addition to parking decals sold to students, funds are transferred from the General fund.
After School Program	This fund is created to provide accounting of funds for the After School Program which utilizes designated school facilities for the purpose of providing supervision to children from school release time until 6:00 p.m. These revenues have been committed by the Board for use by local principals to benefit students and faculty subject to District policy.
Performing Arts/Art Career and Cultural	This fund is created to account for funds for the Performing Arts Program which offers an opportunity for students in kindergarten through eighth grade to experience professional quality performing arts experiences. These experiences include off-campus trips to art museums, symphony concerts, ballet and theater performances, as well as in-house musical and dramatic presentations. The program is funded through voluntary student contributions and charges for participation. Art Career and Cultural fund is created to provide accounting of funds which are provided to local artists as compensation for workshops held in the district's schools.
Tuition School/Adult High School	This fund is created to provide accounting for the Tuition School Program which provides the opportunity for students to make up school classes and provide enrichment and remedial work at various instructional levels. This program is supported by user tuition charges. This fund is created to account for funds for the Adult High School Program which provides the opportunity for students 16 years of age, and older, who are not enrolled in a regular high school, to improve their basic educational skills and work towards high school completion.
Miscellaneous Grants	This fund is established to provide accounting of funds received and represent a compilation of several grants which are awarded for educational purposes.

School Nutrition	This fund is established to provide accounting of funds which are used for the operation of school lunchrooms. All lunches and breakfasts provide at least one-third of each student's nutritional needs and are available at a minimal cost. Free and reduced meals are provided for qualifying students. All lunchrooms are regularly inspected by the Cobb County Health Department and meet prescribed standards of the State Department of Education.
(i3) Investing in Innovation	This fund is established to provide accounting of grant funds passed through Georgia State University which support local efforts by providing high quality teachers to improve student achievement.
Adult Education	This fund is established to provide accounting for grant funds via the Georgia Department of Technical and Adult Education which are used to educate adults and is a part of the national effort to ensure that all adults are literate and able to compete in the global economy.
GNETS	This fund is established to provide accounting for grant funds via the Georgia Department of Education which are used to provide appropriate education for students identified as severely emotionally behavior disordered, or autistic.
Title I	This fund is established to provide accounting of Title I funds which are provided as part of the No Child Left Behind Act of 2001. This act provides federal funds through the Georgia Department of Education to local school districts to help disadvantaged children meet high standards. The goal is to have a quality education for all children by having local schools and state departments work together.
Special Education	This fund is established to provide accounting of federal revenues received to provide programs for direct and related support services for handicapped children.
Vocational Education	This fund is established to provide accounting of federal grant revenues provided for career training and opportunities to students.
Title II	This fund is established to provide accounting of federal categorical grant funds which flow through the Georgia Department of Education to our school district. The funds are used to advance teacher quality through professional learning, preparation, recruitment and retention as well as upgrading teachers' skills in science and math through training.
Homeless Grant	This fund is established to provide accounting of funds for federal categorical grant funds which flow through the Georgia Department of Education and are used to provide educational services to homeless children.
USDA Fruits and Vegetables	This fund is established to provide accounting of federal grant funds which flow through the Georgia Department of Education Food and Nutrition Program. The funds provide free fresh fruits and vegetables to school children outside of the lunch or breakfast food service periods.
Title III	This fund is established to provide accounting of federally funded grants for programs that support Limited English Proficiency (LEP) students and their families, through language instructional programs. These programs include community participation programs, family literacy services, parent outreach and training activities to improve the English language skills of limited English proficient children and assistance for parents in helping their children to improve their academic achievement.

Title IV	This fund is established to provide accounting of federal categorical grant funds which are directly funded from the U.S. Department of Education and may flow through the Georgia State Department of Education. The funds are used to promote the Safe and Drug Free Schools Program, the Mentoring Program and the 21st Century Community Learning Centers Program for students in our schools.
Local School Funds	This fund is established to provide accounting for local school resources generated through ticket sales, commissions, vending, donations, etc. in which the administration has a material degree of involvement. These revenues have been committed by the Board for use by local principals to benefit students and faculty subject to District policy.

Capital Projects Funds

These funds are established to provide accounting for financial resources to be used for the acquisition and construction of major capital facilities. The District has two nonmajor funds used for those purposes; the Special Purpose Local Option Sales Tax III Fund and the District-Wide Building Fund.

