Atlanta, Georgia 30334-8400

**Greg S. Griffin**
STATE AUDITOR
(404) 656-2174

August 17, 2017

Honorable Nathan Deal, Governor
Members of the General Assembly
Members of the State Board of Education
and
Superintendent and Members of the
Polk County School District

INDEPENDENT AUDITOR'S REPORT

Ladies and Gentlemen:

## Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Polk County School District (School District), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

(This page left intentionally blank)

effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Opinions*

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School District, as of June 30, 2016, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### *Emphasis of Matter*

As described in Note 2 to the financial statements, in 2016, the School District adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and 68,* and GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. Our opinions are not modified with respect to this matter.

### *Other Matters*

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedules of Proportionate Share of the Net Pension Liability, Schedules of Contributions to Retirement Systems, Notes to the Required Supplementary Information and the Schedule of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual as presented on pages i through x and pages 39 through 48 respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District's basic financial statements. The accompanying supplementary information, consisting of Schedules 11 through 13, is presented for the purposes of additional analysis and is not a required part of the basic financial statements. The Schedule

(This page left intentionally blank)

of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U. S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* and is also not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 17, 2017, on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

A copy of this report has been filed as a permanent record in the office of the State Auditor and made available to the press of the State, as provided for by Official Code of Georgia Annotated Section 50-6-24.

Respectfully submitted,

Greg S. Griffin
State Auditor

POLK COUNTY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

## INTRODUCTION

The intent of this discussion and analysis is to look at the School District's financial performance as a whole. The reader should review the notes to the basic financial statements and the financial statements to enhance their understanding of the School District's financial performance. The School District's financial statements for the fiscal year ended June 30, 2016 includes a series of basic financial statements that report financial information for the School District as a whole, its funds, and its fiduciary responsibilities. The Statement of Net Position and the Statement of Activities provide financial information about all of the School District's activities and present both a short-term and long-term view of the School District's finances. The fund financial statements provide information about all of the School District's funds.

## FINANCIAL HIGHLIGHTS

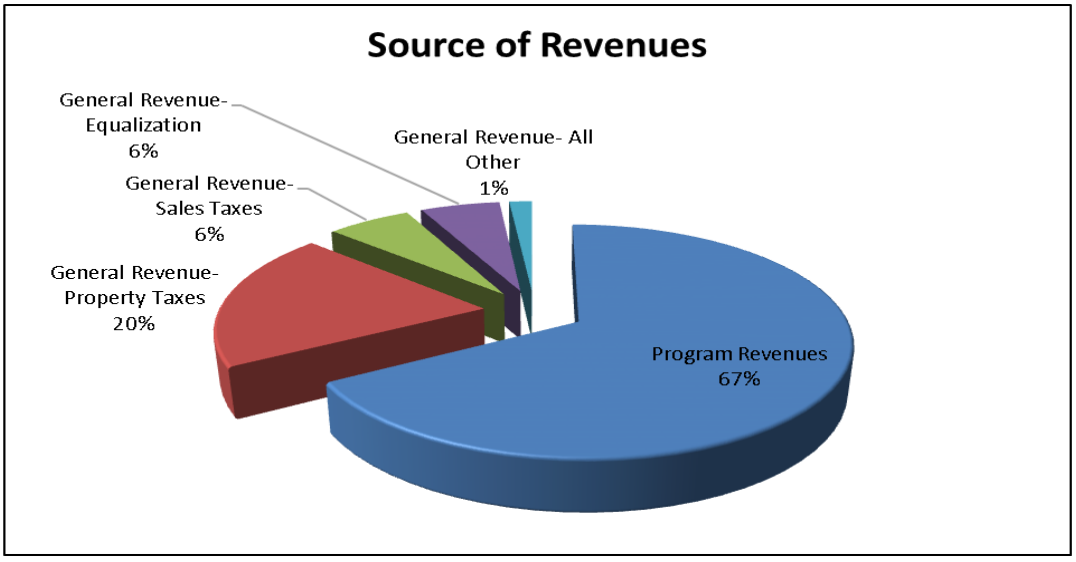

Key financial highlights for fiscal year 2016 are as follows:

On the government-wide financial statements:

- Government-wide net position at June 30, 2016 was approximately $26.4 million. Net position reflects assets (including capital assets, net of depreciation) and deferred outflows less all liabilities, both short-term and long-term and deferred inflows of the School District. The net position at June 30, 2016 of $26.4 million represented an increase of approximately $5.2 million when compared to the prior year. This large increase is due to an increase in state funding and local taxes.

- The School District had $72.7 million in expenses relating to governmental activities; only $52.1 million of these expenses were offset by program specific charges for services, operating and capital grants and contributions. However, the general revenues (primarily property and sales taxes) of approximately $25.8 million provided additional funding of these expenses.

- As stated above, general revenues accounted for $25.8 million or about 33.2% of all revenues totaling approximately $77.9 million. Program specific revenues in the form of charges for services, operating and capital grants, and contributions accounted for the balance of these revenues.

On the fund financial statements:

- Among major funds, the general fund had approximately $71.4 million in revenues and $71.8 million in expenditures. The general fund's fund balance of approximately $9.1 million at June 30, 2016 decreased by approximately $865 thousand from the prior year.

## OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts; management's discussion and analysis (this section), the basic financial statements, including notes to the financial statements, and supplementary information. The basic financial statements include two levels of statements that present different views of the School District. These include the government-wide and fund financial statements.

The government-wide financial statements include the 'Statement of Net Position' and 'Statement of Activities'. These statements provide information about the activities of the School District presenting both short-term and long-term information about the School District's overall financial status.

The fund financial statements focus on individual parts of the School District, reporting the School District's operation in more detail. The 'governmental funds' statements disclose how basic services are financed in the short-term as well as what remains for future spending. The 'fiduciary funds' statements provide information about the financial relationships in which the School District acts solely as a trustee or agent for the benefit of others. In the case of the Polk County School District, the general fund, capital projects fund, and debt service fund are all considered to be major funds. The School District has no non-major funds as defined by GASB Statement No. 34 for purposes of this report.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements. Additionally, other supplementary information (not required) is also presented that further supplements understanding of the financial statements.

### Government-wide Statements

Since the Polk County School District has no operations that have been classified as "Business Activities", the government-wide financial statements are basically a consolidation of the entire School District's operating funds into one column called governmental activities. In reviewing the government-wide financial statements, a reader might ask the question, are we in a better financial position now than last year? The 'Statement of Net Position' and the 'Statement of Activities' provides the basis for answering this question. These financial statements include all School District's assets, deferred outflows, liabilities, and deferred inflows and uses the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into accounts all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and any changes in net position. The change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the results of many factors, including those not under the School District's control, such as the property tax base, facility conditions, required educational programs, student-teacher ratios, and other factors.

When analyzing government-wide financial statements, it is important to remember these statements are prepared using an economic resources measurement focus (accrual accounting) and involve the following steps to format the Statement of Net Position:

- Capitalize current outlays for capital assets
- Depreciate capital assets
- Report long-term debt as a liability
- Calculate revenue and expense using the economic resources measurement focus and the accrual basis of accounting
- Allocate net position as follows:

    - *Net Investment in Capital Assets*
    - *Restricted net position* is that with constraints placed on the use by external sources such as creditors, grantors, contributors or laws and regulations.
    - *Unrestricted net position* is net position that does not meet any of the above restrictions.

## Fund Financial Statements

The School District uses many funds or sub-funds to account for a multitude of financial transactions during the fiscal year. The fund financial statements presented in this report provide detail information about the School District's significant or major funds. As discussed previously, the School District has no non-major funds as defined by generally accepted accounting principles.

The School District has two kinds of funds as discussed below:

*Governmental Funds* – Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using the modified accrual method of accounting which measures cash and all other financial assets that can be readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The differences between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds are reconciled in the financial statements.

*Fiduciary Funds* – The School District is the trustee, or fiduciary, for assets that belong to clubs, organizations and others within the principals' accounts as well as an Employer Sponsored Pension Plan. The School District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The School District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

## FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

Net position, which is the difference between total assets and deferred outflows of resources, and total liabilities and deferred inflows, is one indicator of the financial condition of the School District. When revenues exceed expenses, the result is an increase in net position. When expenses exceed revenues, the result is a decrease in net position. The relationship between revenues and expenses can be thought of as the School District's operating results. The School District's net position, as measured in the Statement of Net Position, can be one way to measure the School District's financial

health, or financial position. Over time, increases or decreases in the School District's net position as measured in the Statement of Activities - are one indicator of whether its financial health is improving or deteriorating. However, the School District's goal and mission is to provide success for each child's education, not to generate profits as private corporations do. For this reason, many other non-financial factors should be considered in assessing the overall health of the School District.

In the case of the Polk County School District, assets and deferred outflows exceeded liabilities and deferred inflows by approximately $26.4 million at June 30, 2016. To better understand the School District's actual financial position and ability to deliver services in future periods, it is necessary to review the various components of the net position category. For example, of the $26.4 million of net position, about $4.8 million was restricted for continuation of Federal and State programs, debt service and ongoing capital projects. Accordingly, these funds were not available to meet the School District's ongoing obligations to citizens and creditors.

In addition, the School District had $71.5 million net investment in capital assets (e.g., land, buildings, and equipment). The School District uses these capital assets to provide educational services to students within geographic boundaries served by the School District. Because of the very nature and on-going use of the assets being reported in this component of net position, it must be recognized that this portion of the net position is not available for future spending.

The deficit balance of unrestricted net position of approximately $49.9 million includes the net pension liability adjustments as required by GASB Statement No. 68 and GASB Statement No. 71.

Table 1 provides a summary of the School District's net position for this fiscal year as compared to the prior fiscal year.

**Table 1**
**Net Position**

| | Governmental Activities | |
|---|---|---|
| | Fiscal Year 2016 | Fiscal Year 2015 |
| **Assets** | | |
| Current and Other Assets | $ 24,263,984 | $ 32,991,967 |
| Capital Assets, Net | 86,223,526 | 77,832,299 |
| **Total Assets** | 110,487,510 | 110,824,266 |
| **Deferred Outflows of Resources** | 5,987,253 | 5,626,476 |
| **Liabilities** | | |
| Current and Other Liabilities | 10,319,854 | 8,584,309 |
| Long-Term Liabilities | 73,116,547 | 69,271,109 |
| **Total Liabilities** | 83,436,401 | 77,855,418 |
| **Deferred Inflows of Resources** | 6,650,644 | 17,422,809 |
| **Net Position** | | |
| Net Investment in Capital Assets | 71,487,458 | 69,614,797 |
| Restricted | 4,758,543 | 4,568,834 |
| Unrestricted (Deficit) | (49,858,283) | (53,011,116) |
| **Total Net Position** | $ 26,387,718 | $ 21,172,515 |

Total net position increased by approximately $5.2 million in fiscal year 2016 from the prior year. This change in net position is detailed in Table 2 below. Table 2 also shows the change in net position as compared to the prior fiscal year.

## Table 2
## Change in Net Position

| Increase in Net Position | $ 5,215,203 | $ 3,587,285 |

### Cost of Providing Services

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting these services. Table 3 shows, for governmental activities, the total cost of services and the net cost of services. Net cost of services can be defined as the total cost less fees generated by the activities and intergovernmental revenue provided for specific programs. The net cost reflects the financial burden on the School District's taxpayers by each activity as compared to the prior fiscal year.

**Table 3**
**Governmental Activities**

| | Total Cost of Services | | Net Cost of Services | |
|---|---|---|---|---|
| | Fiscal Year 2016 | Fiscal Year 2015 | Fiscal Year 2016 | Fiscal Year 2015 |
| Instruction | $ 46,449,546 | $ 46,039,167 | $ 10,724,016 | $ 13,719,367 |
| Support Services: | | | | |

| Interest on Short-Term and Long-Term Debt | 476,458 | 596,649 | 476,458 | 596,649 |
| Total Expenses | $ 72,682,035 | $ 69,796,445 | $ 20,629,219 | $ 21,286,204 |

## FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT'S FUNDS

Information about the School District's governmental funds is presented starting on Exhibit "C" of this report. Governmental funds are accounted for using the modified accrual basis of accounting. The governmental funds had total revenues and other financing sources over $78.3 million and total expenditures and other financing uses of $89.1 million in fiscal year 2016. Total governmental fund balances of approximately $12.9 million at June 30, 2016, decreased approximately $10.8 million from the prior year.

## General Fund Budget Highlights

The School District's budget is prepared according to Georgia Law. The most significant budgeted fund is the general fund. During the course of fiscal year 2016, the School District amended its general fund budget as needed.

The School District budget is adopted at the aggregate level and maintained at the program, function, object, and site levels to facilitate budgetary control. The budgeting systems are designed to control the total budget, but provide flexibility to meet the ongoing programmatic needs. The budgeting systems are also designed to control total site budgets but provide flexibility for site management as well.

For the general fund, the final actual revenues of $71.4 million were greater than the final budgeted amount of $61.2 million by approximately $10.2 million. This can be attributed to receiving more property taxes, state funds, federal funds, charges for services, and miscellaneous income than originally expected.

The general fund's final actual expenditures of $71.8 million were greater than the final budget amount of $68.5 by approximately $3.3 million. The School District believes it effectively managed its budget during the fiscal year.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At fiscal year ended June 30, 2016, the School District had over $86.2 million invested in capital assets, net of accumulated depreciation, all in governmental activities. These assets are made up of a broad range of items including buildings; land; land improvements; and food service, transportation and maintenance equipment. Table 4 reflects a summary of these balances, net of accumulated depreciation, as compared to the prior fiscal year.

**Table 4**
**Capital Assets**
**(Net of Depreciation)**

| | Governmental Activities | |
|---|---|---|
| | Fiscal Year 2016 | Fiscal Year 2015 |
| Land | $ 2,275,175 | $ 2,275,175 |
| Construction In Progress | 11,473,178 | 1,124,641 |
| Building and Improvements | 70,089,918 | 71,884,506 |
| Equipment | 1,003,575 | 1,109,026 |
| Land Improvements | 1,381,680 | 1,438,952 |
| Total | $ 86,223,526 | $ 77,832,300 |

Additional information about the School District's Capital Assets can be found in the Notes to the Basic Financial Statements.

## Debt Administration

At June 30, 2016, the Board had $14.5 million in bonds outstanding with $2.4 million due within one year and $0.8 million in capital leases with $0.4 million due within one year.

**Table 5**
**Debt at June 30**

| | Governmental Activities | |
|---|---|---|
| | Fiscal Year 2016 | Fiscal Year 2015 |
| General Obligation Bonds | $ 14,500,000 | $ 19,161,897 |
| Capital Lease | 833,747 | 415,724 |
| Total | $ 15,333,747 | $ 19,577,621 |

## Net Pension Liabilities

At June 30, 2016 the School District reported liabilities for its proportionate share of the net pension liability. Reporting this liability was required by GASB No. 68 and GASB No. 71.

## FACTORS BEARING ON THE DISTRICT'S FUTURE

Currently known circumstances that are expected to have a significant effect on financial position or results of operations in future years are as follows:

- The School District is financially stable. The School District's operating millage for fiscal year 2015 was 16.274. It was rolled back in fiscal year 2016 to 16.183.
- The general fund had a fund balance as of June 30, 2016 of $9,063,289 which is down $864,860 from prior year. In fiscal year 2017, $5,000,000 was loaned from the general fund to the capital projects fund to complete the construction of the Polk County College and Career Academy. The interfund loan will be paid back in future years with Special Projects Local Option Sales Tax (SPLOST) proceeds.
- The School District is financially challenged by the State's continuing reduction of state revenue appropriations to local school districts. However, the School District's is scheduled to receive a $2,783,508 increase of state revenue for fiscal year 2017.
- The School District student population increased from 7,512 in fiscal year 2015 to 7,595 in fiscal year 2016. The School District will continue to renovate the existing facilities to accommodate the growth and reduce portable classrooms at various schools as needed. The School District plans to fund additional capital outlays with the one percent local sales tax revenue, general obligation bonds and state capital outlay grants. Polk County College and Career Academy will be constructed on the existing Cedartown High School and Rockmart High School Campuses. An Athletic Facility will be constructed at Rockmart High School. Renovations will be made at Eastside Elementary. Technology upgrades will also be made.

- In fiscal year 2015, the Board adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions and GASB Statement No. 71, Pension Transition for Contributions made Subsequent to the Measurement Date-an amendment of GASB No. 68.* Implementation of these statements required the School District to record a charge (decrease) to the government-wide net position at July 1, 2014 for the School District's share of the net pension liability for the pension plans administered through the Teachers Retirement System of Georgia (TRS), Employees' Retirement System of Georgia (ERS) and Polk County School's Employer Sponsored Pension Plan. Readers should understand implementation of (GASB) Statements No. 68 and No. 71 will not affect the School District's Governmental Activities Fund Statements.

## CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Mrs. Tammy McDonald, Chief Financial Officer, Polk County School District, 612 South College Street, Cedartown, Georgia 30125. You may also email your questions to Mrs. McDonald at tammy@polk.k12.ga.us.

POLK COUNTY SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
JUNE 30, 2016

EXHIBIT "F"

| | | |
|---|---|---|
| Net change in fund balances total governmental funds (Exhibit "E") | | $ (10,788,969.31) |
| Amounts reported for governmental activities in the Statement of Activities are different because: | | |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. | | |
| Capital outlay | $ 10,525,551.01 | |
| Depreciation expense | (2,134,324.35) | 8,391,226.66 |
| Taxes reported in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. | | 325,442.01 |
| The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and the difference between the carrying value of refunded debt and the acquisition cost of refunded debt when debt is first issued. These amounts are deferred and amortized in the Statement of Activities. | | |
| Amortization of bond premium | $ 230,084.69 | |
| Bond principal retirements | 4,855,000.00 | |
| Accreted interest on capital appreciation bonds | (193,102.77) | |
| Capital lease payments | 499,395.93 | 5,391,377.85 |
| District pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the District's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities. | | |
| Pension expense | | 1,903,301.40 |
| Some items reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. | | |
| Compensated absences | | (7,175.61) |
| Change in net position of governmental activities (Exhibit "B") | | $ 5,215,203.00 |

The notes to the basic financial statements are an integral part of this statement.

## NOTE 1: DESCRIPTION OF SCHOOL DISTRICT AND REPORTING ENTITY

### REPORTING ENTITY

The Polk County School District (School District) was established under the laws of the State of Georgia and operates under the guidance of a board elected by the voters and a Superintendent appointed by the Board. The School District is organized as a separate legal entity and has the power to levy taxes and issue bonds. Its budget is not subject to approval by any other entity. Accordingly, the School District is a primary government and consists of all the organizations that compose its legal entity.

## NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the School District have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for governmental accounting and financial reporting principles. The most significant of the School District's accounting policies are described below.

### BASIS OF PRESENTATION

The School District's basic financial statements are collectively comprised of the government-wide financial statements, fund financial statements and notes to the basic financial statements. The government-wide statements focus on the School District as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

**GOVERNMENT-WIDE STATEMENTS:**

The Statement of Net Position and the Statement of Activities display information about the financial activities of the overall School District, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The Statement of Net Position presents the School District's non-fiduciary assets and liabilities, with the difference reported as net position. Net position is reported in three categories as follows:

1. **Net investment in capital assets** consists of the School District's total investment in capital assets, net of accumulated depreciation, and reduced by outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.
2. **Restricted net position** consists of resources for which the School District is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties or imposed by law through constitutional provisions or enabling legislation.
3. **Unrestricted net position** consists of resources not meeting the definition of the two preceding categories. Unrestricted net positon often has constraints on resources imposed by management which can be removed or modified.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the School District's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses (expenses of the School District related to the administration and support of the School District's programs, such as office and maintenance personnel and accounting) are not allocated to programs.

Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

**FUND FINANCIAL STATEMENTS**

The fund financial statements provide information about the School District's funds, including fiduciary funds. Eliminations have been made to minimize the double counting of internal activities. Separate financial statements are presented for governmental and fiduciary funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The School District reports the following major governmental funds:

- The general fund is the School District's primary operating fund. It accounts for and reports all financial resources not accounted for and reported in another fund.
- The capital projects fund accounts for and reports financial resources including Education Special Purpose Local Option Sales Tax (ESPLOST), Bond Proceeds and grants from Georgia State Financing and Investment Commission that are restricted, committed or assigned for capital outlay expenditures, including the acquisition or construction of capital facilities and other capital assets.
- The debt service fund accounts for and reports financial resources that are restricted, committed, or assigned including taxes (sales) legally restricted for the payment of general long-term principal and interest.

The School District reports the following fiduciary fund types:

- Private purpose trust funds are used to report trust arrangements under which income is to be used for the purpose of clothing and medical needs for disadvantaged students at the Superintendent's discretion and a scholarship for a student graduating from Rockmart High School.
- Agency funds are used to report resources held by the School District in a purely custodial capacity (assets equal liabilities) and do not involve measurement of results of operations.
- Pension trust fund accounts for the activities of Polk County School District Social Security Replacement Plan, a single employer defined benefit pension plan for the group of employees covered by the Public School Employees Retirement System (PSERS).

**BASIS OF ACCOUNTING**

The basis of accounting determines when transactions are reported on the financial statements. The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the School District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, sales taxes and grants. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from sales taxes is recognized in the fiscal year in which the underlying transaction (sale) takes place. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The School District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The School District considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year-end. The School District considers all intergovernmental revenues to be available if they are collected within 120 days after year-end. Property taxes, sales taxes and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term liabilities and acquisitions under capital leases are reported as other financing sources.

The School District funds certain programs by a combination of specific cost-reimbursement grants, categorical grants, and general revenues. Thus, when program costs are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the School District's policy to first apply grant resources to such programs, followed by cost-reimbursement grants, then general revenues.

## NEW ACCOUNTING PRONOUNCEMENTS

In fiscal year 2016, the School District adopted Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application.* This statement addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement provides guidance for determining a fair value measurement for financial reporting purposes. This statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The School District did not have any items that required a reassessment of value for reporting purposes as a result of adoption of this statement.

In fiscal year 2016, the School District adopted Governmental Accounting Standards Board (GASB) Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and 68.* This statement establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68*, Accounting and Financial Reporting for Pensions*, as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement No. 68. It also amends certain provisions of Statement No. 67, *Financial Reporting for Pension Plans*, and Statement No. 68 for pension plans and pensions that are within their respective scopes. The adoption of this statement does not have a significant impact on the School District’s financial statements.

In fiscal year 2016, the School District adopted Governmental Accounting Standards Board (GASB) Statement No. 79, *Certain External Investment Pools and Pool Participants.* This statement addresses accounting and financial reporting for certain external investment pools and pool participants. If an external investment pool meets the criteria in this statement and measures all of its investments at amortized cost, the pool’s participants also should measure their investments in that external investment pool at amortized cost for financial reporting purposes. The School District participates in an external investment pool, the State of Georgia local government investment pool (Georgia Fund 1), which does not meet the criteria of this statement. Therefore, the investment in this pool is measured at fair value as provided in paragraph 11 of GASB Statement No. 31, as amended.

## FISCAL YEAR ENDS

All funds are reported using fiscal years which end on June 30, except the defined benefit pension plan (fiduciary fund), which has a fiscal year ending December 31.

## CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of cash on hand, demand deposits, investments in the State of Georgia local government investment pool (Georgia Fund 1) and short-term investments with original maturities of three months or less from the date of acquisition in authorized financial institutions. Official Code of Georgia Annotated (O.C.G.A.) § 45-8-14 authorizes the School District to deposit its funds in one or more solvent banks, insured Federal savings and loan associations or insured chartered building and loan associations.

## INVESTMENTS

The School District can invest its funds as permitted by O.C.G.A. § 36-83-4. In selecting among options for investment or among institutional bids for deposits, the highest rate of return shall be the objective, given equivalent conditions of safety and liquidity.

Investments made by the School District in nonparticipating interest-earning contracts (such as certificates of deposit) and repurchase agreements are reported at cost. Participating interest-earning contracts and money market investments with a maturity at purchase of one year or less are reported at amortized cost. All other investments are reported at fair value.

For accounting purposes, certificates of deposit are classified as investments if they have an original maturity greater than three months when acquired.

## RECEIVABLES

Receivables consist of amounts due from property and sales taxes, grant reimbursements due on Federal, State or other grants for expenditures made but not reimbursed and other receivables disclosed from information available. Receivables are recorded when either the asset or revenue recognition criteria has been met. Receivables recorded on the basic financial statements do not include any amounts which would necessitate the need for an allowance for uncollectible receivables.

## INVENTORIES

### Food Inventories

On the basic financial statements, inventories of donated food commodities used in the preparation of meals are reported at their Federally assigned value and purchased foods inventories are reported at cost (calculated on the first-in, first-out basis). The School District uses the consumption method to account for inventories whereby donated food commodities are recorded as an asset and as revenue when received, and expenses/expenditures are recorded as the inventory items are used. Purchased foods are recorded as an asset when purchased and expenses/expenditures are recorded as the inventory items are used.

## RESTRICTED ASSETS

Certain resources set aside for repayment of debt are classified as restricted assets on the Statement of net position because their use is limited by applicable debt statutes, e.g. Qualified Zone Academy Bond sinking funds.

## CAPITAL ASSETS

On the government-wide financial statements, capital assets are recorded at cost where historical records are available and at estimated historical cost based on appraisals or deflated current replacement cost where no historical records exist. Donated capital assets are recorded at acquisition value on the date donated. The cost of normal maintenance and repairs that do not add to the value of assets or materially extend the useful lives of the assets is not capitalized. The School District does not capitalize book collections or works of art.

Capital acquisition and construction are recorded as expenditures in the governmental fund financial statements at the time of purchase (including ancillary charges), and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements.

Depreciation is computed using the straight-line for all assets, except land, and is used to allocate the actual or estimated historical cost of capital assets over estimated useful lives.

Capitalization thresholds and estimated useful lives of capital assets reported in the government-wide statements are as follows:

| | Capitalization Policy | Estimated Useful Life |
|---|---|---|
| Land | All | N/A |
| Land Improvements | $50,000.00 | 20 to 60 years |
| Buildings and Improvements | $50,000.00 | 25 to 60 years |
| Equipment | $50,000.00 | 5 to 50 years |
| Intangible Assets | $50,000.00 | 10 to 20 years |

## DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will report a separate section for deferred outflows of resources. This separate financial statement element, represents a consumption of resources that applies to a future period(s) and therefore will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of resources that applies to a future period(s) and therefore will not be recognized as an inflow of resources (revenue) until that time.

## COMPENSATED ABSENCES

Compensated absences payable consists of vacation leave employees earned based on services already rendered.

Vacation leave of 10 days is awarded annually to all full time personnel employed on a twelve month basis with less than 15 years of experience and 15 days annually to all full time personnel employed on a twelve month basis with between 15 and 40 years of experience. Twelve month employees with 40 or more years of service to the School District are eligible for 5 additional vacation days annually. No other employees are eligible to earn vacation leave.

For twelve-month employees with 15 or more years of experience, all unused vacation days may be carried forward into the next employment year up to and including June 30. This is a maximum of 15 days earned from previous year. Upon expiration of this limit, a maximum of 5 unused vacation days may be carried forward. Therefore, this employee could have a maximum of 20 days of acquired vacation at the start of a new fiscal year.

For twelve-month employees with less than 15 years of experience, all unused vacation days may be carried forward into the next employment year up to and including June 30. This is a maximum of 10 days earned from previous year. Upon expiration of this limit, a maximum of 5 unused vacation days may be carried forward. Therefore, this employee could have a maximum of 15 days of acquired vacation at the start of a new fiscal year.

Upon terminating employment, the School District pays all unused and unforfeited vacation benefits to employees. Accordingly, vacation benefits are accrued as a liability in the government-wide financial statements. A liability for these amounts is reported in the governmental fund financial statements only if they have matured, for example, as a result of employee resignations and retirements by fiscal year end.

Members of the Teachers Retirement System of Georgia (TRS) may apply unused sick leave toward early retirement. The liability for early retirement will be borne by TRS rather than by the individual School Districts. Otherwise, sick leave does not vest with the employee, and no liability is reported in the School District's financial statements.

### LONG-TERM LIABILITIES AND BOND DISCOUNTS/PREMIUMS

In the School District's government-wide financial statements, outstanding debt is reported as liabilities. Bond premiums and discounts and the difference between the reacquisition price and the net carrying value of refunded debt are deferred and amortized over the life of the bonds using the straight-line method. To conform to generally accepted accounting principles, bond premiums and discounts should be amortized using the effective interest method. The effect of this deviation is deemed to be immaterial to the fair presentation of the basic financial statements. Bond issuance costs are recognized as an outflow of resources in the fiscal year in which the bonds are issued.

In the governmental fund financial statements, the School District recognizes the proceeds of debt and premiums as other financing sources of the current period. Bond issuance costs are reported as debt service expenditures.

### PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### FUND BALANCES

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The School District's fund balances are classified as follows:

**Nonspendable** consists of resources that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

**Restricted** consists of resources that can be used only for specific purposes pursuant constraints either (1) externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation.

**Committed** consists of resources that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board. The Board is the School District's highest level of decision-making authority, and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the Board. Committed fund balance also should incorporate contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** consists of resources constrained by the School District's intent to be used for specific purposes, but are neither restricted nor committed. The intent should be expressed by (1) the Board or (2) the budget or finance committee, or the Superintendent, or designee, to assign amounts to be used for specific purposes.