Internal Service Funds

These funds are established to account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis. The District has two individual funds in the Internal Service Funds category. The Unemployment Compensation and Self-Insurance are used to account for the District's self-insurance programs.

STATISTICAL SECTION (Unaudited)

This part of the District's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the District's overall financial position.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance has changed over time.

Revenue Capacity

These schedules contain information to help the reader understand and assess the District's most significant own-source revenue, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain operating statistics, capital asset data, staffing information and key performance indicators to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Sources:
Unless otherwise noted, the information contained here is derived from comprehensive annual financial reports for the indicated years. The District began implementation of GASB Statement No. 54 as of July 1, 2010, implementation of GASB Statements No. 63 and 65 as of July 1, 2012, and implementation of GASB statements No. 68 and 71 as of July 1, 2014.

(a) Implementation of GASB Statement No. 54: Fund Balance Reporting and Governmental Fund Type Definitions began July 1, 2010. Statement No. 54 provides clarification and transparency to fund balance classifications. The new standard changes overall definitions and classifications of governmental fund balance. Prior to these classifications, fund balance was separated into two groups, Reserved and Unreserved. Under GASB No. 54, the District's fund balance is classified as follows:

1) **Nonspendable Fund Balance - Noncash assets, such as inventories and prepaid items.**
2) **Restricted Fund Balance - Funds with limitations imposed on their use by external restrictions.**
3) **Committed Fund Balance - Amounts that can only be used for specific purposes pursuant to a formal vote of the Cobb County Board of Education.**
4) **Assigned Fund Balance - Amounts designated by the Board of Education for specific purposes.**
5) **Unassigned Fund Balance - Residual, spendable fund balance after subtracting categories listed above.**

Concluded.

(a) Original Clarkdale building destroyed by flood fall 2009. Clarkdale Replacement school opened for school year 2012-13.

(b) In fiscal year 2016, Haven Academy combined its two campuses (Fitzhugh Lee and Hawthorne) to become a one campus program at the Sky View facility.