**Unassigned** consists of resources within the general fund not meeting the definition of any aforementioned category. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it may be necessary to report a negative unassigned fund balance.

## USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

## PROPERTY TAXES

The Polk County Board of Commissioners adopted the property tax levy for the 2015 tax digest year (calendar year) on August 20, 2015 (levy date) based on property values as of January 1, 2015. Taxes were due on December 1, 2015 (lien date). Taxes collected within the current fiscal year or within 60 days after year-end on the 2015 tax digest are reported as revenue in the governmental funds for fiscal year 2016. The Polk County Board of Commissioners bills and collects the property taxes for the School District, withholds 2.5% of taxes collected as a fee for tax collection and remits the balance of taxes collected to the School District. Property tax revenues, at the fund reporting level, during the fiscal year ended June 30, 2016, for maintenance and operations amounted to $13,986,476.25.

The tax millage rate levied for the 2015 tax year (calendar year) for the School District was as follows (a mill equals $1 per thousand dollars of assessed value):

| | |
|---|---|
| School Operations | 16.183 mills |

Additionally, Title Ad Valorem Tax revenues, at the fund reporting level, amounted to $1,070,906.82 during fiscal year ended June 30, 2016.

## SALES TAXES

Education Special Purpose Local Option Sales Tax (ESPLOST), at the fund reporting level, during the year amounted to $4,521,779.21 and is to be used for capital outlay for educational purposes or debt service. This sales tax was authorized by local referendum and the sales tax must be re-authorized at least every five years.

## NOTE 3: BUDGETARY DATA

The budget is a complete financial plan for the School District's fiscal year, and is based upon careful estimates of expenditures together with probable funding sources. The budget is legally adopted each year for the general, debt service, capital projects funds. There is no statutory prohibition regarding over expenditure of the budget at any level. The budget for all governmental funds, except the various school activity (principal) accounts is prepared and adopted by fund, function and object. The legal level of budgetary control was established by the Board at the aggregate function level. The budget for the general fund was prepared in accordance with accounting principles generally accepted in the United States of America.

The budgetary process begins with the School District's administration presenting an initial budget for the Board's review. The administration makes revisions as necessary based on the Board's guidelines, and a tentative budget is approved. After approval of this tentative budget by the Board, such budget is advertised at least once in a newspaper of general circulation in the locality, as well as the School District's website. At the next regularly scheduled meeting of the Board after advertisement, the Board receives comments on the tentative budget, makes revisions as necessary and adopts a final budget. The approved budget is then submitted, in accordance with provisions of O.C.G.A. § 20-2-167(c), to the Georgia Department of Education. The Board may increase or decrease the budget at any time during the year. All unexpended budget authority lapses at fiscal year-end.

See the General Fund Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget to Actual in the Supplementary Information Section for a detail of any over/under expenditures during the fiscal year under review.

## NOTE 4: DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS

### COLLATERALIZATION OF DEPOSITS

O.C.G.A. § 45-8-12 provides that there shall not be on deposit at any time in any depository for a time longer than ten days a sum of money which has not been secured by surety bond, by guarantee of insurance, or by collateral. The aggregate of the face value of such surety bond and the market value of securities pledged shall be equal to not less than 110% of the public funds being secured after the deduction of the amount of deposit insurance. If a depository elects the pooled method (O.C.G.A. § 45-8-13.1) the aggregate of the market value of the securities pledged to secure a pool of public funds shall be not less than 110% of the daily pool balance.

Acceptable security for deposits consists of any one of or any combination of the following:

(1) Surety bond signed by a surety company duly qualified and authorized to transact business within the State of Georgia,

(2) Insurance on accounts provided by the Federal Deposit Insurance Corporation,

(3) Bonds, bills, notes, certificates of indebtedness or other direct obligations of the United States or of the State of Georgia,

(4) Bonds, bills, notes, certificates of indebtedness or other obligations of the counties or municipalities of the State of Georgia,

(5) Bonds of any public authority created by the laws of the State of Georgia, providing that the statute that created the authority authorized the use of the bonds for this purpose,

(6) Industrial revenue bonds and bonds of development authorities created by the laws of the State of Georgia, and

(7) Bonds, bills, notes, certificates of indebtedness, or other obligations of a subsidiary corporation of the United States government, which are fully guaranteed by the United States government both as to principal and interest or debt obligations issued by or securities guaranteed by the Federal Land Bank, the Federal Home Loan Bank, the Federal Intermediate Credit Bank, the Central Bank for Cooperatives, the Farm Credit Banks, the Federal Home Loan Mortgage Association, and the Federal National Mortgage Association.

## CATEGORIZATION OF DEPOSITS

Custodial credit risk is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. The School District does not have a deposit policy for custodial credit risk. At June 30, 2016, School District had deposits with a carrying amount of $12,588,853.47, and a bank balance of $14,049,671.44. The bank balances insured by Federal depository insurance were $929,972.47 and the bank balances collateralized with securities held by the pledging financial institution, or by the pledging financial institution's trust department or agent in the School District's name were $1,253,899.00.

At June 30, 2016, $11,743,829.97 of the School District's bank balance was exposed to custodial credit risk as follows:

| | | |
|---|---|---|
| Uninsured and Uncollateralized | $ | 121,970.00 |
| Uninsured with collateral held by the pledging financial institution | | - |
| Uninsured with collateral held by the pledging financial institution's trust department or agent but not in the School District's name | | 11,743,829.97 |
| Total | $ | 11,865,799.97 |

| | | |
|---|---|---|
| Reconciliation of cash and cash equivalents balances to carrying value of deposits: | | |
| Statement of Net Position | | |
| Cash and cash equivalents | $ | 14,223,788.70 |
| Statement of Fiduciary Net Position | | |
| Cash and cash equivalents | | 484,426.09 |
| Total cash and cash equivalents | | 14,708,214.79 |
| Add: | | |
| Deposits with original maturity of three months or more reported as investments | | 10,419.42 |
| Less: | | |
| Investment pools reported as cash and cash equivalents | | |
| Georgia Fund 1 | | 2,129,780.74 |
| Total carrying value of deposits - June 30, 2016 | $ | 12,588,853.47 |

## CATEGORIZATION OF CASH EQUIVALENTS

The School District reported cash equivalents of $2,129,780.74 in Georgia Fund 1, a local government investment pool. Georgia Fund 1 is not registered with the SEC as an investment company and does not operate in a manner consistent with the SEC's Rule 2a-7 of the Investment Company Act of 1940. The investment is valued at the pool's share price, $1.00 per share, which approximates fair value. The pool is an AAAf rated investment pool by Standard and Poor's. The weighted average maturity of Georgia Fund 1 may not exceed 60 days. The weighted average maturity for Georgia Fund 1 on June 30, 2016, was 42 days.

Georgia Fund 1, administered by the State of Georgia, Office of the State Treasurer, is not required to be categorized since the School District did not own any specific identifiable securities in the pool. The investment policy of the State of Georgia, Office of the State Treasurer for the Georgia Fund 1, does not provide for investment in derivatives or similar investments. Additional information on the Georgia Fund 1 is disclosed in the *State of Georgia* Comprehensive Annual Financial Report. This audit can be obtained from the Georgia Department of Audits and Accounts at www.audits.ga.gov/SGD/CAFR.html.

## CATEGORIZATION OF INVESTMENTS

At June 30, 2016, the School District had the following investments:

| Investment Type | Fair Value | Investment Maturity Less Than 1 Year |
|---|---|---|
| Debt Securities | | |
| U. S. Agencies | | |
| Implicitly Guaranteed | $ 1,590,503.52 | $ 1,590,503.52 |
| Other Investments | | |
| Bond Mutual Funds | 1,381,205.38 | |
| Equity Mutual Funds | 1,777,126.96 | |
| Total Investments | $ 4,748,835.86 | |

### Fair Value of Investments

The School District measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

Level 1: Quoted prices for identical measurements in active markets;

Level 2: Observable inputs other than quoted market prices; and,

Level 3: Unobservable inputs.

The School District has the following recurring fair value measurements as of June 30, 2016:

U.S. Agencies Debt Securities of $1,590,503.52, Mutual Bond Funds of $1,381,205.38, and Equity Mutual Funds of $1,777,126.96 are valued using market observable information for identical or similar instruments in the market. (Level 2 inputs)

### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investment will adversely affect the fair value of an investment. The School District does not have a formal policy for managing interest rate risk.

### Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the School District will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. The School District does not have a formal policy for managing custodial credit risk.

At June 30, 2016, $3,367,630.48 of the School District's applicable investments were held by the investment’s counterparty, not in the School District's name.

### Credit Quality Risk

Credit quality risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments to those prescribed O.C.G.A. §36-83-4. The School District does not have a formal policy that would further limit its investment choices or one that addresses credit risk.

The investments subject to credit quality risk are reflected below:

| | | Quality Ratings | |
|---|---|---|---|
| Rated Debt Investments | Fair Value | A | Unrated |
| Debt Securities | | | |
| U. S. Agencies | | | |
| Implicitly Guaranteed | $ 1,590,503.52 | - | $ 1,590,503.52 |
| Mutual Bond Fund | 1,381,205.38 | $ 1,381,205.38 | - |
| Totals by Quality Ratings | $ 2,971,708.90 | $ 1,381,205.38 | $ 1,590,503.52 |

### Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The School District does not have a formal policy for managing concentration of credit risk. More than 5% of the School District's investments are in Mutual Equity Funds, Mutual Bond Funds and Federal National Mortgage Association (FNMA) Discount Note. These investments are 37%, 29% and 34%, respectively, of the School District's total investments.

## NOTE 5: RESTRICTED ASSETS

Certain resources set aside for repayment of debt are classified as restricted assets on the Statement of Net Position because their use is limited by applicable debt statues, e.g. Qualified Zone Academy Bond Sinking Funds.