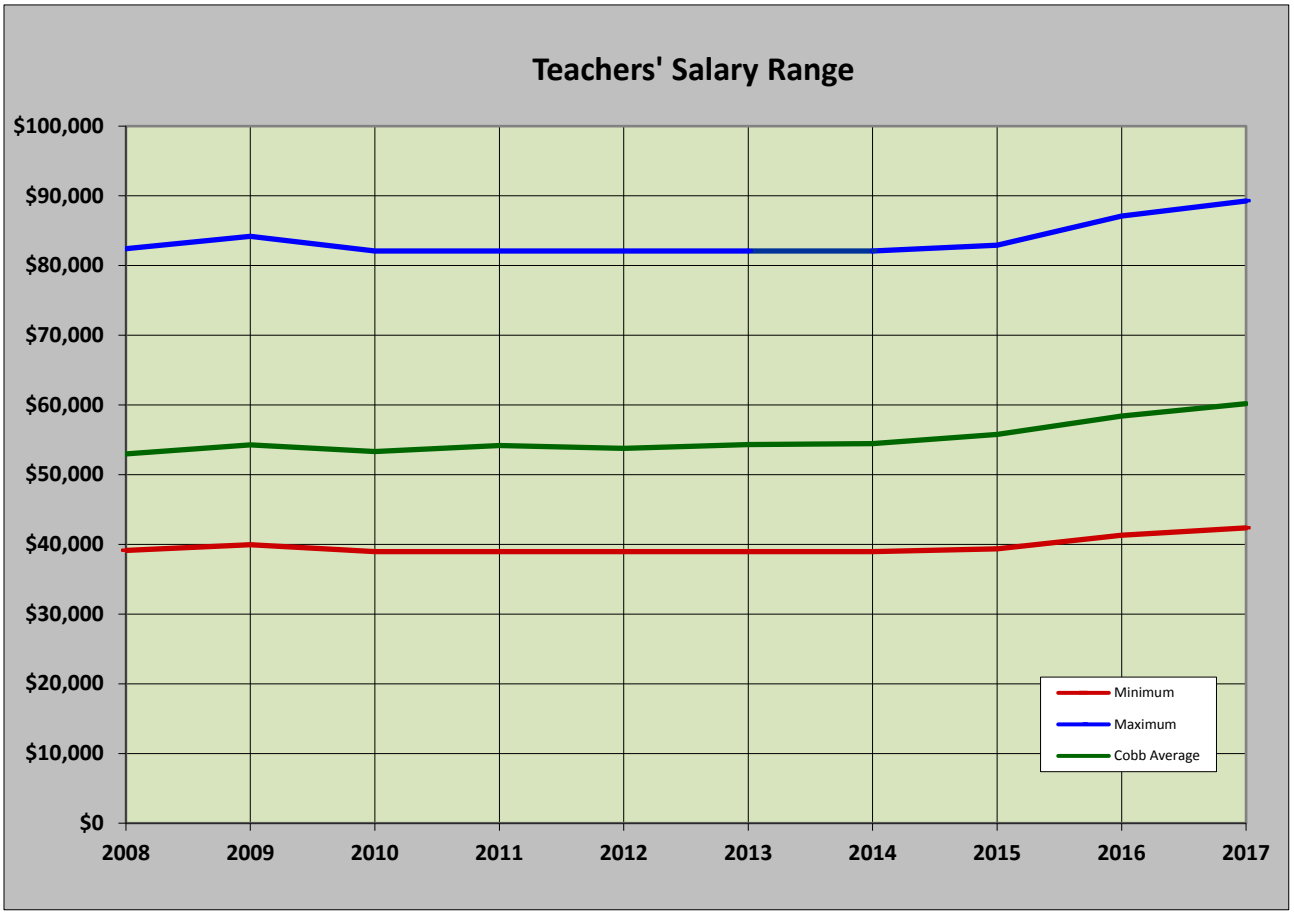

(c) Haven @ Fitzhugh Lee enrollment is included with Hawthorne until school year 2010-11.

(d) Operated by a nonprofit, enrollment reported by CCSD; buildings do not belong to CCSD. Mableton Charter closed May 2012.

Data reflects the new Five-Year Local Facilities Plan approved by the Board on April 28, 2016. The 2016 - 2020 Local Facilities Plan has been approved by the Georgia Department of Education and validated by a Facilities Survey Team as required by State BOE rules.

(a) Occupied year represents the year during which the school was initially opened and utilized for instructional purposes, but does not reflect the most recent year of subsequent additions, improvements, or renovations, if any.

(b) With the opening of Smyrna Elementary for school year 2013-14, Brown Elementary closed at the end of 2012-13. During fiscal year ended 2015, Brown facilities were used to house Teasley primary grades during construction of new classrooms at Teasley Elementary.

(c) Performance Learning Center is housed at Oakwood.

(d) Operated by unaffiliated non-profit entities. Enrollment reported by Cobb County School District; buildings do not belong to the district.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Superintendent and Members of
the Cobb County Board of Education
Marietta, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Cobb County Board of Education, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Cobb County Board of Education's basic financial statements, and have issued our report thereon dated December 1, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Cobb County Board of Education's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cobb County Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the Cobb County Board of Education's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Cobb County Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MAULDIN & JENKINS

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

To the Superintendent and Members of
the Cobb County Board of Education
Marietta, Georgia

Report on Compliance for Each Major Federal Program

We have audited the Cobb County Board of Education's compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Cobb County Board of Education's major federal programs for the year ended June 30, 2017. The Cobb County Board of Education's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Cobb County Board of Education's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of *Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Cobb County Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Cobb County Board of Education's compliance.

Opinion on Each Major Federal Program

In our opinion, the Cobb County Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the Cobb County Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Cobb County Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Cobb County Board of Education's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope or our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Cobb County Board of Education as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Cobb County Board of Education's basic financial statements. We have issued our report thereon dated December 1, 2017, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

COBB COUNTY BOARD OF EDUCATION

NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2017

NOTE 1. BASIS OF PRESENTATION

The Schedule of Expenditures of Federal Awards includes the federal grant activity of the Cobb County Board of Education and is presented on the accrual basis of accounting.

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards.* Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the financial statements.

NOTE 2. NATIONAL SCHOOL LUNCH PROGRAM – DONATED FOOD

The amounts shown for the National School Lunch Program – Donated Food on the schedule of expenditures of federal awards represent the federally assigned value of nonmonetary assistance for donated food received and/or consumed by the School District during the current fiscal year.

NOTE 3. INDIRECT COST RATE

The School District did not utilize the 10% de minimus indirect cost rate permitted by the Uniform Guidance.