## NOTE 6: CAPITAL ASSETS

The following is a summary of changes in the capital assets for governmental activities during the fiscal year:

| | Balances July 1, 2015 | Increases | Decreases | Balances June 30, 2016 |
|---|---|---|---|---|
| Governmental Activities | | | | |
| Capital Assets, Not Being Depreciated: | | | | |
| Land | $ 2,275,174.50 | $ - | $ - | $ 2,275,174.50 |
| Construction in Progress | 1,124,641.21 | 10,348,537.01 | - | 11,473,178.22 |
| Total Capital Assets Not Being Depreciated | 3,399,815.71 | 10,348,537.01 | - | 13,748,352.72 |
| Capital Assets Being Depreciated | | | | |
| Buildings and Improvements | 92,659,271.09 | - | - | 92,659,271.09 |
| Equipment | 4,617,104.70 | 177,014.00 | - | 4,794,118.70 |
| Land Improvements | 2,594,719.05 | - | - | 2,594,719.05 |
| Less Accumulated Depreciation for: | | | | |
| Buildings and Improvements | 20,774,765.23 | 1,794,587.55 | - | 22,569,352.78 |
| Equipment | 3,508,079.12 | 282,464.98 | - | 3,790,544.10 |
| Land Improvements | 1,155,767.10 | 57,271.82 | - | 1,213,038.92 |
| Total Capital Assets, Being Depreciated, Net | 74,432,483.39 | (1,957,310.35) | - | 72,475,173.04 |
| Governmental Activity Capital Assets - Net | $ 77,832,299.10 | $ 8,391,226.66 | $ - | $ 86,223,525.76 |

Current year depreciation expense by function is as follows:

| | | |
|---|---|---|
| Instruction | | $ 1,827,661.94 |
| Support Services | | |
| Student Transportation Services | $ 262,627.08 | |
| Other Support Services | 17,280.00 | 279,907.08 |
| Food Services | | 26,755.33 |
| | | $ 2,134,324.35 |

## NOTE 7: INTERFUND TRANSFERS

### INTERFUND TRANSFERS

Interfund transfers for the year ended June 30, 2016, consisted of the following:

| | Transfers From | |
|---|---|---|
| Transfers to | General Fund | Capital Projects Fund |
| Debt Service Fund | $ 465,366.98 | $ 208,044.20 |

Transfers are used to move property tax revenues collected by the general fund and bond proceeds collected by the capital projects fund to the debt service fund for the payment of principal and interest on general long-term debt.

## NOTE 8: LONG-TERM LIABILITIES

The changes in long-term liabilities during the fiscal year for governmental activities, were as follows:

| | Governmental Activities | | | | |
|---|---|---|---|---|---|
| | Balance July 1, 2015 | Additions | Deductions | Balance June 30, 2016 | Due Within One Year |
| General Obligation Bonds | $ 12,500,000.00 | $ - | $ - | $ 12,500,000.00 | $ 2,410,000.00 |
| Qualified Zone Academy Bonds | 2,000,000.00 | - | - | 2,000,000.00 | - |
| Appreciation Bonds | 4,661,897.23 | 193,102.77 | 4,855,000.00 | - | - |
| Total Bond Debt | 19,161,897.23 | 193,102.77 | 4,855,000.00 | 14,500,000.00 | 2,410,000.00 |
| Capital Leases | 1,333,142.64 | - | 499,395.93 | 833,746.71 | 415,724.29 |
| Compensated Absences (1) | 130,378.51 | 42,700.90 | 35,525.29 | 137,554.12 | - |
| Bond Premiums Amortized | 1,380,508.14 | - | 230,084.69 | 1,150,423.45 | 230,084.69 |
| | $ 22,005,926.52 | $ 235,803.67 | $ 5,620,005.91 | $ 16,621,724.28 | $ 3,055,808.98 |

(1) The portion of compensated absences due within one year has been determined to be immaterial to the basic financial statements.

### GENERAL OBLIGATION DEBT OUTSTANDING

The School District's bonded debt consists of various issues of general obligation bonds that are generally noncallable with interest payable semiannually. Bond proceeds primarily pay for acquiring or constructing capital facilities. The School District repays general obligation bonds from voter-approved sales taxes. General obligation bonds are direct obligations and pledge the full faith and credit of the School District.

General obligation bonds currently outstanding are as follows:

| Description | Interest Rates | Issue Date | Maturity Date | Amount Issued | Amount Outstanding |
|---|---|---|---|---|---|
| General Government - Series 2014 | 2.00% - 5.00% | 7/22/2014 | 4/1/2021 | $ 12,500,000.00 | $ 12,500,000.00 |

The following schedule details debt service requirements to maturity for the School District's total general obligation bonds payable:

| | General Obligation Debt | | Unamortized Bond |
|---|---|---|---|
| Fiscal Year Ended June 30: | Principal | Interest | Premium |
| 2017 | $ 2,410,000.00 | $ 503,300.00 | $ 230,084.69 |
| 2018 | 2,450,000.00 | 455,100.00 | 230,084.69 |
| 2019 | 2,490,000.00 | 357,100.00 | 230,084.69 |
| 2020 | 2,545,000.00 | 257,500.00 | 230,084.69 |
| 2021 | 2,605,000.00 | 130,250.00 | 230,084.69 |
| Total Principal and Interest | $ 12,500,000.00 | $ 1,703,250.00 | $ 1,150,423.45 |

## QUALIFIED ZONE ACADEMY BONDS (QZAB)

Section 226 of the Taxpayer Relief Act of 1997 (Public Law 105-34) provides for a source of capital at no or at nominal interest rates for costs incurred by School Districts in connection with the establishment of special academic programs, in partnership with the business community. The School District, in agreement with Regions Bank, has entered into such an arrangement.

This agreement establishes a method of repayment for qualified interest-free debt instrument. The agreement requires the School District to deposit funds annually into a sinking fund account. The amount on deposit at June 30, 2016 was $1,590,503.52.

Debt currently outstanding under Qualified Zone Academy Bonds is as follows:

| Purpose | Interest Rate | Issue Date | Maturity Date | Amount Issued | Amount Outstanding |
|---|---|---|---|---|---|
| General Government - QZAB - Series 2006 | 0.00% | 12/5/2006 | 12/15/2022 | $ 2,000,000.00 | $ 2,000,000.00 |

The following schedule reports the annual required Qualified Zone Academy Bond payments:

| Fiscal Year Ended June 30: | Principal |
|---|---|
| 2023 | $ 2,000,000.00 |

## CAPITAL LEASES

The School District has acquired computer equipment under the provisions of various long-term lease agreements classified as capital leases for accounting purposes because they provide for a transfer of ownership by the end of the lease term.

Capital leases currently outstanding are as follows:

The following is a schedule of total capital lease payments:

| Purpose | Interest Rates | Issue Date | Maturity Date | Amount Issued | Amount Outstanding |
|---|---|---|---|---|---|
| Computer Hardware | 2.5500% | 8/17/2014 | 8/17/2017 | $ 473,266.05 | $ 236,623.53 |
| Computer Hardware | 2.3578% | 3/25/2015 | 7/1/2018 | 1,192,934.70 | 597,123.18 |
| | | | | $ 1,666,200.75 | $ 833,746.71 |

| Fiscal Year Ended June 30: | Principal | Interest |
|---|---|---|
| 2017 | $ 415,724.29 | $ 4,610.96 |
| 2018 | 418,022.42 | 2,312.83 |
| Total Principal and Interest | $ 833,746.71 | $ 6,923.79 |

## COMPENSATED ABSENCES

Compensated absences represent obligations of the School District relating to employees' rights to receive compensation for future absences based upon service already rendered. This obligation relates only to vesting accumulating leave in which payment is probable and can be reasonably estimated. Typically, the general fund is the fund used to liquidate this long-term debt. The School District uses the vesting method to compute compensated absences.

## NOTE 9: RISK MANAGEMENT

### INSURANCE

**Commercial Insurance**

The School District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; job related illness or injuries to employees; and natural disasters. Except as described below, the School District carries commercial insurance for these risks. Settled claims resulting from these insured risks have not exceed commercial insurance coverage in any of the past three fiscal years.

### UNEMPLOYMENT COMPENSATION

The School District is self-insured with regard to unemployment compensation claims. The School District accounts for claims within the general fund with expenses/expenditures and liability being reported when it is probable that a loss has occurred, and the amount of that loss can be reasonably estimated.

Changes in the unemployment compensation claims liability during the last two fiscal years are as follows:

| | Beginning of Year Liability | Claims and Changes in Estimates | Claims Paid | End of Year Liability |
|---|---|---|---|---|
| 2015 | $ - | $ 11,211.00 | $ 11,211.00 | $ - |
| 2016 | $ - | $ 7,074.00 | $ 7,074.00 | $ - |

### SURETY BOND

The School District purchased a surety bond to provide additional insurance coverage as follows:

| Position Covered | Amount |
|---|---|
| Superintendent | $ 50,000.00 |

## NOTE 10: FUND BALANCE CLASSIFICATION DETAILS

The School District's financial statements include the following amounts presented in the aggregate at June 30, 2016:

| | | |
|---|---|---|
| Nonspendable | | |
| Inventories | | $ 76,345.83 |
| Restricted | | |
| Continuation of Federal Programs | $ 930,604.48 | |
| Capital Projects | 57,355.67 | |
| Debt Service | 3,791,089.30 | |
| Continuation of State Programs | 28,972.33 | 4,808,021.78 |
| Assigned | | |
| School Activity Accounts | 497,811.95 | |
| Subsequent Period Expenditures | 3,185,260.06 | 3,683,072.01 |
| Unassigned | | 4,344,294.62 |
| Fund Balance, June 30, 2016 | | $ 12,911,734.24 |

When multiple categories of fund balance are available for expenditure, the School District will start with the most restricted category and spend those funds first before moving down to the next category with available funds.

## NOTE 11: SIGNIFICANT COMMITMENTS

### COMMITMENTS UNDER CONSTRUCTION CONTRACTS

The following is an analysis of significant outstanding construction or renovation contracts executed by the School District as of June 30, 2016, together with funding available:

| Project | Unearned Executed Contracts (1) | Payments through June 30, 2016 (2) | Funding Available From State (1) |
|---|---|---|---|
| Polk County College and Career Academy - CHS | $ 9,660,667.82 | $ 3,066,166.92 | $ 5,643,573.81 |
| Polk County College and Career Academy - RHS | 234,044.28 | 371,659.72 | - |
| | $ 9,894,712.10 | $ 3,437,826.64 | $ 5,643,573.81 |

(1) The amounts described are not reflected in the basic financial statements.

(2) Payments include Contracts and Retainages Payable at year-end.

## NOTE 12: SIGNIFICANT CONTINGENT LIABILITIES

### FEDERAL GRANTS

Amounts received or receivable principally from the Federal government are subject to audit and review by grantor agencies. This could result in requests for reimbursement to the grantor agency for any costs which are disallowed under grant terms. Any disallowances resulting from the grantor audit may become a liability of the School District. However, the School District believes that such disallowances, if any, will be immaterial to its overall financial position.

### LITIGATION

The School District is a defendant in various legal proceedings pertaining to matters incidental to the performance of routine School District operations. The ultimate disposition of these proceedings is not presently determinable, but is not believed to have a material adverse effect on the financial condition of the School District.

## NOTE 13: POST-EMPLOYMENT BENEFITS

### GEORGIA SCHOOL PERSONNEL POST-EMPLOYMENT HEALTH BENEFIT FUND

Plan Description. The Georgia School Personnel Post-Employment Health Benefit Fund (School OPEB Fund) is a cost-sharing multiple-employer defined benefit post-employment healthcare plan that covers eligible former employees of public school systems, libraries and regional educational service agencies. The School OPEB Fund provides health insurance benefits to eligible former employees and their qualified beneficiaries through the State Employees Health Benefit Plan administered by the Department of Community Health. The Official Code of Georgia Annotated (O.C.G.A.) assigns the authority to establish and amend the benefit provisions of the group health plans, including benefits for retirees, to the Board of Community Health (Board). Additional information about the School OPEB Fund is disclosed in the *State of Georgia* Comprehensive Annual Financial Report. This report can be obtained from the Georgia Department of Audits and Accounts at www.audits.ga.gov/SGD/CAFR.html.

**Funding Policy**. The contribution requirements of plan members and participating employers are established by the Board in accordance with the current Appropriations Act and may be amended by the Board. Contributions of plan members or beneficiaries receiving benefits vary based on plan election, dependent coverage, and Medicare eligibility and election. For members with fewer than five years of service as of January 1, 2012, contributions also vary based on years of service. On average, members with five years or more of service as of January 1, 2012 pay approximately 25% of the cost of the health insurance coverage. In accordance with the Board resolution dated December 8, 2011, for members with fewer than five years of service as of January 1, 2012, the State provides a premium subsidy in retirement that ranges from 0% for fewer than 10 years of service to 75% (but no greater than the subsidy percentage offered to active employees) for 30 or more years of service. The subsidy for eligible dependents ranges from 0% to 55% (but no greater than the subsidy percentage offered to dependents of active employees minus 20%). No subsidy is available to Medicare eligible members not enrolled in a Medicare Advantage Option. The Board of Community Health sets all member premiums by resolution and in accordance with the law and applicable revenue and expense projections. Any subsidy policy adopted by the Board may be changed at any time by Board resolution and does not constitute a contract or promise of any amount of subsidy.

Participating employers are statutorily required to contribute in accordance with the employer contribution rates established by the Board. The contribution rates are established to fund all benefits due under the health insurance plans for both active and retired employees based on projected "pay-as-you-go" financing requirements. Contributions are not based on the actuarially calculated annual required contribution (ARC) which represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The combined active and retiree contribution rates established by the Board for employers participating in the School OPEB Fund were as follows for the fiscal year ended June 30, 2016:

For certificated teachers, librarians and regional educational service agencies and certain other eligible participants:

| | |
|---|---|
| July 1, 2015 – June 30, 2016 | $945.00 per member per month |

For non-certificated school personnel:

| | |
|---|---|
| July 1, 2015 – December 31, 2015 | $596.20 per member per month |
| January 1, 2016 – June 30, 2016 | $746.20 per member per month |

No additional contribution was required by the Board for fiscal year 2016 nor contributed to the School OPEB Fund to prefund retiree benefits. Such additional contribution amounts are determined annually by the Board in accordance with the School plan for other post-employment benefits and are subject to appropriation.

The School District's combined active and retiree contributions to the health insurance plans, which equaled the required contribution, for the current fiscal year and the preceding two fiscal years were as follows:

| Fiscal Year | Percentage Contributed | Required Contribution |
|---|---|---|
| 2016 | 100% | $ 7,164,882.51 |
| 2015 | 100% | $ 6,689,769.90 |
| 2014 | 100% | $ 6,508,004.52 |

## NOTE 14: RETIREMENT PLANS

The School District participates in various retirement plans administered by the State of Georgia, as further explained below.

### TEACHERS RETIREMENT SYSTEM OF GEORGIA (TRS)

***Plan Description:*** All teachers of the School District as defined in O.C.G.A §47-3-60 and certain other support personnel as defined by §47-3-63 are provided a pension through the Teachers Retirement System of Georgia (TRS). TRS, a cost-sharing multiple-employer defined benefit pension plan, is administered by the TRS Board of Trustees (TRS Board). Title 47 of the *O.C.G.A.* assigns the authority to establish and amend the benefit provisions to the State Legislature. The Teachers Retirement System of Georgia issues a publicly available separate financial audit report that can be obtained at www.trsga.com/publications.

***Benefits Provided:*** TRS provides service retirement, disability retirement, and death benefits. Normal retirement benefits are determined as 2% of the average of the employee's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. An employee is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after 10 years of service and attainment of age 60. Ten years of service is required for disability and death benefits eligibility. Disability benefits are based on the employee's creditable service and compensation up to the time of disability. Death benefits equal the amount that would be payable to the employee's beneficiary had the employee retired on the date of death. Death benefits are based on the employee's creditable service and compensation up to the date of death.

***Contributions:*** Per Title 47 of the O.C.G.A., contribution requirements of active employees and participating employers, as actuarially determined, are established and may be amended by the TRS Board. Pursuant to O.C.G.A. §47-3-63, the employer contributions for certain full-time public school support personnel are funded on behalf of the employer by the State of Georgia. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Employees were required to contribute 6% of their annual pay during fiscal year 2016. The School District's contractually required contribution rate for the year ended June 30, 2016 was 14.27% of annual payroll, of which 14.08% of payroll was required from the School District and 0.19% of payroll required from the State. For the current fiscal year, employer contributions to the pension plan were $5,360,865.43 and $60,381.69 from the School District and the State, respectively.

### EMPLOYEES' RETIREMENT SYSTEM

***Plan description:*** The Employees' Retirement System of Georgia (ERS) is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly during the 1949 Legislative Session for the purpose of providing retirement allowances for employees of the State of Georgia and its political subdivisions. ERS is directed by a Board of Trustees. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. ERS issues a publicly available financial report that can be obtained at www.ers.ga.gov/formspubs/formspubs.

***Benefits provided:*** The ERS Plan supports three benefit tiers: Old Plan, New Plan, and Georgia State Employees' Pension and Savings Plan (GSEPS). Employees under the old plan started membership prior to July 1, 1982 and are subject to plan provisions in effect prior to July 1, 1982. Members hired on or after July 1, 1982 but prior to January 1, 2009 are new plan members subject to modified plan provisions. Effective January 1, 2009, new state employees and rehired state employees who did not retain membership rights under the Old or New Plans are members of GSEPS. ERS members hired prior to January 1, 2009 also have the option to irrevocably change their membership to GSEPS.

Under the old plan, the new plan, and GSEPS, a member may retire and receive normal retirement benefits after completion of 10 years of creditable service and attainment of age 60 or 30 years of creditable service regardless of age. Additionally, there are some provisions allowing for early retirement after 25 years of creditable service for members under age 60.

Retirement benefits paid to members are based upon the monthly average of the member's highest 24 consecutive calendar months, multiplied by the number of years of creditable service, multiplied by the applicable benefit factor. Annually, postretirement cost-of-living adjustments may also be made to members' benefits, provided the members were hired prior to July 1, 2009. The normal retirement pension is payable monthly for life; however, options are available for distribution of the member's monthly pension, at reduced rates, to a designated beneficiary upon the member's death. Death and disability benefits are also available through ERS.

***Contributions:*** Member contributions under the old plan are 4% of annual compensation, up to $4,200.00, plus 6% of annual compensation in excess of $4,200.00. Under the old plan, the state pays member contributions in excess of 1.25% of annual compensation. Under the old plan, these state contributions are included in the members' accounts for refund purposes and are used in the computation of the members' earnable compensation for the purpose of computing retirement benefits. Member contributions under the new plan and GSEPS are 1.25% of annual compensation. The School District's contractually required contribution rate, actuarially determined annually, for the year ended June 30, 2016 was 24.72% of annual covered payroll for old and new plan members and 21.69% for GSEPS members. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Employer contributions to the pension plan were $27,606.43 for the current fiscal year.

### PUBLIC SCHOOL EMPLOYEES RETIREMENT SYSTEM (PSERS)

***Plan description:*** PSERS is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly in 1969 for the purpose of providing retirement allowances for public school employees who are not eligible for membership in the Teachers Retirement System of Georgia. The ERS Board of Trustees, plus two additional trustees, administers PSERS. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. PSERS issues a publicly available financial report that can be obtained at www.ers.ga.gov/formspubs/formspubs.

***Benefits provided:*** A member may retire and elect to receive normal monthly retirement benefits after completion of ten years of creditable service and attainment of age 65. A member may choose to receive reduced benefits after age 60 and upon completion of ten years of service.

Upon retirement, the member will receive a monthly benefit of $14.75, multiplied by the number of years of creditable service. Death and disability benefits are also available through PSERS. Additionally, PSERS may make periodic cost-of-living adjustments to the monthly benefits. Upon termination of employment, member contributions with accumulated interest are refundable upon request by the member. However, if an otherwise vested member terminates and withdraws his/her member contribution, the member forfeits all rights to retirement benefits.

***Contributions:*** The general assembly makes an annual appropriation to cover the employer contribution to PSERS on behalf of local school employees (bus drivers, cafeteria workers, and maintenance staff). The annual employer contribution required by statute is actuarially determined and paid directly to PSERS by the State Treasurer in accordance with O.C.G.A. §47-4-29(a) and 60(b). Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Individuals who became members prior to July 1, 2012 contribute $4 per month for nine months each fiscal year. Individuals who became members on or after July 1, 2012 contribute $10 per month for nine months each fiscal year. The State of Georgia, although not the employer of PSERS members, is required by statute to make employer contributions actuarially determined and approved and certified by the PSERS Board of Trustees. The current fiscal year contribution was $118,570.00.

### *Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2016, the School District reported a liability of $52,779,499.00 for its proportionate share of the net pension liability for TRS ($52,640,658.00) and ERS ($138,841.00).

The TRS net pension liability reflected a reduction for support provided to the School District by the State of Georgia for certain public school support personnel. The amount recognized by the School District as its proportionate share of the net pension liability, the related State of Georgia support, and the total portion of the net pension liability that was associated with the School District were as follows:

| | | |
|---|---|---|
| School District's proportionate share of the net pension liability | $ | 52,640,658.00 |
| State of Georgia's proportionate share of the net pension liability associated with the School District | | 600,892.00 |
| Total | $ | 53,241,550.00 |

The net pension liability for TRS and ERS was measured as of June 30, 2015. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2014. An expected total pension liability as of June 30, 2015 was determined using standard roll-forward techniques. The School District's proportion of the net pension liability was based on contributions to TRS and ERS during the fiscal year ended June 30, 2015.

At June 30, 2015, the School District's TRS proportion was 0.345774%, which was a decrease of 0.000669% from its proportion measured as of June 30, 2014. At June 30, 2015, the School District's ERS proportion was 0.003427%, which was an increase of 0.000034% from its proportion measured as of June 30, 2014.

At June 30, 2016, the School District did not have a PSERS liability for a proportionate share of the net pension liability because of a Special Funding Situation with the State of Georgia, which is responsible for the net pension liability of the plan. The amount of the State's proportionate share of the net pension liability associated with the School District is $485,473.00.

The PSERS net pension liability was measured as of June 30, 2015. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2014. An expected total pension liability as of June 30, 2015 was determined using standard roll-forward techniques. The State's proportion of the net pension liability associated with the School District was based on actuarially determined contributions paid by the State during the fiscal year ended June 30, 2015.

For the year ended June 30, 2016, the School District recognized pension expense of $3,051,071.00 for TRS, $10,332.00 for ERS and $28,951.00 for PSERS and revenue of $34,849.00 for TRS and $28,951.00 for PSERS. The revenue is support provided by the State of Georgia. For TRS the State of Georgia support is provided only for certain support personnel.

At June 30, 2016, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | TRS | | ERS | |
|---|---|---|---|---|
| | Deferred Outflows of Resources | Deferred Inflows of Resources | Deferred Outflows of Resources | Deferred Inflows of Resources |
| Differences between expected and actual experience | $ - | $ 463,002.00 | $ - | $ 1,109.00 |
| Net difference between projected and actual earnings on pension plan investments | - | 4,440,295.00 | - | 10,018.00 |
| Changes in proportion and differences between School District contributions and proportionate share of contributions | - | 1,425,616.00 | 2,408.00 | - |
| School District contributions subsequent to the measurement date | 5,360,865.43 | - | 27,606.43 | - |
| Total | $ 5,360,865.43 | $ 6,328,913.00 | $ 30,014.43 | $ 11,127.00 |

The School District contributions subsequent to the measurement date of $5,360,865.43 for TRS and $27,606.43 for ERS are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended June 30: | TRS | ERS |
|---|---|---|
| 2017 | $ (2,586,276.00) | $ (3,114.00) |
| 2018 | $ (2,586,276.00) | $ (4,518.00) |
| 2019 | $ (2,586,279.00) | $ (4,465.00) |
| 2020 | $ 1,456,346.00 | $ 3,378.00 |
| 2021 | $ (26,428.00) | $ - |

***Actuarial assumptions:*** The total pension liability as of June 30, 2015 was determined by an actuarial valuation as of June 30, 2014, using the following actuarial assumptions, applied to all periods included in the measurement:

*Teachers Retirement System:*

| | |
|---|---|
| Inflation | 3.00% |
| Salary increases | 3.75% – 7.00%, average, including inflation |
| Investment rate of return | 7.50%, net of pension plan investment expense, including inflation |

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females set back two years for males and set back three years for females.

The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2004 – June 30, 2009.

*Employees' Retirement System:*

| | |
|---|---|
| Inflation | 3.00% |
| Salary increases | 5.45% – 9.25%, average, including inflation |
| Investment rate of return | 7.50%, net of pension plan investment expense, including inflation |

Mortality rates were based on the RP-2000 Combined Mortality Table for the periods after service retirement, for dependent beneficiaries, and for deaths in active service, and the RP-2000 Disabled Mortality Table set back eleven years for males for the period after disability retirement.

The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2004 – June 30, 2009.

*Public School Employees Retirement System:*

| | |
|---|---|
| Inflation | 3.00% |
| Salary increases | N/A |
| Investment rate of return | 7.50%, net of pension plan investment expense, including inflation |

Mortality rates were based on the RP-2000 Combined Mortality Table set forward one year for males for the period after service retirement, for dependent beneficiaries, and for deaths in active service, and the RP-2000 Disabled Mortality Table set back two years for males and set forward one year for females for the period after disability retirement.

The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2004 – June 30, 2009.

The long-term expected rate of return on TRS, ERS and PSERS pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset class | Target allocation | Long-term expected real rate of return* |
|---|---|---|
| Fixed income | 30.00% | 3.00% |
| Domestic large stocks | 39.70% | 6.50% |
| Domestic mid stocks | 3.70% | 10.00% |
| Domestic small stocks | 1.60% | 13.00% |
| International developed market stocks | 18.90% | 6.50% |
| International emerging market stocks | 6.10% | 11.00% |
| Total | 100.00% | |

* Rates shown are net of the 3.00% assumed rate of inflation

*Discount rate:* The discount rate used to measure the total TRS, ERS and PSERS pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and nonemployer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the TRS, ERS and PSERS pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the School District's proportionate share of the net pension liability to changes in the discount rate:* The following presents the School District's proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current rate:

| **Teachers Retirement System:** | 1% Decrease (6.50%) | Current Discount Rate (7.50%) | 1% Increase (8.50%) |
|---|---|---|---|
| School District's proportionate share of the net pension liability | $ 90,458,991.00 | $ 52,640,658.00 | $ 21,469,353.00 |

| **Employees' Retirement System:** | 1% Decrease (6.50%) | Current Discount Rate (7.50%) | 1% Increase (8.50%) |
|---|---|---|---|
| School District's proportionate share of the net pension liability | $ 196,813.00 | $ 138,841.00 | $ 89,419.00 |

*Pension plan fiduciary net position:* Detailed information about the pension plan's fiduciary net position is available in the separately issued TRS, ERS and PSERS financial report which is publically available at www.trsga.com/publications and http://www.ers.ga.gov/formspubs/formspubs.html.

## POLK COUNTY SCHOOL DISTRICT SOCIAL SECURITY REPLACEMENT PLAN

*Plan description:* As of January 2004, the Polk County School District established a single employer defined benefit pension plan for the group of employees covered under the Public Service Employees Retirement System (PSERS). Recognizing that PSERS was a limited defined benefit plan that does not meet the requirements of a qualified social security replacement plan, the new plan was established for these employees to meet the requirements of a social security replacement plan.

The Polk County School District Social Security Replacement Plan (Plan) provides a pension benefit for each participant at retirement, equal to 1.5% of the participant's Average Monthly Compensation multiplied by his Years of Credited Service up to forty (40) Years of Credited Service. Years of service subsequent to July 1, 1991, are counted for purposes of determining a participant's benefit. The funding method and determination of benefits payable are provided in or authorized by various sections of Title 47 of the Official Code of Georgia Annotated ("O.C.G.A."). The Plan does not issue a separate financial report.

The employee is always 100% vested in his accrued benefit in the Plan.

The Plan is funded by employer contributions held in trust by Reliance Trust Company. The Actuary for the plan is Swerdlin & Company. The Actuary determines the plan liabilities and required contributions on an annual basis.

As of January 1, 2016, there were 365 plan participants, consisting of the following:

| | January 1, 2016 |
|---|---|
| Active Participants | 140 |
| Vested terminated participants | 133 |
| Retirees, beneficiaries and disabled participants | 92 |
| | 365 |

***Funding Policy:*** Employees shall neither be required nor permitted to make contributions to the Plan. The Polk County School District (Employer) shall make the contributions required to fund the cost of the benefits provided to its eligible employees by this Plan. The Employer will make such contributions as necessary to fund the Plan in accordance with all applicable minimum funding standards under Georgia law.

The Employer's Annual Required Contribution is the actuarially determined amount necessary to fund the plan benefits. The current year required contribution is $315,891.00. The current contribution rate is 12.15% of annual covered payroll.

***Investments:*** The Plan maintains an investment policy which fosters prudent and sound judgment in the management of plan assets to ensure safety of capital consistent with the fiduciary responsibility to the citizens of Georgia and which conforms to the Plan's investment policy. All investments are consistent with the School District's policy and applicable Federal and State laws.

Investments are reported at fair value. Securities are traded on a national or international exchange and are valued at the last reported sales price. The Plan's investment policy requires diversification of assets in an effort to avoid the risk of large losses and maximize the investment return to the Plan consistent with market and economic risk.

As of December 31, 2015, the Plan's assets are:

| Asset Class | | Percent of Plan Assets |
|---|---|---|
| Cash and Equivalent | $ | 371,970.00 |
| Domestic Equities | | 1,617,044.96 |
| International Equities | | 160,082.00 |
| Fixed Income | | 1,381,205.38 |
| | $ | 3,530,302.34 |

For the Plan's fiscal year ended December 31, 2015, the annual money-weighted rate of return on pension plan investments, net of investment expense, was (0.59)%.

The following table summarizes the adopted asset allocation policy at June 30, 2016:

| Asset Class | Adopted Asset Allocation |
|---|---|
| Domestic Equities | 40% to 50% |
| International Equities | 1% to 5% |
| Fixed Income | 35% to 45% |
| Cash | 1% to 5% |
| Total | 100% |

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Plan:***

The components of the Net Pension Liability for the Plan at June 30, 2016 were as follows:

| | |
|---|---|
| Total Pension Liability | $ 7,244,397.00 |
| Plan Fiduciary Net Position | (3,529,073.00) |
| Net Pension Liability | $ 3,715,324.00 |

The Plan's fiduciary net position as a percentage of total pension liability is 48.71%.

The net pension liability for the Plan was measured as of December 31, 2015. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of January 1, 2015. An expected total pension liability as of December 31, 2015 was determined using standard roll-forward techniques.

For the year ended June 30, 2016, the School District recognized pension expense of $460,258.00 for the Plan.

At June 30, 2016, the School District reported deferred outflows of resource and deferred inflows of resources related to the Plan from the following sources:

| | Deferred Inflows of Resources | Deferred Inflows of Resources |
|---|---|---|
| Net difference between projected and actual earnings on pension plan investment | $ 263,879.00 | $ - |
| Differences between expected and actual experience | - | 310,604.00 |
| Changes in actuarial assumptions | 332,494.00 | - |
| Total | $ 596,373.00 | $ 310,604.00 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the Plan will be recognized in pension expense as follows:

| Year Ended June 30: | |
|---|---|
| 2016 | $ 72,373.00 |
| 2017 | $ 72,373.00 |
| 2018 | $ 72,371.00 |
| 2019 | $ 55,938.00 |
| 2020 | $ 2,294.00 |
| Thereafter | $ 10,420.00 |

*Actuarial Methods and Assumptions:*

The total pension liability was determined as of January 1, 2015 using the following actuarial assumptions and methods and adjusted to December 31, 2015 using generally accepted actuarial methods:

| | |
|---|---|
| Inflation | 2.50% |
| Salary increases | 3.50% |
| Investment rate of return | 7.00%, net of pension plan investment expense |

Mortality rates were based on the 1994 GAR projected to 2002.

The long-term expected rate of return on the Plan investments was deterred using a building-block method in which best-estimate ranges of expected future real rate of return, net investment expenses and inflation, are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by expected inflation. Best estimate of arithmetic real rate of return for each major asset class, included in the Plan's target asset allocation as of December 31, 2015.

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return* |
|---|---|---|
| Domestic Equities | 49% | 6.000% |
| International Equities | 5% | 6.000% |
| Fixed Income | 41% | 3.000% |
| Cash | 5% | 0.000% |

* Rates shown are net of the 2.50% assumed rate of inflation

*Discount rate*: The discount rate used to measure the total pension liability was the single equivalent discount rate of 5.40%, which increased from 5.11% at the prior measurement date. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates equal to actuarially determined contribution rates. Based on this assumption, the Plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members through 2046, and the long-term expected rate of return of 7% was applied to this period. The 20-year tax–free municipal bond yield of 3.57% was applied after 2046.

***Sensitivity of the Polk County School District's Net Pension Liability to changes in the discount rate:*** The following presents the School District's net pension liability calculated using the discount rate of 5.40%, as well as what the School District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.40%) or 1-percentage-point higher (6.40%) than the current rate:

| | 1% Decrease (4.40%) | Current discount rate (5.40%) | 1% Increase (6.40%) |
|---|---|---|---|
| School District's proportionate share of the net pension liability | $ 4,680,281.00 | $ 3,715,234.00 | $ 2,905,769.00 |

| 2014 | 17.25% |

This schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

***Teachers Retirement System***

***Changes of assumptions:*** In 2010 and later, the expectation of retired life mortality was changed to the RP-2000 Mortality Tables rather than the 1994 Group Annuity Mortality Table, which was used prior to 2010. In 2010, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience. In 2010, assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

***Method and assumptions used in calculations of actuarially determined contributions:*** The actuarially determined contribution rates in the schedule of contributions are calculated as of June 30, three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the contractually required contributions for year ended June 30, 2016 reported in that schedule:

| | |
|---|---|
| Valuation date | June 30, 2013 |
| Actuarial cost method | Entry age |
| Amortization method | Level percentage of payroll, closed |
| Remaining amortization period | 30 years |
| Asset valuation method | Five-year smoothed market |
| Inflation rate | 3.00% |
| Salary increases | 3.75 – 7.00%, including inflation |
| Investment rate of return | 7.50%, net of pension plan investment expense, including inflation |

***Employees' Retirement System***

***Changes of assumptions:*** There were no changes in assumptions or benefits that affect the measurement of the total pension liability since the prior measurement date.

***Method and assumptions used in calculations of actuarially determined contributions:*** The actuarially determined contribution rates in the schedule of contributions are calculated as of June 30, three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the contractually required contributions for year ended June 30, 2016 reported in that schedule:

| | |
|---|---|
| Valuation date | June 30, 2013 |
| Actuarial cost method | Entry age |
| Amortization method | Level dollar, closed |
| Remaining amortization period | 25 years |
| Asset valuation method | Five-year smoothed market |
| Inflation rate | 3.00% |
| Salary increases | 5.45% - 9.25% |
| Investment rate of return | 7.50%, net of pension plan investment expense, including inflation |

***Public School Employees Retirement System***

***Changes of assumptions:*** The last experience investigation was prepared for the five-year period ending June 30, 2009, and based on the results of the investigation various assumptions and methods were revised and adopted by the board on December 16,2010. The next experience investigation will be prepared for the period July 1, 2009 through June 30, 2014.

***Method and assumptions used in calculations of actuarially determined contributions:*** The actuarially determined contribution rates in the schedule of contributions are calculated as of June 30, three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the contractually required contributions for year ended June 30, 2016 reported in that schedule:

| | |
|---|---|
| Valuation date | June 30, 2013 |
| Actuarial cost method | Entry age |
| Amortization method | Level dollar, closed |
| Remaining amortization period | 25 years |
| Asset valuation method | Five-year smoothed market |
| Inflation rate | 3.00% |
| Salary increases | N/A |
| Investment rate of return | 7.50%, net of pension plan investment expense, including inflation |
| Cost-of living adjustments | 1.50% semi-annually |

***Social Security Replacement Plan***

***Changes of assumptions:*** There were no changes in benefits that affected the measurement of the total pension liability since the prior measurement date. However, in 2016 the amounts reported as changes in assumptions resulted from an increase in the discount rate from 5.11% to 5.40% since the prior measurement date.

***Method and assumptions used in calculations of actuarially determined contributions:*** The actuarially determined contribution rates in the schedule of contributions are calculated as of January 1, 2015, 18 months prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the contractually required contributions for year ended June 30, 2016 reported in that schedule:

| | |
|---|---|
| Valuation date | January 1, 2015 |
| Actuarial cost method | Entry age |
| Amortization method | Level percentage of payroll |
| Remaining amortization period | 23 years |
| Asset valuation method | Method recognized a portion of the difference between the market value of assets and expected actuarial value of assets, based on the assumed interest rate of return. The amount recognized each year is 20% of the difference between market value and expected actuarial value. |
| Inflation rate | 2.50% |
| Salary increases | 3.50%, per annum |
| Investment rate of return | 7.00%, net of pension plan investment |

Notes to the Schedule of Revenues, Expenditures and Changes in Fund Balances Budget and Actual

(1) Original and Final Budget amounts do not include the budgeted revenues or expenditures of the various principal accounts. The actual revenues and expenditures of the various principal accounts are $1,790,138.33 and $1,891,280.17, respectively.

The accompanying schedule of revenues, expenditures and changes in fund balances budget and actual is presented on the modified accrual basis of accounting which is the basis of accounting used in the presentation of the fund financial statements.

Notes to the Schedule of Expenditures of Federal Awards

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the Polk County School District (the "Board") under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Board, it is not intended to and does not present the financial position or changes in net assets of the Board.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments* , or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* , wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Board has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

COMPLIANCE AND INTERNAL CONTROL REPORTS

(This page left intentionally blank)

# DEPARTMENT OF AUDITS AND ACCOUNTS

270 Washington Street, S.W., Suite 1-156
Atlanta, Georgia 30334-8400

**Greg S. Griffin**
STATE AUDITOR
(404) 656-2174

August 17, 2017

Honorable Nathan Deal, Governor
Members of the General Assembly
Members of the State Board of Education
and
Superintendent and Members of the
Polk County School District

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INDEPENDENT AUDITOR'S REPORT

Ladies and Gentlemen:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Polk County School District (School District) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon dated August 17, 2017.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

(This page left intentionally blank)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Greg S. Griffin
State Auditor

# DEPARTMENT OF AUDITS AND ACCOUNTS

270 Washington Street, S.W., Suite 1-156
Atlanta, Georgia 30334-8400

**Greg S. Griffin**
STATE AUDITOR
(404) 656-2174

August 17, 2017

Honorable Nathan Deal, Governor
Members of the General Assembly
Members of the State Board of Education
and
Superintendent and Members of the
Polk County School District

## REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

INDEPENDENT AUDITOR'S REPORT

Ladies and Gentlemen:

### Report on Compliance for Each Major Federal Program

We have audited Polk County School District (School District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016. The School District's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

### *Management's Responsibility*

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on compliance for each of the School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

(This page left intentionally blank)

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School District's compliance.

*Opinion on Each Major Federal Program*

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

## Report on Internal Control over Compliance

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Greg S. Griffin
State Auditor
